## HELP US GO OVER THE TOP BY SATURDAY NIGHT

### C. OF C. TO HAVE PAID SECRETARY

E. S. SHOAF SUBMITS PROPOSITION TO BECOME SECRETARY OF LOCKNEY CHAMBER

At the meeting of the Chamber of Commerce last Monday the proposition of hiring a paid secretary was taken up and discussed at length, and it was decided that the town would hire a secretary, and a committee was appointed, composed of A. B. Brown, Artie Baker and Ryan Speegle, to circulate a petition among the business men of the town for twelve month subscriptions for the purpose of hiring a commercial secretary for a period of one year.

Mr. E. S. Shoaf of Floydada, who has been express messenger on the Santa Fe through Lockney for some time, was present and made application for the position as secretary of the organization, and will probably be accepted at the next meeting of the club, which will be next Monday at noon.

Mr. J. F. Anton, division superintendent of the Santa Fe, was present at the meeting Monday, and the depot question was thoroughly discussed, and Mr. Anton stated that he would submit a proposition to the Santa Fe railroad to build a brick depot in Lockney and that he would return to Lockney at a later date when the officials of the Santa Fe had passed on the matter and re-submit the proposition to the Chamber of Commerce, and that he was quite sure that the Santa Fe and Lockney could agree on the depot proposition.

C. R. Wilkinson reported that the Texas Utilities Company was ready to begin on the street lighting contract just as soon as the material arrived, and that the material had already been shipped for this purpose.

A motion was passed transferring the fair fund to the general fund of the Chamber of Commerce and dismissing the fair committee, as they had completed their work.

Those present at the meeting were: F. M. Kester, L. H. Graver, Burton Thornton, R. M. Champion, A. P. Barker, H. P. Coleman, W. C. Watson, D. C. Lowe, T. Scott Wilson, A. B. Brown, J. B. Downs, C. R. Wilkinson, J. W. Monroe, Z. T. Riley, A. J. Crager, R. F. A. Truett and H. B. Adams. The visitors were J. F. Anton of Slaton, Mr. Montgomery, traveling freight agent for the Santa Fe, E. S. Shoaf of Floydada and George Sides of Lubbock.

### WILL BEGIN WORK ON WHITE WAY

MATERIAL EXPECTED HERE IN FEW DAYS FOR ERECTING LIGHTS OVER TOWN

The material necessary for the erection of light lines and the placing of the street lights in Lockney has been shipped and is expected to arrive in Lockney any day now. There will be about forty street lights erected and they will be placed so that they will practically cover the business and residence sections of the town.

The City Council recently signed a contract with the Texas Utilities Co. for this street lighting system, and when it is completed, Lockney will be lighted up as well as any town in this section of the country.

### MRS. C. L. ZIMMERMAN DEAD

Mrs. C. L. Zimmerman, age 50 years who lived west of Lockney, died in the sanitarium at Amarillo Monday morning at 11 o'clock. Mrs. Zimmerman was carried to a Amarillo sanitarium in a very critical condition Sunday night.

The remains were shipped to Missouri for burial.

Mrs. Zimmerman is survived by her husband, Mr. C. L. Zimmerman, a daughter, Mrs. Bertha Willard of Lockney, and a son, Lloyd Zimmerman of Austin, Texas.

Mrs. Alma Jo Livingston visited friends in Slaton last Thursday.

### WALLER MOTOR CO. BUILDING GARAGE

BRICK AND TILE BUILDING OF 66x70 FEET NOW UNDER CONSTRUCTION

Messrs. N. E. Waller and H. H. Trussell have begun the erection of a garage building on Locust street between the new Barker building and the Beacon office, the dirt being broken for the foundation Tuesday afternoon.

The building is to be 66 feet frontage on Locust street and 70 feet back, and is to be constructed of brick and tile, with a drive in filling station in the front and an indentation of 20 feet for this purpose, and the front will be plate glass, with three partitions, giving large doors to drive in the garage at each side with a show window in the center.

The Waller Motor Co. will move their business to the new home as soon as it is completed, and they intend to complete the structure within the next thirty or forty days.

Mr. Trussell is a brother-in-law of Mr. Waller, and has lately moved to Lockney from Wichita Falls, Texas.

### BIG MASS MEETING AT SCHOOL AUDITORIUM MONDAY NIGHT

Next week is National Education Week. Do you know what your school is doing? Do you know what your school stands for? Do you know the accomplishments of your school in the past? Do you know what your school needs to make it second to none? And do you know what your children are doing? If you do not come to the big mass meeting, sponsored by the Civics Class of the Lockney High School Monday night, at 7:15. If you do know something about it, come and find out more. We want every one interested in education in any way to be present.

There will be an exhibit from every class in school and also pupils as well as town people will make speeches. Also there will be stunts by the different student organizations. Be there at the School Auditorium Monday night, November 16th, at 7:15.

We also invite you to visit our school next week.

### ARRESTS MADE ON GRAND JURY INDICTMENTS

Leonard and Walter Roberts, indicted by the grand jury at the recent term, were arrested in Dimmitt, Saturday and Sheriff J. R. Maddox brought them back to Floydada, on a charge of having stole some chickens in the Lone Star community. They made bond in the sum of \$300 each and were released. There were two cases against each of them so we are informed by officers.

Wilber Hampka, charged with stealing a pair of shoes from T. D. H. Whitaker, was arrested in Tulia the past week and brought to Floydada and lodged in jail.

### CROSBYTON AND LOCKNEY WILL PLAY HERE MONDAY

The Crosbyton High School foot ball team will play the Lockney High School team here next Monday afternoon on the high school foot ball grounds. The game between these two teams was rained out last Friday, and the new date was set for Monday of next week. Be sure to turn out and support your home team.

### MRS. TEAFF RUN OVER BY CAR SATURDAY

Mrs. Floyd Teaff was knocked down and run over by an automobile Saturday afternoon while crossing the street near the First National Bank. The car passed entirely over her body but fortunately she was not hurt in the least.

### Makes Good Indian Corn

C. E. Wells informs us that he has just gathered a patch of Indian corn on his place from which he made 53 bushels to the acre. He stated it was white corn and very fine.

### WE ARE \$5,000.00 SHORT OF OUR GOAL; HAVE YOU DID YOUR BIT?

Big Drive Wednesday Added \$5,000.00 To Right-of-Way Fund; But We Like \$5,000.00 Being Over the Top—Must Be Raised Before Saturday Night If Committee Signs Contract With Fort Worth & Denver South Plains Railway Company.

Eight teams, comprising about forty men and women, spent the day Wednesday in visiting the people over the Lockney country getting money and right-of-way subscribed for the Fort Worth & Denver South Plains Railway, and they only got one-half the amount necessary to finish the subscriptions so that the railway committee could be able to sign the contract with the company. This amount of notes (\$5,000.00 more) must be in the hands of the committee by Saturday night, as that is the date for winding up the contract, so that the Denver people can be notified that we are ready to sign the contract. Nearly \$25,000.00 has been signed up, and it will take \$30,000.00 to take care of the expense of securing the right-of-way, so it is thought by members of the railroad committee, and the committee is not willing to sign up for the road until \$30,000.00 worth of notes are in the hands of the trustees.

In Wednesday's drive most of those approached signed up for some amount, however, some men turned the committees down, and did not sign at all. Every person should feel that it is his or her duty to help secure this line of railroad, and if it is at all possible for them to subscribe any amount to the right-of-way fund, should come in voluntarily and do so. It is just as much to the interest of one property owner as another to secure this line, and it is also to the interest of every tenant or laborer to help secure the second railroad through the town and country, and it is not a donation the man who subscribes is making, but it is an investment that will bring him big returns. The securing of the railroad will mean the first year it is in operation a saving of more in freight rates than the amount we are to raise to buy right-of-way with; to the farmer it will mean a saving on every ton of maize, bale of cotton, bushel of wheat, or pound of poultry that he sends out, besides it will increase the value of his land and make it more saleable if he desires to sell, and it will give him better transportation facilities and a shorter haul to the better markets he wants to reach. To the town man it will mean that it will help build up the town, create more labor using businesses and industries, make the living expenses cheaper by reason of lowering the freight rates, make wages better by reason of being more jobs to work; increase the value of property and help in a thousand ways to make the country as a whole a better place in which to live.

The committees are still working on the job, and they expect every man that can, to turn in his subscription before Saturday night. We expect to publish the list of those who have contributed in our next issue if the subscription is raised, and we hope that the name of every business organization in town will be in that list, as well as the name of every farmer for a radius of several miles on each side of the Denver line clear across Floyd County.

A detailed report will be published as soon as the subscription is completed. Get busy now and help put it over the top.

### MONDAY NIGHT MEETING

There were about one hundred people present at the mass meeting held at the school building Monday night. Mr. A. B. Brown had charge of the meeting and made a talk explaining the purposes of the meeting, and introduced Judge W. D. McKay, right-of-way commissioner of the Fort Worth & Denver. Judge McKay in his talk informed the people of Lockney that he was here to wind up the right-of-way matters, preparatory to the signing of the contract, and stated that every foot of the right-of-way, from Lubbock to Estelline must be secured before the Denver Road would sign with any of the towns along the line, and that Colquhoun was ready to sign at that time. Turkey would be

ready by Saturday and Estelline would also be ready by Saturday, and that Lockney and Petersburg were the only towns that had not completed their share of the right-of-way, and if they failed to do so at once, the Denver might have occasion to change her plans and build over the cheapest route. He stated that as Lockney was the first town to invite the Denver to build into their town, that he would be glad to have Lockney to be the first town to wire the head officials that they were ready to sign up the contract, and if Lockney would finish their right-of-way at once and wire Mr. Clarke, that arrangements would be made to hold a Denver Road jubilee in Lockney and that the Denver officials would come in a body to

Continued on Page 4

### DR. Z. J. CYPERT RUN OVER BY CAR

BOTH LEGS, HIP AND NOSE BROKEN—IS IN SERIOUS CONDITION

Dr. Z. J. Cypert was run over by a Ford car driven by Mr. McCormick in the Alamo community, northeast of Lockney, Sunday evening, between 6 and 7 o'clock, and is now in the Floydada Sanitarium in a critical condition.

As best we can ascertain the facts, it was at the time of day when it was too light for the car lights to be on, but dark enough that the driver could not see very far, and that the Doctor had started from the home of his son to his own home and was walking down the road with his back to the car when the accident occurred. Dr. Cypert was quite hard of hearing given for one of the reasons he did not hear the approaching car.

We are informed that both of his legs were broken and shattered, that his right thigh was broken, his nose broken and a deep gash that necessitated the taking of three stitches was cut over one of his eyes. On account of the age of the Doctor there was little hope for his recovery, and just after the accident his death was looked for hourly. We understand that he was much better Tuesday, and some hopes are held out for his recovery.

### S. P. CARLTON OF LORENZO KILLED IN CAR ACCIDENT

S. P. Carlton, 40, prominent stockman and deputy sheriff at Lorenzo, Crosby County, was found dead at 5 o'clock Saturday afternoon sixteen mile southwest of Floydada, in the edge of Floyd County.

An inquest was held at 8 o'clock tonight at the scene by Justice of the Peace J. C. Gaither, who found that death had resulted from an accident. Carlton's back was broken and he had a slight abrasion about the head.

His body was found under the right side of the car. Carlton had evidently been pulled under the car when the jack that held up the wheel he was repairing slipped out. The car had been halted on an incline.

Carlton was enroute to Floydada to receive 140 head of calves which he had recently purchased. He leaves a family. The body was taken to his home at Lorenzo. Funeral arrangements had not been announced at a late hour Saturday night.

### YOUTH KILLED, ANOTHER STABBED IN FIGHT AT SPUR

SPUR, Nov. 9.—Edgar Brawley, 19 is dead, the result of a bullet through his body. Carl Denson, 21, is in a Spur hospital suffering with knife wounds in his back and arms, while charges of murder have been filed against Pat Denson, brother of Carl, and an assault to murder charge has been filed against J. A. Brawley, father of the dead man.

Trouble between the Denson and Brawley families, who are neighbors in the Highway community, occurred Saturday and is said to have started when young Brawley slapped a Denson girl. Later Saturday older members of the two families met in the Spur National bank and a fight occurred between the elder Brawley and Carl Denson.

Young Brawley went to the aid of his father, according to witnesses and Denson received knife wounds which may cause his death. Both Brawley and his father were placed under bonds of \$1,000 each.

Sunday afternoon when Brawley and his son returned to Spur, presumably to give bond, young Brawley was shot by Pat Denson, a brother of Carl. A bullet penetrated the abdomen on the left side and lodged in the left kidney.

A murder charge was filed against Pat Denson and he will be given a preliminary hearing in Spur tomorrow.

Mrs. A. J. Crager and R. D. Mitchell have gone to Roswell, N. M., for a visit of two weeks with Mrs. H. T. Crager.

### BARKER BUILDING BEING COMPLETED

BRICK WORK IS NOW COMPLETE AND ROOF IS NOW BEING PUT ON

The new Barker building, now under construction, just east of the Beacon office, is rapidly being finished by contractor Stark. The brick work on the building is practically complete, and the carpenters are now putting the roof on the building. A beautiful rough brick front has been erected, and within a few days the plate glass will be placed in the front and the carpenters will be busy on the interior work.

The building will be finished and ready for occupancy in about thirty days, and Mr. Barker expects to have his garage and Ford service station moved in to the new building and ready for business by or before the 1st of January. The new building will afford Mr. Barker ample room for a first class garage and service station and one of the classiest show rooms for his new cars that is to be found in all West Texas.

### YOUTH WHO FORFEITED BOND NOW IN CO. JAIL

Oscar Hyman, Swisher county man whose bond of \$7,500 was forfeited when he failed to appear before the Floyd County District Court recently to answer on a charge of rape after being indicted by the Floyd County grand jury eighteen months ago, has been lodged in the County jail to await another bond and trial next March, provided he is able to again make bond; otherwise his jail term is indefinite.

Hyman, shortly after he was scheduled to appear for trial, was found between Turkey and Memphis, Hall County beside his car in an unconscious condition, and then taken to a Memphis sanitarium to recuperate from the injuries he received from being, it is supposed, either hi-jacked or injured in the automobile. Then, when sufficiently recovered, he was brought to the Floyd County jail—Hesperian.

### SILVERTON GINNER SEVERELY INJURED IN GIN ACCIDENT

E. E. Blakney of Silverton was brought to the Plainview Sanitarium at about 11:30 p. m. Wednesday, having been seriously injured in an accident which occurred in the Blakney gin at Silverton shortly before.

Mr. Blakney's brother, Pete, turned the press in gear when E. E. was looking over into it and adjusting it. Pete Blakney was not aware that his brother was at the press when he put it in gear.

At the sanitarium this morning it was stated the injured man's condition is very grave. Bones in his face were broken and he received severe lacerations, and splinters were found sticking in his face, mouth and tongue. Besides the injuries to his head he was otherwise severely bruised.

The injured man was placed in an automobile and rushed to Plainview. He is about 31 years of age and married and makes his home in Silverton.—Plainview News.

### WILL HOLD AUCTION SALE OF HOGS

An auction sale of fine hogs will be held at Holmes Bros. farm at Sand Hill on Wednesday, Nov. 18th, beginning at 10 o'clock. These hogs are very fine stock and won at the Amarillo Tri-State Fair this year. They have some pigs that farrowed on Sept. 8th that weighed 50 pounds on Nov. 8th. The Sand Hill Home Demonstration Club will serve cakes and pies at the sale, and there will be free lunch at noon. There will also be other stock sold at the sale.

Install Telephone Pay Station  
The Southwestern Bell Telephone Co. have installed a pay station in the Lockney Drug Co. for the convenience of all those who do not care to go to the telephone office to talk.

#### SPEAKER FLINGS CAUSTIC CRITICISM AT PRESENT REGIME

#### Urged Session—Satterwhite's Statement Prompted By Moody's Suit Against Road Heads.

Flinging caustic criticism at the Ferguson administration, Speaker Lee Satterwhite of the Texas house of representatives, re-entered the political embroglio Friday, making a statement outlining his position.

Satterwhite recently broke off relations with former Governor James E. Ferguson, the governor's chief adviser, and urged a clean up of state departments, by a special session of the legislature, if necessary.

"It is poor economy," he said today, "to hide behind the statement it would cost possibly a hundred thousand dollars to make a legislative investigation, while we sit by and approve the waste of millions which come from the pockets of the people the same as any other tax."

Satterwhite's statement was prompted by the action of Attorney General Dan Moody, in filing suit against the road company for recovery of "excess" profits. He declared that the attorney general's suit was "wholly justified but very likely means a long drawn out court fight, whereas the legislature can clean out the whole affair in less than 30 days."

When queried by the United News today as to his attitude on the attorney general's action and the advisability of a special session, he made the following statement:

"Replying to your inquiry I take no hesitancy in saying that if I were governor of Texas and such ugly allegation should be made against any state department the head of which I was responsible or any other department as for that, as was made by the attorney general, in the suit filed to cancel certain road contracts, I would not hesitate to convene the legislature and ask for a sweeping investigation in order that all the facts might be developed so the people might know who is who, and the whyfores of such a deplorable situation as alleged in the suit.

It is poor economy to hide behind the statement that it would cost possibly a hundred thousand dollars to make a legislative investigation while we sit by and approve the waste of millions which come from the pockets of the people the same as any other tax.

"The suit filed by the attorney general is proper and wholly justified but very likely means a long drawn out court fight whereas the legislature can clean out the whole affair in less than 30 days.

(Signed)  
Lee Satterwhite.

#### WHAT'S DOING IN WEST TEXAS

Cisco—The most unique fish hatchery in the world is to be built at Lake Cisco by the State Game Fish and Oyster Commission. Contract has been let for the first unit and when complete the hatchery will represent an investment of \$30,000. The unusual feature rests in the fact that the hatchery is to be built inside the

big dam in the world and it will enable the plant to turn out millions of fish. Rainbow trout, yellow cat, bass, beam and crapple will be propagated.

Aspermont—The Stonewall County Chamber of Commerce held a business and social meeting here. The West Texas Chamber of Commerce was represented by E. H. Whitehead, publicity manager who made an address. J. H. Squires special agent for the Westchester Insurance Co. of Dallas also spoke. H. F. Grindstaff is president and Bob Robertson is secretary of the Stonewall County organization.

Plainview—The highway from Lubbock to Canyon a distance of 115 miles is to be oiled by the State Highway Department. The entire road will be graded and rolled and treated with special asphalt oil by a method similar to that employed in Illinois. Cost of the work is estimated at \$1000 per mile and will be paid for with road maintenance funds. If this proves successful a number of Panhandle highways will receive similar treatment.

Robert Lee—Preliminary steps looking toward the great Colorado River irrigation project in this county were taken at a meeting here. Porter A. Whaley, manager of the West Texas Chamber of Commerce, Gib Gilchrist a committee of Coke County citizens and J. Nagel prominent engineers and spoke on the project. An extended discussion was held and another meeting to be held here Nov. 14 when Frank Kell, C. M. Caldwell, A. Lincoln Fellows, Porter Whaley and R. Q. Lee with other prominent builders will discuss the project thoroughly with Coke County property owners and a definite decision will be reached as to whether the project will be pushed.

Littlefield—Lamb County has been granted three hundred thousand dollars for highway construction on Highways No. 7 and No. 28. This sum must be matched with county funds. Agitation is under way for a bond issue for highway construction in the county and it is likely that an election will be held soon.

Quanah—A solid train load of cement plaster was shipped from a local plaster mill this week. The commodity will be sent via train to Savannah, Georgia, from whence it will go via steamship to Florida. Florida is at present buying enormous quantities of cement plaster and west Texas gypsum mills are reaping great benefits from the building boom in Florida.

Lubbock—A whirl wind campaign for six thousand dollars is being waged by the local chamber of commerce. This money is needed to pay off outstanding debts and continue operations to January 1st. An election will be held before January 1st. to vote an amendment to the city charter providing for a board of city development.

Abilene—The Abilene Chamber of Commerce is preparing a booklet giving the names of all contributing members of the organization and naming those citizens who have been active in putting over civic programs. This is intended to stimulate Chamber of Commerce activities and support as well as give proper credit to the workers.

Sweetwater—The Texas Hereford Association held its annual auction sale of registered Herefords here. A total of 28 head were sold at an average price per head of \$293.64. Top was \$725 for a bull consigned by D. L. McDonald of Hereford and bought by Mrs. H. C. Meriwether of Alpine. All cattle offered were entered in the Nolan County Fair.

#### PROHIBITIONISTS AFTER JAKE SELLERS

Herbert H. White Will Try to Rid State of Dealers and Distributors.

FORT WORTH, Nov. 7.—Although conservative druggists estimate that one pint of Jamaica ginger is all an average drug store will legitimately sell for medical purposes, the 2,700 drug stores in Texas sell over 49,000 gallons of 'jake' annually, it is said by Major Herbert H. White, Federal prohibition director for Oklahoma and Texas.

"More 'jake' is sold in Oklahoma and Texas now in one day than was sold during ten years' time before prohibition," the dry leader asserted, and added that his forces were going to make a special effort to rid this territory of the jake-peddling drug stores and especially of the distributors of this medicine with its high content of alcohol.

Attacks Moral Fiber. The ravages of this drink, which is being used in greater and greater quantities, especially in certain regions of the State, is an especial menace, as it seems to attack the moral and mental fiber of its eddies and holds them in bonds until they are destroyed. The fiery potion is generally taken in sodawater, although some addicts take it straight with the result that their gullet and

**WRIGLEY'S JUICY FRUIT CHEWING GUM**

SEALED TIGHT KEPT RIGHT

stomach are practically scorched. "The alcohol used is practically all purchased from illegal sources because the 'jake' manufacturers sell the stuff for less money than the tax on the alcoholic content would cost them," Major White said. Much of it is denatured, he added.

No druggist may legally sell more than two ounces of Jamaica ginger to any person at one time. There are, however, many violations of this law by unprincipled druggists, he said.

The suppression of the sale of 'jake' as an intoxicant will probably be unsuccessful as long as the manufacture of it is not closely restricted by the Government, which can best be done by canceling the permits to purchase alcohol of certain large 'jake' producing manufacturers, it was intimated by the leaders among Texas druggists during their last annual meeting, held in Fort Worth.

There are now approximately 3,000 permit holders in Texas and nearly 500 in Oklahoma. An intensive check of these agencies allowed to sell intoxicants is in progress, which has demanded the increase of the permissive force. When this investigation has been completed the violations of the prohibition law by whisky and 'jake' peddling drug stores will be practically stopped, it is believed by Major White.

Mrs. Zale Hipp, of Grandfield, Okla., who has been here for several days visiting her parents, Mr. and Mrs. U. S. Braswell, left Sunday for her home.

A. Waltonbarger, land owner of Red Branch, 25 miles northwest of Sherman, has discovered a vein of coal on his farm. It is 19 feet under the ground and ranges from 50 to 300 yards in width.

Valuations of Cameron County property on the tax rolls just completed are \$27,272,512, as compared with \$25,288,413 last year, an increase of almost \$2,000,000.

Menard will ship 300,000 pounds of pecans and Kimble County will market 800,000 pounds, according to announcements of growers in those sections.

There has been ginned in Rusk county up to October 18, 44,802 bales of cotton as compared with 17,224 bales for the same date in 1924, making this year's crop almost three times as large as last year's.

An early and discriminative selection of farm seeds as one of the most important moves in preparation for next year's crops in East Texas is recommended by R. E. Carswell, Wood County agricultural agent.

The controversy between the cities of Schulenburg and Platonia over distribution of \$27,000 in highway surplus funds has been settled by Fayette County commissioners with the award of half the amount to each.

October, 1925, came near the record for October rainfall at Galveston with 17.34 inches. Only twice in 55 years has this been exceeded, with 17.78 inches in 1871 and 17.39 in 1877. In October, 1924, only a trace of rain fell.

The law requiring railroads in Texas to maintain comfort stations at stations was upheld recently by the supreme court when a writ of error was refused in the case of the Fort Worth and Denver City Railway Company against the state of Texas from Clay County.

Mayors of 52 Texas towns have been advised by State Fair Marshal J. J. Timmins that the fire marshals of those towns are delinquent in making reports regularly of fires, and that unless these reports come with more regularity, a charge of 2 cents will be applied immediately to the key rate.

Immigration department officials in Fort Worth have been requested to assist the South Texas department heads in stopping the expected influx of Chinese coolies into the United States when a recent edict of President Calles of Mexico expelling the Orientals from the country goes into effect.

Assessed valuation of Freestone County this year is \$22,258,485, against \$10,107,949 for 1924, figures made public by the tax assessor at Fairfield show. The increase of \$12,150,515 is due to discovery one year ago of oil near Wortham and the bringing in of one of the best pools of the Balcones fault in Freestone County.

Only indigent confederate veterans are eligible to apply for pension, Controller S. H. Terrell was advised this week by Assistant Attorney General George C. Christian. The opinion, in answer to a query of the controller, stated that though a veteran be disabled, he was not entitled to receive the pension if he had any source of income.

In order to prevent the spread of the pink boll worm, rules requiring that all cotton lint from El Paso and Hudspeth counties be vacuum fumigated, has been promulgated by George B. Terrell, commissioner of agriculture, effective November 10. The rules also require that all cotton lint shipped in from Donna Anna County, New Mexico, be vacuum fumigated.

Farmers and business men of Milano and vicinity have organized in Houston the Milano Watermelon Growers' Association. The following officers were chosen for the ensuing year: J. H. Burnet, president; R. J. Sloan, secretary; G. W. Butte, O. T. Bullock and S. E. McGregor, directors. It is estimated that between 750 and 1000 acres will be planted to watermelons by the association.

Thus far this year Texas has escaped an epidemic of dengue fever. In previous years Texas people have suffered in the fall seasons both physically and financially as a result of the fever, but only three cases have been reported this year. County and city health officers reported communicable diseases for October as follows: Tuberculosis, 155; chicken pox, 7; diphtheria, 78; dysentery, 2; influenza, 11; measles, 3; meningitis, 3; mumps, 8; pellagra, 2; poliomyelitis, 1; pneumonia, 1; scarlet fever, 46; smallpox, 1; typhoid fever, 68; trachoma, 1, and whooping cough, 67.

Order permitting cotton being shipped on the Texas and Pacific railway from Manshaus, Arcoya, Puote, Quita and Harrow, stated to be compressed, may be fumigated and consigned at Pecos, Texas, without extra charge, has been issued by the Texas railroad commission.

Write your name on this ticket and deposit it in the box. Tickets will be drawn from the box at the end of each sale. The name on these tickets gets a large Indian Blanket absolutely FREE.

## THE MEN'S STORE

W. H. SEALE, Auctioneer

LOCKNEY, TEXAS

OTIS HARRIS, Owner

#### WE ARE \$5,000.00 SHORT OF OUR GOAL

(Continued from Page 1)

Lockney and sign the contracts of all the towns here at the same time. The Judge stated that the Denver was not the least bit uneasy about the granting of the permit, but that they wanted the contracts signed at once so that they could carry them to Washington so that in case they were needed at the hearing that they would have them there. Judge McKay informed those present concerning the condemning of right-of-way in cases where people did not wish to give or sell the right-of-way at reasonable prices, and impressed upon them the fact that it was far better to be reasonable in such matters, as nothing was to be gained by the person who tried to be unreasonable, as his property would be appraised and turned over to the railroad company and that in law suits over such matters it would be in many cases that the property owner would spend more than the land or damage amounted to in the courts, and then be several years getting anything. He stated that he wanted Lockney to get on the dotted line and sign up the Denver so that both parties would know finally about the matter and what to expect of each other, so that just as soon as the permit was issued that the road could begin building. He stated that the material for the road was now being assembled at

Childress and that the construction would begin just as soon as the permit was issued. Short talks were made by Mr. Brown, Wm. McGehee, E. S. Shoaf, of Floydada, T. Scott Wilson, county agent, Mrs. W. D. Long and others. W. C. Watson said the survey run angling across his farm, but he would give the right of way and wished that his farm was larger so he could give them more right-of-way, as he considered it would increase the value of his property more than it would damage it.

Mrs. W. D. Long stated that she was giving the right-of-way across her ranch north east of Lockney, but that she intended to help Lockney raise the right-of-way and the money also, and that she would donate a calf for the big barbecue for the jubilee to be held in Lockney at the signing of the contracts.

Artie Baker gave a financial statement of how things stood at this time and stated that the thing to do was to get the Denver people on the dotted line while they were in the notion, as Lockney had been very uncertain of the proposition on account of the many months we had waited for the time to come to sign up, and that it was not an assured fact that we had the road until we had signed the contract with the Denver people.

The meeting adjourned to meet at the Isis Theatre at 10 o'clock Tuesday morning, a committee being appointed to see that every business house in Lockney closed and that the

business men and clerks attended the meeting.

#### TUESDAY'S MEETING

Tuesday morning in response to the request of the committee at 10 o'clock every business house in the city closed for one hour and the business men of the city gathered at the Isis Theatre building where they held a mass meeting concerning the raising of the necessary funds to complete the right-of-way.

Mr. A. B. Brown was chairman and explained the purpose of the meeting, and told of the way that the Denver Road was induced to consider Lockney in their building program, and of the trips made to Fort Worth and Chicago by him, for the purpose of trying to get the line to run through Lockney and how he finally succeeded in getting the original line changed so that the road would run through Lockney instead of Floydada, which was the point on the original map.

Judge McKay was then introduced and stated that Lockney was not included on the original plan, that the plans had been changed to include our town, that the program was changed upon the first visit of the Denver Officials to Lockney, as they never had before been given such a royal reception than was tendered them in Lockney last Spring, nor had they been given such a reception since, but he remarked that we made a better showing in the spring than we made in the

fall. He stated that the trains from Lubbock through Lockney would run direct into Fort Worth and that the line would be a direct line from the Plains to Fort Worth and Dallas, and a one line freight and passenger haul from Lubbock and Plainview to Fort Worth and Dallas. He stated that the Denver people were now ready to build, and that construction would begin just as soon as the permit was issued, and that they were bound by contract to go to Lubbock and Plainview, and that they intended to build to these two towns, but they did not have to build over the line from Estelline to Lockney in order to reach these two towns. He stated that it was possible that these two towns could be reached by other routes and that if the towns along the line from Estelline to Petersburg failed to come up with their contract, the contract with neither of the towns would be signed. He pointed out that the Denver had asked for no bonus, nor townsites, that they were building a railroad, and that they had set aside \$5,600,000 for this purpose, and that they had spent more than \$200,000 on the surveys, or more than \$1,000 per mile, and that Quitaque was now ready to sign their contract, Turkey would be by Saturday night, Estelline would also sign by Saturday, and that Lockney and Petersburg were the only towns on the line that were not ready to sign. He stressed the point that all the towns must sign up at once, or none of them would be allowed to sign, and that if they sign up we are ready to begin work the minute the permit is granted. He also stated that if Lockney gets her part ready, and the rest of the towns come up with theirs, we will have Mr. Clarity and the other Denver officials come to Lockney, and will invite all the other towns to come here and we will have a genuine Denver jubilee and sign up all the contracts at one time, showing this favor to Lockney because the Lockney committee was the first in all West Texas to invite the Denver to build into their town.

Mayor T. Z. Reed made a short talk, giving a history of the pioneer days of the Denver Road, when the people of this section freighted their products to and from the Denver line at Amarillo, and other points, and told of the great development that had come to this country since that time and of the worth of the new road to the country at this time.

Mr. Brown cited the fact that today we are paying more money out in freight rates on differential territory, in which Lockney now figures, each year than we are asked to raise for the right-of-way, and if we get

We will pay you the highest market price for your Maize Heads.—Farmers Times were in Lockney Sunday, visiting with W. R. Stone and wife.

## OUR BIG CLEAN-UP SALE

(Continued from page 4)

the Denver Line through Lockney this one item the first year will put more money in the pockets of the farmer and business men than the

right-of-way will cost us, and our freight rates to our eastern markets will cut at least one-third the present freight rate. He stated that the railroad would benefit the farmer most, because it would give him a direct outlet to the market in which his products are sold, giving much shorter mileage and quicker time. That the

freight would be lowered by the cutting off of the differential and also on account of shorter mileage, and that while the farmer would receive the most benefits from the railroad that every business man would receive benefits and that the merchants could then compete with the towns in common point territory on the prices of their goods, thereby making the living expenses of the entire country much cheaper, allowing us a larger per cent to our part of the crops that we raise. Mr. Brown also stated that today there were plans and contracts drawn for twenty-six brick business houses in Lockney, a \$50,000 hotel two wholesale grocery houses, one compress, and another compress wanting to come in if the first one fails to carry out its agreement at once, two oil mills and all these things are hinging on the signing of this contract and the issuing of the permit by the Interstate Commerce Commission, and that if Lockney wants to move up and build the town and country, it is up to the citizens of the community to raise the funds necessary, so that the committee can afford to sign their names to the contract, as the contract will not be signed until the money is up to take care of the men who sign their names to the contract.

Eight teams were named and a holiday declared for Wednesday, Nov. 11th, with the instructions that these teams go to work and stay on the job until the full amount needed was raised to take care of the right-of-way. The teams are as follows:

No. 1—L. H. Gruver, Captain; A. J. Crager, D. C. Lowe, G. S. Morris, T. H. Stewart.  
No. 2—W. C. Watson, captain; Z. T. Riley, C. A. Wofford, Wm McGehee and E. E. Dyer.  
No. 3—Carl McAdams, captain; Dr. H. H. Ball, S. W. Perry, T. Z. Reed, J. W. Davis.

No. 4—E. Guthrie, Captain; Ryan Speegle, Marshall Davis, Carlie Ayres O. E. Stevenson and Hugh Counts.

No. 5—A. R. Meriwether, captain; F. M. Kester, H. P. Coleman, R. F. A. Truett, D. P. Carter.

No. 6—Mrs. W. D. Long, captain; A. B. Brown, Mrs. R. W. Long, Chas. Wilson, Mr. Lyles.

No. 7—Artie Baker, Captain, C. R. Wilkinson, Floyd Huff, W. O. Stark, E. L. Woodburn.

No. 8—Geo. T. Meriwether, captain; M. M. Day, Elmer Baker, Rev. C. J. McCarty, A. P. Barker.

The committee were given lists of names of persons who had not subscribed and were put out to stay on the job until every dollar needed to care for the right-of-way proposition was signed up.

ARTIE BAKER BANQUETS COMMITTEES WEDNESDAY

A banquet was arranged Wednesday evening at the Brewster House by Mr. Artie Baker for the committees who worked on the raising of the right-of-way and funds that day. There were twenty-eight committeemen present and a turkey supper, with all the fixing was served by Mrs. Brewster and her efficient force. After the supper a check up on the day's work was made, and plans were made for the finishing up of the right-of-way matters.

PLAINVIEW SANITARIUM NEWS

After a successful operation for appendicitis Miss Eva Cooley of Hale Center is able to leave the Hospital for her home.

Miss Cleo Phillips of Olton entered the Sanitarium for an operation some few days ago. Miss Phillips is doing nicely.

Mrs. Nancy A. Jasper of Tolia was in the Sanitarium first of last week for medical treatment.

Billie Brooks is now able to leave the Sanitarium after undergoing an operation.

Mrs. Carrie Maples of Quitaque, Texas is in the Sanitarium where she is under the care of Physicians.

Mrs. Katherine E. Snell of this city is improving since undergoing a minor operation in the Sanitarium last week.

Mr. and Mrs. G. H. Walker of Olton are the happy parents of a fine baby girl which was borned in the Sanitarium last Tuesday. Mother and babe are doing nicely.

Dorris, the three year old daughter of Mr. and Mrs. J. W. Kolb of Lockney entered the Sanitarium where she underwent a tonsil operation, last Wednesday.

Miss Ruby Rivers of Turkey is recovering from an operation for appendicitis. Dr. Rivers, uncle of the young lady came over and assisted with the operation.

H. B. Gilmore of Memphis, Texas, son of Dr. Gilmore of Turkey, Texas, had his tonsils removed last week at the Sanitarium. Dr. Gilmore came over and assisted with the operation.

J. C. Howard of Dimmitt, Texas, accompanied by Dr. Miller was over last Wednesday. Mr. Howard had an

operation for tonsils and other minor operation. Mr. Howard left the Sanitarium the following day.

Miss Ruby Barret t is recovering from an operation for appendicitis.

Mr. R. J. Stalling of Tolia is improving since being in the Sanitarium under the care of Physicians.

Mrs. M. E. Selders of Kress is in the Sanitarium under care of Physicians. Mrs. Selders condition is very satisfactory.

E. E. Blakeney of Silverton who was severely hurt in the gins at Silverton is in the Sanitarium and doing well as could be expected.

The son of J. W. Hancock of Olton is recovering nicely from an operation for appendicitis.

Virginia Nix, daughter of Dee Nix of Plainview is resting well since undergoing an operation last week.

Little Joan Lloyd, daughter of Dr. and Mrs. W. J. Lloyd of this city is in the Sanitarium where she underwent an operation for appendicitis on last Friday morning at two. Her condition is very favorable.

Mrs. Chas. Sagling of this city is recovering from an operation for Tonsils.

Embra, the eighteen year old son of T. C. Douglas of near Lockney who was operated on last Friday is very much improved.

Mr. E. H. Hope, brick layer, was painfully bruised when a wall collapsed on last Saturday. The building is being put up on North Broadway. Mr. J. N. Dean was also, considerable bruised. They were carried to the Sanitarium in the ambulance where first aid treatment was given.

SAND HILL P. T. A.

On November 17, 1924 the people of Sand Hill met at their High School auditorium to organize some form of a community organization. The result was the P. T. C. Society with Ed Holmeb president, Miss Glennia Smith vice-president, Mrs. Ella Ross secretary-treasurer, Olin S. Miller sergeant-at-arms, and Miss Ola Hanna critic. Meetings were to be held on Friday night every two weeks.

Very soon the idea of presenting a dramatic play every month with a literary program between times was decided upon by the president. Almost 100 per cent backing by the Sand Hill community caused this idea to go over in big fashion. We are very grateful also for the outside interest and faith that other communities had in us and caused it to be a greater success.

Eleven plays have been presented to date with number 12 coming Friday night November 13, 1925. Don't miss this last one. It is the best.

Season tickets good for twelve plays were issued for \$1.00. Every person, officer, actor ect. were forced to buy one of these tickets if they expected to take part or see these plays presented. They sold rather slow at first because it sounded like a "fish" story but no one was ever sorry after buying one. Delay in buying them caused some to pay as high as \$2.00 and up.

No method it seems could have been more fair and now we have organized for the following year under almost the same conditions. We believe that very little trouble will be had with the selling of season tickets this year.

Sixty-three persons took active part in these twelve plays. \$382.10 came into the treasury of the P. T. C. from season tickets and regular admission. This amount does not include the 25 per cent that other schools received where we presented these plays.

\$75.00 were paid by the P. T. C. Society on a new piano, \$16.35 for a piano box, \$153.70 for 12 complete Base Ball uniforms, \$13.20 for a back curtain for the Sand Hill stage, \$5.00 for a set of six volumes of "Wit and Humor" for literary work, \$50.00 for play books and literature, \$40.00 for printing and advertising. Other expenses of the society were for wigs, paints, mantles, gasoline, janitor work ect.

The record that we are most proud of however is that, never a quarrel or trouble of any kind have we ever had in dealing with one another. May we do more the coming year with this same free good will spirit.—Contributed.

Mothers Club Met Last Thursday  
The Mothers Club met last Thursday afternoon at the high school auditorium, and the following committees were appointed:

Program committee—Mrs. G. J. Stapleton, chairman; Mrs. T. H. Stewart, Miss Trapp, Mr. W. D. Biggers.  
Membership committee—Mrs. H. B. Adams, chairman; Mrs. J. H. Hohlaus, Misses Thomas and Long.

Ways and Means committee—Mrs. Carl McAdams, chairman; Mrs. Chas. Simpson, Misses Besse, Collins and Chambers.

All other standing committees remain as they were.  
The attendance at this meeting was lighter than at the meeting before,

**Sunday School Class Social** a unique and delightful program. One of the most enjoyable social which consisted of a series of convocations of the season was given Friday tests between five groups of guests, evening, Nov. 6th, in the Methodist church basement. Probably the most mirth provoking church basement. At this time the feature of the evening was a stunt Ophilemean class of the Methodist put on by the group named Chicken Sunday School entertained their fel- Gristle Oshkosh on the Mississippi low classmen of the Baracca class, and Ocean. It was the demonstration of the members of the Fidelis and Berean a joy ride in a run down Ford, the classes of the Baptist Sunday school, parts of which were represented by Under the leadership of their teacher, the members of the group. Miss Car-Miss Alice Bridges, the young ladies ma Thomas and Syphel Cook proved of the Ophilemean class carried out themselves stars of this performance.

At the close of the evening delicious refreshments were served to about sixty guests, who are witnesses to the fact that the young ladies and their teacher are capable and charming hostesses.

#### O'NEAL-ORMAN

Mr. H. B. O'Neal and Miss Eunice Orman were quietly married at the home of Rev. T. B. Hilburn in this city, at 3:30 o'clock Saturday afternoon, Rev. Hilburn performing the ceremony.

Mr. O'Neal is principal of the grammar grades in the Lockney Public Schools, and Miss Orman is the daughter of Mr. and Mrs. R. L. Orman, who live northeast of Lockney in the Sunset Community.

The young people will make their home in a cottage in the western part of town.

#### CHIROPRACTICS ARE ARRESTED AT PLAINVIEW

PLAINVIEW, Nov. 7.—Four chiropractors and masseurs of Plainview were arrested on a charge of illegal practice of medicine upon complaint of Constable D. M. Thomas Saturday.

Two cases each were made out against G. C. McKinnis, L. C. Williams, J. C. Barnard and S. N. Schaal, and all were arrested and placed under bonds of \$300 each, except Barnard, who is at Lubbock and could not be reached Saturday.

Walter Thatcher and T. J. Shelton were the bondsmen for McKinnis, Wiley Brashear and Paul Bryan for Williams, and J. A. Duke and J. J. Guyer for Schaal.

County Attorney Frank R. Day of Hale County said the law under which the parties were arrested is that which requires the registration of a certificate to practice medicine with the district clerk of the county in which the practitioner lives.

#### SEEK ONLY DRY LEGISLATORS FOR 1925 ELECTION

FORT WORTH, Texas, Nov. 7.—Dry leaders of Texas are planning on meeting in Fort Worth Dec. 6 to form an organization and make plans to seat only avowed prohibitionists in the Texas Legislature during the 1926 election.

This announcement was made after a conference between Major Herbert H. White, Federal prohibition director of

Texas and Oklahoma, and the Rev. W. M. Rader of Arlington, field superintendent of the Anti-Saloon League of Texas.

Co-operation of churches, public and law-enforcement officers of the Federal Government, State and municipalities is planned and the state of efficiency in enforcement that existed during the old local option days, before the Volstead act, is hoped for.

Membership of the league in the cities of Texas is to be by invitation, Mr. Rader said. Nearly 50,000 active workers will make up the organization, when it is completed, it was predicted.

#### Silent Husbands

Men do not appear to object to silent wives. I have never heard a man complain that the lady to whom he was married did not talk enough, but one of the chief grievances of wives is the dumbness of husbands in the family circle.

Wives say that, instead of their husbands entertaining them of an evening with bright chitchat and jests, they bury themselves in their papers and only grunt by way of answer, when they are asked questions. Further, they aver that if a wooden Indian should be substituted for their lords and masters, they would never find out the difference. One would hand out about as interesting a line of conversation as the other.

Silent Husbands continued. This charge is, alas only too true. No matter how loquacious the average man may be abroad, he can give a clam points on how to keep its mouth shut at home. He may set other dinner tables in a roar with his wit, but he doesn't waste it on his own board. He keeps his good talk as he does his pre-war cocktails, for company. They are not for every dan consumption.

It is natural that the wives should resent this. What a woman really marries for is to get a fireside companion, some one with whom she can gossip endlessly, as she does with another woman. And when she finds out that instead of having a chatter-box she has acquired a life companion afflicted with the lockjaw, she feels that she has been defrauded.

What she would like would be for her husband to regale her with choice bits of office scandal and repeat to her the good stories he has heard, and tell her of what he said and the boss said, and the customer said, and so on. Instead of which, mum's the word.

In thousands of homes wives, with undying optimism, attempt every evening to open up a conversation by asking their husbands, "Any news?" "Nops." "What did you do today?" "Same old thing." "Who did you see?" "Same old crowd." "Hear anything interesting?" "Nope." After which silence descends that you could cut with a knife until visitors drop in when husband rouses up and becomes the life of the party.

Now, there are several explanations to be offered of why men do not talk at home. One is that they are tired and perve worn, and when they get home they want to slump. They have been talking all day in business, arguing, persuading, combating, trying to hold the attention of others, and they are talked out. They are weary of babbling voices, and they don't want to hear their own or any one else's. The thing they long for more than anything else is just silence.

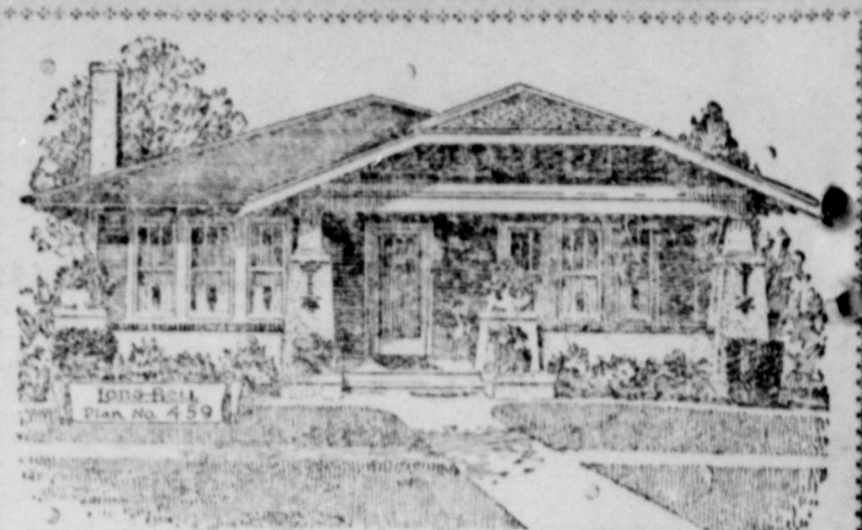

Another reason that men do not talk at home is because they are selfish. They make no effort to entertain their wives because they are concerned only with their own comfort and pleasure, and are not considering hers.

They are indifferent to the fact that she may have spent a dull, monotonous day, with no companionship except little children, doing over and over the dull, mechanical tasks of housework that occupied her hands but not her head, and that she needs to be brightened up and have her thoughts changed by hearing new things.

But the man who does not talk at home is not wholly to blame. Often the reason he is silent is because he has been terrorized into silence. He is afraid to talk for fear of starting something. Experience has taught him the old proverb: "The less said, the least repented."

There are women to whom any subject is as good for an argument as a nickel is for a ginger cake. They never by any chance agree with their husbands' views on anything, from politics to pie. A husband cannot even discuss the weather with such a one without getting into an acrimonious debate, and so, unless he enjoys fighting as much as she does, he learns that the only way to keep the peace is to keep silence.

Other men never tell their wives anything because they will never hear the last of it if they admit to having made any mistake or having been guilty of the slightest side-stepping. There are also who have nagged husbands for years over money they lent a friend who never repaid it, or

## SAM LIVINGSTON

some investment they made that failed.

There are men who would not dare to tell their wives that they stayed downtown and played poker of a night or that they had taken an old woman friend to lunch, or that they thought such-and-such a girl pretty, or that they had enjoyed the conversation of some entertaining woman at dinner. They have precipitated squalls and storms of jealousy and torrents of tears upon themselves by the most innocent remarks, and so they have learned to mind their p's and q's when they talk to their wives, and this naturally puts a crimp in their conversational style.

Many a man never talks to his wife because she never listens to what he says. She doesn't give more than one lobe of her brain, and half of an ear to his remarks. She doesn't pay his jokes even the poor tribute of a smile, and after he has spent a half hour explaining to her just exactly what the President should do about the foreign debt and how he would run the air service, she says: "You know, I think I will have a parlor done in blue, after all." And when he tries to talk to her about his business she yawns in his face and shows that she is bored to death.

Perhaps if wives were better listeners, husbands would be more fluent talkers. Perhaps the silence of men is self-protection. You might look into the matter, you wives who complain that your husbands never have a word to say at home.—DOROTHY DIX.

## BUYING ON THE SPOKEN WORD

THE FAITH THAT MEN HAVE in each other is evidenced nowhere as strongly as the dependence that is nowadays placed on the spoken word.

The seller in a distant city hears a voice over the telephone and though a record of details goes out with the hanging up of the receiver, thousands of dollars of goods are rushed to fill the needs of the man who has asked for them. Faith that the man will stand by his message is seldom, if ever, misplaced.

Without this faith the telephone would lose its effectiveness in business. But with it the mouth-piece on your desk puts you in immediate touch with the great surces of supply and brings to your office such service and assistance as you may desire.

Is it any wonder, then, that the telephone, in daily touch with this evidence of the faith of men, is anxious to serve its users and serve them well.

Mr. Will Vandergriff had some old friends visiting at his home Sunday. John McDonald let the contract for a new barn on his farm. The barn will have about 4,000 bushels of grainery capacity and about 1,500 bales of hay. A. B. Muncy has the contract and will start the work of A. B. Muncy has built an addition construction Monday morning. There will be quite a few more new improvements.

houses constructed in the Muncy country this fall and winter. John McDonald went to Lubbock on business the first of the week.

#### THE SAND HILL HOME DEMONSTRATION CLUB

The Sand Hill Home Demonstration Club met Wednesday afternoon, Nov. 4th in the home of Mrs. W. J. Thompson. There were twelve women present and several school girls, all were very much interested in the program. Every one took part in the work. We made a dozen or more picture frames, finishing them with calcimine and gold paint. There were several flower vases painted. Miss Bass showed us a number of very pretty inexpensive articles to make for Christmas

The afternoon passed entirely too fast. We could have made other things, but time would not permit. We enjoyed the social part of the affair to its fullest. We wish so much that every woman in the community could attend. The next meeting will be at the home of Mrs. M. B. Holmes, Nov. 18th, that is the day of their sale. We club women are going to come in the fore-noon with cake and pie to sell to every one that is hungry. Come expecting to eat the best lunch you have eaten lately. The club will carry out such program as they see fit. Come every one lets have a real good day of it.—Reporter.

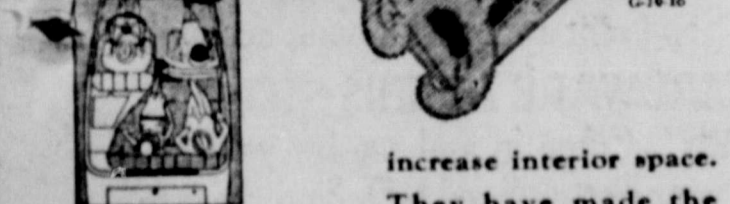

#### VISITS OF THE STORK

Born to Mr. and Mrs.: T. F. Love, of northeast of Lockney, Monday, Nov. 9th, a nine pound girl. A. R. Meriwether, Lockney, Friday night, at 10 o'clock, a boy. The child died Saturday morning at 10 o'clock, and was buried in Lockney cemetery Saturday afternoon. W. D. Nance, 12 miles north of Lockney, Tuesday, November 10th, a 10 pound girl.

#### West Side Church of Christ Services Next Sunday

cent illness in our home.—Mr. and  
Mrs. A. R. Meriwether.

DENVER SURVEYS COST TWO  
HUNDRED THOUSAND DOLLARS

Eight Months Required to Complete  
Work; Turkey and Quitaque to  
Sign.

From The Star Telegram.

Following eight months of work in  
the field, engineering crews of the  
Fort Worth and Denver City Railroad  
have just completed a thorough sur-  
vey of the proposed lines from Estel-  
line through Plainview to Dimmitt  
and from Lubbock to Silvertown. It was  
announced Thursday by Frank F.  
Clarity, vice president and general  
manager of the road.

The work has progressed under the  
general supervision of R. C. Gowdy,  
Denver, chief engineer, with M. A.  
Stainer, Fort Worth, engineer of  
maintenance-of-way, in immediate  
charge. A force of more than 40 men  
was divided into three crews for the  
survey. As a result of the completion  
the road could begin this week con-  
structing the lines, should it receive  
authority from the Interstate Com-  
merce Commission to build. When  
such forces will begin work at several  
places in order to avoid delay, Clarity  
said.

Surveys Cost \$200,000.

The Fort Worth and Denver City  
has expended more than \$200,000 on  
its surveys, which does not include any  
funds spent by cities to obtain termi-  
nal sites, these and right-of-way  
through towns having been the only  
contribution by citizens toward get-  
ting the line, aside from work before  
the I. C. C. in its behalf.

The company has placed at Child-  
ress sufficient heavy steel rails and

ties for building the 200-mile exten-  
sion. The Burlington-Denver interests  
applied for and received a charter for  
the South Plains line at Austin in  
February and on March 1 began the  
surveys.

Clarity said that contracts with the  
smaller towns would be signed up im-  
mediately, the Plainview Lubbock con-  
tracts having been completed a long  
time since.

Report Due Any Day.

Before these surveys for the Estel-  
line branch began the company had  
made reconnaissance through the terri-  
tory several years before. The cost  
of the extension will be about \$6,500,-  
000.

Clarity had received no advices  
from Washington as to when Exami-  
ner E. C. Boles will file his report and  
recommendation with the I. C. C. on  
applications, but Fort Worth railroad  
circles expect this report any day.  
Following this a date for oral argu-  
ments will be set.

Surveying crews of the Santa Fe  
are still working between Fort Worth  
and Post for a proposed branch be-  
tween these two cities, though applica-  
tion has not yet been filed.

Nothing has been overlooked in this store in good merchan-  
dise that is in urgent demand.

## The People are Buy- ing and the FREE DOLLS

are going into the homes  
to make happy the girls who  
love them. If you happen  
not to have a girl make hap-  
py the heart of some child by  
giving them this pretty doll.

Remember we are  
not Undersold by  
Anybody—

when quality of merchandise  
is considered.

## Everything in Hardware and Groceries

These Atwater-Kent Radios are the kind that bring to you  
the best concerts. You mean to own one, why not now?

Buy a DeLaval Cream Separator and start a bank account.

EVERYTHING IN HARDWARE AT THIS STORE

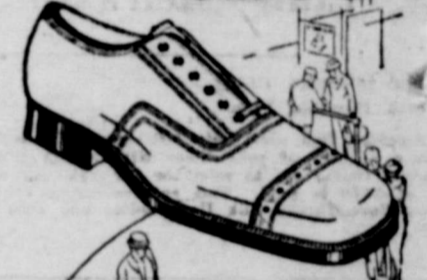

We sell groceries for less. Come in and see for yourself.

Save \$2 00 per ton on your Cotton Seed by selling them to  
us. We are always in the market for your Cotton and Maize  
Heads.

## BAKER MERCANTILE COMPANY

"THE STORE WITH THE GOODS"

## The Florsheim Shoe

VALUE has made  
Florsheim Shoes  
leaders in men's  
fine footwear. Men  
who have worn  
one pair come  
again permanently

THE STADIUM
