'Harvest Days' are a blast

The 1980 Harvest Days celebration has gone into the record books as the biggest and best county-wide party in years. A thousand or more people took part in the Harvest Days Parade, which was the biggest since the county's Diamond Jubilee celebration in 1966. A 10-block procession of floats, bands, fire trucks, mounted riders, antique cars, marchers, bike riders, Khiva Klowns, farm machines and beauty queens followed Parade Marshal Fred Bruegel Sr.

The parade was so long that the head almost ran into the tail as it circled back toward the Expo Building.

Dimmitt schools face \$400,000 in repairs

The Dimmitt School Board Monday awarded roofing contracts to Panhandle Steel Building Co. of Amarillo for reroofing the high school gymnasium with an MR-24 metal roof and to Hamilton Roofing Co. of Lubbock for repair to expansion joints and to the Middle School gymnasium roof.

The present high school gymnasium roof leaks and its continued repairs have been costly, Supt. Robert Ryan reported.

"I would hate to spend \$37,000 to put back what we've got. It would be a farce," trustee Don Gregory said.

The aluminized steel roof will be added to the high school gymnasium roof deck without exposing the gym floor to outside elements, and will cost \$48,363 including insulation.

Ryan and DISD Business Manager Gene King encouraged the board to start the bid procedure for other school roof repairs as soon as possible, due to escalating prices, and before making a settlement with the insurance company for damages due to hail storms.

that," trustee Fred Bruegel Jr. said.

Complete repairs will cost as much as \$400,000, said consultant Frank Wilson Jr. of Brasher & Associates.

The school board approved Gregory's motion to take bids for further repairs to the three schools.

The board approved the request by High School Principal Alex Glass for additional high school dances. He and the Student Council apparently felt that two dances per class each year would eliminate much other fund raising, create sponsored activities, and result in more student participation to raise the money needed by each sponsoring class.

Monty Boozer's motion carried 5-1, with Don Gregory abstaining.

The dances will be subject to the permission of the principal and may be held on school property (for smaller, sock-hop dances in the gym) or at the Expo Building (for larger dances and proms).

In further action, the board: —Read a letter from the Texas Association of School Boards opposing the proposed

The Old Settlers Reunion drew a large crowd, with more than 200 noon meals served Saturday at the Senior Citizens Center.

Winners at the reunion were Willis Hawkins, 88, oldest man present; Mrs. B. J. Fuller, 89, oldest woman; Percy Hart (1900) and Alice Anthony (1903), longest continuous residents of the county; and Donald Alexander of Fullerton, Calif. (1,100 miles away), winner of the travel award.

The Old Settlers Association elected Mr. and Mrs. Oscar Wylie president and vice-president; and Ruby Wood, secretary-treasurer.

All of Saturday's "play" activities — the pet show, big-wheel races, water polo matches — drew lots of participants. And the Pride of Texas Carnival was well attended all week.

\$200 reward offered in window shootings

Someone firing a small-caliber weapon from a vehicle has shot out windows of six or more Dimmitt businesses during the week.

The Dimmitt Police Dept. is offering a \$200 reward for information that would lead to a conviction in the case.

Police believe a .22 caliber weapon is being used.

So far, window glass has been shot out at Stan Byrnes Ford, Inc., Reeve-Fleming Chevrolet, Pontiac, Dimmitt Ready Mix, Dimmitt Consumers, Dimmitt Veterinary Clinic and Kenneth Jackson Ditching Service, officers said.

The night shooter has made two attacks on the Reeve-Fleming building, shooting out one window last week and six more Saturday night.

The windshield of a diesel truck also was shot out Saturday night, police said.

HARVEST DAYS SCENES—The Harvest Days montage below shows the first-place parade floats in the three major divisions; the Bobcat Band's tubas and trombones; Texas Tech's masked rider; Khiva Klown Al Lytle on his unicycle in the parade; Old Settlers Reunion visitors enjoying Saturday's buffet lunch at the Senior Citizens Center; DHS Art Club member Tracy Moore painting Renee Garcia's face while Khiva Klown Curtis Downs looks on; Keith Johnston making a successful bull ride in the rodeo; Saturday's big-wheel races; a team of wet young enthusiasts in the water polo matches; part of the County 4-H Council's parade float; and a confrontation between Renee Josselet's "J.J." and Garland Coleman's "Buffy" in the pet show.

The County Fair drew a record number of entries this year and prompted a good stream of visitors throughout Friday and Saturday. And when the Old Fiddlers' Contest was staged Saturday afternoon, the Expo Building crowd grew until it filled the bleachers.

The County Museum hosted 100 visitors during its Open House Saturday.

Saturday evening, 390 went through the line at the Harvest Days Barbecue on the courthouse lawn, and stayed to watch a group of Plainview hot-air balloonists launch a big red-and-yellow balloon just before dusk.

That night the Harvest Days Dance drew a big crowd at the Expo Building.

The only casualty of the celebration was the Dimmitt Rodeo, which lost money because of poor crowds Thursday and Friday nights, although Saturday night's performance drew a large crowd. Rodeo Association officials are still tallying their losses.

Winning entries in the big Harvest Days Parade were: Organizational Floats: Chamber of Commerce first, Republican Organization of Women second, American Cancer Society third.

Youth Floats: Easter 4-H Club first, Sheryl Simpson second, [See HARVEST DAYS, Page 15]

'Irrigation/Energy' farm tour scheduled

A farm tour stressing ways to conserve water and energy will be held next Thursday afternoon in the western part of the county.

Stops will be made at the farms of George Sides, Ronnie Gfeller, Dr. James Sims, Bart Kaderly and Trent Downing.

The tour is sponsored by the Chamber of Commerce, in cooperation with the Extension Service and the Soil Conservation Service, and is open to all interested persons.

Those taking the tour may ride school buses which will leave the city hall at 1 p.m., or may take their own vehicles.

County Agent Charles Hottel said the first stop will be the Sides farm eight miles

The Castro County Commissioners Court Monday gave its approval for the Panhandle-Plains Higher Education Authority, Inc., to operate in Castro County.

The authority was organized at the request of the state to acquire student loan notes as allowed under the amended Higher Education Act of 1965.

The court approved Commissioner Edd Wilson's motion to allow the non-profit corporation to operate here under conditions as outlined in a resolution rewritten by former Parmer County Judge Paul Fortenberry.

As requested last month by the commissioners, Fortenberry added clauses to the resolution stating that the student loan program in "no way obligates Castro County either financially or legally," and that "in the event the corporation fails to perform as agreed, the Commissioners' Court may report this fact to the City Council of Hereford."

Students planning to attend colleges, universities and possibly trade schools may apply for the loan program; they must be screened by the lending agency and by a consultant. Worthy students must be willing to work, plan a budget and meet a pay-back plan.

Nathan Martin of the Dept. of Human Resources in Lubbock met with the county court, requesting that it implement the Home Energy Assistance Program in Castro County. The program will supplement winter utility expenses for people who are aged, handicapped or disabled, and for low-income families.

The program is mandated by Congress, and the governor has appointed the Dept. of Human Resources to process the grant coming from windfall profits taxes. The amount of money allotted to Texas is presently being considered by Congress.

Martin said that limited staff in the Dept. of Human Resources would make it difficult for that office to handle the program, and he

wanted individual counties to be responsible for each county's applicants. Castro County will have approximately 250 applications, Martin estimated. The Dept. of Human Resources would pay \$10 to the county for each processed application, he added.

If Castro County will not implement the program, Martin said that he will turn to the Panhandle Regional Planning Commission (Council of Governments) or to Community Action for help.

The commissioners tabled further action for the time being.

Martin also reported that Lubbock Development Co. will soon begin renovations to the new county building east of city hall. The local Department of Human Resources will have four offices and a conference room.

In further action, the county governing body: — Approved Commissioner Ed Bennett's motion to maintain a \$200 balance in the sheriff's emergency expense account.

— Heard County Treasurer Oleta Raper's financial reports for July and August. However, the commissioners still had questions about some balances, and so took no action on either report.

— Entered into the contract with McMorries & Co. for appraisal of real estate in Castro County and for payment of the first note when it is due Dec. 1, 1981.

Sheffy's Chatter

Former residents return for Harvest Days events

ATLE SHEFFY

Harvest Days have come and gone, but such a good weekend with people coming in from many places.

We went to the Rodeo one evening with friends Donald Alexander and his son, Dee from Corona, Calif. They came "farthest" to the Old Settlers dinner and get together at the Senior Citizens Center.

Also saw Claude and Ava Merritt from Kit Carson, Colo. They also visit brothers John and Glenn and Percy and families. Do you remember that Ava was a Home Demonstration agent or Extension service person here a few years ago?

Homer and Frankie Norwood were here from Roswell, as was Velma Woodburn. She is moving to Dimmitt, needs a house. Bill and Mavis Burnam came from Friona. Barber and Mable Eubanks came from Afton, Okla. They have farm land southeast of town.

Lynn and Maurine Axe came from Vega. Mary Alice Hamm Phillips came from Coleman. She was visiting friends at Hart. Also she is a cousin of Mrs. Ray Johnson of Summerfield. Both were here.

Christine and Charlie Harris came from Lubbock. She is a sister of the Reynolds, Alma Umberson and Willa Mae Reynolds.

Nota Wells of Littlefield visits the Harts here with Aleene Maynard Hughs of Littlefield. They and Wade and Walter Maynard and son were seeing old time friends.

I visited a minute with Betty McClure and Howie, a friend of Frances Frazier who was showing many of her oil pictures at the Fair. I saw Ray Kimbell of Lovington, N.M. here with his mother Mable Hyatt Kimbell. Her sister Koma Ratcliff presided at the Old Settlers business, Jerome Brockman gave the invocation, Elmer Youts, the welcome.

Helen Richardson tells how she is really an Old Settler. Her mother taught school in a dugout. Percy and his dad had ranchland near Plainview.

Zelda Ellison sang several songs. She has a very good voice, also makes records. Joe Cowen talked. They reported Raymond Annen is recovering from surgery and is doing okay. A good and plentiful meal was served to more than 200 people. We had fun but I will let Don Nelson tell you the rest of the story.

Mildred Kyle went to Albuquerque to see her new and only grandson, who is the son of John and Lucy Kyle. The baby's name is Andrew Byron. Mildred visited the other son Frank. Both fellows worked in Dimmitt a few years ago.

Mrs. Forson's brother-in-law, Eugene Capley of Whittiers, passed away Sept. 6 after a long illness. Cleo was out there helping for a month recently. His son Kenneth Capley worked here at Higginbotham-Bartlett for three years and in Earth.

Davi and Jim Short are going to Lindsay, Calif. to visit kin. Another town she will see is Alderpoint. Davi has been working at the Senior Citizens as bookkeeper and general "gofer."

Lucy Kanady of Plainview was in town Saturday visiting many friends and I forgot to tell you Clara Fuller and Willis Hawkins received the honor of living in the county and age the longest. Clara is 89 and Willis is 87. Clara's daughter Christine Hickman was here from Morton. Willis came to Hart in 1900. Alice Anthony, who was a McLean was born in 1903.

Carl and Ocie Bolton spent the weekend at Old Mobeette for the Old Settlers picnic and visiting with kin there and in White Deer and Pampa.

Othel and Esther Simmons of Clarendon were here last weekend to see his sister Maurine Henderson and all went to Portales, N.M. for the reception for Alton and Wilma Trainor. Alton is a brother of Esther and Letha Messenger. Also they all lived at Flag community in the 30's and 40's. Letha and Slim Messenger also attended the reception.

Mayor Elmer and Mauzie Youts went to Monahans recently to visit daughter Pat and A.P. or Slick Sligh and the granddaughters Carrie Lee and daughter Allison of Amarillo, Cindy of Midland and Julie and Debbie Great-house of Austin.

Oscar Wylie and his son-in-law Rickey Mitchell and Larry Lee of Hart and Jim Pinner of Lockney went to Memphis last week to hunt doves on the Tom Draper ranch there. They had a good day walking over that land looking for birds.

Lewis and Virginia Crider went east and south, a stop in Arlington to see the son Gary who went with them to Houston and Webster to see son Richard and family. Went to Galveston, crossed by ferry to Port Bolivar and the Sea Arama. They fished

at Gilchrist. This was about hurricane time when the city of Webster was evacuated - hundreds of miles of cars bumper to bumper. They were 10 hours getting back to Arlington due to the traffic.

George Rush spent a few days at their place in northern Arkansas. Wife Adeline lives there on their place. George says he fished for trout in Bull Shoals Lake and caught a big one "Texas Style." In other words, he cast the line, it whirled and twisted and he lassoed that one fish with a wrap around. That was fun. Bet he can't do it again. Some of these fish stories are good.

Cecil and Trudy Dennis spent a few days at Greenville, north of Dallas, recently. They visited his 96-year-old mother and took care of some business. And this past Monday Trudy was a guest of the Nazareth Women's Club giving a demonstration on flower arranging. Mrs. Walter Kern was her hostess at the Parish Hall.

M. A. Pennington is home from Dallas where he attended a staff meeting of the International Crusade for Christ. This is a mission program.

Florence Cooper and Mr. and Mrs. C. C. Parks went to Rankin, south of Midland recently. Florence to visit her daughter, Ruth and Roy Dykes. The Parks visited her mother Mrs. Powell.

Patty and Barney Lee and

daughters Tricia and Shelley have moved to this area recently. They live in the house near George and Carolyn Sides, west of town. Barney is with the Soil Conservation Service.

I was chatting with Wayne Broadstreet at the fair. He helps Cecil and Trudy Dennis. Wayne says Cecil is much improved from eye surgery he had at a Lubbock hospital.

Mr. and Mrs. Oscar Wylie were elected president and vice-president of 1981 Settlers, and Ruby Wood was elected secretary-treasurer.

Armon O'Neal has been here from Los Angeles to visit his sister Mauzie and Elmer Youts and niece Phyllis and Bob Mooney.

I am just now meeting Ken and Amy Cole. Ken says they have lived in Dimmitt for a year. He is the physical education teacher, also football coach at Dimmitt High. They moved here from Stratford, have two children Jason and Julie. I saw them at the First United Methodist

Church. Mr. and Mrs. Bruce Wilson of Wakita, Okla. visited his sister Clara Neumayer last week. All went out to the Milton Bagwell's house for dinner and a visit.

Beash Bradford cooked a good breakfast Saturday morning and had friends in. They are Jo Gregory, Mayme Birdwell, Gail Nelson, Marie Tate and Polly Bell.

Randy and Carla Weaver and daughter Heather Ann, moved here recently from Rapid City, S.D. Randy has just finished his service training in the Air Force and will start his college work at WTSU at Canyon. Carla is working at Parsons Drug. Randy is the son of Put and Janet Weaver. Janet says: Glad to have them in Dimmitt.

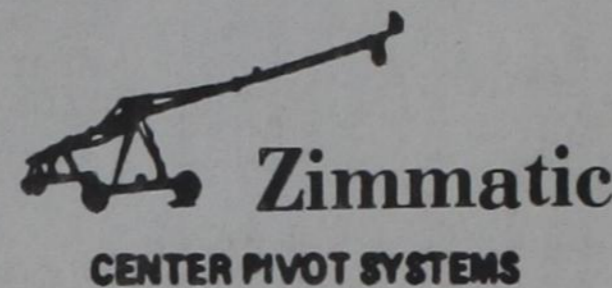

Mike and Katy Behrends have been here several days visiting his grandparents Andy and Helen Behrends. They have lived in Hobbs for a while but are moving back to Victoria down south.

Mrs. Homer Owen and daughter-in-law Cindy were here from Waco, out at Jack and Nell Ingrams place for a visit and canning and preserving beans, peas and corn.

Ray Jr. and Jetti Sheffy and her brother and wife Mr. and Mrs. E. E. Shaw spent a few days vacation at Raton a while back. They did watch the horses run, a beautiful sight, did not make any money.

S. R. and Oneida Hutto attended the funeral for his brother-in-law Archie Harris at the chapel in Hamlin. This was on Saturday. The [See CHATTER, Page 5]

★ Be ever mindful and thankful to GOD for...

HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid. "As we have therefore opportunity, let us do good unto all men."

GALATIANS 6:10

THE CHURCH ENCOURAGES LOVE AND COMPASSION FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

More about

[Continued from Page 2] Harrises lived in Dimmitt at one time.

Two-week-old Tanner Jay Touchstone and his parents Kyle and Flo of Lubbock spent Tanner's first night away from home with PeePaw Truman, grandmother Betty and his Aunt Beth, the Harvest Days' Queen. There were banners, flags, signs, and balloons to welcome him. Lots of people came by to visit and to see the little one. Among those were his other grandparents, Houston and Doris Lust.

Shirley and Harold Stephens went to Fort Collins, Colo. last week to visit her aunt, Eleanor and Ray Koehler. They went over to Estes Park and enjoyed the beautiful scenery one day. They said some of the Aspen trees along Trail Ridge Road were beginning to turn yellow. Had a good time.

Rita and Stan McDaniel and little boys went to Conchas Lake on the long Labor Day weekend to fish and water ski.

Decimae Dennis and Jo Ann Montgomery of Midland were in Dimmitt during the Labor Day weekend. Decimae was visiting her parents, the Morgan Dennises and brother, Edgar and his family. Jo Ann visited in the home of her aunt, Myrna and Jack Cowser and cousins, Shirley Stephens and John Womack.

Decimae has been teaching at one of the American schools in Germany for the past two years. But she is now teaching business subjects in Midland.

Sandra Tischler, daughter of Delton and Sue, just returned to Oklahoma from a trip to Hawaii. She and roommate Tammy Smith of Tulsa, Okla. spent a week seeing the sights and sunning at Waikiki Beach, visited Diamond Head and other beautiful sights. She says one of the most fun things they did was rent mopeds to sightsee on. Before going to Hawaii, Sandra

Rural incomes gaining, survey shows

Contrary to popular belief, incomes of people living in rural areas are increasing at a faster rate than those of their city cousins.

For the 1968-75 period, personal income in non-metropolitan counties increased 25 percent faster than in metro counties, points out Jack Jones, community development specialist with the Texas Agricultural Extension Service.

Jones bases this information on a recently released USDA report, "Income Growth in Non-Metro America 1968-75."

Average per capita income, in dollars of constant purchasing power, increased \$920 in rural counties during 1968-75 compared with \$692 in urban counties, says Jones. Consequently, the income gap between city dwellers and those in rural areas shrank from \$1,651 in 1968 to \$1,042 in 1975. Among non-metro counties, per capita gains were greater in those located far from urban areas.

What caused this spurt in rural incomes during the seven-year period? Increases

in transfer payments, such as pensions and social security payments, and a stronger demand and price situation for food and energy, which boosted earnings in agriculture and mining, were mainly responsible.

Rural counties far removed from metropolitan areas showed more growth from property income (dividends, interests, rentals and royalties) and earnings from industry (agriculture, mining and manufacturing) than close-in counties, adds Jones.

... Bruegel & Sons entry, "Spanning the Globe to Feed a Hungry World"

Conservatives keep control of state GOP

Texas Republican Party leadership and philosophy remained in the hands of the conservative faction at the Sept. 5-6 convention in San Antonio, Deanne Clark, delegate from Castro County, affirmed.

Political parties hold two conventions each in an election year — the first to elect national delegates and adopt issues of national concern to be included in the national party platforms, the second to elect state and district officers.

Republicans from the 31st District sent a request to the legislature via the State Republican Executive Committee to consider holding only one convention in the future to save time and money.

Chet Upham and Dorothy Doehne were re-elected chairman and vice-chairman of the State Republican Party, and Jim Brandon of Amarillo was re-elected 31st District committeeman. Sybil (Mrs. John) Daniel of Perryton was newly elected to serve the 31st District as committeewoman.

Legislators, candidates and party dignitaries spoke to the conventioners and the state platform reaffirmed conservative resolutions on right to work, right to bear arms, family protection and free market for energy and agriculture. Rule 38A, which deals with the Presidential Preference Primary and the selection of delegates by successful primary candidates for President, was adopted.

Heidi Bruegel, a sophomore at Trinity University in San Antonio, served as a page for the press room and visited with George Bush, vice-presidential hopeful.

FEDERAL grants under the Urban Park and Recreation Recovery Act of 1978 are effective in creating local parks and recreation facilities, according to a recent Texas survey. The survey by a recreation and parks specialist with the Texas Agricultural Extension Service showed that federal programs have generally been successful in providing Texans with ample opportunity to urban recreation and park experiences.

Mr. and Mrs. Matthews have been active in the Lazbuddie United Methodist Church, where he served as a lay leader and she was the church school superintendent.

Easter Grain, Inc., located six miles north and six west of Dimmitt at the intersection of FM 1055 and FM 2397, is an elevator of 1.8 million-bushel capacity. The company handles corn, milo and soybeans, and serves farmers in the Easter, Frio and Summerfield communities in the northwest part of Castro County.

SEED BREEDERS IMPORTANT

Contrary to popular opinion, seed breeders are important to the food chain, says a horticulturist with the Texas Agricultural Extension Service. Although some older varieties of vegetable seeds are dropped each year in favor of newer hybrids, there is no shrinking of the gene pool. Breeders each year develop new varieties for both commercial growers as well as home gardeners. These are bred for specific purposes, such as mechanical harvesting and insect and disease resistance.

CNW maps opposition to 'seeding'

Representatives of Citizens for Natural Weather from eight Panhandle and South Plains counties met in Plainview recently to review the status of cloud seeding and weather modification attempts and to map plans for opposing future attempts to seed clouds in attempts to modify weather.

The group also discussed plans to confer with elected officials, particularly those currently seeking election or re-election to office, to ascertain their views on weather modification efforts.

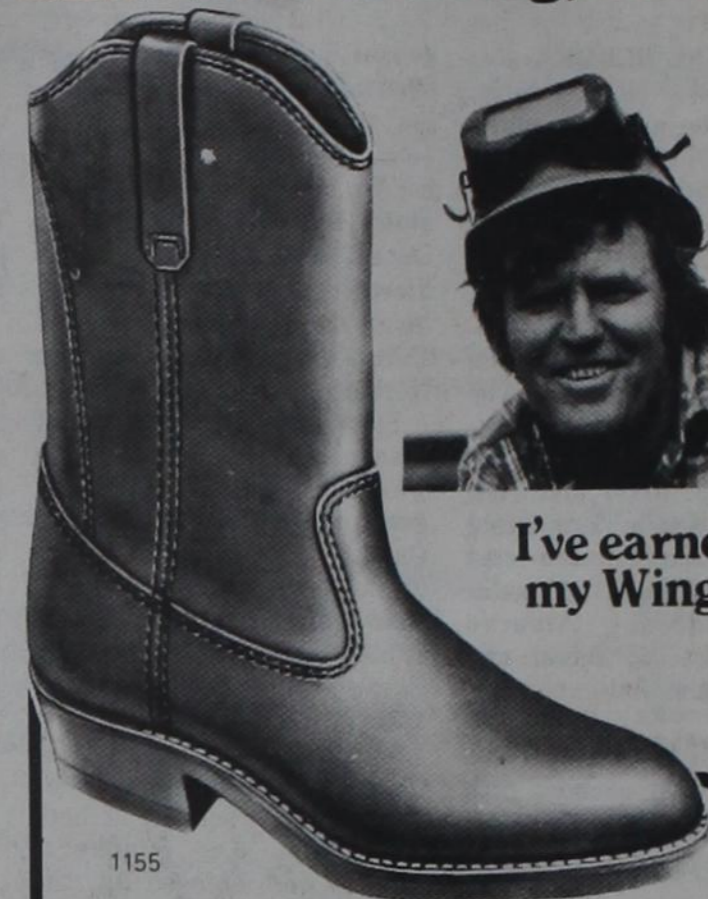

Citizens for Natural Weather indicated that they will continue to oppose efforts to interfere with the natural formation of weather systems until there is scientific evidence that such efforts are safe, that they will not accomplish adverse effects, and that they will not benefit one area at the expense of another. They will continue to oppose the efforts of cloud seeding proponents to obtain permits from state agencies to experiment with the weather.

Those attending heard reports that cloud seeding efforts are currently being made at various locations throughout the area. Persons

suspecting such attempts are requested to notify Citizens for Natural Weather officials. Counties represented at the

Plainview meeting were Hale, Floyd, Lamb, Castro, Briscoe, Swisher, Hockley and Randall.

Swifts blank Lubbock Christian, 14-0

By CHRIS ALBRACHT
 The Nazareth Swifts used a tenacious defense that forced five turnovers and set up two touchdowns for a 14-0 victory over the Lubbock Christian Eagles Friday night in the season opener for both teams at Swift field.

The Swifts used an interception by Wayne Backus with 4:20 before halftime to set up the first touchdown. After Backus' interception at the LCHS 41, the Swifts took nine plays before Bryan Huseman scored on a six yard run with 31 seconds left. Huseman added the extra point, and the Swifts were ahead 7-0.

In the second half, each team had a drive that stalled after turnovers. The Eagles penetrated to the Swift 25 before Gerry Kleman intercepted a pass one-handed to

stop the drive. Incidentally, on the play before, Kleman narrowly missed an interception as the ball slipped out of his hands.

Then later, just as the Swifts were going well, Calvin Schulte fumbled and LCHS recovered at the Eagles 33.

But in the fourth quarter, an Eagle fumble that Lester Backus recovered at the Eagle 25 set up the final touchdown three plays later on a 12-yard run by Calvin Schulte. Bryan Huseman added the point and the Swifts led 14-0, with 6:00 minutes left.

The turnovers were numerous for both teams, as

each coughed up the ball five times. However, the only differential was that the Swifts converted two turnovers to touchdowns, while the Eagles wound up punting or giving the ball back up.

For the Swifts, the leading ground gainers were Bryan Huseman with 89 yards on 30 carries, and Virgil Huseman with 56 yards on 11 carries. On defense, other than the interceptions by Wayne Backus and Gerry Kleman, Hugh Wilhelm (the interception leader in 1979) had his first interception also.

"I was really pleased with the way that we played." "Although we did make a lot of mistakes, we still hung on to win."

For Bagnall, this was his first win as the head coach of the Swifts.

The Swifts will play Spring-lake-Earth Friday night in their first road game of the year, and in their first meeting ever with the Wolverines. Game time is 8 o'clock.

'Horns down Anton, 29-0

Hart's Longhorns opened their 1980 football campaign by defeating the Anton Bulldogs, 29-0, before a home crowd.

The 'Horns scored in every period while their swarming defense held the Bulldogs scoreless.

Hart returned the opening kickoff to its own 37 and drove to Anton's 19 before a fourth-down fumble halted the march. Highlighting the first drive were a 13-yard run by Isaias Ponce and an 11-yard scamper by QB Derek Rich.

After holding the Bulldogs, the 'Horns went to work again — this time from their own 48 yard line. It took 11 plays to travel the 52 yards for the game's first TD. Ponce took it over from the 3-yard line with 33 seconds left in the opening period. The extra-point try failed.

Anton took the ensuing kickoff and put together what would be its best drive of the night. Starting from their own 22, the Bulldogs drove to the Longhorns' 19. On fourth and short, the Bulldogs decided to try for a field goal. The kick was on line, but it hit the crossbar and bounded away, killing Anton's only real threat of the night.

The Longhorns took over on

their 20 and wasted no time in finding the end zone again. On the second play of the drive, Rich found Chad Black wide open at midfield, and the speedy receiver outdistanced the Anton secondary to score on a pass play that covered nearly 80 yards. Rich kept around right end for a two-point conversion, giving Hart a 14-0 lead with 5:42 left in the second quarter. That's where the score stood at halftime.

Anton took the second-half kickoff and soon found out that the Longhorn defense hadn't loosened up at all.

After a Bulldog punt, the 'Horns started on their own 37-yard line and put together a time-consuming 13-play drive. Ponce again ran the ball over, this time on a one-yard plunge, with 1:22 left in the third period. Clay Barnes' extra-point kick was good, and Hart led 21-0. Kevin Belt, Leonard Washington and Ponce contributed

key runs to the scoring drive.

After an exchange of possessions, Hart's offense geared up again from its own 38 in the fourth period. On the fourth play of the drive, from the Hart 49, Rich rolled to his right and sprinted 51 yards down the sideline for another long-strike Longhorn TD. The extra-point try failed, and the Horns led by 27-0 with 10:47 left in the game.

Hart put together one more good drive late in the game, highlighted by a 30-yard run by Daniel Guzman. But the drive stalled on Anton's 2-yard line.

However, two plays later, Rene Gonzales sacked Anton's quarterback in the end zone for a safety, hiking the score to 29-0.

Hart took the Anton kick and fell on the ball the final two plays to end the game.

Named by HHS coaches as the outstanding offensive players were Danny Rodriguez, Roy Martinez, Chad Black, Isaias Ponce and Daniel Guzman. Top defensive players were Santos Valenzuela, Benny McLain, Chad Black, Kevin Belt, Daniel Guzman and Manuel Castenada. Abel Reyna won the honors as the outstanding special-teams player.

Hart racked up 22 first downs to Anton's 5, and gained 414 total yards to Anton's 56. Ponce was the game's leading rusher with 107 yards on 17 carries.

Friday night the Longhorns will travel to Shallowater for their second game of the season. Kickoff time will be 8 o'clock.

Bobcats and Owls to renew rivalry

By JOHN BROOKS

Dimmitt and Hale Center will renew an old rivalry Friday night at Hale Center.

Going into last week's action, Hale Center was ranked in the top 20 teams in the state, according to the Harris Rating Service.

That ranking is in jeopardy after the 23-0 shellacking received by the Owls at Olton.

Olton Coach Larry Shackelford said, before the game, that the Mustangs would have to contain Owl quarterback Freddie Palacios and fullback Gordon Compton. They did, allowing Palacios only 50 yards on six passes and holding the Owl ground game to 129 yards.

Both Palacios and Compton have been tabbed as all-star candidates by second-year coach Skip Humphreys.

Humphreys welcomes nine starters back from last year's 8-2 team that was runner-up to quarterfinalist New Deal in District 4-A. Among that group is 6-5, 228 Randy Hayes, and 6-1, 235 Tim Jones.

The last meeting between the two teams was in 1969. Dimmitt won, 47-16.

Game time is 8 o'clock Friday night at Hale Center. The Hale Center Young

Farmers will sponsor a fund-raising barbecue before Friday night's contest across from the stadium at Aiken Elementary School. Adult plates will be \$3.50, and child's plates \$2.25. Proceeds will go to defray the medical expenses of a Hale Center woman who was injured in a farm accident.

Santa arrives early for Whirlwinds, 14-7

By JOHN BROOKS

IF ALL the skin were removed from a human body and weighed, it would amount to 6½-7 pounds.

agri-facts

One of the real old-timers in the cattle business was the subject of a feature story last month in the WALL STREET JOURNAL. This particular "old-timer" has gone from trail drives to the tinsel of Hollywood. From the heights of acceptance and popularity to the depths of disregard and disuse. Now he's on the way back. He's wiry, tough, stubborn, smart and a natural survivor ... the Texas Longhorn. Ten years ago, there were less than 5000 Longhorns left. Today, there are just over 28-thousand. Five years ago a Longhorn cow could be had for about \$500. Today it's over \$3000. Some five years ago a three-year old Longhorn bull was headed for the local McDonalds (through the back door) when he was bought for \$350. Today his asking price is \$150-thousand. How long it'll last nobody knows ... but the old-timer is definitely on the way back.

Floydada Football Coach L.G. Wilson must have felt like Santa's sleigh had just landed.

Right in the middle of September.

Right in the middle of Bobcat Stadium

An opportunistic Floydada football team, beset by a stalwart Dimmitt defense, took advantage of two untimely Dimmitt turnovers and a razzle-dazzle punt return to escape with a 14-7 win Friday night.

Let's start, uh, pre-Santa. Dimmitt proved it would have a tough defense when the Bobcats stopped the Whirlwinds cold on their first offensive effort. Then, the Whirlwinds showed why they wore "Mean Green" on their jerseys when they returned the favor against the Bobcats. Ricky Gonzales punted 25 yards, to the Floydada 39. Again, the 'Winds were stymied, and Carlos Rainwater was forced to punt.

It was Floydada's last time to punt. Dimmitt's second possession started at its own 29. The Bobcats quickly moved 71 yards for their only score of the night.

The drive was highlighted by the shifty running of speedy scatback Adrian Stanton, who gained 55 of his game-leading 120 yards

ADRIAN STANTON races to the outside while Floydada's Mike Self (10) and Todd Beedy (11) pursue him in the second quarter of Friday night's season opener at Bobcat Stadium. Throwing a block at Self is Dimmitt's Tim Lay (22). Stanton appears to be trapped here, but the speedy Dimmitt back turned the

corner and evaded both of these Whirlwind pursuers, gaining five yards for a first down at the Dimmitt 26. At this point the Bobcats were leading, 7-0. Stanton was the game's leading runner with 120 yards on 12 carries.

during the drive. He was helped by time's third-down spurts by fullback Tim Lay and quarterback Gabriel Montiel — Lay with a four-yard burst on third and four, and Montiel with a seven-yard gallop on another third and long play. But Stanton was the "money back" for the Bobcats on the drive.

Stanton put the Bobcats in excellent field position when, after a two-yard run on the first play, he took an option-pitch from Montiel and raced 31 yards to the Floydada 38.

The Bobcats had their share of luck during the drive. Stanton had apparently been dropped for a loss on third-and-goal. But the Bobcats' hopes were raised as defensive guard Benton Easter was flagged for lining up offside, giving the Bobcats another chance from the Whirlwind 2. The second time, Stanton ran untouched across the goal line to put the Cats on top. Johnny Nino added the point-after to make it 7-0 with 2:01 left in the first quarter.

Floydada showed a glimpse of why it was ranked No. 31 in the Harris Rating Service poll, as the 'Winds shoved the ball down the throat of the Bobcat defense. But the Bobcats did something that a team ranked No. 164 is not supposed to do — they shoved back.

Coach Wilson utilized all his running backs — Jeff Rainey, Mike Self, Bruce Williams and Mark Nutt — out of the Wishbone-T, plus 30 yards worth of passes to split end Carlos Rainwater to move to the Bobcat 11.

On first down, Beedy pitched to halfback Self. As he moved into the line, he was high-lowbed by tackle Trent Armstrong and nose-guard Max Sandoval. The collision caused Self to go one way and the ball another. End Tony Enriquez fell on the ball. It was the first of eight times the Bobcats were to stop the Whirlwinds inside the Dimmitt 30 during the game.

It was then that Santa gave his first ho-ho-ho.

Dimmitt could get but one first down, and opted to punt on fourth and short. The center snap was just over the outstretched hands of Ricky Gonzales. He fell on the ball, turning it over to the 'Winds at the Dimmitt 16.

Gonzales was forgiven just three plays later, as he caused yet another Floydada fumble. And, while the Bobcats weren't fumble-fingered, they couldn't move past the 26. As Gonzales got set to punt again, there were reports of Rudolph's red nose blinking over Bobcat Stadium.

Williams and Self ran a

fake-reverse on the punt return. The two deep men criss-crossed after Williams fielded the low-flying punt. While Self was apparently running behind his blockers, Williams outran everyone into the end zone.

With the memory of three deep drives being turned away, Floydada decided to go for two on the point-after attempt. From a kicking formation, Beedy tried to pass to split end Andra Ledbetter, but defensive back Fermin Gonzales batted the ball away, preserving Dimmitt's 7-6 lead at the half.

At the intermission, statistics proved Dimmitt's domination. The Bobcats led in first downs, 7-4, and in total yards, 130-92.

Floydada apparently solved the secret of the veer offense during the halftime break, as the 'Cats could never get another sustained drive. Neither could the 'Winds solve the secret of their own wishbone attack, as they never put together a sustained drive either.

Floydada's worst field position in the third quarter was the Dimmitt 44. That was after another Dimmitt defensive gem.

The Bobcats, stymied on the ground, went to the air to try to establish their second-half offense. Mike Self, from

Two receive WTSU degrees

Two county residents received degrees from West Texas State University during recent ceremonies in the Amarillo Civic Center Coliseum. Connie McManus of Dimmitt, a reading major, received a Master of Education degree. Miss McManus is a teacher in Dimmitt Public Schools. Glenn J. Dobmeier of Nazareth, a business major received a Bachelor of Business Administration degree. They were among 341 students who received bachelor's and master's degrees from the seven schools and colleges of WTSU at the end of the two summer sessions.

BEHIND every successful man stands a surprised mother-in-law.

his safety spot, fielded the errant Richard Guzman pass and returned it to the Dimmitt 17.

The Whirlwinds moved quickly to the Dimmitt 3 on a pair of four-yard runs by Self and Williams, and a six yard run by Self, but stopped themselves with an illegal motion penalty and two incomplete passes.

Again the Bobcats were unable to move, and Gonzales punted out to the 44. Floydada gained six yards on an option-pitch to Self, then appeared to be running the same play on second down as Beedy pitched to Self again. But Self stopped short, looked downfield, and winged the ball to Rainwater. Rainwater fought off the efforts of free safety Guzman, and scooted in for the go-ahead score, 12-7. The Whirlwinds again opted to go for two extra points, but Trent Armstrong and linebacker Syd Sageser

met quarterback Beedy behind the line for no gain, with 1:54 left in the third.

Again, the Bobcats were stopped by a Self interception, and, as the fourth quarter closed, Floydada had set up shop on the Dimmitt 23.

Quarterback Beedy started with a three-yard loss, followed by another one-yard loss. Fullback Rainey carried for three yards, and it was fourth and 11 at the Dimmitt 24.

Coach L.G. Wilson felt the 'Winds were too far away for a field goal try, and surely too close to punt. He opted to go to the air on fourth down, but Beedy had to throw the ball away in the face of a tenacious Bobcat rush.

The Bobcats took over on their own 24 with 10:30 left in the game and a five-point deficit staring them in the face. But they moved in the wrong direction. After Tim

Lay gained two yards, he lost four, and Montiel was trapped for a three-yard loss.

Then came Santa's last ho-ho.

Center Trent Armstrong's snap sailed over punter Gonzales' head and out of the end zone, giving Floydada two points and its final 14-7 margin.

The teams finished the game in unfamiliar territory — the middle of the field. Needless to say, Dimmitt

coaches were pleased with the Dimmitt defense. Floydada had possession of the ball inside the Dimmitt 30 eight times, and didn't score.

Even Coach L.G. Wilson was impressed. He said the Bobcat defense was much improved over the 1979 edition, which leaked enough for 40 Floydada points last year.

He could have easily added, "Merry Christmas to all, and to all a good night."

Today, only 10 manufacturers remain — employing about 3,000 people, says Beverly Rhoades, an Extension Service clothing specialist. In the same period, imports share of the tie-fabric market expanded from eight percent to 75 percent, she adds.

The Legislature has already passed enabling legislation (H.B. 1510) for this proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to authorize banks to use un-manned teller machines within the county or the city of their domicile on a shared basis to serve the public convenience."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 97 proposes a constitutional amendment that would grant the State and the accused the right to an interlocutory appeal from the following trial court rulings in criminal cases: pretrial rulings on the constitutionality of a statute; on a motion to quash, dismiss, or set aside an indictment; and on a motion to suppress evidence. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing appeal of certain pre-trial rulings of a trial court in a criminal case by either the state or the accused."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 98 proposes a constitutional amendment that would require a single appraisal of all property subject to ad valorem taxation and would provide for a single board of equalization within each county. The con-

stitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would allow the Legislature to authorize the conduct of bingo games by certain specified groups for charitable purposes, subject to the limitations that operation of the games must be approved in local option elections and that all proceeds must be spent in Texas.

PROPOSITION NO. 5 ON THE BALLOT

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the ap-

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

PROPOSITION NO. 5 ON THE BALLOT

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

al amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases. The amendment would change titles for the Associate Justices of the Supreme Court to Justices and would require members of the Supreme Court to be attorneys licensed in this state while holding office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment which defines separate property owned by either spouse as all property, both real and personal, of a spouse owned or claimed before marriage, and that acquired afterward by gift, devise or descent. Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."

Car strikes carnival man

An employee of the Pride of Texas Shows carnival was hospitalized with two broken ribs, a facial laceration and other bruises after he was hit by a car as he was walking along North Broadway Friday night.

Dimmitt police cited the car's driver, 19-year-old Adolfo Carrasco of Hart, with violating the restrictions of his driver's license. Police said Carrasco has a restricted license that requires he wear eyeglasses while driving.

Police said the carnival employee, Windell Platt of Mercedes, was walking south along the curb of the street when he was hit by Carrasco's southbound 1979 Mercury Cougar. Carrasco told police he didn't see Platt.

Platt was taken by ambulance to Plains Memorial Hospital. He was dismissed from the hospital Monday.

Obituaries

E. L. Washington

Funeral services were conducted in Lubbock Tuesday for E. L. Washington, 71, father of E. L. Washington Jr. and the late McCunnie Washington of Dimmitt.

Mr. Washington died Friday in Lubbock General Hospital of burns he received while saving his wife and two young grandchildren from their burning home. The fire broke out about 3:45 a.m. Friday, apparently caused by faulty wiring. Mr. Washington reportedly pushed his wife out of a bedroom window and escorted his two young grandchildren to safety before collapsing inside the burning structure near a back kitchen door.

He died 1 1/2 hours later from first and second degree burns and heart failure.

His 10-year-old grandson, Charles Mason, also was burned when he went back into the house to try to save his grandfather. The boy was treated and released at Lubbock General Hospital.

Last rites were conducted at 2 p.m. Tuesday in the Greenlawn Church of Christ with Larry Hambrick, minister of the Manhattan Heights Church of Christ, officiating.

Burial followed in Resthaven Memorial Park, directed by Resthaven Funeral Home.

Born in Leon County, Mr. Washington married Cassie Lee Johnson in 1930 at Midway. They had lived in Lubbock the past 13 years. He was a member of the Manhattan Heights Church of Christ.

Survivors in addition to his son here include his wife, three daughters, two other sons, a sister, three brothers, 34 grandchildren and 13 great-grandchildren.

Hugh Evans

Funeral services were conducted in Lubbock Friday for Hugh Evans, former Dimmitt resident.

Mr. Evans, 61, died last Wednesday in a Plainview hospital after a brief illness.

Last rites were in the W. W. Rix Chapel, with Rev. Sam Lane of the Westminster Presbyterian Church of Lubbock officiating. Burial followed in the Resthaven Cemetery, under the direction of Rix Funeral Directors.

Born in Lamar County, Mr. Evans lived in Dimmitt until 1968, when he moved to Lubbock. He was a cotton buyer and a member of the Texas Cotton Association and the Corpus Christi Cotton Exchange. He was a member of the Presbyterian Church.

He is survived by his wife, Jo; his mother, Mrs. Russell Evans; a daughter, Mrs. Tom Prather; a brother, Dr. William G. Evans; and two grandchildren.

Pallbearers were Charles Smith, Bob Squires, Jimmy Bass, Wayne Nance, Adolph Hanslick, Jim Murdough and James Garner.

Barbara Sandlin

Services were conducted Monday in Lubbock for Barbara J. Sandlin, mother of Jerry Ann Butler, formerly of Dimmitt.

Mrs. Sandlin, 66, died Friday afternoon in St. Mary's Hospital in Lubbock after a lengthy illness. A native of Colorado Springs, Colo., she had been a Lubbock resident since 1942.

Last rites were in Sanders Memorial Chapel with Dr. Sandy Zeh Sandlin, pastor of the Faith Baptist Church in Wichita Falls, officiating. Burial was in the City of Lubbock Cemetery.

Mrs. Sandlin is survived by three daughters, a brother, a sister, and seven grandchildren.

Police suspect youths in dual pickup thefts

Someone stole a pickup in Tulia Monday night and drove it to Dimmitt, then stole a Dimmitt woman's pickup for the return trip, police reported.

A Tulia boy has been taken into custody for questioning, Dimmitt Police Chief Ronald Mitchell said four to five juveniles are believed to be involved.

The case came to light here when Anna B. Morris discovered that her red-and-white Chevrolet 4WD pickup had been stolen from her home Monday evening. She told police the theft occurred sometime between 6:30 and 11:50 p.m.

After putting out a stolen-vehicle bulletin, local police received word from the Tulia Police Dept. that the missing pickup had been found at Tulia, about half a mile from where another pickup had been stolen earlier that day.

Dimmitt police located the stolen Tulia pickup — a 1979 Ford F-100 — abandoned in

the 200 block of West Locust Street. Its owner picked it up Monday.

The Morris pickup was still

in Tulia at last report, because the keys were missing and the owner didn't have another set. The keys had been left in both pickups, police said.

With a heat pump

The heat pump saves energy and money. A lot of people are now saving more energy and money because they converted or replaced their energy wasting heating and air conditioning equipment with a heat pump.

The heat pump works efficiently both winter and

summer to help hold down your energy use. And, since the energy source for a heat pump is electricity, you receive a special lower electric rate during the off-peak months from SPS.

Get a heat pump as soon as you can... you'll save money when you do.

government regulations on bilingual education. The association supports the state plan of bilingual education as enacted in 1973 and revised in 1978, but it feels that "the crucial issue at present is whether control of this program will be vested at the state or national level," the letter said, adding that "these proposed regulations are an unprecedented federal intrusion into local curricula."
-Discussed the Texas Association of School Boards' House of Delegates Convention in San Antonio on Sept. 27. The board asked its delegate, Deanne Clark, to address the assembly if possible and withdraw DISD's name from two resolutions up for adoption which were not sent in or endorsed by the local board. However, the board did submit three resolutions for consideration by the assembly.
-Heard Ryan's attendance report that "all the schools around us are down, but we're up 129 students." He added that an additional section in the fifth grade had been necessary to handle all the students, but he hoped that DISD had reached its attendance peak for the year.
-Discussed the sound system at the football stadium. The board hoped that raising speakers and aiming them at the stands will solve the sound problem.
-Were reminded of the Panhandle Association of School Boards' meeting at Dumas Sept. 25.
-Approved two hardship transfer requests.

District judge sends three to state prison

District Judge John T. Boyd sentenced three persons to state prison terms last Wednesday.
 They were Bobby Bossett, three years; Willie James Thomas, three years; and Lou Ann Merino, four years.
 Bossett and Thomas, both 25, were both originally sentenced on a strong-arm robbery charge in 1975. Thomas was convicted by a jury and Bossett pleaded guilty. Both were assessed five-year probated sentences. Thomas and Bossett came before the court on separate charges last Wednesday — Bossett in connection with a purse-stealing incident last Dec. 20, and Thomas on a charge of burglary and failure to report to his parole officer.
 Miss Merino, a 22-year-old Hereford woman, was sentenced to four years' imprisonment in the TDC women's unit after she pleaded guilty to passing a forged check for \$150 at the Beacon Package Store last July 20.

Hearing Loss Is Not A Sign Of Old Age
 Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.
 True, all hearing problems are not alike . . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.
 These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 52326, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

CF drive date set

The Breath of Life Campaign, an annual week-long appeal for funds to help children with cystic fibrosis, will begin in Dimmitt Sept. 21, according to the Lone Star Chapter of the Cystic Fibrosis Foundation.

"The campaign is called the Breath of Life because that phrase so graphically describes what this fundraising effort hopes to accomplish — for children and young people with CF who struggle to breathe," says Karen Robertson, local campaign chairman.

Mrs. Robertson and her assistant chairman, Sherri Matthews, appealed for volunteer workers to help with the week-long campaign here.

Cystic fibrosis is inherited by one in every 1,600 American children. At present, it is incurable and ultimately fatal.

"Progress has been made," says Mrs. Robertson.

"When the CF Foundation was established in 1955, few children with CF survived to school age. Today, with early diagnosis and comprehensive treatment, a child with CF has a 50 percent chance of living past age 19.

"Improved techniques have increased both the quality and quantity of life," Mrs. Robertson continued, "but these children and young people still require specialized care and treatment throughout their short lives. Time is running out for these kids and we need a cure for CF."

The Cystic Fibrosis Foundation supports research into the cause of CF and a cure or control for the disease. It also supports specialized clinical care for individuals with CF and other related respiratory and digestive diseases. There are 121 Cystic Fibrosis Centers in the US, specializing in the diagnosis and treatment of CF.

In Texas, CF clinics are located in San Antonio, Dallas, Houston, Austin and Lubbock.

The Foundation also conducts nationwide professional and education programs designed to foster early diagnosis and treatment which extends and improves the lives of all lung-damaged children.

The Lone Star Chapter is one of over 100 CF Chapters in the US conducting fund appeals to support the CF Foundation's programs of research, care and education.

"We are asking residents of Dimmitt to give as generously as they can when a Breath of Life Campaign volunteer calls on them," says Mrs. Robertson.

"Through contributions to this campaign, we can see a day in which cystic fibrosis no longer takes a life every eight hours."
