

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: We have just emptied the last gallon from our 50-gallon range-oil drum, and the drum seems to be full of rust. Is there any way to clean this out before we have it refilled?

ANSWER: I believe the lower inside part of the drum has probably corroded. If you do not wish to buy a new one, you might consider having the lower part cut out and a new piece welded on. After opening up the drum it can be cleaned out thoroughly before welding on the new piece.

QUESTION: I have a pair of wrought iron candlesticks. I have just removed a coat of shiny black enamel from them. Now what is the correct, dull black paint or finish to use on them?

ANSWER: First wipe with benzine to remove all traces of whatever kind of remover you used to take off the old finish. Be careful of fire when using benzine. Finish the pieces with a flat black paint intended for metal surfaces; the better stocked paint stores sell this paint.

Practical Wood Shelf Adds Decorative Note

THE Wedgwood narrow shelf illustrated above is designed for use over sink, stove or in the bathroom. On it you can keep the many small articles you're always taking extra steps to reach. It not only provides a handy and practical amount of extra shelf space but it also adds a decorative note to the room.

The full size pattern offered above is traced on the wood which the pattern specifies. Then saw and assemble. A really professional note is obtained by placing upholsterer's tacks on shelf where pattern indicates.

Send 25 cents for Wedgwood Shelf Pattern No. 4 to East-Bird Pattern Co., Dept. W, Pleasantville, N. Y.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up at night, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

TECH STUDENTS TO ATTEND NATIONAL DAIRY SHOW IN IOWA

LUBBOCK—Four Texas Technological college students who placed first in dairy cattle judging at the Fat Stock show in Fort Worth last year are leaving the college this week for Waterloo, Iowa, to participate in the National College Dairy Cattle Judging contest.

The three team members and alternate are William Atwood of Graham, Jack Burkhalter of Seymour, Jack Erwin of Lubbock and Ralph Harbin of Levelland.

Koy Neeley, associate professor of animal husbandry and coach of the judging team, is accompanying the student judges.

The judging contest is being held in connection with the Dairy Cattle Congress, and is to be the 1948 official national contest.

Longhorns Smash Dumas 25-12

The Longhorns, showing much improvement in the backfield and stellar line play, smashed the Dumas Demons here last Friday night 25-12. Although the Longhorns were a little off on their tackling, allowing the Demons to make two long runs for scores, they did show improvement in almost every other department of the game. Signal caller Jimmy McGowen called a steady game.

Jerry McCullough, Jack Cole and McGowen did some nice running with Strickland clearing the way from his blocking back position. The line, although probably not as sharp as in previous games, did a whale of a job of stopping the Dumas running attack. They allowed the Demons only one first down all night and that was on a 15 yard penalty. The Longhorns made 12 first downs. The Demons earned one other first down but it was nullified by an off-side penalty.

Three of the Lockney scores came as a result of sustained drives down the field with Jerry McCullough carrying the ball over each time for the score. They scored one time in the first quarter, once in the second and once in the fourth. They scored also one time in the second quarter on a pass Jack Cole to End Joe Keeter, which covered 35 yards. Jimmy McGowen converted from placement after this touchdown to make the score 25.

Dumas' scores came, one in the first quarter and one in the third on long runs. In the first quarter J. N. Bramlet, swept his right end and ran 65 yards for the score. In the third quarter Ray McCown picked up a punt on this own 40 yard line and took off down the middle of the field. No one touched him.

Other statistics showed that the Longhorns gained 265 yards from scrimmage while the Demons made 161, with 125 yards of that accounted for by their two long runs. The Longhorns lost 29 yards from scrimmage while the Demons lost only 27.

The locals showed some improvement in the fumble department. They fumbled only twice during the game while Dumas fumbled four times. The Longhorns completed two passes, one for 35 yards and a touchdown and the other for 17 yards while Dumas did not complete a pass. Penalties were 45 yards for the Longhorns and 20 for the Demons.

A brief review of the game follows: Lockney received and returned to their own 16 yard line. Failing to gain 10 they kicked to the Demons 35. Three tries netted minus 2 yards and the Demons kicked to Lockney 29. From here the Longhorns made three successive first downs, one of the runs being a 20 yard gallop by Jimmy McGowen. The third first down found the ball on the Dumas 17. From here they made 5 and then fumbled on the Dumas 9 with Dumas recovering. However Dumas also fumbled on their first play with a Longhorn recovering on the 11. Three plays made the score with McCullough carrying over. The try for point failed.

Dumas wasn't long in tying the score. They received on their own 35. They made 2 yards at the line and then Bramlet took off around right end

Shorthorns Whip Floydada 20-7

The Lockney Shorthorns did their part in the local feud with Floydada last Thursday night when they defeated the Breezes from Floydada grade school 20-7.

In a seventh grade game preceding the main one the Floydada seventh grade defeated the locals 7-0.

Don Sutterfield, Orland Gilbert and C. B. Smart were the chief ground gainers for the local lads. Gilbert sat up the first touchdown in the first quarter when he carried the ball from Floydada 35 yard line to the 4 on a reverse. C. B. Smart plunged the ball over for the score. The point was made and the Shorthorns led 7-0.

In the third quarter the Breezes opened an effective passing attack, made one touchdown which was nullified by a penalty and then came back with another pass which scored. The point was made tying the score. But not for long. On a fake reverse Don Sutterfield, with C. B. Smart doing some effective blocking, swept left end on a fake reverse for 65 yards and a touchdown. Point was made. Score 14-7, Lockney.

Then Orland Gilbert came back on a reverse and swept the other end for a score. The point was missed and the scoring was over for the night. Score 20-7.

Goalward bound. He went over with no one near him. Try for point also failed and the score was 6-6.

Lockney received the kick and returned it to their own 40 yard line. They made 9 yards and then were penalized 15. They kicked to the Dumas 32. Dumas failed to gain and kicked to the Lockney 49. From here the Longhorns scored in five plays with McCullough again carrying the ball over. Try for point again failed.

Dumas received on their own 22. Fumbled the ball with Donnie Bybee recovering for the Longhorns. They made one first down and then kicked with Dumas taking the ball on their own 14.

Dumas lost one yard, was penalized 15 and kicked to their own 39 yard line. The Longhorns made 5 through the line and then Jack Cole stepped back and dropped a perfect pass into end Joe Keeter's hands for a touchdown. Jimmy McGowen kicked the extra point from placement.

Dumas received and failed to gain as the half ended.

Half Time Program

The Dumas Band performed first at the half time intermission and made quite an impression on the fans. They have a swell dressed and well trained band.

The Lockney High band also gave a very creditable performance, first forming the letters H in front of the grandstand and then the traditional LL for Lockney Longhorns.

Dumas received at the beginning of the third quarter, lost 8 yards and then Cole recovered a fumble for the Longhorns on the Dumas 30. The Longhorns failed to gain and Dumas took the ball back on their own 22. They made 5, lost 1 and then the Longhorns were penalized 15 yards giving the Demons a first on their own 48. Three tries at the line netted the Demons a loss of yards and then they kicked to the Lockney 28. The Longhorns also lost 4 yards in three tries and kicked to the Dumas 40. From this point McCown picked up the ball and ran the 60 yards down the middle of the field for a touchdown. The try for the point failed and the score was 19-12.

The Longhorns received and returned to their own 39. They made one first down, received a 15 yard penalty and kicked to Dumas 27. The Demons failed to gain and kicked to the Lockney 14. They made one first down, and then fumbled with Dumas recovering on the Longhorn 23. But again the Demons fumbled and it was the Longhorn ball on their own 33. Three tries at the line lost 3 yards for the Longhorns and they kicked to the Dumas 41. Here the Demons made 1 yard, and then made eight yards. On their third down they made 5 for a first down but the gain was nullified by an offside penalty and they lost 4 on their next play. They kicked to the Lockney 26. The Longhorns made 3, nothing, and on the third down McGowen broke loose to the Dumas 40, a gain of 31 yards. A pass from Cole to Pyle was good for 29 yards and from that point the Longhorns scored in four plays. The try for point failed and the score stood Lockney 25, Dumas 12 as the game ended.

Nelda Huckabee Is Bride Of Bob Bratton

On Friday evening, September 24, Miss Nelda Huckabee, daughter of Mr. and Mrs. O. H. Huckabee of near Lockney, became the bride of Bob Bratton, son of Mr. and Mrs. Andy Bratton of Floydada.

The vows were exchanged in the Methodist parsonage here with Rev. N. S. Daniel reading the service.

The couple's attendants were Nita Huckabee, sister of the bride, Lois Huckabee, cousin of the bride, and Russell Swaffler, friend of the groom.

The bride wore a deep blue street length dress with black accessories. Her dress had a fitted bodice with a high neckline and full skirt. Her corsage was of pink rosebuds.

Nita Huckabee, sister of the bride, wore a gray suit with black accessories.

Lois Huckabee wore a pink dress and a corsage of white carnations with brown accessories and a corsage of white carnations.

For something old and borrowed the bride carried a silk handkerchief belonging to her mother. For something new, she wore a string of pearls given her by her mother. Her dress was blue.

The bride graduated from Lockney High School in 1947. The groom is a 1944 graduate of Floydada High.

The couple was honored with a wedding supper in the home of the groom's sister, Mrs. Gerald Lackey at Cedar Hill. Relatives of the bride and groom attended the supper.

The couple left immediately for a wedding trip to Carlsbad, N. M. For traveling the bride chose a black and white suit with black accessories. They will be at home in Floydada.

B&PW Has Social and Business Meeting

The Business & Professional Women's Club of Lockney met Tuesday night for a joint social and business meeting at the American Legion Hall.

After the Italian supper a short business meeting was held. Reports from the project and finance committees were heard and discussed. Committees were appointed to further investigate the possibility of fixing a club room. The program for National Business & Professional Women's week, which begins October 10 was discussed. The club voted to serve food of a different nation at each social during the year. A report from the membership committee was given and a new member voted into the club.

After the business meeting was adjourned an amateur program was presented. The members in groups of three presented their skit. Margaret Dorman, Velma Cox and Mary Ida Rose won the prize as the most talented members of the club.

Those present for the meeting were Mrs. Margaret Dorman, Velma Cox, Mary Ida Rose, Lucy Dean Record, Emma Thornton, Wanda Baker, Bernice Miller, Wynona Allison, Faye Messer, Rex Jackson, Estelle Powers, Wilma Brown and the hostesses, June Bybee, Erma Thompson and Clara Copeland.

Floydada Men Hurt In Car Crash Saturday

Two Floydada men were injured, one critically, when the automobile in which they were riding struck a culvert guard rail and careened into a railroad signal post at a crossing on the east edge of Floydada about 6 o'clock Saturday morning.

Most seriously hurt was Alvie L. Jackson, 38, farmer near Floydada. He received head injuries, numerous cuts and bruises and possibly other injuries.

The other injured man was Ovid N. Stanton, Floydada painter, 25, and the driver of the automobile. He received a brain concussion and cuts and bruises.

The automobile was demolished. The motor was dislodged from the chassis and came to rest several feet from the other wreckage. The two were receiving treatment at the Floydada Hospital.

Mr. Stanton, a brother to Mrs. Robin Byars, who lives just south of Lockney, was reported to be improving first of the week.

Agents Attend Two-Day School At Floydada

Miss Sadie Hatfield, extension specialist in landscape gardening, of College Station, gave a two day training meeting on landscaping the Home Grounds at a sub-district meeting for home demonstration agents, two days of last week with ten agents attending. A training meeting for home improvement club leaders was given on Tuesday at the home of Mrs. Geo. Smith in Floydada. Training for demonstrations is to begin next year by the leaders.

The agents present for the training meeting visited the home of Mr. and Mrs. A. M. Dorsey of Pleasant Valley on Tuesday morning. Mr. and Mrs. Dorsey started improving their home grounds last year. They have levelled their yard and sodded the lawn, added walks and made other improvements since the agent's last visit with them.

The second trip was made to Mrs. Smith's Wednesday morning to study insects and diseases with the specialist and agents in attendance. Agents present were the following: Miss Kate Adele Hill, district agent from Lubbock, Miss Sadie Hatfield, extension specialist in landscape gardening from College Station, Miss Cara Pratt, Lubbock, Miss Mary Grindstaff, Plainview, Miss Helen Dunlap, Brownfield, Miss Mozell Parr, Crosbyton, Miss Graham Hard, Tahoka, Miss Alta Mae Anderson, Levelland, Miss Earnestine Gary, Tulla, Miss Mable Ann Manley, Morton, Mrs. Mattie Seago Seale, Dimmitt and Miss Leila Petty, Floydada.

Home Improvement Club leaders of the county clubs include Mmes. C. L. King and Herman King of Lone Star, J. H. Davidson and C. L. Mooney of Sterley, R. L. Neil and Floyd Bradford of Baker, J. P. Moss and John Lloyd of the Homebuilders club, O. G. Glassmoyer and Tate James of Dougherty, J. A. Hartsell and O. C. Vinson of Center, Henry Bollman, L. M. Honea, E. L. Stapp, and M. L. Anderson of Lockney, J. E. Kirk of Starkey, Fred Zimmerman of Our Home Garden Club, Roy Wilkes and A. M. Dorsey, of Pleasant Valley, W.

Texas Postal Receipts Show Increase In 1948

AUSTIN, Texas—August postal receipts in Texas rose 16 per cent from August 1947, the University of Texas Bureau of Business Research reported.

Totalling \$3,929,184, receipts from 41 Texas cities dipped 2 per cent from July to August, however.

After adjustment for seasonal variation, the Bureau's index of postal receipts edged downward 1 per cent from July to 244 per cent of the pre-war (1935-39) base period.

Substantial August-to-August gains were turned in by Coleman, 65 per cent; Sweetwater, 59 per cent; Nacogdoches, 52 per cent; Edinburg and Jacksonville, 48 per cent; and Tyler, 41 per cent.

Only four Texas cities reported August-postal receipts below a year earlier: Seguin, 16 per cent; Greenville, 31 per cent; Big Spring, 9 per cent; and Plainview, 3 per cent.

Following the seasonal downturn, postal receipts in Lockhart fell 25 per cent from July to August. Borger's

Four Sets Twins At Texas Tech

LUBBOCK—The generous sprinkling of twins at Texas Technological college this year concentrated in the home economics division leaving a sister pair in each of the four classes.

The "old regulars" are Martha and Mary Lewis from Dumas who are seniors this year. Mary was recently married, and is now Mrs. Griffin. She is still enrolled in classes and has not helped her teachers any by becoming any different from Martha.

Velma Faye and Thelma Mae Walker are the juniors from Roscoe. They are majoring in foods and nutrition and home economics education, respectively.

Juanita and Anita Reynolds from Lubbock are sophomores. They are applied art majors and have the same teachers and class periods.

The newcomers are Betty and Dorothy Rountree from Roswell, N. M., the division's freshmen.

ARMY NEEDS HOBBY TECHNICIANS IN STATES

FORT SAM HOUSTON, Texas—More than 20 positions are now available for hobby shop technicians in Japan, the Philippines, Alaska and the United States, the Department of the Army announced Wednesday.

Yearly salary for these positions ranges from \$4,648 to \$5,598. Contracts are for two years. The army offers food and lodging at reasonable rates plus liberal leaves, benefits and transportation to and from the overseas Theater.

Men are preferred for these positions; however, women between the ages of 25 and 50 will be considered.

Techniques in photography, wood-working, plastics, art, metal and applied arts and crafts should be familiar to the person applying.

Applicants must fill out three copies Federal Employment Form No. 57 which is available at post offices, civil service offices and personnel sections of military installations. Photographs of applicants are required, along with photographs of at least three of their hobby projects.

Applications should be forwarded to: Chief, Hobby Shop Section, Army Recreational Service, Office, Chief of Special Services, Department of the Army, Second and Queen Sts., Washington, D. C.

All applicants will be notified by letter whether or not they have been selected.

Infants have a soft spot in their head called the fontanel.

The harvesting of sweetpotatoes reaches its peak in October when largest supplies will be offered, although good supplies will be coming to market from mid-September on.

Wheat farmers will profit more by planting the varieties of wheat that have good baking qualities as well as high yields.

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient *once-over* job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

We have hookups to mount the Harvester on John Deere tractors Model A, B and G, and on IHC tractors, model H and M. They can also be installed on certain other types of tractors.

A small deposit will hold one of these harvesters until you are ready for it. We will come and get your tractor, install the cotton harvester and deliver it back to your farm at no extra cost. There were approximately 40 of these machines sold in the Lockney trade territory last year and we can supply you with the names of the purchasers if you wish to talk it over with someone who bought one last year.

Lockney High

Hello people, here we are again with the weekly account of the goings on at Lockney High school. Hope you enjoy reading them.

Friday morning, September 24, 1948 the student body of Lockney High entered the gymnasium for a pep rally. The students were happy enough, yet something was missing. Mr. Reeves introduced the speaker of the morning, Lena Sue Pylant who gave an inspiring speech about school spirit and the lack of it. Mr. Reeves added more to this and by the time Coach Kelley gave his talk the ceiling was lifted with cheers. We seemed to realize that something was missing, or we found out.

We realized that we were not going into our pep rallies or not going into school activities with the right attitude. After we had given this a momentary thought, we were bursting with energy. This change of spirit could possibly had something to do with our 25 to 12 victory over Dumas.

We extend our thanks to all the boys who helped with winning the game. The boys did a wonderful job knocking our opponents back so our fast running backfield could go through.

We are happy to have found a new and better spirit. We know that it will prevail as we go on the gridiron against the many teams. It will also go on as we try, not for co-champions of the district, but CHAMPIONS.

We take time out now to brag on an ex-student, Wyman Guthrie, former Lockney grid star, made the first team at East high in Denver, Colorado. A sprained ankle prevented him from playing the first game, but we are expecting to hear more about him at his position as right half-back the remainder of the season.

BAND NEWS

The band is looking forward to the South Plains Fair with much interest. We will leave Friday morning at 9:00 and plan to be back before school is out. We will give an hour concert there.

Also we are working hard for the show Friday night at the half. Last Friday night Dumas brought their band and they put on a fine show, despite the trouble they had getting here. Abernathy will bring their band too, so we will have to be on our toes. Every member of the Longhorn Band is holding his breath for fear we won't get uniforms, but with everyone working together with new uniforms in mind, we'll have them before the year is gone.

Well, kids, the band's got that old spirit—have you? Let's keep our boys in good spirits, and that Championship is ours!!!

PEP SQUAD

The pep squad met at the band hall Monday night for their weekly meeting. They are learning many new yells and songs for the future games. They adopted a new "Fight Song" which we are sure you will all like very much. The Pep Squad plans to meet every Monday the remainder of the season and continue their work.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Curtain Going Up:

The Press Box: Hjalmar Schacht was acquitted by a German court of the charge he was a Nazi. . . . Next thing you know Bevin will be appointed honorary chief of Hag-anah. . . . Our government has been alerted to watch for Fascist leader Oswald Mosley of London, rumored en route here. Probably to make sure he has no trouble getting in. . . . Sinister item buried on page six of the Times: "Berlin: British and French authorities today let up in their programs of dismantling German factories labeled as war industries." . . . All right, Adolf, stop smirking that way. . . . H. Wallace apparently is convinced the Administration's biggest mistake was discontinuing eggless Thursday.

N. Y. Sun columnist Boone observes: "It's curious how it's always the fellow who testifies on behalf of his country who is loudly denounced as a smear-er." . . . Not so curious. It's usually what your target says when he can't think of anything else. . . . AP reports the Democrats' slogan will be "All 48 in '48." Dot's nize. We liked it months ago when we suggested it for Ike. . . . The U. S. Gov't hasn't wasted a moment cracking down on the Give-Away programs such as "Stop the Music." But they're sure taking their time catching up with the disc jockeys like Axis Sally.

New Yorkers Are Talking About: Gov. Stassen's charge that the Truman Administration is deliberately attempting to keep prices high until after election. Didn't Stassen ever read the speeches by Taft and Wherry, which killed price ceilings? . . . The President telling intimates he isn't running against Dewey but against \$1.50 lamb chops. . . . Hitler's little helper, "Axis Sally," quoted as wailing: "I am fighting for my life!" Now she knows how the G. I.s felt when they were fighting for theirs. . . . Pals of Babe Ruth revealing that the producers of the "Babe Ruth" film promised to delete that scene showing him intoxicated, falling from a cab. And didn't!

QUOTATION MARKSMANSHIP: Michael Arlen: Deep blue eyes, like two teardrops of Mediterranean. . . . Don Ballin: Wallace's Southern tour was very extravagant. . . . M. E. Hecht: They stood at the bar gossiping their cocktails. . . . Wilson Mizner: The days prior to marriage are like a snappy introduction to a tedious book. . . . A. Woolcott: Another good reducing exercise consists in playing both hands against the table and pushing back. . . . A. Snow: Definition of a baby: Visible Love.

Man About Town: The State Dept. is not the only rat hole for busy Communists. Many New York book stores crawl with Communist clerks. They "bury" anti-Red books and build displays of pro-Russian tones. "I Chose Freedom" author Kravchenko will confirm that. . . . "The Anniversary Song," which Jolson made famous (a year or so ago), was first unveiled in the German film classic "Maedchen in Uniform," 16 years ago. It will be revived at the 55th St. Playhouse Oct. 1st. It's a German folk song. . . . Louisiana's new Gov. Earl Long, brother of Huey, doesn't move anywhere (say politics) without bodyguards. At a New Orleans cemetery the entrance was decorated with a placard reading: "Move Over, Huey!"

Oops! The N. Y. Times in its obit on Charles Evans Hughes mentioned that he had gone to bed (that 1916 Election night) thinking he had been elected President. . . . And then was informed by the aym headlines that Wilson won. . . . The obit neglected to report that the newspaper which erroneously elected him was none other than the everlovin' N. Y. Times.

Faces About Town: Ethel Mer-man and her new 18-karat sq. cut finger spotlight, the tax on which was over \$10,000. . . . Sonja Henie, just out of the skies from France, reporting that American warships are "everywhere in the Mediterranean up to the Channel!" . . . Frank Buck, often reported so ill "he might die," returning to the midtown scene the same night his "Bring 'Em Back Alive!" film was revived. . . . Lucius Beebe, the bookwriter, whose kinfolk always christen their sons Marius, Junius, Decius, Brutus and so on.

VIGNETTE: A little more than 18 months ago when Kay Thompson and the 4 Williams Frezes were hoping for a "break" on the coast, a hotel chain owner was among the few who agreed to fly to Las Vegas, where the now famous act was breaking in, to look it over. . . . At intermission (when the patrons went to the gaming tables) he was told the 2nd part was about to start. "I've seen enough," was the indifferent reply. . . . Kay and the lads will be the next headliners at his Beverly-Wishbire Hotel. . . . The deal calls for three of his swankiest suites, two for the boys; one for Kay. Newly re-decorated. . . . Salary: \$8,500 net.

THE widest gap between college and pro football this fall will involve the financial side.

The colleges should play to the largest crowds they have ever known, all at top prices and reduced expenses, if even part of the Sanity Code works out. The pros, due to the knockdown and drag-out, cut-your-throat competition between the National and the All-America conference, can easily lead to a financial debacle.

I don't believe more than one, possibly two, of the A. A. C. teams can break even. At least four or five will take a drubbing that runs from \$300,000 to \$500,000 in losses. Cleveland, San Francisco and New York might break even, or make a little.

In the National league, the losses will be nothing like those in some A. A. C. cities, but due to much heavier pay-roll expenses, there will be few profits.

The National league grabbed most of the college stars of 1947—Lujack, Conerly, Connor, Layne, Evans, Gilmer, Minis—on and on. The A. A. C. passed up the stars, although Chappuis must be rated one of them.

The Chicago Rockets, caught between the Bears and the Cardinals, two great teams, may take the heaviest financial socking. Possibly a \$500,000 touch. The Brooklyn Dodgers, opening to 16,000 when they needed 30,000 to break even—badly beaten in their opener—may take the next dipping at \$300,000 or \$400,000.

The National league is luckier in having such teams as the Giants, Bears, Redskins, Eagles, Packers, Steelers, etc., established in cities where they have been planted for years.

George Marshall of the Redskir is sold out in advance each season, although George and many football writers are not exactly on speaking terms. As long as Mr. Marshall doesn't care, why should anybody else bother? He has a monopoly that also won't make much money in this football war.

Tim Mara and George Halas have had the two richest franchises. They should have. They built up pro football. They've been on the job 27 years.

There is certainly a place for two big leagues. But in many ways the new league was badly arranged and badly directed as its \$4,000,000 losses prove.

What will happen, nobody knows. But it may not be pleasant reading for any stockholder in either league.

The College Side

On the playing side, the pros will have a great season. But the colleges will have an even greater playing season plus a far more cheerful financial side.

This should be one of the top years of college football, no matter what section you turn to.

The East faces one of its most interesting campaigns—Penn State, Army, Pennsylvania, Princeton, Columbia, Navy, Rutgers, Holy Cross, Villanova, Yale, Harvard, Dartmouth, Boston College—on and on. Here Penn State is the team to beat.

Then move to the Midwest—look at what they have to offer: Notre Dame, Michigan, Purdue, Minnesota and Northwestern. Now to the Southwest: S. M. U., T. C. U., Texas and Rice. The South presents such teams as North Carolina, Georgia Tech, Vanderbilt, Mississippi State, Alabama, Georgia.

I can give you over 50 college squads along a high level—who will draw capacity crowds. For example, Southern California may win no title of any sort. But it will outdraw any pro team at least two to one on the financial side. So will Notre Dame, Michigan, Ohio State and California.

Under the new Sanity Code, the colleges won't be involved in any expenses involved in building up their teams. This problem will be put up to the alumni.

In the old days, some football players would "die for dear old Rutgers." Now some rather wealthy alumnus will go broke for his team, whether it is in the Big Nine, the South, the Southwest or the East.

Athletes Won't Suffer

But don't let anyone tell you that any section has gone shy in taking care of its athletes. Not by any university, or by any college, but by certain proud and rather wealthy citizens who might be operating from New York or Chicago or any other spot.

The Sanity Code won't go to work perfectly. But it should help. At least there might be a reduction from the \$5,000 and \$10,000 paid to certain stars—in many cases more than the pros get.

Virginia's refusal to adopt the N. C. A. A. Sanity Code has somewhat shaken the apple cart. One penalty is refusal to let the offender play an N. C. A. A. team.

All-Time Best Seller Lesson for October 3, 1948

IF ALL the Bibles sold in one year by one manufacturer, the American Bible society, were piled on top of one another, flat—not endwise—that pile of Bibles and testaments would be 26 miles high. In 1947 that firm put out the astonishing total of 9,310,439 Bibles, testaments or portions. During the first 125 years of the society's existence, 305,579,217 copies of Scripture were printed and sold by them; this would make one shelf 670 miles long.

The Bible is the best selling book in the world. No other book is in its class.

Not to know the Bible is not to know the most widely read book in the world. The American Bible society publishes it in only 167 languages, but parts of it have been translated into as many as 1,000 languages and dialects.

Many Authors

SUCH popularity must be deserved. There are many reasons why the Bible continues to be, year after year, the all-time best seller. But one of the reasons is its impressive variety. It is not one book, it is a library of books. Whatever your mood, whatever your need, there is a page in the Bible, somewhere, for you.

A Christian will try seriously to appreciate the whole Bible and not merely one or two parts of it. Yet there is such variety in it that invariably some persons are attracted by one feature of it while another feature makes stronger appeal to others.

Our studies these next three months will be in "The Literature of the Bible" and each week we shall be noticing a different feature. This week we give a thought to the tremendous variety of the Bible, along with its underlying unity.

Many Types

LOOKING through the Bible you find all varieties of literary types; you find poetry and prose; stories, essays, sermons, biographies, dramas; rhapsodies, love songs, funeral dirges and battle hymns.

Here are pages as prosaic as a telephone book and here are pages more exciting than any fiction. Here are simple, straightforward ideas that a child can understand as soon as he understands the words and here are mysteries so profound that the world's mightiest and boldest minds shrink back in awe.

The Bible is not like a piece of music played on one single instrument, like a lute or a piccolo; it is more like an immense symphony—the more often we listen to it, the more we hear in it.

Many Times

NO ONE knows exactly how long it took for the Bible to be written. Let us suppose that the earliest parts came from the pen (or stylus) of Moses, and the latest part from about 100 years after Christ (John and the Revelation). If Moses flourished around 1200 B. C., that would mean that the Bible was completed 13 centuries after it was begun.

In 13 centuries much can happen, and much did. There is hardly any circumstance or crisis, there is scarcely any time, however humdrum or thrilling, which does not have its match in the Bible. Its writers were inspired men; they knew God. But they also knew the times in which they lived, and thus can speak to ours.

One Theme

FOR all the vast variety of the Bible, there is in it a deep and lofty unity. It is bound together by its mighty purpose, which throbbed in the heart's blood of every man who wrote a line of it. That purpose is to make God real to man, and to bring man to God. The writers of the Bible may have had their lighter moments, but they did not write these pages then.

They wrote under the irresistible impulse, born of the Holy Spirit, to make plain to other men what God had revealed to them.

So as you come to the Bible, remember its purpose is not to make you admire or revere it as a book; its great purpose is to be transparent, a window through which you shall see God.

AROUND THE HOUSE

On washdays wear an oilcloth apron made of an old tablecloth. This keeps you dry from neck to hem. If there is enough material, you can make a matching bag in which to carry clothespins.

Baked apples served a la mode make a party dessert. Put vanilla ice cream on a warm half of the baked apple.

When making jellies and preserves, keep a small saucer on the side of the stove to hold the spoon after stirring the mixture. If rested on the stove the sirup frequently bakes to the stove and this hardened mass is difficult to remove.

Convenient storage place for playthings for the convalescent child is a fabric shoe bag which can be hung beside the bed. Crayons, pencils, scissors and paper fit easily into the shoe pockets.

Put a sponge in a bowl of left-over starch and let it absorb the starch. Then when you have a petticoat ruffle that needs a bit of starch, dampen the sponge and squeeze the sponge into water for sufficient starch.

If one key in an otherwise well-behaved piano suddenly refuses to play, don't send for the repairman. First, look inside the instrument to see if, as so often happens, some small object has fallen on the strings.

Farmers' Exports

Nearly all of the farmers who operate the more than 150,000 farms in Kansas grow one or more crops for export and benefit directly from foreign trade, according to a United States State Department report.

The report cites Cuba's importance as a purchaser of this country's farm and other products and comments that under the stimulus of the Reciprocal Trade Agreements program, Cuba's imports of wheat flour from the United States increased from \$2,935,000 in 1933 to \$5,383,000 in 1938, or about 83 per cent.

Developing films in the sink or bathtub is risky. Some of the chemicals may ruin the enamel surfaces.

Rugs can't take it. If floor boards are poor, never put rugs directly over them. Use a rug pad or put several newspapers between the floor and the rug.

The traveler can safeguard her luggage from damage caused by spilling or leaking cosmetics by sealing bottles and boxes shut with a strip of Scotch tape.
