VOLUME NO. XX

DIMMITT, CASTRO COUNTY, TEXAS THURSDAY, JULY 17, 1947

NUMBER 36

FRENCH GLIDER PILOT LANDS ON BOBCAT FIELD IN NATIONAL SOARING MEET

Paul Lapense, one of three pilots participating in the 14th National Soaring Meet with Panhandle and Plains destinations, landed at the Dimmitt Bobcat Field Monday at 6:15 p. m., after taking off from Wichita Falls in his French built glider at 8 a. m. The three pilots with Plains destinations were to land at Lubbock, Dimmitt and Amarillo.

J. B. Ality, Jr., instructor at Bobcat Field, with the aid of a French-English dictionary, interviewed the French glider pilot who revealed that he was the champion glide pilot of France and that he was from Paris. A veteran of World War II, Lapense 32 years of age, was a Lieutenant in the French Air Force for eleven years. Based in England, he shot down two Italian planes, and was a prisoner of war for a short time. The French pilot declared that, in his opinion, American soldiers are doing a great job in France. Lapense declared that his glider was built at a cost of \$7,500. A truck arrived in Dimmitt from Wichita Falls at 11 p. m. Monday to return the glider and pilot to the point of their take-off.

STRICT RODENT CONTROL URGED

Austin, Texas.—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet known.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of special importance of farms where rats may flourish by feeding on grain and other farm products." The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroy their shelter and breeding places requires the rat-proofing of buildings and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in rat-proof containers, the proper storage and disposal of garbage, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace, but in improved health conditions and the prevention of rat-borne diseases.

CARD OF THANKS

Our sincerest thanks go out to the kindest neighbors and friends in the double loss of our loved husband, father, brother, mother-in-law, mother and grandmother.

May God's richest blessings shower upon each of you for your loving kindness and floral offerings.

Mrs. W. B. Youngblood and Jo Ann
Mr. and Mrs. A. W. Youngblood and family

Mr. and Mrs. A. W. Lardner and family
Mr. and Mrs. Roy McDonald
Mr. and Mrs. Sam McDonald
Mr. and Mrs. Tom McDonald
Mr. and Mrs. Leroy McDonald

Mr. and Mrs. Mike Powell returned home Sunday from a two weeks vacation and fishing trip at Stacy, McCulloch county. Mike reports a good catch of fish in the Colorado River, including a 17-pound Yellow Catfish.

VETERAN'S OPPORTUNITY

(By Robert B. Hershey)

Since the war ended our government has provided the veteran with many worthwhile things, and in particular has made available to him a good education. Thousands of men and women all over the country have taken advantage of the various phases of this educational program. Our colleges and universities are crowded to capacity, technical schools must operate on a day and night schedule, and the high schools are cramped for sufficient space.

Although these various centers of learning are full to capacity there are many who could not avail themselves of the opportunity even if there were room for them. To reach these many thousands the government is now literally bringing the school to the veteran's door step in the form of small vocational schools which can be set up in each community of the county. This system of training and teaching has gained great success in east Texas, and has been enthusiastically received wherever offered.

We learned today from Mr. Paul Miller, County Service Officer, that such Vocational Agriculture Schools are available to the veteran's of Castro County under the G. I. Bill of rights. One such unit will begin operation at Hart on July 29, 1947. It is to be hoped that other veteran's in the county will band together and request the establishment of additional schools.

Under this program each school consists of twenty men or women who are under the instruction and direction of a teacher who holds a degree in agriculture. Each week the student receives twelve and one half hours of work, six of which is in the classroom and the balance consisting of practical, individual instructions in the field. All students receive the necessary books and equipment at government expense, and subsistence allowances if qualified therefor. The program is limited to bona fide farmer veterans, who either own their own land or operate as tenants on a full time basis. Since farming is a science we feel the establishment of a number of such schools throughout the county will not only be of immeasurable benefit to each veteran participating, but will also enrich the farming enterprise of the whole county. We urge all veterans who are interested contact the Chamber of Commerce, in order that as many additional schools as required to meet our needs can be established prior to September 1, 1947.

WEED CONTROL
To further stress the weed control program in Castro County the Commissioners court this week received a new shipment of Atlacide for the eradication of Johnson grass. The court also received the remainder of parts for their power sprayer and it is now available for the farmers of this county at a nominal cost.

Attention is also called by the County Agent, R. L. King to the fact that now is the time to spray bindweeds. 24-D which is available to farmers at cost plus handling charges. By every farmer working and spraying to control Johnson grass and bindweed from now until fall can do much good toward eradicating these two weeds.

Farmers interested in using the county sprayer or buying 24-D should contact the county judges office.

BIRTHDAY DINNER

A birthday dinner was given Sunday, July 13, at the home of Mrs. Zula Langford, honoring her father, Mr. C. W. VanDoren, on his 90th birthday, and also his daughter, Mrs. Eaker Tittle on her 60th birthday.

Those present were Mr. C. W. VanDoren, Olton; Mr. and Mrs. Eaker Tittle; Miss Esther VanDoren, Dimmitt; Mr. Floyd VanDoren and daughters, Velue, Jay and Faye, Olton; Mr. Lester VanDoren and daughters, Juanita and Betty, Earth; Mr. and Mrs. Drexel Lawson and sons, Gary and Jimmy, Olton; Mr. and Mrs. Bill Ott, Springlake; Mrs. J. H. Langford, Dimmitt; Miss Jay Muse, Altus, Oklahoma; Jimmie, Junior, Jackie and Barbara Smith, Muleshoe, and the hostess, Mrs. Zula Langford.

CERTIFIED WHEAT GROWERS MEEA

Members of the Castro County Certified Seed Growers Association met in the District Court Room last Friday, July 11, to bring samples and discuss varieties of wheat. Speaker for the afternoon was Frederick T. Dines, Agricultural Agent for the Tex-O-Kan flour mills of Amarillo. Mr. Dines stated that the Wester, Wichita and Comanche wheat were gaining in popularity and showed some good yields this year. Mr. Dines also showed the group a report of the counties on satisfactory varieties. Castro county which led the wheat counties last year with 95% satisfactory milling varieties dropped to 90% and 3rd place this year. The report showed 6% Cheftan and Red Chief and 4% early blackhull which are unsatisfactory varieties or poor milling wheats. Farmers in the county are urged by County Agent R. L. King to make plans to plant good milling quality wheat next year.

Members of the association set a price of \$3.50 per bushel for No. 1 Certified wheat and \$3.25 for No. 2 wheat. This includes sacking and cleaning.

Members of the association who have certified wheat for sale are: W. W. Gilbreath, Frank Dorris, E. L. Ivey, Leo Witkowski, Wm. Hochstein, L. J. Counselman, Geo. Bagwell, Joe Hastings, Moss Howell.

BAPTIST CHURCH

Sunday School—9:45 a. m.
Morning Worship—11:00 a. m.
Training Union—7:30 P. M.
Evening Worship—8:15 p. m.

Jesus is either a sanctuary or a snare (Isa. 8:14) and either we become more drawn to Him or more hardened against Him. The sun shines on clay and hardens it, and the sun shines on ice and melts it, so do human hearts respond to Christ as presented in the Gospel. Just as a blacksmith's hands grow calloused and a barefoot boy's feet grow tough, so do hearts harden against truth rejected. A child may step on fresh cement and leave an impression; but when it hardens, an elephant may tread upon it and leave no mark. Is your heart hardening toward Jesus, and the truth of the Gospel? Worship with us this Lord's Day and give God a chance in your life.

TRANSFER NOTICE

All patrons of Castro County school districts are requested to apply at the County Judge's office for transfer blanks to use where transferring of children from one district to another is necessary. All transfers must be made in July.

E. L. Ivey
County School Supt.

The kick-off in the fund-raising campaign to build a Castro County housing unit at the local Boys Ranch came at a recent meeting, of interested citizens, sponsored by the Castro County Chamber of Commerce. Pictured above, Charley Hays, Jr., third from left and president of the Castro County Chamber of Commerce, is smilingly accepting checks, in the amount of \$500.00 each, from Robert Lindsey, Borger; Bob McLean, D. G. Axtell, and Tom Wingate of Amarillo. Mrs. D. G. Axtell is displaying the record book of the Dimmitt Boys Ranch.

Each week of the campaign the News will carry a list of the contributors for the week and the current total pledged. To date the following contributions have been:

Mr. Robert Lindsey \$ 500.00
Mr. Tom Wingate 500.00
Mr. and Mrs. D. G. Axtell 500.00
Hays Implement Co. 500.00
First State Bank 500.00
Castro Motor Co. 200.00
Robert B. Hershey 50.00
J. O. Ayers, Jr. 25.00
B. M. Nelson 100.00
Sunnyside Home Demonstration Club 50.00
Dimmitt Drug 100.00
B. D. Woodlee 50.00
Latimer & Benton 150.00
Name withheld by request 10.00
Total \$3,235.00
Those contributing a load of wheat to the fund are:
G. L. Willis, Sr. and Jr.
Bearden Brothers
George A. Bagwell
Norris Wesson

COUNTY SLOGAN

CONTEST ANNOUNCED

In order to better publicize Castro County the Chamber of Commerce wants a slogan to be used on all of its literature. It is therefore sponsoring a contest throughout the county for a slogan which will become the trade mark of Castro County.

The contest begins today and all residents of the county are invited to submit entries. Each entry should contain the name and address of the person submitting it and if he feels it necessary a brief explanation concerning his slogan.

It is felt the slogan selected should be as short as possible, but above all it should be apt and distinctive of Castro County. Originality and applicability are the only two things that will be considered; neatness will not be counted.

The contest ends at midnight on August 1, 1947, and the winners will be announced as soon as possible thereafter. First prize will be a \$25.00 Bond and second prize will receive \$10.00 in cash. All entries become the property of the Castro County Chamber of Commerce. The judges will be T. E. Harrison, Judge E. L. Ivey and Robert B. Hershey. Entries should be sent to the Chamber of Commerce office.

NATIONAL FARM SAFETY WEEK

The week of July 20-26 has been designated by President Harry S. Truman as National Farm Safety Week. The primary purpose of the week according to County Agent R. L. King is to urge every farm family to adopt safety practices of living and working 52 weeks a year.

National Farm Safety is sponsored by the National Safety Council and the United States Department of Agriculture in cooperation with the National Fire Protection Association.

Many accidents occur on the farm each day. Several accidents have been reported in Castro County this year.

In making his proclamation President Truman calls upon the nation to observe the week commencing July 20, 1947, as National Farm Safety Week as a spearhead to a year round farm safety program, and requests all persons and organizations concerned with agriculture to set aside a specific time during National Farm Safety week for family discussions of methods for the prevention of accidents, in order that these producers of the Nations food may live and work with greater safety.

MEAHODIST CHURCH

"The child grew" Luke 2:40
Never was there a prouder moment than when for the first time the mother held the first child in her arms. She was justly proud of the child, she was perfectly content with his being a small babe. She shows the babe and is happy at being the parent of the child, but let a few years go by and she still holds the child as a small babe and she ceases to display it to the neighbors. She still loves the child, but she expects the child to grow. So it is with God. God is justly proud of those who are "Babes in Christ," but He does expect us to grow. What about your spiritual growth?

You are invited to worship with us this coming Sabbath and every Sabbath day.

Church School 9:45 a. m.
Morning Worship—11 a. m.
Junior and Senior MYF—7:45 p. m.
Evening Worship 8 p. m.

Horace Brooks, pastor

FATHER OF MRS. H. H. CARLISLE BURIED

Last rites for Mr. J. W. Patton, 82 years of age, were held July 9 at Rotan, Texas. He died July 8 after a brief illness. Mr. Patton, a native Texas rancher and merchant, was the father of Mrs. H. H. Carlisle of Dimmitt. Deceased is survived by his widow who has been in a hospital with a broken hip for the past two months, and six daughters and three sons.

Mr. and Mrs. A. H. Smith and Patricia of Bells and Mr. and Mrs. C. E. Green and sons of Welch visited their sister, Mrs. Raymond Hance and family last week-end.

LITTLEFIELD TO STAGE ANNUAL JAYCEE RODEO

LITTLEFIELD, July 17—One of the most colorful rodeos to be staged in West Texas this summer will be the annual big time Littlefield Jaycee western show, set for July 25-26-27.

The four-show rodeo will be directed by the veteran Howard Brown of Dublin, for five years superintendent of the Gene Autry World's Championship Rodeo Association. The stock will be furnished by the famous Axtell & Colbert ranch at Dublin.

Added attractions of the big western show this year will be a mammoth street parade on the opening day of the rodeo, street dances each night and the cow-girl sponsor contest.

Some of the specialty acts will feature Don and Virginia Wilcox of Tulsa, Okla., performing trick and fancy roping; Gene McLaughlin of Fort Worth, a veteran trick roper who has appeared at such shows as Madison Square Garden, the Boston Garden and others; Ruth Miriam, one of the leading trick riders of the country; Roy Steward, who will stage his famous Calgary rope act and Alec Alexander, clever and resourceful bull fighters and clown.

The Littlefield Jaycee Rodeo, approved by the Rodeo Cowboys Association of America, is posting prize money totaling \$2,000.

NEW ARMY POLICY OF ENLISTMENTS

Original enlistments in the Regular Army have been authorized for two, three, four or five years it was announced recently by the U. S. Army Recruiting Station in Lubbock. Only those men who enlist for three or more years however, will be given a choice of assignment. Previous service men still enlist for three or more years to obtain a grade in accordance with previous training, choices of assignment, enlistment allowances, travel allowance, and reenlistment leave. Men will also be allowed to enlist for Army Air Forces for three, four, or five years. Persons interested in obtaining information about this new plan of enlistment in the Regular Army should contact the U. S. Army Recruiting Station, 203 Federal Building, Lubbock.

HIGH SCHOOL GRADUATES MAY ENLIST FOR SPECIFIC MILITARY TRAINING

High school graduates may enlist for specific training in technical courses of the Army Air Forces, the U. S. Army Recruiting Station announced today. This new plan will allow any high school graduate between the ages of 17 to 34, to make application for specific training in any of the following fields before he enlists or three years, fabric and dope mechanic, airplane woodworker, aircraft welder, airplane and engine mechanic, control tower operator, parachute rigger and many others. Applications and additional information may be obtained at the U. S. Army Recruiting Station in the Post Office Building, Lubbock.

CHAMBER MOVES TO NEW OFFICE

Mr. Robert B. Hershey, Secretary of the Castro County Chamber of Commerce announced today that his office has been moved into its permanent location in the First State Bank building at Dimmitt. He urges that everyone interested in the development of Castro County should drop into the office at any time to talk it over.

4-H CLUB PLAY DAY

Attention is called to all Castro County 4-H Club boys that Friday, July 25, has been designated as play day in the county. All 4-H Club boys in the county have been working during the summer and this day has been set aside by the County Agent for Recreation and play.

The program will start at 9 a. m. with registration and will include swimming, soft ball, picnic lunch and other games.

All active 4-H Club boys and their parents and sponsors are invited to the play day.

Mr. and Mrs. Bill Mears are at Lubbock to be with his mother who is critically ill.

DIMMITT SCHOOLS RATED EXCELLENT

According to reports recently received from Mr. E. H. Boulter, Deputy State Superintendent, the local school rated excellent for the 1946-47 school year.

The library program, the liberal curriculum, and the physical improvements received special commendation. The administration of the school and the educational potentialities of the district were also commended.

SUNNYSIDE H. D. C. HAS ALL DAY MEETING AT BOYS RANCH

The Sunnyside H. D. Club met at Boys Ranch Tuesday, July 13, with Mrs. Dwight Axtell and Mrs. Hollis Sweet as hostesses.

The day was spent in cutting and sewing skirts for refugee children. Both robes were made for hospital use and a quilt was quilted for Boys Ranch.

Group pictures were made in the afternoon to be kept for the history of Boys Ranch.

A covered dish luncheon was served at noon in the spacious dining room to the following: Mesdames Ray Axtell, Alton Louder, Milt Ott, J. C. Gilbreath, B. Stovall, of Hereford, Irvin King, Buford Haydon, Will Sipe, Howard Bridges, E. R. Sadler, Phillip Jones, Sid Taylor, O. C. Axtell, Mary Owens of New Haven, Conn., H. Hawkins, Dimmitt, Ray Riley, and the hostesses Mrs. Axtell and Mrs. Sweet.

Reporter

BETHEL NEWS

The condition of Mr. Kay Roberts and of Mr. Gerald Dickerson, who were injured by lightning while working on a windmill on Wednesday of last week, are reported much improved. Both are receiving treatment at the Plains Memorial Hospital. Mr. Dickerson's mother of Clayton Oklahoma, arrived Friday to help in caring for him.

Bro. Ayers filled his appointment at Bethel Sunday, preaching at morning and evening services.

Dr. Charles Jennings of Lubbock spent Saturday night in the home of his aunt, Mrs. Jim Givan.

Weldon and Maxey Warren and Ivan Earl Sinclair spent Sunday with Glenn Lust.

Mrs. G. A. Shwen and Mrs. Ralph Stanifer and son Tommy visited the Bruegels Sunday afternoon and attended church services at Bethel Sunday evening.

Mr. and Mrs. J. C. Williams were business visitors in Plainview Monday afternoon.

Mr. Gaines Neil suffered a badly mangled finger Saturday when the finger was caught in the auger of a grain loader.

Fate Shannon and Albert Sinclair left Friday for Vancouver, Washington, where Mr. and Mrs. Shannon and little son have lived for some time. They will move the Shannon's household goods back here where they plan to make their home.

Dinner guests in the Earl Lust home Sunday were Mr. and Mrs. Bryan Sinclair, Mr. and Mrs. Billy B. Sinclair and Paulette, Mrs. Fate Shannon and David and Houston Lust.

NAZARETH

Mr. Virgil Pohlmeier left Saturday, July 5, for San Antonio where he will take his State Board Examination. Virgil has been attending the Barber College in Amarillo during the past six months.

Miss Mary Conely of Plainview was here the past week visiting with Miss Bonita Kern.

Mr. and Mrs. Art Kleman and son, Bernard, left July 5 for Temple, Texas, for a two weeks visit.

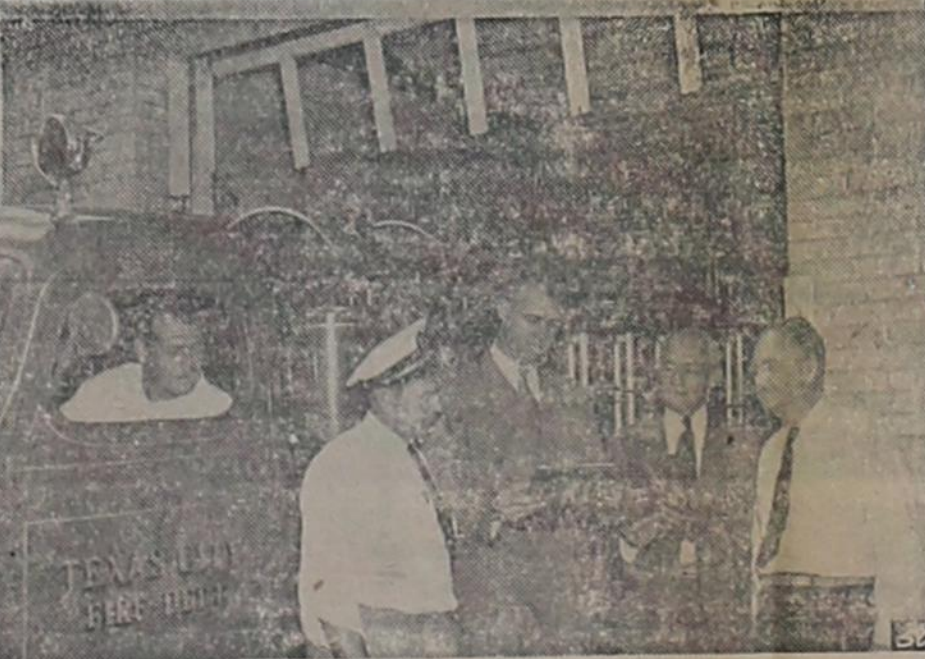

Sister M. Norbert Q. S. B. of Fort Smith, Arkansas, is here on her summer vacation visiting with her father, Mr. Henry Hoelting.

Annette Marie, daughter of Mr. and Mrs. Henry Schumacker was born Wednesday, July 2. Sponsors in baptism were Mrs. Jean Loerwald and Mr. Alphonse Hieman.

Janice Kathryn, daughter of Mr. and Mrs. Alvin Schmucker, was born Thursday, June 26. Sponsors in baptism were Mr. and Mrs. Tony Zadow of Denver, Colorado.

Ray Bearden is attending a meeting of Ford Tractor dealers in Oklahoma City.

Texas City Gets New Fog Fire Fighter

TEXAS CITY, TEX.—Smoke filled the skies again here, but it was good smoke, the kind people like to see. It came from oil fires set by the Texas City Volunteer Fire Department when demonstrating the fire fighting abilities of their new F.M.C. high-pressure Fog Fire Fighter, a gift of the manufacturer.

Top picture, taken on the grounds of a Texas City refinery, demonstrates how an oil fire can be extinguished in 10 seconds with 10 gallons of water. The new fire-fighting unit is self-contained, carries its own water and releases it in fog form under 800 pounds pressure. The value of this unit was proved in the Texas City disaster when a duplicate unit belonging to the Pasadena, Texas fire department fought fire continuously for 60 hours.

In lower photo, Mayor J. C. Trahan holds certificate of ownership presented by John B. Crumme, Chairman of the Board of Food Machinery corporation, as Bob Horton in the cab, Fire Chief Fred Dowdy, left, and R. G. Pulver of the John Bean Mfg. co., right, look on.

J. B. ALLEY

Mr. and Mrs. Stewart of Peacock are spending this week with their daughter, Mrs. J. J. Newsom, and family.

Mr. and Mrs. J. C. Bennett and family of Temple have moved with their family to the Ray Bennett farm south of town. Mr. and Mrs. Loyd Baugh and daughter are now living in Olton. Jess Slade has been confined to his bed with arthritis for several days.

Sarah Alice and Marihelen Garrison have returned from a two weeks visit with their grandparents in Lubbock. Recent visitors in the G. R. and J. C. Bennett homes were Mr. and Mrs. Albert Younts of Bay City, Texas; Mrs. Iona Younts, Mrs. Aubrey Taylor, Mr. and Mrs. E. E. Bennett, all of Temple; and Mr. and Mrs. S. K. Bennett and family of Waco.

Mr. and Mrs. Earl Hacker were business visitors in Dimmitt on Monday.

Mr. and Mrs. Claude Hutcherson and Mike were in Oklahoma City, Clayton, N. M., Memphis and Sunray, Texas on business on Monday. They were flying you know.

Mr. and Mrs. Wilbur Lester and Miss Trudy Medcalf visited in Seminole and Hobbs on Sunday.

Mrs. Boyd Smith and daughter of Tahoka spent the week-end visiting the M. L. Aven and Clarence Williams homes.

Mr. and Mrs. J. E. Montgomery and family of Earth visited Mrs. Montgomery's brother. Mr. and Mrs. Bill Swindle, Sunday.

Mrs. Dinsel White of Amarillo visited Mr. and Mrs. O. D. Dinwiddie Sunday.

Mr. and Mrs. Ferguson of Amarillo visited the Carpenters and Mrs. Culwell on Sunday.

Mrs. Elizabeth Gandy Youngblood was born March 7, 1869, near Prescott, Arkansas. She died in Maple, Texas, July 10, 1947. She was married to Ely Youngblood on September 1 1893. A son, Woodie Youngblood died a week ago. Survivors are one son, O. W. Youngblood, Maple, Texas, one daughter, Mrs. M. H. Louder of Iredale, eight grandchildren and one brother, J. P. Gandy of Hereford.

Reverends Weathers, Applewhite, Burns and Hawkins conducted funeral services on Friday, July 12, at the Hart Baptist Church. Burial was in the Hart cemetery. The rain maker is on a vacation so we are very dry. Weather is unusually hot too.

Do you have or know of anyone who has an Edison phonograph? The Willis A. Hawkins family wishes to give away at once about 30 records. No machine except an Edison will play them.

Mr. and Mrs. Ben Hill, Jr., left Saturday for Denver, Colorado for a weeks vacation.

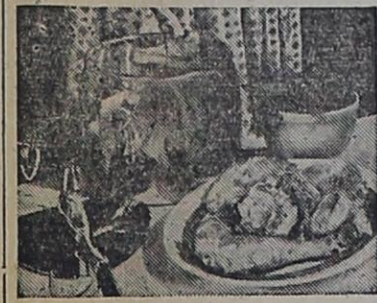

Wanda Gollehon is visiting in the home of her sister, Mrs. Lewis Warren, of Monte Viste, Colo.

Mrs. L. G. Manning and children and Mrs. Ted Wood and son, and Leah and Leon Taylor and Chollis Green left Tuesday for Ruidosa for a ten day vacation.

Pressure Saucepan Saves Time and Fuel

In a comparatively short time the pressure saucepan has won an assured place in farm kitchens, according to Laura Dailey, in an article in Capper's Farmer, one of the best known farm magazines.

It saves time and fuel. Many different foods may be prepared in a pressure saucepan. It is particularly good for those which need long cooking. "Pressure cooking," Miss

Dailey says, "preserves food value, color and flavor."

A few rules of operation are important:

- 1.—Never fill the pan more than two-thirds full.
- 2.—Be sure that steam flows steadily from vent before you close it.
- 3.—Wait until weight or pressure control jiggles or hisses or cooking indicator is at right position according to your directions before you start counting time. Then reduce the heat and let cook for specified time.
- 4.—Reduce the pressure as each recipe indicates.
- 5.—After pressure is reduced, be certain to remove the weight, or lift the pressure control, before removing cover.

Decorative Glass Streamlines Modern Room

Glass blocks around a fireplace surmounted by a mirror add sparkle to large, modern living rooms.

"WHETHER you're planning to build or remodel, you'll be interested in the new ways glass can bring beauty into your home," says Betty Swan in an article in Capper's Farmer, a leading farm magazine.

"Glass blocks and decorative flat glass, now so popular, may be used to streamline any room," she de-

clares. "As windows, doors, partitions or partial screens they are practical as well as ornamental. They let in light from outdoors, or another room but cannot be seen through readily. They are easy to clean.

"Used as a semipartition or in archways, glass blocks give a modern touch and reflect light."

Tonsillectomies in Polio Season Up to Physician

Although summer is popularly considered a favorable time for removal of children's infected tonsils or adenoids, the National Foundation for Infantile Paralysis, through its local chapter, urges parents to seek the advice of their own personal physician on whether such operation during the polio season is advisable.

Scientific investigations carried out with March of Dimes funds indicate that there may be more of a predisposition to infantile paralysis infection as a result of tonsil and adenoid operations performed during the seasonal polio months—June through September.

Consequently, the National Foundation points out, parents should be guided by their own physician's advice in each individual case.

OUR WHEAT CROP COMES OF AGE

A QUARTER CENTURY OF PROGRESS

About 25 years ago, wheat came into its own in the territory we serve. Last year alone wheat farmers here harvested about 40 million bushels of high protein wheat... in fact almost four-fifths of that produced in Texas is grown in our area.

Today, good bread from our wheat helps keep a healthy America healthy.

We have so much confidence in the wheat industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and farms and better living—electrically—to everyone!

Ice Box Raids Sure With Fruit Punch Handy

You can be sure that the refrigerator and cookie jar will get raided often if you keep frosty fruit punch and crunchy cookies on tap, according to the Country Cooking editor of nationally-circulated *Capper's Farmer*.

Here is her recipe for a tangy, thirst-quenching fruit punch:

MINTED ADE
1/4 c. light corn sirup
1/4 c. water
6 stalks fresh mint
2 tsp. lemon juice
2 1/2 c. grapefruit juice
2 c. ginger ale

Boil corn sirup and water together for three minutes. Remove tips from mint stalks and crush the stalks in the hot sirup. Add tips and let stand for 30 minutes; strain. Add lemon juice and grapefruit juice; chill thoroly. Pour over ice in tall glasses. Add ginger ale just before serving. Garnish with mint. Serves six.

Deviled Egg-Noodles Casserole Tasty Dish

"Folks will be asking for the recipe after they've tasted this deviled egg and noodle casserole," says Marjorie Griffin, Rural Home editor of *Capper's Farmer*, one of the best known farm magazines.

"You'll tell them there's no trick to making it," she writes in the magazine read by 1,300,000 farm families.

DEVILED EGGS AND NOODLES
2 c. uncooked noodles
6 hard-cooked eggs
2 tsp. mayonnaise
1 tsp. vinegar
1/4 tsp. paprika
1/2 tsp. dry mustard
Salt and pepper
4 tsp. butter
1 tsp. salt
2 c. milk
1 c. cheese-cracker crumbs
2 tsp. melted butter

Drop noodles into boiling salted water and cook until tender. Drain in strainer and rinse with cold water. Place in buttered casserole or six individual baking dishes. Cut eggs in half. Remove and mash yolks, mix in mayonnaise, vinegar, paprika, mustard, salt and pepper. Fill egg whites and place on top of noodles. To make white sauce, melt butter, blend in flour and salt. Add milk and cook until thickened, stirring constantly. Pour sauce over eggs and noodles. Top with crumbs mixed with melted butter. Bake in moderate oven (350° F.) 20 minutes. Six servings.

ONE STEP can be **FATAL!**

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths.

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers *at intersections* to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. *One step can be fatal!*

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

PEACH CANNING TIME
It's good news for home canners that peaches are again on the market—they're easy to can in the water bath canner, and one of the best fruits for home canning.

For canning, choose peaches that are sound, firm, and table-ripe, says Mattie Lee Seago, County Home Demonstration Agent. Look beyond the pink blush, if the peach has one, to see that the ground color is yellow or white, not an unripe greenish tint. A bushel of peaches yields about 18 to 24 home-canned quarts.

Directions for cold packing peaches in preparation for processing in a water bath canner are given by the specialists. Peaches packed raw hold their shape better and look prettier in the jar and on the table.

Here are directions for canning peaches:
Wash peaches. Dip in boiling water, then quickly in cold water, to loosen skins. Remove skins. halve and pit fruit. Slice if desired. To prevent darkening during preparation, drop peaches into water containing 2 tablespoons each of salt and vinegar per gallon or 1 teaspoon of thiocarbomide to 1 gallon of water. Drain and pack cold into jars or cans to 1/2 inch of top. add boiling syrup, leaving 1 to 2 inches in container. Steam containers: pints and No. 2 tin cans—10 minutes, quarts and No. 3 tin cans—15 minutes. Remove from canner, repack if necessary. Seal and process in boiling water bath 15 minutes. Remove from canner, complete seals on jars if closures are not of self-sealing type. Cool jars out of a draft. Cool tin cans in cold water. Label and store in cool place.

Detailed information on canning peaches may be secured from County Home Demonstration Agent.

Mesdames Horace Brooks, T. E. Harrison and Raymond Wilson were Amarillo visitors Wednesday.

Mr. and Mrs. B. M. Nelson and family visited relatives at Brownwood and Rowena last week-end.

Monette Kenmore left Saturday for Carlsbad with her aunt and uncle, Mr. and Mrs. Jewell Thompson and Monty of Hollis, Okla.

NOTICE OF PROPOSED ASSESSMENT ORDINANCE

The City Commission of the City of Dimmitt, Texas, hereby gives notice to the hereinafter listed property owners of proposed Ordinance No. 54, now pending before said Commission. The purpose of such ordinance is to levy an assessment against said property owners and to secure same by affixing a lien against such property as provided by statute. The need for such ordinance is to provide the necessary additional funds to pay the full cost of constructing curbs and gutters along State Highway 51 from its intersection with State Highway 86 north to the north city limits, and along State Highway 86 from its intersection with State Highway 51 west to the west city limits, and the property owners therein assessed own the property which abuts on said highways within the city limits and such property will be benefited thereby. The reasons such curbs and gutters have been ordered constructed is because the State Highway Department has contracted and agreed to pave said portions of their highways within the city limits to a width of sixty feet without cost to the city in consideration of the city's agreement to construct said necessary curbs and gutters. The contract for the curbs and gutters has been let to Bryan and Hoffman Paving Company of Plainview, and the over-all cost will be \$1.95 per lineal foot to the property owners; and the amount to be assessed against each effected piece of property shall be determined by multiplying \$1.95 times the foot frontage of such lot abutting on the portions to be improved.

The owners of property and property to be assessed along and abutting on State Highway 51 are as follows:

- Block 80, Lot 9, L. Bleeker; Block 80, Lot 10, Leon Vinton.
 - Block 81, Lot 8, W. A. Tate; Block 81, Lot 10, P. W. Parrish.
 - Block 81, Lot 7, Tom May; Block 82, Lot 19, C. B. Groves;
 - Block 82, Lot 14, Tom May; Block 82, Lot 20, J. C. Howard;
 - Block 101, Lot 5, Cecil Dunberg; Block 101, Lot 6, B. D. Woodlee;
 - Block 103, Lot 1, B. A. Fulfer; Block 103, Lot 2, Ray B. Jones;
 - Block 103, Lot 3, G. L. Green.
- The owners of property and property to be assessed along and abutting State Highway 86 are as follows:
Block 109, Lots 7 and 8. Phillips

Avery; Block 21, Miller Addition, Lots 7 and 8, Charles Kifer; Block 21, Miller Addition, 75 feet east of lot 8, M. R. Aery; Block feet east of lot 8, M. R. Avery; Block 22, Miller Addition, Lots 9 and 10, Frank Cone; Block 15, Lot 12, Edwin Ramey;

A hearing on said ordinance will be held before the City Commission at the City Hall, Dimmitt, Texas, at 9:00 A. M., July 21, 1947, at which hearing said owners, their agents or attorneys shall have the right to contest such assessment and personal liability, the regularity of the proceedings with reference to the improvement, the benefit of said improvement to the property, and any other matter relating thereto; and also any of the property owners of property abutting on said highways, who have heretofore voluntarily paid said assessment to the City, may likewise appear and be heard at said meeting for any of the above reasons.
Jack R. Cowser, Mayor

Mr. Otis Burton of Sacramento, California, is here for a visit with friends and relatives. Before moving to California in 1944 Mr. Burton and family had been residents of the Big Square community for thirty-six years.

Rev. Horace Brooks made a business trip to Plainview Wednesday.

Freeze Fruits to Get Summer Treats All Year

Frozen berry purees over ice cream make tasty sundaes in winter or summer.

BERRIES make mighty tempting summer desserts—and just as tempting winter ones. For by freezing the finely flavored berries you can have summer treats the year around, writes Donald K. Tressler in Capper's Farmer, a leading farm magazine.

"To preserve the good taste that fresh berries have," he points out, "one should allow them to fully ripen on the bush, and handle them gently in preparing them for the freezer. Avoid extra handling in washing by placing them in a colander or basket with small openings and swish it through water containing ice until berries are clean. The ice water keeps the berries firm and shapely, prevents bleeding and waterlogging of the fruit.

"When several pounds of berries are washed, stemmed or capped, you are ready to mix them with sugar or cover them with sirup—depending on your preference and whether or not you want to use the frozen berries for dessert sauces.

"In filling containers for the freezer, allow 3/4 inch space at the top of each one for expansion during freezing. Follow the manufacturer's instructions for closing or sealing various types of containers.

"Berries or any fruit covered with sirup tend to rise to the top. To keep them in the sirup, crush a piece of wax paper and place it between the fruit and the lid of the freezing container."

Look!
QUICK-ON QUICK-OFF

MM UNIVERSAL MODERN MACHINERY

If you pride yourself on having all the up to date answers on modern farming you should be familiar with the many advantages of MM Quick-On—Quick-Off cultivator and planting attachments.

Built to fit MM Universal tractors, MM cultivators are made in two, four and six* row sizes. To convert from two to four row the outside frames and gangs are simply bolted on. Adjustment up to 44 inches for wide row spacing is made by merely loosening the clamp and sliding the gangs along the square frame bars. The Quick-On—Quick-Off cultivators have high clearance and are available with hand or power lift—a choice of saws, shovels or spring tooth attachments, for both front and rear gangs.

With the cultivator mounted near the front wheels, and Visional Design of MM tractors the operator has full operating visibility and is seated comfortably low to the rear of drive wheels for added SAFETY.

For precision planting the cultivator may be changed over to a drill planter by the removal of the cultivator shanks and mounting the planting attachments on the cultivator frame.

When the job is finished, the tractor can at once be used for other jobs, since Quick-On—Quick-Off tools are easily removed. MM offers a complete line of these tools for more profitable farming in any territory. Many parts of MM Quick-On—Quick-Off Units are interchangeable, saving you money because you buy less equipment to handle all the jobs.

MM Dealers everywhere are now embarked on a new program of specialized sales and Service of MM Modern Machinery.

*Special four and six row cultivators for "Z" and "R" Tractors available for narrow row crops such as beets and beans.
