No. 140

LEAGUE MEMBERS CAN VOTE EVEN IF TREATY HAS NOT BEEN RATIFIED, SUPREME COUNCIL DECREES TODAY

"Flying Parson" Wins Air Race; Arrives at Mineola

IS VICTOR IN AVIATION'S GREAT TEST

MINEOLA, N. Y., Oct. 18.—Lieutenant Maynard, "the flying parson," is victor in the army's air race across the continent and return, the greatest aviation test of history.

He landed here at 1:50 o'clock this afternoon.

CHICAGO, Oct. 18.—In sight of the goal and recognition as the country's greatest cross-country flyer, First Lieutenant Belvin Maynard, leader in the aerial race, today started his final day's flying of 593 miles from Cleveland to Mineola, N. Y.

"The Flying Parson's" 600 miles ahead of his closest pursuer, Captain Donaldson of Des Moines.

CAPPLAINS TO ACCOMPANY TRANSPORTS

WASHINGTON, Oct. 18.—An army captain must accompany every transport carrying 200 soldiers, Secretary Baker today instructed officials of the Hoboken embarkation headquarters.

NO TYPE USED ON ONE PAGE OF THE L. A. TIMES

LOS ANGELES, Oct. 18.—The Los Angeles Times appeared today with a page of news printed with out type.

The articles for the page were typewritten, photographed and a zinc etching made therefrom.

STRIKE TIES UP KNOXVILLE STREET CARS

AUSTIN, Oct. 18.—Claude L. Hollingshead and John Garretson of Houston appeared before the railroad commission with application that the Texas Pipeline company be compelled to take oil from certain wells, asserting that the pipeline company refuses to do this for various reasons set forth in the petition.

The pipeline company has therefore granted an order requiring the Texas Pipeline company to take oil from producing well of the Burkhardt-Taxis Oil company on block 7 in White County. Fed river valley lands, 25 per cent of the production, amounting to 425 barrels a day, during the case upon its merits set for October 25.

WILL COMPULS TEXAS PIPE LINE TO TAKE CERTAIN OIL

AUSTIN, Oct. 18.—The West Texas conference of the Methodist church, Bishop W. N. Ainsworth presiding, began its sixty-first annual meeting here yesterday in the University Methodist church. Assemblies of homes to the visiting ministers and laymen and committee organization featured the day.

WEST TEXAS CONFERENCE HOLDS MEETING AT AUSTIN

SAN ANGELO, Oct. 17.—The dairy herd of the state tuberculosis sanatorium at Carlebad, near here, has been increased by twelve registered Jersey heifers and a bull, purchased at the state fair at Dallas by members of the governing board and Mrs. Marshall.

IN ANTI-EATING JUSTICE

TO PENALIZE R. R. WORKERS WHO WALK OUT

WASHINGTON, Oct. 18.—Provisions to end railroad strike by penalizing employees who go on strike or forestrike was written into the pending railroad bill today by the Senate Interstate Commerce Committee.

The bill will be reported out early next week. It is similar to the original Cummins measure, providing for private control and operation of railroads under a strict supervision of the Interstate Commerce Commission and a national transportation board.

The railroads would be divided into competitive regional systems, with the Interstate Commerce Commission empowered to fix rates at a return of 5½ per cent upon their actual value.

After adopting the penal provisions the committee completed the draft of a bill to establish a permanent railroad policy. Government control and operation of the roads would end within thirty days after the enactment of the measure.

RUSS PEOPLE ARE URGED TO BECOME FREE

NEW YORK, Oct. 18.—Appeals to the people of Russia to throw off the yoke of Bolshevism and turn to the government of true democracy, written by a score of prominent American statesmen, business men, editors and labor leaders are to be given wide publication throughout the country by magazines published in Russia.

LONDON, Oct. 18.—The Russian soviet government forces, according to the latest advices, are desperately defending Petrograd, toward which the anti-Bolshevik troops have been advancing since October 11.

Confirmation of dispatches reported the fall of the former Russian capital have not been received in official quarters here. Over the whole situation around Petrograd, there is considerable obscurity due to conflicting and contradictory reports.

"FLYING PARSON" TO MAKE DALLAS STOP

DALLAS, Oct. 18.—Lieut. W. B. Maynard, the famous "flying parson," has received orders to make a one-stop flight between Mineola, N. Y., and San Diego, Cal., upon completion of the present trans-continental flight. Dallas is the only stop scheduled.

He will make the flight alone in a De Havilland four equipped with a Liberty motor. Three hundred additional gallons of gasoline will be taken on the trip.

STARTS "EPIDEMIC" OF "ELDERBERRY DRUNKS."

LECOMPTON, Kan., Oct. 18.—"Snowball" Long, a well-known character here, was returned to the Kansas penitentiary to serve out an unexpired term as the result of an "epidemic" of "elderberry" drunks, of which he was declared to be the originator. "Snowball," home on a pardon, made a concoction at home from elderberries which, officers said, had a decided "kick." Cases of drunkenness became frequent. When two members of a road gang were found dead drunk in his yard the Sheriff decided to lock "Snowball" up. The case of wine—homemade—was confiscated.

WEST TEXAS CONFERENCE HOLDS MEETING AT AUSTIN

Special to The Times.

The West Texas conference of the Methodist church, Bishop W. N. Ainsworth presiding, began its sixty-first annual meeting here yesterday in the University Methodist church. Assemblies of homes to the visiting ministers and laymen and committee organization featured the day.

TUBERCULOSIS HOSPITAL GETS MORE FINE COWS

SAN ANGELO, Oct. 17.—The dairy herd of the state tuberculosis sanatorium at Carlebad, near here, has been increased by twelve registered Jersey heifers and a bull, purchased at the state fair at Dallas by members of the governing board and Mrs. Marshall.

IN ANTI-EATING JUSTICE

ONTARIO, Oct. 17.—San Antonio is to celebrate the first anniversary of the signing of the armistice. A meeting of civic clubs and other, to be held soon, will determine the nature of the celebration.

SNAPPED AT THE LABOR CONFERENCE IN NATIONAL CAPITAL

Above, three of labor's delegates. Left to right: Mrs. Sara A. Conboy, J. W. Hays and Matthew Woll. Below: Secretary of Labor Wilson addressing conference.

"I look upon this conference as the greatest and most important extra legal body that has been called in this country, certainly in our time," says Secretary Lane of the great industrial conference now in progress in Washington. One of labor's delegates is a woman, Sara A. Conboy of New York, secretary and treasurer of the United Textile

Workers of America. Secretary of Labor Wilson is one of the most prominent figures at the sessions. Other labor leaders at the conference are J. W. Hays and M. Woll.

With the supply companies, several of the lumber companies and all but two of the big oil companies to hear from, the citizens' committee feels cleared the subscriptions that will come in will clear up the \$60,000 yet needed to make up the \$225,000 which was the goal. The drive to secure the support of Ranger business men for the Hamon & Kell railroad is closed.

Subscriptions lately entered on the records are: Kerley & Van Winkle, \$200; Willard service station, \$5; Prince Rustert cafe, \$25; E. H. & A. Davis, \$25; Chastain & Arnold, \$100; D. C. Jordan, \$10; Vogue millinery shop, \$25; Spring Hill Water company, \$5; Edna Giles, \$25; W. S. Mitchell, \$50; W. H. Johnson, \$10; Ada Belle Foster, \$10.

The biggest well on the Sue tract, seven miles southwest of Ranger, and the first real gusher from the operations in that section, was brought in late Friday by the Scanlon & McCutcheon interests, a Minneapolis operating company. Their J. O. Sue No. 1 is making 3,000 barrels, from sand which runs from 3,515 to 4,532 feet. The well was making 300 barrels from the black lime pay, from 3,490 to 3,505. The 6½-inch casing was set at the top of the black lime, at 3,405 feet.

Other Sue tract wells have been producers, but none in this class. Other operators on the estate, which is cut up into five and six-acre blocks, are the Invaders Oil company, Texas Crude Oil company, Hinwick et al., Riley et al., Velco Oil company, Butler & Co., Chapman oil and Humble Oil & Refining companies. The last three have larger holdings.

The tract is bounded on the west by the Magnolia's W. H. McCord, and on the east by Magnolia's W. H. Harris tracts. It is north of the Prairie and Magnolia leases on the Mrs. Tully Connellee farm.

WILSONS NOT TO RECEIVE KING OF BELGIANS

PARIS, Oct. 18.—Dr. Serge Voronoff, who claims he can postpone old age by grafting intestinal glands, is in the Journal today that internal secretions of glands continue alive three hours after the death of the body and he therefore advocates that the bodies of young and healthy persons killed in accidents be rushed to special hospitals, where patients suffering from curable maladies could be cured.

He says grafted glands could be put into cold storage and kept indefinitely.

WEINERT RE-ELECTED.

AUSTIN, Oct. 18.—The warehouse and marketing commission, composed of the governor, the commissioners of agriculture and the insurance and banking commissioners, today re-elected F. C. Weinert manager of the commission.

ST. LOUIS, Oct. 18.—Frederick N. Judson, aged 74 years, a nationally known attorney, died here today. During the Roosevelt administration he was investigator in the practice of railroad rebating.

PROMINENT ATTORNEY DIES AT ST. LOUIS

PARIS, Oct. 18.—Dr. Serge Voronoff, who claims he can postpone old age by grafting intestinal glands, is in the Journal today that internal secretions of glands continue alive three hours after the death of the body and he therefore advocates that the bodies of young and healthy persons killed in accidents be rushed to special hospitals, where patients suffering from curable maladies could be cured.

He says grafted glands could be put into cold storage and kept indefinitely.

WEINERT RE-ELECTED.

AUSTIN, Oct. 18.—The warehouse and marketing commission, composed of the governor, the commissioners of agriculture and the insurance and banking commissioners, today re-elected F. C. Weinert manager of the commission.

ST. LOUIS, Oct. 18.—Frederick N. Judson, aged 74 years, a nationally known attorney, died here today. During the Roosevelt administration he was investigator in the practice of railroad rebating.

BIG SHORTAGE IN FOOD AT N. Y. VERY SERIOUS

By Associated Press

NEW YORK, Oct. 18.—The most serious shortage of food in its history threatened New York today as a result of the unauthorized longshoremen's strike.

Foodstuffs are piled high on the piers, and Arthur Williams, federal food administrator, said that large quantities of fruits, vegetables and other perishable food have decayed.

Coastwise steamers and vessels from South American ports are still tied up here. Thousands of tons of sugar are awaiting removal to refineries and the shortage in other cities of this commodity is attributed to officials to the strike.

If the United States does not object, it is stated that the American delegates probably will take the places assigned to the United States on such missions.

Germany is declared to be anxious to have the commissions begin work fully organized and is particularly desirous to have the American representatives on them.

Signor Tittoni, Italian foreign minister, saw in the conference today for the first time since he received notice to return to Rome.

TO NAME COUNCIL

PARIS, Oct. 18.—Allied nations have agreed to name their nominations of ambassadors to be dependent upon the manner in which the treaty's clause is carried out in Germany, according to the Echo de Paris, which quotes a prominent diplomat as its source of information.

The council will be named soon for Germany, the newspaper says, and these will look after the interests of their nations until the ambassadors are chosen.

MUST RATIFY FIRST.

WASHINGTON, Oct. 18.—Republican leaders declared emphatically today that the senate would not consent to participation by American representatives in the League of Nations or other international commissions until the peace treaty is ratified.

NEW BANKS TO BE PUT UP IN THIS SECTION

PARIS, Oct. 18.—The following notice was posted on the stock exchange this afternoon:

"Official: Petrograd has been taken."

77-Acre Tract and 12 Acres Awarded in Ranger Field

By Associated Press

AUSTIN, Oct. 18.—The 77-acre tract in the Ranger field which was sold by the state under competitive bids September 11 was awarded to a bidder named Fulgham and the 12-acre tract in the same field, which has a producing well on it, goes to Gordon D. Burton. The papers will be issued within the next few days.

GOOD WEATHER HELPS ROADS SOUTH OF CITY

JAKESHAMON, Tex., Oct. 18.—Good weather that came following a long period of rainfall, is rapidly making the roads better in the oil fields here and permitting resumption of hauling of material that has been almost suspended for some time following the rains. Contractors on rigs in the fields and on buildings in this town are putting on more force and will take advantage of the opportunity to proceed with construction.

NEW \$200,000 OIL CO. GETS TEXAS ACREAGE

FORT WORTH, Oct. 18.—The Carteret Oil Company, recently chartered under the laws of Texas and formed largely of New York City and Jersey City capital, has acquired acreage in North Central Texas and will begin active operations at once. The Carteret company is a close corporation with a capitalization of \$200,000.

The company's first operation will be in Stephens county, where it has acquired a block of acreage in the vicinity of the Knott well of the Mid-Kansas.

Abandoned Ship's Crew Is Rescued

BOSTON, Oct. 18.—The steamer Ammonoosuc, which has been in distress at sea for a week, has been abandoned in a sinking condition, a radio message received here announced today. All of the crew were saved by a coast guard cutter and are being brought to this port.

SATURDAY, OCTOBER 18, 1919.

BIG SHORTAGE IN CASING IS IMMINENT HERE

According to Bryant & Co., local dealers in oil well supplies with offices in the P. & Q. Realty building, a severe casing shortage is imminent. Mr. Bryant said casing had advanced 50 to 100 per cent over the last list prices and the supply is not equal to the demand. The steel strikes in the north have cut off the source of supply, said Mr. Bryant, and unless fifty or more carloads of small casing can be secured here within the next two or three weeks operations in the field will be affected seriously.

Mr. Bryant told of an instance in which he recently wired northern mills for \$200,000 worth of 10-inch and smaller casing and received a wire in answer thanking him for his courtesy and saying none was available.

He said speculators in Fort Worth, Ranger and other places are manipulating the market, buying up the available supply and boosting the prices. These men operate on a big scale and are making money at the expense of men who use casing in the field.

CONTRACT LET FOR DEPOT OF HAMON-KELL

Contracts were let this week by Hamon & Kell, who are building the Wichita Falls, Ranger & Fort Worth railroad for construction of depots at Ranger, Breckenridge and Franklin. The contract was awarded to the Jarrett Construction company of Springfield, Mo., and the three depots awarded are to cost \$18,000 each. They are to be completed as soon as possible and work is to begin on all of them within thirty days.

Work will be resumed on the depot at Jarrett this week and it will probably not be again interrupted for want of material as the contractors have safeguarded against a repetition of the delay that has kept the structure at a standstill for a week past.

UNION REVIVAL DETAILS TO BE MADE TUESDAY

Details of the co-operative meeting to be held by Bob Jones, the noted evangelist, aided by local pastors, were not completely worked out at last night's meeting, held for the purpose of making arrangements for a union revival in Ranger.

The committee appointed to make final arrangements expects to be ready for an announcement by next Tuesday.

Don Cockran, who acts as manager for Rev. Jones, left last night for Pine Bluff, Ark., where a meeting now in progress.

Fire Chief Returns From Convention

Fire Chief Ed Smith returned last night from Dallas where he attended the State Fire Marshals' convention, which was in session four days.

Chief Smith states that he had a thoroughly enjoyable time and was pleased to find that the fire record of Ranger, since the new equipment arrived, has been one of the best, if not the best, of any town its size in the state.

One of the main points stressed at the meeting was fire prevention. This is a strong point of Chief Smith's policy and he loses no opportunity to impress it on the public and secure the co-operation of the public, without which the fire department would be greatly handicapped.

UNEARTH SKELETON WITH INDIAN ARROW IN SKULL

International News Service.

KENNEBUNKPORT, Me., Oct. 18.—Three skeletons, believed to be those of early American settlers, were unearthed here by workmen leveling land near an old fort erected during the war of 1812.

Two apparently were victims of Indian massacres or wars. Embedded in the skull of one of the skeletons was an Indian arrow. The tip of the arrow of the second was chipped off cleanly as if done by a tomahawk held in a well-trained hand. The third skeleton was that of a man seven feet tall.

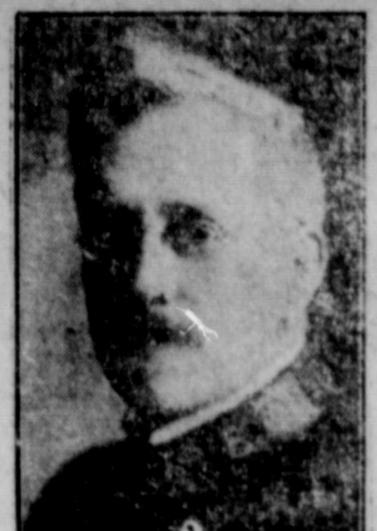

It is believed the bodies were buried in an old cemetery on this spot and that the graves were covered with earth thrown up when the fort excavations were being made.

"KICK" IN 2.75 BEER IS GAUGED AT COLUMBIA

International News Service.

NEW YORK, Oct. 18.—The intoxicating powers in 2.75 per cent beer has been reduced to an exact measure. Thus far, however, the secret is locked in the psychological department of Columbia University in this city, where the experiments were made. The secret will not be made public until the case of the Jacob Hoffman Brewing company comes up in the United States court. H. L. Hellmuth with H. R. Woodworth made the tests, some six law students as subjects. The professors fed the students beer under varying conditions and then sum up through a number of psychological tests.

Will Speak for Salvation Army

LIEUTENANT COLONEL WOOD
Lieutenant Colonel Wood of the
Salvation Army.

Lieutenant Colonel Wood of the Salvation Army will make an address at 3 o'clock Sunday afternoon, at the Liberty theater. He will speak in the interest of the Salvation Army drive for \$10,000, to be inaugurated in Ranger soon. Members of all churches and all who are interested in the campaign are invited to be present.

Lieutenant Colonel Wood will explain the object of the drive in detail. It is understood all the money raised in Ranger will be used locally. Ranger will be headquarters for this district, embracing a large territory in the Hill region. Plans for a community house for Ranger to be financed and built by the Salvation Army, are under way.

Lieutenant Colonel Wood is a gifted speaker and a man widely known and admired for his character and attainments.

The work of the Salvation Army is too well known to require comment. All who were overseas sold the organization in high regard for its splendid accomplishments with allied forces. The citizens at home have seen the good accomplished by the Salvation Army in cities, among the drugs of humanity. No other organization enjoys so universal a measure of respect, and citizens of Ranger and the oil fields will be aiding a worthy cause in giving to the fund which leaders of the movement hope to raise.

CARRUTH WELL AT
DESDEMONA RUNS
FLOW UP TO 4,400

FORT WORTH, Oct. 18.—Desdemona is again in the limelight because of the increased production of the W. R. Carruth well of the Magnolia Petroleum company, three miles west of the town. This well has been drilled deeper and according to latest reports has increased to 4,400 barrels daily. The Carruth has been producing about three weeks, beginning with a production of fifty barrels on the top of the sand.

The 4,400 barrel flow came when the well was drilled nine feet deeper.

And when thou art come in, thou shalt shut the door upon thee and upon the sons and shalt pour out into all those vessels, and thou shalt set aside that which is full.

She went from him, and shut the door upon her and upon her sons who brought the vessels to her; and she poured out.

SHREVEPORT, Oct. 18.—One of the largest deals in the North Louisiana fields was confirmed this week. A portion of the holdings of the W. G. Strange Oil & Refining company in the Bull Bayou district was sold to a syndicate composed of several prominent oil men. The consideration was \$3,000,000.

MAN AND WIFE want job, cook in camp or gang. Can see me any time. Shamrock Room, E. F. Slack.

7—SPECIAL NOTICES

WANTED—You to know that hem stitching is done at Richardson's on Main street.

ROBERT S. DOGLAS, please come home or write to your sister.

LITTLE DEVOTO—Communicate with home immediately, sickness.

WANT family to share nice 5 room house on Street road, easy walking distance to town. Plenty well watered. See Chas. E. Hughes Ideal Sheet Metal Works, 351 Hunt St.

WE HAVE IN Ranger for delivery our first Nash Quad-power in all four wheels—the practical truck for oil field work. Ask someone who has used them. Oilfield Motor Co., temporary quarters 11 Terrel building, phone 39.

BEAUTIFUL CORNER residence lot in Young addition, near school, cheap.

Plummer—111½ North Austin street.

FOR SALE—3 room house with porch, unfurnished. All good and new, \$1000 for cash. Inquire David Crosson, Bryan hotel.

LEON LAWRENCE.

URGES BANKERS TO AID TEXAS FARMERS

By Associated Press

LUBBOCK, Oct. 17.—C. E. Macdogen, a member of the agriculture committee of the Texas Bankers' association, the seventh district, has appealed to bankers to aid farmers in selling their grain for higher prices. Some of the essential grain crops in the Panhandle and West Texas, especially, are bringing such low prices farmers contemplate gathering only such parts of these crops as they need and then turning livestock into the fields, causing an enormous waste. There two grains are milo maize and kafir corn.

The recent decline in the market for grain produced in the section has brought about a condition that has depressed the value of farm products below the cost of production," the letter points out. "While we do not believe a combined effort being made to depress the value of farm products below the cost of production, yet the recent decline in the market on grain produced in the Panhandle and West Texas has apparently brought about this condition."

Farmers are being offered \$17 to \$14 a ton for milo maize and kafir corn, two essential crops, while they are paying \$4 to \$6 a ton for either these crops. This leaves the farmer only about one-half of what they should receive. The farmers have produced these crops on high-cost farms and should receive at least \$15 a ton, net, after paying the cost of harvesting. The result of this low price is that there is a tendency on the part of the farmers to gather only such parts of these crops as they actually need and then turn livestock into their fields. If this is done it will result in an enormous waste.

"It should be the purpose and intention of the country banker of this district to stand with the farmer and help them to hold their crops for higher prices. It is my intention and determination to help them hold these crops until they are offered at least the cost of production, and this will result in an enormous waste."

Colonel Wood will explain the object of the drive in detail. It is understood all the money raised in Ranger will be used locally. Ranger will be headquarters for this district, embracing a large territory in the Hill region. Plans for a community house for Ranger to be financed and built by the Salvation Army, are under way.

Colonel Wood is a gifted speaker and a man widely known and admired for his character and attainments.

The work of the Salvation Army is too well known to require comment. All who were overseas sold the organization in high regard for its splendid accomplishments with allied forces. The citizens at home have seen the good accomplished by the Salvation Army in cities, among the drugs of humanity. No other organization enjoys so universal a measure of respect, and citizens of Ranger and the oil fields will be aiding a worthy cause in giving to the fund which leaders of the movement hope to raise.

\$5,000,000 Film Concern Formed in Great Britain

International News Service.
LONDON, Oct. 18.—There is no reason the industry which ranks fifth in America should not occupy a similar position in this country," is the watchword of the new British film industry, as sounded by H. P. Higham, M. P., director of England's biggest combine, a \$5,000,000 corporation.

The company, just formed, is known as the Alliance Film corporation, and its advance predictions include the world's largest studio which is to be built in Harrow Weald park, which comprises fifty-four acres.

"Everything that is possible for money to buy in the way of facilities for the production of perfect motion pictures will be obtained by the company," Higham announces. "The builders expect to finish our plant by February, and production will begin immediately."

The people of the world should know England. It is essential that Canadians, for instance, should be forever looking at American life, homes, industries, habits and scenery.

"The film is the great educational medium that can teach through the eye and leave a lasting impression upon the mind."

One of the company's first purchases is American directors, George Irving, R. W. Bell and Leon D. Ussman have been signed to teach the Britshers how it is done.

Smith Building Makes Progress

The two-story brick and rock building now under construction on Commerce street, across from the Texas & Pacific station, is making rapid progress. The building is being financed by Bernard Smith, E. A. Etherton is stone contractor and W. S. Castle superintendent of wood-work. The building will be 80 by 70 feet and two stories in height, with a brick front and rock for the other walls.

The ground floor will be used for stores. A plate glass front will face Commerce street. The second floor will contain about forty rooms, to be used as a hotel.

With reasonably good weather the structure should be completed by January 1, contractors say.

Schools Prepare for Halloween

Arrangements are being made in all the city schools to observe Hallowe'en day with appropriate exercises. While plans are not completed, it is thought the exercises will be held in the afternoon instead of at night, to give all the children a chance to attend. Parents also will be welcomed.

Teachers of the schools are enthusiastic over Hallowe'en observance. All sorts of weird decorations are being planned, and ghosts, bats, pumpkin heads and other inventions of a spooky nature will be in evidence. The children are equally enthused over the prospect.

RED CROSS SPENT BIG SUM AT CORPUS CHRISTI

DALLAS, Oct. 18.—The American Red Cross expended more money in Texas during the recent flood and storm than it will take out of the state in some time from memberships, according to those who have been closely following the situation. Even before the storm struck the Corpus Christi coast, the Red Cross was making plans to meet the emergency and when storm warnings had been given, Red Cross directors had been wired to prepare for the assistance of those who might need it.

A field Director of the Red Cross reached Corpus Christi on the first trainload of supplies and upon his report the Galveston Chapter of the Red Cross was authorized to charter the United States Government boat "Rotonda" and a place 190 tons of foodstuffs and clothing for the relief of the stricken districts.

Governor Hobby requested the Red Cross to appraise the entire loss of the entire devastated district and to take charge of all funds which had been sent to him and to apportion these funds to the several communities in accordance with their respective losses. The Red Cross was the first in the field and will remain until condition are adjusted.

Other states which contributed funds urged their disposition through the Red Cross. The Red Cross in addition to offering medical assistance, food, clothes, shelter etc., also established in Corpus Christi a bureau of information and sent thousands of messages to those whose loved ones were in the storm area.

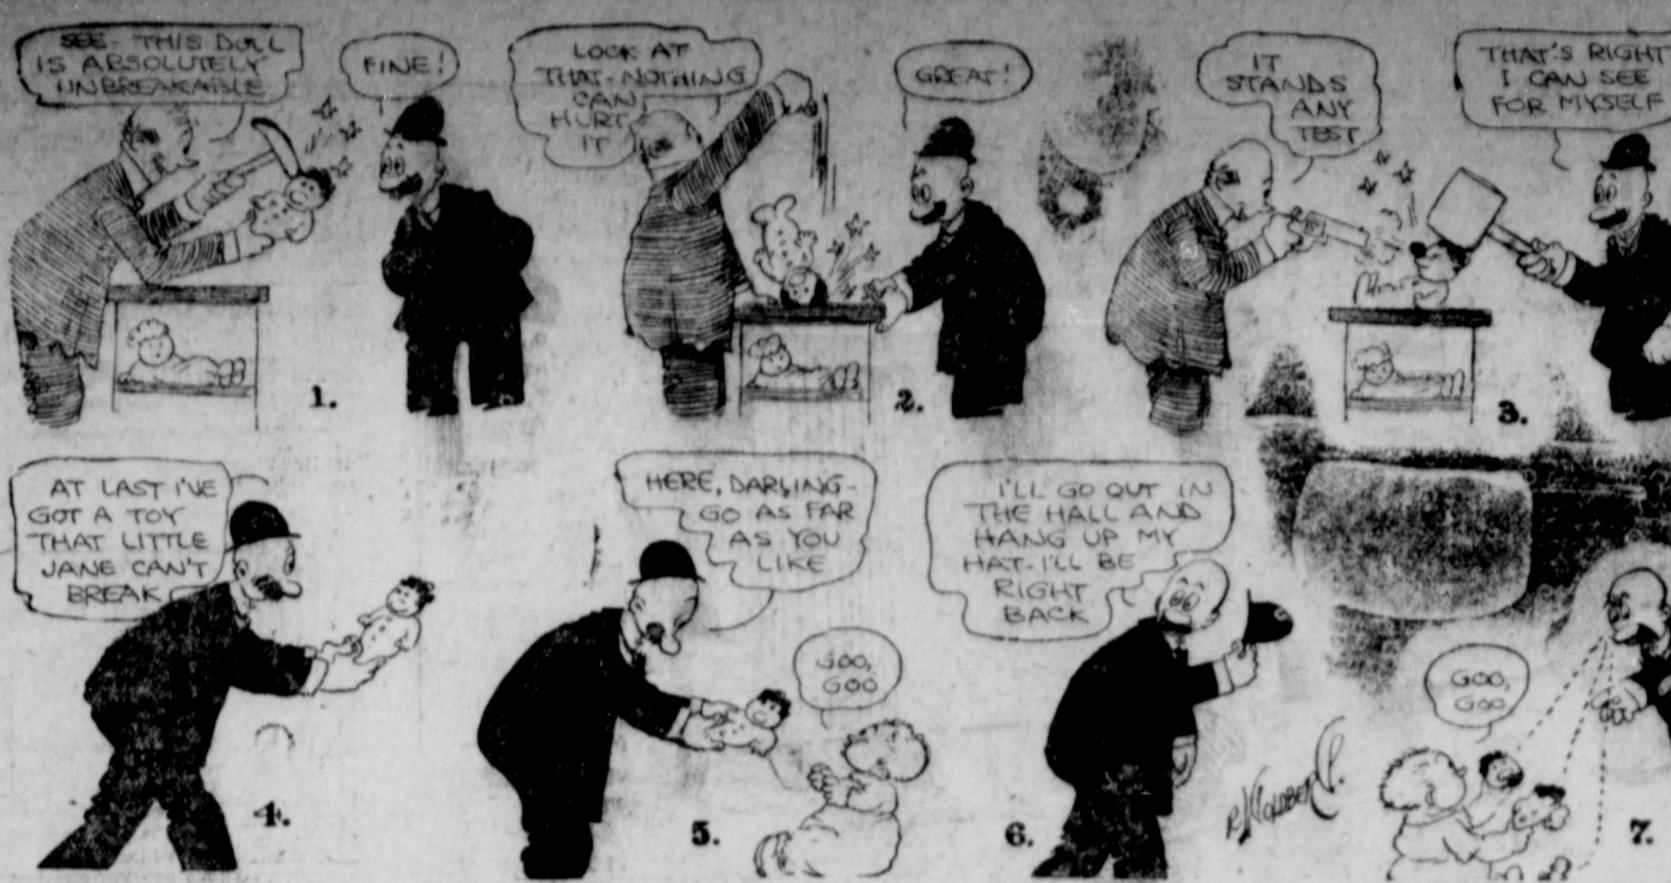

Notwithstanding the heavy drain on the resources of the Red Cross, the campaign to be conducted in Texas from November 2nd to November 11th is a membership campaign. These memberships are one dollar each and are good for a period of one year.

It is pointed out that this is the time of the Red Cross and its war-time activities and for this reason thousands are doing the Red Cross continue the excellent work it has already begun.

ROBBED, DAZED SWIMS THEN DROWNS HIMSELF

International News Service.
NEW YORK, Oct. 18.—Dazed by blows on the head from robbers who took his life savings of \$1,500, Louis Pauson, swam 250 yards across the Passaic river from Cliffside to Garfield and then drowned himself in a mill pond. He was a watchman at the Cliffside paper mills. The police followed a crimson trail from the paper mills to the river. They picked it up on the opposite bank where it led to the pond in which Pauson's body was found. The man's head was badly battered and the money he was known to have was missing.

RUBE GOLDBERG'S BOOBS—The Word "Unbreakable" Is Not in Baby's Dictionary

By R. L. Goldberg

Game With Cisco Set for Tuesday

The high school eleven, which was to have played a return match with Cisco yesterday, was prevented making the trip by bad roads. They spent the afternoon in practice, under the efficient direction of Coach Perry, and will be in tip-top form for the game with Cisco, which probably will be played Tuesday, if the weather permits.

Some new material has been added to the team and Coach Perry is confident the next game against Cisco will result in a victory for the Ranger eleven.

National bank is spending the week-end in Fort Worth.

Mr. and Mrs. M. A. Turner left Friday night for Dallas. They will return Monday.

Capt. F. H. McFarland, headquarters engineer of the Hamon & Kell interests, who has been ill for a few days at the Wilson, is much better.

Field Superintendent Wiley of the Quaker Oil company, who has been ill in his room at the McCleskey, is reported to be feeling much better and he will return to work soon.

PAN-AMERICAN SOCIETY ANNOUNCES LECTURES

International News Service.
NEW YORK, Oct. 18.—The Pan-American Society of the United States, with offices in this city, has announced a series of lectures to be given by the society during the coming winter, with a view to promoting friendship between the Pan-American states and this country. The talks will be delivered in the principal cities of the country by well-known authorities on the southern republics.

PROCTOR & GAMBLE TO HAVE BRANCH IN TEXAS

Special to The Times.
DALLAS, Oct. 17.—Plans have been made for the location of a Texas branch of the Proctor & Gamble company in this city. The company purposes to erect upon its acreage an eight-story plant, the first part of which will cost \$1,000,000. More than four hundred persons will be employed. The plant will be devoted to the making of lard substitutes and foodstuffs but not soap at the present time, it was said.

HIS CRAFT SENDS RADIO MESSAGES FROM UNDER SEA

Commander Clark Withers.

A practical demonstration of what an American submarine can do was given by the H-2 in the Hudson river recently before a crowd of 2,000. Lieut. Com. Clark Withers is the commander of the submarine. The submersible submerged in the remarkable time of one minute and thirty seconds. While in the salty depths the H-2 sent out her radio telegraph, being the only submarine in the world, according to Lieut. Commander Withers, fitted with radio apparatus for underwater communication.

The demonstration was given to convince possible recruits that flirting with mermaids was the life. The two other submarines talked to young men about the advantages of submarine service.

DENTISTRY

Dr. Jeff Halford
THE CAREFUL DENTIST

Do not the cold days of approaching Winter warn you that your teeth need immediate attention? Only a well nourished body can best ward off disease and cold.

No one's body can be well nourished without

Good Teeth

We are equipped to do all kinds of modern dentistry with a minimum amount of pain using for this purpose Novocain.

Only the highest grade materials used. All work guaranteed.

SOON IT'LL BE OVER.

The amendment to the food control bill which was passed by congress last Saturday and has been sent to the executive to sign will shortly start its incision into high prices if the department of justice which has its enforcement in charge does its duty. It imposes a fine of \$5,000 or a two-year term in the federal penitentiary upon every profiteer in clothing and food-stuffs.

The department of justice has already accumulated a mass of information on profiteering in the nation which it will use to advantage as soon as the president signs the relief measure. According to the plan of Attorney General Palmer, the effectiveness of the new law will become manifest once, for example, will be made of two profiteers in each center. Then the others will begin to drop prices.

Profiteering is a diabolical crime against the American people. Long suffering, the American public is now to get relief. If there are profiteers in Ranger they should be handled to the fullest extent of the new federal law. The promptness with which the government prosecutes its cases and the merciless manner of execution of the law are well known to violators of the law. State laws often are ignored, but federal executions are given second thought before violations are committed.

A SWALLOWING GAME.
Rome absorbed the world and then was absorbed by the world. When Ranger was in its infancy West Texas swallowed the folks who came here. History repeats itself: Ranger's going to swallow West Texas people next year. Keep your eyes on our growing residential sections. Ranger has more to offer the laboring man and the wealthy man than any other city or two in the state. Be convinced of this before ground floor space is all gone.

NEW TRAIN SERVICE.
Constant agitation for improved passenger service in the oil field has brought fruit. The Texas and Pacific will install two more trains Sunday—one each way between Fort Worth and Eastland.

The delay in putting on the supplemental service arose because of lack of equipment. The company should receive the appreciation of the traveling public.

THE SALVATION ARMY.
The Salvation Army campaign starts in a few days. Every Rangers should contribute as freely as possible. Funds raised here will be expended in Ranger. And remember that the salvation exists in this campaign. Indians remain whether or not all of the spiritual organization shall openly build a \$50,000 community hall here in the near future.

HOTELS AND CITIES.
The Tulsa World editorializes thus: "A city can grow no larger than its hotels."

Such statement needs no qualification. Tulsa is suffering from a lack of hotel accommodations. Ranger is sealing her future by starting in the right direction. Contract for another \$250,000 hospitality was let last week. Keep the ball rolling.

Northern newspaper editorial columns teem with news of the disastrous strike in the steel mills, on the wharves and elsewhere. It's a wonder those folks can't keep busy and contented like we do here.

The Ranger oil field got a rep at a sure-enough sun Friday, but he looked awfully sick.

"THAT LITTLE GAME" --- Thoughts On the Home Stretch

Oil and Gas Leases, Mineral Deeds, Royalty Contracts—Eastland County

Mineral deeds, oil and gas leases and royalties filed in the office of County Clerk Earl Bender, October 15, follow:

F. D. Thompson et al to C. H. Williams, 134.8 acres out of the Elmer Russell survey, Eastland county; assignment; \$1.
