...a rapid-fire, quick-action, up to

...all that goes with it, from peanuts

...stand aloof from God under the  
...knowledge of the great responsibility  
...which stands over him and the  
...awful eternity which he will have to

...The speaker denied the oft-repeated  
...statement that God had prepared hell  
...for mankind. God did not create  
...a hell for human beings, but He pre-  
...pared it for the devil and his angels,  
...who rebelled against His authority

**Epworth Leaguers Hold Social Hour at Local Church**

...The Epworth league of the Metho-  
...dist church held its regular weekly  
...social hour in the parlors of the  
...church Tuesday evening with a splen-  
...did attendance. An invitation was re-  
...ceived by the leaguers from the  
...American Legion to enjoy the occa-  
...sion with them, but the offer was  
...turned down and in return the  
...league invited the legion to come to  
...the parlor of the church and enjoy  
...the occasion with them. A perpetual  
...invitation was extended to the  
...Members of the legion accepted the  
...invitation, bringing with them the  
...Mexican string band, which enlivened  
...the occasion with pleasing and me-  
...lodious music. Punch was served  
...and games tended to heighten the  
...pleasure of the evening. Among the  
...features were war songs, readings,  
...and story telling and other innocent di-  
...versions.

**TIME CHANGES OCTOBER 26TH; SET THEM BACK**

...Considerable discussion over the  
...date when clocks, watches and chro-  
...nometers should be turned back an  
...hour in order to conform with the  
...pre-war time, but changed by con-  
...gress two years ago, has led to vari-  
...ous dates being suggested. Some  
...were under the impression that it  
...changed October 1. The official  
...date is October 26. At that time  
...clocks should be turned back from 2  
...a. m. to 1 a. m.

...In order that correct time may be  
...carried on the morning of October 26  
...it is not necessary for a person to re-  
...main up till that hour to change his  
...time. Upon retiring before that  
...hour let him turn the hands of his  
...timepiece back an hour. When he  
...arises, the following morning he will  
...be provided with the correct time.

...The fact that railroads change their  
...timetables has given rise to rumors  
...that these meant to return to the old  
...time standard, when, in fact, the  
...railroads have nothing whatever to  
...do with the time, arranging their  
...schedules for convenience of connec-  
...tion and better passenger and freight  
...service.

...Remember the date—October 26.  
...Remember to turn your watch or  
...clock back an hour before retiring.
