### Just Ask the OilPull User

THE most satisfactory evidence of a tractor's performance is the work it does for its owner over a period of time.

So before your buy your tractor just talk with tractor owners in this locality and get their real opinions.

Ask them about the cost of operation—learn whether they can use kerosene under all conditions and at all loads find out the cost to plow an acre of ground.

Ask them about their experiences with their cooling systems—of any troubles from overheating—freezing—time taken for filling or draining, of any inconvenience and delays

caused by rusting, clogging, etc. Ask them about the power and dependability of their tractors—if the power is sufficient—if there is reserve power for the "pinches"—if they can depend upon their tractor for day-in and day-out, year-after-year service without delays

Ask them how long they have used their tractors, cost of upkeep, and how many more years service they can naturally

Ask them about the lubricating and ignition systems— their effectiveness and dependability.

Ask them anything you wish to know about a tractor. Then sum up what OilPull owners tell you and make your own comparisons-draw your own conclusions.

We shall be glad to furnish you with the names of OilPull

There are four sizes of OilPull tractors—12-20, 16-30, 20-40 and 30-60 H. P.

A Sale Unsurpassed—Ours is a real sale—Never before in the history of our business have we made such prices as we are making now at this season of the year. Some time ago the wholesale markets broke and we promptly made an announcement that we would lower the prices on everything in the house in line with the wholesale costs. The response to this announcement was tremendous and we have enjoyed a wonderful business. It has been our policy for the past eleven years to sell dependable merchandise a little cheaper than others, but this time we are going to sell our stock of brand new fall merchandise a great deal cheaper, we believe, than you will find them elsewhere. We have too much stock for this season of the year and this sale is a Stock Reducing Sale, to reduce the stock quick we have cut prices as much as 40 per cent and more on some items. If you have been waiting for lower prices you need wait no longer. No one could ask for greater values than these, - A wonderful opportunity for you. This Sale will only last until NOVEMBER 24TH. Many of the items we are offering you are much less than wholesale production. These prices are for SPOT CASH ONLY.

## Think what depends on your tubes

They are almost as important as your tires. Yet few men watch tube service.

Miller builds the finest tubes that have ever been developed. For 24 years Miller has specialized in super-grade rubber

Miller builds more surgeons' gloves, for instance, than any other concern in the world. And that's the sort of skill re-

Miller Tubes are built of thin sheets of pure rubber. They are built layer on layer-sheet on sheet-up to the proper ply. Then each tube is tested for hours under air pressure to make sure it is air-tight.

You don't get such tubes when you buy tubes by guess. Come and try a Miller Tube, red or gray. Watch its service. After that you'll never buy an ordinary tube.

Millers cost no extra price.

#### EXPORT CORPORATION IS VERY NECESSARY

Dallas, Texas, Oct. 29.—The organi zation of a Cotton Export Corporation to handle low grade cotton and deal directly with the consumers in Europe is the economic hope of the South, ac cording to Joe Sparks assistant treasurer of the Democratic National Committee, who is in Texas for several days. Mr. Sparks comes to Texas in the interest of the Democratic party and also to confer with bankers, farmers and business men concerning the organization of the American Products Export and Import Corporation.

The American Products Export and Import Corporation has been organized under the state laws of South Carolina." according to Mr. Sparks, . with a capital stock of ten million dollars. The corporation is headed by R. I. Manning, for four years governor of South Carolina. It is planned to extend this corporation throughout the Southern states. The leading bankers. farmers and business men in each state will have representation on the board of directors. The books of subscription for the Cotton Export Corporation were opened last week in South Carolina to date the farmers, business men and other citizens of that state have subscriped nearly one million dollars

When the corporation was first proposed in South Carolina the tenative plan of organization was submitted to William Gibbs McAdoo, former secretary of the treasurey. Mr. McAdoo at once recognized the great merit of the proposition and immediately gave it his absolute approval. He was so impressed with the plan that he offered services free in the organization of the corporation. At the present time Mr. McAdoo is in the field speaking for the national committee. As soon as he returns to New York he will be asked to ome south and take the leadership in this great economic movement. Mr. McAdoo will be asked by the Export Corporation to make at least four speeches in the South to arouse the farmers and business men to the necessity of an export corporation to meet the present situation. He will probably speak in Columbia, Atlanta, New Orleans and Dallas.

"The chief purpose," said Mr. Sparks "of the corporation is to create a direct market fro m the producer to the consumer. There was never a time in the history of the world for laying the Jake Houghton, the blind fiddler, CLOSING OF COTTON purchase cotton. Therefore, Europe, on fire. one of the largest consumers of low | The police are holding a suspect but grade cotton, is now and has been for have filed no charges against him. several years out of the market. A representative of one of the European governments has stated that it was the SANTA FE ANNOUNCES desire of his government to trade directly with the producer and that if and the cotton producer will furnish the opportunity whereby they might secure the needed cotton at this time his counbeginning of a permanent arrangement whereby cotton could be sold direct from the producer to his mills.

"There is at the present time a large emount of low grade cotton held and unsold in the cotton belt and there is anprecedented difference in prices for the respective grades. This difference or slack in the prices should be materially reduced as soon as the low grade cotton begins to move to Europe The American Cotton Export Corporation should be the medium for moving this cotton.

"The capital stock of the South Caro lina Corporation is to be divided into shares of \$1 Ocach in value. This par value of ten dollars was arrived at so as to prevent subscribers in cotton and Liberty bonds from having to pay any creat sum of money into the treasury in order to make up an over multiple are payable in cash, Liberty bonds at market value or cotton at is market value. No stock will be offered for sale, of cearse, in any state until all requirements of law have been complied with. Strong appeal will be made to all business men and all bankers The prosperity of the entire population is dependent upon the financial condition of the cotton farmers of the South Several cotton export corporations are being formed at various points in the south. It is the purpose of Mr Sparks to co-ordinate all of these corporations under one head and to ask Mr. McAdoo to take the lead in the creation of one great all-Southern cotton export corporation. Cifizens of Texas desiring full detailed information concerning the plans of this corshould address the home office

#### of the corporation at Columbus, S. C. MURDER MAY HAVE BEEN COMMITTED IN RANGER HOTEL FIRE

Ranger, Oct., 29.-Murder and aron was committed in the Pine street fire in Ranger, wherein a blind fieddler lost his life and property damaged of \$400,000 sustained, is a belief supported by evidence just discovered.

#### 500 BALES OF BOLLY COTTON SENT TO EUROPE

More than 1,600 bales of West Texas ow grade cotton has been turned over by the growers for shipment to Europe George Finberg, cofton factor of Abilene, under the so-called Finberg plan, adopted recently by the directors of the West Texas Chamber of Com-

This information was brought to Ft. Worth by W. T. Wheeler, assistant manager of the West Texas Chamber. who will be in the city for the next

The plan of Finberg is to make an initial shipment of perhaps 15,000 bales to three European ports, there to be old to the best advantage, or, if the market is unsatisfactory, to be stored until it improves. The farmer deposits \$20 with the nearest bank to cover expenses, the cotton is shipped to the nearest compress and then sent to Galveston for concentration. The farmer gets back bis \$20 out of the sale of the cotton and is out a commission of 5

It is pointed out that the bolly cotbeen committed is weighing on his con- ton is unsalable in this country, so that The writer gives the names Europe is the only place where it can of all the parties concerned in the all be disposed of. It is estimated that leged confession. He states that he there are 65,000 bales of this class in wishes to hide nothing that would in West Texas. Fort Worth Star Tele-

# L. AYRES

Is pleased to announce that many people have taken advantage of their special and extraordinary sale of season merchandise which they are offering at greatly reduced prices. This sale will close.

# Saturday, November 13th

There remains yet several days in which you can purchase new seasonable merchandise at prices in keeping with the downward tendencies of wholesale markets.

WHY DELAY THE PURCHASE OF YOUR WINTER NEEDS WHEN THE OPPORTUNITY IS YOURS AND THE LOSS IS OURS?

Right in the height of the season we are offering the PALMER GARMENTS at 25 per cent Discount.

Our Men's Suits and Overcoats are offered at 20 per cent discount.

An unusual economy opportunity will be found in our Men's Work Coats and Vests. This includes blanket and sheep lined coats, sheep and leather lined Vests. Better prepare for the cold weather now.

Regardless of the sacrifice to us and the fact that many many of these items are below wholesale cost, we are affering them to you at greatly reduced prices. We are going ahead and meeting the present market conditions, regardless of the loss to us.

Come to our store before the Sale closes and see how cheap you can buy new seasonable merchandise.

# BRUNSWICK

Make This Comparison Before You Buy Your Phonograph.

DON'T BUY a phonograph, and more than an automobile, without a demonstration. Name isn't all nowadays, as it used to be, when phonographs were a novelty.

Music lovers know real way to test—and that is by tone. The ear picks out superiority quicqly. Naturalness is easily appreciated.

We encourage comparisons. We invite you to hear the Brunswick, them to hear others. We leave final judgement to you. And we rarely lose a sale, when a comparison is made.

This accounts for the great popularity of The Brunswick here and the mation over. It goes into the homes of the most critical because of its overwhelming merit.

It has numerous features unobtainable elsewhere. Such as The Ultona, the all-record reproducer. And The Brunswick Tone Amplifier, built entirely of wood, so as to end metallic sounds forever.

These machines will be sold on the installment plan. Terms to suit your convenience.

# THE HARVEST FOR THRIFTY BUYERS

IT'S A LONG ROAD THAT HAS NO TURN. Season after season we've watched merchandise prices advance. Neither you nor we could stop their skyward trend---due to many conditions, high prices were inevitable, unavoidable and unjustifiable. No one was to blame---No one blessed with ordinary intelligence wanted them. But now it is different. The burden of living costs is very much lighter, as a result of many of many sacrifices on the part of producers, manufacturers, wholesalers and retailers to restore business conditions to a safe and sane basis---to adjust commodity prices to as near normal as possible.

# Our Prices Re-Adjusted to meet conditions and-

during this sale our prices have been reduced considerably lower than present conditions warrant---Clean, new and dependable merchandise to the value of thousands of dollars now being offered during Sale at drastic con-

cessions from heretofore prevailing prices. COST OR REPLACEMENT is not considered during this sale--- the sole object is to meet the demand for lower prices.

### NOW YOUR DOLLARS WILL DO FULL DUTY

Examine the values quoted below---See how much your dollars will buy now. There is no longer any occasion to go without things you need. This is the opportunity for which you have waited for months---take full advantage of these values while you know you can.

Friends in Floydada of G. D. French or a number of years a resident of this place, but since last winter a resident of the City of Dallas, will regre to learn of his demise at his home there last Friday morning.

C. E. Bauck, who spent last summer in Floyd county, while engaged in the harvest, and who was arrested in early September by Sheriff J. A. Grigsby on a charge of forgery, was sentenced in District court in Floydada last week to two years in the state penitentlary Bauck worked for Cross & Sons near Lockney and about the time he left forged a \$42 check on them. The forgery was not known for two or three weeks. When the matter was given to Sheriff Grigsby he located the man at Stamford and got the confession from Bauck before his arrest.

The jinx got after Olin Fry's sudan grass several weeks ago when his barn burned, finished its work last week when the Farmers Elevator at Lockney was burned, and now there is no more of the crop left. Mr. Fry built a new barn on his farm and while the thresher was turning out his sudan he was storing it there. He had about 2,000 pounds in the barn when it burned. Following the fire he hauled the rest of the crop, about 1,000 pounds to market. And it was still in the elevator

# West Texas Gin Co.

Now Fully Equipped

—and prepared to gin all the cotton that comes to them. We are prepared to gin day and night, which gives us a capacity to take care of all the cotton that comes to us. Night ginning will be inaugurated whenever the picking situation demands.

Our crew are all experienced and first class gin men. Our gin was thoroughly overhauled this past summer and every piece of machinery is in first class shape. We feel sure we can give you as good service, turn-out and sample as any gin on the plains.

### PICK YOUR COTTON

We urge the farmers to pick their cotton, and keep it in as good condition as possible. Cleaner the cotton, better the sample and better the price you will receive when you go to sell same.

In order to meet the farmers half way by reason of the low price of cotton, we have lowered our ginning price from 50 to 40 cents per hundred.
