Fate of Adv. Circulars Rests on Taxpayers Footing Postage Bill

WHAT'S...
COOKING?
By NORMAN WRIGHT

Let us get our coat off here this cold morning and our sleeves rolled up because we have a parcel of bragging to do and we've been about to bust with it since last week.

Whether or not postal employees continue to cram your box full of advertising circulars and other third class mail matter after this week depends on whether or not Postmaster General Arthur Summerfield succeeds in browbeating congress out of enough of the taxpayers' money to pay for handling the stuff. The Postmaster General says he will have to have another 30 million dollars if he keeps it up for the rest of this fiscal year.

Summerfield originally asked for 47 million dollars, but the congress gave him only 17 million, leaving him holding the bag for 30 million dollars that will have to be raised unless the nation is willing to forego some curtailment in the postal services, according to the head man of the postal service.

Two Crowded Scenes From Turkey Barbecue

CROWDING INTO CHOW LINE: Ranger business men crowd up close to camera so that turkey growers, coming through door in background, can get through the chow line first. This is scene inside Ranger Junior College Cafeteria as turkey barbecue dinner was about to be served to men and women from 14 counties attending the Turkey Production and Marketing Clinic held last Thursday at the College. Clinic was sponsored by Texas A&M Extension Service and Ranger Chamber of Commerce. CAPPS STUDIO PHOTO.

GUESTS OF RANGER BUSINESS MEN: Turkey growers were guests of Ranger business men who financed free turkey barbecue dinner and joined in eating it. Menu consisted of barbecue turkey, spaghetti with giblet gravy, cole slaw, pickles, green onions, bread and coffee. Over 250 plates were served. Murray Cox and a delegation of turkey growers are on the left, out of picture, doing the 30-minute broadcast of the dinner which was carried over WFAA 820 and 570. CAPPS STUDIO PHOTO.

Trash Pick-Up Breaks All Records; Another Set for Friday, Apr. 12

Honor Roll Released for Fourth Six Weeks

Superintendent G. B. Rush has released the Honor Roll for all grades in the Ranger Public Schools. This Honor Roll covers the 4th Six-Weeks Period of the school year.

HIGH SCHOOL
12th Grade, All A's and B's: Jerry Bradford, Dan Cruise, Sue Garrett, John Hagaman, Paul Hinds, Alan Lewis, Dorothy Needham, Jonell Penny and Gerald Shockey.

11th Grade, All A's and B's: Don Deffebach, Betty Gardinire, Ann Robinson, David Wharton, Beverly Moore.

10th Grade, All A's and B's: Joe Bradford, Dorothy Jacoby, Curtis Stephens, John T. Tibbels, Tommy Warford.

9th Grade, All A's and B's: Barbara Crabb, Mike Harrington, Betty Koerner, Homer Montgomery, Jimmy Needham, Glenda Rains, Alfred Rogers, Frances Veale, Nellie Vinson, Marilyn Warden, Jerry Wilson.

8th Grade, All A's and B's: James Adams, and Jill Watkins.

7th Grade, All A's and B's: Jay D. Baker, Carolyn Bealy, Lloyd Capps, Norman Carroll, Pat Kim, Wilma Mendoza, Geneva McGee, Carol Sue Montgomery, Emma Lou Montgomery, Phyllis Myers, Teddy Nooley, Butch Owen, David Rogers, Dwight Squires, Terry Townsend, Judy Wright, Lucile Nussle.

6th Grade, All A's and B's: (Continued on Page 2)

Because the citizens of Ranger did such an outstanding job of cleaning up during the two weeks City Wide Clean-Up Campaign that closed here last Friday, another all-out city-wide trash pickup will have to be held again next Friday, April 12, in order to get all the piles moved to the trash dump.

Chamber of Commerce and Garden Club Committees who had a charge of the clean-up knew that an outstanding job had been done but they didn't know how outstanding until the trucks started hauling off the debris.

The first city-wide trash pick-up of course, had been scheduled for March 29, but it got rained out entirely. All of the trash hauling, therefore, was postponed until last Friday, the end of the campaign, and in spite of the fact the trucks broke all previous records in hauling off 88 loads they didn't get half through.

Buck Wallace, general chairman of the campaign, together with Lester Crossley, city manager, and Rip Galloway, manager of the Chamber of Commerce, quickly got to work and arranged for another all-day trash-hauling spree this coming Friday. It is estimated there are at least another 88 truckloads of trash to get.

City Manager Crossley was telling about one house on Oak Street, which is now vacant, that some of the neighbors started cleaning up and found such a glorious mess that they pitched in and helped them finish the job. "We hauled 15 loads of trash from that one house," Crossley said. He said they had hauled six big truckloads away from that same place last Spring, making a total of 21 truckloads of filth that had been hauled from one house in less than a year. Crossley said among other things, one room at this house was found to have contained huge piles of old bones that had been picked up and stored there by a former occupant. Old boxes, pieces of lumber, tin cans, rags, papers, magazines, old clothes, everything worthless that a person could think of, had accumulated around that one house on Oak Street.

Homeowners throughout the city took advantage of the clean-up campaign to put their lawns and alleys in good shape, they also pruned their trees and shrubs, threw away a lot of broken household furniture and toys, and cleared their premises of any and all kinds of rubbish that was in the way and wasn't of any further use to anybody.

Merchants and business men around town contributed to a small fund for the purpose of employing extra men to work on the trucks, and many business firms furnished both trucks and men to help. (Continued on Page Four)

Mrs. A. N. Larson Sets Friday for Cancer Crusade

Mrs. A. N. Larson, who is chairman of the Cancer Crusade in Ranger this year the same as she was in 1956, has set Friday, April 12, as Cancer Crusade Day, at which time a city-wide solicitation will be made for donations to the American Cancer Society which is coming closer and closer each year to winning the battle in its fight to find a cure for the most deadly killer on earth.

Last year Ranger led all the rest of Eastland County in donating \$661 to the Cancer Crusade, and Mrs. Larson hopes to maintain that record again this year.

Mrs. Larson is working with many outstanding women in Ranger now in appointing captains and workers who will strive to cover every section of the city next Friday for contributions.

Mrs. T. C. Wylie and Mrs. Roscoe Hopper are co-chairmen working with Mrs. Larson.

All of these workers will be announced in the Times next Thursday, and Mrs. Larson is asking in advance that everyone prepare now to give the ladies their full cooperation and support when called upon for donations for the Crusade.

Every since the first spark of life appeared on this earth, cancer has been one of the most fearsome, most enigmatic diseases mankind had to contend with. But through the type of research that is being conducted by the American Cancer Society, made possible through donations from the people, more and more is being learned about the disease in this new age of scientific enlightenment.

(Continued on Page Four)

Mayor Proclaims Next Friday As Cancer Day

In connection with the Annual Cancer Crusade which takes place throughout the country each year in the continuing war against cancer, Mayor A. H. (Addie) Williams has proclaimed "April as Cancer Control Month, and Friday, April 12, Cancer Control Day in Ranger. The proclamation follows:

Proclamation

WHEREAS, the annual educational and fund raising campaign of the American Cancer Society is now in progress;

Cancer is one of the most critical public health problems of our times. Some 250,000 Americans, many of them in our own state, will die of cancer in 1957, if present rates continue. At present rates, one American in every four now living will some day be stricken by that disease.

In the last decade there has been marked progress in the diagnosis and treatment of cancer. Although one cancer in four is now being cured, two out of four patients could be saved if they were treated early enough. This would mean saving 80,000 additional lives a year. Approximately that many such patients were saved last year.

The American Cancer Society plays the leading role in the national fight against cancer. Through its programs of public and professional education, the society spreads the life-saving message of early discovery and prompt treatment; and keeps the nation's doctors advised on techniques in detection, radiation, and surgery.

By its support of more than 1,500 top-flight scientists in a nationally co-ordinated program of research, the American Cancer Society gives urgency to the search for new cures for this menacing disease.

The American Cancer Society is the only voluntary national health agency which fights cancer through a three-front program of research, education, and service to patients. As a voluntary organization, it depends entirely on the public contributions obtained through its annual Cancer Crusade. As Mayor of the City of Ranger, I, A. H. Williams do hereby proclaim that the residents of this city shall observe April as: Cancer Control Month, and Friday, April 12, 1957, as Cancer Control Day.

Therefore, I urge generous financial support in the Cancer Society's campaign, so that it may widen and intensify the battle against cancer until such time as the menace of man's cruellest enemy shall be lifted forever.

A. H. WILLIAMS
Mayor pro tem City of Ranger

High School Band Students Win 1st Division Honors

Ranger High School band students won three First Division places in the Interscholastic League contests held Saturday at Sweetwater for bands in the solo and ensemble groupings.

Hill Creager won a First Division place for a flute solo; Jackie Neeley won a First Division place for a cornet solo, and a flute trio, consisting of Bill Creager, Mollie Mitchell and Marinel Shockey won a First Division place.

Third division honors were taken by a clarinet trio consisting of Linda Durham, Paula Angus and Mary Halton.

A clarinet quartet consisting of Linda Durham, Paula Angus, Mary Halton and Linda Sue Hoggins also won Third Division honors.

Marinel Shockey won a Fourth Division place with a flute solo.

Burner With A Brain Featured In Lone Star Spring Range Event

The "Burner With A Brain" has revolutionized gas cooking, making every pot and pan an automatic appliance, and representing the greatest advance in kitchen ranges since the invention of the thermostat, according to Lone Star Gas officials.

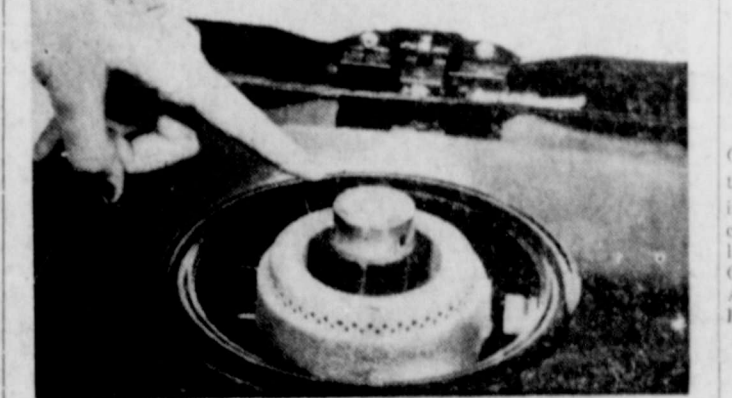

The "Burner With A Brain" is a thermostatically controlled top burner, operating much the same as an automatic oven. After setting the dial to the desired temperature, the homemaker can forget it. The "Burner With A Brain" will remain at the temperature she has dialed, going neither higher nor lower, it is explained.

cooking will provide consistently good deep-fat frying, pan frying, broiling or griddle cooking with ordinary utensils.

The heart of the "Burner With A Brain" is an aluminum "sensing" element mounted in the middle of the burner. This circular apparatus literally takes the temperature of the pan, skillet or griddle resting on it and automatically raises or lowers the flame to maintain the temperature for which the burner control is set. When the desired temperature is reached, the flame automatically diminishes. As the temperature falls, the valve in the thermostat opens, permitting the flame to rise again.

Sitting on a "Burner With A Brain," any pan in the kitchen becomes an automatic appliance. Pot watching and scorched pans become a thing of the past. The "Burner With A Brain" automatically raises and lowers the flame.

The "Burner With A Brain" (Continued on Page 2)

BURNER WITH BRAIN—This top-burner heat control is standard equipment on numerous top-of-the-line gas ranges. It lights automatically, quickly reaches then holds preset heat until cooking is done. Food won't burn, scorch or stick to vessels. The "Burner with a Brain" makes every pot and pan an automatic appliance.

The "Burner With A Brain" has revolutionized gas cooking, making every pot and pan an automatic appliance, and representing the greatest advance in kitchen ranges since the invention of the thermostat, according to Lone Star Gas officials.

The "Burner With A Brain" is a thermostatically controlled top burner, operating much the same as an automatic oven. After setting the dial to the desired temperature, the homemaker can forget it. The "Burner With A Brain" will remain at the temperature she has dialed, going neither higher nor lower, it is explained.

All of the top gas range models now on dealers' floors feature this revolutionary device. Making the new controls even more outstanding is the fact that 80 percent of normal cooking is done on top of the stove where the "Burner With A Brain" can be of valuable assistance. Manufacturers point out that this new advance in surface

The City-Wide Clean-Up Campaign

which stretched over a period of two weeks could not have been a bigger success, either. Buck Wallace, who has headed the last three campaigns conducted, said this one topped them all. The most trash ever hauled off in any of them, he said, was somewhere around 60 loads. This time, 88 loads were hauled off last Friday alone, and according to Lester Crossley, city manager, there should be at least that many more loads from the way it looked after a check-up made last Saturday morning. Those in charge of the Clean-Up Campaign started out with plenty of trucks and plenty of men on the regularly scheduled pick-up last Friday.

Mrs. Leon Wells, 61 Found Dead Mon.

Mrs. Leon Wells, 61, of 912 Young Street, Ranger, was found dead at her home about 7 a.m. Monday morning, presumably of a heart attack.

The body is at Killingsworth Funeral Home where services are pending.

Weather Reports
Partly cloudy Thursday and Wednesday with mild day and cool night temperature. Low Tuesday night in 40s. High Wednesday in 70s.

Fill up your car with quality service from our experienced mechanics. All cars—fast, efficient, economical. Call 802 today. Don Pierson Olds-Cadillac Eastland

Boone Yarbrough, Dick Henderson, Catch 10 Bass

Whether Boone Yarbrough dreams about this stuff or what, we are not prepared to say, but the old coach and Dick Henderson claim to have caught 10 bass on the North Side of the lake last Saturday. Boone said the first catch he made using a bass-master he handed a 4 pounder. The others were all assorted 2 and 3-pounders.

Choe-A-Blue Marina also reported an good catch over the weekend which was made by E. L. Munch and W. B. Booth of Rockledge. They caught 5 bass and 16 crappie in 3-foot water, all nice ones.

Other fishing reports for the weekend are not in yet.

\$5.00 Reward

Pictured above is Eb Richardson, caretaker at the Lake Leon Dam, holding two crappie and a yardstick showing the fish to measure 17-inches in length. They each weighed just a small fraction under three pounds.

All of which causes the Times to make the following offer: We have a \$5.00 down here for the first person who brings a 3-pound crappie to this office so we can photograph it. We have been wanting to see a 3-pound crappie all season and do not believe there is such a thing, despite reports of 5-pound crappie being caught. If you catch a 3-pounder, bring it around here and if you are the first one, you get the five bucks.

Richardson caught the two fish pictured here one day last week. They were part of a string of 23, caught in less than one hour with minnows near the dam, and the entire string of 23 weighed 35-pounds.

Junior College 1957 Football Schedule Given

Coach Tom Hestand of Ranger Junior College has announced his 1957 football schedule for next fall as follows:

Sept. 14 Paris	T
Sept. 21 Cameron	H
Sept. 28 Navarro	T
Oct. 5 Cisco	T
Oct. 12 San Angelo	T
Oct. 19 McMurry	H
Oct. 26 Tarleton	T
Nov. 2 Kilgore	T
Nov. 16 Arlington	H
Nov. 23 Schreiner	H

The schedule has provided for four games at home and six away, but perhaps the biggest game of all is scheduled for Ranger, the clash with Arlington on November 16. Coach Hestand said all games were night games unless something should happen between now and next October 5 which would make it desirable to play Cisco in the daytime. Starred games are conference games.

Burner with Brain—

(Continued from Page One)

reaches the desired heat instantly as do all gas burners, and when it is turned off the heat leaves immediately. There is no hangover heat to burn foods or raise kitchen temperatures. The "Burner With A Brain" makes cooking with gas by far the coolest cooking possible.

Heat markings on the control dial start at 200 degrees and graduate in small steps up to 400 degrees for secure control of the flame. The low, perfectly controlled temperatures are just right for delicate studdings and sauces, and the constant well-regulated high temperatures necessary for successful deep fat frying are provided by the new burner.

To use the "Burner With A Brain" the homemaker merely sets it and forgets it. It is as simple as that. The control dial is like the familiar oven control, and all that is necessary is turning it to the proper temperature. To control temperature the sensing element must be in contact with the bottom of the pan, making flat-bottomed pans a necessity. Lone Star Gas Company home economists point out that pans with covers are best for cooking jobs other than frying and pan-broiling.

This latest development in ranges puts no limit on the type vessel the homemaker can use in her cooking. All flat-bottomed cooking vessels, no matter whether they be copper, aluminum, glass, steel, cast iron or any other material, will give the same results. Since the element registers temperatures of the pans, slight adjustments will

Post Office—

(Continued from Page 1)

tailments ever went into effect, but said if they did they might possibly close the office here on Saturdays, and it is always closed on Sunday anyway.

Crawley said the bulk of the city mail delivery would not be effected because most of it was carried out on the regular runs. He said the curtailment might possibly effect a few employees listed as "extras" if it went into effect.

Crawley said the embargo on circulars and other third class mail might go into effect but he doubted it, since there is already a move on foot on a national scale to get out an injunction against the Postmaster General to prevent him from halting the delivery of advertising circulars which is paid for largely by the taxpayers.

According to reports from all

Mrs. Creager Is Circle Hostess

The Business Womens Circle of the WSCS of the Methodist Church met Monday in the home of Mrs. W. F. Creager.

The hostess, Mrs. Jess Weaver, conducted a short business meeting. Mrs. Charles Mahaffey conducted the lesson, taken from the study book, "The Islands Await His Word."

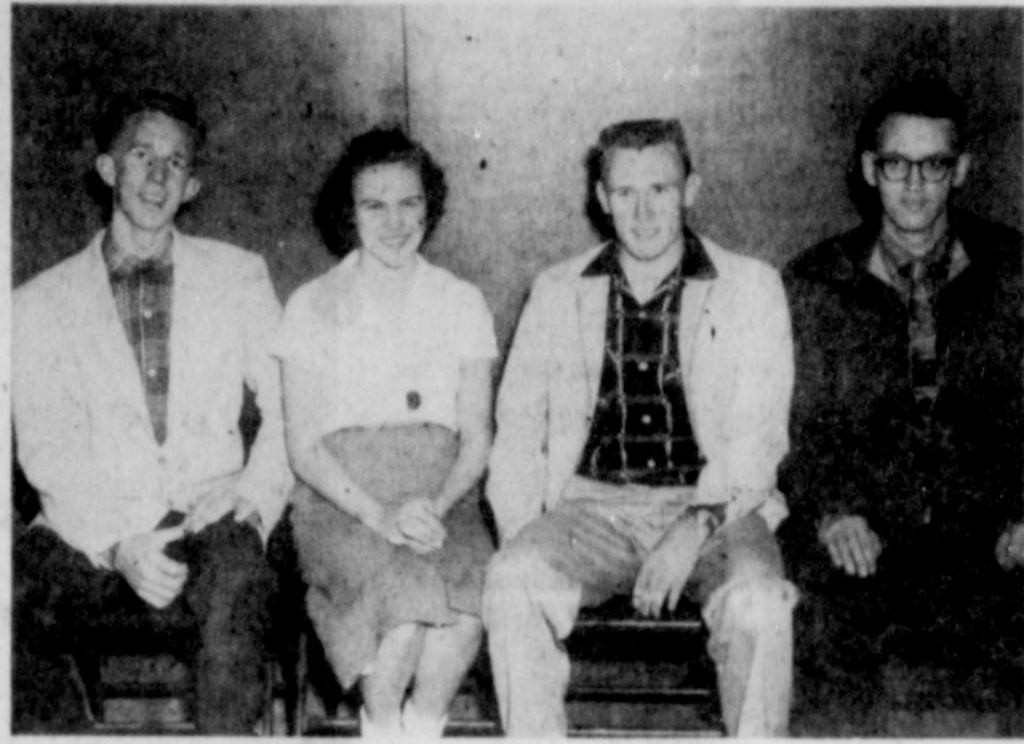

Mrs. Walter Daniels gave the devotional, "Our Plus Becomes a Cross. The United States has often been called the plus nation because of the many fine things we

enjoy here. However a plus sign is a cross, so we must, by denying ourselves, and sharing our wealth with all God's children, take up our cross if we are to be worthy of the One who died on the cross.

Refreshments were served to Mrs. Walter Daniels, Jess Weaver, J. A. Johnson, Vernon Deffenbach, Charles Mahaffey, E. H. Bobo, Allan Rushing, Frank Johnson, A. W. Brazda and the hostess, Mrs. Creager.

VISIT FROM ANDREWS

Mr. and Mrs. Weaver Aishman and Kay of Andrews visited her mother, Mrs. Matt Robinson over the weekend.

TRAINING UNION OFFICERS: Shown above are four of the six Training Union Officers that are participating in Youth Week at the First Baptist Church. From left to right are Dale Cozart, Adult 2; Jimmie Mae Miller, general director; Jerry Price, junior department, and Eddie Jacoby, Young Peoples' department. Not in the picture but serving, are Glenda Webb, Adult 1 and Dorothy Epply, intermediate department. A high attendance of 170 was counted last Sunday, the highest in many months. There are a total of 44 youth officers elected by the church for Youth Week.

family of Moran visited with Mr. and Mrs. John Usery Saturday.

Mr. and Mrs. David L. Adams, Dana, Susan and Lisa of Abilene, spent Sunday with Mrs. Adams parents, Mr. and Mrs. E. A. Tunnell.

Mr. and Mrs. Dwaine Dennis and children spent Sunday in Fort Worth visiting with Mr. and Mrs. E. E. Walling.

Capt. and Mrs. Patrick Cross and children of Fort Campbell, Kentucky are visiting with her parents, Mr. and Mrs. E. C. Ewing.

Mrs. Bessie Simmons of Coleman is visiting with Mr. and Mrs. P. T. Smith.

Mr. and Mrs. F. C. Tye spent the weekend in Dumas visiting their daughter and family, Mr. and Mrs. B. L. Gary. Mr. Tye said that snow drifts were still 3 and 4 feet deep, and numbers of frozen cattle were still caught in fences and snow drifts along the highway.

Dorcas S. S. Class Meets With Miss Adams

The Dorcas Sunday School class of the First Baptist Church met in the home of Miss Ethel Adams on Thursday evening with Mrs. R. E. Barker as co-hostess.

The president, Mrs. Lee Mitchell presided and led the opening prayer. Reports were given by the group leaders. Mrs. Rosa Taylor was chosen as class president for the month of April.

Devotional theme, "peacemakers", taken from Christ's sermon on the Mount, was given by Mrs. Ralph Perkins. The closing prayer was said by Mrs. Luther Kirkpatrick.

Refreshments were served to Mrs. Perkins, Mitchell, Hugh Dawley, L. D. Tankersley, W. S. Adamson, Nettie Sudderth, Mary Crabb, L. Kirkpatrick, Mabel Williams, George Robinson, P. C. Long, and the hostesses.

Mr. and Mrs. Ben Bazil and

Slaughter School League Winners Announced

The Slaughter Ward Elementary School attended the District Inter-scholastic League Saturday, April 6, at Sweetwater.

First place winners in Primary exhibits from Ranger were: Jimmy Battles, science poster; Wineford Lewis, English poster; Wanda Lewis, seasonal poster; Dwight Dunn and Fred McDonald, potato paintings; Wanda Lewis, greeting cards; Fred McDonald and Donald Ray Lewis, plaques.

Wineford Jane Lewis won first place in female instrumental solos. The Ranger students won first place for their centerpiece in homemaking and Arma Woodruff won first for her clothing poster.

Third place winners were Dennis Holmes and Wineford Lewis for a one act play, and Donald and Wineford Lewis in junior spelling.

Mrs. G. L. Washington is teacher at the Slaughter School.

WEEKEND GUESTS

Mr. and Mrs. W. A. Ervin and children of Hermligh and Mr. and Mrs. Don Fyffe of Ft. Worth visited over the weekend with Mrs. Maurice Owen and Mr. and Mrs. J. H. Ervin.

Women's Activities

April 9
The Parent - Teacher Association of Young School will meet Tuesday, April 9 at 7:30 p.m. in the school auditorium.

April 10
The New Era Club will meet Wednesday, April 10, in the home of Mrs. Myrtle George with Mrs. Ruby Springer as co-hostess. Mrs. N. E. Landers will be leader. Mrs. C. B. Pruet will speak on Ceramics and Mrs. Audrey Kimbrell on china painting.

April 11
The Dutch Club will meet Wednesday morning at 8 in King's Cafe. All members are urged to be present and to bring a gift for a shut-in.

April 11
The Rho Phi Chapter of Beta Sigma Phi Sorority will meet with Mrs. Clara Landers Thursday, April 11, at 7:30. Inez Hazel will speak on "The Collector" and each member will tell of their most prized possession.

CRITICAL CONDITION
T. V. Wheeler is in critical condition in the Veteran's Hospital in Dallas, where he underwent surgery Monday.

Wednesday Night Activities At First Baptist

Wednesday evening activities at the First Baptist Church will include rehearsal for the Sanctuary Choir at 6:30. At 7:15 departmental officers will meet and the Sunday School lesson discussed. At 7:45, departmental officers will complete plans for next Sunday.

At 8:00 o'clock Youth officers will have charge of the services, with Jackie Neeley directing the music, accompanied by Charlotte Clark and Marinell Shockey. Associate pastor Wayne Jowers will direct the worship service, assisted by the Youth Choir.

The Carol Choir will meet earlier in the afternoon Wednesday, at 4:00 o'clock.

Youth Week At First Baptist Huge Success

Youth week at the First Baptist Church, which began last Sunday and continues through April 14, has started off to be a huge success, according to the Rev. Ralph Perkins, pastor.

Last Sunday all departments were staffed by youth officers who participated in the choir, announcements, offering, special songs, ushering and preaching at the night service. The pastor filled the pulpit Sunday morning.

The Lord's Supper was observed at the morning service and the ordinance of Baptism at the evening service. Due to an accident, the lights went out in the church and some 25 young people stood with lighted candles while eight candidates were baptized. The candles also furnished all the light there was for the remaining part of the evening service.

Youth officers were thrilled when a high attendance mark in Sunday School was set with 329 being present. Also a new mark for the year was set in the Training Union when 170 attended.

Jimmie Mae Miller presided at the Training Union. Charlotte Clark was at the organ and Marinell Shockey at the piano. Jackie Neeley directed the music and Wayne Jowers, associate Youth pastor, presided during the worship period. Gerald Shockey delivered a splendid message on "The Crucifixion."

The same Youth officers will preside at all services April 14.

HOSPITAL NEWS

Mrs. L. D. Summers is a new patient in the West Texas Clinic.

New patients in the Ranger General Hospital are: Mrs. L. Hale, Ranger, medical; Ronald Obel, Ranger, medical; Sherry Nixon, Eastland, medical; John T. Johnson, Ranger, medical; Clifford Richardson, Eastland, medical; Mrs. Earl Garza, Ranger, surgical; C. L. Fields, Eastland, medical; Mrs. P. Baker, Ranger, surgical.

READ THE CLASSIFIEDS

What's the Use of an Abstract

... if it doesn't cure the title? is a fair question but may be misleading. The doctor worries little about a remedy if his patient is unconcerned and puts forth no effort to help himself. Like the X-ray and it's marvelous success in the medical field, the abstract reveals the condition of the title and places it in position to be cured or condemned. That explains why the landowners of the United States spent fifty million dollars for title information in 1955.

Fate of Adv. Circulars Rests on Taxpayers Footing Postage Bill

Whether or not postal employees continue to cram your box full of advertising circulars and other third class mail matter after this week depends on whether or not Postmaster General Arthur Summerfield succeeds in browbeating congress out of enough of the taxpayers' money to pay for handling the stuff. The Postmaster General says he will have to have another 30 million dollars if he keeps it up for the rest of this fiscal year.

Summerfield originally asked for 47 million dollars, but the congress gave him only 17 million, leaving him holding the bag for 30 million dollars that will have to be raised unless the nation is willing to forego some curtailment in the postal services, according to the head man of the postal service.

However, most people are of the opinion that none of the curtailments will come about because they figure that congress will relent at the last minute and pass over some more taxpayers' money.

Postmaster A. E. Crowley of Ranger said he was not getting excited about the proposed curtailments because they would not effect the post office here much, anyway. He doubted that the curtailments would be made.

High School Band Students Win 1st Division Honors

Ranger High School band students won three First Division places in the Interscholastic League contests held Saturday at Sweetwater for bands in the solo and ensemble groupings.

Bill Creager won a First Division place for a flute solo; Jackie Neeley won a First Division place for a cornet solo, and a flute trio, consisting of Bill Creager, Mollie Mitchell and Marinel Shockey won a First Division place.

Third Division honors were taken by a clarinet trio consisting of Linda Durham, Paula Angus and Mary Halton.

A clarinet quartet consisting of Linda Durham, Paula Angus, Mary Halton and Linda Sue Rogus also won Third Division honors.

Marinel Shockey won a Fourth Division place with a flute solo.

Two Crowded Scenes From Turkey Barbecue

CROWDING INTO CHOW LINE: Ranger business men crowd up close to camera so that turkey growers, coming through door in background, can get through the chow line first. This is scene inside Ranger Junior College Cafeteria as turkey barbecue dinner was about to be served to men and women from 14 counties attending the Turkey Production and Marketing Clinic held last Thursday at the College. Clinic was sponsored by Texas A&M Extension Service and Ranger Chamber of Commerce. CAPPS STUDIO PHOTO.

GUESTS OF RANGER BUSINESS MEN: Turkey growers were guests of Ranger Business men who financed free turkey barbecue dinner and joined in eating it. Menu consisted of barbecue turkey, spaghetti with giblet gravy, cole slaw, pickles, green onions, bread and coffee. Over 250 plates were served. Murray Cox and a delegation of turkey growers are on the left, out of picture, doing the 30-minute broadcast of the dinner which was carried over WFAA 820 and 570. CAPPS STUDIO PHOTO.

Trash Pick-Up Breaks All Records; Another Set for Friday, Apr. 12

Honor Roll Released for Fourth Six Weeks

Superintendent G. B. Bush has released the Honor Rolls for all grades in the Ranger Public Schools. This Honor Roll covers the 4th Six-Weeks Period of the school year.

The Honor List follows:

HIGH SCHOOL
12th Grade, All A's and B's: Jerry Bradford, Dan Cruise, Sue Garrett, John Hagaman, Paul Hinds, Alan Lewis, Dorothy Needham, Jonell Penny and Gerald Shorkey.

11th Grade, All A's and B's: Don Deffelsch, Betty Gardner, Ann Robinson, David Wharton, Beverly Moore.

10th Grade, All B's: Robert Veale.

9th Grade, All A's and B's: Don Adams and Norma Enfinger.

8th Grade, All A's and B's: Barbara Crabb, Mike Herrington, Betty Koerner, Homer Montgomery, Jimmy Needham, Glenda Rains, Alfred Rogers, Frances Veale, Nellie Vinson, Marilyn Warden, Jerry Wilson.

JUNIOR HIGH SCHOOL
7th Grade, All A's: Janey Adams, and Jill Watkins.
6th Grade, All A's and B's: Jay D. Baker, Carolyn Beady, Lloyd Capps, Norman Carroll, Fat Kim, Wilma Mendosa, Geneva McGee, Carol Sue Montgomery, Emma Lou Montgomery, Phyllis Myers, Teddy Neesley, Butch Owen, David Rogers, Dwight Squires, Terry Townsend, Judy Wright, Lucile Nussale.

Because the citizens of Ranger did such an outstanding job of cleaning up during the two weeks City-Wide Clean-Up Campaign that closed here last Friday, another all-out city-wide trash pick-up will have to be held again next Friday, April 12, in order to get all the piles moved to the trash dump.

Chamber of Commerce and Garden Club Committees who had charge of the clean-up knew that an outstanding job had been done but they didn't know how outstanding until the trucks started hauling off the debris.

The first city-wide trash pick-up of course, had been scheduled for March 29, but it got rained out entirely. All of the trash hauling, therefore, was postponed until last Friday, the end of the campaign, and in spite of the fact the trucks broke all previous records in hauling off 88 loads they didn't get half through.

Buck Wallace, general chairman of the campaign, together with Lester Crossley, city manager, and Big Galloway, manager of the Chamber of Commerce, quickly got to work and arranged for another all-day trash-hauling spree this coming Friday. It is estimated there are at least another 88 truckloads of trash to get.

City Manager Crossley was telling about one house on Oak Street, which is now vacant, that some of the neighbors started cleaning up and found such a glorious mess that the city pitched in and helped them finish the job. "We hauled 15 loads of trash from that one house," Crossley said. He said they had hauled six big truckloads away from that same place last Spring, making a total of 21 truckloads of filth that had been hauled from one house in less than a year. Crossley said among other things, one room at this house was found to have contained huge piles of old boxes that had been picked up and stored there by a former occupant. Old boxes, pieces of lumber, tin cans, rags, papers, magazines, old clothes, everything worthless that a person could think of, had accumulated around that one house on Oak Street.

Homeowners throughout the city took advantage of the clean-up campaign to put their lawns and alleys in good shape, they got pruned their trees and shrubs, threw away a lot of broken house-hold furniture and toys, and cleared their premises of any and all kinds of rubbish that was in the way and wasn't of any further use to anybody.

Merchants and business men around town contributed to a small fund for the purpose of employing extra men to work on the trucks, and many business firms furnished both trucks and men to help.

Mrs. A. N. Larson Sets Friday for Cancer Crusade

Mrs. A. N. Larson, who is chairman of the Cancer Crusade in Ranger this year the same as she was in 1956, has set Friday, April 12, as Cancer Crusade Day, at which time a city-wide solicitation will be made for donations to the American Cancer Society which is coming closer and closer each year to winning the battle in its fight to find a cure for the most deadly killer on earth.

Last year Ranger led all the rest of Eastland County in donating \$661 to the Cancer Crusade, and Mrs. Larson hopes to maintain that record again this year.

Mrs. Larson is working with many outstanding women in Ranger now in appointing captains and workers who will strive to cover every section of the city next Friday for contributions.

Mrs. T. C. Wylie and Mrs. Roscoe Hopper are co-chairmen working with Mrs. Larson.

All of these workers will be announced in the Times next Thursday, and Mrs. Larson is asking in advance that everyone prepare now to give the ladies their full cooperation and support when called upon for donations for the Crusade.

Every since the first spark of life appeared on this earth, cancer has been one of the most fearsome, most enigmatic diseases mankind has had to contend with. But through the type of research that is being conducted by the American Cancer Society, made possible through donations from the people, more and more is being learned about the disease in this new age of scientific enlightenment.

(Continued on Page Four)

\$5.00 Reward

Pictured above is Eh Richardson, caretaker at Lake Leon Dam, holding two crappie and a yardstick showing the fish to measure 17-inches in length. They each weighed just a small fraction under three pounds.

All of which causes the Times to make the following offer: We have a \$5-bill down here for the first person who brings a 3-pound crappie to this office so we can photograph it. We have been wanting to see a 3-pound crappie all season and do not believe there is such a thing, despite reports of 5-pound crappie being caught. If you catch a 3-pounder, bring it around here and if you are the first one, you get the five bucks.

Richardson caught the two fish pictured here one day last week. They were part of a string of 23, caught in less than one hour with minnows near the dam, and the entire string of 23 weighed 35-pounds.

AL LARSON LAID UP
Al Larson, manager of Texas Electric Service Company in Ranger, has been confined to his bed for the past few days with a ruptured spinal disk. An old injury, the disk was injured while Larson was helping put out some shrubs at Teon Town.

"Ranger's Future Is Our Future"
ELLIOTT MTR. CO. (FORD)

Junior College 1957 Football Schedule Given

Coach Tom Hestand of Ranger Junior College has announced his 1957 football schedule for next fall as follows:

Sept. 14 Paris	T
Sept. 21 Cameron	H
Sept. 28 Navarro	T
Oct. 5 Cisco	T
Oct. 12 San Angelo	T
Oct. 19 McMurry	H
Oct. 26 Tarleton	T
Nov. 2 Kilgore	T
Nov. 16 Arlington	H
Nov. 23 Breiner	H

The schedule has provided for four games at home and six away, but perhaps the biggest game of all is scheduled for Ranger, the clash with Arlington on November 16. Coach Hestand said all games were night games unless something should happen between now and next October 5 which would make it desirable to play Cisco in the daytime. Starred games are conference games.

WHAT'S... COOKING?

By NORMAN WRIGHT
Let us get our coat-off here this cold morning and our sleeves rolled up because we have a passel of bragging to do and we've been about to bust with it since last week.

Mrs. Joe Faircloth can set her a soap box out in front of the Commercial State Bank and crawl up on top of it and take a bow in all four directions because she certainly deserves it for putting over that chest X-Ray Survey like she did. Ranger led every town in the county with 1,541 x-rays. Cisco having chalked up 1,440 and Eastland 1,060.

Mrs. Faircloth worked many long hours on that deal, making scores of personal calls and hundreds of telephone calls in getting her committee together as required by the State Health Department, and state personnel who were here with the x-ray said they had never seen a better organized campaign.

Mrs. Faircloth was ably assisted by loyal members of the American Legion Auxiliary, sponsors of the survey, as well as many other clubs and organizations throughout the city who gave their time and support in recognition of a valuable public service occasioned by the X-Ray Survey, and the people of Ranger gave it their full support by turning out in a record number to take advantage of it.

Everybody in town ought to be walking around this morning with feathers in their hats on account of the way the survey went over. It couldn't have been a bigger success.

We, personally, take a curtsy to Mrs. Faircloth.

The City-Wide Clean-Up Campaign which stretched over a period of two weeks could not have been a bigger success, either. Buck Wallace, who has headed the last three campaigns conducted, said this one topped them all. The most trash ever hauled off in any of them, he said, was somewhere around 60 loads. This time, 88 loads were hauled off last Friday alone, and according to Lester Crossley, city manager, there should be at least that many more loads from the way it looked after a check-up made last Saturday morning. Those in charge of the Clean-Up Campaign started out with "plenty of trucks and plenty of men" on the regularly scheduled pick-up last Friday.

Mrs. Leon Wells, 61 Found Dead Mon.

Mrs. Leon Wells, 61, of 912 Young Street, Ranger, was found dead at her home about 7 a.m. Monday morning, presumably of a heart attack.

The body is at Killingworth Funeral Home where services are pending.

"Burner With A Brain" Featured In Lone Star Spring Range Event

The "Burner With A Brain" has revolutionized gas cooking, making every pot and pan an automatic appliance, and representing the greatest advance in kitchen ranges since the invention of the thermostat, according to Lone Star Gas officials.

The "Burner With A Brain" is a thermostatically controlled top burner, operating much the same as an automatic oven. After setting the dial to the desired temperature, the homemaker can forget it. The "Burner With A Brain" will remain at the temperature she has dialed, going neither higher nor lower, it is explained.

All of the top gas range models now on dealers' floors feature this revolutionary device. Making the new controls even more outstanding is the fact that 80 percent of normal cooking is done on top of the stove where the "Burner With A Brain" can be of valuable assistance. Manufacturers point out that this new advance in surface

BURNER WITH BRAIN—This top-burner heat control is standard equipment on numerous top-of-the-line gas ranges. It lights automatically, quickly reaches then holds pre-set heat until cooking is done. Food won't burn, scorch or stick to vessels. The "Burner with a Brain" makes every pot and pan an automatic appliance.

cooking will provide consistently good deep-fat frying, pan frying, broiling or griddle cooking with ordinary utensils.

The heart of the "Burner With A Brain" is an aluminum "sensing" element mounted in the middle of the burner. This circular apparatus literally takes the temperature of the pan, skillet or griddle resting on it and automatically raises or lowers the flame to maintain the temperature for which the burner control is set. When the desired temperature is reached, the flame automatically diminishes. As the temperature falls, the valve in the thermostat opens, permitting the flame to rise again.

Sitting on a "Burner With A Brain," any pan in the kitchen becomes an automatic appliance. Pot-watching and scorching pans become a thing of the past. The "Burner With A Brain" automatically raises and lowers the flame.

The "Burner With A Brain" (Continued on Page 2)

Mayor Proclaims Next Friday As Cancer Day

In connection with the Annual Cancer Crusade which takes place throughout the country each year in the continuing war against cancer, Mayor A. H. Williams has proclaimed April as Cancer Control Month, and Friday, April 12, Cancer Control Day in Ranger. The proclamation follows:

Proclamation

WHEREAS, the annual educational and fund raising campaign of the American Cancer Society is now in progress;

Cancer is one of the most critical public health problems of our times. Some 250,000 Americans, many of them in our own state, will die of cancer in 1957, if present rates continue. At present rates, one American in every four now living will some day be stricken by that disease.

In the last decade there has been marked progress in the diagnosis and treatment of cancer. Although one cancer in four is now being cured, two out of four patients could be saved if they were treated early enough. This would mean saving 80,000 additional lives a year. Approximately that many such patients were saved last year.

The American Cancer Society plays the leading role in the national fight against cancer. Through its programs of public and professional education, the society spreads the life-saving message of early discovery and prompt treatment; and keeps the nation's doctors advised on techniques in detection, radiation, and surgery.

By its support of more than 1,000 top-flight scientists in a nationally co-ordinated program of

research, the American Cancer Society gives urgency to the search for new cures for this menacing disease.

The American Cancer Society is the only voluntary national health agency which fights cancer through a three-front program of research, education, and service to patients. As a voluntary organization, it depends entirely on the public contributions obtained through its annual Cancer Crusade. As Mayor of the City of Ranger, I, A. H. Williams do hereby proclaim that the residents of this city shall observe April as Cancer Control Month, and Friday, April 12, 1957, as Cancer Control Day.

Therefore, I urge generous financial support in the Cancer Society's campaign, so that it may widen and intensify the battle against cancer until such time as the menace of man's cruellest enemy shall be lifted forever.

A. H. WILLIAMS
Mayor, Protem City of Ranger

All Buyers of Shrubs Asked To Pick Up Now

All Ranger citizens who ordered shrubs in the recent Plant A Shrub Campaign are asked to pick them up at once at ABC Floral and Garden Shop.

All shrubs have arrived, both Nandinas and Grape Myrtles, and need to be put into the ground at once. Every hour of delay is damaging to the plants and they need to be picked up immediately.

Everyone is asked to please call for them this very day, if possible, and not later than Wednesday morning at the very latest.

Air Force Ups Age Limit For Reserve Program

Hensley Field, Tex.—The Air Force Reserve has increased the age limit for its non-prior service enlistment program from 18 1-2 to 25 years, Brig. Gen. Jerry W. Davidson, commander of the 448th Fighter Bomber Wing at Hensley Field, said today.

Formerly, only high school seniors and recent graduates between the ages of 17 and 18 1-2 could enlist in the program. The new age limits are 17 to 25 years of age. Enlistees do not have to be in school.

Young men qualifying under the program serve six months of active duty in Air Force basic and technical training schools, then are released to civilian life. They complete their enlistments as "week-end warriors" in the Air Force Reserve while following their normal civilian pursuits.

In the Dallas—Fort Worth area, they can fulfill their military obligation through membership in the 448th, or Lone Star Wing, which trains at Hensley Field. After six months of active duty they become members of the wing, training one week-end a month and for two weeks each summer.

SUNDAY GUESTS

Mr. and Mrs. Joe Harris of Fort Worth visited Sunday with Mr. and Mrs. H. H. Vaughn.

Burner with Brain—

(Continued from Page One)

reaches the desired heat instantly as do all gas burners, and when it is turned off the heat leaves immediately. There is no hangover heat to burn foods or raise kitchen temperatures. The "Burner with A Brain" makes cooking with gas by far the coolest cooking possible.

Heat markings on the control dial start at 200 degrees and graduate in small steps up to 400 degrees for secure control of the flame. The low, perfectly controlled-temperatures are just right for delicate puddings and sauces, and the constant well-regulated high temperatures necessary for successful deep fat frying are provided by the new burner.

To use the "Burner with A Brain" the homemaker merely sets it and forgets it. It is as simple as that. The control dial is like the familiar oven control, and all that is necessary is turning it to the proper temperature. To control temperature the sensing element must be in contact with the bottom of the pan, making flat-bottomed pans a necessity. Lone Star Gas Company home-economists point out that pans with covers are best for cooking jobs other than frying and pan-broiling.

This latest development in ranges puts no limit on the type vessel the homemaker can use in her cooking. All flat-bottomed cooking vessels, no matter whether they be copper, aluminum, glass, steel, cast iron or any other material, will give the same results. Since the element registers temperatures of the pans, slight adjustments will

tailments ever went into effect, but said if they did they might possibly close the office here on Saturdays, and it is always closed on Sunday anyway.

Crawley said the bulk of the city mail delivery would not be effected because most of it was carried out on the regular runs. He said the curtailment might possibly effect a few employees listed as "extras" if it went into effect.

Crawley said the embargo on circulars and other third class mail might go into effect but he doubted it, since there is already a move on foot on a national scale to get out an injunction against the Postmaster General to prevent him from halting the delivery of advertising circulars which is paid for largely by the taxpayers.

Bake Sale To Be Held by Eastland Christian Women

The C.W.F. of the First Christian Church in Eastland is to have a bake sale Saturday starting at 9 a.m. in the church annex. Coffee and pie or cake by the slice will be sold as well as cakes and pies to take out. If you would like a special order, contact Mrs. Lon Horn, phone 292.

Recently, Purina research workers asked poultry staff men in 9 leading poultry states to estimate the total amount of feed required—on the average—to grow a pullet in their states. Shown here is the average of the figures they supplied, compared with Purina feed requirements based on records of thousands of pullets raised at the Purina Research Farms.

FEED REQUIRED TO GROW OUT PULLETS*		
	Light Breeds	Heavy Breeds
9-state average.....	23.1 lbs.	28.0 lbs.
Purina Program average..	19.3 lbs.	23.8 lbs.
Saving per pullet on Purina	3.8 lbs.	4.2 lbs.
Saving per 100.....	380.0 lbs.	420.0 lbs.

*From day-old to laying

here's how to grow 100 sturdy, big-framed Purina pullets on 250 pounds less feed

Most poultry raisers recognize that Purina Growing Chows have the quality and ingredients to grow sturdy, big-framed pullets. But not all realize that Purina Chow efficiency often makes it much lower in feeding cost than feeds with cheaper price tags.

The table above shows the important difference in number of pounds of feed needed to grow out Purina pullets, compared with the average in 9 leading poultry states. The Purina P search staff rounded off the figures to 250 pounds less Purina Chow for light breeds, and 400 for heavy breeds.

This saving of feed increases the value of Purina complete Growing Chows by 30¢ to 40¢ per bag (50 lbs.)... or 60¢ to 80¢ a bag more for Growing Chow fed with scratch grain.

Thousands of poultrymen have found that they can use high-quality feed... and make money doing it. We know this. And, we're anxious to show you how you may cut feed costs with your pullets.

Pullet Health Hint—Now, with Purina Liquid Poultry Wormer, you can worm each 100 pullets or less than 25¢! Best time is when they are 10 to 12 weeks old, with a second treatment just before housing if your ranges are used heavily. It takes only one dose in the drinking water. Order Purina Liquid Poultry Wormer right here at the Store with the red-and-white Checkerboard Sign.

Pontiac Springs Another "First!"

-Lowest Priced Car with Tri-Power Carburetion!

Pontiac started 'em all talking by tagging this eye-popping Chieftain below 30 models of the low-price three. Now Pontiac has tossed another firecracker into the low-price field... with Tri-Power Carburetion available at extra cost on any model. Pontiac alone at so low a cost offers this sensational track-proved* carburetion system that has officially outperformed super-charged and fuel injection cars. Here's how it works: For normal driving, only one of three double-barrel carburetors is in operation. When you want a safety-surge of power, press your toe and pronto!—the other two carburetors pour out a bonus of gas as long as you need it. Ease up... and you're back to the gas-saving economy of one-carburetor operation! In short—your new Pontiac Chieftain can be tame or terrific—at the touch of a toe! Try it, and you'll see why they're biting their nails in the low-price field. Check the car... check the price... and all bets are that you'll graduate to Pontiac with plenty left over in your budget to celebrate the occasion!

100 PONTIACS FREE!

Drive the Champ Contest

Here's all you do...:

- Go to your authorized Pontiac dealer during April and test drive the 1957 Pontiac.
- Fill out the official entry blank and deposit it with your dealer... that's all there is to it!

Mrs. Creager Is Circle Hostess

The Business Womens Circle of the WSCS of the Methodist Church met Monday in the home of Mrs. W. F. Creager.

The leader, Mrs. Jess Weaver, conducted a short business meeting. Mrs. Charles Mahaffey conducted the lesson, taken from the study book, "The Islands Await His Word."

Mrs. Walter Daniels gave the devotional, "Our Plus Becomes a Cross. The United States has often been called the plus nation because of the many fine things we

enjoy here. However a plus sign is a cross, so we must, by denying ourselves, and sharing our wealth with all God's children, take up our cross if we are to be worthy of the One who died on the cross.

Refreshments were served to Mmes. Walter Daniels, Jess Weaver, J. A. Johnson, Vernon Deffenbach, Charles Mahaffey, E. H. Bobo, Allan Rushing, Frank Johnson, A. W. Brazda and the hostess, Mrs. Creager.

VISIT FROM ANDREWS

Mr. and Mrs. Weaver Aishman and Kay of Andrews visited her mother, Mrs. Matt Robinson over the weekend.

TRAINING UNION OFFICERS: Shown above are four of the six Training Union Officers that are participating in Youth Week at the First Baptist Church. From left to right are Dale Cozart, Adult 2; Jimmie Mae Miller, general director; Jerry Price, junior department, and Eddie Jacoby, Young Peoples' department. Not in the picture but serving, are Glenda Webb, Adult 1 and Dorothy Epply, intermediate department. A high attendance of 170 was counted last Sunday, the highest in many months. There are a total of 44 youth officers elected by the church for Youth Week.

family of Moran visited with Mr. and Mrs. John Usery Saturday.

Mr. and Mrs. David L. Adams, Dana, Susan and Lisa of Abilene spent Sunday with Mrs. Adams parents, Mr and Mrs. B. A. Tunnell.

Mr. and Mrs. Dwaine Dennis and children spent Sunday in Fort Worth visiting with Mr. and Mrs. E. E. Walling.

Capt. and Mrs. Patrick Cross and children of Fort Campbell, Kentucky are visiting with her parents, Mr. and Mrs. E. C. Ewing.

Mrs. Bebie Simmons of Coleman is visiting with Mr. and Mrs. P. T. Smith.

Mr. and Mrs. F. C. Tye spent the weekend in Dumas visiting their daughter and family, Mr. and Mrs. B. L. Gary. Mr. Tye said that snow drifts were still 3 and 4 feet deep, and numbers of frozen cattle were still caught in fences and snow drifts along the highway.

Dorcas S. S. Class Meets With Miss Adams

The Dorcas Sunday School class of the First Baptist Church met in the home of Miss Ethel Adams on Thursday evening with Mrs. R. E. Barker as co-hostess.

The president, Mrs. Lee Mitchell presided and led the opening prayer. Reports were given by the group leaders. Mrs. Rosa Taylor was chosen as class pal for the month of April.

Devotional theme, "peacemakers", taken from Christ's sermon on the Mount, was given by Mrs. Ralph Perkins. The closing prayer was said by Mrs. Luther Kirkpatrick.

Refreshments were served to Mmes. Perkins, Mitchell, Hugh Dawley, L. D. Tankersley, W. S. Adanson, Nettie Sudderth, Mary Crabb, L. Kirkpatrick, Mabel Williams, George Robinson, P. C. Long, and the hostesses.

PERSONALS

Mr. and Mrs. R. H. West visited with relatives in Odessa over the weekend.

Mrs. A. C. Thompson of Watts, Okla. is visiting her daughter and family, Mr. and Mrs. T. C. Weaver.

Mr. and Mrs. Clarence Forbe, Jr. and Mike of Fort Worth visited last week with Mr. and Mrs. Homer Wiesen.

Mr. and Mrs. W. J. VanBibber spent the weekend in Mineral Wells and Fort Worth.

Mr. and Mrs. Ben Basil and

Wednesday Night Activities At First Baptist

Wednesday evening activities at the First Baptist Church will include rehearsal for the Sanctuary Choir at 6:30. At 7:15 departmental officers will meet and the Sunday School lesson discussed. At 7:45, departmental officers will complete plans for next Sunday.

At 8:00 o'clock Youth officers will have charge of the services, with Jackie Neeley directing the music, accompanied by Charlotte Clark and Marinell Shockey. Associate pastor Wayne Jowers will direct the worship service, assisted by the Youth Choir.

The Carol Choir will meet earlier in the afternoon Wednesday, at 4:00 o'clock.

Youth Week At First Baptist Huge Success

Youth week at the First Baptist Church, which began last Sunday and continues through April 14, has started off to be a huge success, according to the Rev. Ralph Perkins, pastor.

Last Sunday all departments were staffed by youth officers who participated in the choir, announcements, offering, special songs, ushering and preaching at the night service. The pastor filled the pulpit Sunday morning.

The Lord's Supper was observed at the morning service and the ordinance of Baptism at the evening service. Due to an accident, the lights went out in the church and some 25 young people stood with lighted candles while eight candidates were baptized. The candles also furnished all the light there was for the remaining part of the evening service.

Youth officers were thrilled when a high attendance mark in Sunday School was set with 320 being present. Also a new mark for the year was set in the Training Union when 170 attended.

Jimmie Mae Miller presided at the Training Union. Charlotte Clark was at the organ and Marinell Shockey at the piano. Jackie Neeley directed the music and Wayne Jowers, associate youth pastor, presided during the worship period. Gerald Shockey delivered a splendid message on "The Crucifixion."

The same Youth officers will preside at all services April 14.

HOSPITAL NEWS

Mrs. L. D. Summers is a new patient in the West Texas Clinic.

New patients in the Ranger General Hospital are: Mrs. L. Hale, Ranger, medical; Ronald Obel, Ranger, medical; Sherry Nixon, Eastland, medical; John T. Johnson, Ranger, medical; Clifford Richardson, Eastland, medical; Mrs. Earl Garvin, Ranger, surgical; C. L. Fields, Eastland, medical; Mrs. P. Baker, Ranger, surgical.

Slaughter School League Winners Announced

The Slaughter Ward Elementary School attended the District Inter-scholastic League Saturday, April 6, at Sweetwater.

First place winners in Primary exhibits from Ranger were: Jimmy Battles, science poster; Wineford Lewis, English poster; Wanda Lewis, seasonal poster; Dwight Dunn and Fred McDonald, potato paintings; Wanda Lewis, greeting cards; Fred McDonald and Donald Ray Lewis, plaques.

Wineford Jane Lewis won first place in female instrumental solos. The Ranger students won first place for their centerpiece in homemaking and Arma Woodruff won first for her clothing poster. Third place winners were Dennis Holmes and Wineford Lewis for a one act play, and Donald and Wineford Lewis in Junior spelling.

Mrs. G. L. Washington is teacher at the Slaughter School.

WEEKEND GUESTS

Mr. and Mrs. W. A. Ervin and children of Herculio and Mr. and Mrs. Don Fyffe of Ft. Worth visited over the weekend with Mrs. Maurice Owen and Mr. and Mrs. J. H. Ervin.

Women's Activities

April 9 The Parent - Teacher Association of Young School will meet Tuesday, April 9 at 7:30 p.m. in the school auditorium.

April 10 The New Era Club will meet Wednesday, April 10, in the home of Mrs. Myrtle George with Mrs. Ruby Springer as co-hostess. Mrs. N. E. Landers will be leader. Mrs. C. E. Pruet will speak on Ceramics and Mrs. Audrey Kimbrell on China painting.

April 10 The Dutch Club will meet Wednesday morning at 8 in King's Cafe. All members are urged to be present and to bring a gift for a shut-in.

April 11 The Rho Pi Chapter of Beta Sigma Phi Sorority will meet with Mrs. Clara Landers Thursday, April 11, at 7:30. Inez Harrell will speak on "The Collector" and each member will tell of their most prized possession.

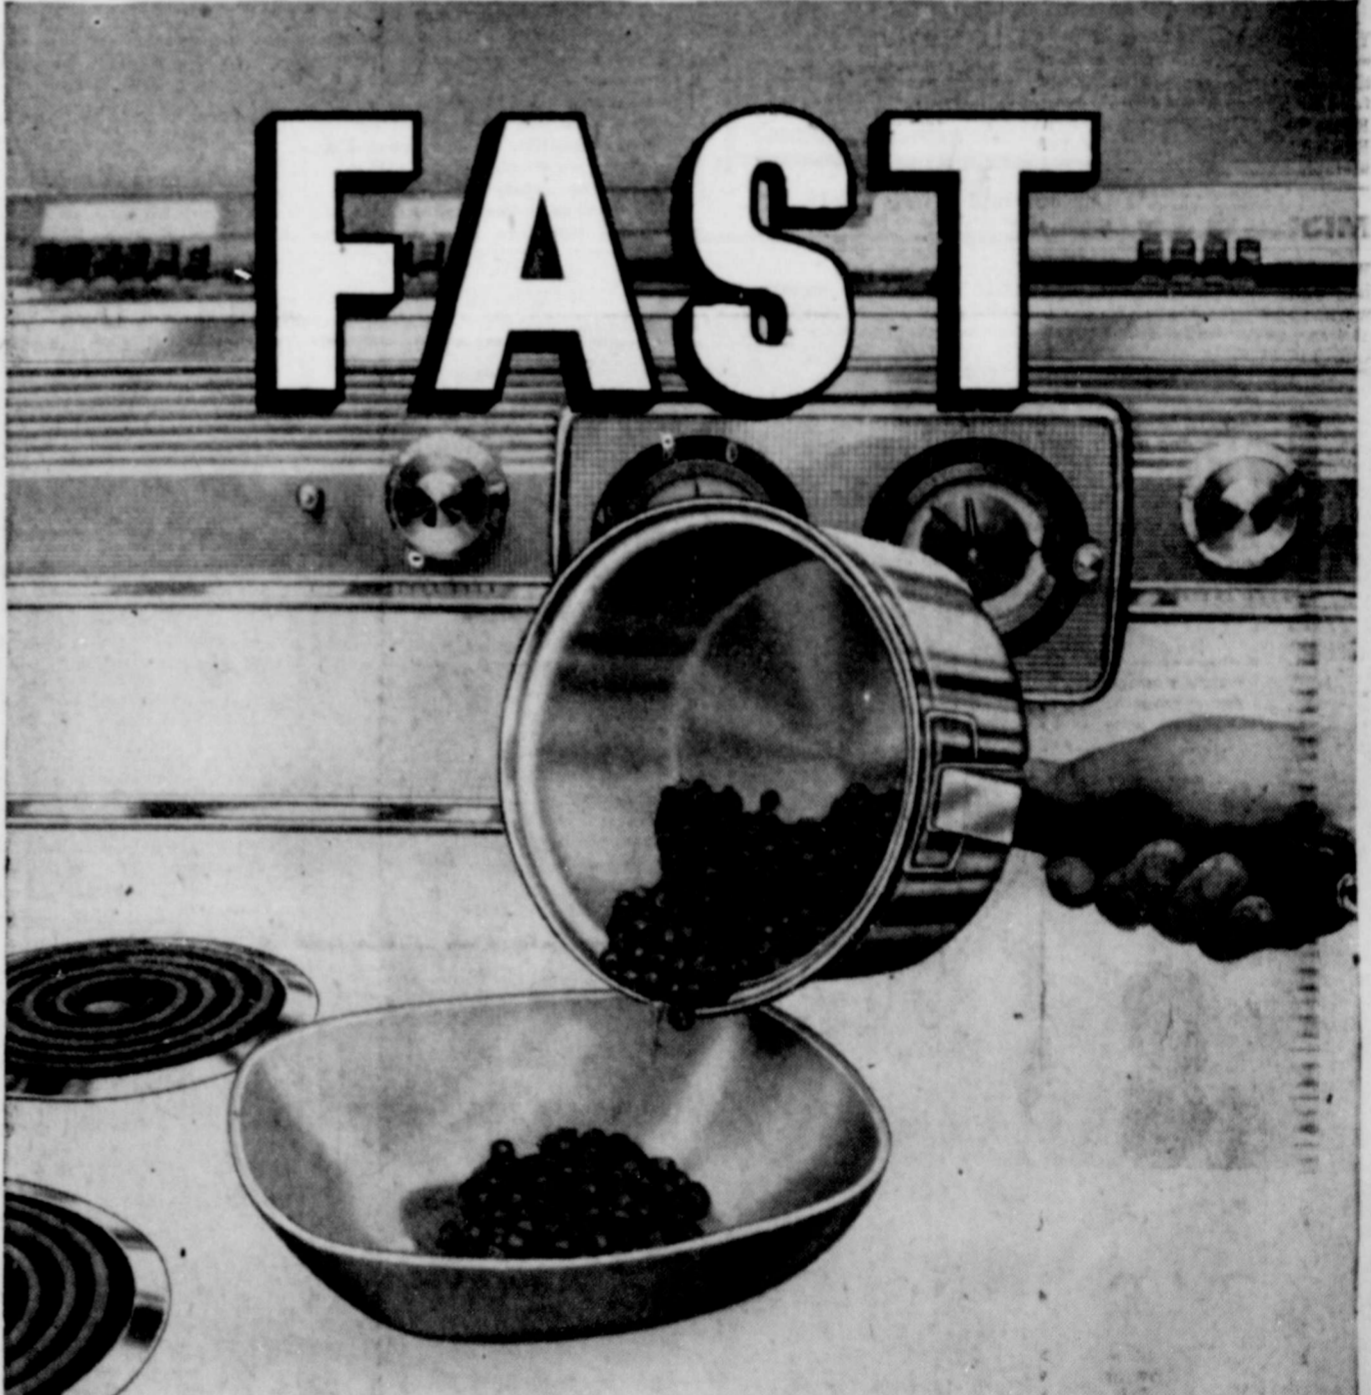

CRITICAL CONDITION

T. V. Wheeler is in critical condition in the Veteran's Hospital in Dallas, where he underwent surgery Monday.

What's the Use of an Abstract

... If it doesn't cure the title? is a fair question but may be misleading. The doctor worries little about a remedy if his patient is unconcerned and puts forth no effort to help himself. Like the X-Ray and its marvelous success in the medical field, the abstract reveals the condition of the title and places it in position to be cured or condemned. That explains why the landowners of the United States spent fifty million dollars for title information in 1955.

What's Cooking-

(Continued from Page One) day and hoped to finish the whole thing in one day, but they just barely did make a dent in what had been put out to be hauled.

That will give you some idea of how Ranger "Cleaned Up" and how the whole town cooperated in a project that has succeeded in making the place as "clean as a brand's tooth," and it is something else for which every individual in the city should get some more feathers in their hats.

It doesn't make any difference

what all or how much is said about that turkey meeting, a person couldn't say enough. It far surpassed anybody's wildest dreams from the standpoint of being a screaming success and you can bet your life that from now on, when anybody in the turkey business is looking around for a place to meet, and Ranger invites them to come over here, they are going to come. The Chamber of Commerce Committee functioned perfectly in staging this turkey meeting and the business men of Ranger are due a whole dozen feathers in their hats for the way they pitched in and helped out. In fact, they are the ones who made it by mak-

ing possible the turkey dinner that was the highlight of the day.

Another thing about that turkey meeting is the way Ranger Junior College performed. Over and over again the people of Ranger are asking more and more "What would we ever do if it were not for Ranger Junior College?" That school is priceless. Together with its facilities and its willingness to help, all the way from the president and faculty right on down through every student in the student body, Ranger has an asset which it should thank the Lord for every night when it goes to bed and again every morning when it gets up.

And speaking of Ranger Junior College, the people of Ranger deserve a lot more feathers (dangled if we're not all going to be so fastidiously out we'll strut ourself to death) for the patronage they gave the school's Second Annual Variety Show a few nights ago. The first time RJC had a variety show, they had 88 people present. This last time more than 250 people packed the house.

Elsewhere in today's paper is the Public Schools Honor Roll for the 4th Six Weeks Period. Now we have checked and re-checked this list of names a dozen different times, but we will tell you right now somebody is left out. So when you discover who it is, please phone us real gentle-like, and we'll make the necessary corrections.

Last week a member of the Jehovah's Witnesses religious organization called at our office and made an earnest plea for us to print a story about how Russia has persecuted the Witnesses in various parts of the world. The story purported to show that the Witnesses were not Communist, or else they would not be undergoing such persecution. We told our caller we would give the piece careful consideration in deciding whether or not to print it.

The Times is only a very small paper, dealing for the most part in local news that affects the City of Ranger and its citizens, and we have decided that since we have printed no stories about how Methodists or Baptists or Presbyterians or Catholics or members of the Jewish faith or others have been persecuted by the Communists, we see no reason why we should print a rather lengthy story on how the Witnesses have been persecuted. We are therefore omitting the

Unanimously Re-Elected Trustees

Gaston Dixon

W. J. Arterburn

Gaston Dixon and W. J. Arterburn were unanimously re-elected to the Board of Trustees of Ranger Independent School District in a trustee election held here Saturday. There wasn't a scratch nor a write-in according to election officials who said a total of 44 votes were cast in all. Dixon is secretary of the board, and Arterburn is vice-president.

story, not because of any animosity but for the reason given. We just haven't printed ANY stories on this subject concerning ANY religious group, and prefer not to print any at all since it is outside the field of our news coverage. We are sure our policy in this matter will be understood.

Cancer Crusade-

(Continued from Page 1) ement. And one of these days a cure will be found for it, the same as all other diseases have been conquered.

Cancer has no respect whatever for age, although it does occur more frequently after 40. However, according to the State Department of Health, cancer causes more deaths than any other natural cause in children between the ages of 9 and 12. More than 10,000 people die in Texas alone with cancer each year.

Every dime that can be contributed to the research program advances it that much farther, and regardless of how small a person's donation might be, thousands of such small donations go a long way in helping to win the final victory. Prepare now to give when the Cancer Crusade Workers call on you next Friday.

Trash Pick-Up-

(Continued from Page One) with the hauling.

For the use of both trucks and men, Clean-Up Day officials wish to thank T. C. Wylie of Ranger Peanut Company, James Ratliff of Ratliff Feed & Seed, Bob Gore of Elam Drilling Mud & Chemical Company, Lone Star Producing Company, Jess Cole, Buck Wallace, and Tip Arther, one of the county commissioners who furnished a truck and a man.

To homeowners who still have trash piles that have not been picked up, the committees ask that you be patient because they will be around Friday. In the meantime, if any more trash is found, pile it out there, and this goes for homeowners whose trashpiles have already been picked up. If you find anything else, put it out in the alleys and the trucks will get it Friday, everybody hopes. No plans have been made in case it rains all day Friday, but in that event the situation will have to be met when they get there.

IN BOWIE OVER WEEKEND

Mr. and Mrs. Alex Roberson spent the weekend in Bowie visiting their son, Dave Roberson and family.

What can we do...

as Individuals and as Business Men

to preserve our God-given rights and personal liberties?

... here are some of the things we can do to help preserve the rights and liberties which are so dear and vital to our economic well being.

1. We can start matching our words and deeds if we are sincere about preserving our free, competitive enterprise system.
2. We can resist the temptation to demand and accept federal funds for local and regional projects.
3. We can stop demanding more government services and benefits.
4. We can oppose socialistic schemes disguised as government aids, no matter how attractive they may be.
5. We can depend upon our own resources to provide local and community needs rather than upon the federal government.
6. We should recognize that the bounties and benefits received from the federal government come out of our personal incomes... and that the government is simply being generous with our money.
7. We can remind our associates and employes that the greatest volume of goods and services for the greatest number has come from our own free, competitive enterprise system.
8. We can help our friends, neighbors and fellow-workers understand that a planned economy is a socialistic economy, which destroys freedom of action and opportunity.
9. We can support economy in government, even if it affects pet projects in our own community.
10. We must recognize that there is no primrose path to easy money or to a more abundant life.

From *The Primrose Path* by W. G. Vollmer, President

TEXAS AND PACIFIC RAILWAY
