

WATTERGRAMS
BY JEANE SUITS

Today the Lockney Beacon celebrates its thirty-fourth year of constant service to pantry shelves of Floyd County and dutifully to those who find the publication useful in swatting flies and wrapping school lunches.

This issue of the Beacon marks the beginning of the paper's thirty-fifth year. The present editor has published or co-published the paper for nine years out of the thirty-four. Fifteen years ago he was instrumental in printing it for six and a half years, and returned two and a half years ago as editor.

For thirty-four years through prosperity, war, drought, and crop failures, the sheets have been put to bed every week and copies run off the press carrying a cross-section of localized human spectacle in its columns. Many of you just about the hometown paper and its contents. You often ridicule it by comparing its idea of news to that of the metropolitan paper delivered to your door every morning.

Items appearing in your own paper (delinquent in a lot of cases) seem so trivial and unimportant to most of you in relation to the outside world and its activities. Little incidents and common place events occurring at home are a part of the world and closely related to national and state actions. Everything that takes place in anybody's hometown has a direct relationship with the news appearing in daily newspapers.

So much happens every day in this world that the daily papers neither have time nor space for it, but the bright lights, and the country weekly, and the realm of worldly concerns, and distributing of news, and the more

never... stories... to mil... lions of

Netives... of their assemblage of language in speaking of the home weekly, but they love it 'cause there ain't nothing else like it. Their daily paper doesn't run the story about their little daughter visiting grandmother nor the birth of their "bouncing baby boy." Conclusion: "Well, Mira, I reckon we'll subscribe for the Beacon again this year if we have to mortgage the old home place."

Senator Huey P. Long of Louisiana has passed on where there is no share-the-wealth and very little filibustering. When he gets to the Pearly Gates one often wonders just how long St. Peter will tolerate his filibustering before passing a bill for or against him.

This is the time of year when you see milady hanging around display windows shopping, wishing she had what she doesn't have and wondering why she bought what she does have.

OF INTEREST TO CORN-HOG CONTRACT SIGNERS

On the 1935 Corn-Hog Contract it will be necessary for each contract signer to produce 25 percent of his hog base before he will get the full payment on contract. Any one who has hogs or sows for sale may get them at the County Agent's Office if they wish and those who wish to purchase may inquire at County Agent's Office.

END FISHERMEN GO TO JUSTICEBURG

Mrs. Jack Jackson, Mr. Robert Jackson, Mr. and Mrs. Jackson, Mr. and Mrs. Jackson, and Bill Hill spent the day at Justiceburg fishing at Fe Lake. Lee and Madison Trussel and Tom Justiceburg brought home fifty-

"Social Credit" Victor

CALGARY, Alberta... Above is William Abernethy, who, it is believed will be the new Premier of Alberta, (Canada) to sit at the head of his "\$25-a-month-for-everybody" government, upon which platform his Social Credit League soared to power in a recent election.

JOHN STAPLETON IS HERE ON VISIT

John Stapleton, who has been at Houston the past year as an employee of Western Auto Supply Company and attending law school, at nights, arrived Sunday for a week's visit with his mother, Mrs. G. J. Stapleton, and sister, Miss Ruth Stapleton.

ROYCE BROOKS TO BE ASSISTANT TEACHER

Royce Brooks, who is a junior student at the University of Texas, was recently selected as assistant teacher in the mechanical engineering department. Only seniors and graduates are usually eligible for an honor at the University.

He has this honor at the University of Texas. His parents, Mr. and Mrs. Brooks, live in Lockney.

CROP LOOKS GOOD ON DURHAM BROS. IRRIGATED FARM

We were out driving around over the country a few days ago and dropped in on the Durham brothers who are operating the George Meriwether irrigated farm in the Aiken community. We wanted to check up on these boys, to see just how they were getting along on this irrigated farm as this is their first year on this farm.

We found everything okay. A cracker-jack good cotton crop that will make a bale to the acre easy and maybe more and they have 70 acres in cotton. They have only watered it a couple of times. We found feed in abundance, and it sure was fine. Also a corn patch that is going to make real corn. We gathered a mess of "roanears" out of this field.

There was 70 acres in wheat on the place this year, but we failed to ask the Durham boys what the yield was. We were too busy looking at that cotton patch.

We have just been running a few figures through our head. It takes about 40 bushels of wheat per acre to equal a bale of cotton to the acre in dollars and cents. The machinery for harvesting a cotton crop is not near as expensive as machinery for harvesting wheat. Also, after driving all over this country we have come to the conclusion that our acreage planted to wheat is entirely too large for the good of all concerned. We need less wheat acreage and

LOCKNEY FOOTBALL SCHEDULE IS ANNOUNCED TODAY

Will Play Crosbyton in First Game of The Year On Home Field

GOOD TEAM EXPECTED

Twenty-six Boys Come out For Regular Work-out; Scrimmage With Former Heros

There will be three conference football games played here on the home field and four out of town, Coach Leo Cooper announced this morning in giving out the Lockney high school conference schedule. The first two games Sept. 27 and Oct. 4 are non-conference battles with Crosbyton and Estelina on the local gridiron. Cooper expects to schedule a game for Sept. 20 but has been unable so far to arrange it. Conference games do not begin until Oct. 11 when Lockney plays Turkey here. All games from that date on to Nov. 22 are going to be chalked-up far, or against the local squad.

The team scrimmaged with former football heros Wednesday afternoon totaling a score that was well over 30 when the official quit counting. Heros of the gridiron in years gone by found out they were nothing but a bunch of "softies."

"I am expecting to see some of the best players in my squad has

MASONIC FUNERAL IS HELD FOR LOCKNEY MAN TUESDAY

Sam Farnsworth Died Monday After Illness of Ten Months; 42 Year Resident of Lockney

A Masonic funeral was held Tuesday afternoon at the Methodist church for Sam J. Farnsworth 54, who died Monday at the home of his sister, Mrs. C. F. Ramsey, after an illness of ten months. The Rev. H. H. Hamilton past or, officiated.

He is survived by his wife; one son, Robert Farnsworth of Lockney; and two daughters: Mrs. Virginia Stone of Wichita Falls and Miss Lavonne Farnsworth, who is in the nurses' training school at the Lubbock Sanitarium. Two grandchildren, Jack and Kathryn Stone of Wichita Falls, two sisters, Mrs. Lena Davis of Lubbock and Mrs. Ramsey, a step-sister, Mrs. Wade Stevenson, of Tulsa; four nieces and six nephews also survive him.

Farnsworth died of a facial cancer. He was in the Baker Hospital at Laredo for three months since December and then went to the Baylor Hospital at Dallas for six weeks of treatment. He had been ill at the home of his sister for six weeks before his death. His condition did not become critical until two weeks ago.

He was a member of the Masonic Lodge and had been a member of the Methodist church for twenty-five years. He came to

PHILADELPHIA... Miss Mary Berger (above), of this city, is one of the few American trained nurses in Ethiopia. She is expected to see active duty with the American Red Cross if Italy and Ethiopia go to war.

LEAVES TO ATTEND A C C MONDAY

Austin Meriwether, son of Mr. and Mrs. George Meriwether, left Monday for Abilene where he will attend Abilene Christian College this fall. He will be a freshman.

VISITING AT CHEROKEE, OKLA.

Mrs. Martha Mann and granddaughter, Vonell Rives, left via bus Monday morning for Cherokee, Okla., where they expect to make an extended visit with Mrs. Mann's daughters Mr. and Mrs. Jimmie Staggs, and Mr. and Mrs. H. S. McGonigall.

Paul Bybee of Ute Park, N. M., arrived last week-end and will be here until Oct. 1 visiting his uncle and aunt, Mr. and Mrs. G. T. Trailer. Bybee has been working in a gold mine at Ute Park, Okla., for the past year.

LOCKNEY DEFEATS RUNNING WATER IN POLO GAME

Pete Shurbert took four goals, "Button" Stevenson three, and Watt Griffith one, in a polo game Sunday afternoon with Running Water at 3 o'clock.

The two teams were tied in the number of games lost and won during the season until last Sunday when the Lockney victory set-up the local poloist three games against Running Water's two.

The Lockney line-up included Shurbert playing position No. 2; Stevenson of Plainview, No. 3; Buster Whitlock, No. 1; Sandusky, No. 4; and Griffith alternating for No. 1 and No. 4.

Running Water is scheduled to play Plainview Sunday afternoon at Plainview instead of Lockney as formerly announced.

PICTURES BEING OFFERED AT ISIS THEATRE

John Jenkins, Isis Theatre operator, is certainly giving the public some mighty fine pictures these days, brand-new stuff it is, if you please. Take for instance the picture he is showing Saturday night prevue, Sunday matinee and Monday, "Harmony Lane." This picture is being shown here for the first time in Texas. The National release date has not even been announced yet. If that is not new stuff we don't know where you would go to find it. This is a wonderful picture and one that you cannot afford to miss. Douglas Montgomery has leading role.

Saturday matinee and night program is a little different this week. Instead of a Western picture you will see those two funny comedians, Stan Laurel and Oliver Hardy in "Bonnie Scotland." This is one hour and 20 minutes of continuous laughter.

On Tuesday "Hot Tip" is booked for an appearance, when Zasu Pitts and James Gleason are at their best, and that means something. On Wednesday "Pur-suit" with Chester Morris and Sally Eilers taking the leading roles. On Thursday and Friday, you will see John Boles and Dixie Lee in "Readheads on Parade." All of these pictures are extreme ly good ones and Mr. Jenkins was fortunate in booking them for his theatre.

RETURNS FROM NEW MEXICO VISIT

Mrs. W. L. Smith returned Monday from Santa Fe and Rencona, N. M., where she has been since Aug. 28 with her sons, Ira and Q. Smith.

HERE VISITING FROM SANTA FE

Mr. and Mrs. Ira Smith Jr. and son of Santa Fe are here visiting Smith's mother, Mrs. Frances Smith and his grandmother, Mrs. M. B. Hill.

more cotton acreage. About a fifty-fifty basis would be pretty nice. But the way it is now we have about 75 to 80 per cent of land in cultivation planted to wheat. Just as long as it remains that way we will continue to have a pretty tough time making a living in this country.

We are not trying to dictate to any farmer what he should plant, that is his business, but just as long as our farming operations remain on the above basis, we are going to be a broke country. We are using past history of agricultural countries as our measuring stick. All wheat or all cotton does not make a prosperous country or people. They are prosperous one year and then broke three or four years.

MRS STEELE'S FATHER DIES TUESDAY

Mrs. M. E. Steele returned last Thursday from Vernon, where she attended the funeral Wednesday of her father, P. J. Smith, who died Tuesday. Burial was in the family plot at Clarendon Thursday.

Mrs. Steel was met at Clarendon by her daughter and husband, Mr. and Mrs. Henry Hodel, Thursday.

She was called to the bedside of her father Saturday, who had been ill for several months but suddenly took a turn for the worse.

Bill Harper, Claude Myers, Eulan Bradshaw, Otis Milton and John Lanham returned last Sunday from Lima, Ohio, where they took delivery of four new school busses for the South Plains School District. These busses are Superior all-steel bodies mounted on Chevrolet chassis. They were purchased from the Lockney Auto Co.

LOCKNEY LOST GAME TO OLTON SUNDAY EVENING

Again the Olton baseball team came over to this community and handed Lockney another defeat Sunday. This was perhaps the first game of the season. It was a good game, and one time it looked as if Lockney had the game in the bag with the score 5-1 in their favor, but during the last half of the seventh inning Olton unbolstered their weapons and the fireworks began. They secured several well placed hits and these coupled with some costly errors on Lockney's part - the result of five scores crossing the grille, making the score Olton 6, Lockney 5. Then in the following inning Lockney was successful in putting another tallie across, tying the score 6-6. In the last half of the ninth Olton sent another man across the pan, and the game was over.

Coop... a general idea of the powers of the team. "Prac (Continued on Back Page)

DOCTORS ATTEND MEDICAL MEETING IN PLAINVIEW

Dr. P. C. Anders and Dr. N. E. Greer attended the Hale, Floyd, Briscoe, and Swisher County Medical Society monthly meeting at the Plainview Sanitarium and Clinic Tuesday evening.

District president, Dr. Jones of Wellington made a talk. Plans were completed for the district meeting of the society to be held in Plainview at the Hotel Hilton Sept. 15 and 16.

DALLAS VISITORS HERE

Mrs. W. W. Earnest and Wanda Jeanne of Dallas are visiting in the T. D. H. Whitaker home.

Mr. and Mrs. Marvin Cox and Mrs. Arthur Cox were in Amarillo Friday attending the Confederates' Veterans Reunion.

LOCKNEY LOST GAME TO OLTON SUNDAY EVENING

Again the Olton baseball team came over to this community and handed Lockney another defeat Sunday. This was perhaps the first game of the season.

It was a good game, and one time it looked as if Lockney had the game in the bag with the score 5-1 in their favor, but during the last half of the seventh inning Olton unbolstered their weapons and the fireworks began. They secured several well placed hits and these coupled with some costly errors on Lockney's part - the result of five scores crossing the grille, making the score Olton 6, Lockney 5. Then in the following inning Lockney was successful in putting another tallie across, tying the score 6-6. In the last half of the ninth Olton sent another man across the pan, and the game was over.

two years ago and began as a stock-farmer and freighter. His later years were spent in trucking.

Farnsworth was born Aug. 15, 1881, at Armour, Tex., in Limestone County. He was married to Mrs. Bertha Gallagher June 16, 1909 here.

Members of the Lockney chapter of the Masonic Lodge were pallbearers: Dwight Jackson, Jesse Cox, Frank Dodson, E. R. Harris, Walter Childers, and Conde Davis.

The funeral was under the direction of the Crager Funeral home. Interment was in the Lockney Cemetery.

Out-of-town friends here for the rites were: Mrs. Dot Oswald, Plainview; Jim Giffith, Lubbock; John Teague, Brownfield; Judge E. C. Nelson, Floydada; Minter Heard, Bill Club, both of Petersburg; Mrs. Ethel Kennedy, Mrs. Daisy Dodson; all of Olton.

H. C. Story, of Tahoka, was here Tuesday in the interest of the candidacy of G. H. Nelson, who has announced for the office of Senator of this district, the vacancy being caused by the recent death of Senator Arthur P. Duggan.

Mr. and Mrs. T. B. Brooks were in Olton Sunday afternoon visiting Brooks' brother and family, Mr. and Mrs. Grady Brooks.

Miss Susa Brown Anders and Miss Wilda Anders left Friday morning for their home at Tuscaloosa, Ala., after spending a month here as guests of Dr. P. C. Anders and Son.

CHEVROLET DEALER REPORT GOOD BUSINESS THIS YEAR

In Spite of Drouth, Hail, and Short Crops Lockney Auto Co. Sells Cars

A. P. Barker, Lockney Auto Company and Chevrolet dealer, reports that the new 1935 car and truck sales to-date have been better than he expected since February of this year. In spite of the drouth, hail, and short wheat crop, according to the registration more Chevrolets were sold in the Lockney trade territory than all (Continued on Back Page)

E. STERLETTE

Seventeen men are living today who, by adding their fortunes, might pay all the national debts of the world. They are: Edsel Ford, Henry Ford, Edward de Rothschild, Duke of Westminster, William of Hohenzollern, the Caekwar of Baroda, Sir Basil Zaharoff, Simon Paton, Lord Inesgh, Prince Aga Khan, Nizam of Hyderabad, G. de Wendel, John D Rockefeller jr., John D Rockefeller sr., Louis-Louis Dreyfus, Andrew W. Mellon and Fritz Thyssen.

They landed in Alaska with content and bliss. Alas! when they took off the motor began to miss. They never breathed another breath. For right then they plunged to their death. Now Death is their only host.

Will Rogers and Wiley Post. They were always ready to help the needy. They were never rude or greedy. They always helped whenever they could. Both were kind, generous, and good. They were known from coast to coast.

Will Rogers and Wiley Post. We liked to hear them over the radio. And see them in the picture show. We liked to think of them as our friends. Loved and cherished by all men. Those old friends we loved most.

Will Rogers and Wiley Post. Laff! (for sake of politeness) Maybe So. Mr Jones was lecturing on charity. "Howard," he said, "if I saw a boy beating a donkey and I made him quit, what viture would I be showing?" Howard: (Promptly) "Brotherly love."

A minister preaching at a funeral, electrified his listeners by saying "The shell is still here, but the nut is gone."

The wild beasts of India, so it is authentically said, kill 2,000

Paul Feeling Fine

NEW YORK... Whether or not Paul Whiteman, king of jazz, believes the old legend that those who eat the first oysters of the season protect themselves from illness for the winter, is not known... But he did agree to dine on them to let America know that the "R" season is here again.

Will Rogers and Wiley Post. Men the world loved most. Set out on a sight-seeing trip. In the red winged air ship. But now they are as frail as ghost.

They landed in Alaska with content and bliss. Alas! when they took off the motor began to miss. They never breathed another breath. For right then they plunged to their death.

BUSY MOTHERS' CLASS HAVE ALL DAY QUILTING

Busy Mothers' Class of the Methodist Church had their monthly all day quilting Wednesday in the basement of the church. The ladies surprised Mrs H H Hamilton, pastor's wife, with a friendship quilt presented to her in the afternoon. The group quilted another one during the day belonging to Mrs Hamilton.

Members of the class and ladies from the other churches were present. The Rev. H H Hamilton led the devotional meeting held after the covered-dish luncheon. Mrs J J Harris is teacher of the class.

Those present were Mesdames I I Harris, T T Threet, Will McCeehee, Raymond Rucker, McCormick, R M Still, Henry Ford, H H Hamilton, A I Sams, Blount Caleb Cov, Earl Reeves, Paul Cooper, Kate Collier, Ford, H J Hall, Fannie Brown, T J Honea, and C H Rose.

Here Goes "Andy"

CHICAGO... "Andy" is no more. He was the East tower of the Sky-Ride, Century of Progress feature. His crash to earth was witnessed by 200,000 spectators. A microphone was attached to the top and the last word cries of the mammoth tower were broadcast.

Welding
... the best way to make a perfect union of two pieces of metal is by welding them together.

... and the best way to get a more pleasing flavor and a better taste in a cigarette is by welding together the different types of tobacco ...

That is just what we do in making CHESTERFIELD Cigarettes—the three types of mild ripe home-grown tobaccos, that is tobaccos grown in this country, are welded together. Then they are welded with aromatic Turkish. When these tobaccos are welded together you get a combined flavor which is entirely different from any one type of tobacco.

It is this welding of the right amounts of the right kind of tobaccos that makes CHESTERFIELD a milder and better-tasting cigarette.

CALIFORNIA BANKER IS RIGHT

A P Giannini, a California banker, says: "President Roosevelt has told us his reform program now is almost over. We should take him at his word and back him up.
We elected him as our leader and now it certainly is the right thing to do to give him a chance to put through his policies.
Surely, when he took office, conditions warranted a drastic change. Now it is wrong to attempt to block him at every step.
He criticized those who, he said, deplore the expenditure of billions of dollars for recovery.
This is one man that has left politics out of the proposition and is looking at things in a sane and business like manner. We need less politics and more business in our government affairs. One political party is continually trying to tear down what the other did, be it good or bad.

After driving around over this territory the past week we have come to the conclusion that the Lockney country is going to make better crops than we think. There is good and bad spots, some just fair, and other places that are almost a complete failure. But take the community as a whole we are going to gather a pretty fair cotton crop this fall. Nothing to brag about understand, but perhaps we will get by some way. One thing that we did notice, and that was good. It is looking good and the average is large for the year. Some of the fields look as if they might be a little better, but with an average frost, it will make pretty fair crops. And plenty of it. We only need very little.

Somebody is not talking about dry-land farms.

Viscount Snowden says that "if the Italo-Ethiopian war can not be averted and one sees very little hope of it-another world war will result that will end human civilization." We don't believe he is right in this prediction. But, we too, may be wrong. We usually are.

A sixty-five year old woman down at Palm Beach, Florida notified the Mayor of that town that she will marry the "towns most eligible bachelor" if he can locate him. That part of the letter was all right, but she goes on further to say that this bachelor must

have a "million dollars," must be nice looking, tall and have blue eyes. Seems to us she is pretty darn particular for her age. If a man had a million dollars, was tall and handsome and had beautiful blue eyes why would he want to be hooked up with a woman sixty-five years of age? She don't have a chance, if you ask us.

The old age pension business is going to cause a lot of funny things to happen. Up at St. Louis the other day a couple of negro women were applying for old age pensions, one was 75 and the other 70 years of age. The one that was 70 said she was the mother of the one that was 75. The official looked surprised and asked a few questions. But she insisted it was so, and explained it thus: "I was married young." She sure was.

"BRAIN JEWELS" FROM OUR EXCHANGES

Tribute To Weeklies Was One Of Will Rogers' Best

Some of the late Will Rogers' philosophic and humorous paragraphs will go down in literature as masterpieces. And to the finest of these "home town" last writings, take a look at this gem, take a look at this gem, said a newspaper editor.

Each pure-bred Jones came expectedly, and for Jesse Bushy is having one of his career, they just don't pay him when they get well, the county seat was packed yesterday with prominent people from out of town, attempting to renew their notes and 'election ain't far off and everybody is up for office that can sign an application blank."

"Now all that don't seem much news to you. But it is news to you, especially when you know the people and they are your own folks. So no matter how punk you may think your local newspaper is getting, why just take it away from you and see how you feel. The old newspaper, I think, is just about our biggest blessing. "So let's all read and be merry, for tomorrow the paper may not

Where Clouds of War are Lowering in Old World Areas

NEW YORK... This map shows the waters and lands across which Italy is reaching for a seemingly certain conflict with Ethiopia. Italian troops by the thousands have been arriving at Massawa and Mogadiscio, in Eritrea and Italian Somaliland, respectively. Addis Ababa is the capital of Ethiopia. Adowa is the place where the Italians suffered shattering defeat 40 years ago, a defeat which it is believed the present campaign is in part intended to avenge.

have enough ads to come out. Publisher's Auxiliary.
"Wild oats, some say, must be sown, but wild oats takes something out of the soil of a man's life that no system, except being born again can restore." - Lawn Echo.

A man on trial for his life was being examined by a group of alienists. Suddenly one doctor jumped up and shouted at him: "Quick, how many feet has a centipede?"
The man came back in a dry, dry voice: "Gad, is that all you have to worry about?" - Maimi Chief.

When all is said and done, a back-seat driver is no worse than an arm-chair housekeeper. - Canyon News.

If worms, hailstorms, sandstorms, freezes, or some other force of nature doesn't work havoc with the cotton crop of Lynn county, the present prospects are that we are going to have more

prosperity here this fall than we have had in several years. Cotton men estimate that the crop will surpass 40 thousand bales. County Agent V F Jones and Assistant C A Lawrence figure that the amount of cotton that may be sold in the county tax free this year will almost reach 40,000. It is true that many farmers will make much more than the "allowable" but some will not make their full quota. Furthermore, it seems that a price of about ten cents is practicable in accordance with the above estimates, it can easily be seen that our cotton crop should bring about two million dollars to the county this season. Besides, the county has produced all the feed it will need. With full confidence we believe that we can safely announce again that prosperity is just around the corner. - Lynn County News, Tahoka.

A man may be stripped of every material possession, yet still be able to do it if he knows a trade or a profession by which he can earn a living. Earning ability is more precious than bonds of stocks or real estate.
The best inheritance that a father can leave a son is the training and knowledge necessary to earn a living. The ability to do something that commands a price in any market and under any conditions is a form of indestructible wealth.
To leave a competency to children is the dream of every father. To train children so that they can earn their own way in the world is kinder and wiser. Then, barring ill-health, they are self-sufficient. - Santa Anna News.

A city banker says he would like to run a newspaper for a week. And just think what an editor could do in a bank in one day. - Briscoe County News.

This editor regrets very much that Texas went wet, but we say now let the tail go in with the bite. Our Legislature should in-

not a law making it a penitentiary offense for each and every man or woman who tries to drive a car or truck while under the influence of liquor. It might be that our penitentiary will be soon be filled with drunken drivers, but the public generally will be much safer with them in the pen, than turning them loose on the public highways to maim and kill innocent men, women and children. No drunken man should be allowed to get behind a steering wheel. - Claude News.

Looks like Italy is determined to broaden or bust—expand or explode, or whatever it might be. However, we read nothing but the headlines lately. For the headlines are enough for us. - Bob Collier in Oakdale (La.) Journal

The dope is that Harold Ickes is liable to grab an airplane and fly down to Hyde Park almost any day and hand President Roosevelt his resignation. Harry Hopkins has whipped his ears down in handling relief funds. He has thrown out about 2,400 PWA projects of Mr Ickes amounting to \$400,000,000, and is he sore.

We noticed on one page of a daily paper the other day where three robberies occurred. Two of them were in Texas that netted the robbers \$2,085. The other was at Indianapolis where the loot amounted to \$10,000. We don't have any money down here in Texas, so we would advise all high-jackers to go north and east where our money has been flowing for many years.

Senator Tom Deberry of Bogota Monday defied the general public to answer four questions which he said, the coming special session of the Legislature will have to answer:

- 1. What is a saloon?
2. How much salary should be paid a justice of the peace?
3. How can you tell when a negro is 65 years old (and there by entitled to a pension?)
4. How can you get money when "there ain't any"

We have just noticed where Floyd county has 270 men years allotted in the WPA program, but requests were made for 525 man-years in projects submitted to District headquarters at Lubbock last week. Some of these projects are going to be cut back, but just what ones is not known at this time. Our man-years is based on the number of unemployed in the county.

The Republican National Committee is still beating the bushes trying to jump out a candidate to oppose Roosevelt, according to the papers. It seems they are having a hard time getting some one to offer themselves for the sacrifice.

Lockney girls these days spend considerably more time making up their faces than they do making up their minds.

Most of this reduction was predicted for Texas. A lot of that reduction will come from Floyd county.

Constitutional prohibition ended in Texas Monday night. All counties that were wet before days of the 18th amendment can now sell hard liquor, but counties and precincts that were dry under the Dean law are still dry. Floyd county has been dry for many years and will remain that way. We have reference to sale of liquor.

Senator Huey Long who was shot at Baton Rouge, La., Sunday, died Tuesday morning at 4.10. He was shot by Dr C A Weiss, Jr. a young Baton Rouge specialist. Body guards unlimbered machine guns and mowed down Dr Weiss. We predicted this would happen several months ago. A map cannot carry on like Huey did down in Louisiana and live to a ripe old age. It just can't be done in the United States. A candidate has been eliminated from the presidential race.

age pensions was soon as the Government finds the money necessary to inaugurate its social security program, and Texas sets up a State plan.

In addition, many thousands more then will start participation in a program designed to support them when they become 65 years old.

Senator Huey Long's filibuster prevented the third deficiency appropriation bill, containing a huge appropriation for the social security act, from passing the closing hours of Congress and nothing likely will be done until the next session convenes in January. However, the States may obtain loans or grants for administration purposes only from the Works Progress Administration.

The act provides for two types of assistance to the aged. The first calls for immediate grants to the States for pensions for persons who have reached 65, the Government matching what the States contribute, with certain limitations. The second authorizes a scheme of old age benefits payable to persons who have reached the age of 65 beginning in 1942. These payments are to be measured by wages and are payable wholly regardless of the need of the recipient.

Should all the conditions under the first plan be met and Texas contributes as much as \$15 monthly to each of its 232,459 persons the 1930 census says are over 65, Uncle Sam would pour \$3,486,885 into the Lone Star State monthly. The security board has authority to match what ever amount the State contributes to each person with a \$15-a-month maximum. If Texas follows the example of other States in the past, however, the number receiving benefits will be far less than the maximum.

Why spend four years in college when a fellow can marry a school marm and get an education for the rest of his life?
Some Lockney people doctor their livers when it is really their dispositions that are ailing.
In politics, as in the home, the boss is the one who can make the most trouble if he is not allowed to boss.

FARMER DRIVEN L

Parts from five...
buted to the success of a wind driven plant built by A. J. Adoo farmer, this his home.

"I used a four year...
tery and a seven year old generator from an Essex," says Mr. Allen. "I made an eight foot propeller of lumber mounted on 24 inches of a model T axle and hub. I used a 14-inch brake drum from a Jordan, for belt pulley with a V-8 car belt to pull the generator which was driven by a Chevrolet generator pulley."

"I took my time about building it for several had been built in the community and they did not work. I got mine to operating about the middle of March and there have been only four or five nights that we have not had all the light we needed. As I got it to working I had trouble getting light bulbs to use. I used car light bulbs, wiring them so that both units burned simultaneously but they did not last long. I finally located a firm in Fort Worth that sold bulbs suitable for my plant."

"Mine is a six volt plant and will carry 25 and 50 watt bulbs. The plant is strong enough to light our house and carry a car radio. My only expense was about \$4.50 for bulbs, wire and some blacksmith work I could not do. I found that the heaviest wire you can get is best; regular light wire is not heavy enough. The tower should be as near the appliances as possible too," says Mr. Allen.

"I mean to build a 32 volt plant so that we will have power enough for lights, radio, washing machine, iron and refrigerator. I'll want a good new battery for that plant."

"I have built three other plants since finishing mine and all are proving successful," says Mr. Allen. - Dickens County Times.

AGED PEOPLE OF TEXAS MAY GET PENSIONS SOON

Thousands of Texans Will Be Eligible As Soon As Government Finds Funds

Thousands of Texas may become eligible for old age pensions as soon as the Government finds the money necessary to inaugurate its social security program, and Texas sets up a State plan.

In addition, many thousands more then will start participation in a program designed to support them when they become 65 years old.

Senator Huey Long's filibuster prevented the third deficiency appropriation bill, containing a huge appropriation for the social security act, from passing the closing hours of Congress and nothing likely will be done until the next session convenes in January. However, the States may obtain loans or grants for administration purposes only from the Works Progress Administration.

The act provides for two types of assistance to the aged. The first calls for immediate grants to the States for pensions for persons who have reached 65, the Government matching what the States contribute, with certain limitations. The second authorizes a scheme of old age benefits payable to persons who have reached the age of 65 beginning in 1942. These payments are to be measured by wages and are payable wholly regardless of the need of the recipient.

Don't Drive Fast On Worn-out Tires!

Men who make auto tires will tell you that it is dangerous to drive fast on worn tires. The heat thus generated is always apt to cause blowouts. AND BLOWOUTS are the greatest menace to motoring.

FEDERAL Tires Are Too Cheap!

To take chances on those that are worn out. Drive in and get an estimate—and drive out with new insurance on your life.

WHAT WE SEE IN THE PAPERS

We notice where we are going to have several candidates in the field seeking the place as Senator of this district to fill out the unexpired term of the late Senator Duggan. Mrs Duggan is thinking of running for the place, also Pink L Parrish of Lubbock, G H Nelson of Tahoka, now District Attorney of the 106th District has announced. Also we read where friends of B Resson of Big Springs, Doyle Settle of Abernathy and A B Tarwater of Plainview are being urged by friends to make the race. An election will be called soon by the Governor.

Elliott Roosevelt very likely will be asked to reconsider his resignation as vice-president of the Young Democrats of Texas when the executive committee meets this fall. We say if he wants to quit, let him quit.

The department of Agriculture have lowered their figures on cotton production by 309,000 bales. They are now of the opinion that the United States will

Jeane Suits entertained with a three table party for a contract club at her home Friday afternoon.

OUT-OF-TOWN HONOR

Misses Helen Baker, Leona Daglev, Mary Beth, Evelyn McDonald, Marion McDonald, Guendolyn Low, Pauline Rucker, and Altham Strickland.

Guests were Mrs C A Blount, Mrs Hershel Clauson, and Miss Mildred Southern.

HACKNEY-CARTER WEDDING SOLEMNIZED SATURDAY

Miss Lettie Hackney and Gerald Carter, both of Plainview, were married Saturday afternoon by J P Siler, justice of the peace, at Plainview.

The bride is the daughter of Mr and Mrs C C Hackney and Carter is the son of Mr and Mrs Pete Carter, all of Lockney. The couple will live at Plainview.

EL PROGRESO STUDY CLUB OPENS YEAR WITH TEA

El Progreso Study Club opened the season's activities with a 4 o'clock tea Wednesday afternoon at the home of Mrs. N E Greer.

The tea table was covered with a lace cloth over pink and centered with a bouquet of dahlias. Mrs Henry Hodel, Mrs Bryan Wells, and Mrs Sam Miller poured tea and presided at the table.

The guests were greeted at the door by Mrs Greer. Mrs C A Blount played on the piano softly while the guests were arriving.

Virginia Norris played two piano selections entitled "Shower of Stars" and "Carnival Procession." Miss Frankie Dodson read "Barrel-Organ." "Waiting at the Gate for Katy" was sung by Grayson D Tate accompanied by his mother, Mrs G D Tate. Yvonne Ridings and Jerry Nell Suits gave a tap dance. Miss Virginia Hohlhaus sang "My Little Gypsy Sweetheart" accompanied by Miss Patricia Patterson. Miss Ruth Stapleton entertained with three dialect readings. "Missouri Waltz" was sung by Mrs Arch Crager and Jeane Suits, accompanied at the piano by Mrs Tate.

Guests were members of the study club and ladies of the school faculty.

Hostesses for the tea were: Mesdames W L Whitt, Clyde Applewhite, Bryan Wells, J L Suits, E L Woodburn, N E Greer, Henry Hodel, Leora Daglev, and Pauline Rucker.

Miss Rowena Ewing moved to Plainview Friday where she started teaching in the Plainview school system Monday morning. Miss Ewing is a former second grade teacher of Lockney. She was elected to the position in Plainview as third grade teacher in one of the ward schools two months before the term was out last spring.

T J Davis, son-in-law of Caleb Cox, left Sunday for Topeka, Kans., where he will undergo a mastoid operation in a railroad hospital.

Lawrence Hill of Wichita Falls arrived Monday to spend a few days visiting his parents, Mr and Mrs Barlow Hill.

Mrs Frances H Smith left Tuesday with her son and his wife, Mr and Mrs Ira Smith, for an indefinite visit with them at Santa Fe, N M.

Mr and Mrs McChesley of Floydada were visitors in the R E L Stutts home Sunday.

Mrs Frank Ford now of Lubbock and formerly of Lockney, spent the week-end as a guest of Mrs J W Dines.

A tidy Lockney housekeeper can't stand an insect in the house, unless it's the one she's married to.

Why strive for perfection when it's so much easier to develop the swell-head and be satisfied with it?

When people tell you that spanking makes children turn into fine citizens they mean to tell you that they were spanked.

A fond father visited a college to see what progress his son was making. In response to his inquiry, the professor said: "Your son will probably go down in his history."

"That's good news!" exclaimed the father. The professor lifted his eyes and continued: "But he might do better in geography and the other subjects."

G. H. NELSON Tahoka, Candidate for State Senator, 30th Senatorial District

G H Nelson, District Attorney of the 106th Judicial District, announced Monday his candidacy for State Senator, 30th Senatorial District of Texas, to succeed the late Honorable Arthur P Duggan. He stated he would make an active personal campaign of the district and make known his platform at an early date. Governor Alfred has called a special election for September 28 to fill the vacancy caused by the death of the prominent West Texas Senator.

"I will base my campaign," Nelson stated, "on the proper method of house control, and on the

law." He also stated he would place emphasis on agricultural, highways, revenue and districting of representative taxation.

Born thirty-three years ago on a farm in Cass County, Texas, Nelson early in life acquired an ambition to serve the people in public office. He worked his way through Hughes Springs High School, East Texas State Teachers College and the University of Texas Law School, following which he served as principal of Roscoe and Hermleigh High Schools, superintendent of Tahoka High School and Secretary-Manager of the Tahoka and Ralls Chambers of Commerce.

Since 1928 Nelson has served two terms as County Attorney of Lynn County and is now serving his second term, unopposed, as District Attorney under Judge Gordon B McQuire, Lamesa. "I believe," Nelson said, "that my twelve years in West Texas, with three of them devoted entirely to the study of West Texas problems and needs, my records before the bar, as a school man, as a civic and church worker, will show I am qualified for the office I now seek."

(Paid Political Adv.)

AMHERST VICINITY RAISES GIANT MELONS

If dry-land raises sixty-nine pound watermelons what would an irrigated patch do? S B Sherrill, who lives one mile east and a mile and a half north of Amherst, had a truck load of melons weighing from thirty to sixty-nine pounds here on the streets of Lockney Tuesday.

Sherrill said he had six or seven dry-land acres planted in watermelons this year and has already sold something over 880. He estimates that there are at least 500 more in the patch yet. Trucks going to Lubbock, Plainview, and Amarillo make regular trips to his farm for melons.

Mrs Bill Downs enrolled in the Plainview Business College but work for a two months

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful... three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

COLLEGE OF FINE ARTS OPENS IN PLAINVIEW A group of local people attended the formal opening of the New York College of Fine Arts, under the direction of Billy Nation, Tuesday afternoon and evening in the form of a tea at 4 o'clock p. m. and 8 o'clock p. m. at Plainview. A faculty of seven has been secured and will give instructions in dancing, dramatic art, piano and organ, voice, wood wind and brass instruments, art, violin, and stringed instruments. Miss Leona Shelton, who is in the nurses' school at the Lubbock Sanitarium, was here Tuesday to attend the funeral of Sam J Farnsworth.

PICTURE SHOWS HOW MANY OF THE COUNTRY'S IMMORTAL MELODIES WERE COMPOSED

"Harmony Lane" Is Based on the Romantic Life of Famous Stephen Collins Foster

The romance and tragedy in the life of America's great composing genius, Stephen Collins Foster, provides the background for "Harmony Lane," to be shown at the Isis Theatre Saturday night prevue, Sunday matinee, and Monday, September, 14-15-16. It is the story of a man who from early boyhood was gifted with a real feeling for melody and an understanding of the rhythms which he learned early in life in little negro churches around Pittsburgh. He was a musician in boyhood, playing the flute, piano and other instruments. It is indicated in the picture his great talent was not accepted by his family, and that he was thwarted in his ambitions, by being forced to enter business with his brother Dunning Foster. In the picture Douglass Montgomery, who plays the part of Foster, shows with rare feelings the early strivings of the young genius whose songs were regarded at that time as being of no special significance, but merely popular music. Although today many of his compositions have become immortal, including such fine numbers as "My Old Kentucky Home," "Oh Susanna," "Old Folks At Home" (Swanee River) "Come Where My Love Lies Dreaming," "Massa's In The Cold Ground," "Camptown Races," "Beautiful Dreamer," "Louisiana Belle," and others. "Harmony Lane" has in the cast such outstanding screen stars as Evelyn Venable, Adrienne Ames, Joseph Cawthorn, William Frawley, Lloyd Hughes, Gilbert Emery. Spectacular scenes are also shown including a complete Christy minstrel show with its "endmen," "interlocutor," "Bones and Tambo." Most interesting is the revelatory details showing just how many of Foster's great melodies came to be written. All of them had an especial significance in his life, and were experiences of his own.

THEY HELP THE TELEPHONE PEOPLE HERE

You'll find the homes of the telephone system in the quiet, shaded streets of a thousand towns and cities throughout the land. In little buildings where the operators work, and through whose doors come and go the men who build and maintain the lines. Every other part of the Bell System exists simply to serve them— American Telephone & Telegraph Company, parent company of the Bell System with its staff of telephone experts. Bell Laboratories, with its hundreds of research scientists intent upon telephone problems. Western Electric, with its factories and its far-flung purchasing organization. This entire, specialized group of companies has one purpose only: to help the men who maintain the lines, and the women who keep constant vigil before the switchboard here, do a better job of giving you good, economical telephone service.

How many times has a headache ruined your day's work—spoiled your evening's pleasure? Users of Alka-Seltzer say that Alka-Seltzer gives unusually prompt and effective relief from Headache, Dry Alka-Seltzer for Acid Indigestion, Fatigue, Muscular, Rheumatic, and Sciatic Pains. Alka-Seltzer contains an analgesic (Acetyl-Salicylate) for pain relief. Its vegetable and mineral alkalis correct the cause when due to excess acid. At your drug store soda fountain and in 20 and 50 cent packages for home use. BE WISE—ALKA-LIZE!
