DENVER WANTS STREETS CLOSED ON WEST SIDE

We publish in another part of this paper a letter and interview by Judge W. D. McKoy, Right-of-Way Commissioner of the Ft. Worth & Denver & South Plains Co., in regard to the controversy over the location of the depot and the closing of certain streets in Lockney.

the center of Main street, and it is absolutely necessary that the streets on the West side of Main street, crossing the switch yards, with the exception of Third street, to be closed for the benefit of the railroad company, as well as the protection of the people who would travel the streets to the north part of town.

Judge McKoy stated that Mr. Clarity and Judge Barwise wished to inform the people of Lockney and the railroad committee that they were fully released from the agreement to close Main street, and that Main street would be opened for traffic for all time to come, and that there was no further obligation on the part of the people or the committee to carry out the promise made concerning the building of the depot in the center of the street, and that the railway officials had fully determined that under no consideration would the depot be built in the street.

the voters of Lockney should stand behind them on this agreement, as they stood behind the committee on the depot proposition some months ago. If the election next Monday carries, it will mean that there will be two passage ways left open to the north part of town, i. e. Main street is to be left open, and the crossing which angles across the Denver right-of-way from West Second to West Third streets. In talking to Judge McKoy the Judge stated that the crossing, as now graded angling from West Second to West Third street would be left to run across the tracks as it now is, and that for all time to come this would be an open crossing to the North part of town, and as Second street is not open north of the tracks, at the present time there was no particular reason why a crossing should be made at this place, but that the angling crossing between Second and Third streets would serve the people on the north side of the tracks, and that when Third street was opened to the south, this crossing would serve both Second and Third streets into the town.

The Judge also stated that neither the Denver Road nor the people of Lockney could afford to have flat crossings crossing the switch yards of the company, as such crossings would be regular death traps to the people who were to use them, and in allowing the one flat crossing across the tracks that in time a watchman would have to be stationed on this crossing in order to preserve the life

of those who used it and avoid accidents. The Denver officials are very desirous that the people of Lockney vote to close the streets asked for in the election, and stated emphatically that no matter how this election terminated, that the depot would not be built in the center of Main street, and that the committee and people of the town were fully released from their obligation in regard to the closing of Main Street and the building of the depot in the center of the street. The fight that has been made by the Beacon has been to fulfill our obligation to the letter in regard to the closing of Main street, and as this obligation has been fulfilled by the waiving of the right to proceed in that direction by the officials of the Denver road, therefore, we, as one of the citizens, and committee, making the promise consider that this proposition is at an end. We had no part in guaranteeing the closing of the other streets, therefore, we decline to advise the people in this connection, but we do believe that the signers of the contract are due the protection of the people in this matter, as it was their desire to secure the railroad for Lockney that caused them to sign the contract, and if they had refused to sign the contract, the Denver road would not now be building their tracks into the town. Their work and promises we made in the same good faith that the citizens would stand behind them, as was the promise concerning the location of the depot, the only difference being that the depot proposition was a moral obligation, and the closing of the streets is a signed document that can be enforced by law.

At no time have we desired to intimidate either the committee or the railroad company in these matters, but we have made a clean fight to fulfill the obligations that we were under to the railway company, and as the part in which we figured has been fulfilled satisfactorily to the railway company, we have nothing further to say in the matter, and leave it with the voters of the town in the election next Monday to stand behind the people who signed the contract that was the final document in securing the Denver road.

SHOULD FLOYD COUNTY HAVE A COUNTY AGENT?

By Fay Guthrie

A brief, unofficial survey shows that Floyd county is considered, by the local citizen, an ideal county for dairying and poultry raising. Statistics show that cotton is one of the major crops of the county. Wheat has occupied a high position as a "mortgage lifter" since the abdication of the cattlemen. The South Plains of West Texas made milo maize famous as a feed for livestock and poultry, so much so that the poultry and livestock centers of California and other states depend largely on the milo crop of West Texas as their business barometer.

Here are facts that may startle the most optimistic: Floyd county probably has 50 registered Jersey cows. When making up a Floyd county exhibit for the State fairs last year, the secretaries of the Floydada and Lockney Chambers of Commerce were unable to find one sample of pure bred milo in Floyd county. The same fact held true in cotton, as 90 per cent of the fields grew "scrawney," four-lock, half and half cotton that would have disgraced any county's fair, but still this product had to be exhibited at the State fairs as representatives of Floyd county.

In the survey conducted, many farmers brought forth samples of black hull wheat, the ban of all millers and hardly fit for export purposes, yet we puzzle ourselves over the question as to why we do not receive a profitable price for our farm products.

Farmers have few means of finding pure-bred seed suitable for their culture. A man is needed who has studied this condition for a period of years. In the poultry industry, 90 per cent of the farmers know nothing of a balanced ration. Egg circles, having for their purpose a more profitable poultry production are being formed in the county as in California. If we had a specialist to inform the farmer as to the balanced ration and reasons therefor, these circles could make the farmer of Floyd county independent as they now are in California.

There is not a bull circle in Floyd county, today. It is not that the farmers are not interested but they need a specialist to start the project correctly.

Whether farmer or follower of some other line of business, it behooves all citizens to bring pressure to bear to secure the services of a specialist to instruct and supervise constructive farm projects as all citizens of the county are dependent upon the farmer and his industry.

The South Plains of West Texas are now on a threshold of industrial development. Do you think an industry dependent upon farming would come to Floyd county if the farmers are not progressive in their methods of production? Don't you know that industries are subject to tax and will remunerate the treasury of the county in securing a county agent? Is it not a good business principle to invest money in education? Is not Floyd county being retraded from an industrial, agricultural and educational standpoint because we do not have a county agent?

Important Announcement to every owner of a Model T Ford

ON MAY 25, 1927, when Henry Ford first announced his plans for making a new car, he announced also that he would continue to make parts for the Model T Ford. He said:

"The Model T Ford car was a pioneer. It blazed the way for the motor industry and started the movement for good roads everywhere. It broke down the barriers of distance in rural sections, brought people in these sections closer together, and placed education within the reach of everyone. We are still proud of the Model T Ford. If we were not, we would not have continued to make it so long."

For twenty years, the Model T Ford led the automobile industry and it still serves more people than any other automobile. Over one-third of all the automobiles in use today are Model T Fords — an indication of the sturdy worth of the car and its value to people in all walks of life the world over.

The Ford Motor Company will continue to make replacement parts for these cars "until the last Model T is off the road." That is a part of Ford service. That is what Henry Ford meant when he said: "We believe that when a man buys one of our cars we should keep it running for him as long as we can and at the lowest up-keep cost."

Because of this policy a considerable part of the Ford manufacturing plants is given over to the making of parts for the Model T Ford. These replacement parts are made of the same material and in the same way as those from which your car was originally assembled.

Make it a point, therefore, to see the nearest Ford dealer and have him look over your Model T Ford. You may find that a very small expenditure will enable you to get thousands of miles of additional service, and at the same time protect the money you have invested in your car.

**Roseland Home Demonstration Club**  
The Roseland Home Demonstration Club met at the club room March 29, for the purpose of appointing committees and making other arrangements for the banquet to be given next Friday night.  
Every thing as near as possible, served on our menu will be home grown.  
We promise you a treat in the way

of entertainment, especially the after-dinner speaking.  
Let's all go, don't forget the date, Friday night, April 6th.—Reporter

**Providence 4-H Club**  
Miss Bass met with the Providence 4-H club girls at 10:30 last Tuesday, March 27. We had quite an interesting lesson on "How to Set the Table and Table Etiquette." The menu was as follows: Mam a la Providence 4-H Club, Green beans, creamed potatoes, cucumber pickles, sliced light bread, tomatoe salad, chocolate pie.  
Our next lesson will be on foods. All club members be sure and bring all their sewing articles next club day, Tuesday, April 10, ready to be handed in.

**Pleasant Valley Home Demonstration Club**  
The Pleasant Valley Home Demonstration Club met with Mrs. Ed Pratt, March 28th, with Mrs. Pratt as hostess. The subject discussed was, "The Foundation of Good Dress."  
Miss Bass met with us and gave an interesting talk on the foundation of good dress.  
Subject—"Brightening the Corners"  
Our next meeting will be Wednesday, April 11, with Mrs. S. L. Holmes.

1. Possibilities In Old Furniture.—Mrs. Rivers.
2. Putting Personality into the Room.—Mrs. Pratt.
3. Furniture for Each Room.—Mrs. Harris.
4. Relation of Furniture to the Room.—Mrs. Virden.
5. Demonstration Refinishing Furniture.—Mrs. Watson.

**Providence Home Demonstration Club**  
The Providence Home Demonstration Club met Tuesday, March 27th, at the club room with Mrs. W. A. Williamson as hostess. There were thirteen members present and in the absence of the president and vice president, Mrs. G. E. McCulloch took charge of the meeting.  
We had a round table discussion on the subject of "Gardens and Flowers."  
Our next meeting will be Tuesday, April 10th, at the club room with Mrs. K. Sammann as hostess. Miss Bass will be with us and give us a lesson on "The Foundation of Good Dress." All members are urged to be present. The hour of meeting is 2:30 p. m.—Reporter.

**Prairie Chapel Demonstration Club**  
The Home Demonstration Club met for a called session at the school house Tuesday afternoon at 4 o'clock. We decided to enter the Home Improvement Contest and to have our materials ready for instructions in the work Monday.  
We will meet with Mrs. J. B. Teaff Monday, April 9th, at 2 p. m. Miss Bass will come to this meeting in

stead of our regular meeting the 4th Tuesday. We need more help to make enough articles to enter this contest and hope to have more members present at this meeting than we have had lately. The club members also voted to have a club booth at the county fair.—Reporter.

**Pleasant Valley 4-H Club**  
Miss Bass met with the Pleasant Valley club girls Wednesday, March 28. All our members were present and had their material ready to commence work on their cap.  
Everyone try to be present at the next meeting, which is Friday, April 13th.—Reporter.

**Easter Services On Lockney Circuit**  
Easter Sunday School lesson at each place, and an Easter program at Aiken at ten in the morning.  
I will preach on "The World's Greatest Events," at the eleven o'clock hour at Lone Star.  
I will also preach at Lone Star after the devotional services Sunday night. Bro. T. F. Casey will preach at Roseland at the eleven o'clock hour on "Jesus, the Light of the World."  
He and I will hold an Easter service at South Plains at 3:30 Sunday afternoon.  
We earnestly solicit your attendance at these services, and hope that we will all get a new and more perfect spiritual blessing of our risen and exalted Savior, than we ever had before.  
Yours in His name,  
J. N. S. WEBB.

**Frankie Dodson Entertains With Birthday Party**  
Little Miss Frankie Dodson entertained in honor of her 10th birthday at the home of her parents, Mr and Mrs. Frank Dodson, in West Lockney, Wednesday afternoon. Many games were played, and an Easter egg hunt was indulged in, and the refreshments were ice cream and cake. There were fourteen little friends present, and a grand time was had by all.

**BLANCO**  
April 3—Mr. Cecil Toon was called to the bed side of his uncle, Mr. Moses Toon of Erick, Okla. Mr. Toon died after a short illness. Mr. Cecil will return today, and school will open again in the morning.  
Mr. and Mrs. Collier Smith of Lubbock were the Sunday visitors of Mr. Sam Smith's and Mr. H. B. Alexander.  
Mr. Ham Smith and family visited in Floydada Sunday.  
Mrs. Cecil Toon, Mrs. H. B. Alexander and daughter, Jenny Lou, motored to Lubbock Friday afternoon. They returned Sunday afternoon.  
Mr. W. F. Danil is having some re-

pairing done on his house.  
The daughter of Mr. and Mrs. Sam Smith, who was operated on last Thursday at Dallas for appendicitis, is reported better.  
Mr. Frank Hendrix of Monday, is spending a few days in the home of Mr. Sam Smith.  
There is a great deal of sickness in the community at this writing.

**REV. DUNSWORTH IS MISSIONARY STAKED PLAINS ASS'N.**  
Plainview, March 30.—Rev. E. M. Dunsworth of Canadian has been called to serve as missionary for the Staked Plains Baptist Association at a salary of \$2,700 a year. The place has been vacant since the resignation of Rev. L. W. Williamson last year. Rev. G. I. Britain, moderator of the association, has been carrying on the work during the interim.  
Rev. Dunsworth will begin his duties here May 1st. He is at present missionary of the Canadian district and formerly held a similar position in Cooke county. He was at one time pastor of the Baptist church at Gainesville.  
He comes to this district exceptionally well recommended and is expected to stimulate an increased interest and enthusiasm among the Staked Plains Baptist churches.

**NEWT BYRNES GIVEN DEATH FOR MURDER**  
San Angelo, Texas, March 29.—Newton Byrnes, 24, must die in the electric chair for the hatchet murder of Myrna Juergens, 14.  
Byrnes did not appear surprised when a District court jury of farmers and ranchers returned their verdict here last night after fifty minutes of deliberation. A moment after District Clerk Jesse Couch read the verdict, Byrnes turned and asked his guard for a drink of water.  
The case was the most rapidly handled of any murder case in the history of West Texas courts. Myrna, her mother, Mrs. J. W. Juergens, and her grandmother, Mrs. Rose Schirra, were brutally slain in their home here March 3.  
Byrnes, who lived with the family and acted as chauffeur, was arrested at Sulphur Springs, Texas, March 11, a few hours after the mutilated and decomposed bodies of the three women were found by neighbors. He confessed shortly after his arrest and was returned home for trial. His trial opened Monday and ended abruptly yesterday when his counsel closed after presenting one character witness.  
Amherst—More than one hundred thousand dollars is on deposit in local banks than was on deposit in the same period last year.

## NEULAN

April 2—As love for man increases, love for God increases, then as love for both God and man increases, faith in both increases, and this means every thing with the exercise of love, Love grows, increases, intensifies, well has it been said that "There is no happiness into which love does not enter." "Where there is love there is peace, and where there is peace there is God." So let us show our love for God in one way by going to the house of worship each Sabbath day for Sunday school and church, and especially do we urge the people who are not attending Sunday school at other places to come to Neulan. Remember next Sunday is Easter. All know what that represents and what it meant to Christ. Such hours of agony it must have been, but what a wonderful victory He won for the world and all His suffering He bore because of the great love He had for us. So let each and everyone who possible can be present at some Sunday school Sunday and show an appreciation for the great love Christ has for us.

Bro. F. L. Davis preached Sunday night at Neulan instead of in the afternoon. Quite a few of the Neulan folks attended singing at Baker Sunday evening. They reported some good singing.

Mrs. Artie Newell and children of Floydada spent the week-end with homefolks, Mr. and Mrs. C. F. Lincoln.

## CENTER

April 2—March went out very lamb like this year and so far April hasn't been as bad as we have seen it though have had plenty of breeze so far.

Mr. and Mrs. Hugh Starnes and children spent Sunday with Mrs. Starnes' sister, Mrs. Claude Carpenter.

Mr. and Mrs. R. C. Ross had a brother-in-law from Hale Center to visit them Sunday.

A number from Center attended singing at Baker Sunday afternoon.

Troy Lightfoot is getting along fine, he is wanting to get up now.

Junior Matthews is doing nicely too, though he is still at the sanitarium.

Effie Noland is home and doing nicely after a stay at the West Texas Sanitarium at Lubbock.

Mr. and Mrs. W. B. Jordan took Sunday dinner with Mr. and Mrs. Claude Carpenter.

Mr. and Mrs. Marion Carpenter took Sunday dinner at the Bryant home.

Mr. and Mrs. Charlie Spence and children visited Mr. and Mrs. Wheeler Turner of McCoy last Sunday.

Center won five first places that we know at the fair: Senior boys declamation was won by Donovan Spence; Senior girls extemporaneous speaking by Doris Spence. Our prepared Senior girl declamation was ruled out because of having already won a first place, so our substitute was not really prepared. One of our sub-junior girl spellers turned in a perfect paper, but as her running mate got there too late it didn't count. We won first place in Junior boys broad jump. T. L. Bryant second place in broad jump by Dale Carpenter. 50 yard dash T. L. Bryant won again. I've forgotten whether 1st or 2nd. Third place in high jump Gordon Lightfoot, some second and third places in 100 yard dash and relay. Haven't heard from Senior girls spelling or essay writing.

Grandpa Spence is visiting his children here this week.

Mrs. Guy Jackson was taken to a Lubbock sanitarium last week for an operation.

Our measles patients are about well. Only one Noland boy and Mr. and Mrs. Paul Williams' children left now.

Mrs. Roscoe Snyder returned home Wednesday from the Lubbock sanitarium, where she had undergone an operation for appendicitis recently.

Golden Anniversary Series

New! Beautiful! Easy Running! Efficient! Durable!

Improvements

1. Beautiful gold and black color.
2. Completely enclosed gears.
3. Improved regulating cover.
4. New turnable supply can.
5. Easier turning.
6. Oil window.
7. Floating bowl.

THE new 1928 De Laval Separators which we now have on display are without question the finest separators that have ever been made, and we believe that you will agree with this statement when you see one.

They are finished in gold and black colors, which are beautiful, durable and practical. They are nice enough to put in the parlor, but thoroughly practical in the barn.

All gears on these Anniversary De Laval's are completely enclosed and protected, insuring maximum durability.

A new type of regulating cover and float affords a flow of milk from the supply can of the separator in a smooth, even stream, without splattering.

You will appreciate the turnable supply can, which permits the bowl and covers to be removed or put in place without lifting the supply can from its position.

The "Golden Series" are also easy to start and turn, and require less power to operate, for the work they do, than any other separator now made.

By looking through the oil window you can see at a glance just how much oil your separator has, and what condition it is in.

And, of course, the "Golden Series" De Laval's have the wonderful floating bowl—the finest ever made. It is self-balancing, runs smoothly without vibration, with the least power, and delivers a smooth, rich cream.

But the best way to appreciate the "Golden Series" is to see and try one yourself, which we will gladly arrange for you.

SCHOOL NEWS

Last week fourteen members of the Longhorn football team were presented with maroon and white sweaters as tokens of appreciation for their services to L. H. S. Coaches Burson and Denman and Hazel Gruver, sponsor, were also given sweaters.

Roy Jarnagin, manager of the Longhorn team, was awarded a sweater because of his faithfulness to the team. Altho he has never played in a game, Roy stayed with the boys and encouraged them when days were dark; rejoiced with them when victories came.

Kellie Teaff, better known as "Burros," received a sweater with four stripes. Teaff is the only four-year man on the team. Tho' L. H. S. will feel his loss greatly next year, it is hoped that he in years to come will be read about as a star player on some college team.

Marvin Shurbet received three stripes. Shurbet has proved himself a worthy player and has taken an active part in all school affairs. This man is also leaving L. H. S. this year.

Carelton Cook received only one stripe, but in this past year he has made a good record. He will be back to join the Longhorns next year.

Rena Livingston, who in the past years was considered by the coaches as backward and indifferent toward athletics, went out for football this year, and in one season's training he developed into the best guard and tackle that the school has ever had! What will he be next year?

Virgil Webb, known on the team as "Artificial," is the man that made Floydada look up to him. He is one of the best kick-off men that has ever been on Lockney teams, and "Artificial" is the answer to the question: "What will Lockney do when Teaff leaves?" Webb received one stripe.

Leo Cooper, who played tackle, received only one stripe. Cooper has the record of making more tackles than any man that played with or against him. The vacancy left by Leo's departure from the old school this year is a puzzling situation, but a substitute will be found.

Adolphus "Dummy" Grubbs, a two-year man, is a fellow that opponents of next year had better watch. He is full of muscle, strength, and "grit." Watch his record next year.

Winifred Fowler, who specialty is ball—football, basket ball, tennis ball, any kind of ball—received one stripe. Fowler will be back next year.

Orvis Seal, the biggest little man on the team, received one stripe. Seal is made up of determination, and unfortunately for his opponents, he will be a Longhorn next season.

Cullen Riley, another of those "any known qualities" until the Tullahoma Lockney game when he played as a substitute, was awarded a sweater with one stripe. Riley played half-back, and he is another assurance of Longhorn strength next year.

"Where can we find a man to stop Johnny Edwards?" was the Lockney coaches' question at the beginning of the football season. Johnny Edwards

was the star center of the Floydada team. Louis Lee, was at the time playing center for Lockney, but he was considered far too light to play against "Big John" Edwards. As time passed, the coaches kept their eyes open for a person to fill the place. The day of the Lockney-Floydada game dawned at last, and in the minds of Lockney officials, they had failed to find a man to stop "Big John." It was decided to let Lee go on and do the best he could. And what happened? Lee stopped Johnny Edwards for the first and last time he was ever stopped during the season! Lee was only a two year man, light in weight, playing against a well-trained four year man, who was heavy, with fully developed muscles. Lee was elected captain of the Longhorn team for next season.

Jack Spence, the "bone-breaker," received a sweater with one stripe. Jack is a big, husky fellow that could hurt somebody if he wished. Look out, Floydada! Spence will be back next year.

Bert Shelton, from "the family of ball players," received a sweater with three stripes. Shelton is light, but he is noted for his speed and head-work. He and Fowler will play together next season.

With Jack Lomax, a miracle was accomplished! A one hundred per cent Longhorn was made out of a ferocious Bulldog. Lomax came to the Longhorns this last season, and without a doubt, he deserved the sweater with one stripe that was given him. This fellow is made up of grit and nerve. In one game of the season, Seal had to be taken off the court and though Lomax had an arm that had been almost broken which caused his removal from the field, he re-entered the game in spite of the increasing pain in his arm and played until the end. Every blow from his opponent on his injured limb lent Lomax more determination to help the Longhorns win. He is coming back next year and will undoubtedly be a strong factor in the coming Longhorn season.

A sweater was sent to T. J. Rea at Post, Texas. Rea was a member of the team until his parents left to make their home in Post.

Watch the Longhorn record next year. With such material for the future to work with, how can Lockney keep from winning?

Tuesday of last week the basket ball girls were presented with maroon and white award sweaters. Three girls, Clara Gunn, Oneta Comer, and Opal Ashby, who had not played enough to receive sweaters, were given tiny gold basket balls in appreciation of their faithful services as members of the team.

Alice White, captain, received a sweater with four service stripes. During the past season, White played thirty-four quarters, made five personal fouls and scored one hundred points. Last year, White played thirty-two quarters, made two personal fouls, and scored one hundred eighty four points. This girl is graduating this year. The vacancy made by her departure will be hard to fill, but it is our wish that she will be named as a star forward on some college team of next season.

Beatrice Nicholas received one service stripe. Nicholas played forward with White in twenty-eight quarters, scoring one hundred sixty-three points.

Hazel Gruver, guard, received two service stripes. Like White, Gruver is leaving this year. May success as a participant in athletics be hers in college.

Myrtle Wilson, the all-around basket ball player, received one service stripe. In the past season, Wilson played forward, center, and guard in a commendable fashion. She missed playing only one quarter. She will graduate this year also.

Glenna Collins, running center, received one stripe. Out of thirty-six quarters, Collins played thirty-one. She has three years more to play, and in her first year, Collins became known as one of the best centers that has played on the Lockney team. What will she become with three year's training.

Louetta Hadley, jumping center, was awarded a sweater with one stripe. Hadley was an excellent player and her loss will be felt greatly next year.

Ruth Stapleton was given a sweater in appreciation of her co-operation with the team.

Coaches Bridges and Newman were also presented with sweaters. L. H. S. appreciates what these two coaches have done for the basket ball team. It is hoped they will be back next year.

Miss Mamie Lou Jarnagin spent the latter part of last week with her parents at South Plains.

Miss Thelma Arterburn visited her parents, who live north of Lockney last week-end.

The plan of selling refreshments at the county meet proved successful for the Seniors. They cleared \$109.08. This eliminates the feeling of financial depression of was experienced by the class.

necessary to be classified as a registered merit cow, as previous records show that a cow's butter fat production is increased 30 per cent where dry feed is supplemented by plenty of green pasture.

If the records prove correct in this case, Potts will receive an increase of 1,500 pounds of skim milk which is worth 50 cents per hundred as chicken and hog feed over a period of three months. He will receive 73 pounds additional butter fat; valued at 45 cents per pound brings the total gain in actual production to \$40.35. But if the two cows reach the class of a registered merit cow, their value will easily be increased fifty dollars each, which brings the grand total to \$140.35 caused directly by the providing of plenty of pasturage.

Not taking into consideration the element of risk in the wheat crop, if the wheat would make twenty bushels per acre and bring one dollar per bushel, the total value of the wheat equals \$100 and Potts has made approximately 30 per cent of his experiment.

This man is a renter and he expects to pay his landlord for the five acres of wheat on the basis of what the balance of the crop produces.

### TUNNEY AND HEENEY WILL FIGHT IN JULY

Australian Champ Logical Contender Says Eugene; British Promoters Talk Over Plans

Miami Beach, Fla., March 31.—With a characteristic suddenness Tex Rickard today lifted the lid off the heavy-weight boxing championship situation by declaring that Gene Tunney will meet Tom Heeneay Australian champion, for the title some time in July, with the possibility that the bout will be staged in London.

Rickard's action climaxed a chapter of rumors and uncertainties since Jack Dempsey first wavered and then walked completely out of the picture. It cleared the way for the British empire to get its first chance at the world title in more than twenty years. Whether the Britishers will see the match depends on London promoters with whom he is negotiating, said Rickard.

**Situation Clarified**  
By choosing Heeneay, the New York promoters also clarified the situation in New York state, where the boxing commission threatened to rule Tunney ineligible unless before next Tuesday he accepted a challenge from Heeneay, Johnny Risko, or Jack Sharkey.

While the probability was that the bout would be held in New York if

London promoters failed to come to terms, Rickard did not mention New York in his statement, merely asserting that the match would be staged "in the United States," if not in England. No date in July was mentioned.

Tunney expressed his satisfaction with Rickard's selection of the Brawny New Zealander, declaring that in his opinion Heeneay was "the outstanding contender."

### UTILITIES COMPANY PLANS SUPER PLANT

Monster Steam Power Plant Will Be Erected Near Load Center of Territory Now Served

J. R. Kelso, president of the Texas and New Mexico Utilities Company, in a letter to managers has announced plans for building a super power plant to be located near load center of the territory served by these companies.

He states that in selecting the site the engineers will be controlled entirely by load center, necessary water supply to economically operate steam turbines, fuel gas supply, and economics to be effected by operating the new plant in connecting with existing generating plants.

J. B. Scott, manager of the Texas Utilities Company, states that at present he considers the load center of the territory in question to lie within Hale, Floyd, Lubbock and Crosby counties. He says that the engineers in selecting a location will take into consideration the trend of development and will probably select a site in that direction from the present load center.

### LOCKNEY FARMER PUTS MILK COWS ON WHEAT PASTURE

J. A. Stark, cow tester for this district and official representative of Texas Agricultural and Mechanical College, reports an interesting experiment that is now being conducted by Becton Potts, who lives seven miles southwest of Lockney.

According to tests completed on three of Potts' registered Jersey cows fed only on dry feed, one has passed the test required to become a registered merit cow, a special title placed on an extra high producer by the American Jersey Cattle Club and a merit that increases the value of the cow approximately seventy-five per cent.

Potts is enclosing a five-acre plot of wheat as a pasture for the cows that have failed to make the test
