John Bickley Grows Big Pecans In E. T.

John Bickley, the perennial bachelor and East Texan who spends his summers and holidays on the high plains, breezed into The Beacon office Wednesday afternoon, accompanied by his partner in crime, Frank Thomas, and announced forcefully and without hesitation that he had the evidence in a sack in his possession that East Texas could grow something West Texas couldn't.

Being a loyal West Texan (transplanted) Ye Editor immediately expressed a doubt but John brought out the evidence—paper-shell pecans measuring around 2 1/2 inches long. John said the pecans were grown on his farm near Greenville. Their flavor is unsurpassed, and unless evidence to the contrary is brought in (at least two pounds are required) within the next few days, Ye Editor will have to admit that John is right as rain.

Road Bond Issues To Be Discussed At Meeting Here

All tax payers of Precinct 2 of Floyd County are invited to attend a meeting at the Lockney Baptist Church Monday night at 7:30 at which time the road bond issues now facing the voters of this precinct and Floyd County will be discussed. It was announced this week.

Resident Highway Engineer James Potts of Floydada will be present and answer questions concerning the various road programs. It was said.

This precinct is now faced with two different road issues, it was pointed out, and this meeting is for the purpose of informing voters on the respective merits of each.

An election has been called by the Commissioners Court of Floyd County for a vote on a \$300,000 county-wide bond issue to pave roads in each precinct. However, a petition is on file with the County clerk asking the Court to call an election in precinct 2 in which the voters would decide whether or not the Precinct will issue \$240,000 in road bonds to do their own paving. Each of these programs hope for the participation of the State Highway Department on their farm-to-market road program.

Representatives of every community in the precinct should be present to state their views and ask questions, it was said. A large crowd is expected to attend the meeting.

Mail Christmas Cards Early, Postmaster Says

All Christmas cards should be in the mail not later than December 17 to assure delivery to addressee by December 25, Postmaster Joe McCollum said this week. The Post Office department is urging the early mailing of cards as well as packages, he said.

Another recent ruling is that Christmas cards with glitter substances on them, such as tinsel or a like substance that will come off must be mailed first class and the envelope sealed tightly from corner to corner this year. Mr. McCollum said. Otherwise this substance gets into the canceling machine and damages them. Cards of this nature mailed unsealed will not be delivered, he said.

Fire Department Sponsors Home Talent Show Here

A home talent show using a large cast of local people ranging in age from three years to possibly 93 years will open for a two-night run next Thursday night, December 18, at the City Auditorium in Lockney. The Lockney Volunteer Fire Department is sponsoring the show and will benefit from the proceeds.

The show titled "Fun For You" is billed as the atomic bomb of American entertainment and from all indications promises to be just that. It is an impersonation of celebrities who supposedly put on a continuous broadcast and the audience of the show will be the audience at the broadcasting studio. At times they are merely spectators, at other times they are asked to participate as part of the program.

One of the most laugh provoking scenes will be an impersonation of the Breakfast in Hollywood broadcast. Heading the cast in this scene will be George Atwood as Tom Breneman, master of ceremonies. He will introduce the following men representing Hollywood glamour gals having breakfast in Hollywood: Charlie Cross, Calvin Tomme, Dave Sechrist, Billy Jack Lawson, George Thompson, Wayne Bybee.

In this scene Mr. Atwood not only introduces these men but following the plan of the original show goes into the audience and awards the women's crazy hats and awards the lady wearing the goofiest a prize. He also awards the wishing ring, presents an orchid to the eldest lady present and introduces and gives the gift to the good, good neighbor of Lockney.

Any resident of this community is eligible to vote for the good, good neighbor who should be some man or woman who has done outstanding charitable or civic work for individuals of the community at large. All letters nominating the good, good neighbor should be addressed to this newspaper and mailed by Tuesday, December 16. A committee will judge the letters received and the good, good neighbor will be notified so that they may appear and be presented to the audience the night of the show.

Sidney Reeves will impersonate Harry Von Zell, the radio announcer who gives the continuity that introduces each scene. The high spot of comedy in the show is the impersonation of the barn dance program.

Earl Poage will impersonate Uncle Ezra in this scene, Curtis Kelley will have the part of Joe Kelley, genial master of ceremonies, Cecil Williams is to impersonate the Duke of Paducah and Miss Opal Rigdon will be Minnie Pearl.

Floyd Barber as the singing commercial appears at various times throughout the show to sing well known rhyming commercials as "All Purpose Rit" and others.

Variety is brought into the program by the use of a quiz program in which J. B. Allen will impersonate Dr. I. Q. and give silver dollars to those in the audience who answer his questions correctly and give candy, bars to those who aren't fortunate enough to give the correct answers.

Although both teams are very inexperienced Coach Hansford has been working hard with them this week and they are showing improvement right along, it was reported.

The boys teams traveled to Kress Tuesday night of this week where they played the Kress High School teams. The A team lost their game 39 to 27 but the B team came back to win 17-14. The games were played just as scrimmages, Coach Hansford said.

Junior Golden was high point man for the A team with 12 points. Other starters on this team were Harold Hall, Herbert Watson, Red Daniels, and J. D. Williams.

The B team starters are Jack Adams, Bobby Carthel, Ewell Dee Kelley, Robert Huckaby and Glenn Worsham.

For the first time in several years Lockney High has a girls team. Twenty-one girls are out for the team. Coach Hansford reports and they have lots of hustle.

The program will start at 11 a. m. when the schools will be dismissed for the day. The Lockney High School band will march to town leading the student body. A section of Main Street will be roped off to provide a place for the crowd present to congregate, it was said.

Participants are not required to buy anything to participate in this. All that is required is that they register by writing their names on a ticket at any business place in town. All business houses will have tickets for registration. A long list of gifts will be awarded to the people of this area, including a large turkey, given by the Business Men's Club of Lockney.

THE JOB IS NEVER FINISHED

Kinsey M. Robinson of the Washington Water Power Company recently made an address on the development of rural electrification. He pointed out that the power industry is rapidly extending its farm lines, and that the job of bringing power within reach of all American farms will be virtually completed by the end of 1950. He then added: "The job is not finished when poles are planted and wires are strung. The principal objective of farm electrification, in addition to furnishing light is to encourage a large variety of uses of power, both indoors, in ways that will be profitable to the farmer."

The industry is doing an outstanding job in showing the farmer how it can get the maximum value out of each dollar he spends for electricity. To accomplish this, its experts are working closely with county agents,

agricultural associations, and agricultural colleges. Extensive experiments are being carried on in various parts of the country with such matters as soil heating and sterilization, improved brooders, light traps for insects, electric eye bulb counters and packagers, silage conveyors and a long list of others. The city dweller gets full value out of electricity through diversified use—water heaters, ranges, radios, kitchen ap-

pliances, etc. Diversification is equally vital to the successful application of power to the farm and the farm home. The full magnitude of the utility industry's contribution to rural electrification cannot be judged solely by the lines it builds. It must be judged in part by its continuing interest in making power do the best possible job at the lowest possible cost on every farm served. The social and economic benefits to agriculture are almost infinite.

"Nobody Sorry He Saved," Willson Says

"Nobody was ever sorry he saved," stated Mr. J. M. Willson, County Chairman of the Floyd County Savings Bonds Committee. With this statement, Mr. Willson announced that a current effort is being made by the U. S. Treasury to emphasize the importance of investing in U. S. Savings Bonds while agricultural products are at the highest peak in history and while farm (and ranch) incomes are beyond all previous levels.

"History repeats itself," according to Mr. Willson "and after every previous war in United States history there has been a similar period to that which we are now enjoying with farm (and ranch) products bringing high prices and extra cash to the producer. In the past, such prosperous periods as this have never failed to end in disastrous market fluctuations which have seen farm products and prices the first to suffer." Every farm and ranch family in Floyd County is being sent a Savings Bond promotion circular by mail. Titled "Plant Now For The Crop That Never Fails," the circular brings home the message that "a seed unsown brings no reward. Planted, it grows to profit. Dollars 'planted' wisely grow, too! For the world's surest harvest, buy U. S. Savings Bonds."

"A farmer or ranchman who operates his land well enough to make a decent living during normal times can well afford to invest 10, 15 or even 20 percent of his income this year in Savings Bonds," Mr. Willson said. "Remember, that each dollar invested now will be worth more in purchasing power during hard times when prices are nearer normal. Too, by investing surplus money today, you are helping to combat even higher prices on tools and equipment by removing excess money from the market until production equals demand. And, in the meantime, if you run into an emergency at any time before your Savings Bonds mature in ten years, you can convert them into cash immediately to take care of your needs. You can't make a better investment. You can't make a safer investment. You can't make a better move to protect your future security than to invest in U. S. Savings Bonds today. Nobody was

Candlelight Program Heard By O. E. S.

The order of Eastern Star held their annual Christmas party Monday night at the lodge hall in an atmosphere depicting the yuletide season. An impressive program was given by candlelight together with the light from the illumined Christmas tree. A reading "The Night Before Christmas" was given by Miles Clark; a song, "The Story of the Christmas Bells" by Patsy Pierce; piano solos were rendered by Jeanette Huffman

and Debora Russell. Mrs. Arch Crager sang "White Christmas" and the children sang "Jingle Bells." "Silent Night" sung by all the party group ended the Christmas program. Gifts were exchanged from the gayly decorated tree. Worthy Matron Mrs. Bessie Russell, gave a report on her trip to Grand Chapter at San Antonio recently. The Lockney chapter is expecting a visit from Deputy Grand Matron Mrs. Jennings from Plainview on January 12 at which time a six o'clock dinner will be held. Refreshments of apple pie, cheese

and coffee were served to approximately seventy-five members and guests. Mr. and Mrs. Troy Ray and children, who have been visiting for some time at Dale with her parents, returned home last Monday. Mr. and Mrs. Pat Woodburn and daughter, Diann of Batroll, Wyoming arrived Saturday night for a visit with his parents, Mr. and Mrs. E. L. Woodburn and friends here. LETTERS TO SANTA

Mr. and Mrs. Santa Claus
804 Polk Street,
Amarillo, Texas

Dear Santa,

I am a little boy 7 years old and I am in the second grade. I have been wondering if you will make it out to Lone Star School this year. If so, will you please remember all the boys and girls in Miss Mary's room and please remember our teacher.

I'd like very much to have a little football and a bicycle all trimmed in red, and such as it would take to make Xmas complete, candy, nuts and etc.

Good Luck, Santa,
Joe Nell Rexrode

Dear Santa Claus,

We are two little boys, two and four years old. We have tried to be good little boys all year. Thank you for the nice toys you brought us last Christmas. This Christmas we would like a tricycle each, a cowboy suit, a drum and two guns each. Please bring our brother. Don a pair of boots, a robe and a wrist watch. We would also like some candy, nuts, and fruit. Don't forget all the other children.

Alvin Lee and Jerry Dale
Vernon

Dear Santa,

Please bring me a doll and a bicycle.

Sunny Lawson,

Dear Santa Claus,
I love you. I want a magic skin doll.

Love,
Janice Hays

Dear Santa Claus,

I am a little girl 4 years old. Santa will you please bring me a doll and a doll buggy. Bring my sister, Bobbie Sue a big doll and a bracelet, bring us candy, apples, oranges and nuts.

I love you a lot,

SENATOR REPORTS ON FORT KNOX ARMY EXPERIMENT

Washington, D. C.—An enthusiastic Universal Military Training Unit at Fort Knox, Ky. as given by Senator Chan Gurney (R-S.D.) upon his return from a trip of inspection. He was accompanied by other members of the Senate Committee on Armed Services of which he is Chairman.

"The UMT experiment at Fort Knox is on the right track," Senator Gurney stated. "I challenge anyone to find anything wrong with it. It not only builds soldiers, but better soldiers result. It has taught them discipline a self-government. Beyond this, through the influence of the fine chaplains and the commanding officers, the soldiers have developed into a remarkably clean lot of men."

Mr. and Mrs. I. S. Webb are leaving this week to spend several weeks visiting with their children at San Pedro and Wilmington, Calif. They also visit in Sacramento with grandsons before returning home.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
