

THE LOCKNEY BEACON

The Only Medium Covering The Rich Irrigated Section Of Floyd County.

VOLUME 46

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, SEPTEMBER 26, 1947

NUMBER 3

Sunday school and church were well attended last Sunday. A revival meeting will begin next Sunday, September 28, with Rev. G. C. Tiner conducting the services. An attendance goal of fifty-five has been set for next Sunday, so everyone please be present.

Mr. and Mrs. J. T. Griffin spent last Sunday afternoon in Plainview visiting in the home of Mr. and Mrs. Pat Claiborne.

Mr. and Mrs. R. E. Brown, who have been house guests here in the home of Mr. and Mrs. W. T. Rankin, left for their home at Pottsville, Ark. last Tuesday morning.

We are sorry to lose Mr. and Mrs. Obie Word and their daughters as residents of our community. They purchased a home in Seth Ward near Plainview and will reside there. Lessie Mae and Gail will be missed in school. Mr. and Mrs. Vincent Smith have purchased the Word farm and are making their home here.

Guests in the Tom Wells home last week included Mr. and Mrs. Silman James and children of Lubbock and Mr. and Mrs. Hubert Griffith and daughter, Lockney.

Mr. and Mrs. J. B. Mercer were honored with a miscellaneous shower last Wednesday evening at the club room of the school house. The program was under the supervision of Mrs. J. T. Griffin and following it and the presentation of the gifts, a large crowd was served cakes and cookies. Hostesses for the occasion were Mrs. A. E. Frizzell, Mrs. G. B. Johnston, Mrs. D. J. Phillips, Mrs. R. L. Knox, Mrs. Bee Phillips, Mrs. Charlie Merrick, Mrs. J. T. Griffin and Mrs. H. E. Frizzell.

Mr. and Mrs. Ben McGhee were in Amarillo last Saturday shopping.

Mr. and Mrs. Clyde Baxter were hosts last Sunday to Mr. and Mrs. Dave Mathis, Mr. and Mrs. D. D. Tate of Aiken.

The Floyd County Baptist Annual Associational meeting was held Thursday at Crosbyton. Delegates elected to attend from Lone Star were A. O. Foster, W. T. Rankin and Jack Frizzell.

Mr. and Mrs. Lowell Jarrett and son spent last Sunday at Dumas, Texas visiting in the home of Mr. and Mrs. R. A. Reed.

There will be a meeting of the Lone Star P. T. A. next Tuesday evening, Sept. 30. All parents and patrons are urged to be present for this meeting for the year off to a good start.

Mr. and Mrs. Charles Nichols were guests Sunday in the home of their parents. While at Rails they visited with Mr. and Mrs. J. L. Pipes and with Mr. and Mrs. C. W. Nichols at Dickens, Texas.

Mr. and Mrs. Clyde Farish were in Lubbock Thursday on business.

W. C. Buntin of Plainview was a luncheon guest in the Jack Frizzell home Thursday.

Johnnie B. Griffin spent Sunday afternoon visiting with his cousin, Jo Ed Sambol of Plainview.

Guests in the home of Mr. and Mrs. A. E. Frizzell Sunday were Mr. and Mrs. Clarence Golins and Mr. and Mrs. Alan Bingham and daughter of Floydada.

Mr. and Mrs. Loyd Readhimer and daughter spent Thursday night in Amarillo visiting with relatives. While there they attended the Amarillo-Lubbock baseball game. Their little daughter, Nita Jo, remained for several days visiting with relatives.

Mr. and Mrs. Walter Griffith were hosts Sunday to a number of their children and their families. Those present were: Miss Lanell Griffith, Lubbock; Mr. and Mrs. Elton Griffith and children, Plainview; Mr. and Mrs. Kenneth Griffith and children, Plainview; Mr. and Mrs. Harold Griffith and sons, Lone Star.

Clyde Farish and Donald were guests Sunday afternoon in the Earl Edwards home at Lakeview.

Luncheon guests in the Jack Frizzell home Sunday were Mr. and Mrs. J. C. Fletcher and Larry of Plainview. Other callers in the afternoon were Mr. and Mrs. L. M. Readhimer and daughters and Mr. and Mrs. Marley Workman and children of Lockney.

Mr. and Mrs. Wiley Nance had as their guests last week end their daughter, Bobby Dean of Plainview. Mr. and Mrs. R. L. Knox visited there Sunday afternoon.

A number of Amarillo people were luncheon guests in the L. M. Readhimer home last Sunday. They were Mr. and Mrs. Vert Readhimer, Mr. and Mrs. C. W. Payne and Miss Vera Readhimer.

HAS MAJOR OPERATION

Mrs. J. M. Jeffcoat underwent a major operation in the Plainview Hospital Tuesday. She was resting well Wednesday.

Longhorn Travel To Friona Tonight

The Lockney Longhorns will take a trip to Friona tonight to tangle with the far-west Texas boys on their home field. The game will be called at 8 p. m. A group of local fans will follow the boys to witness the game.

Little is known of the strength of the Friona team with the exception that they defeated Melrose, N. M., last Friday night 27-7. Coach Curtis Kelley said that he expects a tough game and that the Longhorns would probably have to hustle to stay up with the Friona boys.

The local team is in better shape than it was last week, Kelley said, and they are all about over their first-of-the-season injuries.

Probable starting line up for the Longhorns will be: Pyle, LE; Adams, LT; Glover, LG; D. Bybee, C; Daniels, RG; Kelley, RT; Keeter, RE; Logan, QB; Guthrie, RH; Carthel, LH; Bob Quisenberry, FB. Coaches Kelley and John Hansard indicated that they would substitute freely as they did last week in the Abernathy game.

District Meeting Of Farm Bureau To Be Held At Plainview

A series of 23 Farm Bureau district meetings will be held in Texas September 29 through October 14. It has been announced by J. Walter Hammond, president of the state organization.

In order that more farmers will be able to attend and take part in the discussions, two meetings have been scheduled for the District 2 area. One will be held in the City Auditorium at Plainview on Friday, October 3; the other will be held in the District Court Room at Lubbock on Saturday, October 4. The meeting will start at 10:00 a. m. and W. R. Tilson of Meadow, state director, will preside.

The Texas Farm Bureau will attempt to get a cross-section on the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm-to-market road plan, and many other critical issues.

"Unless farmers make a determined fight for the retention of the farm program, it will be discontinued after 1948," President Hammond warns. "There was a move on the part of Congress during the past sessions to eliminate all price supports and AAA payments for soil conservation," he said, "and it is necessary that we rally all the support possible from our members if we are to retain our farm program."

The Farm Bureau expects to enlist the council and support of other groups interested in a rural road program, in formulating a plan that will provide for a source of revenue, type of roads, allocation of funds to counties, who shall determine type of roads, who shall be responsible for location of roads, etc., and have it ready to place before the next session of the legislature for enactment into law.

"The road plan should be completed and ready to present to candidates for public office during the 1948 election campaign," Hammond declared. Farmers should vote for candidates who will support their farm-to-market road plan, he continued.

Revival Meeting At Lone Star Next Week

A revival meeting will begin Sunday at the Lone Star Baptist Church. It was announced this week by Rev. Fred Hardage, pastor. Rev. G. C. Tiner, former pastor of the Roaring Springs Baptist Church will do the preaching. Rev. Tiner has recently bought a farm near Lone Star and moved to that community. His wife is teaching in the Lone Star school.

The meeting will continue one week with services at 10:00 a. m. and 7:15 p. m. Local song leaders will lead the singing. All people of the community are invited to attend the meeting.

Petitions For Road Bond Election Have Not Been Filed

Judge W. E. Grimes said Thursday morning that no petitions asking the Commissioners Court to call a road bond election had been filed with the Court at that time. The petitions have been out for about two weeks and a number of signers have been secured.

The purpose of the road bond election, according to those who are backing it, is to take advantage of the state's offer to pay one-fourth the cost, furnish the engineering and assume maintenance of farm-to-market hard-surfaced roads.

Funeral Services For Oscar Jetton Held Saturday

Funeral services for Oscar Jetton were held at the Lockney Baptist Church Saturday afternoon at 3 o'clock, conducted by Rev. E. J. Cobb, pastor. Interment was in the Lockney Cemetery with Crager Funeral Home in charge of arrangements.

Mr. Jetton died Thursday evening in the local hospital after falling from a load of hay Thursday morning. He was helping to load a truck in the field and had the hay stacked six bales high. It was reported when he fell from the truck, landing on his face. He suffered a broken arm and severe internal injuries.

Mr. Jetton was born April 13, 1892 in Cooke County, near Gainsville, Texas. He moved to this area about 27 years ago. He was a veteran of World War I.

He was married to Miss McGilvary April 29, 1919 and the couple had made their home here most of the time since their marriage. He is survived by his wife and four sons, Clyde Jetton of Dallas, David Jetton of Plainview; Ray and Marvin Jetton of Lockney.

He was converted and united with a Baptist Church when he was 16 years of age. He was a member and a deacon of the Lockney Baptist Church at the time of his death.

Pallbearers were Bert Vernon, W. R. Hartley, Hubert Sparkman, Clay Muney, Lloyd Wofford and John Staup.

Out-of-town relatives attending the funeral included: Mrs. Charles Southard of Amarillo, Mr. and Mrs. Murray McGilvary and son of Gainsville, Guy Gooch, Mrs. Dorothy Tucker and son of Plainview, Ralph Griffiths and family of Plainview, Mr. and Mrs. Gene Jetton of Hobbs, N. M.

"Sparky" Quisenberry Hurt In Auto Wreck

Norman ("Sparky") Quisenberry was injured but not seriously in an automobile collision between Loomis and Rocklin, Calif., Tuesday night, Sept. 16, according to a newspaper clipping sent to The Beacon from his mother, Mrs. Tandy Quisenberry.

The car driven by "Sparky" collided with one driven by Fred A. Preston of Lovelock, Nev. Preston was injured and Fred Brown, who was riding with Quisenberry, was killed instantly in the wreck.

A note from Mrs. Quisenberry said that Sparky's condition was not serious and that he would probably leave the hospital this week. He was reared in Lockney and is the grandson of Mr. and Mrs. S. C. Quisenberry. Sparky has been employed as cook in a cafe at Roseville, Calif.

Hospital News

Mrs. John Belt entered the hospital Wednesday for medical treatment.

Mrs. S. A. McGowan underwent a tonsilectomy Wednesday.

Mary Alice Potter underwent a tonsilectomy Monday.

Mrs. E. M. Gray received medical treatment this week.

Mrs. Weldon Dodson is back in the hospital for medical treatment.

Billy McAda underwent a tonsilectomy last Friday.

Mrs. Annie Allen is in the hospital for medical treatment.

Grade School Enrolls 430 Students Monday

A total of 430 students were enrolled in the grade school here Monday of this week, the first day of school for that group. The grade school students met at the high school building and were then carried by bus to the various churches of town where school is being held this week. The enrollment for both the high school and the grade school has reached slightly more than 600 Supt. Sidney Reeves said Thursday. The teacher corps is complete.

At least a part of the new grade school building, upon which work has been rushed the past month, will be occupied next week, probably Monday, Mr. Reeves said. The concrete floors in the halls and rest rooms will be finished at that time and the plastering is being done now, he said.

The building, when completed, will be a brick veneer exterior with the hall walls plastered and the room walls plastered above the wainscoting on the interior.

Four Prizes Will Be Given In Yard Beauty Contest

Four prizes will be awarded in the Yard Beautification Contest sponsored by the Lockney Rotary Club in cooperation with the Business Men's Club and the Business & Professional Women's Club of Lockney. The contest will be decided next Tuesday when the judges, Mrs. L. J. Welborn, Mrs. Roy H. Leslie, Mrs. O. P. Rutledge and Mrs. John Hoffman, all members of the Floydada Garden Club, come to Lockney and score the yards entered in the contest.

First prize will be \$20.00, second prize \$15.00, third prize will be \$10.00 and a fourth prize of \$5.00 will be given by Jim Wilson of Floydada.

The yards were scored in the early summer by the judges and the contest will be decided 60% on improvement and 40% on the beauty of the yard at the close of the contest.

Those who have yards in the contest include: Mrs. A. S. Meriwether, Mrs. S. G. Miller, Mrs. C. C. Hackney, Mrs. Frank Roberson, Mrs. J. B. Seale, Mrs. J. D. Huggins, Mrs. Berry Hooten, Mrs. E. M. Whorton, Mrs. O. J. Huzzins, Mrs. J. D. Steele, Mrs. Roy Handley and Mrs. Grace Byars.

Site Bought For Hospital Building; Name Changed

Mahon Reports On England Conditions

By George Mahon

As reported from Washington several weeks ago, an Act of the House of Representatives required the Speaker to appoint a committee of 19 members to make a study and recommendation in regard to our program of feeding and financing Europe—our foreign aid program. I was appointed as a member of the committee. There are 8 Democrats and 11 Republicans on the committee. It is headed by Christiane Herter, a Republican from Boston. The committee is working under a mandate from Congress and is under great pressure to do a good job. The report of the committee may have a far-reaching influence on our future foreign policy at a very critical time in world history. The interests of the United States must come first and no aid to Europe should be recommended which will not also serve the best interests of America.

The war has now been over for more than two years. What does Europe look like to a West Texan?

First about England. In going by train the 70 miles from the port of Southampton to London, I was struck with the intensity with which the land is cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is in the midst of a terrific drought. I have since learned that most of Europe has been in a severe drought for about three months. This is making a marked reduction in the food supply. The clamor throughout Europe is food, food, food! At home we complain at the prices of food but here the emphasis is on food at any price.

I noticed in England that the Victory gardens were still very much in evidence. In suitable areas the British are using such places as the

Thomas H. Taylor To Speak To Local Rotarians Tonight

Thomas H. Taylor, state-wide known humorist and president of Howard Payne College at Brownwood, will be the principal speaker at the annual Rotary dinner of the Lockney Rotary Club, set for tonight (Friday) in the Methodist Church basement.

The Rotarians and their wives as well as a number of guests will be served by the Methodist ladies, the Rotary committee on arrangements reports. About 65 are expected to be present.

The program will include several songs by the Rotary quartet.

Judge and Mrs. Moss Move Here Tuesday

Judge and Mrs. A. S. Moss moved into their recently purchased home here Tuesday of this week. The home is the two-story brick formerly belonging to Dr. and Mrs. N. E. Greer, who have moved to Mineral Wells.

Judge and Mrs. Moss moved here from Memphis, Texas, where Mr. Moss served as district judge and practiced law for many years. They own considerable land east of town which is being farmed by their nephew, Frank Brown.

Fay Pinner Is New Butcher At Rose's

Fay Pinner has been employed as butcher at the Rose Food Market, it was announced this week. Mr. Pinner has had considerable experience here and at other places in this section as butcher, and he will enable the store to give customers better service in the meat department, it was said.

Hope To Begin New Building Very Soon

The directors of the local co-operative hospital made two very important decisions in a called meeting held last Saturday night. The first was to purchase a site on which a hospital building will be constructed. The site selected is the old gin location on the east side of North Main Street, on the second block north of Hammond & Co.

The second important decision was to change the name of the hospital. The hospital was chartered under the name "Floyd County Co-Operative Hospital" and has borne that name since its charter was granted. But in order to please a number of organizations with whom the hospital has contact, as well as many local members, the directors passed a resolution changing the name to "The Lockney General Hospital." An application will be forwarded to the Secretary of State asking that the charter be so changed within the near future. The change of name does not affect or change the manner of operation in any degree, it was pointed out.

The type of construction of the new building has not been definitely decided upon as yet and will depend to some extent on whether or not the local hospital is able to secure aid from the state. A fund of \$24,000-600 was granted to Texas to be used in building hospital facilities. If the local hospital can qualify, the fund will provide for one third the cost of construction. However, the directors emphasized that they planned to proceed with construction of some type whether they receive state aid or not.

In order to raise money for construction, a drive will be started this week end toward collecting all membership fees unpaid at this time as well as dues and to sell new memberships to the people of this section. A goal of \$40,000 has been set as the amount needed.

It was pointed out that some people have contracted for memberships and made a part payment. These people must pay the balance of their membership fees and dues to be eligible for hospital benefits. It was also pointed out that memberships would not be sold to treatment-pending cases—that is a family who has one or more members in need of medical attention. The memberships will be limited and as soon as sufficient money is raised to take care of construction, the membership sales will

(Continued on back page)

Youth Director To Be At Methodist Church

Mrs. Katy McMillan, district youth director, will speak to the young people of the Methodist Church at the local church Sunday evening immediately following the preaching service, it was reported this week by Rev. R. H. Campbell, local pastor.

Mrs. McMillan, who lives at Plainview, will discuss the work of the young people and has asked that a large crowd of young people be present.

PERON—DICTATOR OF ARGENTINA

Dictatorships do not exist solely in Europe. One of the most effective and ambitious of them all is now practicing in Latin America. His name is Juan Domingo Peron, and he is the unquestioned boss of Argentina which, after the United States, is economically and politically the most powerful state in the Western Hemisphere.

A great deal has been written about Peron and his purposes. One of the best brief summaries appears in the September issue of the American Mercury, written by Stephen Naft, who has long been a student of Latin American affairs. The gist of it is, to quote Mr. Naft, that "Argentina is setting into effect a Five-Year Plan designed to make over the economy into a kind of state capitalism modeled to some extent on the Soviet Union." And what makes this particularly important, to quote him once more, is that "Argentina is not only the richest country in Latin America today, but probably also the richest in the world in proportion to population." The war, which Argentina formally entered only a few weeks before Germany gave up the ghost, greatly enriched her.

Another thing that makes Peron outshadow the mill run of Latin American dictators is the evident fact that he is efficient, intelligent and enormously resourceful. He is a man of strong personality and great elo-

SCHOOL DAYS

By DWIG

quence. He has an effective partner in his handsome wife, who recently made a diplomatic world tour during which she was received with the highest state honors in Spain, the Vatican, and elsewhere. The magnitude of Peron's achievement is indicated by the fact that only four years ago he was a little-known colonel in the Argentina Army.

Peron has incorporated what he regards as the best features of German and Italian Fascism and Soviet Communism into the Argentina government. As a young officer, he spent much time in Italy and came away with a considerable admiration for Mussolini. During the war, German experts of various kinds assisted him. Some of the Germans have become Argentina citizens, and hold important posts in Argentina.

Peron has devised an ingenious system for financing his program. He has made the import and export business a government monopoly. According to Mr. Naft, the government has been buying wheat at \$2.40 per hundred kilograms and selling it abroad at \$8.40, for a profit of 350 per cent. A similar deal in linseed oil is reported to have made a profit of something like \$200,000,000.

the United States, though there is a noticeable coolness on both sides and Argentina is one of America's major diplomatic problems.

THE PAY ENVELOPE

No theory has been more thoroughly exploded than the argument that higher wage rates need not be reflected in the selling cost of commodities. Since 1939, the wholesale prices of manufactured goods have risen 78 per cent. That corresponds almost exactly to the increase in wage costs since 1939—73 per cent.

The theory might have had validity had it included the stipulation that production per man hour rise along with wage costs per unit of production. But that has rarely been mentioned by the labor economists—with one or two distinguished exceptions. On the basis of the latest available figures, production per man hour is only about 12 per cent better than in 1939, despite that 73 per cent increase in wage costs. And production per man hour is under the 1941 level.

There is only one real arbiter of prosperity—and that is the amount of goods the people can buy. It is obvious that doubling the number of dollars in a pay envelope does no good if each dollar will buy only half as much. In the past, we managed to hold down prices even as we raised wages because workers and management steadily increased output per man hour. We are now seeing what the reversal of that does to the wage-price structure.

So far, pay increases for most workers may have offset the price increases. But if inflation ever gets the bit thoroughly between its teeth, the purchasing power of everyone will decline catastrophically. The solution is more output to offset the record wages paid in all industry today.

Mr. and Mrs. R. C. Rogers and James Riley returned last week from a vacation trip in New Mexico. They visited friends in Clondroft, toured Carlsbad Caverns and other points of interest in that state.

Mr. and Mrs. Lee R. Viall of Amarillo visited her parents, Mr. and Mrs. Walter Beall here the past week end.

TURNING SOUR GAS INTO A MIGHTY INDUSTRY

Carbon black produced in the area we serve dominates the industrial scene.

Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.

We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

Now is the time to get your heating equipment ready FOR WINTER

It should be thoroughly cleaned, checked, adjusted, and if necessary, repaired. Call your plumber or heating contractor NOW and have this done before the "big rush."

If you have a floor furnace, and wish to clean it yourself, it's easy this way: Lift the grill and remove accumulated dust and spiderwebs with vacuum cleaner and suction hose attachment.

Now is a good time, too, to light your gas furnaces

You'll be glad, later, if you go ahead now and light the pilot lights on your gas floor furnaces or central gas furnace. The quantity of gas burned by these tiny pilots is so small that you'll not be able to tell the difference on your gas service bill. Then when cold weather does come you'll be ready.

MRS. J. D. COPELAND

Homemaking Girls Complete Summer Program Recently

This summer 27 high school girls took summer project, which adds to their record one-half credit more in homemaking. Each has completed a minimum of 135 hours of planned constructive work, which is summarized in a written report at the end of the summer. Our aim is to aid the family while learning to be successful homemakers. Things done were canning, cooking, freezing, gardening, interior decorating, farming, gardening, child care, and care of the sick.

Besides these individual things we worked in group meetings on our department. This summer we kettled the kitchen walls and ceiling, finished and painted 4 small sewing tables, straightened all the records and reference material, and cleaned up in general. We are especially proud and appreciative of our new gas ranges and look forward to using them in the coming years.

Last Friday afternoon at 4:00, we had the Achievement Day program. An interesting program was given and Mrs. Copeland was presented a gift from the girls who took summer project. The girls' mothers were present and were shown exhibits of things the girls had done this summer.

Sand tarts, sandwiches and punch were served to a group of about fifty. The punch was served with the new punch set that was purchased with the money the business men and women gave to the girls that served and cleaned up the Legion home after the irrigation school when they entertained the farmers with a barbecue. Everyone enjoyed taking summer project and appreciated the interest of their mothers.

We, the girls of Lockney High want to express our deep appreciation to Mrs. Copeland for leaving her family and teaching these past four years. Our lives have been made richer by her presence and we will long remember her vivacious spirit and untiring diligence.—Reporter.

Swing Of Southwest Farm Markets

(USDA)—Pronounced easiness prevailed on many farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Grains dropped sharply toward the close of the week, to net losses of 5 to 25 cents. Wheat, corn and sorghums suffered most, but oats and barley went along. Wheat closed at \$2.68 to \$2.69 at Fort Worth Friday, and white corn \$2.80 to \$2.85. Buyer resistance and smaller export allocations were given as weakening factors.

Rice brought lower prices last week as official estimates indicated a record crop this year. Feeds kept up their spectacular price rises with gains of \$2.50 to \$3 or more per ton. Prairie hay strengthened, and alfalfa held firm. Peanut harvest became general in Central Texas and started even farther north. Large quantities of Texas and Territory fine wools sold at slightly higher prices.

Late-week cotton losses all but liquidated early advances of around \$5 a bale, as markets closed around \$1.50 higher for the week. Demand for most favored grades and staples continued good, but spot sales decreased.

Cattle prices weakened radically late last week, after gaining early in the period. Some markets still netted small advances, while others marked down values as much as \$1 or more. At Houston, common and medium cows ranged from \$12.50 to \$14.75, while Oklahoma City paid \$12.50 to \$15.50, and Wichita \$13.50 to \$16.50. San Antonio bought common cows at \$13 to \$14.75; Fort Worth took cutter and common at \$11.50 to \$14.50, and Denver moved common to good at \$15 to \$19.60.

Hog prices fell 50 cents to \$1 or more for the week. San Antonio held steady at \$27.75 for top butcher hogs, while Fort Worth dropped 25 cents to \$28.50. Closing top was \$29 at Oklahoma City and Denver, and \$28.50 at Wichita.

Slaughter lambs closed the week slightly lower at Fort Worth, Oklahoma City and Wichita, but other sheep markets stayed even with a week earlier. Medium to good spring lambs sold from \$18 to \$21 at San Antonio, and \$15.50 to \$18 at Fort Worth. Good and choice grades brought around \$23.50 at Wichita, and \$25 at Denver.

Onions sold firm, and cauliflower moved sharply higher last week at Colorado shipping points. Cantaloups and watermelons continued in liberal supply at Denver, where prices dropped on spinach and green and wax beans. At Kansas City, cantaloups from Colorado and Kansas sold in a wide range of prices according to quality. St. Louis saw rather slow trading with prices mostly lower ex-

cept on peaches, carrots and cauliflower. Louisiana sweet potatoes fell. New Orleans found trading good.

Eggs remained firm to slightly stronger last week, and poultry scored small advances at some markets. New Orleans paid 32 to 34 cents per pound for heavy hens and 42 1/2 for fryers and broilers. Most other markets bought heavy hens at 24 to 26 cents and young chickens from 32 to 38. Most eggs came from storage or the North.

Reception for Teachers Held Tuesday Night

A reception honoring the teachers of the Lockney school system was held Tuesday night at the high school home economics room from 7:30 until 9:00. The Parent-Teacher Association was host, observing the first meeting of the school term.

The wives of the school board members assisted, Mrs. Dorsey Baker, P. T. A. president with arrangements for the occasion. Mrs. Hershel Cartel and Mrs. J. R. Bell Jr. presided at the lace covered table where punch and cookies were served. Miniature calendars of P. T. A. meeting dates were plate favors.

A membership drive was begun for P.T.A. members with 120 paying dues at the meeting Tuesday night. The room in grade school with the highest percentage of parents who register as members of the P.T.A. by October 24 will be awarded \$10.00.

A total of 123 persons registered at the reception.

New Arrival

Mr. and Mrs. Robert L. Smith Jr. of Sterley community are parents of a baby daughter born Sept. 14 at the Plainview Hospital.

Mr. and Mrs. B. R. Teague, Mr. and Mrs. Woodie Pierce of Clovis, and Mr. and Mrs. Edwin Tooley of Lakeview visited relatives here, Mr. and Mrs. J. B. Allen Sunday.

Mrs. Roy Hagle left Wednesday for Megargo, Texas where she will visit her mother for a few days.

Local B&PW Club To Observe National B. W. Week Oct. 5-11

The Lockney Business & Professional Women's club will observe National Business Women's Week, October 5-11. It was announced this week by Mrs. Estelle Powers, club president.

On the first day of the week, Sunday, October 5, the club will meet at the Baker Hotel Coffee Shop for coffee and doughnuts at 10:30 a. m. and will go from there to the First Methodist Church, Mrs. Powers said. Rev. R. H. Campbell's subject will be "How Are We Facing The Future Spiritually?"

On Tuesday, October 7, the club will meet at the First Methodist Church for lunch at 12:00 noon. Arthur Barker, local Chevrolet dealer, will be the guest speaker on this occasion and his subject will be "How Are We Facing The Future Economically?" The Rotary Club quartet will sing.

On Wednesday, October 8, at 8:00 o'clock the club will meet at the First Methodist Church for dinner. Mrs. R. H. Campbell, the guest speaker, will talk on the subject "How Are We Facing The Future Educationally?"

Mrs. Lee Seaman underwent a major operation last Saturday at the Plainview hospital. She is convalescing nicely. Her son, Lonnie who has been stationed in China a number of months with the Navy, is due to arrive soon by plane.

J. M. Jeffcoat has been ill at his home here.

Mary Annie Nall Weds John W. McCormick

Nuptial vows were solemnized Sunday, September 14, for Mary Annie Nall, daughter of Mr. and Mrs. J. H. Nall of Amarillo, and John W. McCormick, son of Mr. and Mrs. W. A. McCormick of Littlefield.

Kline A. Nall of Texas Technological College, Lubbock, brother of the bride, read the single-ring service in the home of the bride's parents. Mrs. Ola Jenkins, pianist played "To A Wild Rose" by MacDowell and "Largo" by Handel while the guests assembled. The traditional wedding marches were used for the procession and recessional.

Arrangements of blue and white asters and Picardy gladioli decorated the rooms. An improvised altar in front of the fireplace, flanked by candelabra bearing lighted tapers, formed the setting for the wedding. Miss Roxie Hoover and Mrs. Gene Leavella, dressed in winter white dresses with pink carnation corsages, lighted the candles.

Attending the bride as maid-of-honor, Miss Leta Mae McCormick, sister of the bridegroom, was attired in a sheer blue wool dress and carried a bouquet of pink roses. David McCormick was his brother's best man.

Given in marriage by her father, the bride was attractive in an off white sheer wool dress. Her finger-tip length veil was attached to a white crocheted cap and she carried a white Bible topped with Picardy gladioli and showered with white satin streamers.

Following the ceremony, the bridal party was feted at a reception. Featuring the lace-draped serving table were decorative appointments in pink, white and blue. Mrs. Woodrow Allen, sister of the bride, and Mrs. Bertram Jack presided at the bowl and served the tiered cake.

Mrs. Nall, mother of the bride, received the guests in a tailored black dress with white trim and a corsage of white gladioli. Mrs. McCormick, mother of the bridegroom, wore a black sheer dress with pink trim and a white gladioli corsage.

The couple is at home in Littlefield after a wedding trip to Colorado. For traveling, the bride chose a brown suit with matching accessories and a pink rose corsage.

Mrs. McCormick was graduated from Amarillo College and attended Texas Technological College, Lubbock during the summer term. Mr. McCormick served in the Army for three years and has been attending Abilene Christian College in preparation to enter a school of optometry in Memphis, Tenn., in January.

Out-of-town guests attending the wedding included Mr. and Mrs. Bertram Jack of Friona, Verl Miller of Floydada, Gene Corder of Plainview, Orrin Hamlin of Abilene, Mr. and Mrs. Hall Nall and son of Plainview, Mr. and Mrs. Kline A. Nall of Lubbock and Mr. and Mrs. J. W. McCormick of Littlefield.

"Pavilion of Women" Reviewed At Club

Miss Carolyn Harper was a guest at the El Progreso Study Club meeting held Wednesday afternoon in the home of Mrs. Marvin Gilbert. Miss Harper gave an interesting review of "Pavilion of Women" by Pearl S. Ruck.

Mrs. Glen Watson and Mrs. Jessie Cox were welcomed as new members of the club.

Refreshments were served to the following members and guest: Mrs. Whitey Baccus, Mrs. Henry Hodel, Mrs. T. B. Mitchell, Mrs. Edgar Hays, Mrs. E. J. Cobb, Mrs. Jessie Cox, Mrs. Frank Perkins, Mrs. R. H. Campbell, Mrs. Glen Watson, Mrs. E. L. Woodburn, Mrs. Sid Thomas, Mrs. Guy Sams, Mrs. J. D. Copeland, Mrs. G. J. Stapleton, Miss Harper and the hostess.

Jimmie Allen and Miss Sarah Helen Morris Married Sept. 12th

Miss Sarah Helen Morris, daughter of Mrs. John Morris of Fort Worth became the bride of Jimmie Allen, son of Mr. and Mrs. Guy Allen in a ceremony held at the bride's home in Fort Worth on Friday, Sept. 12. Rev. Campbell, Methodist minister of Fort Worth, performed the ceremony.

Mr. Allen is a 1940 graduate of Lockney High School and he attended NTAAC at Arlington one term. He served in the Army 20 months, 14 of which were spent in the Pacific.

The couple are making their home on a farm near Kress.

RUBY WILSON IS HONORED ON 13TH BIRTHDAY

Mrs. Carl Wilson entertained her daughter, Ruby Ford on her 13th birthday, Friday, Sept. 19, with a party at her home.

Games were played, after which refreshments were served to the following guests: Roger, Bobbie, Ray, Gene and Vera Lummus, Nelda Gene and Carolyn Cunningham, La Juana and Dorothy Newton, Willa Dean Rushing, Ann Cooper, Elizabeth Hardy, Jo Ann Newton, LeNora Poe, Dora Albene Eiland, Gerry Price, Dorothy Marr, Betty Williams, Janice Hardy, Shirley Faye Sims, Jonell, Carl Dwane, Barbara and Mary Wilson, Betty and Nina Vernon.

Boulder Dam was completed in 1936. It is 726 feet tall, and contains 3,254,137 cubic yards of concrete. Its reservoir, Lake Mead, 115 miles long, impounds 32,359,000 acre feet of water. It is the largest artificial lake in the world.

Prince Albert gave Victoria a golden ring fashioned as a snake composed of fourteen hinged joints, twelve of them set with diamonds.

Marriage Licenses

The following marriage license have been issued by County Clerk Margaret Collier:

R. L. Lambright and Velma Barton on September 18.

W. E. Boren and Martha Sue McDonald on September 15.

Dave Hamilton Passes Away At Ralls

Dave Hamilton, uncle of Brian Hamilton of Lockney, passed away at his home in Ralls last Sunday. He was well known in this area.

Funeral services were held at Plainview Wednesday. Those attending from Lockney included Mr. and Mrs. Brian Hamilton and children, Mr. and Mrs. J. B. Allen and Mrs. J. H. Harper.

Mr. and Mrs. Newell Harper and girls of Ada, Okla., were week end guests of Mrs. Della Wilmon and family.

Fourth Sunday Singing Here

The regular Fourth Sunday Singing convention will meet at the Lockney Methodist Church Sunday afternoon at 2:30. It was announced this week by C. L. Record, president.
 All singers and those who enjoy hearing gospel singing are urged to be present.

An improved method of killing potato vines to make crop harvesting easier has been developed by industry. The process involves the use of a powerful chemical "frost" and another compound that greatly speeds up killing action.

Last year, each farmer in the U. S. spent an average of \$270 on clothing for himself and his family.

Longhorns Trounce Abernathy 30 To 6

A hustling bunch of Longhorns trounced the Abernathy Antelopes on the Antelope home field last Friday night. The final score was 30-6.

Playing heads-up ball most of the time, the Longhorns seldom let the Antelopes get started on anything like an offensive. The Longhorns with no single man outstanding, used smooth team-work to overcome the Hale County boys. It appeared that every man knew his assignment and was trying to take care of it. An outstanding improvement over previous years was in the blocking department.

The Antelopes received the ball on the kick-off and, failing to gain, punted. The Longhorns took the ball from that point and never lost it until they had scored. Carthel going over around right end behind a mass of interference.

The Antelopes received again and after losing 10 yards on an attempted pass, kicked to the Longhorns who immediately drove on line plays to another touchdown. The score was 12-0.

The Antelopes received the third time and fumbled on the first play, with a Longhorn recovering the ball. The Longhorns scored again within a few minutes. The score 18-0.

The Abernathy lads took the ball on the kick-off and started passing, driving down to midfield. Here Wyman Guthrie, playing at right half, intercepted a pass, and when he became surrounded by tacklers, lateraled to J. D. Williams, who ran 50 yards for the score. Bob Logan, quarterback, aided Williams in his run by overtaking and cutting down with a single block the last two tacklers threatening Williams.

This concluded the scoring the first half with the count standing at 24-0. The Longhorns failed to convert the extra point on any of the scores.

The only Antelope score came in the third period after the Hale County boys had intercepted a Longhorn pass in midfield. They scored on mixed passes and ground plays against a mixture of the first and second team of the Longhorns.

The final Longhorn score came in the fourth period. The locals took the ball in midfield and drove down to the Abernathy 20 from which point Wyman Guthrie went over standing up on a weak side play. Excellent blocking from the line cut down most of the opposition.

In the pass department the Longhorns threw five and completed two with one interception. On the other side of the ledger they intercepted two Abernathy passes, one for a touchdown. The Hale County boys completed two passes.

Jimmy McGowen's excellent punting and kicks were a decided advantage for the Longhorns. Robert Quisenberry's plunging, Bobby Carthel's broken field running, Wyman Guthrie's nice running and defensive play and Bob Logan's running, blocking and defensive play were all good. J. D. Williams and Glen Worsham, substitutes in the backfield also showed up good.

The line was charging nicely and showed considerable improvement in the blocking department. Calvin Pyle and Joe Keeter showed up well at their end positions while Ewell

Dee Kelley and Jack Adams held down the guard positions nicely. Glover and Red Daniels were by far the two best guards on the field while the Bybee boys filled the center positions very adequately.

Coach Kelley said Monday that he was well pleased with the showing of the boys though they are still ragged in spots.

Two outstanding weakness was in converting the extra point and in tackling. The boys missed a number of nice tackles.

Kelley said that those two points would receive considerable attention this week. He was especially pleased with the hustle the boys showed.

Quite a number of Lockney fans attended the game at Abernathy.

Scores of other games involving district 4-A teams were:
 Floydada 18, Tulla 6.
 Matador 21, Turkey 6.
 Crowell 13, Paducah 19.
 Levelland 27, Ralls 6.
 Post 6, Spur 6.
 Crosbyton 6, Muleshoe 7.

World's Largest Jersey Herd

SANDIA, TEXAS—The world's largest Jersey herd, owned by the four Knolle Brothers here, and containing approximately 2,500 cattle, has recently been classified for type under the supervision of the American Jersey Cattle Club, Columbus, Ohio.

A total of 394 milking cows, and 13 herd bulls were individually inspected by J. W. Ridgway, Dairy Specialist and G. G. Gibson, Extension Dairyman. Three days were needed for this work of comparing each animal with the breed's score card allotting 100 points for a perfect animal. The 407 animals classified averaged 83.96%, well above the average of the breed.

During the past year nearly 15,000 registered Jerseys in the United States were in this program.

Mr. and Mrs. Marvin Gilbert, Orland and Polly Sue spent from Thursday of last week to Sunday in Burk Burnett, Texas, with Mrs. Gilbert's sister, Mrs. H. C. Sullivan, Dr. Sullivan and children.

ARMY OFFERS OCCUPIED AREAS VARIETY OF READING MATTER

More than 2,000 pieces of contemporary writing were selected, edited and shipped by the War Department's Civil Affairs Division to Germany, Austria, and Trieste for publication in the United States licensed press in those countries during the 12 months ending June 30, 1947. The selections comprise a cross section of what the average American is reading. The program is a part of the Army's Reorientation Program to present the people of the occupied areas with a comprehensive and coherent picture of life and thought in the United States.

Retirement Ceremonies Of General Wainwright

Fort Sam Houston, Texas.—On Sunday, August 31, 1947, General Jonathan M. Wainwright, Commanding General of the Fourth Army headquartered at San Antonio, Texas, retired from active duty after forty-five years of continuous active duty in the United States Army. Many dignitaries from civil and military life were present as the General took his last review Governor Jester, Texas, Mayor Callaghan, Mayor of San Antonio, and Representative Kilday were among the prominent civilian guests present.

The days festivities included a stag luncheon, a military review in which Fourth Army Troops passed in review for the last time before General Wainwright, and a reception at the Fourth Army Officers' Club.

General Wainwright has chosen San Antonio as his place of residence and will reside at "Fiddlers Green," his home in the city. He will enter a local business establishment shortly.

Steiner Rodeo Will Show At Lubbock Fair

LUBBOCK, Sept. 13.—Night time attraction in front of the grandstand at the 30th Annual Panhandle South Plains Fair will be the big Steiner Rodeo. A performance will be presented each night of the fair, September 29 through October 4.

T. C. (Buck) Steiner and his son, Tommy, producers of the rodeo, promise the "cleanest, fastest, wildest, most spectacular show" ever seen on the South Plains. They bought new horses this year in Nebraska, especially for use in the numerous rodeos they are producing. Other stock includes Mexican steers and Brahman

calves from the Steiner ranch at Bastrop. Managing director of the rodeo will be Jack Favor, Arlington, Texas. Buck Jones of Wichita Falls is judge and Sam Stewart of Fort Worth is the clown.

Other features of the six-day fair include a giant balloon parade 2 1/2 miles long at 1:30 p. m. on opening day, September 29. These balloons will also be displayed on the fair grounds throughout the fair in a rubber zoo.

Midget auto races and a tremendous midway round out the entertainment end of the exposition.

Among the outstanding exhibits at the fair will be the special exhibit of cattle, hogs, sheep, goats and

horses by the Texas Technological College, and a three day rabbit show. Entries for the rabbit show have already been received from as far away as California.

Callers in the L. G. Rhine home the past week were Mr. and Mrs. Roy C. Potts, Belton, Texas; Mr. and Mrs. I. P. Jones, Fort Worth; Howell Mason, Mr. and Mrs. Clarence Mason and Bettie Sue, Plainview; Mr. Warren Donaldson, Fort Worth; Mr. W. H. Littlefield, Anton; Mr. L. A. Claborn and Kenneth, Sterley; and Mr. and Mrs. Aubrey Deaton, Decatur.

Since the period 1935-39, farm land values for the country as a whole have increased 95 per cent.

Soil Conservation District News

As yet the parts needed to complete the grass seeder, recently purchased by the Floyd County Soil Conservation District, have not been received. This has hampered in some respect, the seeding of pastures, and the Supervisors are hopeful of receiving these necessary parts in the very near future.

In a regular meeting of the board of Supervisors on Tuesday of this week, the following applications for soil conservation work were approved: Barney Manning, James W. Cope, M. E. Latham, Homer Roberson, Roy P. Wilkes, Marion Tucker, Austin B. Meriwether, Bill Jackson, B. A. Roberson, R. L. Crawford, Guy Jackson, Sterling Cummings, A. P. Sanders, Paul Hays, W. C. Wisdom, Kendall Cummings, Z. C. Cummings and Ernest Lee Thomas.

Agreements with the local District were approved for the following: C. T. Pope, E. A. McLeod, J. C. Billington, Guy Jackson and J. C. Ginn.

Mrs. Fay Taylor, a District cooperator in the Edgin group has just completed a system of terraces whereby a diversion was used to divert the drainage from the road into the pasture.

Lloyd Allen, who operates the E. A. Grisley farm in the Treadwell conservation group, has just completed construction of a system of diversion type terraces. This system will not only help control erosion, but will help Mr. Allen irrigate some of the steeper slopes.

Horton Howell, a cooperator in the South Sterley conservation group has just developed a new well on some wheat stubble. He was assisted in laying out a system by the local Soil Conservation Service technicians.

W. M. Goode, who farms in the North Barwise conservation group, has just overseeded some Hairy Vetch by plane. Mr. Goode is also getting ready to seed some improved pasture. The pastures already established in that district have furnished a lot of grazing this year, despite the fact that it has been so dry.

Miss Mary Roberson, daughter of Mr. and Mrs. Arthur Roberson, has enrolled at Texas Technological College for the fall term. She has been ill this week but expects to return to school soon.

Mr. and Mrs. Herman L. Poole and daughter, Dianne, of Oklahoma City, and Cecil Poole of Greenville, S. C. visited their sister, Mrs. Clarence Maier the past week end.

FALL SUITS—Let us measure you for a new Fall suit. We have a nice line of Fall samples. Come in and see them. Brown's Cleaners.

RUPTURE

SHIELD EXPERT HERE
H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Lubbock, Sunday and Monday only, October 5 and 6, from 9 a. m. to 4 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge.
6509 N. Artesian Ave., Chicago 45, Long incisional hernia or rupture following surgical operation especially solicited 1tp

Home Demonstration Women Landscape Crosby Hospital

College Station.—Home Demonstration club women of Crosby county have raised the money to landscape grounds of the county co-operative hospital at Crosbyton through a "bushel of wheat drive".

Looking for means to raise cash to beautify the hospital grounds, the club women drove pick up trucks out in the wheat fields where Crosby county farmers were harvesting a bumper wheat crop and asked for single bushel donations. Mozelle Reast, home demonstration agent, says that the women collected over \$400 worth

of wheat during the drive. Along with \$200 privately donated and another \$100 made on a club play the "bushel of wheat" money will go toward dressing the cooperative hospital up in new landscape surrounding—flowers, trees, shrubbery and all the trimmings.

With the help of the home demonstration agent, a club committee drew up a set of landscape plans, which have been presented to the hospital board of directors.

The Department of Agriculture's research men are working on hybrid forest trees that may grow to harvesting size in one-half or one-third the time required for a good nonhybrid tree to reach the same size.

THIS IS TEXAS' MILLIONTH TELEPHONE!
Making the first call is Mrs. Gunter W. Koetter, pretty war bride from Luxembourg. Looking on are Mr. Koetter, Houston architect and veteran of 4 1/2 years of Army service, and 14-month-old Jay Koetter.

SOUTHWESTERN BELL INSTALLS

Millionth TELEPHONE IN TEXAS

SOUTHWESTERN BELL'S millionth telephone in Texas was installed late in August in the home of a Houston architect, his Luxembourg war bride, and their 14-month-old son.

Mr. and Mrs. Gunter W. Koetter had been waiting for a telephone for many months.

And, like many another Texas family, the Koetter's new telephone is on a four-party line until telephone factories and installation crews can catch up with Texas' post-war needs for telephone service.

When the millionth Texas telephone was installed, no one was happier than Mrs. Koetter. Said she: "I can hardly believe I'm going to have a telephone of my own. Back in my native Luxembourg, only the very rich can afford telephone service."

INSTALLATION of the millionth telephone is a historic milestone and a far cry from Texas' first telephone, installed in 1878, connecting Col. A. H. Belo's office at the Galveston News with his nearby home!

Less than 10 years ago—in 1938—Texas had only half a million telephones!

On V-J Day—just two years ago—Texas had 750,000 telephones!

Thus, Texas has added as many telephones in less than 10 years as were installed in the previous 60 years! And despite postwar shortages, we've gained more telephones in Texas in the two years since V-J Day than were added in the 10 years preceding the war!

Yet—despite this record, 157,000 Texas families and business concerns are now on the waiting list for telephones. Although we're installing service several times faster than ever before, it has been impossible to connect telephones as fast as Texans are applying for them.

WE'RE PROUD to be growing with Texas. And, we're hard at work on the biggest telephone expansion and improvement program in the history of the state. We shall continue to do everything within our power to bring telephone service, as early as possible, to everyone in Texas who wants it.

A lot of lumber will be available for building purposes in the 25 buildings at Midland Army Airfield No. 1, which are being offered for sale to the general public until October 7 through the Office of Real Property Disposal of the WAA at Grand Prairie. Fixtures in the structures are being placed on the market in the same sale. Buildings, which are to be removed from the field, include hospital wards, administration, hospital barracks, mess halls, laundry, steam plant, dental clinic and infirmary.

Riveting and punching machines, rivet setting machines and automatic rivet setters along with automatic lathes and screw machines feature the sale of many thousands of dollars worth of heavy machine tools which comes to a close in the Customer Service Center of the Grand Prairie of War Assets Administration October 3. The machinery is offered at fixed prices to both priority groups and the trade.

Transfer of all equipment of a \$10,000 machine shop at Waco's Blackland Army Air Field to Southwestern University at Georgetown was recently announced by WAA. The transfer was accomplished through the Federal Works Agency, which is presently engaged in distributing millions of dollars worth of war surplus materials to schools and colleges through its Bureau of Community Facilities at Fort Worth.

Two surplus army chapel buildings are for sale at the Childress Army Air Field at Childress, Texas, through October 8 through the office of Real Property Disposal of the WAA. They are of frame construction, 40 by 90 feet in size and include presently installed fixtures, heating and electrical equipment.

An opportunity for Texas public schools to obtain textbooks at bargain prices was created this week under a new WAA program of distributing three million surplus volumes now in the custody of the Library of Congress. Catalogs are being mailed this week to approximately 600 eligible educational institutions by the Priority Claimants Division of the Grand Prairie office, and additional catalogs will be furnished on request. Schools may buy the surplus books at five per cent of fair value by submitting orders before November 1 direct to the WAA Customer Service Center, 4th and Jeffer-

You can't beat Mother Nature!

The Crude Is The Answer To Phillips 66 Fine Motor Oils

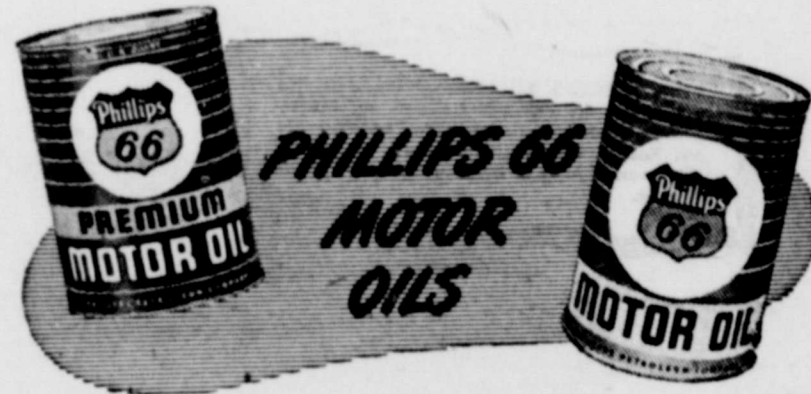

Mother Nature couldn't be beaten the day she made the Tiger Swallowtail butterfly—and she was doing a mighty fine job when she produced the crudes that go into Phillips 66 Motor Oils, too!

Then, Phillips special refining processes, Phillips practical skill and know-how, turned these exceptionally fine crudes into fine lubricants... lubricants that have what it takes to do an honest-to-goodness job of protecting your engine. Ask for Phillips 66 Motor Oil or Phillips 66 Premium Motor Oil.

Phillips 66 Motor Oil has made thousands and thousands of friends... and has chalked up an enviable record covering billions of miles of satisfactory performance!

Phillips 66 Premium Motor Oil is brand new! It cleans! It prevents bearing corrosion! It resists high temperatures and high pressures! In short, this oil is made especially for motorists who want something extra-special in lubrication.

You'll like them both... Phillips 66 and Phillips 66 Premium!

We have TIRES and TUBES, BATTERIES, RADIOS and many other ACCESSORIES. Remember us when in need of GAS, OIL and GREASES.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

son, Washington, D. C.

The carbon black plant at Odessa, operated during the war by the United Carbon Company, has been sold for \$4,300,000 to Sid W. Richardson, Fort Worth independent oil and gas operator. WAA has announced. The plant was designed for the manufacture of channel type carbon black.

The El Paso Customer Service Center of WAA will be closed effective as of the close of business Oct. 1. It has been announced in the Grand Prairie Zone V office.

Eighty-three items of surplus machine tools as outright gifts to qualified institutions, including schools and colleges, now stored in Dal-6 WAA warehouse at Grand Prairie, await distribution through the Priority Claimants Division. Application should be made to this division before September 29. Other items to be disposed of in like manner are located at Todd-Houston Ship Yard and the WAA Warehouse located at 2609 Clinton Drive, Houston, Texas.

Buyers of farms have paid cash in more than half the farm purchases made in each of the last three years.

One ton of farmers stock Spanish peanuts (unshelled) will produce an average of 600 pounds of oil, 900 pounds of meal and 400 pounds of hulls and foreign material.

Edwin H. Boedeker Joins Law Firm

Edwin H. Boedeker, former county attorney of Dickens County and son of Mr. and Mrs. T. H. Boedeker of the Prairie Chapel community has joined the law firm of Berry and Allred, Lubbock. Mr. Boedeker moved to Lubbock last fall after his appointment as director-attorney of the Lubbock Defense Rental area. He resigned this position effective Oct. 15 to join the private law firm.

Mr. and Mrs. F. S. Shearer returned Sunday night from Kerrville where they visited Mrs. Shearer's sister, Mrs. Vernon Shaw who has been seriously ill for several months. Mrs. Shaw's condition remains unchanged. Mrs. Shearer reports.

DUANE BYARS

Duane Byars Leading Candidate For Tackle Position For Buffaloes

CANYON, September 16.—Duane Byars, Lockney, is a leading candidate for the left tackle position on the 1947 West Texas State College football team. Coach Frank Kimbrough said.

Duane is a letterman, and he has 2 more years of varsity eligibility left. Duane now weighs 260 pounds.

During his long coaching career which started in the late 20's at Wayland College, Kimbrough gained a reputation for fielding versatile offensive teams.

This season Kimbrough will use the T-system, and has developed plays to best fit his material and to best fit his notion of fony football. Passing is utilized in the Kimbrough attack in such a way as to make for spectacular entertainment for fans. His aerial attack is not the only weapon which strikes with lightning suddenness. He has added to and improved upon his ground offense which always has been replete with quick opening plays and slick ball handling.

When indications pointed toward a vastly increased attendance for this season, Athletic Director W. A. (Gus) Miller set about to do two things so Buffalo and Kimbrough followers throughout the Panhandle could have opportunity to see games in Canyon.

The first was to double the seating capacity of Buffalo Stadium. This has been accomplished with the erection of permanent seats on the east side of the gridiron.

The second was to place advance season tickets on sale in as many cities and towns as was possible.

In Lockney these advance tickets for the Buff's four home games may be bought from Edgar Hays whose supply is limited.

Making season reserved seats available throughout the territory served by West Texas State has met with a hearty response, Miller said.

"Although we probably could dispose of all the choice seats in one or two of the larger cities in the area, we decided to pro rate them to as many places as possible. We felt this was best because in this way we could assure fans in more towns of having reserved seats without having to wait in line or to be disappointed after driving to Canyon," Miller said.

The Buffaloes' first home game will be played on the night of October 11 against the Texas Mine Muckers in a Border Conference contest. Kick-off time is 8 p. m.

Floydada Boy's Calves Win At Jersey Show

Earl Edwards Jr. of Floydada won the first place in two classes of the junior exhibition at the Texas Jersey Cattle Club show held at Waco last week.

Edwards' calves won first in class born between July and December of 1946 and first in the class born between January and June of 1946.

Edwards is a 4-H club boy who has won many prizes in dairy shows in this area.

The grand champion of the junior exhibition was shown by Miss Lanelle Riedel of Buda.

Mrs. Berry Hooten, Joyce and Evelyn returned Tuesday from a vacation trip to Colorado Springs. They accompanied Mr. and Mrs. Bramlett of north of town.

Training Meeting Held For HD Clubs Saturday

A group of home demonstration club women met in the Extension office kitchen Saturday afternoon for a training meeting on making drawnwork. Miss Leila Petty, county Home Demonstration Agent, conducted the training. Various types of drawnwork were exhibited by Mrs. R. W. Roberts, Mrs. W. C. Simms, and Mrs. Everett Miller.

Those attending the meeting will repeat this demonstration in their respective home demonstration clubs in October. They were: Mmes. M. E. Johnson and T. V. Rankin of Lone Star; Poyner Roberts and Ray Smith of Baker; George Weast and J. W.

Smitherman of South Plains; Everett Miller, Harmony; D. T. Mayo and H. W. Roberts, Homebuilders; G. N. Shirey and W. C. Simms of Sunny-side; R. H. Tinsley and Jaunita Tinsley of Sterley; F. L. Brown and W. L. Morgan, Lockney; S. L. Holmes and R. S. Harless, Starkey; Tate Jones, Dougherty; J. C. Odum and W. E. Barnes, Friendship; Mrs. Orvus Shearer, Lakeview; and Johnny Cates of Sand Hill; W. J. Rhodes, Center; and J. E. Collier, Blue Bonnet Needle Club. There were others present but they failed to register.

Mrs. Sam Livingston of Amarillo visited relatives and friends here last week. She flew back to her home the latter part of the week.

Seed Committee Work Brings In More Income

COLLEGE STATION.—Work done by a county seed improvement committee in Taylor county is raising small grain yields by two bushels an acre.

Committee members credit the work of the seed improvement organization for adding an extra \$140,000 to the income of Taylor county wheat growers this last year.

County Agent Elmo V. Cook, working with the committee for the past six years, has helped small grain breeders in obtaining the best foundation wheat and oat seed from Texas A. & M. College Agricultural Experiment Stations. This year, reports

Mahon Reports —

(Continued from page 1)
right of way on the railroad for countless little gardens, and they are well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties. We looked at some of the farms. The farmers are doing a good job.

A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation.

England is far from being self-sufficient in food and the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food from abroad which they need. They call this the dollar crisis. The monetary complications are hard to understand but the results are quite easy to see. The people are reducing their import of food and struggling to increase their exports.—Doing this to get dollars and prevent the collapse of the government.

In spite of the fact that more than two years have elapsed since V-J Day, the British still have a severe rationing system which apparently works much better than our OPA ever did. The severity of the program is indicated by the fact that each person is allowed only one egg per week and only twenty cents worth of meat per week. Gasoline is strictly rationed. Clothing and textiles are strictly rationed also, and while the British produce large stocks of clothing they are not released in quantity for local sale but are exported, the idea being to acquire more dollars to be used for the purchase abroad of raw materials and food.

The British are a sturdy lot. They are unwilling to admit defeat; they're determined to prevent the collapse of their country. This was the impression which I got in conferences which we held with officials of the British Government.

Our officials feel that the collapse of England and Western Europe would mean Communism and the domination of all Europe by Russia. In that event the security of America would be seriously threatened.

The most dynamic British officials with whom we conferred in London were the Foreign Minister, Ernest Bevin, and the Minister of the Board of Trade, Sir Stafford Cripps.

Cook, Westar and Wichita wheat varieties and Fultex oats are popular among small grain growers and the varieties have been brought into the county for foundation seed.

Hospital Buys —

(Continued from Page 1)
be closed at least for a time, it was said.

The size of the hospital building has not been determined exactly, but it will contain offices for at least two doctors, x-ray and laboratory, operating room, kitchen, nurses room, waiting room and rooms for 10 beds, as well as a number of smaller rooms.

Committees will start out this week end or the first of next week in the drive for memberships and dues. The hope that everyone who is at all interested in a hospital here will cooperate, was expressed by the directors. The thought that "if we are to have a hospital here everyone must get in the harness and do their part," was the expression of one director.

DOES YOUR RADIATOR BOIL?

If it does it probably needs cleaning out. Come in and let us get your radiator in condition to take the hot weather. Remember—we're equipped to fix a drip.

PARSONS RADIATOR SERVICE
Located back of Baker Hotel Rudd Parsons, Owner

The Farmers Home Administration will be able to make approximately 130,000 farm operating and ownership loans during the current fiscal year to family-type farmers who are unable to obtain credit from any other source.

Farm real estate values for the country as a whole increased two per cent during the four months ending July 1, 1947.

Don't Wait Until "Pyorrhea" Strikes

Look at your "GUMS", everyone else does. — Are they irritated? Dentists refund money if first bottle of "LETOS" fails to satisfy.
