Artists Entertain at C. of C. Meeting

Clean Up Week and Winners in Musical Festival Are Chief Incidents in Luncheon

The winners in the Musical Festival at Amarillo from Miss Christian's class, above the 12 year and under group, entertained the members of the Chamber of Commerce with piano selections at the luncheon Monday. The winners under the age of 12 years having entertained the organization the week previous. Those taking part in the entertainment were: Misses Hazel Gruver, June Guthrie, Evon Griffith, Gene Dyer, Mildred Carter, Mary Leda McAdams and Master Roy Thornton. The entertainment was highly appreciated by the organization, and the musical numbers rendered spoke very highly for the instructor, as well as the advanced pupils of the class.

The clean-up campaign, which is on this week, was the main topic of the day, and every one was urged to take part and make the town clean, and then keep the town cleaned up.

Dr. Colvern Henry was named as inspector for the Chamber of Commerce, to assist his father, Dr. S. M. Henry, city health officer, in protecting the town against disease breeding accumulations and unsanitary conditions.

Joe Seale of Lubbock was before the body with an advertising scheme for advertising the entire South Plains, which was heard by the organization, and a committee appointed to look into the proposition, and report back to the organization.

Prof. W. D. Biggers brought before the body the proposition of entertaining the County Interscholastic Meet here March 30 and 31. The body ordered that the funds be raised for defraying the expenses of the entertainment in the regular way employed in years past, which was by public subscription from the business men and citizens of the town, and a committee was appointed to raise the necessary funds.

School Fair in Lockney on March 30 and 31

THIRTY-ONE SCHOOLS WILL BE REPRESENTED IN INTER-SCHOLASTIC MEET

The date of the Floyd county Interscholastic League Meet at Lockney has been set for March 30 and 31 by the directors of the League, this date having been determined upon after learning of the exact date for the district meet which is to follow it.

The following statement in connection with the meet has been issued by Price Scott, County superintendent, W. D. Biggers, superintendent at Lockney, and W. E. Patty, superintendent at Floydada:

"It has been decided advisable to hold a school exhibit in connection with the Interscholastic League Meet. This exhibit is not to take on show proportions, but is to reflect the type of work being done in the various schools from day to day. It is our earnest desire that every school in the county shall be represented in this exhibit. It is hoped that this exhibit may be the means of stimulating a deeper interest in the school work of the entire county and that it may become an annual exhibit.

"The committee submits the following rules which shall determine the type of exhibits to be submitted:

"1. All exhibits from the grades shall be properly mounted on gray 'Photo Mounting Board' 22x28 inches, two cards to each grade. The grade represented should be written or printed across the top-edge of the upper card. There should be four allotments to each card and from one to three specimens to each allotment. It is suggested that these paper 8 1/2 by 11 be used for most of the display work. It is also suggested that every line of work being taught should have representation in this display and that each specimen should bear the name of the pupil responsible for its production.

"2. The name of your school should be placed on mounting board eleven inches wide to place directly above your exhibit.

"3. There will be a committee of Lockney teachers to receive and hang all rural school exhibits. If possible you should turn your exhibit in to this committee before 10 o'clock Friday morning. The committee will greatly appreciate near by schools submitting their exhibits on Thursday afternoon.

"4. The rural teachers may secure

WOMAN SENATOR FROM OKLAHOMA VISITS HERE

Senator Looney, woman senator of Oklahoma, whose home is Hollis, Okla., and Mrs. C. L. Daugherty, superintendent of the Civilian Rehabilitation of Cripple Children Clinics in Southern Oklahoma, were here the last of the week, visiting Mrs. Daugherty's sister, Dr. Mary Mitchell Henry.

Senator Looney is in the race for re-election this year in the state of Oklahoma. Mrs. Daugherty states that the clinic to be held for the cripple children in the Lockney section of the state, will be deferred until a later date as she has other clinics that are now demanding her immediate attention, but that a date will be published later for the clinic in Lockney.

P. T. A. WILL SERVE LUNCH AT SCHOOL FAIR

No improvement in school conditions is possible until a strong public opinion approves and demands it. No group can so successfully influence public opinion and public school officials as an enthusiastic, interested group of parents. No parent can be so enthusiastic and interested in school improvements unless they know conditions and possibilities for improvement. There is nothing better than a P. T. A. to promote this enthusiasm and interest.

The united strength of a group of parents and teachers is double the strength of an organization composed exclusively of either parents or teachers. A parent can assist a teacher as no one else can.

Full and free discussion of general school problems in a meeting of parents and teachers often solves, without friction, petty particular problems.

Discipline becomes easier when a child realizes that father, mother and teachers are working together.

Acquaintance with parents makes a more intelligent understanding, on the part of a teacher, of the children's needs and potentialities.

Intelligent understanding by parents of the work and methods of the school usually helps to develop a loyalty among the children and the teacher's efforts become more faithful.

Holding P. T. A. meetings on fixed dates saves time and energy.

If parents are in sympathy with the school desirable reforms are more easily effected. If parents come to know teachers, the criticism of outsiders will be met intelligently. Parents who know will set children right.

We must not be content just to put our children in school without considering whether the school we have put them in is worth anything after they get into it.

The Lockney P. T. A. is making a strong effort to put over a program for the coming year which will not only benefit the school but the whole community as well. Every parent and every individual who has the interest of Lockney public schools at heart should identify himself or herself with this organization. It meets at the school building the first and third Fridays, 3:30 p. m. We invite all parents to meet with us and work with us. Visit your school.

The School Fair will be held in Lockney March 30th and 31st. On that date the P. T. A. will serve lunch at the school building. There will be a sandwich and hamburger booth; an ice cream and candy booth; and a plate lunch booth. The proceeds will go to the school and the benefit of the community.

During the coming week solicitors will be in communication with you and we should like to have a generous response in keeping with the spirit of West Texas.

S. A. APPLETON UNDERGOES OPERATION LAST SATURDAY

Mr. S. A. Appleton of Lockney was operated on in the Plainview Sanitarium last Saturday, for rupture, and is reported to have underwent the operation successfully and is now recuperating.

Mrs. J. T. Kelley of Eldorado, Okla., has been here visiting her sister, Mrs. S. J. Livingston.

This mounting board from the office of the county superintendent for 20c per card or from Practical Drawing Company, Dallas, Texas, for \$2.25 per dozen postage prepaid. The board is the "Photo Mounting Board" gray on one side and brown on the other—the gray side should be used.

"High school exhibits should be mounted in accordance with the above rules so far as possible. Suitable tables will be arranged to care for note books, laboratory manuals, etc. in connection with the High School Exhibits."

Every Member Simmons Band is Real Texan

EACH IS COWBOY OR SON OF ONE AND IS PROUD OF FACT

Members of the Simmons University cowboys' band are proud of the fact that the majority of them are real cowboys, sons of cowmen and that all of them are natives of Texas.

A glance at the roster shows that most of them are sons of West Texas, and like all West Texans, they are boosters. They are proud of the opportunity they will have to advertise West Texas when they go to New York this summer, and they boast that they will let the Easterners know that cowboys can produce real music.

Members of the band are: Dewey O. Wiley, director, Abilene; G. B. Sandifer, manager, Abilene; Y. P. Kuhn, drum major, Abilene; Byron Pollock, publicity manager, Abilene.

Cornets: Frank R. Rainwater, Abilene; Roy Reeves, Matador; Byron Kidwell, Abilene; Richard Walker, Vernon.

Clarinets: H. A. Anderson, Anson; Ray Sims, Shreveport, La.; Francis B. Fry, Abilene; Elmo Low, Abilene; Charles Bailey, Abilene; Clyde Rowe, Abilene; Harold Owens, Mineral Wells; Piccolo and flute: William (Bill) Corder, Jayton.

French horns: Moody Logan, Colorado; Francis Stultz, Post; Cleve Blackard, Snyder.

Baritone: Knox Kelly, Post. Saxophones: Robert Whipkey, Colorado; Elmer Spears, Snyder.

Bass horn: Ray Garrett, Merkel. Trombones: Robert Tietze, Dallas; Wallace Wimberley, Midland; Cleo Hazel, Spur.

Drums: Ortha Hillyard, Abilene; Myron Corbin, Abilene.

Bill Kelly Post, Drums (mascot). Bill Watson, Abilene Chamber of Commerce.

MAKING ESTIMATES ON PAVING LEE HIGHWAY

Geo. A. Field, division engineer for the State Highway Department, with headquarters at Lubbock, has been in Floyd county this week, going over the Lee Highway, and making an estimate of the cost of paving the highway across the county. The estimate will be given to the commissioners' court, so that they will know what size bond issue will be necessary to be voted to take care of the paving project.

A meeting will be called of citizens living in different parts of the county when the estimate has been delivered, and steps will be taken looking toward ordering an election for the purpose of voting bonds to pave the Lee Highway, and the opening, putting up to grade and widening of other roads in the county.

DENVER JUNCTION NAMED HONOR OF W. F. STERLEY

Artie Baker and Wife Dedicate Townsite as Sterley Close to Location of Station

Floydada, March 21.—The junction point on the Fort Worth & Denver lines northeast of Lockney where the company is laying several miles of track for the accommodation of traffic that will centralize there from Lubbock, Plainview and Silverton, has been designated as Sterley, according to reports, the name being chosen to honor W. F. Sterley, for years general manager of the Fort Worth & Denver lines out of Fort Worth, and who was widely known among West Texans. He was among the early Fort Worth & Denver officials who talked of a line of lines into the south plains area and is said to have favored such a move long before it was undertaken.

Early in this month, the town of Sterley in Floyd county was breathed into life, when Mr. and Mrs. Artie Baker, of Lockney, filed for record with County Clerk Tom W. Deen a plat of a town immediately west of the designated site of the company's station, dedicating the streets and alleys of the same to the use of the public. All right for public service utilities were reserved by Mr. Baker.

Mrs. S. J. Livingston returned the last of the week from a visit to her sister, Mrs. W. H. Forbes at Spearman, Texas, and visited with Miss Alma Joe at Amarillo on her return.

Clean-up in Full Swing in Lockney This Week

Committee Urges That Everybody Have Their Premises Clean by End of Week—and Keep Them Clean

The clean-up week in Lockney began Tuesday morning, and many of the residents and squads of overseers have been busy on the job, and the town is taking on the appearance of a clean town.

However, all the residents have not responded at this time, but we believe they will the remaining two days of the week. In case any fail or refuse to clean-up they will probably be asked to do so. Get busy the remaining two days and make your premises look as nice as that of your neighbor, and in doing so help to preserve the health of the town.

CLEAN UP CAMPAIGN

What we mean by Clean Up Week is to rid your premises and public gathering places of those things favorable to spread contagious and infectious diseases.

Public health has a purpose in our lives second to none and finds its origin in the control of communicable diseases. Therefore, in order to control we must prevent disease. By so doing we prolong life and develop the individual in such a way as to enable him to perform most efficiently the duty developing upon him as a member of his community, state, and nation. Public health is the prime purpose in our minds of a general Clean Up Stay Clean Campaign.

"The Nations Health is the Nations Wealth."

"Public Health is purchasable."

1. Let our town select its needed feature of reform and "talk about it," but "really remedy it."

2. Cultivate or otherwise improve vacant lots.

3. Paint or whitewash fences, outbuildings, and trees.

4. Fill low places, and drain standing water to prevent mosquito breeding, fill ponds and lakes or stock with top water minnows. Write to Game and Fish Dept., Austin.

5. Inspect screens and repair defective ones with 1 inch mesh screen.

6. Ditches should be cleaned and culverts opened to provide drainage.

7. Provide a sanitary inspector to see that Clean Up Week continues all the year.

8. Remove all eye sores, remove all old cars, remove all rubbish to dump ground, cover or burn.

9. Provide sanitary garbage cans, especially the grocery and meat markets disposal.

10. Abate surface toilets and encourage sewer connections and the approved type of pittoilet in unsewered section.

11. Appoint committee to inspect dairies, slaughter houses, camp houses and report same.

12. Trap and poison rats, destroy harboring places, such as trash piles and refuse heaps. Every citizen should do his or her best to rid the town of rats, as they destroy and waste food and carry diseases. Leave no happy hunting ground for flies and rats, as they carry all kinds of contagious and infectious diseases. Give your loyal support in this worth while work. We need your co-operation and we will appreciate every effort you make. We are counting on you. Don't disappoint us. Clean up, and keep clean, we will have a city beautiful. You will be proud so will the committee.—Mrs. Collier.

C. OF C. BANQUET SOUTH PLAINS FRIDAY

The newly organized Chamber of Commerce, with J. B. Jarnagin, formerly of Lockney, as president, will hold their first annual banquet, in that thriving new town, Friday night, March 23rd.

A number of invitations have been extended to people of that community, and residents of nearby towns to attend the function.

JOE CLARK IS GETTING ALONG FINE

Joe Clark, head interman at the Lockney Cotton Oil Mill, who happened to the accident of getting his left hand caught in a magnetic belt Wednesday last week, is reported as getting along as well as could be expected, and his recovery is now thought to be certain. The doctors were forced to amputate the arm Friday of last week, and a transfusion of blood was made, several Lockney men giving blood for the transfusion.

His condition for several days was very serious, but it is now thought, if no complication set in, that he will soon recover.

NOTICE TO VOTERS

It seems that an erroneous statement has been circulated, or people have got the wrong impression concerning the election to be held on Monday, April 9th, anent the closing of certain streets, and the location of the depot, and we wish to make the proposition clear:

"If the people of Lockney vote to close the streets that the election is called to close, they will say by their action that they want the depot moved out of Main Street."

"If the people vote against closing the streets asked to be closed in the election, it will mean that they expect the Denver Railroad to build their depot in the center of North Main Street, as was voted by the people by a majority of thirteen to one, in the election held some time ago."

The Denver Railroad is as morally bound to place the depot in the center of the street, if the people vote against closing the streets as called for in the coming election, as the people of the town were morally bound to fulfill their promise in the election held some months ago.

If you want the depot in the center of Main Street vote AGAINST closing the streets on Monday, April 9th.

DE LAVAL DEMONSTRATION WELL ATTENDED

De Laval and Dairy Day, which was held at Baker Mercantile Co. store Saturday was a very profitable meeting and a good demonstration.

Hon. A. B. Tarwater made the principal address which was along practical and agricultural lines of interest to his audience which was composed of perhaps 300 mostly farmers and their wives.

Mr. Tarwater showed himself familiar with the problems of the farmer. He has been farming for a good many years and being a graduate of the University of Tennessee he is well equipped for his work proving that a college man is at home on the farm.

His address stressed the business of farming and advocated the farmer working out his own problems with any help obtainable from the agricultural colleges or other sources. While his address was practical and non political he would mention the fact that Mr. Tarwater is a candidate to represent this district in the Texas House of Representatives and many people are interested in his candidacy.

Mr. Smith the De Laval representative told the audience how his company had pioneered in the industry, this being the Golden or fiftieth anniversary since Dr. De Laval discovered the principal of the centrifugal separation of cream from the milk.

Notwithstanding there are on the market at least forty different brands of cream separators the De Laval furnish the dairy interests with 53 per cent of all the cream separators sold.

They have specialized on this line of machinery and maintain the largest body of experts in this line in the world furnishing the United States government with machines of the same principal to take all the impurities out of the oil used in the United States Navy.

Mr. Smith related how his company had experimented in their own dairy for eighteen years on their De Laval milking machine before offering it to the public while other manufacturers were offering crude milking machines to the public and creating a prejudice against those machines because their product had not been properly perfected before offering to the public.

Such meetings are highly profitable when the things in which the farmer is interested are discussed in the open, and he is spoken to in terms and by people who understand his problems.

Mr. Tarwater expressed his interest in the establishment of a co-operative creamery at Plainview and we wish him success in this enterprise, but would add that there is plenty of room in this country and the people of Floyd county should establish a creamery at Lockney, which would prove to be a source of profit and a benefit to this section of the country and the town as well.

SPECIAL SERVICE AT CHURCH OF CHRIST SUNDAY EVENING

There will be a special service at the Church of Christ Sunday evening, March 25th, beginning at 7:45 o'clock.

The subject for the evening will be "Roman Catholicism in Prophecy and History." Shall we nominate a Catholic and a wet for president of the United States? Preaching by Early Arceneaux.

Mr. and Mrs. David Bates of Plainview were in Lockney Monday, visiting Mr. Bates' sister, Mrs. Roscoe Snyder, who has been ill several days with an attack of appendicitis.

Campbell Trail Called For Next Monday

Henry Coleman Draws Two Years in Penitentiary for Violating the Prohibition Law

T. E. Campbell, charged with the murder of Bradford Wilson, will be arraigned in district court Monday morning, and a special venire of one hundred men have been drawn, from which to select a jury. Wilson was shot in the back with a shot gun on a farm owned by him, on which Campbell lived with his son, who was the tenant on the farm, twenty miles north of Lockney about two months ago.

Henry Coleman, charged with violation of the prohibition law, was given two years in the penitentiary, by a jury, Monday of this week.

Marvin Hawks went to trial Tuesday of this week, on a charge of violation of the prohibition laws.

The case of Jennie M. Flynn et al vs. Maggie M. Parker et al, was tried the past week, and a judgment rendered in favor of the plaintiff. The suit involved a large body of land in the southern part of Floyd and Northern part of Crosby counties.

The grand jury has been in session again this week.

Hazel Shelton Sick in Dallas

Miss Hazel Shelton is very seriously ill at the Parkland Hospital in Dallas, according to a message received here this morning by her parents. Mrs. R. P. Shelton, mother, and son, Vernon, and Mrs. Carl McAdams left this morning in a car for Dallas to be at her bedside. Miss Hazel is employed as a nurse in the Parkland Hospital.

POSTAL INSPECTOR FINDS EFFICIENCY IN POSTOFFICE

Mr. Eastham, inspector for the Federal Government, with headquarters at Fort Worth, has been here this week and gave the two employees at the Lockney postoffice an examination. Clyde Cummings and Geo. Newman were examined on dispatch of mail and junctions. Clyde scoring 100 per cent in both examinations, and Geo. 99.88 per cent on each examination. This is quite a high average, one showing a perfect score and the other practically perfect.

MUSICAL FESTIVAL AT LUBBOCK MARCH 29-30-31

Lubbock, March 21.—Much interest is being manifested by music students and teachers over the South Plains in the Fifth Annual Music Festival and Contest of the South Plains Music Teachers Association that will be held at the Lubbock High School Auditorium March 29, 30, and 31. Miss Jeanette Ramsey of Slaton is president of the teachers association and is in charge of the festival and contest.

Several new features are being added to the contest this year, including a cross word puzzle contest, in which over 170 entries have been received.

Paul Van Katwijk and Viola Beck Van Katwijk will appear in piano recital Thursday evening. Mr. Van Katwijk is one of the favorites in Texas and has many friends in the South Plains as he appeared in a recital in Lubbock several years ago. He is dean of the school of music at S. M. U., Dallas and his wife is also a charming musician.

Preliminary contests in piano will be held at the Lubbock high school Saturday, March 24, due to the fact that over 244 entries have been received in this contest.

March 29 contests will be held in theory with 15 contestants, piano solos of 16, 17, and 18 years training and bands. The Lubbock Junior and Lubbock Senior High school bands and the Slaton High School band will be contestants. Choral clubs including the boys club and the girls club of the Lubbock school, the girls club of the Lubbock school and the Junior Methodist choir of Lubbock will compete in a choral club contest also.

Friday, March 30, will be devoted to the piano contest winners who were successful March 24.

Saturday, March 31, will be featured by the cross word puzzle contest and an orchestra contest with the Spur and Post orchestras competing.

Metals, prizes and other awards are being offered the winners of the various contests.

Big crowds of South Plains people are expected from over the South Plains. The majority of contestants come from Slaton, Lubbock, Spur, Post, O'Donnell, Plainview, Lockney, Crosbyton, Ralls, Tahoka, and Wilson, according to Miss Ramsey.

WHAT'S LOCKNEY GOING TO DO ABOUT IT?

An election has been called for Monday, April 9th, for the purpose of the residents of Lockney saying by their ballot, whether or not a number of streets in the city will be closed, in order that the Denver railroad might open Main Street, which was previously closed by a vote of the people.

As we see it, the closing of all the streets named in the election order would absolutely ruin the north end of the town, as far as future development is concerned, and Lockney could never be any larger than the scope of land between the Santa Fe and Denver Railroads, which is now the thickly settled part of town would allow. In enumerating the streets that are to be closed, should this election carry, the principal residence streets of the town are affected, West Second Street is the main residence street at this time in the city; West Fourth street will soon be lined with dwellings from one end to the other; West Fifth and Sixth will have to take care of future development in the West part of town, and all these streets are to be closed, if the people vote to close them. In other words, we are closing a half dozen good residence streets in order to open a street that has about a half dozen houses on it north of the depot, and could not possibly have more than ten or fifteen houses, if fully developed.

Main street does not have any opening that will affect the town either at the North or South ends. Property at both ends of the street blocks the street and forces the persons using same to turn either east or west to find a way into the country. The town would be far better balanced as to the business district with the depot in the middle of Main street, and it would cause the business district to be more compact, and would work out the civic attractiveness of the business district. The people have already said by a majority of thirteen to one that the center of Main Street is the proper place to build the depot, and no matter what action might be taken in the future this street at the proposed site of the depot is the property of the Denver railroad and can never be opened without them deeding the property to the city for the opening of same.

The Denver has said, through Judge McKay, if you will give us a half dozen street crossings and close all the alleys across the East and West part of Lockney, we will agree to set the depot out of the Main Street, and al-

low same opened, provided you widen the Main Street and pave same with some kind of hardsurfacing material. This is not a very fair trade, to say the least. Should the people by a vote ruin all the north part of town, in order to satisfy the whim of a half dozen. We feel that the people on North Main street, north of the track, have been damaged by the closing of the Main Street, but to what extent we cannot say, as time will tell whether they are really damaged to any great extent. But if they have been damaged, then how much greater would the damage be if the citizenship saw fit to close all the streets asked for in the election now ordered. The people affected in this closing of streets would be a dozen time the amount affected in the closing of Main street, and of course, their damage would be considerably larger, as there is more land to take into consideration.

Before the railroad permit was granted, at the very beginning of the fight to get the road, upon suggestion from officials of that railway, "that it would be the ideal location for the Denver depot in the center of Main Street" and in the fight to induce the railway officials to give Lockney some consideration, if they were granted a permit to build, the committee told the Denver officials that if they would build their line through Lockney, that they would be allowed to build the depot in the place they selected, which was the center of the Main street. Later those opposing the placing of the depot in the street, registered their complaint, and an election was called. The decision was thirteen to one for closing the street and allowing the depot to be built in center of same, and this vote of the people should have been final, but it was not allowed to be final as things now stand, and another election has been called. If this election should carry, will it be worth anything? The election before was a waste of time and energy if the second election carries. If the second election carries Lockney will be saying that it is reversing itself, and that it is not willing to back up what it proposed to do in the other election. The town of Lockney is not under any obligation to close all the streets enumerated in the election now ordered. If there was ever a promise made the Denver Railroad that these streets would be closed, we never heard of it until within the last few days; but if there was such a promise made, why did the city, or committee, who made such a promise, not include it in the former election? Why did the person or persons making such a promise withhold same from the public? The committee was very frank in telling the voters of Lockney that they had promised to close Main street for the Denver, so why were they not as ready to take the city into their confidence about closing all these streets and alleys? We, for one, was a member and worker, of the original committee, and was present when the question was put up by the Denver officials concerning the closing of Main Street, and we have not wavered one particle from our position on that question, but we never knew, and don't know to this good day who made the promise of closing additional streets, where and when such a promise was made, and we are sure that

we would have opposed the proposition if we had known anything about it.

Railroads are not supposed to close every street in a town when they build their lines. They even allow openings of streets in towns where they built their lines before the town was laid out. You will find few towns, if any, that the railroads have been allowed to close a great number of streets. Occasionally they are allowed to close a street here or there for specific purposes, where it is absolutely for the good of both the railway and citizenship that they should close such a street. That was the case in the vote taken on closing Main Street.

Every voter in Lockney should go to the polls Monday, April 9th, and vote, regardless of how you vote. We think that everybody in town should go to the polls and vote against the closing of the streets as enumerated in the election order, and urge the voters to do this.

The effects of bringing up the depot question again are now noticeable. We believe the delay in the line being built into Lockney was occasioned by this fact, and that we would now have trains operating out of Lockney had we stood fore-square to our obligation concerning the location of the depot, and not wavered and brought on a question about same again. We feel that Lockney has already hurt itself, and hurt itself badly, with the Denver officials, by allowing a discussion to arise among its citizens, and question the voice of the people who had expressed themselves very forcibly at the ballot box. We further feel that if the citizenship of Lockney does not stand pat on the depot question as was voted, that it will cause not only the Denver officials, but the outside world, to feel that we have shirked our duty, for when the vote was taken, the obligation of locating the depot was taken from the hands of the committee, and vested in the entire citizenship of the town, and we have faith enough in the voters of Lockney to believe that they will go to the polls Monday, April 9th, vote down the closing of the streets and alleys enumerated in the election order, and say by their action they expect the Denver railroad to live up to its agreement and build the depot in the center of North Main Street.

50 Years of De Laval Service - and now the best of all... Cream Separators

SINCE Dr. De Laval invented the first continuous discharge centrifugal cream separator in 1878, De Laval Separators have always been in the lead. Practically every detail of separator construction has been De Laval originated. As these features have been imitated, further improvements have been made.

Each De Laval has in its day been the leading separator. As a result more than four million have been made. They are used in every country of the world, and there are practically as many in use as all other makes combined.

Now the 1928 "Golden Series" De Laval Separators mark another step forward. They are the crowning achievement in 50 years of service to the dairy industry.

They are the most complete, efficient and beautiful cream separators ever made. They are all that could be hoped for in such a machine and must prove a source of pride as well as profit to every owner.

The best way to judge a new "Golden Anniversary" De Laval machine is to see one, and better still to try it side-by-side with any other separator.

We will appreciate an opportunity of demonstrating a new "Golden Series" De Laval to you.

NEULAN

March 19.—Mind was not given man to think evil. Strength was not given him to do evil. Speech was not given him to speak evil.

Hearing was not given him that he might listen to that which is vile, wicked or untrue. Sight was not given him that he might gaze upon objects or spectacles which defile, degrade or debase.

Every faculty, attribute, talent is given to man that he might use it for the development of himself, the Good of those about him and the glory of the Creator.

To fail in this is to prove untrue to the trust committed him from the beginning.

It may be said that more time is wasted than any thing else.

Oh waste! tragic waste of time and thought, but the greatest of tragedies is a waster life, how about yours?

Bro. F. S. Davis filled his regular appointment at Neuland Sunday evening.

THIS IS A PRODUCT OF GENERAL MOTORS

IN the Frigidaire cabinet everything is fully enclosed. There is no unsightly machinery sticking out like a sore thumb. Take a good long look at the Frigidaire Cabinet then close your eyes and your mental picture will be one of grace and harmony. There are no unforgetful irregularities to mar the picture.

For a number of years a certain automobile manufacturer producing a good car tried to make the public appreciate a new design of the hood. But unfortunately the design was such that seeing it once you could never forget how it looked. This always a mark of ugliness. You would not want anything like that in your home.

Dallas Figures on The Santa Fe Extension

Dallas News Says Contemplated Line Considers Acquisition of G. T. & W.: Trains Through Plainview Over Now Existing Lines

Concerning a probable extension of the Santa Fe from Ft. Worth and Dallas to Floydada and a connection through Lockney to Hale Center and construction of a new 66-mile line from that point to Parmerton, The Dallas Morning News of Monday states:

The directorate of the Santa Fe Railway Company has before it for decision a survey concerning the construction of a line from Dallas to Parmerton in West Texas, a railroad project which would be one of the largest in the last quarter-century in this state and which would cost, it is said, at least \$15,000,000.

This information comes from diverse sources, among them a Dallas traffic expert. It has been known for more than a year that the Santa Fe was considering the construction of a line cutting across West Texas, thru statements of that railway's officials. Now, well-informed railroad men are declaring that such construction will soon begin, since the Burlington System is building in the West Texas territory, heretofore controlled by the Santa Fe and since it is known that the latter railway has been in negotiation with W. Frank Knox, receiver for the Gulf, Texas & Western Railway, whose line is the key to the proposed new line.

The proposed route according to well-informed railroad men, is about 450 miles in length. Parmerton, the western terminus of this line, would also be the junction point at which the line would join with the transcontinental division of the Santa Fe. In this manner Dallas would have quick and direct access not only with West Texas, but with California. West Texas is a rich fertile, rapidly developing country.

Officials of the Santa Fe now are negotiating with citizens of Lamb, Parmer and Hale Counties in West Texas concerning the obtaining of land for a part of the right of way. The officials, in conference with Lamb county men at Olton, declared upon promise of right of way across Lamb county that the proposition would be placed before the Interstate Commerce Commission and upon the consent of that body the road would be in operation within two years.

This statement of the new line would be about sixty miles in length

LOCKNEY,

of Christian service. The band now has a membership of sixty souls all dedicated to special work in the Master's Kingdom. It sends out one and sometimes two teams every week end and three services are conducted at every church where they are invited. Their services are free and all expenses are met by free will offerings. During the past three months twenty churches have been visited and sixty services rendered. Twenty-two souls have been won to Jesus in these services, and an estimated number of 4645 people have been in attendance at the meetings. The free will offerings during this time amounted to \$435, which is making it possible for the band to pay for the new Chevrolet buss now being used in transporting the members to and from the churches. The members give an hours program each Wednesday afternoon at the college and the spiritual influence gained in these meetings is such as to permeate throughout the entire student body. Wayland not only trains the mind but strives to build character and every student leaves the institution better prepared to go out and live a useful, Christlike life.

WAYLAND BAND DOING GREAT WORK
Plainview, March 12.—The Volunteer Band of Wayland Baptist College is doing a great work in the

and connect Parmerton in Parmer county to Hale Center in Hale county by way of Olton. The complete proposed route would be from Dallas to Jerrin, Jacksboro, Olney, Seymour, Benjamin, Guthrie, Floydada, Lockney, Plainview and Parmerton, where it would join the transcontinental line of the Santa Fe. The proposed new route would necessitate construction of lines between Dallas and Perrin; would necessitate the purchase of the Gulf Texas & Western Railway Company between Perrin and Seymour, and new construction between Plainview and Parmerton. The Santa Fe now has trackage between Floydada and Plainview, Floydada and Seymour would have to be connected. Battle Ground of Lines West Texas has long been a battle ground of competing railroads. Last year the Burlington System received permit from the Interstate Commerce Commission to penetrate deep into the territory and is now laying and has been laying track which will be finished by June.

Since the recent development of West Texas, competition has become even keener, and railroad men say that the Santa Fe, which is in a prosperous condition, will not relinquish the field without a struggle.

The subject will be, "Gardens and Flowers," and we are to answer roll call with a new vegetable that I intend to grow. All members be sure and come as we have some important business to come up at this meeting.—Reporter.

CHRISTIANS HAVE FINE POULTRY FARM

Miss Lauream Christian, accompanied by Mr. and Mrs. H. B. Adams and sons, Douglas and Milton, spent Sunday visiting at the J. D. Christian home, about sixteen miles south of Lockney.

Mr. and Mrs. Christian have entered the poultry business on an extensive scale, and at this time have between 500 and 600 White Leghorn hens, which are producing more than 300 eggs per day, and they state that they intend to run about the same amount of Rhode Island Red hens next year, raising their flock to more than a thousand laying hens.

Also Mrs. Christian has about thirty or thirty-five high grade pure bred Bronze turkeys. We say Mrs. Christian, as she claims this part of the poultry ranch as her interest. She has a Tom turkey that she paid Byrd Bros. of Pennsylvania \$300 for, and which she refused \$500 for at the Tri-State Poultry Show at Amarillo the past year. She has just added a hen turkey, bought from Byrd Bros. to her flock, at a cost of \$200. This turkey is a pullet, and has been placed in the pen with the fine tom turkey, an eleven fine hens of the same breed. These turkeys of the Goldbank Giant Bronze turkey type, and are of the best pure bred turkeys that can be bought in the whole world, as Byrd Bros. have the reputation of being the best turkey breeders in the universe.

The Christians have provided quarters for the proper care of both their turkeys and chickens, and now have a half dozen first-class chicken houses, brooder houses, etc., and have the lumber on the ground for the erection of even more houses to take care of their flock.

At the Christian farm the poultry business is not the only line of farming they are following. They have several head of good grade Jersey and Durham cows they are milking, and also they have a large acreage planted to wheat, and will plant considerable feed stuff at the proper time this spring.

They are believers in raising their living at home, and are strong for co-operative marketing among the farmers for the protection of their interests in getting a good price for the farm products, and they are making a wonderful success in their line of business.

ELECTION ORDER

"An ordinance ordering an election to be held in the City of Lockney on the 9th day of April, A. D., 1928, to determine whether or not such streets and alleys, as hereinafter more fully set out, should be closed for the exclusive and perpetual use by the Fort

Worth and Denver South Plains Railway Company for its railway tracks and depot and station grounds, and declaring an emergency."

Be it ordained by The City Council of the City of Lockney:

SECTION 1. That an election be held throughout the City of Lockney on the 9th day of April A. D., 1928, to determine whether or not the following streets and alleys shall be closed for the exclusive and perpetual use by the Fort Worth and Denver South Plains Company for its railway tracks, depot and station grounds.

Hartman Street in Brewster's Second Addition from the west line of East 4th street to the east line of East 2nd Street;

West 1st Street from a point 150 feet north of the north line of Guest Street, to a point 110 feet south of the south line of Florida Street in the J. T. Livesay addition;

West 2nd Street from the north line of Guest Street to the north line of White Street in the J. T. Livesay addition;

Florida Street in the J. T. Livesay addition from the west line of Main Street west 57 feet;

White Street in the J. T. Livesay addition from the west line of Main Street to a point 33 feet west of the west line of West 2nd Street;

West 4th Street from the south line of Guest Street to a point 50 feet south of the south line of Houston Street in the Guest and Ramsey addition.

West 5th Street from a point 75 feet north of the north line of Washington Street to a point 91 feet north of the north line of Houston Street, in the J. T. Livesay addition;

Houston Street in the Guest and Ramsey addition from the west line of West 4th Street to the west city limits;

The north and south alley through Block 6, J. T. Livesay addition from the south line of said block 6, north 250 feet.

The north and south alley through Block 1, J. T. Livesay addition from the north line of said Block 1, south 68 feet;

The east and west alley in Block 6, J. T. Livesay addition;

The east and west alley in Block 2, J. T. Livesay addition;

The north and south alley in Block 2, J. T. Livesay addition, from the north line of said Block 2, south 240 feet.

The north and south alley through block 5 J. T. Livesay addition, from the south line of said block 5, north 72 feet;

The north and south alley through Block 3, J. T. Livesay addition, from the south line of said Block 3, north 240 feet;

The east and west alley in Block 3, J. T. Livesay addition;

The north and south alley between Block 6, Muney addition and the Geo. T. Meriwether 5 acre tract from the south line of Guest Street, south 110 feet;

The north and south alley through Block 15, Guest and Ramsey addition, from the south line of said Block 15, north 150 feet;

The north and south alley through Block 14, Guest and Ramsey addition from the north line of said Block 14, south 140 feet.

The east and west alley through Block 14, Guest and Ramsey addition.

SECTION 2. That at said election those voting for the closing of said streets and alleys shall have written or printed upon their ballot "For the closing of the streets and alleys" and those opposing the closing of said streets and alleys shall have written or printed upon their ballots "Against the closing of the streets and alleys."

SECTION 3. The said election shall be held at the City jail building in the City of Lockney and all legally qualified voters in the city of Lockney shall be permitted to vote at said election and S. J. Baldwin presiding judge, D. C. Lowe judge, Mrs. Carl McAdams clerk, are appointed as managers of said election to hold said election.

SECTION 4. That said election shall be held as nearly as possible in accordance with the provisions of law governing elections generally within the City of Lockney, and the returns of said election shall be made to the City Council of the City of Lockney as provided by law for elections in such city.

SECTION 5. Copy of this Ordinance signed by the Mayor and published in a newspaper within said city once each week for four consecutive weeks and three other copies of the Ordinance signed by the Mayor, posted in three different public places within the City of Lockney for at least 30 days prior to the time of holding said election shall be sufficient notice of said election.

SECTION 6. The fact that the building of said railroad and establishing by it of depot and station grounds is being delayed pending the closing of said street, and the citizens of the City of Lockney are being deprived of the service of said railroad, creates an emergency and public necessity requiring that all rules be suspended and that this Ordinance take effect and be in force from and after its passage and IT IS SO ORDAINED.

Passed and approved this the 7th day of March, A. D. 1928.

T. Z. REED,

Mayor, City of Lockney, Texas.

"AMERICAN BEAUTY" DINNERWARE

A BEAUTIFUL AND EXCLUSIVE DECORATION

"American Beauty" Dinerware carries a decoration of exclusive design, representing remarkably superior value.

We have arranged with one of the largest makers of high grade china, to furnish us dinnerware to be given to every housewife in this city and surrounding country.

Every progressive merchant advertises in some way. We believe in giving the housewife the benefit instead of advertising on bill boards, and etc.

We want you to have a dinner set, and we want you to tell your neighbor about it. If you need dishes for your church or lodge dinners, don't borrow—own your own.

Trade here, save your coupons, and it won't be long until you can have a dinner set, of the finest quality, newest design, "absolutely free." You have to trade somewhere.

We want every housewife to have one of these fine dinner sets. Come on—we bought one of these dinner sets for you. If you do not get it, it is your own fault. Ask the clerk who waits on you to show you how you may obtain it.
