Deadline For C-C Banquet Tickets Set For Wednesday

Formal Program For Event Announced

Formal program for the Chamber of Commerce's annual banquet Thursday night was announced today as the deadline on ticket sales ticked to a near end.

W. F. Cressler, chairman of ticket sales, said that probably more than 200 tickets had been

sold thus far and that the limited supply was nearing exhaustion. Deadline for ticket sales has been set at Wednesday noon.

Cressler said that ticket salesmen were to make their final report tomorrow. Cost of the tickets are \$2.50 each.

Principal speaker for this year's program will be Dr. Laurence DePee Haskew, vice-president for the developmental services college and education dean at the University of Texas.

Program for the evening will be opened with the invocation by Rev. Calvin Bailey, pastor of the Second Baptist Church.

Dinner will be served by Morris Newnam in a semi-buffet style and the Ranger Junior College Dixie Land Band will play selections during the serving of the meal.

Jo Ann Crider, Ranger Junior College student, will sing "God Bless America."

New president of the Ranger Chamber of Commerce will introduce the officers, who will be elected tonight, and directors.

G. B. Bush, superintendent of schools here, will introduce visitors and Miss Crider and Al Lotz will sing "Where In The World."

The Ranger Junior College Chorus will sing "Cindy" as a prelude to the introduction of the guest speaker Dr. Laurence DePee Haskew by Dr. David L. Norton.

ALMOST DONE—Last leaf on the tree is all that's keeping Joseph Manning, of Rutland, Vt., from completing his fall chores.

Albany School Presents Junior College Program

Texas history was the theme of the Ranger Junior College assembly program last week that was presented by the Texas Junior Historical Society of Albany High School under the sponsorship of H. T. Grant, principal.

R. L. Willis was in charge of the program.

Carolyn Vines was master of ceremonies and Galadys Diller introduced the singers.

The following program was given: Paper on Galveston Island, book review by Annetta Boyette; Ten Bear's speech at Medicine Lodge in 1856; Nancy Henlen Henshull; Vocal selections by a girl's trio composed of Carol Griffin, Marilyn Severson and Janis Hightower; Short report of Dr. Padgett's letter, Sylvia Leech; Dr. Padgett's letter to his brother, Jane Miller and vocal number by a boy's quartet composed of John Ed Macon, Brian Miller, Wilford Allen and Jerry Matthews.

Both groups of singers were accompanied at the piano by Gayla Vardeman.

Weather Reports

The Pathfinder

By Lee Harr

An irritated gentleman, scanned the nearby bare and unattractive table as he set down with his wife for their evening meal, and summed, "I've read that most accidents occur in the kitchen, but do have to get them all for dinner."

Finally Pathfinder has joined the select list of sports forecasts by reaching an .880 mark. Percentage is figured out of 11 attempts, 11 were wrong and one tie.

The lone tie of course was the Texas A & M and Arkansas battle and the losses in our columns was Notre Dame's win over Navy and Kentucky's 20-16 decision over Rice.

But all in all, it is the best percentage we've enjoyed all season long.

Pity Gorman, Wylie, Rising Star and now possibly Cross Plains in their quest for the Conference football crown. For, especially Gorman, Wylie and Rising Star, Eastland has added insult upon injury and has now begun calling themselves district champs.

Of course, the Mavericks are only subconsciously aware that they yet have 16 face Cross Plains and Ranger on consecutive dates, but Ranger's 25-0 win over Cross Plains and Eastland's 57-0 decision over Rising Star seemed to have given the Mavericks high hopes for the district crown.

But it is not the losses alone that have irritated Gorman, Wylie, and Rising Star, but rather the attitude of individual East squadmen, fans as a whole and Eastland's sport's writer, Norman Wright.

In fact, these three towns have become so miffed that they are definitely pulling for Ranger to consume Eastland Nov. 18 and rack up the district championship.

Representatives from the three cities present at the Ranger-Cross Plains contest Friday night, made it obviously plain that they were not at all pleased with Eastland's attitude at the games and certainly not with pre-game and post game publicity.

In fact, the Gorman Progress did, following Gorman's 21-0 loss to Eastland, "... so, Mr. Norman Wright of the Eastland Telegram was 'right' about Eastland beating Gorman. But he wasn't right about it being easy. In fact, the Eastland team looked lousy in most of their playing. It was just a case of too many mistakes for the Panthers."

Further on, the Progress relates, "So, the case was a case of too many mistakes for Gorman and Eastland taking advantage of the bobbles of Eastland's team didn't look good enough to go very far in district play. They might get third place, but they won't beat Ranger or Cross Plains." Seems like the Progress makes the situation rather plain.

Others took similar stands from the sidelines Friday night at Cross Plains, but the Eastland fans, whether or not they will admit the situation are eagerly looking for a championship finish from the Mavericks.

No doubt Eastland has one of the fastest growing teams in the district and has shown by far more improvement in the past two or

Application Form Requests Deluge Ranger C-C

Applications for positions with Higginbotham & Bailey, the manufacturing firm to begin operating here Jan. 3, have been pouring in and out of the Chamber of Commerce, it has been announced here.

A great number have been completed and filed with others that have been mailed by request to various addresses in Eastland and surrounding counties.

A good portion of those that have been mailed have not had time to be completed and returned so the total count is inconclusive at this time.

However, a great many are expected this week and the Chamber of Commerce still urges that all persons, experienced or inexperienced, continue to complete the forms.

Several women from a wide area have written the Chamber of Commerce to have forms forwarded to their address and in several cases, 10 or more have been requested in joint orders.

Services Held Monday For Ranger Man

Funeral services for Claude Albert Dobbins of Ranger, were conducted Monday at 5 o'clock at the Baum-Carlack Funeral Chapel at Strawn.

Burial was at Gordenock Cemetery near Strawn.

Mr. Dobbins, 71, died in Ranger Saturday. He was born in Dallas County, May 1, 1884, but had resided most of his life near Ranger, where he was engaged in farming. He was a member of the Baptist church.

Survivors include two daughters Mrs. A. W. Mayhar of Stephenville, Mrs. T. J. Green of Mingus; a brother, Ira J. Dobbins of Cisco; two stepbrothers, Lee Boney and Adan Boney, both of Ranger, and two grandchildren.

Brother of Mrs. O. C. Warden Hurt In Accident

John Kimbrough, brother of Mrs. O. C. Warden of Ranger, was seriously injured last week when the car he was driving struck a Mississippi State Forestry truck 25 miles south of Jackson, Miss., Sunday.

Also injured, but not as seriously as Kimbrough, was Odell Turnage of Newton, Miss., who was a passenger in the car with Kimbrough.

Kimbrough was suffering from a broken arm and hip and five broken ribs. Doctors at Hazel Hearst, where the two victims are hospitalized, said that Kimbrough showed slight improvement but that surgery would probably have to be performed on his hip.

Turnage suffered a broken pelvis bone and a slight concussion.

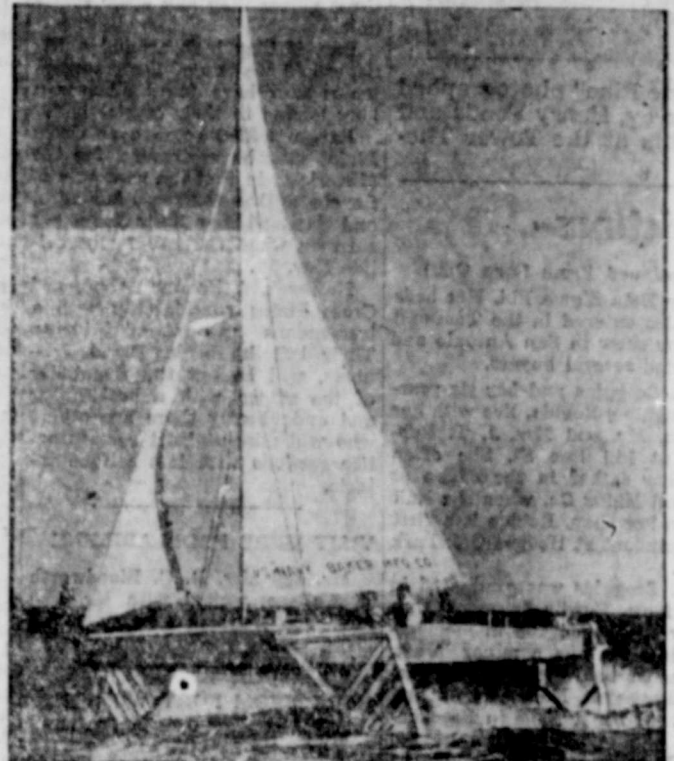

Talent Show Entries Spark H'ween Carnival

Spooks and Goblins over the city all collected in the Recreation building here last night for the annual halloween carnival and talent show sponsored by the Hadesmas Parent Teachers Association.

For the talent show, Bill Rush-ton took first prize in the first division and was followed by Donella and Zuella Carville, twin sisters, and Patsy and Kay Perkins.

Jill Watkins took first place in the second division with a piano solo; four couples, Teddy Neeley, Barbara Warren, Bill Faircloth, Perry Hatfield, Sandra Hallbrooks, Carla Kirk, Buddy Hopper and Helen Fay Blackwell with their "boy" interpretation of "Rock and Roll," took second place.

Jack Nold was third place winner with his presentation of guitar playing and song.

BY HER OWN BOOTSTRAPS—Monitor, experimental craft built under Naval contract, takes across Lake Mendota, Wis., on hydrofoils. The loogie-like devices supply lift in the same fashion as do the wings of a plane. They raise the craft about 30 inches above the water when it is under sail. Monitor made a land speed of 30 miles per hour under a moderate (15 miles per hour) wind. Her trial speed bests that of the hitherto speed-queen of sail—the Catamaran.

Rangers Passes Whip Henderson County, 27-6

Hold scoreless in the first quarter of play, the Ranger Junior College Rangers matched to one touchdown in the second quarter, two in the third and a final counter in the fourth to crush Henderson County Junior College, 27-6, Saturday night at Athens.

Expecting as much, the Rangers fought down a Henderson passing attack that saw 40 passes fill the airways.

Ranger, on the other hand, practically matched their season's pass total and at the same time taught the Athens crew a thing or two in passing magic as they completed nine of 15 for three touchdowns and 157 yards to go with their 284 yards on the ground.

The Rangers recovered from their old nemesis—the fumble—in the second quarter after two drives were ended at the five and another at the seven yard line in the Henderson end of the field in the first quarter by the costly hobbles.

J. D. Hansen, hurdle man who began suiting out with the Rangers

three weeks ago, scored the first Ranger touchdown on a seven yard gallop that ended a 55 yard scoring march.

Early in the third frame, the Rangers counted on their first scoring pass play of the night with Quarterback Lonnie Wood doing the pitching and Jim Mangum receiving 18 yards away in the end zone. The same two added a 30 yard pass play earlier and Halfback Sherman Adcock helped with a 30-yard jaunt to set up the score.

On the first play following Henderson's first punt in the second half Wood flipped a pass to Harold Cartwright that carried the Rangers 60-yards to their third score.

In the final period, Halfback James Kennedy passed 40-yards to End Alfred Roise for the last score.

Hey! The Water's Cold

Harold Barrett, Ranger High School assistant coach, got a bath Friday night that he was not anticipating prior to the Bulldog trip to Cross Plains.

Several jubilant Bulldogs ganged Barrett following their win over Cross Plains and dumped him into a shower—and cold, it was.

By scrouging up a change of clothes, from some undetermined source, however, he made the trip home as dry as a baby chick.

Three Pay \$75 In Weekend Police Fines Here

Questionable representatives from three cities paid police fines totaling \$75 over the past weekend.

All three, charged with the same offense, "drunk in car", represented Eastland, Breckenridge, and Crowell, and paid like fines of \$25 each.

The first two were arrested separately Sunday morning and Sunday night while the third was taken into custody Saturday night.

Police Slightly Alter Duty Schedule Here

There was a slight change effected with the City Police Department here this week as former patrolman Ed Freeman again assumed duties with the law force.

Freeman assumed Joe Faircloth's relief position and Faircloth took over the meter job vacated a week ago by Gerald Lee's resignation.

The other patrolmen, John Shook and Don Butler, remained on their regular shifts.

Methodist Youth Make Halloween Fund Collections

Texas Youth have done it again! Halloween had a "new look" last night for Ranger and many other cities over the state. The MYF of the Methodist Church participated in the program of asking for donations of money in the place of "trick or treat."

Collections for Christian Rural Overseas Program is used for food, livestock, and agricultural assistance to the hunger areas of the world. Gifts are sent to people overseas on basis of need, not race or creed. Christian Rural Overseas Program fights Communism because Communism thrives among the hungry, the desolate, and the homeless.

Christmas Toy Idea Gives Birth To Doll Bed Industry

Ranger has given birth to a new industry. As yet, it is still in its infancy, but shows great promise of expansion with time. The name of this infant industry is Colleen's Custom Made Toys, and the originator, whose creative and artistic ability was responsible for the idea, is Mrs. Colleen Scoggins.

Last Christmas, this artistic young mother made a doll bed for her five-year-old daughter, Robbie. It was original, clever, and very cute. The response from the little girl, her friends and neighbors was so enthusiastic, that Mrs. Scoggins wondered if there might be a market for the beds. She was teaching second grade at Castle Hills Elementary School in San Antonio and often discussed the idea with her students, who were also enthusiastic over the clever little beds. Before school began this year, Mrs. Scoggins decided to make the beds and try to market them locally and nationally.

Mrs. Scoggins' workshop is in the old Martin Lumber building where she has an electric saw and sander and there completes the beds which are sturdily constructed. Another room serves as the paint shop. Mattresses, pillows and spreads are made on the sewing machine at home.

The four distinct designs include a Pennsylvania Dutch bed finished in lined oak and hand painted with tiny red hearts and yellow tulips. The ruffled pillow and spread are blue dotted swiss.

One bed is a bunny, covered with pink terry cloth. It has floppy ears, lined in white, plaster of paris eyes and wire whiskers. The fluffy white tail is perched on the

foot of the bed and the spread is pink terry cloth.

Another bed is a beige and red brown terry cloth cocker spaniel with matching spread. The ears are wired so they will stand up straight or bend.

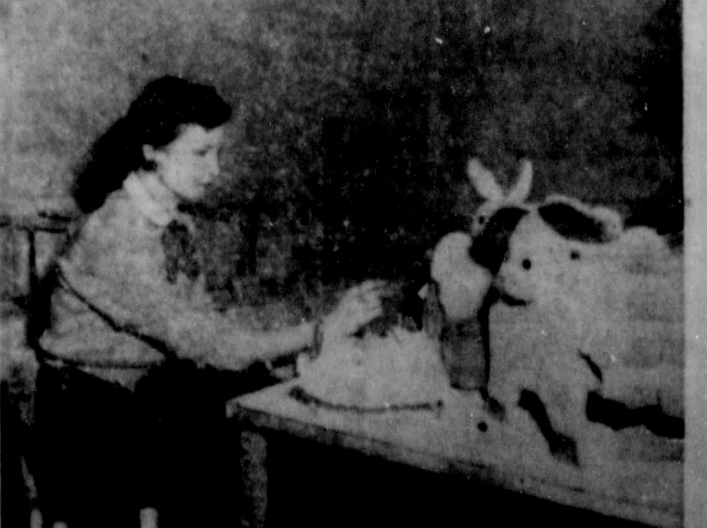

Perhaps the cutest one of all is a clown in red and white. The clown's head and hands are painted on the head of the bed and his big red feet on the foot of the bed. The spread is red and white polka dot with fuzzy red buttons down the center.

The small beds are 7 inches by 9 inches and the larger ones range from 16 inches to 24 inches in length.

Mrs. Scoggins has personalized boxes for shipping. She has 100 beds now complete and 100 in the process.

Mrs. Scoggins has plans to expand her business to include youth beds and furniture. She has samples of her work at the Fair in Fort Worth, the Tot and Teen Shop in Breckenridge and Bell's Young Moderns in Ranger. She was introduced from the stage of the Majestic theatre during the recent Stylorama given in East-

But, if they look around a little, they'll see two of the strongest teams they have faced all season long loom in their crystal ball.

Ranger's 25-0 score over Cross Plains may be misleading for the Mavericks, in that the contest was far closer than the score indicates, and Eastland may be in for a big surprise when the two teams collide Nov. 11.

However, Ranger weakened Cross Plains considerably with a tremendous amount of injuries. Their left halfback, David Jennings, will be out the remainder of the season with a broken leg and undoubtedly there are others who will miss at least some practice sessions with less serious injuries.

In order for a cow to get the most out of her feed, it is necessary to feed the bacteria in the stomach. These bacteria act with greatest efficiency when the cow's feed supplies the nutrients for maximum activity. These needed types of nutrients are: a quick source of energy, a slow source of energy, vitamins, proper proteins and minerals. The best quick source of energy is molasses. The best slow source of energy is cracked or rolled grains. RED CHAIN feeds furnish these, plus the vitamins, proper proteins and minerals.

First Baptist Announce Wed. Night Schedule

Wednesday evening services at the First Baptist Church has a new schedule. The choir rehearses at 6:30, the Sunday school officers and teachers meet at 7:15 and the prayer meeting hour is at 8. This change has met with unusual success through increased attendance in all phases of the mid-week services. The entire evening is climaxed by prayer and Bible study. Those who have requests for special prayer should contact one of the church departments and make the requests known. Those who love Bible study should bring their Bibles and join in the study of the book of Revelation. The study this Wednesday evening will begin with the 4th chapter.

Sunday School Superintendent Lonnie Stephens will meet with all General and Departmental officers and the teachers in the Junior Young People, and the two adult departments. This is the first of the regular meetings planned for Wednesday nights.

Those who can sing in the choir should be present at 6:30 and cooperate in the fullest with the fine music program of the church. The nursery will always be open for the little ones. There is a cordial welcome for everyone.

First Methodist WSCS Has Monday Meeting

The WSCS of the First Methodist Church, met in the 3rd session of mission study October 31 at 3:30 p.m. Text was "Disrevolutionary Faith" by Floyd Shacklock.

Mrs. Arthur Deffebach, president, presided at the meeting. Mrs. R. L. Willis led the opening prayer. Mrs. Deffebach gave a talk on "Christianity is Revolutionary" which had six headings. They were: Democracy, Communism, Two Roads, Christian Concern for Food and Health, The Revolution can not be Stopped, Freedom, and Christianity is the Revolutionary of all forces as it touches all life and answers the deepest needs and recognizes the hungers of men. Mrs. C. E. May Jr. gave a talk on "Greater Glory of God" which consisted of 5 topics namely, Christianity versus Communism, A Gospel of Love, Thy Kingdom Come on Earth, Lord of all of Life, Christian Gospel is not considered a tool of Anti-Communism but is a natural expression of God's eternal purpose. The Christian should be more concerned about elevating suffering of mankind as they will always be in revolutionary business.

Mrs. Gaston Dixon told how Christianity helped a little boy in India and how later in life he was admitted to Harvard University for fifteen years to do research work. The spirit of an unselfish devotion to across fund only in Christianity.

Mrs. Richard Bonney gave a story on an Indian in Bolivia and how Church Schools have advanced and also some work on Willard Chandler who is a Missionary. Mrs. Garrett talked on Pakistan and gave experience of a teacher there.

Mrs. Danley gave a description on Schools and Churches in Lebanon and Mrs. Lillian Wolf read scripture from the 17th chapter of Acts.

The table had a display of the globe and posters. The first one represented the world upside down and under revolutionary movement. The second was the post-world right-side up. Mrs. Arthur Deffebach led the closing prayer.

The next circle meetings will be Monday, as follows: Circle No. 1, Mrs. Pearsall leader meets with Mrs. Archie Robinson. Circle No. 2, Mrs. A. J. Pally leader meets with Mrs. B. S. Tunnell. Circle No. 3, Mrs. J. P. Robinson leader meets with Mrs. Gaston Dixon.

County Beef Show Plans Being Made; Prizes Reach \$500

The third annual Eastland County registered Beef Cattle Show will be held in Cisco next May will offer \$500.00 in premiums to the owners of the prize winning animals. S. P. Crofts, prominent Angus breeder of Cisco and president of the group, said today.

It will be the first time that cash prizes have been awarded since the purebred show started in 1953. Only ribbons have been awarded in the past, President Crofts said.

The exact date in May for the show has not been set. It will be scheduled to coincide with the Ranch Day of the Cisco Junior College and the Cisco Fiesta and will be held in downtown Cisco instead of at the show barn on the Moran highway as in the past. Several business firms have offered to donate space for the one-day affair, according to T. G. Caudle, Cisco Hereford breeder and general superintendent of the show.

There are 39 breeders of registered beef cattle of the Hereford

and Angus' breeds in Eastland County, according to information from County Agent J. M. Cooper's office in Eastland. Most of them are small breeders, however, it was said.

Due to the expressed desires and wishes of the breeders at several meetings, the classes for the show have been changed to allow many individual animals to be shown. It was pointed out however that emphasis will continue to be placed on the group classes, where more than one animal are shown together. The classes of animals have recently been mailed out to all breeders in the county.

Missing County Lad Found Safe

Although authorities about the county had been alerted to search for him, a ten-year-old boy, living 9 miles north of Cisco, was found safe and sound — but hungry — Sunday night. The lad had gotten lost in the woods while hunting there with his dog and was missing so long his parents became alarmed.

OUT-OF-TOWN VISITORS IN RICHARD VANN HOME

Visiting in the home of Mr. and Mrs. Richard Vann Sunday were his sisters, Mrs. Norman Chancellor of Cisco, and Mrs. Tex Whitehead of Abilene.

Dr. and Mrs. A. W. Branda spent the weekend in Dallas to attend the SMU homecoming and to visit their son, Bill and daughter and family, Mr. and Mrs. M. A. Howe. They also attended the SMU-Texas football game.

The modern, fully-automatic way to all-season comfort!
New ALL-ELECTRIC HEAT PUMP

...using only air and electricity!

Now you can enjoy year around central air conditioning that's completely automatic!

The new all-electric Heat Pump both heats and cools from one compact unit that switches automatically from heating to cooling or back again as needed... even within the same day or same hour.

With the Heat Pump there's no manual shut-down or start-up of heating or cooling equipment... no discomfort from unseasonably warm or

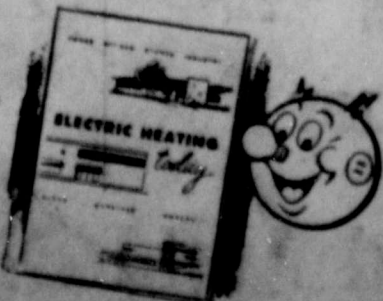

cold days. You just set the automatic thermostat once and enjoy perfect indoor climate the year around.

Adaptable to new or existing buildings, the Heat Pump takes up little floor space. In installations now operating in Texas and elsewhere it is providing practical, dependable air conditioning 365 days a year.

For a new experience in carefree comfort, investigate the advantages of an all-electric Heat Pump for your home or place of business.
