By Associated Press. WASHINGTON, Oct. 17.—Having defeated the Shantung amendment to the peace treaty, 55 to 35, the Senate was ready today to resume the reading of the printed text of the treaty, which will be done by clerks in relays.

Leading Baptist Minister Is Dead

By Associated Press. AMERICUS, Ga., Oct. 17.—Dr. Lansing Burrows, aged seventy-seven years, for thirty years secretary of the Southern Baptist convention and one of the leading ministers of that denomination in this country, died here today of bronchial pneumonia.

Strawn to Build \$200,000 Hotel

By Associated Press. STRAWN, Oct. 17.—One hundred and eighty thousand dollars has already been subscribed here to the new hotel project, which has already been proposed here a few days. Two hundred thousand dollars will be raised and work will start immediately through the building committee to erect one of the most modern hotels in this section of the state.

BARGAINING PLAN SOUGHT AT WASHINGTON

By Associated Press. WASHINGTON, Oct. 17.—Representatives of capital in the national industrial conference continued their efforts today to frame a declaration on collective bargaining.

WEATHERFORD AFTER THE INTERURBAN ROAD

Special to The Times. WEATHERFORD, Oct. 17.—At an enthusiastic meeting of the members of the Chamber of Commerce held here Monday night all plans were perfected for securing the right of way in Parker county.

BELGIAN PRINCE KIDNAPPED FROM PARENTS, BUT 'T WAS ALL A VERY AGREEABLE AFFAIR

Prince Leopold of Belgium and Boston society girl in auto. When the king and queen of Belgium and Crown Prince Leopold visited Cambridge, Mass., a Cambridge society girl 'kidnaped' the prince from his parents long enough to show him the great Harvard stadium. They made the trip to the stadium in her car. Judging from the pleasant manner of the prince he enjoyed the trip immensely.

JEWELS STOLEN IN NEW YORK ARE WORTH \$150,000

By Associated Press. NEW YORK, Oct. 17.—Jewels valued at between \$100,000 and \$150,000 are reported to have been stolen today from the apartment of Mrs. Leyle Brandeis, widow of the founder of a large department store in Omaha.

MORE PAY FOR DIPLOMATS AND CONSULS URGED

By Associated Press. NEW YORK, Oct. 17.—Sweeping changes in the diplomatic and consular services of the United States are suggested in resolutions adopted here today by the American Manufacturers' Export Association.

4 Survivors of Wrecked Ship Under Arrest

By Associated Press. PHILADELPHIA, Pa., Oct. 17.—Four survivors of the British schooner Onato, rescued three miles east of Newfoundland October 8 by the American steamer Zickell, were under arrest here today charged with mutiny on the high seas and with having killed the captain of their ship, James Brunner, and his brother, Ernest, first mate.

WACO BAPTIST CHURCH CALLS VENUS PREACHER

Special to The Times. WACO, Oct. 17.—Rev. Ross A. Smith of the Venus Baptist church has been called to the pastorate of the Frovident Baptist church of this city. Recently the church has been temporarily pastored by Rev. Albert Ventura of the Baptist Theological college of Fort Worth.

LL. D. DEGREE TO BE CONFERRED ON LANSING

By Associated Press. ALBANY, Oct. 17.—The honorary degree of doctor of laws will be conferred upon Robert Lansing, secretary of state, by the University of the State of New York at tonight's session of the annual convocation, at which Lansing will be the principal speaker.

HOPE TO START ON GOOD ROADS AT NEAR DATE

CISCO, Oct. 17.—Walter A. Downing, secretary of the Cisco chamber of commerce and member of the executive committee to confer with the commissioners' court in all matters pertaining to the final work to be done on the building of the 200 miles of highway recently authorized by the taxpayers of the county, when the \$4,500,000 bond issue was voted, was in Eastland Wednesday and met the commissioners' court when the final count was made of the results of the bond election held September 27. The votes were canvassed according to law and the following total vote was announced: For the bonds throughout the county, 1,266; against the bonds, 369.

County Judge Starnes will take the bonds to Austin as soon as they are printed and seek the approval of the attorney general. The road committee and the court hopes to see all details worked out and secure the sale of these bonds within the next few weeks and begin building the highways at once. The commissioners' court passed an order declaring that no contract would be entered into with an engineer unless the engineer would agree to take up his home at the county seat, where he would be required to reside until after all the highways were constructed.

STEAMER LOST OFF BERMUDAS WITH SULPHUR

By Associated Press. GALVESTON, Oct. 17.—Word was received here today of the total loss of the American steamer Daran off the Bermuda islands. She sailed from Texas City September 28 with a cargo of sulphur for Marselles. The crew is reported to have been saved, but no details are given.

WAGE EARNERS TO BE ALLOWED TO BARGAIN

By Associated Press. WASHINGTON, Oct. 17.—Agreement on the declaration as to the right of wage earners to organize and bargain collectively with employers appeared to be probable when the industrial conference committee adjourned today.

EX-STATE SEN. FINED IN OIL LAND HEARING

By Associated Press. AUSTIN, Oct. 17.—Tom Testerman, former Oklahoma state senator, was fined \$100 and one day in jail for contempt of court by Judge Calhoun in the Fifty-Third district court here today.

HEAVY RAINS DELAY TRAINS TO WEST TEXAS

By Associated Press. FORT WORTH, Oct. 17.—Heavy rains over the oil fields have stopped every activity and demoralized rail travel to Northwest and West Texas.

Murderer of 6-Year-Old Child Hanged at Chicago

By Associated Press. CHICAGO, Oct. 17.—Thomas Fitzgerald, who July 22 murdered Janet Wilkinson, aged 6 years, was hanged here today.

MAY OPERATE UPON WILSON IF NO BETTER

By Associated Press. WASHINGTON, Oct. 17.—While President Wilson is feeling well today, his physicians said that the prostate gland affection from which he has been suffering for several days, was checking his general improvement of the past two weeks.

Dr. Cary Grayson, the President's personal physician, announced today that Dr. Hugh Young of the Johns Hopkins hospital at Baltimore would make a thorough examination of the swelling to determine whether an operation is necessary.

MAYNARD IS FORCED TO LAND; RESUMES TRIP

By Associated Press. LINCOLN, Neb., Oct. 17.—Lieutenant Maynard, leader in the transcontinental air race, was forced yesterday when the crank ship, his machine broke. He left at 8 o'clock this morning for Omaha.

LUDENDORFF REFUSES TO BE AT THE INQUIRY

By Associated Press. BERLIN, Oct. 17.—General Ludendorff is reported to have refused to appear before the parliamentary commission investigating the responsibility of German leaders for the war which begins its sessions next week.

MEXICAN REBELS ARE ROUTED BY CARRANZISTAS

By Associated Press. EL PASO, Oct. 17.—Rebels operating in Tamulipas near the Texas border, have been completely routed by Federal forces under Colonel Alderte, according to advices received here today.

TEXAS OIL TO RISE IN PRICE IN NEAR FUTURE

FORT WORTH, Oct. 17.—While the market price of crude oil and refined products are practically the same as they were two years ago, the cost of production has increased by leaps and bounds. In the Texas deep sand territory, a producing well represents an outlay of anywhere from \$50,000 to \$75,000 and, of course, if a well is a non-producer, there is a material loss to the drilling company. In the Kansas and Oklahoma deep sand fields where it is not necessary to go to as great a depth as in Texas, the cost of a producing well is not as large as it is in the North Central Texas field, but even in those fields the cost of a deep sand well is 100 per cent, or more, above what it was two years ago.

The result of this is that the many companies in the oil producing industries are devoting a great deal of energy to the work of developing sand fields.

Few outside the oil industry realize the actual oil situation as it exists in this country today. Recently a prominent London financier asserted that the United States is virtually on an important basis so far as oil is concerned. He gave facts and figures to substantiate his contention that the United States is rapidly nearing the point where its domestic oil production will be insufficient for its own needs, and that in order to meet the demand for petroleum and petroleum products within its own borders, it will have to look to other countries for a part of its supply.

These figures show that Great Britain alone uses about 50 per cent of the total oil imported from the States, 35 per cent of the gas, and 25 per cent of the kerosene. If these views and facts before us show men believe there is no question of Texas and mid-continent oil never future sell at material prices, prices than any yet seen, be it States must depend upon road and mid-continent fields for supply of domestic crude oil.

RED CROSS KOLL CALL IN TEXAS NOVEMBER 2-11

DALLAS Oct. 17.—That there is yet ample reason for the retention of the Red Cross as a service organization is conclusively shown in the announcement of the Red Cross Time Program, it calls for service not only in this country but also abroad. The service in the United States however will be directed toward the betterment of the condition of the people of the country, and includes nursing service, home service, first aid, junior membership, etc.

One effort of the Red Cross will be directed toward the location of a Public Health Nurse in such communities where no other agencies are covering the field. This will make it possible for every community to have a public health nurse if there has not already been some steps taken within that community for the handling of public health cases.

Classes in home hygiene and care of the sick is among the program intents. The Red Cross will direct its efforts towards helping those who are already sick and then seek to prevent further sickness by proper handling of such cases and education as to the proper health measures. The Red Cross be-

lieves poor health can be largely prevented.

The home service work of the Red Cross according to its 1920 program provides for caring for the families of soldiers and sailors as it has been caring for their interests during the war, and continuing the help it has offered the man in the service also. Where no other agencies in the locality are caring for such cases, the program contemplates family relief, and disaster relief of the nature so ably handled at Corpus Christi. Records show that in ninety per cent of the communities where the Red Cross has been at work, that there is no other Relief agency.

Training in the prevention of accidents, in first aid when accidents do occur, and arousing public opinion to the value of "Safety First" will be the efforts of the Red Cross in 1920. In bettering conditions of childhood and in neopies in foreign countries the work will be extended.

The Third Red Cross Call for members will be conducted in Texas from November 2nd-11th, inclusive. The memberships in the Red Cross are one dollar for the year.

MORAN WELL WILL RESUME DRILLING WITHIN FEW DAYS
MORAN, Oct. 17.—Drilling will

be resumed shortly on the Couden well, which was reported on top of the black lime when the boiler bursted. A new boiler was hauled on heavy trucks through the mud from Ranger, making the cost of the new equipment expensive.

NAVASOTA FEARS BRAZOS WILL INUNDATE LANDS

Special to The Times. NAVASOTA, Oct. 17.—Continued rain on the Brazos north of this city is expected to cause that stream to leave its banks and inundate farm

lands, cotton and corn. The last destructive flood was in 1915, when

crops practically were destroyed. Heavy rains have been falling the

last five days north of Bryan and the river stage is reported very high.

EMBARGO IS A BIG HANDICAP TO OIL FIELDS

Special to The Times.
JAKEHAMON, Oct. 17.—Congression on the railroads and embargoes on movement of freight are at this time affecting the development of the oil fields in Texas to an extent that may be expected to be reflected in the production figures in a fortnight or later. Coupled with this difficulty to move material is the shortage in many kinds of steel products that are used in the oil fields due to the shut-up production as a result of the steel strike. Added to these is the difficult condition of the roads leading to the fields from the more or less remote railroad stations that have so far served them in this part of the state. This condition is affecting the construction of the Wichita Falls, Ranger and Fort Worth railroad, the factor that is to give much relief to the transportation situation, and the line that was expected to be opened in November probably will not be operating until the last of that month or early in December. The trade between Ranger and Jakehamon is 70 per cent complete and much material is on hand in the yards at Ranger for construction of the track.

SIPE SPRINGS FAST GETTING TO BE A CITY

Special to The Times.
SIPE SPRINGS, Oct. 17.—The noise is getting louder in this sleepy little village of sixty days ago. The feet that Sipe Springs is the coming oil town of central Texas is booming down more and more to oil interests. People with money to invest arrive daily and they are investing not only in oil leases, but in lots on which to build business and residence properties. Three drilling contracts two miles south were completed this week, and contract to the Peoples interests of DeSmetona, on the Jackson tract, calls for sounding in not later than November. The material already is on hand for this well. The DeSmetona-Sipe Springs Oil company has 700 acres in this field with options on 1,500 acres more, and is machine material to its tracts for quick drilling. The Rickard-Tex oil interests have leased 80 acres inside territory surrounding the Moorman, Dunn and Gees wells. The Rickard Oil & Refining company is hauling casing to its properties. The Jay hotel has been sold for \$15,000 and will be remodeled and converted into a first class hotel, the work of improvements estimated at \$25,000. The Sipe Springs oil company is erecting a 20 by 70-foot building on Main street. The Sipe Springs Record has changed management and will appear as an eight-column paper with its next issue. Ward & Brooks of Illinois are making big purchases in the field of from five to 160-acre tracts, paying \$100 to \$800 an acre. There is a somewhat a drawback which will be relieved with the completion of the new rooms within a few days. Sunday early morning hours are the only quiet ones in Sipe Springs.

STRAWN WELL NOW IS MAKING 1000 BBL.

Special to The Times.
MINERAL WELLS, Oct. 17.—The Texas and Pacific Coal and Oil company well, six miles northwest of Sipe Springs, is said to be making a thousand barrels a day. It came in on the first day with an initial production of five hundred barrels.

EFF PERRY AND STAFF TO OPEN NEW ADDITION

Eff Perry Butler and his staff of expert estate and townsite men are back on the job in Ranger and have closed a contract to market 154 lots in Mountain View Addition, eight blocks north of the post office, on the Caldo road. The lots are desirably located for residential purposes and Mr. Butler predicts that every one of them will double in value before next spring. Mountain View Addition lies near the property of the T. P. Coal and Oil company, on which extensive home building operations are now under way. The sale will be opened by a three days' auction, beginning next Tuesday, Oct. 21. Five hundred dollars in cash prizes will be given away to ticket holders who draw the lucky numbers. There is no charge connected with the prizes. Tickets may be secured free at Mr. Butler's headquarters, with the Ranger Realty company. Mr. Butler also offers to build free a \$2500 house on some lot in the addition, or give \$2000, in stead, at the option of the prize winner. The auction sale is scheduled to begin at three P. M. each day of the sale. Automobiles will run from the office at 121 North Marston street, four doors north of the post office. After spending some time in nearby towns, Mr. Butler says that there is no town in this region that can compare with Ranger. He is very optimistic regarding the business future here.

MILAM COUNTY GETS SERIES OF FLOODS

Special to The Times.
CAMERON, Texas, Oct. 17.—Widespread destruction in Milam county is reported here following the intensely heavy rains which have fallen here the past two or three days. Little River is flooding the country contiguous to its course and brushy is inundating large tracts of lowlands. The loss of farmers from sweeping away of the corn will be incalculable, but cotton has been practically all gathered. Farmers, however, are taking the loss philosophically, believing that the fall rains mean an unusually good season for the 1920 crop.

Street and Sewer Ordinances Planned

Two ordinances which will come up for approval at an early meeting of the board of commissioners, were discussed at the meeting Thursday. Present at the meeting were Mayor M. H. Hagaman, City Manager M. A. Turner, Commissioners T. G. Deffebach, M. A. Davenport, M. K. Newnam, Dr. C. E. Terrell, city health officer and City Engineer J. S. Barlow. The need for compulsory connections to sewer lines where they are ready for use was pointed out by Dr. Terrell and it was decided that such an ordinance would be drafted. It will apply only where the sewers are ready for connection. To prevent heavy trucks, wearing chains, from damaging the paved streets, with possible further restrictions on trucks fitted with chains, will be drawn up. Both measures will be placed in the hands of the city attorneys, Levy & Evans, for drafting.

STEPHENVILLE TO GET NATURAL GAS SUPPLY

Special to The Times.
STEPHENVILLE, Oct. 17.—A company is being organized here to establish a gas distribution system to be supplied with natural gas from the Desdemona field. Arrangements are being made to run a pipeline to that field.

WICHITA FALLS BANKS WILL SUPPORT OIL MEN

Special to The Times.
WICHITA FALLS, Oct. 17.—In a communication signed by the five local banks co-operation was pledged to the recently organized association which proposes to stand by a posted price on oil. The banks assert that they are willing to extend the necessary credit to further the aims of the organization.

PERSONALS

H. L. Hfrey of El Paso has located in Ranger and will engage in the dry goods business.
W. O. McNary has sold his lease on the De Groff hotel.
Attorney Lytton R. Taylor spent the forepart of the week attending court at Eastland.
Col. Charles Hunt has sold the El Paso hotel.
Earl Taylor, manager of Taylor Brothers, Inc., wholesale grocers, spent the past few days in Fort Worth.
Burt Palmer of El Paso is looking Ranger over with a view of locating here.
R. S. Gibbs, of New York, and S. S. Siliphant, of Detroit, Mich., were in Ranger Thursday on a scouting expedition. Mr. Gibbs is interested in real estate and oil and Mr. Siliphant is looking for some good leases.

STATE SEKS TO REGAIN VALUABLE RANGER LANDS

Special to The Times.
AUSTIN, Oct. 17.—Suit will be filed within a few days by the attorney general's department to establish claim to seventy acres in Eastland county oil fields, the value of which has been roughly computed at \$500,000. The tract is said to be surrounded by proven territory and the state seeks to declare the land vacant and force a permit to prospect, which was issued by the land commissioner.

RANGER TRANSFER CO. CHARTERED AT AUSTIN

Oil Progress in Tom Green

SAN ANGELO, Oct. 17.—A flow of salt water was struck at 140 feet in the shallow oil test being sunk between Second and Third streets in San Angelo. The flow was shut off and the hole has been continued to 160 feet, but it is understood that abandonment of the hole is being considered.
J. T. Collier, who is sinking a deep test on William Aason's Head-of-the-River ranch, in the southern part of Tom Green county, is encountering hard formations and is having trouble with boulders. Sixteen feet of hole was made Wednesday and the depth of the well is supposed to be more than 200 feet.
Muddy roads have interfered with the resumption of work at the San Diego & Texas Oil company's well on the T. J. Clegg ranch near Carlsbad, and the hole still stands at approximately 1,800 feet.
Thomas & Ludlow have placed timbers for a derrick on the Bevans & Russell ranch, eleven miles from Fort McKavett, and the machinery will soon be hauled out. The well will

Tortured Texas Woman Writes

Standing On Her Feet Torture to This Lady. Had to Ride Everywhere She Went, Until Cardui Brought Relief.
McKinney, Texas.—Mrs. A. B. Stovall, of this place, writes: "Some time ago I was in a critical condition. We only lived two squares from town, yet I wasn't able to walk the two squares. I had to ride everywhere I went and suffered at that, but not so much as when I tried to walk. Standing on my feet was torture. My greatest suffering was in my right side. It was so sore and I fell if I stepped down or jarred myself the least bit I could not stand it, so I just walked mostly tiptoed. This kept up until I was just about discouraged and decided I had best try something else. Someone told me of Cardui, and where it had benefited cases similar to mine. I felt at least it would not hurt to give it a trial. After my first bottle I felt better—there was less pain and soreness in my side. After my third bottle of Cardui I was well and have been ever since." Cardui may be just what you need. Try it.—Advertisement.

swept into eternity from an epidemic
 of typhoid.
 The deaths failed to materialize.
 The Times predicted immunity.
 But there was a reason—
 The Social Service Bureau gave
 typhoid serum to many hundreds.
 Every person was warned to ward off
 the lethal malady. The work of this
 department cannot be lightly es-
 teemed. Its service, free to all, has
 been one of the grandest health
 achievements in the history of Ranger.
 It should be supported to the limit.

**Street Grading
 Will Abolish
 Wet Sidewalks**

Property owners on six blocks in the
 central section, where difference in
 elevation between streets and the re-
 quired grade for sidewalks is so great
 that the recent rains have flooded
 sidewalks, will approve the action of
 the board of commissioners in author-
 izing the reducing of those streets to
 grade, the cost of the work to be
 charged against the paving which will
 follow.
 Pine street, Marston to Hodges, will
 require the most excavating, accord-
 ing to estimates submitted to the
 board by City Engineer J. S. Barlow.
 On that street, 1,690 cubic yards of
 dirt will be moved.

The other streets which will be
 brought to grade at once, as soon as
 the work can be advertised and bids
 received, probably from local contrac-
 tors, are: Main street, Marston to
 Hodges, 365 yards; Elm street, Mar-
 ston to Hodges, 690 yards; Marston
 street, Main to Walnut, 1,130 yards;
 Marston street, Main to Pine, 1,500
 yards; Marston street, Pine to Elm,
 900 yards.

No other streets in the city require
 much moving of dirt to bring to grade.
 A few yards of dirt will be moved, here
 and there, and the sub-grading done,
 as the streets are made ready for
 paving. The dirt moved from Main,
 Elm and Marston street, prob-
 ably will be used to bring Mesquite
 and Cypress streets to grade. It is
 thought that practically all of it will
 be used in this way.

Building of sidewalks to proper
 grade, some instances below the pres-
 ent street level, has made them sub-
 ject to floods when the rains come.
 Commissioner M. R. Nevenham, in
 charge of streets and public utilities,
 suggested that the work must be done
 before preliminary paving work was
 started, and it was well to have done
 it once.

Galloway Oil Co.
 Capital \$1,000,000

WORTH WORTH, Oct. 17.—At a
 meeting of the stockholders of the
 Galloway Oil & Refining company it
 was unanimously voted to increase
 the original capitalization of \$100,
 000 to \$1,000,000 to aid in develop-
 ments. The company declared a 300
 per cent dividend to be paid to all
 stockholders of record November 1.

**A. B. POE WILL
 BUILD RANGER
 PARK CEMETERY**

A. B. Poe, who is building the Poe
 building, on Maxwell street, between
 Main and Pine streets, was granted
 the right to locate a park cemetery of
 fourteen acres, on the Weyland road,
 by action of the board of commis-
 sioners Thursday. The site is the old
 Nicks property, well situated for a
 cemetery and adapted to the changes
 Mr. Poe proposes.

The new cemetery will be known as
 the Evergreen Cemetery Association
 of Ranger and work will start within
 ninety days. Mr. Poe already is
 owner, in fee, of the site. He pro-
 poses to build at once a magnificent
 entrance, to cost not less than \$1,500.
 By the plan of the Evergreen ceme-
 tery association, which is operating in
 El Paso and will soon have a park
 cemetery in Little Rock, Ark., ten per
 cent of the proceeds of sale of lots
 will be set aside for maintenance fund,
 the rest of which will be touched. The
 interest will be used to keep the park
 cemetery always in good condition.
 The association will give to the city
 a charity section, the price of lots
 sold to the city for burial of those
 who are not provided for, to be de-
 termined by the city.

**GAS PRESSURE IN WELL
 AT BIG SPRING IS HEAVY**

Special to The Times.
BIG SPRING, Oct. 17.—On the
 Quinn lease the Home Production
 company has its drill down to 770
 feet and is finding a heavy flow of
 gas. The driller has declared it nec-
 essary to ease off the gas or lose
 the well.
 On the Turner lease the McCaskey
 Oil association has a derrick up. This
 site is in Dawson county. The rig
 has not yet been installed.
 A deal is pending for a drilling
 contract near Soash.

**"Big Chief" Does
 Not Appall This Robber
 Gets His Clothes**

The "wild west show" at the Rice
 and Deiman Carnival, now running
 in Ranger, suffered a robbery. "Big
 Chief", a Choctaw Indian who does
 elatin and fancy riding for the show
 had a suitcase containing about \$77
 worth of clothing stolen from his
 tent at the carnival grounds.
 He and the owner of the wild west
 show spent Thursday in searching for
 the grip and they finally located it
 through seeing a negro employee of
 the carnival playing with a deck of
 cards which the Indian recognized as
 his own. The negro was arrested
 by local officers and he made a state-
 ment implicating a white boy, who
 was also connected with the carnival.
 The white boy was taken into custody
 and the two were taken to Eastland.

**LARGE TRACTOR CONCERN
 ORGANIZED AT ORANGE**

Special to The Times.
ORANGE, Tex., Oct. 17.—Orange
 capital has interested itself to the ex-
 tent of \$6,000,000 in a new tractor
 company, which will have headquar-
 ters in this city. The company has
 been styled the Gulf States Tractor
 company. The company already has
 purchased foundry and building for
 a factory in New Orleans where
 four-wheeled tractors are to be man-
 ufactured.

**City Will Buy
 More Fire Hose**

More hose for protection of build-
 ings situated some distance from fire
 plugs will be ordered by the city, it
 was decided at the suggestion of Fire
 Commissioner A. Davenport, at the
 board meeting Thursday. The fire de-
 partment at present has 4,500 feet of
 use, Commissioner Davenport said,
 2,500 feet of which was needed for the
 motor pump. One thousand two hun-
 dred feet is needed for each of the
 other motor fire apparatus.
 Some of the buildings needing pro-
 tection are located 2,500 feet from
 plugs. City Manager Turner pointed
 out. When the pumper was used to
 take water from the basement of the
 site of the Gibson hotel, there was a
 shortage, as the wet hose cannot be
 replaced in the cart.
 With the idea of keeping the sur-
 plus large enough to have enough al-
 ways ready, when several lines are
 desired, 2,000 additional feet of the best
 fire line will be ordered. It will cost
 \$1.30 a foot.

**T. H. BEACON IS GUEST
 OF COL. JAKE HAMON.**

T. H. Beacon, general manager of
 the Rock Island line and one of the
 big megals in the railroad work of
 the United States, has been a visitor
 in Ranger this week, the guest of
 Col. Jake L. Hamon, one of the
 builders of the Hamon & Kell line.

TEXAS-PACIFIC COAL & OIL CO.
 THURBER, : : TEXAS

TWO NEW TRAINS TO BE STARTED NEXT SUNDAY

The two new passenger trains which the Texas and Pacific railway will install next Sunday have schedules which will be greatly more convenient to patrons of the line than those now in operation, according to business men and others.

The Times Friday received the new schedule of the trains. The trains will be operated to and from Fort Worth to Eastland. Number five west will leave Fort Worth at 7 a. m. and will arrive at Ranger at 11:45 a. m. and Eastland at 12:25 p. m.

Number six east will leave Eastland at 4 p. m., leave Ranger at 4:23 p. m. and arrive in Fort Worth at 8 p. m. Number five will make all local stops. Number six will stop only at Ranger, Strawn and Weatherford.

There will be no change in the schedule of the other eight passenger trains operating through the oil fields, it was officially announced by J. L. Lancaster, Federal Manager.

The new service was promised by the Railroad Administration several weeks ago. New equipment ordered has just arrived and will compose this train, it was stated.

At present there is no westbound passenger arriving in Ranger between 2:55 a. m. and 1:26 p. m. The train eastbound will afford an unusually splendid convenience, since there is at present no train running east between 1:26 p. m. and 11:35 p. m. It will be possible for persons from Fort Worth and other points desiring to spend the day in Ranger on business to return and reach Fort Worth by 8 o'clock the same day.

The need for such new and supplemental service has been noticeable for some time. It is believed that the passenger situation will be largely solved here by the addition of the two trains.

THEATERS

"CAPTAIN COURTESY" PLAY FOR RED-BLOODED FANS

All the red-blooded film fans will take interest in "Captain Courtesy," which is being shown at the Queen today. It stars Dustin Farnum in some daredevil riding which few people have seen. Mr. Farnum is glad of this opportunity to show the public he is actually a rider, for everybody knows that skilled horsemanship cannot be faked—it has to be done.

When he plunges through a stained glass window of the old San Fernando mission to warn the inmates of an intended attack by Mexicans his spirited thoroughbred, with dilated nostrils and head aloft, becomes as much an actor as the rider himself.

He sniffs the breeze then bridges a dangerous gap with his glossy, supple body, landing in the center of the chapel where the padre is at prayer. This scene is tremendously dramatic and shows Mr. Farnum to the very best advantage.

Herbert Standing, who has established himself in the hearts of photography lovers, enacts the role of the padre in a natural and artistic manner.

PAR EAST DRAMA WITH H. B. WARNER AT OPERA HOUSE

"The Pagan God," the second Superior picture distributed by Exhibitors Mutual, starring the famous London and Broadway star, H. B. Warner, is an intense drama of the Far East, with a Mongolian revolution as the basis of the plot. The picture is to be shown at the opera house tomorrow.

The exotic Oriental settings with its intrigue and mystery, provide a vivid background that has a strong appeal visually and dramatically. The Chinaman is always a riddle to the Occidental. His ways are devious and his smile, although often "penetrative and childlike," as remarked by Bret Harte, is full of hidden meanings, all of which make him a man of mystery.

Bruce Winthrop, the young American diplomat, went into Mongolia on a still hunt for the leaders of the revolution and had to bear the stigma of a renegade to accomplish his mission. He played the Chin's own game and beat him at it, but if he hadn't been for the little "pagan god" which the absent-minded curio collector had picked up in an antique shop his bones probably would have reposed in some Chinese dungeon.

Warner gives a masterly portrayal of the American secret service diplomat, his acting being characterized by fine restraint and dramatic poise.

"CHECKERS" AS A FILM HAS SUCCESSFUL RUN

If you haven't been to the Liberty theater this week to see "Checkers," today is your last chance to view the big Fox special production. "Checkers" is a play abounding in color and atmosphere and contains many beautiful as well as thrilling scenes. In the vernacular, it is a "cooker."

Richard Stanton, who directed the picture, has followed closely the story of the famous stage play from which it is made, but elaborating the racing and fighting scenes. The play is finely presented by an all-star cast headed by Thomas J. Carpan and Jean Acker, and is a treat to both those who saw the brilliant rise in the speaking stage and those who were not so fortunate.

Arrangements are being perfected whereby the party may have the singular opportunity of witnessing the bringing in of an oil well near the city. Autos will be provided to carry the ad-men and ad-women to the site. This is to prove such a great attraction that the party originally recruited for the trip is expected to be considerably augmented by Fort Worth folk.

TEXAS DESTINED TO BE GREATEST SHEEP STATE

DALLAS, Oct. 17.—Texas, which held the distinction of being the banner sheep state of the union, but which has slumped to ninth place among the states, is destined to rise to the top, according to J. M. Jones, chief of the division of animal husbandry at the experiment station of the agricultural and mechanical college.

The declination of sheep, which reached not less than 250,000 last year, is accountable to the severe drought of the last three years, he said. Mr. Jones is preparing to go to eastern states to purchase wool-scouring machinery for the experiment station. At the state fair this year there are 393 sheep on exhibit.

FORT WORTH AD CLUB TO VISIT CITY SHORTLY

The Fort Worth Ad Club, which was scheduled to visit Ranger for a day early this week, but which postponed the visit because of the inclement weather, will now probably come here about Tuesday of next week, according to information reaching here from Fort Worth today.

It is believed that not less than one hundred persons will take advantage of the opportunity of seeing Ranger in this trip.

Arrangements are being perfected whereby the party may have the singular opportunity of witnessing the bringing in of an oil well near the city. Autos will be provided to carry the ad-men and ad-women to the site. This is to prove such a great attraction that the party originally recruited for the trip is expected to be considerably augmented by Fort Worth folk.

See Him and Be Convinced

Probably a special train will be chartered. The Fort Worth Star-Telegram of Friday morning has the following to say with reference to Ranger and the advisability of commencing friendship between the two cities: The trip to Ranger which the Ad Club is organizing for next Tuesday ought to be taken by a large number of our business men. It is a trip worth taking, for there is a great deal for even Fort Worth people to see and nothing could be more appropriate at this time than to pay a visit to the "magic city" which has grown up during the past year. They have done wonders in a year and they are still doing them. As neighbors we ought to show a friendly interest in what they are doing and incidentally shake hands with the folks who are doing such things. There ought to be as close a relation as possible between Ranger and this trip.

at the Chamber of Commerce see that a good crowd of the Ad Club on this trip. SNYDER WELL IS DOWN TO DEPTH. Special to The Times: SNYDER, Oct. 17.—C. Riley lead near here is gone down 250 feet, temporarily halted by casing is awaited. This, previously reported some 450 feet.

THE TIMES' DAILY SHORT STORY

LOVE AND BREAKFAST

By Lily Wandel

(Copyright, 1919, by the McClure Newspaper Syndicate.)
While the dew was still on the grass and the sun not yet full-orbed over the eastern hills, there came down the steep, narrow path which led, between thickets of sweet fern and bayberry, to the pebbly shore below, a slender girl as any queen of fairy tale fame. Her slim little torso seemed to have borrowed its color from the rosy dawn.

A wandering ray of sunshine found her hair and transformed it into a crown of fine-spun, virgin gold. Her daintily shod feet appeared to barely touch the ground, yet they brought her quickly down to the beach. There she drew wide her sun-browned arms and took long breaths of the sea-washed air.

"Everything is perfect this morning—yes, everything," She spoke aloud. A kingfisher successfully camouflaged against the rain-bleached limb of a dead tree near by turned a startled eye in her direction for the thousandth part of an instant, perhaps, then concentrated again on the sparkling water beneath him. The girl looked at the tiny jeweled disk bound to her wrist. She seated herself, carefully smoothing out her frock that it might not be wrinkled, and, picking up handfuls of the shining pebbles, let them trickle slowly back to the ground talking to them meanwhile.

Her happiness was of the sort that demanded expression and at first glance there was no animate thing nearer than a lonely osprey which circled high over the bay.
So the pebbles and the sedge grass heard her wonderful news—a tale as old as the spectacle of the dawn, yet ever as new and marvelous to one who experiences it for the first time.

Only the evening before had it happened—the miracle—when he had taken her into his arms and of a sudden it had come and she knew that she loved him. It would end in marriage, of course; but she didn't want to think of that now, only of the utter perfection of her prince and of the beautiful beautiful world, which was such a happy place to live in.

On parting they had agreed to meet on the secluded beach, out of sight of the hotel, before breakfast. She had anticipated the time set, for the night had been sleepless and the glorious morning called. But at any moment now, there might come the sound of footsteps down the narrow path!

SELF-POISONING VERY PREVALENT

Advanced medical authorities assert that auto-intoxication is the foundation of most of the ills and diseases to which the human flesh is heir. This condition is nothing more or less than the slow self-poisoning of the vital organs produced by the excessive mental and physical strain which we are forced to endure, which renders the organs lame and inactive, and permits toxins—actual poisons—to be generated within one's own body.

Usually the trouble starts in the intestines; sometimes it starts in the stomach, liver, or kidneys, but in any case the blame lies with the faulty method of living, and may be traced to over-eating, excessive nervous strain, lack of exercise or other causes. At any rate it is the more important organs that suffer the final damage and when they filter or fail in their duties the body fills up with acids and toxins and the victim often yields to their baneful influences. Bright's disease, heart trouble, big blood pressure, catarrhal affections and other troubles are frequently the result of self-poisoning or auto-intoxication.

A tired, drugged feeling of the body, a sluggish mind and dull memory, intense nervousness, headache, stomach and bowel troubles, poor circulation, imperfect digestion, constipation and dependency are common symptoms of auto-intoxication; and nine out of every ten of the American people are likely to be so affected.

Orgatone, the powerful reconstructive and systemic tonic, was designed to especially overcome these very troubles. There is not a single portion of the body that is not benefited by the work of this celebrated preparation, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the entire system. Composed of the most beneficial roots and herbs known to science it enables the stomach to thoroughly digest the food thereby permitting the assimilable products to be converted into blood, bone and muscle. It overcomes that great exciting cause of disease and weakness. It renders the body vigorous and elastic, the mind clear and energetic, and throws off symptoms of nervousness and indigestion. It builds up the constitution weakened by the disease or mental and physical over-work, quickens convalescence of the invalid, and is a sure and unfailing source of comfort to those who are suffering from the effects of nervousness and over-work.

That Orgatone does these very things is proven by the fact that it now has the largest sale of any preparation of a similar character on the American market. Thousands have been cured of their most distressing ailments by its use.

Special to The Times.
SAN ANGELO, Oct. 17.—All ex-service men are urged to participate in a parade which is to be given here during the San Angelo fair, October 29, which has been designated as American Legion day.
Fifty-five horses which reared at Eastland last week have been entered in a single block in the races during the fair here. Fair officials believe that the record number of horses will be seen in contests this year. The greatest number was in 1910.

HOUSTON GETS \$200,000 MOVING PICTURE STUDIO
HOUSTON, Oct. 17.—The purchase of a moving picture studio in Houston is a motion picture studio was confirmed yesterday. The investment will be between \$200,000 and \$300,000, says John D. Jones and Herbert Lubin, partners in the studio.

HOUSTON GETS \$200,000 MOVING PICTURE STUDIO
HOUSTON, Oct. 17.—The purchase of a moving picture studio in Houston is a motion picture studio was confirmed yesterday. The investment will be between \$200,000 and \$300,000, says John D. Jones and Herbert Lubin, partners in the studio.

TWO RUNAWAY LADS ARRESTED; DAD IS COMING

Two runaway boys from Ardmore, Okla., were arrested last night as they stepped from a passenger train from Fort Worth. They are being held at police headquarters. In answer to a wire from the local police the father of one of the boys telegraphed instructions to hold them until he arrives tomorrow to take them back. "I don't mind going back," said one of the youngsters, "but I'd rather wait and make enough money to go back right. The first thing my dad will say will be: 'Yes, you ran off and couldn't look out for yourself and I had to put up money to take care of you.'"

Isabel Rowland, Young Traveler, Is Brought Home

Isabel Rowland, the five-year-old adventurer who traveled the crowded train from here to Fort Worth alone, is back in Ranger. She arrived about 1:30 yesterday in charge of a friend of the family. The little girl's disappearance here Tuesday caused a sensation. She was sought far and wide. Wednesday afternoon an official of an oil company here read an account in the Daily Times of the girl's disappearance and went at once to the office and informed a reporter that the girl was in Fort Worth. Mrs. Rowland was told the good news and arrangements were made at once to bring the child back. Little Isabel was taken care of by the Y. W. C. A. travelers' aid until her identity was discovered, when she was turned over to a sister of Mrs. Rowland who lives in Fort Worth.

THEFT OF PAIR OF HORSES IS TOLD TO POLICE

H. J. Wilkerson, who resides on the Eastland Hill, this morning reported to the police that he lost a pair of horses two weeks ago from a pasture east of Ranger. He said he had been searching for the lost team ever since and decided this morning that they might have been stolen. He wanted the police to help locate them. The owner offers a reward for information leading to their recovery.

White Spitz Dog Stolen From Auto Friday Morning

Who has seen a white spitz dog with a coal black nose and black eyes, long white hair and a tail that curls over his back? This dog was stolen from J. B. Oplinger, superintendent of construction for the Humble Oil & Refining company, about 2 a. m. Friday. Mr. Oplinger had just arrived from his home in Cleo and stopped his car in front of a hotel near Pine and Austin streets. He went into the hotel to see about getting a room for the night. The dog was gone when he returned. A folding autographic kodak and a flashlight also were missing. Mr. Oplinger was bringing the dog

to give to a ten-year-old girl who is a great friend of his. He offers a reward of \$50 for the return of the dog. Police are making an effort to locate the dog and kodak.

Many Are Seeking Winter Quarters

A. L. Bowers, a building contractor, has sold his home in Burger addition to T. J. Holmesley of the First National bank. The deal was made through the Craven-Marowitz realty company. Mr. Holmesley is "in the procession." There is a widespread movement of Ranger folk to get into comfortable homes before winter sets in. New homes are going up in every residence addition about town and if the weather quits playing pranks building activity will greatly increase, in the opinion of well informed real estate men.

more than two hours late Friday. Continued rains up and down the line have caused all trains to run behind schedule.

"BOB" JONES, EVANGELIST TO HOLD MEETING HERE
Don Cockran, of Pine Bluff, Ark., arrived in Ranger last night to make arrangements for a big meeting to be held here by Bob Jones, the famous Methodist evangelist. The meeting will begin at an early date. A gathering is called for 8 p. m. tonight, at the Methodist Church, to lay plans for the meeting.
