VOLUME 46

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, JULY 30, 1948

NUMBER 47

Hubert Frizzell is Appointed to Floyd FHA Committee

Appointment of Hubert E. Frizzell, Route 1, Lockney, Texas, to a three-year term on the Farmers Home Administration county committee for Floyd County was announced today by L. J. Cappelman, State Director.

Mr. Frizzell succeeds Robert W. Smith, whose term expired June 30, 1948. Also on the committee are J. Herschel Green, Route 5, Floydada, and Ernest Lee Thomas, Route 1, Lockney, Texas. A committee of three serves in each agricultural county throughout the Nation in which the agency makes farm ownership and operating loans. Appointments are scheduled so a committee always has two experienced members.

The Floyd County committee has an important place in making supervised credit available to local farmers, according to William E. Anderson, County Supervisor.

Before any money can be borrowed through the agency an applicant must also be approved by the committee. "The members know agricultural conditions in the county, are often familiar with the farm the applicant plans to operate," Mr. Anderson explained.

In addition to approving the loans the committee cooperates with the county supervisor in overall administration of the program in the county. Periodically they review the progress of borrowers to determine whether they have reached a financial position that would enable them to refinance their loans through private lenders. A farmer who is eligible for a loan from regular lending sources is not eligible for a loan from the Farmers Home Administration.

"Using this system of operation, the agency has helped many families in Floyd County toward better farming and better living with farm purchase and farm operating loans," Mr. Anderson said. In the past 12 months many applications have been received for this type of credit.

Stevenson, Jester, Corbin Lead

Unofficial returns from over the state showed Tuesday that Coke Stevenson had 433,058 votes, Lyndon Johnson had 365,969 and Peady 236,916 votes in the race for U. S. Senator from Texas.

For governor, Beauford Jester easily won renomination over seven opponents. He had nearly 500,000 votes to less than 400,000 for all his opponents.

Allan Shivers won renomination for lieutenant governor over Turner Walker, approximately three to one.

For Chief Justice of the Supreme Court J. E. Hickman won over C. T. Rowland about two to one.

For Associate Justice, Place 2, James P. Hart won over John A. Rawlings about two to one.

The race for associate justice, place 3, was very close with W. St. John Garwood holding a slight lead over Jefferson G. Smith.

Harry N. Graves had apparently won the nomination for Judge of the Court of Criminal Appeals over W. E. Myres. The vote was 5 to 3.

Ernest Thompson easily won renomination for the regular term on the Railroad Commission over Tom Blakely.

William J. Murray Jr. defeated both his opponents, Clyde Austin and Carlton Moore Sr. for nomination to the unexpired term of the Railroad Commission.

George Sheppard won easily over Clifford Butler for the office of Comptroller of Public Accounts.

For Commissioner of General Land Office Bascom Giles won over three opponents.

For State Treasurer Jesse James won over Bruce Lloyd easily.

Despite efforts to unseat him and a recent federal indictment, J. E. McDonald had apparently won renomination as Commissioner of Agriculture. He beat J. D. Griffin by over 100,000 votes.

MRS. O'HEARN ATTENDS FUNERAL OF BROTHER

Mrs. Frances O'Hearn recently attended funeral services for her brother, C. D. Somerville, which were held at the First Methodist Church in Wellington Sunday, July 18.

Mr. Somerville died Friday, July 26, of a heart attack. He had been in apparently good health.

Mr. and Mrs. Lloyd Wofford and children returned home Wednesday night after a visit in California with relatives.

Five Hurt in Wreck Saturday

Five persons, three Ralls boys and two Plainview girls were injured when the car in which they were riding over turned several times on a curve in Highway 79 just south of the O. C. Bailey residence early Saturday morning.

Those treated at the Floyd County Co-operative Hospital here were: Miss Beulah Henderson, 29 of Plainview, a fractured pelvis, cuts and bruises.

Miss Stella Jo Mosley, 20, of Plainview, possible spine fracture, fracture of the right leg, considerable shock.

Johnny Fenter, 19, of Ralls, possible spine fracture.

Artiss Phillips, 19, of Ralls, badly lacerated left thigh, and other cuts.

Bill L. Cottrell, 19, of Ralls, driver of the 1947 Plymouth, fractured ribs.

The automobile turned over five times. Deputy Sheriff Earl Cooper said. Four of the occupants were thrown clear of the car while one of the girls remained in the back seat. The car rolled 52 yards before coming to a halt. It knocked down two reflector posts on the curve and also pulled down a telephone wire which was eight feet off the ground. Cooper said.

State Highway Patrolman Noel Newberry filed charges of reckless driving and operating a motor vehicle without a license against Cottrell in justice of the peace court at Floydada.

The injured were all improving Thursday, as far as The Beacon could ascertain. They had all been dismissed from the local hospital. The two girls were moved to the Plainview hospital Saturday.

Arthur Nigh and mother, Mrs. M. F. Nigh, returned Friday from a visit with relatives at Apache, Granite and other places in Oklahoma.

Judy Terrell is Improving Rapidly

Judy Terrell, daughter of Mr. and Mrs. W. E. Terrell of Lockney, a polio victim now in the Plainview Hospital, is improving rapidly and will probably be dismissed from the hospital within a week, attending physicians told The Beacon Thursday.

Judy does not have any paralysis and is suffering only from a very stiff back and neck at the present time, it was said. Physicians were of the opinion that she is out of danger. She was the first polio victim of the year in this immediate territory.

Scout Swim Meet Here Thursday

A swim meet will be held at the Lockney Swimming pool by the Boy Scouts of the Blanco District, it was announced this week. The meet will begin at 6:30 p. m. on Thursday August 5.

Events will include competition between three groups, Juniors, intermediates and seniors.

The juniors will swim 20 yards, and their events will include various strokes as well as diving and a relay race.

The intermediates will swim 25 yards with the same events and with the addition of penny diving.

The seniors will swim 30 yards and their events will include all others and with the addition of a 100 yard free style event.

Contestants will be from troops at Lockney, Floydada, South Plains, Ralls, Crosbyton, Lorenzo, Idalou, and Matador, it was said.

Glen Rhine, son of Mr. and Mrs. Luther Rhine and Lonnie Seaman, son of Mrs. Lee Seaman, went to Canyon Wednesday where they enrolled at WTSC. They will be roommates.

Kill Flies to Stop Polio Dr. Foster Urges

Dr. D. R. Foster, city health officer, urged this week that every individual in the city, use every means possible to rid their premises of flies, thereby lessening the danger of polio. Pointing out that the polio epidemic is slowly reaching the South Plains, he said that most health authorities believed that flies were responsible for spreading the disease.

Spraying with DDT solution is the most effective means of controlling flies and Dr. Foster suggested that individuals should spray around their premises in addition to spraying done by the city.

Other ways to avoid polio are to avoid crowds and keep yourself in good physical condition, avoid overworking and exhaustion. Dr. Foster suggested. Body resistance is lowered when you overwork, making you more susceptible to the disease.

City To Spray Again

The city alleys and streets will be sprayed again this week end, city officials said Thursday. Spray equipment from Floydada has been employed to do the job this time. City officials indicate that the city will probably be sprayed every two weeks during August if funds are available.

ATTENDS FUNERAL

Mr. O. J. Huggins and Mr. J. D. Huggins left Thursday night for Denton, Texas to attend the funeral of their uncle, T. L. Huggins who passed away at his home Wednesday night. He was 86 years of age. The funeral will be held at 2:30 Friday.

Mr. and Mrs. Ples Vinsge of Lubbock visited in the Frank Messimer home Sunday.

Willson on Three County Draft Board

Jim Willson of Floydada has been nominated by Governor Beauford Jester to be a member of the three-county draft board to handle selective service in Hale, Floyd and Motley counties.

Other members of the board are Jess D. Lockhart of Plainview and D. E. Pitts of Matador. The board will be No. 45 in state.

The 25-year-old age group will be called first and registration will begin on August 30 according to announcement from national headquarters.

Hart, McPherson, Counts, Reed Win Without Run-off

Contested races in which the winner was decided in the first Democratic Primary and no run-off will be necessary included those for sheriff, district clerk, Commissioner Precinct 1, Commissioner Precinct 2, Justice of the Peace Precinct 2 and 3.

In the sheriff's race, Sheriff Leland Hart ran away ahead of his two opponents Howard E. Whitaker and W. A. Adams to garner a clear majority. According to the tabulations on the election board in Lockney Hart had 2239 votes to 728 for Whitaker and 262 for Adams.

In the district clerk's race, Miss Mary Louise McPherson had 2056 votes to 1127 for Mrs. Lee Howard, her only opponent.

Hugh Counts will not have to make the run-off in the race for Commissioner of Precinct 2, because Bert Bobbitt, the No. 2 man in the race decided to withdraw in favor of Mr. Counts. Mr. Bobbitt's statement is in this issue of The Beacon. Counts had 697 votes to 429 for Bobbitt and 259 for Cap Carthel, the third man in the race. Although Counts did not have a majority, Bobbitt withdrew with the statement "I have given the matter considerable consideration and have decided to withdraw from the race in favor of Mr. Hugh Counts. I know that he will make a good commissioner."

In Commissioners' Precinct No. 1, Fred Clark, the incumbent won handily over two opponents. Clark had 630 votes, to 171 for Bill Brock and 165 for W. J. Waller.

Justice of the Peace T. Z. Reed of Lockney was another candidate who won without trouble. Reed's vote totaled 568. S. H. Milwee had 219 votes and C. C. Hackney had 276 votes. Reed is Justice of the Peace in Precincts 2 and 3.

Kelley and Foote To Attend Coaching School at Abilene

Coaches Curtis Kelley and Robert Foote will leave Sunday to attend the coaching school at Abilene. The school will be held at Hardin Simmons University and will have such well known instructors as Mattie Bell and Rusty Russell of S. M. U., and Bobby Dodds of Georgia Tech.

Sessions will begin Monday and the all star game will be played Friday night.

Instruction in basketball and baseball will also be available at the school, Coach Kelley said.

Saturday Last Day To Transfer Students

Saturday of this week, July 31, will be the last day to transfer school students into the Lockney district. Supt. Sidney Reeves reminded patrons this week.

All transfers must be made during the month of July in any district. This must be done by the parents of the student. Blanks for transferring the students may be obtained in the office of County Superintendent Clarence Guffee at Floydada where the transfer must be made.

Miss Venita Dagley of Lockney and Tom Gordner of Plainview left Friday for Fort Worth where they will visit Miss Dagley's sisters, Mrs. Howard Moore and Mrs. B. L. Loughery this week end.

Tubbs and Deen, McCollum and Hamilton in Run-off

The second Democratic Primary on August 28 will find G. C. Tubbs and Tom W. Deen, both of Floydada in the run-off for County Judge; Mrs. Elizabeth McCollum of Lockney and T. T. Hamilton of Floydada in the run-off for assessor and collector; W. C. Plumlee and Roe Jones in the run-off for Commissioner, Precinct 3 and Claude Fawver and Fay Hart in the run-off for Commissioner, Precinct 4.

In the county judge's race, Tubbs' vote totaled 1961 in the first primary Saturday. Deen had 906 votes, with F. L. Brown of Lockney running third with 760. Judge W. E. Grimes had 543.

T. T. Hamilton of Floydada led the assessor-collector race with 1346 votes to 1129 for Mrs. Elizabeth McCollum of Lockney and 761 for Mrs. Irene Winters, also of Floydada.

In Commissioner's Precinct No. 3 W. C. Plumlee, the incumbent, lead the ticket with 162 votes. Roe Jones will enter the run-off, having 139 votes. Third man in the race was Rene Yeary with 106 votes.

Two new men to politics, Claude Fawver and Fay Hart, will battle it out for the position of Commissioner Precinct No. 4. Fawver lead the ticket with 212 votes. Hart had 200 and Hugh Nelson, the third man had 115 votes.

A&M Instructor Teaching Local Volunteer Firemen

A. L. Cartwright, of the Industrial Extension Service at A & M College, and a field instructor for the Fireman's Training School, has started a one-night-a-week training school for the members of the Lockney Volunteer Fire Department.

The first session was Tuesday night of this week. The school will be held each Tuesday night for five weeks. About 15 members of the department were present this week.

Mr. Cartwright is giving the firemen instruction in hooking up the fire hose, how to throw water, how to take care of the hose, methods of extinguishing a fire, safety first rules, and is demonstrating various fire fighting devices.

Chief Calvin Tomme said this week that no strain would be blown for the practice periods, but that the truck would be out and some streets would be blocked for a short while during the practice. He asked that local citizens cooperate with the firemen and refrain from obstructing or interfering with their practice.

Chief Tomme said that the new fully equipped fire truck recently ordered by the City is expected to be here the first week in August.

Mrs. Boyce Kenady, Mrs. J. R. Teaver, Plainview and Mrs. Frankie Smith of Ruidoso, New Mexico accompanied Mrs. C. S. Kenady to her home in Jayton Monday. They returned home Wednesday night. Mrs. Kenady has been visiting in Lockney the past few weeks.

Nitrogen Fertilizer Supply to be Upped

COLLEGE STATION—Three developments have taken place recently following Congressional action of the International Emergency Food Committee. These changes will boost the nitrogen fertilizer supply of the next 12 months up ten percent over last year's total, says M. K. Thornton, extension agricultural chemist of Texas A. & M. College.

The expected increase will make available over 900 thousand tons of nitrogen fertilizer, or around 85 thousand tons more than was had last year. Even though there has been an improvement in the supplies of world fertilizer nitrogen as compared with last year, the expected supply from now until next July still fall short of world demand.

The first of these three developments that will bring more nitrogen fertilizer is the increase of smaller

country imports and the private production. The amount the United States will get from private production added to the imports from the small countries such as Chile, Canada and Norway will amount to something like 26,500 tons of the ten percent increase.

The other two development deal with army production at the US government plants. One provides that ten percent of the anhydrous ammonia that is produced at these plants will be turned over to numbers, this will amount to around 28 thousand tons.

The other development is that half of the coming year's exports of nitrogen fertilizer shall be made up of army production. Since the 31,500 tons will be on hand for domestic uses.

With all this talk about thousands of tons of fertilizer, it sounds as if there will be enough for everybody, says Thornton. But even with this expected increase, the world will still be a little short on nitrogen fertilizer.

Thirty-Three Years

Grace Hall Crowell

HOW young He was, how short His time on earth!
A pulse-beat through the centuries, a breath
Between the Starlit hour of His birth,
And that strange darkened hour of His death.

Ye had those years not gone their swift way,
Had their significance been left to men,
There would be darkness in the land today,
No faith would lift, no heart could hope again.

Thank God, thank God for those year's precious store!
Thank God for sparing Him to you, to me,
"Out of the glory that was theirs before
The world was . . ." and the glory yet to be.

The darkened years for Him, that brought us light,
The weary years for Him, that gave us rest,
The clamorous years, that we might know the white
High silences of peace within the breast.

For thirty-three brief years that His feet trod
The earthly roads for us, we thank Thee, God.

Bobbitt Expresses Thanks to Voters

I wish to express my sincere appreciation to the people of Precinct Two for the very nice support you gave me in my race for commissioner. I am happy to know that so many people expressed their confidence in me by voting for me last Saturday.

I have given the matter considerable consideration and have decided to withdraw from the race in favor of Mr. Hugh Counts. I know that he will make a good commissioner.

I wish to also express my thanks to Mr. Counts and Mr. Cap Carthel for their courtesy during the campaign. They ran a clean race and I appreciate it.

I realize that Mr. Counts will have many problems and I intend to give him my fullest cooperation and I hope that those who supported me will do the same.

Two Journalism Scholarships are Established at U. T.

AUSTIN, Texas—Two University of Texas scholarships have been established for 1948-49 by Texas professional journalistic organizations. Journalism Department Chairman Paul J. Thompson announced.

The Texas Press Association gave \$250 to be awarded "to some University of Texas Journalism student who is in need of funds to complete his education." Vernon Sanford, Texas Press Association manager, notified Professor Thompson.

"This was done in keeping with the recommendation presented to the Board of Directors by Mr. Dave Warren of the Panhandle Herald." Sanford's letter explained. Warren is vice chairman of the University of Texas Board of Regents.

The Fort Worth professional chapter of Sigma Delta Chi, national professional journalistic fraternity, gave

a \$100 scholarship to Miss Bertrice Crowe, 515 West Daggett, Fort Worth, who will enter the University as a freshman this fall. The recipient was a top-ranking journalist at Paschal (Fort Worth) High School.

Selection of the student to receive the \$250 Texas Press Association Scholarship will be made in the near future, Professor Thompson said. He expressed gratification at the interest shown, by the professional groups, in the University journalism department, and said he hoped those scholarships will be given annually and others will be established by persons or organizations interested in the University's training of young writers.

Rev. and Mrs. R. H. Campbell and Mrs. R. E. L. Stutts visited in Abilene last week with the Campbell's daughter and husband, Mr. and Mrs. Otis Holladay and Mrs. Stutts son, J. D. Stutts.

TO THE VOTERS OF FLOYD COUNTY:

This is to express my sincere thanks for the wonderful vote of confidence I received in the election Saturday, and furthermore I also want to say thanks to my opponents for the clean-cut business-like campaign they made. I was told when entering the race that politics was a bad business and that I could expect all sort of mud-slinging. This was not true at any time, and I believe with all my heart that if a candidate cannot run on their own merits and leave the opposition do the same, then it is unwise even to aspire to office.

I tried to present my qualifications to you through the newspapers and over the air, as well as by personal contact, but I am sure I did miss many with my message. Therefore as I am now in the run-off primary for assessor-collector I would like to re-iterate:

I am the widow of the late Dr. Joe McCollum, veteran of World War I and beloved pioneer of Floyd County. At the time of his death I was to go to the hospital for a cancer check-up and one week after his interment I was on the operating table for a very serious operation. I returned in February too late to take the appointment as acting postmaster at Lockney and as my financial obligations were very heavy I was forced to sell my home to meet them. Now I am in need of a means of providing for my self and I do know that I can make you a good assessor-collector. I have the educational background, along with twenty-one years of serving the public in Floyd County in various capacities, and I do earnestly seek your vote and influence in the second primary election of August 28.

Mrs. Elizabeth McCollum

THANKS TO ALL OF YOU

For your support in my campaign for reelection as County Clerk of Floyd County, and

For the splendid co-operation, thoughtful consideration and many expressions of friendship extended me during the years I have served you.

I shall attempt to justify your kindnesses by rendering the most prompt, efficient and courteous service of which I am capable.

ONE-TOED HORSE FOUND IN CROSBY COUNTY LAKE BED

AUSTIN, Texas—Whoever heard of a one-toed horse? There was such a creature back in the Pliocene age, say University of Texas geologists. That was a million years ago, and the strange horse is known as the Pliohippus. Bones of a Pliohippus, an oreodon (an animal similar to, but larger than

a sheep), a mastodon and camel recently were found by Texas Memorial Museum geologists in a Crosby county lake bed. Dr. E. W. Sellards, Museum director, reports. Geologists Grayson Meade and Albert Potter found the bones, and are preparing them for exhibit in the Museum. Mr. and Mrs. Paul Goad and son are vacationing in Okla.

Weekly SURPLUS NEWS WAA

Veterans, state and local governments and non-profit institutions have only four weeks left to claim preference in purchasing surplus personal property. Existing priorities will be eliminated, by order of Congress, on August 31. War Assets Administration will, however, continue to accord prior claim rights to federal agencies, particularly those having to do with national defense. And general offerings of consumer goods will be made in such a way that individual veterans and representatives of small businesses will have as favorable an opportunity to purchase as any other buyers.

Top Texas sale of veterans and others before the priorities are abolished will be an offering of about \$25,000 worth of merchandise at the Amarillo Air Base. Included will be 11 vehicles, to be sold on a bid basis to veterans only. Other lots, which all buyers are invited to bid on, will consist of steel cots and bunk beds, gas ranges, nuts, bolts and screws and numerous small miscellaneous items. Sale will be held the morning of August 5, with inspection the day before.

Believe it or not, some people working for the government don't like government red tape either. One War Assets employee, Robert F. McDonald of Dallas, decided to try to do some slashing by submitting a recommendation that numerous record forms be combined into single pending case form to consolidate and keep surplus property transactions up to date. This week his idea won \$20 in an employee suggestion campaign and some words of praise from his boss, WAA Regional Director Karl E. Wallace.

Another sizeable offering of surplus materials will go on the bid block in Houston August 5. Office furniture and machines, scrap steel and lumber, vehicles and general miscellaneous products will be grouped for veterans and other bidders. Inspection may be completed August 2, 3 and 4. The spot bid awards will be made at the WAA Warehouse 6, 4600 Clinton Drive, Houston, starting at 9 a. m.

Buildings, fixtures, and utilities of two former army air fields in Texas are being placed on the market by WAA. At the Pampa Air Field, water and sewage facilities, the above ground gas system, and various types of GI buildings are offered on a sealed bid basis, with priorities to expire August 16 and remaining property going to the general public. At the Abilene Air Field, one large recreation building is available to government agencies and non-profit institutions, only until a cut-off date of August 19.

Now is the time for people who need housing to get bid forms and mail their offers to War Assets Administration. Currently, buildings at both Camp Bowie, Brownwood, and Camp Swift, Bastrop, are up for sale by the sealed bid method. Arrangements for inspecting the various structures may be made with camp facility managers. Letters should be addressed to WAA's Office of Real Property, Box 6030, Dallas.

Louise Boedeker is Bride of Jimmy Hodel

In an impressive single-ring ceremony performed Wednesday evening, July 21 at 7:30 o'clock Louise Boedeker, daughter of Mr. and Mrs. T. H. Boedeker of Providence community became the bride of Jimmy Hodel, son of Mr. and Mrs. John Hodel, Lockney. The wedding took place in the home of Dr. A. Hope Owen, pastor of the First Baptist Church, Plainview who read the vows.

Mrs. J. C. Owens, sister of the bridegroom, attended the bride as matron of honor. She was dressed in brown with brown accessories and wore a corsage of pink roses.

J. C. Owen attended as best man. The bride was attractive in a brown tailored dress with brown accessories. She wore an orchid corsage.

Mrs. Hodel is a graduate of Lockney High School. Mr. Hodel is also a graduate of Lockney High School and attended Texas Technological College, Lubbock for three years. He served in the U. S. Air Force during World War II.

After a short wedding trip the couple is at home on the John Hodel farm northwest of town. Mr. Hodel is engaged in farming.

Harold Joe Ramsey Weds Plainview Girl

PLAINVIEW, July 17.—Mr. and Mrs. Harold Joe Ramsey who were married Sunday, June 27, in the home of the bride's aunt and uncle, Mr. and Mrs. H. R. Tankersley, have returned from a wedding trip to Colorado and New Mexico and are making their home in Plainview. Mrs. Ramsey is the former Miss Nita Bragg, daughter of Mr. and Mrs. Cody Bragg of Tahoka, and Mr. Ramsey is the son of Mr. and Mrs. Guy Ramsey of Plainview.

The double ring ceremony was performed by Rev. Walter V. O'Reilly of Plainview before an arrangement of gladioli and fern. Miss Jane Taylor lighted altar tapers.

Mrs. Marcus Edwards played a prelude of wedding music and Sheldon Russell sang "Because," "Ah, Sweet Mystery of Life" and "The Lord's Prayer." During the ceremony, Mrs. Edwards played the bride's club song, "Roses of Picardy."

Gown is Japanese Silk Given in marriage by her father, the bride wore an all-over embroidered gown made by her mother and herself from silk brought from Japan by the bridegroom. She wore a single strand of pearls and carried an orchid and split carnations on a white Bible. Her fingertip veil of bridal illusion fell in soft folds from a headpiece of rolled silk. For something old, she wore ear rings belonging to an aunt, Mrs. Terry Noble.

Miss Jean Holt, maid of honor, wore a blue marquisette gown fashioned after the bride's dress. She carried a bouquet of salmon pink.

Cerald Ramsey served as his brother's best man. At the reception which followed the ceremony, parents of the bride and bridegroom and members of the wedding party assisted with hospitalities. Miss Anita Joy Bates registered guests. Miss Lu An Taylor served punch and Misses Jolene Bragg and Mary Ann Tankersley served a two-tiered wedding cake. The bride's table was laid with a cutwork linen cloth and decorated with gladioli and fern.

For her wedding trip, the bride wore a black linen suit with white accessories and an orchid corsage. She attended Colorado Woman's college at Denver and at present is a senior student at Texas Technological college where she is a member of Sans Souci social club. The bridegroom attended West Texas State Teachers college and now is attending Tech where he is a senior student.

Wedding guests were from Plainview, Slaton, Brownfield, Seymour, Lubbock, Paducah, Dallas and Floydada.

Mr. and Mrs. Elmer Roberts and children of Kress spent the week end with her parents, Mr. and Mrs. Frank Messimer of Lockney.

Andrews Re-elected Sheriff of Hale

Ted Andrews was re-nominated as Sheriff of Hale County in the first primary last Saturday. Andrews had 4,974 votes to 1,361 for his opponent, Chas. G. Howard.

Marsh S. Watson defeated Lee Nowlin for county judge by a slight margin, unofficial returns indicated Marsh had 2,753 votes to 2,595 for Nowlin.

Mrs. Jack Gamel defeated Mrs. Pat Connelly for county treasurer. Mrs. Gamel had 2,849 votes to 2,559 for Mrs. Connelly.

In the commissioners races, J. J. Goldston was elected commissioner, precinct 2; Julian B. Smith and Fred Spragins will run-off the race in precinct 4; D. C. Ayeworth and J. W. Odell will run-off the race in precinct 1, and the run-off in precinct three will be between Hubert Faith and Carroll Bird.

Death Claims A. C. Goen, Jr., Friday

A native of Floydada, son of a distinguished ex-sheriff and Floydada real estate dealer, A. C. Goen, Jr., 34, died early Friday morning in Plainview, where he had been several days receiving treatment part time at the hospital.

Goen was said to be alright at midnight Thursday night by a friend, but was found early Friday morning in a dying condition and rushed to the hospital where he was pronounced dead. His death was due to an overdose of a sleeping potion.

The body was brought to Floydada Friday by a Harmon funeral car. Funeral services were held Saturday afternoon at 3 o'clock in the home of the deceased, 508 South Main street. Otta Johnson, City Park Church of Christ minister, officiated at the rites. Interment was made in the Floydada cemetery.

Survivors are the parents, Mr. and Mrs. A. C. Goen, sr. and two brothers, M. P. Goen, who is associated with his father in the real estate business, and Woodrow Goen, employed at White Drug company.

Pallbearers were R. F. Stovall, Clinton Fyffe, Herbert Sims, Euncan Hollums, Harold Terry and C. N. Waidling.

Election Returns Slow Coming in

Returns of the first primary were slow coming in Saturday night in the big boxes. Many people grew tired and went home before the results were definitely known in many boxes.

West Lockney came in about 12:30 a. m. and Northwest Floydada was received here about the same time.

East Lockney, the last one received, came in at 2:45 a. m. Sunday. The tired and weary election board crew posted the East Lockney vote, ran the totals and went home at 3 a. m.

It was reported that those counting crews at the voting boxes were pretty tired too.

Grimes Thanks Floyd Voters

To The People of Floyd County: I wish to thank each and every person in Floyd County who supported me in any way during the primary election for County Judge. I thank everyone for their consideration and hold no ill will toward anyone. I assure you it has been a pleasure to serve you in this capacity and who ever my successor might be I wish him the best of luck.

Baylock to Preach At Aiken Revival

Hugh F. Baylock, U. S. Army Chaplain, (retired) now pastor of the First Methodist Church of Earth, will conduct the revival of The Aiken Methodist Church at Aiken, beginning Friday night August 6 and continuing through Sunday night August 15, reports the pastor Oran D. Smith.

Rev. Mr. Baylock has the distinction of being the only Methodist student to be called to preach the Gospel while attending Wayland College back in the early 30's. With his one year at Wayland, three years at McMurry, and three years at Perkins School of Theology S. M. U. plus pastoral work on the plains, the Chaplaincy in the South Pacific campaigns gives Mr. Baylock a vision and understanding that places him in the ranks of the modern prophets of God.

Special music will be provided by Mrs. Oran D. Smith, formerly Director of music at Wayland College. She will be assisted by Miss Wilma Courtney of Bellview. Their keyboard styling and harmonies at the two pianos, and solovox will add spiritual emphasis to the spiritual music and praising God in song.

The public is cordially invited.

LANDINGS -- THEN AND LATER

The Navy's role in the assaults of American forces on the shores and beaches of enemy territory has been indispensable throughout its history, although the invasion methods have changed radically with each conflict. Above photo of an old print depicts the landing of American forces under General Scott at Vera Cruz in 1847 — amphibious operation, Mexican War style. Below is a scene from World War II, taken nearly a century later, as Marines stormed the black beach of Iwo Jima beneath scowling Mt. Suribachi in the landing craft of a scientific age. A REAL COMMUNITY BUILDER

Publisher J. Barton Cox, of Syracuse, Indiana, won the gold medal awarded by the National Board of Fire Underwriters for outstanding service in fire prevention. Mr. Cox carried on a three-year campaign for better fire protection for the industries and homes of his community. He did what editors in any community can do to make a safer and more prosperous town in which to live. He saw a million-dollar fire loss in eighteen months in his town of 1,800 in population. He saw 200 men thrown out of work when a trailer factory, the town's leading industry was burned.

Through the influence of his paper he helped form a Community Betterment Association. The result was a paid fire department, new equipment, and additions to the water supply.

Most communities can profit by the experience of Syracuse, and before their towns have disastrous losses they can promote fire protection measures which would prevent death and destruction and unemployment caused by burned homes and industries. This is the cheapest insurance they can have.

The first American to engage in meat packing was William Pynebon, of Springfield, Mass., who in 1855 started to drive cattle to Boston.

Before the establishment of standard time on November 18, 1883, American railroads were using about 100 different standards of time.

OUR PACIFIC TRUST

Saipan, Truk, Bikini are familiar names, but who has heard of Lib Ngoli, Kapingamarangi? They are all within what is now the Trust Territory, comprising the Marshall, Caroline, and Mariana group of islands, extends about a thousand miles north from the equator and includes a greater part of the area from Hawaii to the Philippines—two million square miles of water surrounding a myriad of tiny and larger tropical islands. Only 117 of them are inhabited by a total of 50,000 natives of Polynesian or Micronesian extraction. Formerly under German control, they were mandated to Japan following World War I and are now under our official wing.

Placed under Naval Military government following the conclusion of World War II, a program for bettering conditions was started immediately. Every village, no matter how small, over this vast area, was officially visited and complete data gathered.

It was determined that what was needed was not military domination but friendly aid and cooperation to help these people become self-reliant, establish better health and sanitation, elementary education, safeguard their lands and resources, develop their trade, industry and agriculture, and the physical restoration of war damaged property.

For the past two years, this plan has been materializing under the able guidance of Rear Admiral C. H. Wright. Dubbed by the Saturday Evening Post "Admiral of the Atolls," he is highly regarded by the natives of the whole area.

Vaccination and immunization is provided. Yaws is under control and anti-tubercular work is progressing. Native medical and dental practitioners and nurses are being trained. Seven dispensaries of from 25 to 50-bed capacity are located throughout the area. A training program is supplying native teachers for island schools. A trading system provides them with needed goods, while at the same time marketing their produce—principally copra and handicraft. These are just a few of the things accomplished or underway.

A most admirable phase of this whole program is that the natives are not asking for or getting handouts. We are giving them medical assistance and help in instances of calamity, but otherwise they are rapidly getting on their own.

A truly commendable operation, the Navy is carrying it out speedily, efficiently, without fanfare, and withdrawing its official hand as rapidly as circumstances permit.

A motion picture camera has been developed which can take 11,600,000 frames a second. Sixteen frames is normal.

Railroad Stops Passenger Service for One Woman

ROCHESTER, N. Y.—No longer will the New York Central railroad maintain its Adams Basin station for the benefit of a Rochester stenographer.

Trainmaster Frank Stafford said he received a public service commission order approving discontinuance of the station.

Stafford testified at a hearing that one train stopped each morning to take Miss Lois Elmes to her work in Rochester and another train stopped nightly to drop her at her home.

He said Miss Elmes was the only passenger riding between the two communities.

PLAN YOUR HOME

around these Electrical aids to Better Living

Whether you're planning to build or remodel, electric aids to better living are a "must" to today's modern home planners.

You'll want to plan your home around handy, work-saving electrical appliances... cool attic ventilation, an efficient, economical all-electric kitchen.

And all through the house make sure there is Adequate Wiring, and plenty of electric outlets for radios, lighting, fans, vacuum cleaners... all the appliances you will want to live better... electrically.

You'll find it the economical way of living, too... because electric service from Southwestern Public Service Company is cheaper today than ever before.

It won't work...by itself

It takes a lot more than a telephone instrument to give you telephone service.

Before a telephone will work it must be connected by a pair of wires from your home all the way to the switching equipment in the central office.

Telephone wire and cable are still scarce compared with the large amounts we need. But we are placing and splicing new cable as fast as we can get it.

In some places, there isn't room for more telephone connections

on the switchboards. To get more room, we are adding new equipment—faster than ever before.

Despite shortages, we would be caught up by now if it was not for the extremely large number of new applications for service. They pour in at a rate of 50,000 a month in the Southwest, and that tremendous demand has kept us from eliminating the wait for telephone service in most places.

It is still an uphill pull, but we are gaining on it, and we are grateful for your patience and understanding.

Soil Conservation District News

Cecil Purcell, member of the board of supervisors of the Floyd County Soil Conservation District reported that a small area below the caprock received up to five inches of rain and hail in less than an hours time on Saturday, July 17. Some terracing done with District assistance on land farmed by L. D. Gilbert and Wayne Pigg was in the center of the heavy rainfall. Mr. Purcell said these terraces withstood the flood in good shape while some unterraced fields washed badly.

National Farm Safety Week is here, being July 25 thru 31 as proclaimed by the President. It has been said that farming is more hazardous and dangerous than working in explosive factories. The worker in the factory is taught to be careful and cautious.

The Soil Conservation Service crew set a high point for an irrigation well on the C. W. Schmidt farm north of Aiken, which will be operated by R. C. Dieter.

Some ditch lines were run last week for Delbur Rose of Aiken to irrigate hegarl. Since this farm has some permeable soil that takes water very fast, the runs will be 500 feet long or less in order to keep from over watering part of the land.

Mr. and Mrs. A. R. Meriwether accompanied by their son and his family of Wellington spent this week at Ruidoso, New Mexico.

Mrs. Pat Huffine and children of Joplin, Mo. spent last week with her sister, Mrs. Jack Cooper and family here.

MR. AND MRS. L. L. REECER

Don Pope Awarded Registered Jersey

Don Pope, an outstanding 4-H club member, son of Mr. and Mrs. Cager T. Pope of near Floydada, recently was awarded a Registered Jersey heifer, Premier Fancy Sylvia, by the Sears Roebuck Youth Foundation, according to A. L. Hartzog, County Agent.

Don's 4-H Club activities include the keeping of a milk record and butterfat test on a cow which he owned, and for which he was awarded a County 4-H Achievement Medal for the keeping of outstanding dairy records last year. The heifer of Combination Premier breeding was bred by O. T. Sisson and comes of a long line of outstanding Combination Premier Jerseys of high production which were a part of the Oscar Stansell Herd at one time. In the Exchange of dairy animals at the time the awards was made Don's father also purchased from Sisson two young registered cows of excellent type, already producing heavily. The Sisson Herd has been one of the outstanding examples of breeding and feeding for production in the history

of Jerseys in Floyd County and these animals should make a fine foundation herd for the building of a herd of registered, high producing, excellent type Jerseys on the Pope Farm. Don and his father now own seven head of registered Jersey females of Combination Premier and Sybil and Volunteer breeding, and the Agent said this week that the Pope herd stood a very good chance of becoming one of the top Jersey herds in the county and represents a mark of achievement in the county's dairy program.

Some other outstanding breeders of Jerseys in Floyd County are: Earl Edwards, Jr. and his father Earl Sr.; Cager Carmack & Sons, Bobby and Billy Charles; Clyde Farish and son, Donald; Harver Brock; O. T. Sisson; W. O. Dear; Chas. B. Smith and Pierce King.

4-H Club members other than Don Pope who have received awards of registered heifers with which to start foundation herds are: Robert Hambricht; Robert Hartman; John B. Griffin and Sam Ross, who received Cow-Hog-Hen heifers awarded by four of the county's leading farmers cooperatives and R. W. Smith who was awarded a Sears Heifer and who has purchased two other registered heifers.

To The Voters Of Floyd County:

I thank you for the fine vote you gave me in the primary election of July 24th, and for the substantial lead over my nearest opponent, for the office of County Judge of Floyd County, which places me in the August 28th run-off primary for that office.

Of course it will be impossible for any one to make a house to house canvas of the county before August 28 but will contact as many of you as possible to ask you for your vote and influence. To those of you whom I fail to see personally, will you please take this as a personal appeal to you for your vote.

I have an ambition to see Floyd County progress and take her place as one of the leading counties in Texas in agriculture and industry as well, and in education and spiritual development and as an ideal place to rear our fine children.

To effect this we must have road system second to none, a rural telephone system such as is now being installed all over the county, and our fine Rural Electrification system which is now being expanded. We must conserve our soil not only for ourselves but also for future generations, a part of that program being the control of bind weed and other noxious plants, which have gained such head way in the past few years.

We must operate the county government as economically as possible in order to keep our taxes in reasonable bounds, as we may not be blessed with such good times we now enjoy for too many years in the future.

I could go on indefinitely and in greater detail telling you of my ambitions for Floyd County but for fear this might become tiresome to you, will close by asking you for your support in my race for County Judge.

Sincerely,

G. C. Tubbs

Other Jersey breeders who have contributed substantially to the improvement of Jerseys in Floyd County, according to the Agent were the late N. E. Tyler, and J. A. Jameson recently deceased, whose herd is being dispersed; also O. L. Stansell & Sons, N. B. and Jack; Berry Hooten of Lockney; Roy Golden; Jack Brian of Lockney; Roy Hollums, Roy Patton and son, R. C.; W. H. Brock and Sons; Homer Steen; Jack Henry; W. A. Baker; W. I. Allen deceased, father of Oliver Allen; Frank P. Henry deceased, father of W. R. (Jack) Henry. The above men who were fanciers of fine Jersey cattle and good judges of both type and pedigree are due the continuing plaudits of those interested in dairying in Floyd County.

Those who have contributed widely to the development of Milking Short horns in the county are: Alton B. Chapman, George McAllister; M. J. (Bill) Wesley of Aiken; Virgil Williams, former Santa Fe Agent here, now of Fort Worth; and T. B. Mitchell of Lockney.

E. L. Angus and Roy Patton have contributed a great deal to the improvement of dairy production in many ways and particularly in serving as official butterfat testers for herd testing.

SWINE ERYSIPELAS IS NOW IN ALL STATES

One of America's newest swine diseases—erysipelas—is rapidly becoming one of its worst. In 1939 it was reported in 28 states. Today,

Note the enlarged joints, typical of chronic type of erysipelas.

erysipelas is causing several million dollars in hog losses and exists in every state in the Union. In some areas it has become so implanted in the soil that authorities fear it will be a permanent menace to swine production.

Perhaps the most difficult problem about coping with swine erysipelas is the fact that it often resembles hog cholera, and in some of its aspects it may resemble other swine diseases.

Symptoms include sudden deaths, arched backs, lameness, high fever and unwillingness of the hogs to move around. Due to the complexity of the symptoms, a veterinary diagnosis is generally necessary to determine whether erysipelas or some other condition is causing the losses. The disease occurs in two forms. The quick type causes immediate deaths and moves rapidly through the drove. The lingering type causes enlarged joints and sometimes sloughing of the skin.

Fortunately, a very effective vaccine has been developed—and this is proving extremely valuable in coping with erysipelas in areas where it has become a problem. The important feature about use of the vaccine is that it should be given as soon as possible after the pigs are farrowed, because erysipelas very commonly strikes pigs when they are only a few days old. Cement floors, from farrowing until weaning time, have also aided in the control of the disease. If hogs do start dying of erysipelas the carcasses should be disposed of promptly, because rats and other vermin can act as spreaders and can menace hog production in the entire community.

To The Voters Of Floyd County, Texas:

I want to thank you for the nice vote that you gave me on July 24th.

I appreciate the nice way in which you received me in your homes while making my campaign. If I had not have been handicapped in not having a car of my own, I would have seen every one in Floyd County. I enjoy meeting people and talking with them, and especially do I love children.

I want to thank my three opponents for the nice clean race that they made. They are all three fine men. I hope to see and talk with as many of you as possible before the run-off Primary election.

Very Truly Yours,

Tom W. Deen

Floyd County, Texas

THANKS TO THE VOTERS OF PRECINCT TWO:

I wish to thank the voters of Precinct Two, Floyd County, for the very fine vote and support given me in the first Democratic Primary last Saturday. I appreciate every vote and I assure you that I will try to repay you by serving you to the best of my ability.

I appreciate also the friendly attitudes of my opponents, Cap Carthel and Bert Bobbitt. They have both made a clean race. According to a statement issued this week, Mr. Bobbitt has withdrawn from the race. I appreciate his consideration in this, and I solicit your cooperation and help during my administration as your Commissioner.

Dusting in Time Aids Corn Yield

LUBBOCK—Dusting in time can mean the difference to 80 per cent better yield in sweet corn varieties raised in western Texas.

Dr. A. W. Young, chairman of the plant industry department at Texas Technological college, who is in charge of the experiment concerned with fast maturing varieties not com-

mon to West Texas said results from harvesting underway are "very disappointing."

He attributed the major loss in the fields of golden bantam (three hybrids), oto and towa to ear worm. The ear worm which has riddled the most of the sweet corn is the same worm that bores through maturing cotton bolls in this area, Dr. Young said.

Dusting with DDT as soon as the

silk appears will be the single greatest benefit to a corn crop, he said. For the best results dusting should be continued through the life of the corn ear once a day or once every other day, dependent on the threat of ear worm in specific fields.

Farmers presently growing sweet corns may have time to save more than half their crop by beginning dusting at once, he said.

The experiment is being conducted on an irrigated 10 acre plot along with onion, tomato and lettuce experiments. Harvest of these vegetables has not begun.

"Where Nature Cures"

Campbells Attending School in Arkansas

Fayetteville, Ark., July 22 - Rev. and Mrs. R. H. Campbell of Lockney are two of 200 Methodist church school leaders attending the Leadership Training School in session at Mount Sequoyah Assembly grounds here, July 19-30.

Offering courses in all phases of the church's education program, the school is designed to give advanced training and spiritual enrichment to persons engaged in Christian education on the annual conference, district, and local church level. The entire program is planned around important issues confronting the church today.

In addition to daily classes the school program includes morning and evening periods of worship and offers opportunities for participation in such activities as nature lore, crafts, and outdoor recreation. The school is sponsored by a board of managers composed of the annual conferences within the South Central Jurisdiction in cooperation with the Division of the Local Church of the Methodist General Board of Education.

H. J. R. No. 35 HOUSE JOINT RESOLUTION proposing an Amendment to Section 61, Article VI of the Constitution of the State of Texas so as to provide that all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessors and collectors of taxes, and their deputies, constables, deputy constables, and precinct law enforcement officers shall be compensated on a salary basis in all counties of this State beginning January 1, 1949; providing for submission of this Amendment to the vote of the people of Texas providing the time, means and manner thereof. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VI of the Constitution of the State of Texas be amended so as to read as follows: "Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more according to the then most preceding Federal Census, shall be compensated on a salary basis in the State. The Commissioners Courts shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including assessors and collectors of taxes, and their deputies, on a salary basis beginning January 1, 1949.

"All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case the county is a field, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All salaries paid to county surveyors and public weighers shall continue to be compensated on a fee basis."

The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, deputy constables, and other law enforcement officers shall be compensated on a salary basis"; and "AGAINST the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, deputy constables, and other law enforcement officers shall be compensated on a salary basis."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provisions for voting for and against this Constitutional Amendment shall be placed on said machine and each voter may vote on such machine for or against the Constitutional Amendment.

Sec. 2. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

H. J. R. No. 36 HOUSE JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adding thereto another Section to be designated as "Section 40" to authorize counties of this State to provide insurance for county employees; providing for the Governor's proclamation and submission to the electors. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the State Constitution be and the same is hereby amended by adding thereto another Section following Section 39, to be designated "Section 40" to read as follows:

"Section 40. The Legislature shall have the power to pass such laws as may be necessary to enable all counties of this State to provide Workman's Compensation Insurance, including the right to provide its own insurance risk, for all county employees as in its judgment is necessary or required; and the Legislature shall provide suitable laws for the administration of such insurance in the counties of this State and for the payment of the costs, charges and premiums on such policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon: "FOR the Constitutional Amendment providing Workman's Compensation Insurance for county employees," and "AGAINST the Constitutional Amendment providing Workman's Compensation Insurance for county employees." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provisions for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-b and 1-c be added to Article VIII of the Constitution of the State of Texas to read as follows:

"Section 1-b. Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes."

"Section 1-c. Provided, however, the terms of this Resolution shall not be effective unless House Joint Resolution No. 34 is adopted by the people and in no event shall this Resolution go into effect until January 1, 1951."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon the following words:

"FOR the Constitutional Amendment exempting Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads from all State taxes," and "AGAINST the Constitutional Amendment exempting Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads from all State taxes."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties and other subdivisions using voting machines, the above provisions for voting for and against this Constitutional Amendment shall be placed on said machine in such manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Dagleys are Home And Improving

Mr. and Mrs. J. L. Dagley, both of whom were seriously injured in an auto accident near Benjamin a month ago, have returned home and are showing considerable improvement.

Mr. Dagley is able to be up part of the time. Mrs. Dagley is still confined to her bed but will be up in a couple of weeks, the family reports.

The couple were injured when a fire blew out on the car and it overturned several times.

They expressed their thanks this week to friends and acquaintances who sent them cards and letters during their illness.

A number of relatives have been here with them since their arrival home. Elmer Shackelford, Mrs. Dagley's brother of Goree, accompanied them home from the hospital and stayed a day or two. Mrs. Elbert Dagley, a daughter-in-law of Corpus, spent a week with them returning to her home Tuesday of this week. Their daughter, Mrs. L. C. Gotcher of Long Beach, Calif., arrived Monday night to spend a month or six weeks here.

Reed Expresses Thanks to Voters

I want to express my sincere thanks to the voters of Precincts Two and Three for the nice vote given me in last Saturday's primary. I will endeavor to serve you to the very best of my ability.

New Arrivals

Mr. and Mrs. Wilburn Tannahill are parents of a baby daughter born Monday morning July 26, at 8 o'clock at the local hospital. The young lady who tipped the scales at seven pounds has been named Sheri Genevieve. Mr. and Mrs. J. B. Allen are maternal grandparents.

Mr. and Mrs. Paul Mangum are the proud parents of a baby daughter. She was born July 25 and has been named Ruth Elaine. The young lady made her appearance at Dr. Pitts hospital in Floydada. She weighed seven pounds. She has a brother who is four years old.

Mr. and Mrs. Irving Fisch and daughter, Carole Sue, Miss Gusta Davis and Ray Thomas of Crowell spent Sunday with Mr. and Mrs. Payton Pewers and Mrs. Grace Byars.

Careful planning, wise buying and good cooking can do much to hold down food expenses in the family, but even these may not outweigh the expense of catering to whims and special tastes.

Wash handkerchiefs before they are badly soiled so that they need little or no rubbing to become clean. An hour's soak in cool water will loosen much of the dirt and save strenuous washing.

At the very top of most men's heads is the bump of benevolence, as far away from the pocketbook as possible.

Some people wake up and find themselves famous; others remain out nights and become notorious.

EDUCATION... Miss Helen Maude Cam, 62-year-old lecturer in medieval English history at Cambridge university, will assume duties as a full professor at Harvard university—first woman ever to hold that rank at Harvard.

Uncle Sam Says

Millions of Americans are reeducating themselves to the support of our Government by word and action. Nearly 10 million of them are doing their share through the purchase of U. S. Savings Bonds on the easy, automatic payroll savings plan. They realize that a dollar saved is a dollar fighting against inflation. And some day, these dollars saved, will be returned to them with interest, \$1 for every \$3 invested. These bonds are truly security bonds as they help to stop spiraling prices. You too can become an investor through the steady accumulation of Savings Bonds. If self-employed, an automatic bond buying plan is available to you through the Bond-a-Month plan at your bank. U. S. Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be sagging eyeballs, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is given this patient. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Plastics will soon be used as a stiffener in felt hats, according to the Lee company, Danbury hatters.

The smallest state in the Union has the longest name—the State of Rhode Island and Providence Plantations.

Sunstroke, which results from being out in the sun too long, may be avoided by keeping the head covered with a broad-brimmed hat and by covering the body with loose-fitting comfortable clothing.
