HOME DEMONSTRATION CLUB WANTS CITY TO HAVE GEN- ERAL CLEAN UP

The Monday Luncheon of the Lockney Chamber of Commerce was very enthusiastic, with many visitors present.

Mrs. Kate Collier, president of the Lockney Home Demonstration Club was a guest and made a talk that was very interesting and filled with good common sense. Mrs. Collier said "I am here in the interest of Lockney, and want to see Lockney one of the cleanest best kept cities of Texas, and believe that now is the time to launch a clean-up campaign. I would like to see a plot of ground beautified and turned into a temporary park." Mrs. Collier asked that a committee be appointed that would work and take an active part in seeing that the town was given a thorough clean-up, and that every home owner be called on to plant flowers and shrubbery. The president Mr. Brown appointed a committee of three to work in conjunction with the Home demonstration Club. The committee appointed was A. R. Meriwether, Artie Baker and Lawrence Gruver.

The Corn Huskers Orchestra composed of Robert McDonald, Zoel Watson, J. E. Norris, F. A. Landrum were guests and rendered several pep numbers. Mr. Brown stated that Lockney was proud of her farmer orchestra and that they were not only winning fame in Lockney but were coming into the limelight of Texas.

Eddie Bishop, recently appointed secretary of the Floydada Chamber of Commerce was present and made a very interesting talk offering the cooperation of the Floydada Chamber of Commerce at all times.

Mrs. Kate Collier was unanimously elected a life member of the Lockney Chamber of Commerce for the services that she has rendered and is now rendering for her town and county.

Short talks were made by W. C. Watson, J. B. Downs and Bro. T. J. Rea.

Next Monday the West Texas Chamber of Commerce district convention will be held in Littlefield and there should be at least a hundred Lockney citizens attend this important meeting. Go and help tell the world that you are from Lockney and glad of it.

DISTRICT MEETING AT LITTLEFIELD

MANY LOCKNEY PEOPLE WILL ATTEND DISTRICT CONVEN- TION AT LITTLEFIELD

Everything is in readiness for the trip to the district convention of the West Texas Chamber of Commerce which will be held in Littlefield next Monday. Many has signed up for the trip and it is expected that every business house in town will either attend or have a representative present. It is very important that Lockney should have a large delegation present, so that her interests may be cared for. Supt. Biggers of the High School will attend and carry the Ukelele Club girls with him.

Anyone wishing to go should get in touch with the secretary at phone 34 or call at the office. The party is scheduled to meet at the First National Bank at 6 o'clock a. m. and leave in a body, the return trip will be made in the afternoon arriving in Lockney about 6:30 p. m. Those who have signed for the trip are N. E. Waller, Carl McAdams, H. P. Coleman, W. D. Biggers, Roscoe Gass, O. E. Stevenson, Burton Thornton, H. B. Adams, Z. T. Riley, Fred Truitt, J. B. Downs, E. S. Shoaf, J. W. Monroe and W. W. Angel.

BIG MEETING AT PRAIRIE CHAPEL

GOOD CROWD WELL PLEASED WITH PROGRAM LAST FRIDAY NIGHT

The Lockney Community Chamber of Commerce in conjunction with the Prairie Chapel school rendered a musical and educational program at the Prairie Chapel school Friday evening to a house that was filled to its capacity. The entire program was very snappy, well received and every number was enjoyed.

E. S. Shoaf, secretary of the Chamber of Commerce had charge of the program and was introduced by Prof. Cooper. Shoaf said, "These meetings were to bring people of the rural districts and the towns closer together, that they may understand each other better."

The first number was a serenade by the Lockney High School girls Ukelele Club. "Let me call you sweetheart," this was well received and they responded with an encore Honey Suckle Time.

The Prairie Chapel fourth grade class presented a drill entitled, "Moral Code Laws." This was a very pretty drill and all of the children gave good account of themselves.

A duet was sung by Misses Cooper and Carthel. Both of these young ladies possess rare voices, and with a little time would rank among the country's best.

Mrs. Simpson gave a reading; entitled, "Matrimonial Bliss." This was a scream and the house shook with applause. Mrs. Simpson's second reading was, "I stumped My Toe," which went over in a big way.

The Corn Huskers Orchestra then played the "Lockney Blues and the audience again went wild, and for encores they played; "Turkey in the Straw," and Lullaby Baby."

Prof. Cooper made a very interesting talk, telling how Prairie Chapel needed Lockney, and how the two could be of great assistance to each other. Cooper stated that the girls and boys of his school as they graduated they would naturally turn to the town for their higher education, and that he believed that Lockney wanted the girls and boys of Prairie Chapel, and that he believed that they would be well educated in the schools of Lockney. Cooper pleaded for cooperation among the people of the rural districts and the towns. His address was well received.

E. S. Shoaf gave a sketch from Lew Dockstaders play, "The Southerner," which made quite a hit with those who appreciate dramatic reading of the negro dialect.

The Prairie Chapel quartette composed of Messers Cooper and Nichols, and Misses Cooper and Carthel rendered a pleasing number.

E. S. Shoaf made an address on the Chamber of Commerce and its relation to agriculture. Shoaf said; "That the Chamber of Commerce wanted to see, and would assist in the securing of a boys and girls poultry club in every community of Floyd County, that the also wanted pig clubs organized, and that every community should have a fair, where the products of the community could be exhibited for each neighbors benefit. And that the Lockney Chamber of Commerce was ready to and willing to assist the communities in securing the things that made better homes, communities and a better Floyd County."

Shoaf plead with the audience to adhere to the cow, sow and hen program and to raise more of their living at home.

Short talks were made by A. R. Meriwether and Mr. Tannehill.

There was about fifty Lockney folks present and all report a big time.

The next program will be at Providence Friday, February 26 at 7:45 P. M. Better get the habit of attending these meetings; they are good for the blues and every thing else.

P. T. Rucker and wife spent Wednesday in Lubbock visiting and on business.

WILL SHOW "ABRAHAM LINCOLN" AT ISIS THEATRE

One of Best Pictures Ever Shown in Lockney Will Appear on Wed- nesday and Thursday

The Picture dealing with the life of Abraham Lincoln will be shown at the Isis Theatre next Wednesday and Thursday night, and shown will be run during the afternoons and nights of these two days in order to accommodate the throngs of people who will wish to see the picture.

Through the courtesy of Mr. McCarty, the editor of this paper was one of the part of ladies and gentlemen who witnessed the running of the picture at the Isis Theatre Wednesday afternoon of this week, when Mr. McCarty invited a number of the leading citizens to see the picture and pass their judgment on same.

The picture deals with the life of President Lincoln from his birth to his assassination and is the most perfect historical picture we have ever had the pleasure of seeing. The scenes are all in keeping with the time of Lincoln's day on this earth, and each actor and actress are well chosen for the parts they play.

This is a picture that every school child in Floyd county should see, as it will be worth much to them in their studies of American history. The picture is interesting and fascinating from beginning to end, and tells the story far better than can be done on the printed page.

LOCKNEY AND EDISON

The Lockney Public schools gave a program the other day in honor of the birthday of Thomas A. Edison, the electrical wizard. Lockney people realize that their little program would add little to the prestige of the famous inventor.

But there is a wholesome angle to the program given at Lockney. More than 600 persons were present. Definite information on the life of Edison was given, and the public learned about the contributions of the inventor to our civilization.

STATE AID GRANTED 19 RURAL SCHOOLS

SCHOOLS OF COUNTY GET \$7,150 RECOMMENDED FOR STATE AID BY INSPECTOR

J. E. Roscoe, State Inspector for Rural Schools, accompanied by County Superintendent Price Scott, visited the schools of the county applying for State Aid, the latter part of last week and first of this week. Twenty schools in the county made application for state aid, and nineteen of the schools were granted aid. Liberty was the only school refused, and the inspector stated that the reason for refusing the Liberty school was that it had sufficient funds to care for all needs and was not entitled to any help. Mr. Roscoe has been a state inspector for the past six years, and has visited all sections of the state. This was his first trip on the Plains, and stated that he was quite surprised to find the good schools that he found in Floyd county, he expressed his surprise at the interest manifested by the patrons of the Floyd county schools, and at finding the nice brick buildings and many teacherages that have been built in the county. He complimented the county of the good buildings and the salaries they were paying the teachers. There are seventy-seven teachers in the rural schools of Floyd county, and of this number there are twenty-five men teachers, which is unusual, as there is generally a larger per cent of ladies teachers. There are twenty brick rural school buildings and fifteen teachers homes in the county.

McCoy school district was granted the largest amount of state aid of any school in the county, and more than any rural school he has visited in the state. Mr. Roscoe cautioned the trustees not to bank on state aid next year, and not to spend more money than was necessary, and censored boards for creating expenses above resources of their communities, he also censored school boards for seating high priced opera chairs for seating their auditoriums, when they could get good seats for far less money that would serve just as well.

He said that the trustees of the various districts in making out their budgets and applications for state aid next year should not count on more than \$300 per school, as the appropriation for next year was for the same amount as this year, and there would be considerably more schools applying for state aid, therefore, the apportionment to rural schools would be smaller the coming year. The average the past year was \$376.33 per school, and will probably be about \$300 for next year. He also stated that schools will not be allowed to use as a plea for state aid any indebtedness, other than bonded indebtedness.

The apportionment of state aid to the nineteen schools allowed the aid is as follows:

Irick	\$250
Pleasant Hill	\$400
Fairview	\$100
Starkey	\$400
Aiken	\$500
Sunset	\$700
Harmony	\$100
Center	\$350
Lone Star	\$750
McCoy	\$900
Roseland	\$300
Baker	\$100
Antelope	\$300
Providence	\$375
Blanco	\$200
Allmon	\$200
Prairie Chapel	\$650
Campbell	\$450
Newland	\$125
Total	\$7,150

GID WALLER WILL REPRESENT LOCKNEY AT LITTLEFIELD

Gid Waller, local high school boy will make the trip to Littlefield Monday and attend the district convention of the West Texas Chamber of Commerce.

Gid will speak on the subject; "My Town." There is a \$10.00 cash prize offered for the boy that makes the best talk about his town. Lockney wants Gid to win, and the home folks have not forgotten the good work, and loving cups won by him in the past two years.

LEE AND WADE HERE TUESDAY

WAGING CAMPAIGN FOR DIVER- SIFICATION AS REMEDY FOR FARMERS

As the season for planting draws near and the farmers of West Texas are making their plans for the forthcoming crop year, Col. R. Q. Lee, president of the West Texas Chamber of Commerce, is again coming to the Plains country to urge upon his agricultural section his doctrine of diversified and intensive farming as the only guarantee of permanent prosperity to the region. He will campaign for a week throughout the South Plains and the country along the edges of the Cap Rock and has an itinerary. He is bringing a message direct to the farmers and business people whose prosperity is dependent upon agricultural success and record breaking attendance is expected at all of his meetings.

Mr. Lee opened his campaign during the past summer when the Plains of Texas seemed sure of producing the greatest cotton crop in its history. He campaigned throughout the area urging diversification in a country that was almost one solid cotton field and warned of the treachery of a one crop cotton policy to audiences of men whose cotton fields were promising luxurious wealth, but deplored the over stressing of the crop that was apparent on all sides. At some of his meetings, his words fell upon unsympathetic ears and he has shown the wonderful cotton prospect as an argument why more and yet more cotton should be produced.

However, the wisdom of his doctrine has since been proved. His prophecies of over production were born out when the market broke sharply at each cotton report of the government and was only checked when Mother Nature which throughout the growing season had smiled upon the Plains cotton section suddenly changed her smiles to a frown. A great freeze gripped the area and left the wonderful cotton prospect a mass of frozen bolls. The fortunate ones whose crops were not destroyed by the freeze were able to secure fair prices for the product because of their neighbors misfortunes. In Lee's words they had gambled upon the other man falling.

At this season West Texas farmers are deciding the economic fate of themselves and of the entire section. Upon their wisdom and industry depends the prosperity of an empire. Col. Lee is now coming back into counsel with them before they plant. He has achieved success as a farmer by following this program himself, and he has proof that his policies were wise. He has plenty of arguments to advance in behalf of this program and he advances them in a convincing yet entertaining manner. Since his first campaign in July, Mr. Lee has spoken in every section of Texas. Audiences ranging from a handful of farmers to gatherings numbering into the thousands have given heed as he spoke. He has gathered material for present campaign for months and plans to make this his last campaign of the Plains the greatest of his administration.

His campaign will reach a climax at Littlefield February 22nd., when he will be the principal speaker at the district convention of the West Texas Chamber of Commerce to be held there on that date. Elaborate plans are being made for the meeting and a great attendance is expected to hear his greatest speech. Col. Lee has a powerful message and he is getting it before the public in his own inimitable manner.

His complete itinerary follows:
Haskell, Feb. 18th, at noon.
Matador, Feb. 18, 8 p. m.
Roaring Springs, Feb. 19th, at noon.
Floydada, Feb. 19th, 8 p. m.

COLONEL WOODBURN DIES AT HEREFORD

Pioneer of Panhandle Will Be Buried At Hereford Home This Afternoon

Col. E. T. Woodburn, 83 years old, Confederate veteran and prominent pioneer of the Panhandle, died at his home in Hereford at 9:20 o'clock last night.

He has been in failing health for the past several months and all his children had been summoned to his bedside last week when it was feared that the end was near.

Funeral services will be held in the Presbyterian church in Hereford this afternoon with Rev. J. T. Ross, pastor officiating. Burial will be in the Hereford cemetery by the side of his wife who died several years ago. The Masonic Lodge of Hereford will have charge of the burial.

Born in Tennessee, Col. Woodburn enlisted in the Confederate army at the outbreak of the Civil War and served four nearys. He was wounded several times.

After the war he returned to his home, but moved to Texas in a covered wagon a few years later settling at Hereford where he lived until 1890. His next move was to Silverton where he lived until 1906. He has lived in Hereford since then.

While Colonel Woodburn retired from business several years ago, he has continued to be active in civic, church and fraternal circles until his health failed a few months ago. He was looked upon as a father to the people of Hereford, who sought his advice on many subjects. In addition to his other activities he took a great interest in school work having served several years as a member of the board of trustees of the Hereford Independent School District, and it was largely through his efforts the new building was erected there recently.

Col. Woodburn was associated with his son, Chas. P. Woodburn in the drug business many years. He also owned extensive ranch lands. In the early days he and Mrs. Woodburn ran the famous Woodburn House in Silverton, known far and wide by the pioneers of the Plains. So great was their hospitality that travelers often went miles out of their way, it is said to spend the night at the Woodburn House.

Surviving him are four sons; William Woodburn, Dimmitt; Estes Woodburn, Lockney; Jim Woodburn, sheriff of Armstrong County; Earnest Woodburn, Amarillo; three daughters, Mrs. Edgar Bells, Claude, Mrs. Carl Frye, Hereford, and Miss Mattie Woodburn, Hereford, Mrs. W. O. Squyer of Weatherford, Texas.

GRIT and SAND
By Jake

Spring is coming. Lets beautify Lockney.

Now is the time to plan that spring cleaning.

Did you hear the Lockney High School Ukelele Club girls Friday night? Well boy you missed something. These girls besides being something to look at, play like the Hula Hulas themselves.

Don't forget the district convention of the West Texas Chamber of Commerce at Littlefield next Monday. Dress up, go and have a good time and help tell the world how good a place Lockney is. Plan now to be there. Lockney needs you.

Did you know that Lockney is the most talked of city in West Texas? There is a reason.

It will soon be time to set the old hen, raise some chicks this year. Plan now.

Don't forget to hear R. Q. Lee speak at the High School next Tuesday night at 8:00 p. m. His subject will be diversification. Every farmer should hear him. Come on Bill; John is going.

Have you joined the Chamber of Commerce? Better do it now.

Smile—smile and smile—and keep the doctor away.

WINNING POEMS OF 4TH GRADE

In a contest by the students of the Fourth grade of the Lockney schools, of which Miss Hula Coleman is teacher, the following three poems, were classed as the winners, and bespeak the talent of the writers:

WISHING

(Dovine W., First Place)
Ring ting! I wish I were a red rose,
A bright red rose, blooming in the spring!
The bright blue sky above me,
The honey bees to love me,
The birds and flowers around me,
And the willow tree for our king!

WISHING

(Lois Good, Second Place)
Ring ting! I wish I were a bluebird,
A pretty bright bluebird, flying in the air!
The young people below me,
The children waiting for me,
To sing to them in spring,
And the Redbird for our king!

WISHING

(Aline Pendley, Third Place)
Ring ting! I wish I were a Holly Hawk
A bright red Holly Hawk, growing in the yard!
The sun to shine upon me,
The humming bee to love me,
The birds to fly above the trees,
And the fern tree for the king!

A Versatile Language

The department of commerce at Washington calls attention to some differences between English as "she is spoke" in England and in this country. The American "dry good store" is the Englishman's "drapers" our "hardware store" is his "ironmongers" our "automobile" is his "motor" our "gasoline" is his "etrol" our "wood alcohol" is his "methylated spirit."

It is timely advice in this day of extensive trade between the United States and England. If the breach in nomenclature between the two countries is not widening it is not closing rapidly.

Perhaps the commerce department bulletin was prompted by the unfortunate error of the American manufacturer who recieved a request from Englan for prices on suspenders. When no order followed he investigated and learned to his consternation that what is known as "suspenders" in America are called "braces" in England, and that is the American manufacturer who, in his advertising literature for distribution in England, used the word "druggist" only too discover that the Britons call their pharmacists, chemists and that our "drug store" is their "chemists shop."

Although speaking the same language, Uncle Sam and John Bull cannot long engage in a conversation without feeling the need of an interpreter. But one should not be surprised at that. A New England Yankee and a Southern Colonel have a great difficulty in understanding each other, and the New Yorker speaks a foreign language to the westerner.

EDD MUNCY ANNOUNCES FOR FLOPY CO. DISTRICT CLERK

Edd Muncy has entered the race, on the Democratic ticket, for District Clerk of Floyd county, and in offering himself for this important place, asks the consideration of the voters in the belief that he can make them a good officer, if elected.

Born and reared in Floyd county, Mr. Muncy is at present farming near Muncy. He is a young man, only 30, but asks the voters to give this fact consideration in the belief that he is mature enough to handle th duties of the office capably.

During the World War Mr. Muncy served with the 141st Infantry, 36th Division, and saw 12 months service over-seas with the A. E. F.

It is his intention, before the primaries, to see all the voters possible, and personally ask for their vote and influence. Manwhile, any good words in his behalf will be deeply appreciated, he declares; and if he is elected, he will give his best efforts to make a record that will be an honor to himself and a credit to the county in which he was born and reared.

HE SAVED—WHY SHOULDN'T YOU?

In the days of Washington, saving money was much more difficult than in the present. Yet Washington did save under conditions which would be considered impossible nowadays. He saved because he believed it to be a good thing to do. Why shouldn't you?

Sand Hill News

Many people are farming at Sand Hill but not all of them as there is still cotton in several fields.

Singing Sunday night at the old Fort place was attended by a large crowd.

Elder Mullins preached at the Christian Church Sunday, and Brother Crawford at the school house after Sunday School.

Friday night, February 26 a cast of the P. T. C. Society will present the next play of their series; "All a Mistake." This is the best comedy play that we have ever tried to work out. We are going to try to make this the best play that we have ever presented, as it may be the last play we will present this year.

Friday night, February, 5 we presented "Willowdale in Sunset's new auditorium to the largest audience we have ever had except in our own auditorium. The proceeds was \$44.30. We did our best to give them an evening of enjoyment and now we are trying even harder to make, "All a Mistake," the best play we have ever presented.

The cast of characters in this play are: Author Womack, Ed Holmes, Wiley Bollman, Jim Holmes and Misses Bonnie Mickey, Rosa Tinnin; Mrs. Arthur Womack and Mrs. Jim Holmes.

We are working harder on the specialties than ever before, here they are Negro Sermon, Mason Riley; Reading, by Miss Goodman; string music specials by Oliver Allen, B. Martin and Cliff Reynolds. The Floydada Quartette will give us several numbers.

Don't fail to come out and see this play February 26.—Reporter.

AMHERST MAN DIES FROM CAR INJURIES

VERNON, Feb. 13.—Mark Pace, 26, of Amherst, was fatally injured and John B. White, of this city, was seriously hurt Saturday night when the car in which they were riding overturned on the Wichita Falls Highway about four miles east of Vernon. Pace, who was driving, lost control of the machine and it turned turtle in a ditch by the side of the road. The car caught fire immediately after the accident and was completely destroyed.

NEARLY 14,000 VOTERS IN 64th JUDICIAL DISTRICT

How much the population of this section of the country is really increasing, together with the prestige

that goes with numbers, is indicated by an estimate of the poll taxes paid in the six counties comprising the Sixty Fourth Judicial District. This estimate, which is correct, except for a few spoiled receipts in each county, shows the total voting strength of

the district at nearly 14,000 votes, nearly 300 per cent greater than a decade ago in the same territory.

Figures for the counties in the district are: Hale 3600, Floyd 3350, Swisher 1800, Lamb 2700, Briscoe 1270, Castro 1000. The total is 13,720.

 You can do it all with a TEXAS FARMALL

This all-purpose tractor is the "talk" of Texas. Wherever it has been introduced it has come into great popularity almost over night. Cotton growers who have depended on plodding mule power for years have replaced their mule-drawn, small-capacity tools with one or more FARMALL outfits. Now they are practically independent of hired labor and their fewer and larger outfits do the work faster, in season, and at lower cost. Pleasanter, too.

We have a McCORMICK-DEERING Texas FARMALL here at the store for your careful, close inspection. Why not follow the example of your neighbors by coming to see it? We will gladly demonstrate it to you, show you the many jobs it will do, point out its excellent mechanical features, and quote you prices on a complete outfit. Remember, production costs must be reduced—the Texas FARMALL is here to help you do it. Ask us for a demonstration.

Lockney Home Demonstration Club
 The Lockney Home Demonstration Club held a very interesting meeting last Thursday in the Home Economics room at the High School building.

Attendance was fairly good and two new members were enrolled. Miss Bass informed us that 32 ladies in Floyd County had entered the Kitchen improvement contest. Think

what that will mean to our county. Thirty-two women each striving to make her kitchen the most convenient and attractive one in the state at the smallest possible expense. The

primary aim of the Home Demonstration clubs of Floyd County is to stimulate interest in home making—to develop ideas of true economy and thrift through conservation and elimination of needless waste, to encourage home industries through gardens poultry raising, and dairying there by increasing food production, to develop leadership for community life; in a word to develop in women and girls a new satisfaction and enjoyment that we may find in our home environment and community life more happiness. After a short business meeting plans were made for our next meeting, Thursday, February 25. We will meet at 10:00 a. m. in the Baptist Church Basement and all the clubs of the county are expected to meet with us for an all day rally, also all the ladies from communities in which clubs are not yet organized are especially invited to attend. Every woman bring one dish and there will be a bountiful lunch at noon.

Our program will consist of a welcome by our president, one member from each club and among the most attractive features will be an address by Miss Margaret Weeks, Home Economics teacher of Texas Tech. We feel that we are fortunate to have her with us, also Miss Lela B. Du Bose, home Demonstration of Lubbock and Miss Gladys Short Plainview agent. A complete program has not been made out but Lockney can fill in any shortage with something worth while. One of our club projects is; to clean up and beautify the town and by securing the co-operation of the Chamber of Commerce we hope to accomplish something in that line. Don't forget the date of our rally, Feb. 25. We meet at 10:00 a. m. in the Baptist Church basement. Every woman bring a dish of something good to eat.

Where life is just a dreary grind and friends seem fated to annoy, say something nice to some one else and watch the world light up with joy.—Reporter.

Aiken Girls Home Demonstration Club
 The Aiken Girls Home Demonstration club met last Thursday, February 11th. We had a very interesting meeting. Miss Bass met with us. She gave us the emblems for the club

caps. She also gave us the patterns hot dish holders ready for Miss Bass to take at the next meeting, which we are to have our cup towels and will be February 25th.

Providence Home Demonstration Club
Providence Home Demonstration Club met at their club room on February 9th. There were thirteen members and two new members present. Miss Jewel Jones and Mrs. W. M. Schumann were the two new members joining the club. Mrs. J. Bath was a visitor.

Our present appointed three committees. The program committee is Mrs. Kennedy, Mrs. Williamson and Mrs. Cowart. The membership committee is Mrs. Smith, Mrs. Powell and Miss Ruby Williamson. And the finance committee is Mrs. Kramer, Mrs.

Phillips and Mrs. Crouch. It was decided that we would not have any meeting at our club room on Feb. 23rd, but would all attend the County Club meeting at Lockney on Feb. 25th. Our president, Mrs. R. J. McLaughlin, is to report all of our club work at that meeting. Each member that goes is to carry one dish to help prepare the noon lunch.

February 20th is our County Council meeting day at Floydada at the home of Miss Bass. Mrs. Cowart and Mrs. Kramer were chosen to represent our club there.

Each member on the program gave good talks on their kitchens and Miss Bass gave a very interesting talk on the arrangement of the kitchen furnishings, which was highly enjoyed by all. Several more members brought their 25c with them, which helps to keep our treasury going.

Miss Bass passed our new year books around, which was a present to the clubs from the business men of Floyd county.

Our next meeting will be on March 9th. We cordially invite all the ladies in the community to attend our club for these meetings are both beneficial and enjoyable occasions.—Reporter.

Lone Star Girls 4-H Home Demonstration Club

The Lone Star Girls 4-H Home Demonstration Club met Wednesday, February 10th. The secretary was present and read the minutes of our last meeting.

The girls brought their material for the "hot dish holder" and Miss Bass gave full instructions for making it. All the girls are to bring their caps and aprons, cut out and ready to make by next meeting. Some of the girls are going to try to get something made to send to the Fort Worth fair next March.

There were three girls who joined our club at our last meeting. They are going to catch up with the club work and try to do the best of work.

Mrs. Miller from Sand Hill visited our club and thought we were doing well in our club work.—Reporter.

Entertains with Forty-Two
Mr. and Mrs. Buck Sams entertained a number of young people last night, with a forty-two party in honor of Mrs. Sams' brother, Mr. Richard Thompson, who is visiting her from Clovis, N. M.

Forty-two was played until a late hour, Miss Thelma Steele and Mr. Eb

Rankin winning the high score.

Refreshments consisting of a birthday cake (in honor of Mr. Marvin Sams, who on that day was eight years of age), hot chocolate and fruit salad was served to the following guests: Misses Thelma Steele, Mollie Newman, Margaret Long, Willie Merle Trapp, Mary Chambers and Opal Snodgrass, Mr. and Mrs. Ebb Rankin, Mr. and Mrs. P. E. Shick, and Messrs. Carlie Ayres, Richard Thompson, Virgil Threet, Fay Guthrie, and Cecil Cope.

Self-Culture Club

The Self-Culture club met Tuesday February 9th, in the High School auditorium, and had an unusually interesting and beneficial lesson.

Little Miss Patricia Patterson gave us a beautiful piano solo, after which we adjourned to meet with Mrs. Biggers, Tuesday, February 23rd.

Mothers, this club is very helpful in solving your problems, and especially, you with small children. We would be glad to have you visit us even though you do not become a member.

FLOYD COUNTY DAIRY ASSOCIATION AND HOW IT OPERATES

The object of this association is to obtain the best possible prices for the cream producers of Floyd County. WE ARE AT PRESENT ABLE TO MEET ALL COMPETITIVE PRICES, which is ten cents higher than they would be without this organization, and pay a small refund. Big creameries who claim they own this territory, are running prices high at present trying to discourage this association, if you fail to co-operate with our organization these creameries will monopolize the prices, and pay 10c to 15c lower as heretofore, and we will be forced to take our cream to Plainview where there is a Dairy Association, as we have done before and some are now doing.

Thru the courtesy of the Lockney Grocery, the Floyd County Dairy Association has opened a station in the rear of their building. Mr. O. C. Burgess, manager of this station, is an experienced cream man in the testing and grading of cream. Honest tests are fostered and it is to his interest to give high tests since his salary is based on per centage butterfat received. This station is furnished with up-to-date equipment all the best testing apparatus obtainable, together with steam cleaner and sterilizer for cans.

MEMBERSHIP in this Association costs only one dollar per year, which is taken out of refund to be used in advertising, stationery, records, etc.

The MANAGEMENT of this Association is by five directors who have been selected by the people of Floyd County and are desirous that these stations be operated on Golden Rule basis, and will see to it that they are operated accordingly. If you have criticisms to offer, bring them to us at the open monthly business meetings. This Association is "Of the people, For the People, By the people."

If you want to fatten the big creameries of the cities, sell your cream elsewhere; if you want to benefit yourself and your community and make a bigger and better Lockney, sell your cream to the Floyd County Dairy Association.

CEDAR NEWS
There will be a play staged by the next March 5th. The title of the play Senior Class of the Cedar School on is: "The Little Clothopper."
The Cedar boys played a game of basket ball with the Lakeview team last Tuesday. The game was well played by both teams. The score was

17 to 19 in favor of Lakeview.
The people of this community are beginning to farm. Some say the ground is too hard to do much farming until we get a snow or rain.

PRAIRIE CHEAPEL NEWS ITEMS
Our school played four basket ball games Friday afternoon. The senior

boys and girls played the senior boys and girls of Price school, and the junior boys and girls played the boys and girls of Providence. The games were played on our courts, and all four games were won by Prairie Chapel.
Mr. Joe Foster from Lubbock is visiting with relatives and friends of this community.
Our senior girls will go to Price Wednesday afternoon to play a game of basket ball with the girls of that school.
On Saturday the finals will be held at Floydada to determine the girls basket ball games.
On Wednesday the State Aid Inspector visited our school and recommended to the State Aid officials an appropriation of \$650 for State Aid, and \$250 for vocational agriculture. A total of \$900, of which we are indeed glad to receive. This will enable us to equip and maintain the school for the full term of eight months.
The Lockney Commercial Club with the assistance of some of the Prairie Chapel students rendered a very peppy program, which was enjoyed by all present, on last Friday night. The numbers rendered by the Ukulele girls was highly appreciated, as well as the talks made by Mr. Shoaf and others.
The flu has been raging in our community and several of the students have been absent from school. However, most of them are back in school

now.
Sunday will be our singing day again. We would like for every one to come out and be with us at these singings.

PROVIDENCE
Ira Smith and Misses Gladys and Dot Pullen attended the birthday party at Henry Sammann's Wednesday night, it being Freddie's birthday.
Mrs. Goen and children visited her daughter, Billie, Monday.
Little Marie Gamble is very sick with a relapse from the flu, and was very seriously ill Sunday with a touch of bronchial pneumonia.
Mr. and Mrs. McCarty of Prairieview, visited at the Gamble home over Sunday.
Marvin and Walter Kramer are back in school after a few weeks absence from sickness.
Annabelle Kennedy is also able to be out again after a spell of sickness.
Mrs. Deitrich and son are much better at this time.
Edd and Arthur Heymier have returned from an extended holiday vacation, and are again working for Mr. Kramer.
Ray Smith was on the sick list this week with the flu.

PLEASANT VALLEY NEWS
The school is now working on a play, which will be presented soon. The program will also consist of other numbers. The date will be announced later.

Newton Childers was laid up a day or two this week on account of injuries received in a bicycle wreck.
Some from this community attended the trout of high school debates at Lockney Monday night.
There continues to be considerable sickness in our community at this time, but we are glad to say that many are on the road to recovery.
Edd Pratt took his little niece, Dorothy Moore, to Slaton Sunday, from where Mrs. Keys will accompany her to California. Little Dorothy will make her home in California.

Mrs. Dora Crain Candidate For Treasurer Floyd County
Mrs. Dora Crain, of Floydada, has announced as a candidate for the office of County Treasurer of Floyd County on the Democratic Ticket.
Mrs. Crain has been a resident of the county for twenty years, during which time she has resided at Lockney Lone Star and Floydada. She is making the race she states, on her ability to fill the office, acceptable to the tax payers of Floyd County, and will certainly appreciate the vote and influence of the voters of the county in her race.

AIRPLANE CRASH KILLS THREE

Two Amarillo Youths and Tulsa Oil Man Victims of Tragedy at Second and Madison Sts.

Amarillo, Texas, February 15th.—Walker S. Estes, Tulsa, Pilot, and Tom Nelson and Claire Crawford of this city, tail spin to their deaths at Second and Madison streets Monday.

Crawford and Nelson plunged to their death on their first airplane flight, having been picked up by Estes at the Martin dairy, three miles east of the city, where he had landed while on his way from Panhandle to Amarillo.

Estes, prominent in oil circles in Oklahoma is a former naval officer and was owner of the plane. He was enroute to Amarillo to spend the night, having made a flight over the Panhandle oil field during the afternoon.

Kenneth Flint, of the Tulsa Rig and Reel Company, who accompanied Estes to Panhandle, probably owes his life to the eagerness of Nelson and Crawford for an airplane ride.

The local men entered the machine when Estes and Flint landed at the dairy, mistaking the farm for the aviation field. Flint saw the plane when it fell, as he was on his way to the city. Flint said, "We landed at the dairy thinking it was the aviation field, and started to leave the plane for the night when the two young men came up to us and told us where the hangar was."

"I could tell they wanted to take a ride. When they asked Estes about a little spin over the city, I gladly told them to crawl in, knowing I could catch a ride in an automobile."

"This I did as soon as the three took off, and I was watching them as they plunged to the ground. I rushed to the hospital, reaching there as the ambulance drove up with Estes' body. He was dead."

C. A. Gilkison one of the first to reach the scene, said the two were dead. Their bodies were crushed in the wreckage.

Estes was still breathing when a Griggs ambulance arrived a few minutes later and was started to the hospital. He died en route.

Bodies of the other two were removed to the undertaking parlors and identification was not established until two hours later.

Mrs. Alvin Nichols Operated On
Mrs. E. C. Cox went to Plainview Tuesday to be at the bedside of her daughter, Mrs. Alvin Nichols, who was to be operated on that day for a tumor.

THE WOMAN WHO WORKS

In this new order of things, with women both married and single, broadening their business activities, a very serious problem arises. It is the problem of what, when, and where to eat.

Breakfast is always a hurry-up meal for the men but much more so for the woman who goes to business. Lunch, of course, are taken in the lunchrooms and restaurants in the business districts and are no problem. But how about dinners? Shall they, too, be restaurant meals or can they be so planned that business women may enjoy the home cooking of which they are so fond? Take away the element of haste and anxiety and in its place put carefully thought-out menus, well planned and easily prepared, and home dinners will again regain their high favor with the working housewife.

One of the big worries is frequently with the milk. Did it come? Is it fresh? Is it frozen? Has the milkman been paid? Are the bottles washed and set out? However, there is no cause for worry about milk. Why not keep a dozen cans of evaporated milk in your pantry? There are large cans, equal to a quart of milk and smaller cans that will meet the lesser needs.

For evaporated milk is just pure, fresh milk with more than half the water missing. This water can be replaced in a jiffy, if you so desire or you can use it as cream if rich and creamy foods are desired.

Here are a few recipes that may be used by "The Woman Who Works" for forming her plans for self help and good home cooking.

Scalloped Ham and Potatoes.
1 pound smoked ham 1 1/2 cups water
1 ham 1 green pepper
4 medium potatoes (may be omitted)
1 1/2 cups evaporated milk
Flour
Salted with

Cover the bottom of an oiled baking dish with sliced, raw potatoes. Sprinkle with flour and pieces of ham 1/2 inch square. Repeat until dish is full. Fill dish 2/3 full of diluted milk. Bake until potatoes are tender.

Eggs en Casserole.
4 hard-boiled eggs 1/2 cup evaporated milk
1 tomato 1/2 cup water
1 tbsp butter 1/2 cup grated cheese
1 tbsp flour Buttered crumbs
2 tsp salt

Cut hard-boiled eggs in half and arrange around the edge of a greased casserole. Slice tomatoes in center of dish. Make a white sauce of the milk, water, fat and flour. Add cheese and stir over a low fire until cheese is well mixed and smooth. Pour over tomatoes and eggs. Cover with crumbs and bake twenty minutes in a moderate oven.

TEXAS NEWS

A \$170,000 bond issue for the Lubbock Independent School District has been approved by the attorney general.

Large red ants have become a problem for vegetable growers in Zavalla County, Agricultural Commissioner George Terrell reports.

About 200 delegates are expected to attend the district convention of the American Legion, which will be held in Yoakum February 22.

The Smith County commissioners court, in a message addressed to Smith County farmers, urges that a system of balanced farming be followed in the county this year.

Half rates on feed stuff for the drought area in Central Texas, in effect in about 54 counties, since last summer, permanently expired at midnight Wednesday night, railroad commissioners have announced.

The fig growers of the Angleton vicinity are pruning and whitewashing their trees, in preparation for the coming season. Many new fields are being put in and an addition to the preserving plant is planned.

The Texas railroad commission has postponed indefinitely hearing on the proposed readjustments of rates on cotton and cotton linters in bales. Application was made by the carriers, the farm bureau, and the Galveston Chamber of Commerce.

Decrease of \$3,309,258.22 in individual deposits in 834 state banks is shown in a comparative statement for September and December bank calls. September 28, there were individual deposits aggregating \$178,232,417.36, and December 31, \$175,325,159.14.

Regular meeting of the state highway commission scheduled for February 22 has been postponed until February 23, Eugene Smith, secretary of the highway commission, announced this week. The postponement was ordered because February 22 is a holiday.

An apportionment of \$345,442 aid for 903 rural schools was allowed by the state board of education at its monthly meeting at Austin. The board also purchased \$337,000 of school bonds, leaving \$137,400 in the fund available to buy additional bonds for the benefit of the permanent school fund.

Tax assessments in Texas fall millions of dollars short of the actual valuations, and the tax problems in the state are augmenting, Edward Edwards, tax commissioner, says. He visited 31 tax assessors in East Texas since January 1 and asserted that the people report their property far short of its actual worth.

The eyes of the oil world are on Texas. Earl Calloway, chief clerk of the oil and gas division of the Texas railroad commission said this week. He predicted that 15,000 wells will be drilled in 1926 in Texas and that 70 per cent should be producers, judging from the 1925 records. He asserted that the period of high finance and speculation as well as boom periods are at an end in Texas oil development.

A proclamation was issued by Governor Ferguson Saturday, relieving 55 counties from the operation of the tick fever quarantine rules and regulations of the live stock sanitary commission. This still leaves about fifty counties in the state subject to the tick quarantine. The proclamation states that after investigation it has been found that there no longer exists any cause for the continuation of the quarantine in the counties which have been relieved of the burden.

A permanent organization to work for construction of a hard surfaced road to parallel the Missouri Pacific railroad from Riviera in Kileburg County to the north line of Willicy County was effected at Kingsville Friday in a meeting of representative citizens of the gulf coast and Lower Rio Grande Valley sections. This road would shorten the route to Brownsville from points upstate some 50 miles. A committee was appointed to confer with the state highway commission on the project.

With 1080 convictions credited to federal officers working in the Western Federal District of Texas, more than half of the total convictions for liquor law violations in the state were obtained in San Antonio, El Paso, Austin and Del Rio. The Western district, with headquarters at San Antonio, also led in fines. More than \$124,517 in fines was paid by convicted liquor law violators. The southern district with headquarters at Houston, followed with 409 convictions and \$89,114 in fines, the Northern district at Dallas, third, and the Eastern district fourth.

Because the Texas capitol has had practically no repair work done to it since it was opened in 1888, the board of control expects to ask \$3,500,000 of the Fortieth Legislature. This amount, it was estimated by R. E. Wathall, member of the board, is needed to revamp the interior of the capitol, repair the governor's mansion and mend the new land office building, which is showing wear. As the exterior of the building is one of the best in the world, the legislators have appropriated paltry sums for the maintenance of the interior.

SHOAF CULLS MANY FLOCKS OF CHICKENS PAST WEEK
E. S. Shoaf, assisted by B. D. Hill, culled the flocks of chickens of Delbert Bybee, Earnest Hayes and L. D. Roberson, Wednesday.
Mr. Shoaf states, "That Mr. Roberson now has one of the best flocks of Rhode Island Reds in the county, and that any one wishing Rhode Island Red setting eggs could not get a better strain than those of Mr. Roberson's."
Mr. Shoaf would be glad to assist any Floyd county farmer in culling his chickens. This is just one of the ways that the Chamber of Commerce can be of assistance to the farmers.
Floyd county has always produced good poultry. Let's make it better by getting rid of the culls and non-layers. Hens always lay better when not crowded and the market price is good now. Cull while the price is good and help make Floyd county the banner pure bred poultry county.
