87TH YEAR

A traveling salesman stopped at a remote farmhouse. When he walked inside, he found an old man playing checkers with his dog.

"Why, that's the smartest dog I've ever seen!" exclaimed the salesman.

"No, he ain't," said the farmer. "I've beat him two games out of three."

Nope, there's no graduation exercises Friday night. Ranger Times story Sunday stated that high school graduation would be Friday, May 18. Actually they won't be until May 25.

Farmers in this area were reminded of their exemption from the Federal excise tax on gasoline used for farm purposes today. Congressman Omar Burleson, who filed the reminder, also explained that a farmer may also request a refund on gasoline used on his farm by a custom operator, or by a neighbor in connection with cultivating, raising, or harvesting any agriculture crop.

The Internal Revenue Service states that accurate records must be kept by individual farmers for claiming these refunds. Claims will be accepted by the U. S. District Director of Internal Revenue after June 30 and before October 1. Form 2240 will be available at Internal Revenue offices after June 1.

Some fishermen, possibly in disgust, left their tackle box on the banks of Lake Leon recently. In fact the police department is in possession of the equipment now and will pass it on to its owner upon identification.

The green, metal box contains an assortment of lines, hooks and sinkers as well as four spark plugs, pliers and other assorted equipment.

The Little League season got off to a wondrous start Monday night with the year's first doubleheader.

The four sponsors of the Little League teams took the spotlight in early pre-game ceremonies. They each tossed in a ball to the starting pitcher on their team.

Participating in the early events were Wilson Guest, Commercial State Bank representative; J. F. Killingsworth who sponsors the Yankees; David D. Pickrell of Premier Oil Co., who sponsors the Dodgers and E. F. Arterburn of Art's Tool and Supply who sponsors the Indians.

Managers and fans alike are looking forward to a much closer season this year as far as the teams are concerned. They expect the pennant chase to run close down the wire and an undefeated team through the season is not anticipated.

Bank To Begin Closing Each Saturday June 2

The Commercial State Bank will be closed each Saturday beginning June 2, Wilson Guest, said here today.

Guest explained that the new plan was approved under a House Bill passed in March, 1955. He said that many other banks had adopted the plan and that the bank here was one of the last to close on Saturday.

Abilene banks all begin closing on Saturday this weekend.

Closing on Saturday, eliminates a great part of the bank holidays. Holidays that will not be observed in the future will be Jan. 19, Feb. 12 and 23, March 2, May 30, June 8, Oct. 12 and Nov. 11.

However, the bank will be closed for Christmas, New Year's Day, Thanksgiving and April 21.

A night depository is on order and is expected to be installed by June 2. Also, the bank will be open from 4 until 6 p. m. each Friday afternoon to allow merchants to secure change for their weekend business.

Legion Baseball Team Pounds Breck Negroes

The Ranger American Legion baseball team romped to their fifth victory of the season here Sunday with a 15-2 decision over a colored club from Breckenridge.

Jack Allen took credit for the victory while Don Love was the losing pitcher.

James Kennedy and Paul Mendoza led Ranger's 11-hit attack with two hits each. The Breckenridge team managed only six scattered hits.

The Legion Club was served a meal of meat loaf, beans and salad following the contest.

LISTEN TO THE STARS—That's what Harvard's astronomers plan to do with this 60-foot diameter radio-telescope at Agassiz Station, Mass. Largest in the United States, the "ear" is designed to pick up electrical impulses from stars as far as one hundred million light years into space. (A light year is equivalent to the distance traveled by a beam of light in one year at the rate of 186,000 miles per second.)

Dodgers Thump Indians, 15-5; Yankees Nudge Giants In Sixth

The Premier Dodgers used an 11-run third inning to club the Art's Tool and Supply Indians 15-5, and the Killingsworth Yankees sneaked across a run with two out in the bottom of the sixth to nudge the Commercial State Giants, 8-7, in the first Ranger Little League Doubleheader of the 1956 season Monday night here.

In the first contest, both the Dodgers and Indians picked up one run in the opening frame, then went scoreless through the second. The Dodgers ripped two Indian hurlers for eight hits in the third,

HERMAN FITTS

Fitts Pledges Fight Against Rising Taxes

Herman Fitts, of Mineral Wells and candidate for the State Senate from the 22nd Senatorial District, this week pledged a battle against the rising tax burden in a formal announcement concerning the position he seeks.

In the announcement, Fitts said, "Recently I announced my candidacy for State Senator from the 22nd Senatorial District composed of Callahan, Clay, Denton, Eastland, Jack, Montague, Palo Pinto, Parker, Stephens and Wise Counties."

"I am 39 years of age, married, and have lived in Mineral Wells nearly all of my life. After graduating from Mineral Wells High School I worked my way through Texas University Law School by waiting tables, doing janitor work, delivering papers and doing various other odd jobs. I have practiced law in Mineral Wells for almost ten years during which time I was three times elected City Attorney without opposition.

"I am a veteran of World War II with service in the Southwest Pacific and in the Japanese Occupation Forces. I am an active member of the Christian Church, of the American Legion, and a number of fraternal, service and civic organizations, and have also..."

Criminal Complaint Filed By Nuessele Against Utley

Road Block Turns Into Legal Battle

A criminal complaint against T. A. Utley, charging that he "willfully obstructed a county public road by erecting a fence across it" was filed this morning by District Attorney Joe Nuessele.

The complaint, which was signed by V. L. Rowe of Ranger, charged that Utley illegally fenced off the old Ranger-Staff road leading to Lake Leon.

The complaint came unexpectedly following several weeks of controversy. Nuessele said the complaint was filed in County Court and a warrant would be issued for Utley's arrest following which he would be brought before the Court to enter his plea of guilty or not guilty. In event of a not guilty plea the case will automatically be transferred to District Court for trial, since the County Court has no jurisdiction over disputed criminal cases.

The complaint involves the same matter that has been pending before the Commissioners Court for several months. The fence is located near the shore line of Lake Leon. Several weeks ago some of the commissioners asked Nuessele to file a civil injunction suit against Utley in the District Court to enjoin him from further obstruction of the road. At that time Nuessele advised the Commissioners that civil suits of that type were not part of his official duties and as general managers of the county's business they were free to hire any attorney of their own choosing.

Crash Slightly Injures Truck Driver Monday

S. W. Lord, 21, of Lamesa, was slightly injured at 4:30 Monday morning when the truck he was driving slammed into a dirt embankment on U. S. Highway 80, now under construction, within the east Ranger city limits.

Lord was thrown from the cab of his truck, which was a total loss, and onto loose gravel. He was treated at Ranger General Hospital for bruises and lacerations about the left arm, leg, hip and shoulder. He was released after treatment, however.

Lord, bound for Dallas with more than 18 tons of dried beans on his 30-foot trailer, missed the detour around the embankment that had been dug for a bridge foundation.

The truck belongs to the Britt Grain Co. of Lamesa.

"Scared of Cops"

Former Convict Escapes Police

A Houston police character, who has served four prison terms, Monday night escaped from Ranger city police because "he is scared to death of cops."

A second Houston man also picked up for investigation who taunted police officers while the other escaped, explained that his partner had a mortal fear of police officers and plus the fact that he was several payments behind on his car was the reason he ran away, was still being held in jail this morning.

Eastland County Sheriff officials are scanning over Lake Leon

this morning following a report that a pickup truck belonging to T. A. Utley was stolen at about 1:30 a. m. this morning. Officers thought possibly that the escaped convict had abandoned his car in favor of the pickup, making identification more complicated.

Drivers license in the escapee billfold identified him as Arnold Hamilton, however, the second man being held identified him as Woody Woodruff.

Elmer Greenhaw, now in jail, said that Hamilton or Woodruff, as the case may be, was first sent to prison from Dallas for burglarizing a jewelry store. He explained that he took a "bum rap" on his second trip as he only took an empty safe from an Arizona establishment and knocked the lid off only to find that the safe was empty and that the door was already unlocked.

Greenhaw attempted to pass himself off as a State Liquor Control agent, giving the correct name of the Fort Worth inspector. It was during this spiel that Hamilton went to his car "for a package of cigarettes" and identification papers and escaped while Greenhaw kept policemen busy with a constant barrage of questions.

MODEST APPEAL—Millevi Rombin, Swedish beauty currently reigning as "Miss Universe," models a conservative halter-type bathing suit of latex at Miami Beach, Fla. Straps of the jeweled top can be tied around the back for sunbathing. Suit's style is a swing to more suit, less skin, and typifies trend in suits this season.

County To Aid Hospital

Eastland County Commissioners Monday voted unanimously in favor of paying \$200 a month for the remainder of this year to Ranger General Hospital for the care of county charity cases.

The action came at the regular meeting of the Commissioners Court following an appeal by members of the Hospital Board and Mrs. K. Rhodes, superintendent of the hospital.

Morris George, spokesman for the group, told the Court that, "We cannot go on maintaining the operation of the hospital without some help from somewhere."

George said that if a solution can't be found "the Board feels it would almost be an impossibility for us to continue in our appointed jobs."

He told the governing body of the county that an estimated one-third or one-half of all patients treated at the hospital are now charity cases.

"No where else could services be given at such a nominal cost," George declared.

Mrs. Rhodes told the Court that the hospital has been spending money which should be paid for salaries and bills for capital expenses and expenses for maintaining the building. Asked by Judge John Hart how much money they would need to "keep the thing going," Mrs. Rhodes replied, "Any support would help."

She declared that during the first three months of this year the hospital has treated 48 charity patients a total of 804 patient days. "For which we have received no money from the county."

She pointed out that from 1942 until February of 1954 the county did not pay anything towards the upkeep of the hospital. Last year, from February through September

ing," Mrs. Rhodes replied, "Any support would help."

hospital, all money used for that purpose would have to come from the general fund. C. H. O'Brien, county auditor, told the Court the general fund was the only county fund in bad shape. He said it now has only about \$500.

On motion from J. B. (Tip) voted in favor of giving \$200 a month for the remainder of this year "with apologies for so little."

Asked for a vote allowing the hospital to charge charity patients a small fee when they are able to pay, the Court ruled that no such vote would be needed, but all commissioners agreed that such a plan would be good if worked properly.

Following payment of regular monthly bills, the question of the Lake Leon road block was again brought up by Commissioner Arthur. Arther called for immediate action, and suggested the Court

Poe Announces New Size Cokes Go On Sale In Eastland County Area

Ranger this week will help launch two new bottles that may well go round the world eventually.

The king-size and the family-size Coca-Cola bottles, now going on sale here, are "big brothers" to the present 6 1/2-oz. bottle, which is known from Boston to Bangkok and back again.

Its fame is such that, during World War II, a German prisoner stepping off the gangplank at an American port sported a familiar red, sign and, turning to an MP, said: "I see you have Coca-Cola here, too."

The soft drink is sold in over 70 countries, according to Parks Poe, Manager of the Eastland warehouse. "Just about everywhere," he added, "except behind the Iron Curtain."

But in at least one instance the Curtain was pierced, Poe pointed out. That was when Gen. Eisenhower sent Marshal Zhukov a case of Coca-Cola after the Soviet military leader enjoyed a bottle during the Potsdam Conference.

Poe said definitely the "big brothers" would not replace the 6 1/2-oz. standard-size bottle, designed in 1915 at the recommendation of a bottling official who urged: "We need a Coca-Cola bottle which a person will recognize even if he feels it in the dark. It should be so shaped that, even if broken, a

person could tell at a glance what it was."

Although about 80 percent of all the Coca-Cola sold is in bottles, the man who invented the drink never intended it to be more than a soda fountain beverage. In 1886 John S. Pemberton, a druggist, prepared a soft drink syrup in his back yard in Atlanta, using a three-legged iron pot heated by a wood fire.

He took a jug of the syrup to Jacobs' Pharmacy at the historic Five Points, where soda water was added and the new drink put on sale.

The first year only 25 gallons were sold, bringing in \$50. Of this, Pemberton spent \$47 on advertising. Most of it consisted of colorful signs pinned to drugstore awnings.

When Pemberton died two years later, rights to Coca-Cola were bought by a 37-year-old wholesale drug salesman, Asa Candler. "Bark in Candler's day the Coca-Cola Company changed offices several times," Poe said. "One time when

Garrett Gets P-TA Life Membership

A life membership in the Texas Congress of the Parent and Teachers' Assn. was presented to H. R. (Pop) Garrett, Eastland County School Superintendent at a called meeting of the Eastland County P-TA Council held in the home of Mrs. James Whitting in Eastland recently.

Garrett was recognized with this honor for his counsel given to the P-TA during his years as county superintendent.

Special guest at the called meeting was Mrs. Harry Rudloff of Fort Worth who is the president of District I of the P-TA organization. Mrs. Rudloff was in Eastland to discuss with the county Council the cancelling of plans to hold the spring district conference in Eastland in 1957. Plans now are in progress to hold the conference in Brownwood.

Mrs. Rudloff also presided for the installation of council officers for 1956-57 who were: president, Mrs. M. W. Herweck of Ranger; 1st vice-president, Mrs. Norma Rawson of Clisco; 2nd vice-president, Mrs. C. C. Carrel of Blaine Star; secretary, Mrs. L. G. Kennedy of Ranger.

Attending the called meeting from Clisco were Mrs. Ralph Rider and Mrs. Norma Rawson.

single in the fifth for a perfect night at the plate.

Richard Cozby, who gave up only three hits in the first three innings, got credit for the win. Camacho finished the last three and likewise gave up only three safeties.

In the nightcap the Giants and Yankees went nip-and-tuck through 5 1/2 innings of play until the Yankees pulled the contest out of the fire with three big runs in the bottom half of the game. Billy Johnson scored the winning tally for the winners when he stole home on a ball that got loose from the Giant catcher and broke the 7-7 deadlock.

The Giants pushed across the first score in the second inning. David Lockwood, Giant catcher, scored on an error after he had doubled into left field.

The Yankees scored twice in the third to take their only lead in the contest until the sixth inning. The Giants retaliated in the fifth with five runs and the Yankees picked up one tally in the sixth, two in the fifth and the big three in the sixth.

Charles Ferguson, the last of three Yankee hurlers, got credit for the win.

Both Bobby Townsen and Billy Johnson collected a double and single each for the Yankees while Lockwood was matching the feat for the Giants. Ronnie Hinds also punched a double for the Giants.

it moved, a one-horse wagon carried all the firm's equipment and furniture.

Candler was a keen merchandiser. He originated the Coca-Cola poster and calendar, using Lillian Russell's picture on one of them. He was the first to use the slogan, "Delicious and Refreshing," which appeared in 1889. And to get the public acquainted with the new drink, he gave away millions of tickets for free Cokes.

"They tell me in Atlanta," Poe said, "that even today someone comes across one of these tickets in an attic. If they send it in, they get a free case of Coca-Cola."

It was 13 years after Pemberton invented Coca-Cola before the drink was bottled. A young Chattanooga lawyer, Ben Thomas, who had come across a locally bottled soft drink in Cuba during the Spanish-American War, hit upon the idea. He and another lawyer, Joseph Whitehead, went to Atlanta and asked Candler if they could bottle Coca-Cola.

Candler, busy with his soda fountain sales, gave them the bottling rights to practically the entire country. This was one of the most amazing contracts in history—Thomas and Whitehead didn't pay a cent. And the man who had given them a letter of introduction to Candler didn't think enough of the product to ask for even a single share for himself.

Poe pointed out the early bottling equipment was far different from today's. "Bottles were washed by dropping buckshot in them and swirling it in water. They also used those old-fashioned sewing machines, equipped with a brush to scour the bottles."

Coca-Cola was the first soft drink company to use coolers. "The early ones were actually wooden tubs, sawed in half," said Poe. "The first electric cooler came out in 1933."

Poe thinks the secret of Coca-Cola's success is best summed up in the way the trademark is phonetically translated from Chinese. In China, where Coca-Cola is a popular drink, it means: "Make in a mouth happy."

"It is my belief that taxes are already too high, and if elected, I will work to hold down your tax burden. Our States' Rights are being threatened, and I would oppose further encroachment by the Federal Government on the rights of state and local governments.

"As to the Veterans Land scandals, I believe that a further investigation should be made and legislation passed to prevent fraudulent sales of lands to the State, and to insure that veterans get the land purchased by them at a fair value. It is a good program if honestly and efficiently administered. There is an urgent need for a complete revision of our insurance laws to protect policy holders and investors from further losses. I would favor a small loan law to outlaw excessive interest rates and charges, and to put the "loan sharks" out of business. I believe that our school teachers should be adequately paid and that our aged citizens are entitled to adequate pensions.

"I also believe in an even-tempered approach to the problems facing our state and nation. A lawmaker in Austin must first have an understanding of the legislative process and have the ability to analyze the bills introduced, and then apply common sense and good judgment in voting. He must be honest and diligent and willing to represent the people of his district without being influenced by pressure groups and without granting favors to special interests.

"If elected I pledge myself to honestly and diligently represent you in Austin according to the above principles, and without favoring any special interest, but with the interest of the people of my district in mind.

"In this campaign I need the help of all of you who desire an honest, efficient and economical administration of the State's affairs. I will be grateful for your vote in the July Primary and I pledge if elected to do my very best to serve you well."

Here's Where the
 New Ideas Come From...

General Motors' new Technical Center—largest of its kind in the world—employs 4,000 engineers, scientists and stylists. These vast resources combine with Pontiac's own ultramodern engineering facilities to bring you America's greatest automobile value—Pontiac, a General Motors Masterpiece.

Watch "Wide, Wide World"—NBC-TV, Tuesday, May 20—report on GM's new Technical Center.

...and Here's Where they GO!

"CAN YOU SEE, STEER, STOP SAFELY? ... CHECK YOUR CAR—CHECK ACCIDENTS."

You'll know the engineers have been up to something special the first time you ask this long, low beam question, for here's "go" you can't get anywhere else.

The "go" of the newest in high-compression, high-torque engines—Pontiac's Strato-Streak V-8, so advanced and so efficient it delivered more actual miles per gallon than any other "eight" in the Mobilgas Economy Run!

The "go" of the newest in automatic transmissions—Pontiac's Strato-Flight Hydra-Matic*, specially engineered for Strato-Streak power and smooth as silk at any speed!

Come on in and bring yourself up to date fast!

Annual Mother's Day Tea Held In Home of Mrs. Hamrick Sunday

The Sub-Deb Club gave its annual Mother's Day Tea Sunday afternoon, May 13, in the home of the sponsor, Mrs. R. L. Hamrick.

Roses and sweetpeas were used to carry out a spring motif in decorations in the entertainment rooms. The refreshment table, laid with a cutwork cloth, had as a centerpiece pink roses in a gold container, which was flanked by pink candles in gold candleholders. Table appointments were crystal and gold china.

Senior and Junior girls greeted the guests, and freshmen and sophomore girls had charge of the guest book. Senior members alternated in serving at the refreshment table, and all members took turns in assisting in the dining room.

As the tea marked the twentieth anniversary of Mrs. Hamrick as sponsor of the Sub-Deb Club, the members presented her with a gift of crystal.

One hundred guests called during the receiving hours, many of whom were former Sub-Deb members.

Assisting Mrs. Hamrick and the girls in entertaining were Mrs. Edna Chambers, Mrs. J. C. Carter, Mrs. Brownie King, Mrs. F. E. Langston, and Mrs. Finis E. Langston, Jr., of Abilene.

The personnel of the club is as follows: Seniors: Janis Carter, Marie Chambers, Mary Ellen DeFebach, Patsy Entler, Beverly Gailey, Mary Hinds, Gay Nell Loper, Kay Vaughn, Shirley Wymer, and Patsy Shaffer; Juniors: Helen Carr, Desma Eakin, Peggy Fox, Sue Garrett, Deanne Hazard, Linda Shaffer, and Elizabeth Seymour; Sophomores: Audie Faye Dempsey, Nancy Graham, Kay King, Beverly Moore and Glenda Webb; Freshmen: Linda Carroll and Dawn Loper.

Mobile items—especially service carts such as this one—are a great boon to outdoor entertaining and dining. This one is a new item in a complete grouping of genuine rattan. The finish is a new teak brown. For decorative and practical value, ceramic tile has been used for the serving surface, and bamboo for the lower storage shelves. Rubber casters make it a silent and doubly efficient serving partner.

HERE FOR MOTHER'S DAY

Mr. and Mrs. R. C. Smith of Denton spent Mother's Day with Mr. Smith's mother, Mrs. Izetta Smith.

There is an Old Chinese Proverb—

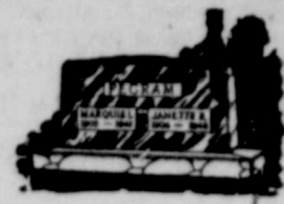

... reminding us that every long journey begins with the first step. Likewise all achievements require the act of starting. He who never tries, never does, never enjoys, never grows, never really lives! And failures usually follow wrong starts. For example, those who are buying real estate for the first time should get an abstract. In this they not only find themselves in harmony with the wisdom expressed in the proverb, but also following the course of generations past who knew the Chinaman was right.

Palo Pinto County Annual Rodeo To Be Held May 30 Through June 2

MINERAL WELLS (Spl.) — Mineral Wells, when rough and rugged cowboys contest for top cash prizes in the PPCLA's 19th Annual Rodeo May 30-31, June 1-2. Performances will be held

nightly at 8:15 and the four day event will be dramatically opened with a long and colorful parade in downtown Mineral Wells on Wednesday May 30, at 5 p.m.

Wild and woolly rodeo stock, including many new, wild and untamed broncs and savage bulls, is being furnished by Goat Mayo of Petrolia. Mayo, one of the nation's veteran rodeo producers, has top animals this season and has booked some of the outstanding rodeos in the Southwest during the coming months.

Emory Birdwell, well known Palo Pinto County ranchman, former rodeo performer and vice president of the PPCLA, will be arena director of this year's show, which is due to attract the largest attendance in history.

Arena events will include bareback and saddle bronc riding, wild bull riding, double mugging, calf roping, wild mare races, cutting horse contest and girl's barrel races. The PPCLA Rodeo is an open show, and more than \$3,000 in prize money will be offered contestants.

Announcer for the performances will be well known Nat Fleming, popular rodeo miker of Wichita Falls. Laughs for capacity crowds will be provided by the arena antics of clever clown Lewis Blair, of Munday, Texas, another top-notch performer who enjoys solid booking every season.

All Palo Pinto County, as well as Millap and Perrin 4-H Clubs and FFA chapters will be admitted free each night. They will sit in a special reserved section of the grandstand.

Expect to MAKE MONEY when you buy our chicks!

EXPECT TO MAKE AN EXTRA 40¢ TO 60¢ PER PULLET CHICK

If you are interested in chicks with bred-in ability to lay far better than average—and make more money—please come in and check our records.

Our strain is capable of laying 200 eggs per bird a year—often more. This is at least 20 eggs a pullet more than the U. S. average.

With eggs figured at only 2¢ apiece, you stand to make 40¢ to 60¢ per chick more than you can get with chicks of average breeding.
