Volume 19

Lockney, Floyd County, Texas, Friday, July 9, 1920

Number 42

DEMOCRATIC TICKET FOR COUNTY MADE OUT

The Democratic ticket, precinct, district and state, for Floyd county has been made out by the Democratic Executive Committee and the ballot will be made up soon.

Official Democratic Ballot

I am a Democrat, and pledge myself to support all the nominees of the Democratic party at the November election, both State and National.

"For submitting an amendment to the Constitution providing for home ownership."

"Against submitting an amendment to the Constitution providing for home ownership."

For Governor

Ben F. Looney, Hunt County, Texas.
Robert E. Thomason, of El Paso County, Texas.
Joseph W. Bailey of Cook County, Texas.
Pat M. Neff of McLennan County, Texas.

For Lieutenant Governor

W. A. Johnson of Hall county, Texas
Lynch Davidson of Harris county, Texas.
R. B. Humphrey of Dallas county, Texas.
I. W. Culp of Bell county, Texas.
J. C. McNealus of Dallas County, Texas.
W. T. Pace of Dallas County, Texas.

For Attorney General

C. M. Cureton of Bosque County, Texas.

For State Treasurer

John W. Baker of Crosby County, Texas.

For Court Criminal Appeals

W. L. Davidson of Travis County, Texas.
F. B. Martin of Gregg County, Texas.

For Supreme Court

William E. Hawkins of Travis County, Texas.
William M. Key of Travis County, Texas.
William Pierson of Hunt County, Texas.

For Commissioner Agriculture

Sam H. Dixon of Harris County, Texas.
Geo. B. Terrell of Cherokee County, Texas.

For Railroad Commissioner

John L. Andrews of Dallas County, Texas.
Earl B. Mayfield of Bosque County, Texas.

For Superintendent Public Instruction

J. M. Carlisle of Nueces County, Texas.
Annie Webb Blanton of Denton County, Texas.

FOR LAND COMMISSIONER

J. T. Robinson of Morris County, Texas.

For Comptroller of Public Accounts

Sam H. Goodlet of Travis County, Texas.
Lou A. Smith of Rusk County, Texas.
Mark L. Wighton of Hill County, Texas.

For Congressman, 18th District

Marvin Jones of Potter County, Texas.

For Associate Justice of the Court of Civil Appeals of the Seventh Supreme Judicial District

R. W. Hall of Potter County, Texas.
For Representative of the 122nd Representative District

T. W. Marks of Lynn County, Texas.
H. A. Baldwin of Lubbock County, Texas.

For District Attorney, 64th Judicial District

Charles Clement of Hale County, Texas.
Austin C. Hatchell of Hale County, Texas.

For County Judge

J. W. Howard.
Tom W. Deen.
W. B. Clark.

For Sheriff and Tax Collector

Watt Griffith.
J. A. Grigsby.

For County and District Clerk

Miss Lola Walling.

For County Treasurer

Mrs. Lillie Britton.

For Tax Assessor

W. I. Allen.
D. I. Bolding.
Hayden Harris.
F. E. Ev.

For County Attorney

A. P. Mc...

FLOYD COUNTY BANKERS BANQUETED AT FLOYDADA

Last Friday evening it was the pleasure of the editor of the Beacon to be present as guest at a banquet of Floyd county bankers, which was held at the Dalley Hotel at Floydada. All four of the banks of the county were represented with practically their entire working forces. The spread was bounteous, and included many good things to eat. Mr. T. S. Stevenson, of the Floydada State Bank, acted as toast master. The principal addresses of the evening were from Mr. Frank Butler of the First National Bank of Floydada, Homer Steen, editor of the Hesperian at Floydada, and Mr. A. B. Brown, President of the First National Bank of Lockney. Each address was along banking lines, with the exception of Mr. Steen, who went into the car shortage and the future financial outlook for the county. Mr. Brown's address was the recipient of much favorable comment. He is a gifted speaker and appears to advantage on all occasions. Mr. Butler was at home in his address, presenting to his audience much information along banking lines. Each one present was called upon to say something for "the good of the order," and all responded briefly when their names were mentioned. Mr. Stevenson as toast master was at his best, and furnished much merriment along with some sound logic in his various remarks.

The occasion was one much enjoyed and will be a means of bringing the bankers and financiers of the county closer together. Lockney will return the compliment in the near future and entertain the bankers of Floydada, possibly enlarging and inviting bankers from outside the county.

Those present and attending the banquet from Lockney were: Messrs. A. B. Brown, John Broyles, James Reed, Cris Seaman, Jim Houston and Misses Irene Whittely and Dimple Baker of the First National Bank. The State Bank was represented by W. W. Angel, cashier, and Mr. Osborne, Assistant Cashier.

FREE MOVIE SHOW

The Floyd County Pure Bred Hog Association, cooperating with the County Agent and the management of the theatres at Lockney and Floydada, announces the second free movie show of the year, featuring the Duroc Jersey World Champion hogs at the 1919 National Swine Show at Des Moines, Iowa. This movie has been shown extensively all over the United States and has attracted much favorable comment wherever shown. It should be of interest to every lover of good hogs, and especially to Boy Club members, for whom it was secured primarily.

The picture will be shown first at Lockney in the Olympic Theatre on Friday afternoon, July 16th at 2:30 p. m.

It will be shown next at the Olympic Theatre at Floydada on Saturday morning, July 17th, at 10:30 a. m.

The show is free to everyone.

J. C. Sanders of Lubbock was here last Sunday visiting his parents, Elder and Mrs. Liff Sanders.

Jesse P. Sewell, President of Abilene Christian College will preach at the Christian College next Sunday at 11 o'clock.

For County Surveyor
Geo. A. Linder.

For Commissioner Precinct No. 1
J. L. King.
Chas. Trowbridge.

For Commissioner Precinct No. 2
J. B. Teaff.

For Commissioner Precinct No. 3
R. L. Orman.
W. B. Wilson.

For Commissioner Precinct No. 4
Geo. L. Fawver.
Earl Rainer.

For Justice of the Peace, Precinct Number 1
J. C. Gaither.

For Justice of the Peace, Precinct Number 2
A. J. Crager.

For Constable, Precinct No. 1
John A. Fawver.
J. T. Howard.

For Constable, Precinct No. 2
M. L. Robinett.

For Public Weigher, Precinct Nos. 1, 4
S. B. McCleskey.
W. A. Gound.

For Public Weigher, Precinct Nos. 2, 3
O. T. Prickett.
Dewey Floyd.
L. A. Cooper.
J. C. Duty.

For County Chairman
For Precinct Chairman
For Member Executive Committee

RUBY EVANS, SOPRANO Member of the Chicago Grand Opera Company.

The artistic musical feature of our Chautauqua will be the grand concert by Ruby Evans assisted by a trio of instrumentalists. Miss Evans was engaged by Signor Campanini as Soprano in the Chicago Grand Opera Company in the season of 1917-18. Little more needs to be said to establish her as a singer whom everyone will want to hear. As a member of that company she sang with such widely known artists as Galli-Curci and Geraldine Farrar. Though still a young girl she has attained the greatest success open to singers, a career in Grand Opera.

Miss Evans is an American who finished her musical education in Europe, and for several years sang there in Grand Opera, Concert and Oratorio.

COX THE DEMOCRATIC NOMINEE A WINNER

The Beacon wishes to comment a little further on Gov. Cox's nomination for President of the United States on the democratic ticket, and to say that we believe now more so than we did a few days ago that the Democratic party has made a wise selection. In another editorial we made the statement that Cox was a wet candidate, and that he was nominated on a wet ticket or a compromise ticket. We are now convinced that we have erred in the statement as regards to Gov. Cox prohibition record, and that he is not a wet candidate, but is bone dry, to use a Bryan expression. Gov. Cox helped to place Ohio in the prohibition ranks, and his record on these questions are such to dispell the thought that he is allied with the anti's of this country. If a man stands for prohibition in his home state this ought to be sufficient endorsement of his record in these matters.

Gov. Cox has twice carried Ohio for the democratic ticket, and elected twice as governor of that state. He is a young man 50 years of age, in his prime. A man full of vim, and able to carry the fight into every state in the union. Cox is a progressive, and not a reactionary. The more we think about the matter the better we are pleased with Gov. Cox nomination. We believe he will carry the democrats to national victory and will prove a stronger candidate than McAdoo would have proven. He certainly put up a wonderful fight in the convention, and won a clean cut victory. The Beacon is for Cox strong, like we have been for all other democratic nominees. As to the platform we have not changed our mind that the party ought to have gone on record for the retention and enforcement of the Volstead law in its definition of intoxicating liquors. But as a majority of our delegaded representatives in the convention thought best to remain silent on this issue we accept the verdict, as all other good democrats ought to do.

A word about the Vice-Presidential nominee, Frank Roosevelt of New York State, a distant relative of the late Theodore Roosevelt has been selected as running mate to Governor Cox. Roosevelt is a strong man, a thorough-going democrat, and will add strength to the ticket. The convention made a wise selection in Mr. Roosevelt's nomination. Cox and Roosevelt will make a strong team. They will win a victory this fall and restore the House and Senate to the Democrats is our opinion of the political situation at present.

Prof. M. V. Showalter returned Tuesday from a visit to his old home in Virginia.

Miss Ethel Lee of Snyder, is visiting at the home of Mr. and Mrs. J. I. Suits.

Caleb Burns of Lubbock is in the harvest fields and visiting his sister, Mrs. Alex Norris.

ROOSEVELT BEEN ACTIVE IN POLITICS SINCE 1910

Poughkeepsie, N. Y., July 6.—The little village of Hyde Park, birth-place and summer residence of Franklin D. Roosevelt, assistant secretary of the navy and democratic candidate for the vice presidency, received quite a bit with elation, the news that its favorite political son had been named as running mate to Governor Cox of Ohio.

The Associated Press carried the first news of his nomination to Mr. Roosevelt's residence, but attempts to communicate with his mother, Mrs. James Roosevelt, were unavailable, as she was out for the evening.

Mr. Roosevelt first sprang into political prominence in 1910 when he was drafted by the democrats of the 28th New York senatorial district consisting of the counties of Dutchess, Putnam, and Columbia, in an effort to defeat Senator John F. Schlosser of Beacon, who was a candidate for re-election. Roosevelt was successful, rolling up a majority of 365 in the democratic landslide which carried John A. Dix into the governor's chair. One of the stories told of Mr. Roosevelt's first campaign is that he corralled the farmer vote by running on a platform which advocated uniform apple barrels.

Mr. Roosevelt was re-elected in 1912 but resigned his seat March 17, 1913 to accept the appointment as assistant secretary of the navy.

His famous exploit in the state senate was his leadership of the insurgents who opposed the election of William F. Sheehan to the United States senate.

After three months deadlock, James O'Gorman was elected with Mrs. Roosevelt's concurrence.

Since appointment to the navy department Mr. Roosevelt has spent most of his time in Washington, returning during the summer months and on holiday trips to visit his mother.

Mr. Roosevelt was born in Hyde Park January 30, 1882, the son of James and Sara Delano Roosevelt. He is a distant relative of Colonel Theodore Roosevelt on his father's side and of the Astor family through his mother. He attended the Groton School and was graduated from Harvard in 1904 and the Columbia law school in 1907, being admitted to the New York bar the same year. He practiced at first with Carter, Fledyard and Minser of New York and then became a member of the firm of Marvin, Hooker and Roosevelt.

Mr. Roosevelt married Anna Eleanor Roosevelt, niece of the late Colonel Theodore Roosevelt and daughter of Elliot Roosevelt, March 17, 1905. They have five children.

A nice rain fell in this section Tuesday night. The rain was worth considerable to row crops and cotton.

A. J. White has purchased the home of G. T. Meriwether on East Locust Street.

THE CAR SHORTAGE SITUATION IN LOCKNEY

The car shortage situation is the most engrossing subject before the people of this section. The solution of this question means future prosperity or future financial stagnation of this and all other communities of the Panhandle. Every agency that can be employed are being brought forward to find a solution of this most important question. The following letters bearing on the subject are self-explanatory:

Amarillo, July 6, 1920.
Mr. Ben F. Smith,
Lockney, Texas.
Gentlemen:

Upon my return to this office I found your telegram of June 28th, with reference to the abuse of certain precedents which was being projected at your station.

As soon as possible I went with this message to the General Office of the Santa Fe Railroad and was informed that this order had been rescinded effective July 1st. We are getting into the car situation now in order to provide movement for the 1920 crop. We have thus far succeeded in obtaining one hundred cars daily through the Kansas City gate way. This of course will not be a drop in the bucket as compared to our needs and I am frank to say that the outlook at the present time is not very flattering, however, the officials of the Santa Fe Railroad, Bankers Association and our organization are working in conjunction to exert our greatest effort to obtain cars for this section of the country.

Hoping that we may be able to accomplish some results, I am
Yours very truly,
F. R. JAMISON,
Secretary-Manager

Amarillo, July 6, 1920
Floyd Grain Company
Baker Brothers
B. F. Smith
Lockney Coal & Grain Co.
Floyd County Elevator Co.
Lockney State Bank
First National Bank,
Lockney, Texas.
Gentlemen:

Your joint telegram of June 28 was forwarded back from Washington to Amarillo, where I have been staying since the adjournment of Congress. Immediately upon its receipt I wired to the Interstate Commerce Commission and shall be glad to do everything I can to relieve the unfortunate car shortage in this country. There is a very serious car shortage all over the country, due to the shipment of cars to Europe during the war, and the increased shipments since that time. However, in view of the great emergency I am endeavoring to get a special allotment of cars for this section of the country, and shall be glad to continue my efforts along this line.

With best wishes, I am
Sincerely yours,
MARVIN JONES.

P. S. have just received the following wire from Washington: "Wire fifth quoting complaint from Lockney, Texas will give immediate investigation Santa Fe Supt. Transportation here tomorrow to go over the entire Panhandle Grain situation." (Signed) Commission on Car Service Betts.

COX IS SECOND MAN TO SERVE 3 TIMES AS OHIO GOVERNOR

James Middleton Cox was three times Governor of Ohio—an honor enjoyed by only one other Ohionan, Ruford R. Hayes.

Born on a farm, educated in the public schools, a printer's devil, a school teacher, a newspaper reporter, a private secretary to a Congressman, owner, manager and proprietor of two newspapers, member of Congress for three years and three times Governor of his State is his record to date.

Business success paralleled his political achievements and through his own efforts Cox has amassed a fortune. Cox became the leader of the Democratic party in Ohio in 1912 when he was nominated for Governor. As one who had brought radical changes in the State constitution, he took the field in its behalf. His first term as Governor was devoted chiefly to forwarding the enactment of laws to put the new State constitution into effect.

But Ohio evidently was not prepared to assimilate all the new laws, for Cox was defeated for re-election. But his party renominated him in 1916 and he was re-elected to a third term in 1918, being the only Democrat to win in Ohio.

Legislation for which Governor Cox is best known includes a model workmen's compensation law and a child labor law which have been extensively copied by other States. Educators of the country say the Ohio school code, enacted under Governor Cox's direction, will live as a monument to his achievements.

Cox was born in Butler County, Ohio, in 1870. He attended district school and held his first position as a teacher of the school in which he took his first lessons. He spent evenings and holidays in a printing office. In a few years he received his first assignment of the reportorial—the

LOCKNEY CHAUTAUQUA TO COMMENCE JULY 26TH

Below we give a full program for the Lockney Chautauqua which will convene in Lockney commencing Monday, July 26th and run five days, and close on the 30th. Every preparation has been and is being made to make the Chautauqua this year a success, and to eclipse any previous undertaking in a Chautauqua way. The Mothers Club of Lockney have charge of the course, and will push the sales of season tickets and the Chautauqua in general. They hope to clear some nice money out of the Chautauqua this summer, which will be used in a civic way and for the benefit of our public school.

Mr. Corley Ayres is secretary of the Chautauqua this season, and he is untiring in his efforts to make the proposition go. Corley is a hustler, but he can't make the Chautauqua a success without the co-operation of the committee and the town in general. To this end the Beacon urges that he be given all the support possible that our course this year may be the best ever.

As to the program, announcing the various talents we wish to say that it is the strongest we have ever brought to Lockney, embracing rare talent of a wide range of subjects. Read the program as given below, and familiarize yourself with what is in store for you. Prepare to attend with the entire family.

First Day
3:00 P. M.—Musical Program—Metropolitan Symphony Club.
3:45 P. M.—Entertainment—Irene Bewley of Tennessee. Gifted Story Teller and reader of plays.
4:45 P. M. Organization of Junior Chautauqua.
8:00 P. M. Concert.—Metropolitan Symphony Club. Musical Masterpieces, Opera Airs, popular hits.

Second Day
9:00 A. M. Chautauqua Picnic for the Juniors.
3:00 P. M. Concert—Maryland Singers—Mixed Quartet.
8:00 P. M. Concert—Maryland Sisters.
8:45 P. M. Lecture—"The Prophecy of the Present Unrest."—Hon. Leslie Willis Sprague of New York City, Economist and Industrial Expert.

Third Day
3:00 P. M. Concert—Bertha Kribben, Violinist, Margaret Harris, Violin-cellist; Mildred Shaughnessy, Contralto and Accompanist.
3:45 P. M. Lecture—"Ideals and Aspirations." Edwin Aldine Pound.
8:00 P. M. Grand Concert—Ruby Evans, Soprano, from the Chicago Grand Opera Company, with assisting artists.

Fourth Day
3:00 P. M. Lecture—"More Taffy and Less Epitaphy." Dr. H. W. Sears.
8:00 P. M. The Irish Love Comedy—"Peg O' My Hart." By J. Hardley Manner. A New York Production, cast and scenery. First time ever presented on Chautauqua. Laurette Taylor's creation in which she appeared for two uninterupted years at the Court Theatre, New York, and then in London.

Fifth Day
3:00 P. M. Concert—"The Dixie Dueo." A musical program of the old South.
3:45. Lecture—"The Old South and the New Day." Marvin R. Heflin.
8:00 P. M. Concert and Entertainment—"Old Time Days in Dixie" featuring the Dixie Due and an Old Fiddlers Contest.

PREDICTS SUGAR WILL SELL FOR 35 CENTS

"It is the opinion of the best jobbers that sugar will sell in Lubbock at 35 cents per pound," says W. S. Hodges, manager of the W. S. Hodges mercantile store of this city. "People are not aware of the upward trend in the markets of many staple articles," Mr. Hodges says.

Sugar is selling a trefail in Lubbock at 27 cents per pound at the present time. According to salesmen here this week this price is several cents lower than that of other places on the Plains, Syrup, salmons, etc., have increased decidedly during the past week, according to our local dealers.—Lubbock Avalanche.

Miss Leona Burns of Lubbock is here on a visit to her sister, Mrs. Alex Norris.

A. Applegate was in from the Lone Star community Wednesday.

Cincinnati Enquirer.

After ten years with the Enquirer he went to Washington as a private secretary to Congressman Paul Sore of Ohio. At the close of this service he purchased the Dayton Daily News, borrowing most of the money to pay for it. Later he purchased the Springfield Daily News. He was first elected to Congress in 1908.

He recently purchased the farm near Jacksonburg upon which he was born and is making it into a modern farm home, where he expects to live on retirement from public office. He is married and has four children.

Houston has a population according to the 1920 census of 138,076, which shows an increase of 75.2 per cent in the last decade. This places Houston third the largest city in Texas.

The Non-Partisan League of North Dakota, composed of I. W. W.'s, anarchists and discontents generally, met defeat in the recent primaries of that State. It is a hopeful sign when forces of law and order continue to rule in this land of ours.

The Beacon acknowledges receipt of the announcement of the marriage of Editor Moody of the McLean News to Miss Bernice Tackett at Denton a few days ago. Miss Tackett taught in the Public schools of McLean where Editor Moody met and wooed her. Editor Moody is a popular member of the Panhandle Press Association. We extend hearty congratulations.

The Record man overheard one of the bunch on the Bank corner as he was sayin': "The government ain't run ter suit me; the young generation is plum worthless; times ain't what they wuz; high falutin' aires on every corner; prices outer sight—doggone it, the days has went when a able bodied man could lay up 'er cent—even the weather has done went to the bad."—Colorado Record.

Fourteen Texas cities have gone on record favoring the open shop. One of the latest cities was that of Galveston, a former staunch labor city. Speaking of the open shop movement, Manager Thompson, of the Southwestern Division of the Open Shop Movement, says: "The open shop is based on fairness to everyone who wants to work. It does not mean less pay than union men are now getting, nor does it mean longer hours, but it means that no willing man will be denied the right to work, whether or not he possesses a union card."

Neff and Thomason are indulging in a great deal of mud slinging these days. Neff tackles Thomason's prohibition record in Texas, and on the other hand Thomason has convicted Neff of taking \$500 off of Jim Ferguson in the chicken salad case. When politicians begin to sling mud they are sure to get splattered themselves. It looks like we have reached the point in Texas when a man offers for office he is straight way proven several son of guns. Let the politician without guilt throw the first stone.

If I were a physician and the nation would request me to prescribe a remedy for the high cost of living, this would be my formula: More hogs and cows, more hoes and plows, more hogs in the pens and more wheat in the bins, more sugar mills and potato hills, more cotton fields and greater yields. A little less society and a little more sobriety, some less cold drinks and more time to think, a little less going and a bit more sowing, take care of your health and you will enjoy your wealth.—Tulla Herald.

A little more work and less belly-aching, a little more optimism and less pessimism. We haven't time to make our ideas rime, but this we would say work more for your pay.

In case gas in paying quantities is struck in the test to be made in Hale county, it will give a big boost to irrigation, as it would furnish cheap fuel to run the pumps, and thus cause thousands of acres to be put under ditches.—Plainview News.

We see no need of this persistent demand to bring in gas in the Plainview section. On the other hand there is already enough "natural gas" emanating from real estate agents, newspaper men and Plainview boosters in general to answer all legitimate purposes. All you Plainview people need to do is to arrange to control and harness this gas out-pur flowing naturally and easily from your citizens, and you will then have enough power to operate your proposed alfalfa tea factory.

Betting at best is bad enough, but betting on candidates getting elected should not for one moment be allowed. For, when a citizen puts up money as a wager that a certain candidate will be elected, he is dead sure to do things unfair to elect his man, and that without regard to the fitness of the candidate for the position to which he aspires. Politics is the science of good government and good government will not allow gambling in any form.—Tulla Herald.

There is more than one reason that could be assigned why gambling should not be permitted on elections. In the first place, its a violation of our state laws to gamble on elections. The second reason it is a very risky business, for it is said there are three very doubtful propositions, whom a woman will marry, a jury's verdict and the outcome of an election. A man must be a dead game sport to gamble on either.

It is pointed out as a credit to Mr. Neff that practically every person on the Plains who formerly lived in McLennan and adjoining counties is supporting him for governor. He was prosecuting attorney of that district for many years, and maybe he knows enough about them that they dare not oppose him.—Plainview News.

The Plainview News above suggestion as a reason these ex-McLennan people are so strong for Neff is the fact that he, Neff, having once served that county as a criminal prosecutor, he knows enough on them that they dare not vote against him. This is an unkind stab. While we are against Neff in his political aspirations we rise in defense of ex-McLennan people of this section. Regardless of what their past records have been, and the causes that underlie their coming West we can testify to the fact that they are making good citizens now. We don't believe in hounding men, with their past when they show dispositions to live properly. A man's past should be buried and when these McLennan county folks came West a few years ago they left their past behind them, and we think it a shame that Neff would now undertake to use it for political purposes. Our McLennan people are well thought of around Lockney and we are certain they are trying to live down their past, and perish the thought if we should ever throw up these matters to them which Neff was connected with in a legal way. Most of our McLennan people came to this section years ago, when hogs were cheap, and when it was not thought such a crime to appropriate a few. And again in those days, before these McLennan county folks drifted West, hogs were not bred up like they are today. Back in McLennan county they were mostly razor backs, and were worth one or two dollars a piece. Neff recovered a great deal of hogs in those days and naturally McLennan people began to drift West. They came out here and have raised hogs of their own and have made good citizens. In conclusion we say that no man ought to undertake to place the political shackles on his fellow men by reason of anything that might have happened in the past, before they came to the Plains country. We stand up for these McLennan county people regardless of what their past records have been. They are our friends, and we know they are doing the right thing now, and are prosperous citizens and successful in their operations. They are raising hogs of their own. Let the man that is without guilt throw the first stone.

Mr. Neff explained his land tax plank, by saying there are several non-residents who own tracts of land in Texas above a million acres each. One man who lives in the North owns three million acres of raw land in Texas, which he is not living on, cultivating nor using except holding for speculative purposes, and another is holding enough for such as farming or grazing, to sell in Texas than the state of Rhode Island which he is holding for speculation. Mr. Neff wants a law that will force non-residents who own more than a million acres and are not using them for some purpose, such as farming or grazing, to sell same. No matter how much they own if they live in Texas, he would exempt them from the law. To say the least, his land plank is hard to understand and would be impossible to execute.—Plainview News.

Mr. Neff, being a lawyer, should know that a land tax law like he proposes would be impossible of execution, and would not stand up in any court in the land. Neff compares his proposed discriminating land tax against non-residents with the Hogg alien land law. The alien land law operates against the man that has no citizenship in Texas or any other state in the union. The law has been declared constitutional as an alien has no status and the law does not discriminate against him. Not so with his apology for this announced graduated land tax. He proposes to make a law that would discriminate against the man that does not live in Texas although he is a citizen of the Union. Texas men are allowed to own land in Oklahoma, New Mexico, and in any other state in the union. Citizens of other states are allowed to own land in Texas, and any law violating these well established rules of equity and justice would be promptly set aside by the courts. Neff's agitation of the non-resident tax law is an appeal to the prejudice of people who are homeless, and who demand that these large tracts of land be divided up and placed on the market. It is cheap politics meant to catch the renter class of voters. The platform he announced in the inception of his campaign was for a straight out graduated land tax, and no mention was made of non-residents as the class he was after. Cornered by Western people and the Texas land owners generally on this affair and undemocratic proposition he switches and undertakes to hide the issue with the proposition that it will operate against the non-resident only. There is more or less prejudice against the large land owners in Texas, and an insistent demand that their holdings be put on the market. We have full rendition law in Texas and if commissioners courts in Texas would do their duty and assess these lands through Boards of Equalizations where tax assessors fail to do so up to their full value there would not be the cause of this complaint. The News has timely suggested that Neff's land plank is hard to understand and impossible of execution. Neff knows this doubtless better than any one else. It is a vote getter, like many other suggestions offered by politicians.

"Old Time Days in Dixie"

Lockney Chautauqua

Friday, July 30th

William Greene Sterrett, staff correspondent of the Dallas News, writing from San Francisco, says that Bryan was crushed by Texas opposition. The Texas delegation evidently sacrificed its views on the liquor question for fear Bryan would attack and make headway against the Administration views of the League of Nations. Mr. Sterrett says that Texas delegation joined the wet column in the convention voting, and having thus voted they will have a sweet time explaining to the people back in Texas. The wet forces were against Bryan, and the Wilson forces were against him. In order to back up Wilson and his views Texas delegates had to join the wets of New York and New Jersey on the voting that undone the Newbraskan. The Beacon was with Mr. Bryan on the dry plank, and against him on his League interpretations. Commenting on the situation relative to Texas position on prohibition before the convention, Mr. Sterrett says: "And thus it is that our delegation stands on the books with the disreputable persons of New Jersey and elsewhere who insist on saying that they want something to drink even if it is no stronger than beer and light wines. This morning the most of the delegation looked as if it had been up all night. The members of it were not up all night or any great party of it. The most of them wanted to go to bed or any other place where they would be away from the inquisitive glances of men. They are not feeling the best toward each other and particularly toward their leaders who are supposed to be the big "ones," known as the delegates at large, for according to some of the district delegates their leaders have not been as considerate of the district delegates in the distribution of honors, which consist of places on committees, as they should have been. The disgruntled delegates do not express regret over the situation since in their eclipse and obscured positions as merely district delegates they will not be held to blame."

At this writing, Tuesday morning, the Democratic National Convention in session at San Francisco is in deadlock between McAdoo, Cox and Palmer. It looks now like a dark horse will have to be brought from the political stables and rushed into the ring. The convention has been a stormy one. A hard fight was made on the platform between the Wilson forces and Bryan over the enforcement of prohibition. The platform straddled the issue, with a complete compromise of the principles underlying this great moral issue. Bryan contended for a straight out plank for legislative enforcement and an endorsement of the Volstead act. The Wilson forces wanted the platform to remain silent on the issue. Wilson himself has been in favor of light wines and beer. He dictated through his influence the platform. The writer along with all other private citizens has his ideas about these matters. The platform on the prohibition question is not what we wanted. We don't believe in compromising with the forces of evil. The Republicans straddled this issue, and now comes along the democratic party and pussy foots the issue also. Bryan was right and the platform should have contained a straight dry plank. It would seem almost like party sacrifice if we should remark that we have too much a one

Buy Your Coal Now

We are informed by the coal mines that they will not be able to supply summer coal storage except in limited amounts. Heretofore we have been able to buy all the summer coal we wanted, but it is evident that the storage this summer will be limited. Therefore, in view of these facts, it will be to you advantage to place your orders promptly that we may be able to supply you this summer.

May will be the cheapest month for your coal. After May prices will begin to advance from 25 to 50 cents per ton per month. There has yet been no definite price as to what the winter coal will be.

PLENTY FEED

Plenty of Feeds of all kind for Dairy Cattle, including Bran, Shorts, Cotton Seed Meal and Alfalfa Hay.

man's dictation. The writer has always been independent in thought and action, and while we admire President Wilson as much perhaps as any democrat in the land not to be a blind partisan worshiper of this or that president, yet we have for years objected to the Chief Executive dictating to Congress and his party as to laws to be enacted and policies to be adopted. As to the League of Nations it was adopted with reservations. That was proper, and will meet the approval of the American people. By this time next week we will know who the nominee will be, and will have a more thorough knowledge of the platform, which will enable us to give a more accurate comment.

LATER—Cox was nominated on the 44th ballot.

Governor Cox of Ohio is the choice of the Democratic convention at San Francisco for President. The contest was ended some time Monday night. Cox is not what all the democrats wanted but he will answer the purpose. He is well suited for the platform adopted. It is said that he is a wet candidate, and as we have a compromise platform he and the platform fit in well together. Cox has twice carried Ohio for Governor, and is a strong man. McAdoo did not land the nomination as some predicted. McAdoo would doubtless been the stronger of the two had he been nominated. He was a popular ideal of the labor people. That was one reason doubtless why he did not get the nomination. The masses of the people have become suspicious of any man who stands too close to the labor unions of this country. And again, one of our objections to McAdoo was the fact he wanted to retain the railroads for another five years as an experiment. As a whole the platform will do, and Cox will make a strong run of it. One characteristic of the present campaign is that we have two men running for president from the same state. Harding, the Republican candidate comes from the same State as does Cox. One is a United States Senator and the other is Governor.

PENTECOSTAL CAMP MEETING

The Pentecostal people of Floydada and Floyd County are preparing for a Camp Meeting at Floydada, beginning August 23, 1920. We are expecting Bro. H. L. Faulkner and wife of Phoenix, Ariz., and sister Winifred Westfield of San Francisco, Calif., to be with us and do principal part of preaching. Bro. Faulkner is well known over this country. Sister Westfield is counted as among the strongest Bible preachers in the Pentecostal work. All Pentecostal people are earnestly requested to come and help us to make this a great meeting. For further information see or write Thomas Picklin, P. O. Box 6122, Floydada, Texas, or C. J. Menefee, P. O. Box 15, Floydada, Texas.

DESTROY THE RATS SAYS STATE HEALTH AUTHORITIES

Austin, Texas, July 1.—Dr. C. W. Goddard, State Health officer, has sent the following Bubonic Plague regulations to every Mayor and Health officer in the quarantine area as follows (50 miles inland from the Gulf coast and Rio Grande and Sabine borders and a radius of 100 miles around Galveston and Beaumont):

In accordance with the modified quarantine proclamation issued by the Governor of this state and becoming law June 27, 1920, you are hereby officially notified that your city is considered within the rescribed area and subject to the general rules and regulations promulgated by the Texas State Health Department viz:

A complete rat extermination campaign must be inaugurated at once in each incorporated town and city within the said prescribed quarantine area.

Dr. Goddard suggests that all towns and communities in Texas, though not included in this area, employ every known means to eradicate rodents, including poison, but in case poison is used, it must be placed in such a manner that children cannot possibly get hold of it.

The rat menace is one of the big problems confronting the people of Texas at this time. The plague-spreader the rat, is a destructive, filthy animal and spreads other diseases than the plague, which is the most terrible of all pestilences, which have afflicted man, as a high percentage of the cases prove fatal. Europe alone lost over 25,000,000 people during the fourteenth century and India has lost several million during the last few years. Public safety demands the destruction of rats. It is costing Texas millions of dollars every year to feed her rat population.

NOTICE OF APPLICATION FOR ORDER OF SALE—ESTATE

THE STATE OF TEXAS.

To the Sheriff of any Constable of Floyd County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Floyd, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR ORDER OF SALE—ESTATES

THE STATE OF TEXAS.

To all persons interested in the Estate of Mrs. R. C. Lile, Deceased, R. F. Fry has filed in the County Court of Floyd County, an application for an order to sell the following property of said Estate, to-wit:

The East 1-2 of Lot No. 2, in block No. 1, in Brewster Addition No. 2, to the town of Lockney in Floyd County, Texas, for the purpose above stated, which will be heard at the next Term of said Court, commencing the Third Monday in July A. D. 1920, at the Court House thereof, in the County of Floyd at which time all persons interested in said Estate are required to appear and show cause why such sale should not be made, should they choose to do so.

HEREIN FAIL, NOT, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have executed same.

Given under my hand and the seal of said Court, 21 day of June A. D. 1920.

(seal) TOM W. DEEN,
Clerk County Court, Floyd County, Texas.

REVIVAL AT THE CHURCH OF CHRIST CLOSED SUNDAY NIGHT

The Revival Meeting which has been in progress for two weeks at the of Christ closed Sunday night. Elder Charles W. Watkins, of Petersburg has been assisting Residing Elder Alva Johnson in this meeting. There were thirteen additions to the church as a result of the meeting. A number were baptised during the week, and Sunday afternoon the others were baptised.

Elder Watkins is a most estimable man and a good speaker. He is also a close student of the Bible, and to the best of his ability presented the great truths of the Bible. Elder Johnson is also one whom we have learned to love and appreciate. The splendid results of their efforts in this meeting will live long in the lives of the people, and be a blessing to all humanity.

The members of the church have also been made the stronger by reason of this meeting and will more zealously perform their sacred duties than before.—Tulia Herald.

BAILEY DECLARES FOR AN OPEN SHOP

Austin, Texas, July 9.—The honor list of the University for the spring term has just been compiled. In computing the score of the students an A is counted as 12, a B as 9, a C as 6, a D as 3. The best one per cent of upperclassmen made scores of 64 up; the best one per cent of freshmen made scores of 63 up. The remaining groups made scores lower than those, but above 45 in the case of freshmen and 48 in the case of upperclassmen.

Students from Lockney on the honor list for the spring term is Cella White.

Your tractor owners all know what Vexol Quality in oil means. We can sell you any amount of any weight, medium, special heavy, and extra heavy at lowest prices.—Lockney Auto Company. 41-11

BAILEY DECLARES FOR AN OPEN SHOP

Atlanta, Texas, June 26.—The labor question was presented as one of the foremost and most vital questions of the campaign by former Senator J. W. Bailey in opening his personal campaign for Governor in a speech to about 3,500 persons here this afternoon. To the great applause of a demonstrative audience, composed largely of farmers and with a considerable percentage of women, he declared his absolute opposition to union labor's control of the Government, his advocacy and support of the open shop and his opposition to an "eight-hour day by law." He insisted that if union labor forces an eight-hour law it must apply to farmers also, and union labor men must pay the price for farm stuff produced on an eight-hour basis.

BRYAN MAINTAINS SILENT ATTITUDE ON DELEGATES WORK

San Francisco, Cal., July 6.—"My heart is in the grave with our cause and I must pause until it comes back to me," said William J. Bryan today in giving his reason for not making any extended statement on the work of the Democratic national convention.
"My views on the convention's action in reference to the indorsement of prohibition are known," said Mr. Bryan. "I regard it as a very serious mistake; it opened the door to nomination of a wet candidate. I need not repeat here what I have said before in regard to the evasion of other issues."
Mr. Bryan said he had no selection in mind for the vice presidency. When asked if he would have anything to do with the third party movement, which begins its convention in Chicago July 10, or would indorse its candidates, he replied:
"I do not care to discuss any other movement. It took the Democratic convention quite a while to decide on a candidate and the individual voters have about four months in which to consider the claims of the candidates."

STATEMENT

Of the ownership, management, circulation, etc., required by the act of Congress of August 24, 1912, of Lockney Beacon published weekly at Lockney, Texas for April 1920.
State of Texas,
County of Floyd, ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared Ben F. Smith, who, having been duly sworn according to law, deposes and says that he is the owner of the Lockney Beacon and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:
1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, Ben F. Smith, Lockney, Texas.
Editor, Ben F. Smith, Lockney, Texas.
Managing Editor, Ben F. Smith, Lockney, Texas.
Business Managers, Ben F. Smith, Lockney, Texas.
2. That the owners are:
Ben F. Smith, Lockney, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are:
Mergenthaler Linotype Co., New York City.
Barnhart Type Foundry, Dallas, Texas.
BEN F. SMITH, Owner.
Sworn to and subscribed before me this 8th day of July 1920.
(seal) J. N. Stallbird.
My Commission expires June 1st, 1921

BACKING UP THE FARMER

Farmers are invited to bring their financial and business problems to us for solution.

Extended experience with the affairs of farmers has given us a thorough understanding of their needs, and enables us to offer every practical help.

Financially and otherwise we stand ready at all times to support the farmer in every legitimate way. Farmers who bank here will tell you that we can always be depended upon.

The First National Bank

RESOURCES OVER \$600,000.00

We have a very pretty line of Cedar Chests.

Cowart & Miller

C. L. Cowart
C. C. Miller

Accessibility Counts in Dollars and Cents

The cost of tractor repairs includes the price paid for the part, the time required to put it in, and the damage done to crop by the loss of time. If it takes but a few minutes to make the repair, the labor cost is a trifle, but if parts are inaccessible and it requires hours or sometimes days the cost of the part will be only a small part of expense.

ADJUSTMENTS AND REPAIRS EASILY AND QUICKLY MADE ON HART-PARR 30

The Hart-Parr 30, being extremely simple and accessible, is easily kept in ship-shape and delays reduced to the minimum. When it is necessary to make an adjustment or repair, it is easily and quickly done. In less than five minutes you can get at any working part and adjust it standing on your feet, not lying on your back. You can do it yourself—not wait for an expert to come. Having built the first successful oil tractor accumulated experience of 19 years has taught Hart-Parr Company to build a tractor that the farmer can expect.

RANKIN BROS.

The New HART-PARR

Nineteen Years Tractor building Experience.

Personal Mentions

Mrs. W. N. Tomlinson and daughter, Mildred, left for their home at Wallis, Tuesday after a couple of weeks visit here with their sister and aunt, Mrs. Ben F. Smith.

Ben Rigdon and wife attended the picnic at Hereford last week.

W. C. Nichols came in this week from California on a short business visit.

Charles Clements, candidate for district attorney was in the city Monday on business.

METEOR COMMUNITY CLUB MEETING

A very interesting meeting of the Community Club was held at the home of Mrs. John Maloney, Thursday afternoon, July 1st.

Throughout the program the members showed great enthusiasm for the political candidates who favored improvement of the schools and the great development of the rural districts.

The Community Club extends an invitation to the young people of the community to join and work with them to accomplish the object of the Club.

The next meeting will be at the home of Mrs. E. D. Lewis, Thursday, July 15th, when the following program will be given:

Duet—Steel guitar and Ukulele—Miss Bacon and Mrs. Maloney.

Chappel service.

Roll call, Members respond with a current event.

Duet, Piano and Mandolin—Mrs. Lewis and Miss Bacon.

What constitutes an Independent—Mrs. R. Day.

Reading—Mrs. McAvoy.

Continuation of discussion of school improvement, opened by Mrs. C. H. Day.

Reading—Mrs. Cox.

Music—Miss Bacon.

CANDIDATE FAIL TO COMPLY WITH PRIMARY LAW

Vernon, July 6.—According to the strict reading of the primary election law, Willbarger county will not have an election this month, or if it does print a ticket the ticket will be blank for every office on the list. This complex situation was brought about by the fact that the 28th day of June is the last day by which candidates for office can file their expense account. The 28th day of June passed with not a single report of campaign expenses filed, although such report is required under section 8, chapter 88 of the general election laws. J. W. Bailey was among the number of state politicians who failed to file such report. The provisions of this amended law had been overlooked by all county officers in Willbarger county.

Have some buyers

for choice tracts near school. See me if you have land to offer.

D. P. CARTER
Lockney, Texas

ANNOUNCEMENTS

We are authorized to announce the following for county, precinct, state and district offices, subject to the action of the democratic primaries:

THE BUICK RECORD IN YELLOWSTONE PARK

That motoring is gaining more favor each year as a means of enjoying vacations and summer tours and that along with the increasing popularity of automobiles for continental trips, Buick Valve-in-Head motor cars are more than maintain their position in the lead is indicated in the annual report of the Superintendent of Yellowstone National Park. The Buick record since the government permitted cars to enter the park is:

Year	1916	1917	1918	1919
Buick cars in park	290	499	527	1,360

A total of 10,129 cars entered the park during 1919, carrying 39,886 people. These cars came from 46 states and several foreign countries. With the exception of a cheap, popular four cylinder car, more Buick cars have passed through the park than any other make of automobile in the last four years. And, during this time, the Buick has shown a greater increase in numbers than any other car.

We can make immediate delivery on one or two Buicks. See us at once if you want a Buick.

IN THE SHOCK
IN THE GRAINERY**

We can furnish you grain insurance on your grain in the shock, in the stack or in the grainery. This insurance to run clear on up to the time of marketing or planting time at a nominal cost.

See me at once and let us put a line of protection on your grain crop. It is worth too much and cost too much to make it to take any chance of its being destroyed by fire.

Phone 143 or 147

Yours for service,

C. R. Hatcher

Agent

LOCKNEY GRAIN MEN CONFER WITH R. R. OFFICIALS

Several Lockney grain men were in Floydada Tuesday afternoon conferring with officials of the Santa Fe on the grain car situation.

The order taking all cars from this territory and moving them to the north plains was followed by a vigorous protest from Lockney grain dealers who say that considerable per centage of wheat from last year's crop in that territory is yet to move, and that the new crop is waiting to go in the elevators.

J. A. White, A. B. Brown, Artie Baker and Burton Thornton comprised the party from Lockney. They had started to Amarillo, but learning that the officials of the company were here turned round and came down here to

talk with them.

Mr. Myers and his official family promised to do all that could be done to relieve the situation on the Floydada Branch. They are of the belief that the need for sending the cars out to north plains points will be only temporary.—Hesperian.

FLOYDADA ITEMS

Floyd county vegetables are coming in to town now and the local market is expected to be well-supplied from this time until in October with beans, peas, and other vegetables from Floyd county truck patches. Floyd county tomatoes will not begin to reach the market here before about August 1st and roasting ears will also come in about that time or a little earlier.

Mr. and Mrs. J. L. Norris returned last week to their home at Lockney, after spending the spring and early summer at Pasadena, Calif. Mr. Norris broke the cross country record for amateur drivers in his run from Pasadena to their home here, the run being made in six days. He came the Flagstaff Route, by way of Barstow and Needles. He declares that the roads are good most of the route and that the "desert" bugaboo should not deter motorists from making the trip on that route if they have one planned out.

First wheat of the 1920 crop began to come into Floydada last Friday, F. A. Dickert, of southeast of Floydada, who is operating a combined machine selling a carload as it was threshed to A. L. Bishop, of S. D. Ferguson & Company. The wheat tested 59 lbs., coming right from the fields. After it dries out it is expected to test 60 or 61.—Hesperian.

CANDIDATES MAKE REPORTS OF CAMPAIGN EXPENSES

Candidates for nomination at the hands of Democratic voters in the July 24th Primary were busy yesterday and Tuesday making up sworn statements of expenses incurred in their respective campaigns.

The law under which the reports were made was passed at the Regular Session of the 36th Legislature in the earlier part of 1919. This law requires two sworn statements prior to the primary and one after, while the old law required only one statement and that after the primary had been held.

The first report must be made not more than 30 nor less than 25 days

before the primary, the second not more than 12 days nor less than 8 days before the primary, while the third is to be made not later than ten days after the primary. All reports must be sworn to. In addition candidates must make out accurate statements of all campaign expenses and preserve this record for a period of 12 months, open to the inspection of opposing candidates and qualified voters.

Yesterday was the last day for filing the first reports and many candidates unaware of the provisions of the law were in harvest fields or out electioneering and were located and notified with some difficulty.—Floydada Hesperian.

POTTER COUNTY NEAR TO TOP IN GRANTING DIVORCES

Potter county is one of the worst sections in the United States as far as the granting of divorces is concerned, according to figures presented last night by the Rev. H. W. Virgin, D. D., pastor of the First Baptist church. The minister declared that from June 1919 to June 1920 approximately one divorce was granted to every 4.4 marriages.

The worst record in the United States was made by Nevada which granted one divorce for every 1.2 marriages. The record for the United States by the 1916 census was about one divorce for every 8.4 marriages.

Dr. Virgin declared that his record for counties was not by any means complete, and indicated that other counties of the country might have worse statistics to show, he pointed out however, that statistics for the entire state showed only one divorce to every 6.5 marriages.

He pointed out the increasing proportion and warned that such an increase would tend toward the destruction of the homes, which would entail the downfall of any nation.

The minister gave statistics to show that nearly twice as many divorces are granted in childless homes as in homes where children act as "coupling pins." He went on to show that there were fewer divorces among Catholics than Protestants, and four times as many men get decrees on grounds of desertion as do women.

He gave as some of the reasons for divorce, industrial emancipation of women, dissatisfaction of the wife with her husband's salary, social unrest, lack of judgement in mating, and unfaithfulness.

The three principal causes of divorce he gave as cruelty, desertion and unfaithfulness. He declared the large number of grounds allowed by the various states for divorce, stating that there were more than forty different causes allowed.

"Some persons who seek for divorce should be sent to the penitentiary instead of being granted decrees," said the minister. He declared himself as

Ford

THE UNIVERSAL CAR

ONE HUNDRED PER CENT "PEP"

When your Ford car or your Ford truck doesn't display its usual quantity or quality of "pep" and dash, its time to have a repairman who understands the Ford mechanism give it the "once over"—then make the necessary adjustments or repairs, and return it to you full of its old time "pep" and energy and pull. You'll notice the difference. We employ only skilled Ford mechanics—men who know how Ford cars are made, and how they should be kept to give the most efficient and economical service. And our shop equipment boasts a great many specially designed Ford tools and time-saving devices and machinery. Don't risk chances, play fair with your Ford car. Keep it in the hands of its friends, the Authorized Ford Dealers, whose reputation is 20 to 25 per cent greater than

favoring separation in many cases, without divorce. He spoke at some length on the scriptural right to divorce, which is only for fornication by one of the parties to the marriage.—Amarillo Tribune.

LOST IN ARIZONA DESERT

Charlie Ward was in from Quay Saturday to prove up on his homestead. He had just received a letter from his father, who with his family, was on the way to California in a truck. They got stranded on the sandy desert in Arizona and for two days had nothing to eat. He walked

14 miles over the hot sands for help and blistered his feet so badly he had not been able to walk. He slept on the sand one night and had nothing to eat for two days. The story sounds like that of the early pioneers in this country and proves that there are worse places than New Mexico.

Mr. Ward finally got help and found shelter and food at the shack of a homesteader and will soon be able to resume travel. It is thought he must have gotten off the Borderland Route over which he expected to travel, as no one passed that way for two days. The friends here are glad to know they will recover without any serious after-effects.—Tucson (N. M.) News.

24 Points of Superiority

- Built complete in Advance-Rumely factories.**
- Kerosene burning**
Guaranteed in writing to burn kerosene successfully under all conditions, and at all loads to its full rated brake horsepower.
- Oil cooled**
No evaporation—no refilling. No freezing in coldest weather. No rust—all preserves useful. No sediment—cooling system always open. An even motor temperature.
- Kerosene motor**
Low speed—heavy duty—two cylinder. Designed to burn kerosene—no makeshift. Parts ground to the thousandth part of an inch.
- Offset cylinders**
Steady pull on heavy loads.
- Valves-in-head**
Greatest fuel economy. Most accessible valves. Most power.
- Unbreakable crankshaft**
Crankshaft built to U. S. Naval specifications.
- High overload capacity**
All Oil Pull tractors will deliver 25% more power than their rating.
- Solid frame**
Hot riveted steel members. No welds—no splices.
- Cut gear transmission**
Cut steel, case hardened driving gears. No closed and running in oil.
- Properly placed pulk**
On right hand side. Driven directly off crankshaft. No bevel gears—no intermediate gears.
- Governor controlled**
Speed of motor automatically regulated to meet varying loads.
- Shifting front axle**
Plenty of belt clearance. No sacrifice in design.
- Large wheels**
Plenty of traction—easy to steer.
- Adjustable draubar**
Fits all implements.
- Proper weight distribution**
No danger of turning over. Operates successfully in light soils.
- Hyatt roller bearings**
Reduces friction—saves power.
- Bosch magnet**
Highest quality—highest price. Dependable service.
- Fresh oil lubrication**
Force feed and splash system. Medison-Kipp lubricator.
- Roomy platform**
But a step from the ground.
- Easy to operate**
No complicated mechanism. All levers within easy reach.
- Accessible**
All parts easy of access.
- Long life**
Highest grade materials and workmanship. Liberal wearing parts. Proved long life.
- Dependable service**
No farther away than your telephone.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

BIG WHEAT YIELD UPSETTING DOPESTERS ESTIMATES

Estimates of the wheat yield in Floyd county for this season are being upset by the big yields reported from all sections of the county, first reports running in practically every instance 4 to 10 bushels above pre-harvest estimates of growers and dealers.

In May an estimate made locally put the acreage at 175 per cent, counting the 1919 crop as 100 per cent, and the yield at 70 per cent, giving a production 20 to 25 per cent greater than last year's aggregate. The reported yields are running, however, 90 to 110 per cent of last year's yields in the early fields, while late fields will run on an average 125 to 150 per cent of last year's yields, with a much better grade of grain.

With every good reason for believing that the first averages will hold up throughout the season it would appear that the aggregate production will run close to 200 per cent of last year's production.

If reports from other sections of the southwest are correct, Floyd is practically the only county in the state where both acreage and yield are heavier than last year, many sections reporting an acreage of from 30 to 70 per cent of the 1919 acreage, and a

yield on about the same basis.—Hesperian.

CONSCIENCE NOT FOR SALE

When the liquor men began casting about for a man to contest constitutionality of prohibition in the United States courts, they decided to look for some one of social prominence.

They laid down on the table in front of Charles Evans Hughes a check for \$150,000. The great jurist replied: "I would not champion this cause before the courts for any sum of money you could name."

Failing to buy Mr. Hughes, they next went to William Howard Taft, and placed before him a signed check, telling him to fill it in for any amount he wanted. The reply of this statesman will be memorable: "Gentlemen you couldn't pile enough gold on this continent to induce me to take your case before the public for I will have you know my conscience is not for sale."—The Christian Century.

NON-PARTISAN LEAGUE LOST IN HOME STATE

Bismarck, N. D., July 1.—Non-Partisan League candidates for state officers on the republican ticket appeared to be running far behind, according to

returns today from yesterday's state primary.

Lynn Frazier, incumbent Non-Partisan candidate for the governor nomination, was losing two to one to Win Langar, returns from 300 precincts out of 2,064 gave Langar, 18,408 and Hunt 8,949.

In the race for the United States senate, Senator Gronna is leading Dr. L. F. Ladd, Non-Partisan.

PLAINVIEW ITEMS

H. E. Vidor, inspector from the state bureau of weights and measures, was here last week. He made complaints against three local gasoline filling stations for giving short measure. Each plead guilty and paid a fine of \$46, including costs.

W. J. Clark and family have moved to Plainview from Owatonna Iowa having arrived last week. They are related to H. E. Clark. Mr. Clark will have the agency for the Gray tractor in this section.

The local price of wheat today is \$2.50 a bushel. New wheat is now coming in. The price of eggs is 22c a dozen, an increase of 2c.

Jim Phillips left this morning for Kansas City with 1,000 head of cat-

tle and calves which were shipped from Midland.

The great Western Marble Co., with a capital of \$750,000 has been formed in Plainview for the purpose of taking over a large body of marble lands in Brewster county near Alpine, and putting the products on the market. The company holds leases on an inexhaustible supply of high grade marble. The officers of the company are J. A. Hall, vice president; J. L. Lamkin, secretary; T. A. Caldwell, superintendent of construction. Messrs. Hall and Caldwell will make a trip to the fields at once.

PLAINVIEW NEWS

MORE ABOUT DIVORCE EVIL

Dr. H. W. Virgin, in his sermon on divorce Sunday night, stated that Potter county, Texas, shows about the worst record of any in the state, or the country for that matter. The average for the state is 6.5 marriages to one divorce, and for the United States it is 8.4. Nevada, which is the haven for those seeking divorce from all the country has the worst record, quite naturally, as there is 1.2 marriages to one divorce. Several reasons are given for the divorce evil, generally, among them being the industrial emancipation of women and dissatisfaction of the wife with the husband's income, social unrest, lack of judgement in selecting a life partner and unfaithfulness. The doctor quoted the records to show that cruelty, desertion and unfaithfulness are most numerous alleged as cause for suit, and dwelt at length upon the fact that there is only one scriptural ground for divorce, that of loose morals, whereas he has found in State laws something like forty statutory causes.

It is stating no newly discovered fact to say that the people of the United States are more lax in their divorce laws than perhaps any other pretending to civilization. Divorce is not only made easy by law, but there are lawyers all over the State who guarantee to obtain a divorce whether or not there be bona fide existing grounds for divorce. In a certain publication a few months ago there was run a series of confessions by a divorce lawyer, which showed him to be no better than a procurer, and that is about the lowest type of human animal extent. If a woman sought to be relieved of a husband in order to take on a new husband all she need do was to go to this man, pay him a liberal fee, usually in proportion to her wealth, and leave it to him. The lawyer maintained a staff of assistants, among them one or two fine looking women who were used to entice the husband into a questionable situation in the presence of hidden witnesses, often the wife herself being among the number. Evidence having thus been manufactured, it was easy matter to go into court and swear to the facts as seen, which, under the very liberal statutes prevailing in most States, left little discretion to the court. The court had but to grant the petition in face of evidence offered. The husband never knew perhaps that he had been tricked, or if he did he was willing to be tricked, as sometimes happened in order to put a plausible face on the evidence to be presented in the court.

Court records as to causes for divorce are not reliable, any more than is the evidence. It often happens that a man, seeking separation from a woman who has wronged him, will, for the sake of saving her good name before the public, leave her, giving grounds for divorce charges against him, and permit the woman to obtain the divorce rather than reveal to the public all the dirty facts in the case. Many divorces are granted because the defendant in the case fails to make answer to the charges.

All in all, there is perhaps more chicanery in the divorce business than in any other department of the practice of law. In those sections most thickly settled the negroes, there are lawyers who specialize in negro divorces. A likely young fellow will be urged to marry some girl of his race to whom he has taken a fancy, and even money for the license and preacher will be tendered. After a time the husband finds his wife unfaithful to him, the lawyer having used his persuasive powers on some other young buck to invade the home. Naturally a divorce is suggested and he gets the case at a good fee. By a system of spy lying and sympathizing and prodding these lawyers manage to maintain a heavy divorce business among the negroes, and eventually some have grown rich and gone to the legislature.

The law is a profession highly extolled from the time when lawyers first began to practice, but like other professions and trades and lines of business, there are those in it who should be out of it, men of low order and appealing only to the law in the practice of their profession. Members of the profession are fairly well organized, having local and district and State bar associations, but they have seldom, if ever, sought seriously to regulate the practice of the shysters among them, although men of high ideals and honest intent among them have individually condemned such. The bar associations, however, could do much to abate the divorce evil if they would act together, and earnestly seek to reduce the statutory causes for divorce as well as seek to penalize those guilty of barratry, instead of glossing over it. Even so charged, few lawyers popularly reported to be guilty of shady practices, are ever convicted of barratry. But the bar associations can do more than this. They can appoint committees to study the question and seek, through legislation to reduce the number of causes and even go further and place more restrictions on marriage, a very delicate

Three Car Agency
The Chandler, The Hupmobile, The Cleveland
The CHANDLER NEW SERIES are
Now Ready for Your Inspection
and Approval

For the beauty of its design and finish as far its mechanical excellence, the new Chandler Coupe is a car to be appreciated by the most exacting. It is a fine, roomy car of the four-passenger type, most attractively and serviceably built. Seats are wide and deep and comfortable, and upholstery throughout is of a fine quality silk plush.

The new Chandler Sedan is an exceptionally fine car. It is big, comfortable, attractive and most substantially built. Its high hood and radiator, characteristic of all the new series Chandler models; the permanent, metal-covered window posts; and the big full length doors make this a sedan worthy of choice by the most discriminating motorist.

Famous alike for its splendid body types as for the excellence of its chassis, the Chandler Six has earned distinctive recognition for what we have termed here the Charm of the Chandler. A pride of ownership—the charm, if you please, in the possession of an honestly good automobile.

THE HUPMOBILE

Probably most people in buying automobiles think first of economy, durability and performance.

It is natural that they should, for an automobile is first of all, an investment, the soundness of which depends upon the car's ability to deliver service at a minimum cost.

It is natural, too, that such people should find in the Hupmobile the answer to their problem.

For in the Hupmobile the qualities of economy, durability, and performance exist to a degree so remarkable that the possession of them has long ceased to be a matter of argument. But there are other automobile buyers—men and women—who, while they appreciate and demand the substantial qualities in their cars, also insist on still another quality.

That quality is beauty—beauty of design, finish and appointments.

These people, too, are buying Hupmobiles.

THE CLEVELAND

This car will dominate the light car field.

It will dominate because it is so much better. It will dominate because it gives so much more in smooth-flowing power, in ease of riding, in style and quality, than other light cars.

Thousands of Cleveland Sixes are on the road right now, performing in every sense and the last degree right up to expectations. Dealers demanding much have driven Cleavelands thousands of miles across country, over every kind of roads, putting the car to every conceivable test. And they say there is no other light car like it. No other that will do so much and do it so well and so economically.

Cleveland owners are enthusiastic about its ease of driving. "It handles like a feather." "You can drive it with one finger." "It just almost steers itself." These and hundreds of other phrases of praise come from enthusiastic Cleveland owners. "It steps out as fast as any car that was ever built." "The speedometer slips around to forty or fifty before you know it."

HI-WAY GARAGE

and hazardous proposition but one which lawyers in their wisdom would be able to solve, calling to their assistance members of other professions, if necessary.—Amarillo Tribune.

COAL SHORTAGE FOR WINTER PREDICTED

A coal shortage next winter which may curtail production of iron and steel and seriously affecting other industries, was foreseen recently by the federal reserve board in its review of business, industrial and financial conditions. The situation is acute in some districts, according to the board and production in many lines is being held down.

Production of coal is being curtailed chiefly as a result of car shortage, the reserve board reports. It is estimated the car supply at mines in the East is at only 30 per cent of normal. Labor difficulties, while complicating the situation, are considered by the board as only a minor cause or reduced coal production.

In the Southwest, according to the review, many mines are operating at only two-thirds capacity. Coal shipments to other countries are reported a slight. No reduction of coal prices is in sight, the board says.

Commenting on the far-reaching effect of the car shortage and freight congestion, the board states that reports of its agents indicate that the transportation tie-up is largely the result of the railroad strike, which still continues over a large section of the

country. The congestion is further accentuated, according to the board, by local strikes of other groups of transport workers.

An acute shortage of labor on the farms was also reported by the board. It is stated that wages have apparently fallen behind the advance in prices and cost of living.—Plainview News.

C. C. McNERNEY'S RANCH TRADED TO MAN FROM VERNON

Real estate activity continues. C. C. McNERNEY last week traded his ranch south of Hereford to W. M. Thompson of Vernon. The deal was handled by Wear & Elliston.

In the trade Mr. McNERNEY included everything on the place, including crop, even the poultry. He acquired cash and business property in Altus, Okla., in exchange. Mr. McNERNEY plans to visit his new holdings as soon as details of the trade are completed, and from there will go for a visit in Missouri.

A section of land six miles west, belonging to J. J. Perkins, changed hands last Monday, the purchaser being G. C. Owen. The figures were not announced. The deal was handled by Wear & Elliston.

W. B. Green, one of the oldest and best known citizens of this section suffered a stroke of paralysis about ten days ago and on Sunday last was taken to Boulder, Colorado, to a Sanitarium by his son-in-law, D. R. Dixon.—Hereford Brand.

THE CONFECTIONER

PROCEDURE FOR A CAMPAIGN AGAINST RATS

From a working organization, using all agencies including Boy Scouts. Pass an ordinance requiring all new buildings to be rat-proof at the time of construction.

Plague is primarily a disease of the rat and secondarily of man. The disease is generally transmitted from rat to rat and from rat to man through the agencies of the flea. Rats are great travelers and have carried plagues to all parts of the globe. An infected rat secreted in a cargo in the hold of a ship or in a box car may take the disease into the town at its point of destination. The prevention of plague naturally resolves itself into a war upon these rodents. The measures for repression and destruction of rats are as follows:

1. Rat-Proof Buildings—This is a measure of vast importance in the fight against rats. Rats admitted to a building entrench themselves and are most difficult to dislodge. The lower parts of buildings should be either built out of concrete or reinforced with metal to keep the rats from gnawing through. Basement windows should be screened and doors provided with springs to keep them closed. All water and drain pipes should be surrounded with concrete. Rats find wooden side walks a retreat and these sidewalks should be replaced with concrete.

2. Keeping Food from Rats—Well fed rats mature quickly, breed often and have large litters. Scarcity of food helps to suppress them. All garbage should be placed in well covered garbage cans and the garbage frequently removed and burned. Products in a warehouse may be protected with wire cages.

3. Natural Enemies—Trained dogs and cats may be used to advantage in a rat eradication campaign.

4. Traps—One of the best traps on the market is the old-fashioned wire cage trap. Traps should always be washed after each catch and handled with tongs or gloves. The best baits are cheese, bacon, grain and bread. Other traps such as the Guillotin Spring Trap, the cage trap, the barrel and pit trap are sometimes used.

5. Poisons—Perhaps the cheapest and most effective poison is barium carbonate. This may be made into a dough with four parts of meal or flour to one part of barium carbonate. Other poisons are strychnine, arsenic and phosphorus.

6. Shooting—Rats may be shot as they come out to forage about sundown.

7. Fumigation—Rats may be killed with certainty in any enclosed structure by the use of sulphur dioxide, carbon bisulphid, hydrocyanic acid or carbon monoxide. Sulphur dioxide is particularly useful to destroy rats on board ships, in cellars, on railway cars, stables, sewers and other places where they abound and which are not injured by the corrosive sulphur fumes. No less than three pounds of sulphur should be burned for each 1,000 cubic feet of space, and the exposure should not be less than five hours. This sulphur must be burned in the presence of moisture in order to render the fumigation effective.

SANTA FE TRYING TO OBTAIN MORE CARS FOR SYSTEM

The Santa Fe Railway is doing its utmost to obtain cars for grain loading, according to R. J. Parker, general manager of the Western Lines, on his return yesterday from an extended trip over the line. Mr. Parker's attention was called to the efforts of bankers and various organizations to speed up the movement of cars from the east to the west. He is hopeful that their efforts will bring results.

"The Santa Fe is not seriously hampered by freight congestion on its own lines," continued Mr. Parker, "and could handle more business if the cars were furnished. In fact the Santa Fe has moved more freight the first six months of this year than it did ever in the first six months of the peak year of 1918."

Over 33,000 cars of grain have been handled since July 1, 1919 from the territory under the jurisdiction of Mr. Parker, as against 16,358 cars for the same period the previous year.

Asked in regard to conditions on the Panhandle lines of the Santa Fe, Mr. Parker said that on July 1st this year there were 2,394 cars less on the Panhandle lines than a year ago.

"A year ago we had 3,774 box cars on the line," said Mr. Parker, "and on July 1st this year only 1,034 cars or 2,740 less box cars than a year ago. Out of this number this year 978 were foreign line cars and only 58 Santa Fe cars."

"The box car shortage extends over the entire Santa Fe system. In fact every other grain carrying road in the west is short of grain cars. The shrinkage in the car supply on the Santa Fe system is alarming. On June 22nd this year the Santa Fe had 17,696 covered cars less than on the same date a year ago."

Mr. Parker called attention to the fact that western roads like the Santa Fe, Union Pacific, and others, had for years followed a policy of providing first class freight equipment, the box cars being especially designed for grain. It appears that on June 22 this year the Santa Fe had only 1,457 of its 28,552 box cars on its own rails as against 14,738 foreign box cars on that date, while a year ago it had 2,937 cars on its own rails. Much of the foreign equipment is badly out of repair, less than ten per cent of the box cars being fit for grain loading.

Regarding the distribution of cars Mr. Parker stated that every part of the Santa Fe system gets its share of cars as they are received. Discrimination in the distribution of equip-

For 90 Days Vulcan Tube and Two Dollar Bill with each Vulcan Tire

For the next 90 days we will give a two dollar bill and an extra gray tube with every Vulcan tire bought of us. The Vulcan people are doing this in order to get this tire introduced in this territory. This tire is guaranteed for 6000 miles on fabric casings and 10,000 on Cords. Adjustments are made on these tires at Plainview and you don't have to wait to hear from the factory. It will pay you to look over this proposition before buying tires.

HI-WAY GARAGE

W. J. and Fred Griffith

ment would cripple the system very quickly.

Mr. Parker stated that it will require time for the railroads to catch up with the business of the country which has increased fully sixty per cent the last few years. During the same period the railroads have not been able to add much to their equipment or facilities. The increase in freight train cars on the Santa Fe since June 30, 1919 is only 3,683 cars.

At this time Mr. Parker urges the importance of co-operation of all interests in making the best possible use of equipment now on hand. He advises prompt loading and unloading of cars and the loading of cars to their full capacity as an essential means of speeding up the movement of crops to market.

The Snyder Signal, quoting the El Paso Herald, tells of a carload of eggs bought in Plainview and sold in El Paso. The Signal says: It traced the eggs from the Panhandle Produce Company in Plainview, who bought the eggs at 20c dozen from the producers, sold them to Armour & Co., for 25c a dozen, who shipped them to El Paso at a cost of 11 1/2c a dozen freight charges, and sold them to the retailers in that city at a fraction above 42c, the retailers selling them to the consumers at 50c a dozen, two and a half times the original cost. In a carload of 400 cases this would give the growers \$2,400 for the 12,000 dozen eggs; the local produce house got \$3,000, a profit of \$600; Armour got \$5,064, less freight of \$264, a profit of \$2,800, and the retailer got \$6,000, a profit of \$936—the consumer paying \$6,000 for what the producer sold for \$2,400.

Catarrah Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrah Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrah Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrah Medicine is what produces such wonderful results in catarrah conditions. Send for testimonials, free.

LAW ENFORCEMENT SUBJECT OF LETTER TO JOHN H. POLLOCK

Kansas City, July 6.—A letter writ-

ten by Governor James M. Cox of Ohio Democratic nominee for President to John H. Pollock, a Kansas City attorney, in which Governor Cox goes into his position on law enforcement, was made public by Judge Pollock today. The letter, dated June 23, 1920, and mailed from the governor's office in Columbus, was sent in response to a letter from Pollock. It says:

"I have read your letter with interest. The question before us now is law enforcement. As constitution and statute stand, they are the expressed mandate of the people and must be respected by public officers and citizens as long as they remain. There is no difference between neglect of the law by public officers and an attack against our institutions by the Bolsheviks.

Mrs. Albert Pennington and daughter, Alberta and Mrs. J. L. Suits were Plainview visitors today.

WALLIS

America's Foremost Tractor

Don't Buy a Tractor

Until you see and know what the Wallis, America's foremost Tractor, has to offer. A few of the features that make it a superior and economical tractor are—

SUPERIOR DESIGN—The U-shaped boiler plate steel frame gives greatest strength and lightest weight. The Wallis is from 1500 to 4000 pounds lighter than any other 15 H. P. tractor built.

MOTOR—Four cylinder, valve-in-head motor, with a very sensitive hydraulic governor, superior pump and splash oiling system, and large size centrifugal water pump.

TRANSMISSION—All hardened steel cut gears running in a bath of oil, with roller bearings throughout, including front and rear wheels.

CAPACITY—The Wallis has ample power for a 5-disc plow and other far motols of a like draft at the draw bar and a 24-inch fully-equipped separator at the belt.

ACCESSABILITY AND SIMPLICITY—All parts of the Wallis are easy to get to and so simple that the machine is easy to take care of and keep going. The twin-disc clutch can be adjusted in one minute with the fingers—no tools required.

We have a Wallis at our store in Lockney and a car in transit. Come in and let us show you America's Foremost Tractor. The Wallis will stand up under the sever strain of farm work, and prove an economical factor in your production. We will be glad to demonstrate for you.
