88TH YEAR

PRICE FIVE CENTS

A Small City with Big Industry - A Bright Spot for New Industry

RANGER, TEXAS, THURSDAY, AUGUST 1, 1957

By NORMAN WRIGHT
Talk about a guy who has a quillotine hanging over his head and suspended by one flimsy baby hair, that's Virgil Moore, the editor over at Eastland.

Moore recently made an Honorary Colonel of the State of Alabama for an editorial he wrote on Civil Rights Legislation that appeared in the Eastland Telegram.

The editorial was a fight against abolishing jury trials for people charged with violating Civil Rights Legislation, and was also a criticism of the backers of Civil Rights who said juries in the South were no good when it came to convicting Civil Rights violators.

If Moore doesn't walk the chalk line from now on, day and night, winter, summer, spring and fall, we're going to tell what we know about that editorial, which, we agree, was a darn good one.

Every now and then we run across something in some other newspaper that strikes us as being so very much worth while that we can't help but pass it on to others who might not have had an opportunity to see it.

The following appeared recently in the Jackson Daily News: "The 'yes men' in this world contribute but little to its up-building... It's the 'no men' who accomplish worthwhile things. 'No' is one of the shortest words in the English language, and one of the most meaningful. 'No' is the concentrated Declaration of Independence of the human soul."

Saying "No" at the proper time indicates you have courage in your heart and iron in your soul. "No" is the citadel of character, and can remain impregnable forever. "No" is the only path to reformation. If you want to quit a bad habit, no matter what it may be, you must learn to say "no" and mean it.

"No" is the steam-gauge of strength, the barometer of temperament, the infallible measure of moral force. "No" has saved more women than all the knights of chivalry. "No" has kept millions of young men from becoming thieves, drunkards, profligates and criminals of all kinds. "No" is the high wall that preserves the innocence of the innocent.

"No" is the thick wall of the home, keeping the father from folly, the wife from indiscretion, the boys from ruin and the girls from shame. "No" is the one word you can use when you can't think of anything else. "No" is a word that requires neither explanation nor (Continued On Page Eight)

Alwyn Lyon Dies In Oklahoma

Alwyn Lyon, whom many people in this area will remember as a former resident of Ranger, died in Oklahoma City Wednesday night after a long fight with cancer, it was learned here this morning.

Alwyn, who was in his 40's, was the son of the late Elmer Lyon and Mrs. Lyon, who is now Mrs. Leonard Beemer of Shawnee, Okla.

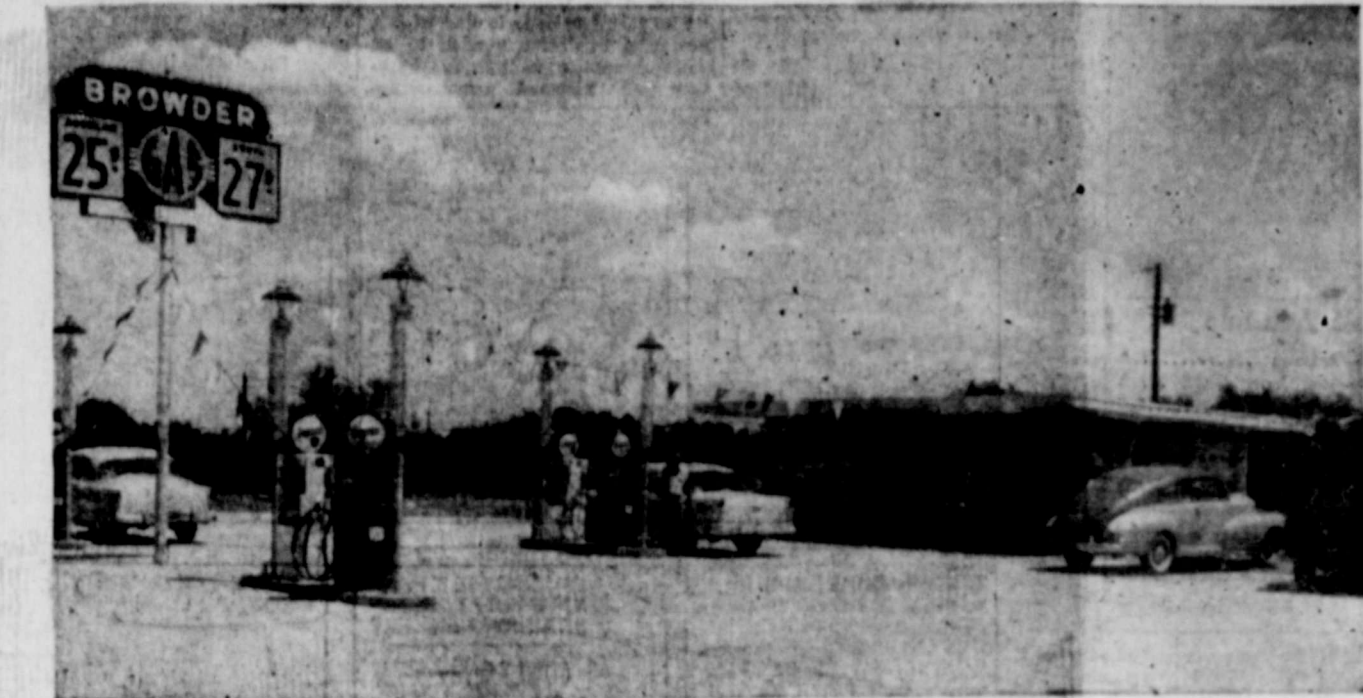

He is survived by his wife and four children in addition to his mother and also one sister, Mrs. Webb Clark of Orlando, Fla., and a brother, Gloyd Lyon, of Fort Smith, Ark.

Mr. and Mrs. Owen Hamilton of Ranger will attend the funeral which is to be held in Oklahoma City Friday afternoon.

Weather Reports

Partly cloudy, and hot Thursday and Friday with little change in temperature. High both days 95-100. Low Thursday night near 75.

ICE COLD
Comfort in three hours, installed in any car \$275—Automobile air conditioners.
Don Pierson Olds - Cadillac
Eastland

FORMAL OPENING will be held Friday and Saturday for the new Ogden Browder-Premier Service Station on Highway 80 East in Ranger. One of the biggest stations in Ranger, with a 200-foot concrete drive-way and six pumps, it is owned and operated by W. J. "Bill" Ogden, a resident of Ranger for the past 46 years, and former operator of Ogden's Steam Laundry. Special favors will be given to everyone attending the opening Friday and Saturday, in-

cluding two pounds of sugar with each five gallons of gasoline purchased. The new station will handle Premier gas and oil, together with all other popular brands of oil. The new station was built by Browder Oil Company, independent jobbers of Fort Worth, but is leased by Ogden, who owns all of the equipment. The station was built with Ranger labor and materials. Capps Studio Photo.

City Manager Quits At Breck Over City Taxes

Glen Doty, city manager at Breck, has resigned his position following a controversy over city tax increases. The resignation, which was to become effective Oct. 1, has been accepted by the City Commission and no successor has been announced.

Doty stated in his resignation that he felt it best for the interests of the community, since a large number of Breck citizens held a protest meeting recently against the city board of equalization.

Doty is the first and only city manager Breck has ever had, accepting the job there in 1954 when the city's new charter was adopted. He had been city manager at Alice before that time.

Lay-Away Purchases Pick Up As New Fall Goods Are Displayed

Many Ranger merchants all up and down Main Street report this week that Fall buying has already begun, especially in the Lay-Away category, since new fall merchandise of every description has started to arrive and is finding its way into show windows and on counters, shelves and racks.

Most of the early buying is in the field of ready-to-wear, especially school clothes. Many mothers know in advance what is needed and have learned that the easiest way to buy is the Lay-

away method where selections can be made from brand new, untouched stocks and where small payments can be made periodically without being missed, thus completing payment of their purchases by the time they are needed.

The Lay-Away method enables a customer to secure the things she needs, one merchant explained, without any big outlay of cash at any one time, or without creating a bill that has to be paid on the first of the month.

In addition to clothes for both schoolboys and schoolgirls, many items of ladies ready-to-wear including dresses, suits and coats are going into Lay-Away, merchants say. Blankets, bedding, fall dresses, and other items for general use in the home are also being selected now and placed on Lay-Away.

Some of the merchants are changing their windows over from summer to fall, and those who have not done so are planning to make the change next week.

At the same time most stores, especially the ready-to-wear and clothing stores, still have their summer clearance sales in progress, and that is one reason why great quantities of the new fall merchandise has not yet been put out.

Merchants point out that while August, one of the hottest months of the year, is still ahead of us, it will not be many days before touches of fall can be felt in the air, and that is usually the signal for fall and winter buying to begin in earnest.

School opening in Ranger is almost exactly one month off, as the opening day is Tuesday, September 3, Monday being Labor Day and a holiday.

Ranger Firemen To Enter Water Polo Contests

Members of the Eastland, Ranger, Cisco and Breckenridge fire departments will put on a show worth seeing Monday night in Eastland.

Beginning at 6:30 firemen from the four cities will compete in water polo contests. Water polo is played by using the force of water from a fire hose to push a ball around. Besides the ball, contestants also get pushed around a bit.

Eastland Fire Chief Billy Jack Johnson said the contests would be staged in the 400 block of North Lamar, at the corner of Lamar and Moss, which is one block west of Firemen's Field by the old Pipkin Grocery warehouse.

Chief Johnson said there are two men on each team. He said the events would be open to the public and invited all to attend.

W. J. "BILL" OGDEN
Station Owner-Operator

Ogden Invites Public to Service Station Opening

W. J. "Bill" Ogden, owner-operator of Ogden's new Browder-Premier Service Station on Highway 80 East, invites the public to the formal opening of the new station Friday and Saturday.

It is one of the biggest stations in Ranger because of the town's colorful and nation-wide reputation in connection with the oil industry.

Ogden, who has lived in Ranger for most of the past 46 years, is owner-operator of the station, having leased the building and premises, and having bought all the equipment. He will sell Premier gasoline, well known to this section of the country, and Premier oil, in addition to all other popular brands of oil. He will also handle a complete line of Armstrong tires.

In building the station, Browder Oil Company, independent jobbers, bought all the materials from Ranger suppliers and used Ranger labor for the entire job.

All visitors to the station on the two opening days, Friday and Saturday, will be given a bonus of two pounds of sugar with each five gallons of gasoline purchased. There will also be free cold drinks and other favors for everyone, it is said.

Lone Cedar Road Work Progresses

Work continues to progress on the road to Lone Cedar Crossing, however most of it is still centered on construction of the bridge across Colony Creek near the filtration plant. Most of the big machinery is located in that one spot.

Some work has been done toward cutting away the big hill which is seen as one enters the new road from Highway 80.

Temporary Appointment Comes Wednesday

Mrs. Ella White Named Acting Postmaster

Work on Teen Town Parking Lot Begins

All sorts of activity was going on around Teen Town this week as city manager Lester Crowley had the city grading crew leveling off

the parking lot area between the Teen Town building and the Community Club House.

Building of the parking lot is another project being sponsored by the Teen Town Mothers Club in order that Teen Towners and their parents may have a place to pull their cars off the street. Securing gravel or some other sort of covering for the parking lot is another problem that will have to be met when the time comes.

Also, the old building which is to be connected to Teen Town and converted into an annex has been moved from Bulldog Stadium and is now approximately in place at Teen Town. Workmen will begin preliminary construction of a foundation for the annex this week, and the foundation will be completed by Featherlight Corp., which is furnishing materials for the job.

Also on Tuesday night's play at the county seat, Eastland lost her second game of the tournament to the Brownwood American team, 12-5.

Wednesday night, the Brownwood National All-Stars blasted Cisco 12-0 to win the Area Tournament at Eastland, and will meet Merkel in the opening round of the District 4 tournament starting tonight in Abilene.

The annex is to be used to provide more room in the main building, and a part of it is to be converted into a kitchen to be used by the Mothers Club in preparing sandwiches and refreshments for special occasions.

Lawn mowing got behind at Teen Town this week when both power mowers broke down and had to be put into the shop.

Ranger All-Stars Fall Victim To Cisco In Finals

Ranger's Little League All-Stars who defeated Eastland in the first round playoffs in the Area tournament, fell victim to a red hot Cisco nine Tuesday night to the tune of 15-1.

Ranger's lone run came on a homer by losing pitcher David Lockwood.

Also in Tuesday night's play at the county seat, Eastland lost her second game of the tournament to the Brownwood American team, 12-5.

New Field House To Be Ready Before Aug. 25

The new field house at Bulldog Stadium is getting the finishing touches this week and will be ready for use when the 1957 edition of the Bulldog football team lines up for its first practice sessions on Aug. 26.

Interior painting was being done Wednesday, and work is being brought to a close as quickly as possible.

Supt. G. B. Rush said also that some repair work would have to be done on the visitors stands before the opening game. The seats on that side of the stadium require a lot of new lumber each year and will continue to be dead expense until more permanent type seats can be built.

The home side of the field is in excellent shape.

The turf on the Bulldog football field is in better shape than has ever been seen it, according to Coach Harold Barrett. The big rains really brought on a crop of grass, and it has been kept well watered since. The turf was getting a mowing Wednesday as the entire stadium was being put in shape for the season.

Teen Town To Elect Officers Thursday Night

Members of Teen Town will elect officers for the coming year tonight, Thursday, it is announced, and all members are urged to be present and take part in this important event.

A nominating committee consisting of four representatives of the 12-13 year age group and four representatives of the 14-17 year age group, has nominated a slate of officers, but it is stressed that nominations can be made from the floor for any other person that any member wishes to nominate.

Those named by the committee are: D. S. Deffebach, president; Wayne Jewers, 1st vice-president; Teddy Nowley, 2nd vice-president; Dawn Loper, secretary; Kay Hopper, treasurer; Gaye Ann Duskevich, reporter.

The biggest year in the history of Teen Town is in the making for the coming school year, and everyone is asked to come out tonight and help launch the new year with the election of the new officers.

In a move that came so swiftly it caught all the principals concerned off their feet, Postmaster General Arthur Summerfield named Mrs. Ella White acting postmaster at Ranger to succeed A. E. Crawley who turned in his application for retirement several months ago.

The notification was officially received Wednesday morning in a letter from Summerfield that was dated July 25.

W. A. Foster of Abilene, postal inspector, came to Ranger Wednesday to swear in the new acting postmaster, who took over her duties officially late Wednesday afternoon.

Crawley, who has been in the postal service for 34 years, and for 19 years as postmaster here, has been trying to retire for quite some time and has been waiting on a successor. He said he would be leaving the postoffice as soon as he could finish turning over the records to Mrs. White, which will be sometime before the end of the week.

Asked about his future plans Crawley said "I'll tell you all about them just as soon as Uncle Sam turns me completely loose." However, Crawley indicated that he plans to retire and take it easy for a long time—at least for the present, he said.

When Crawley first went into the postal service 34 years ago, J. F. Dreinhofner was postmaster, and Dreinhofner was the father of Mrs. White to whom Crawley is turning over the postmastership.

Mrs. White, faced with a swarm of details in taking over her new job, had nothing to say for the press. Wednesday except to say that she felt highly honored in receiving the appointment and she would put forth every effort to maintain the same fine service in the postoffice as has been maintained in the past.

REA Gets \$800,000 To Build More Lines

A telegram from Congressman Omar Burleson Wednesday morning stated the Rural Electrification Administration had just approved a loan of \$800,000 for the Comanche County Electric Cooperative Association to be used for the purpose of building 72 miles of distribution line which would serve 548 new customers.

The Comanche County Cooperative is the one that serves the rural districts throughout Eastland County, and it is understood that much of this money will be spent in Eastland County for the benefit of customers in this area.

The Comanche County Cooperative has long sought a loan by which to extend its lines to hundreds of prospective customers who have heretofore been unable to get electricity.

High School Principal Charlie Garrett said today "not all school students who did not register for courses last May should call him immediately. He said to call his residence phone, 215-J, since the phone in the high school office is temporarily disconnected.

The principal also said that any new students who are entering Ranger High School for the first time next September should call him at once and arrange for courses.

Principal Garrett also said if there are students who wish to change courses for which they registered last May, they, too, should get in touch with him at once. The new schedules are about to be made out and all of this information is needed to keep open confusion and conflicts in the schedule.

Rip Galloway Back Unofficially

Rip Galloway, manager of the Chamber of Commerce, is back in Ranger although he is still on his vacation which has about another week to go.

Mr. and Mrs. Galloway have been visiting their children in Tyler, and Rip returned home to take care of a matter of business. He said he was here, and available, but unofficially.

HOUSE GUESTS
Mrs. S. G. Aprendek and her daughter, Mrs. Bill Brazda of Dallas have been house guests of Dr. and Mrs. A. W. Brazda. Mrs. Aprendek returned home Wednesday. Mrs. Brazda will remain until the weekend.

Students Not Registered Must Call Principal

High School Principal Charlie Garrett said today "not all school students who did not register for courses last May should call him immediately. He said to call his residence phone, 215-J, since the phone in the high school office is temporarily disconnected.

The principal also said that any new students who are entering Ranger High School for the first time next September should call him at once and arrange for courses.

Principal Garrett also said if there are students who wish to change courses for which they registered last May, they, too, should get in touch with him at once. The new schedules are about to be made out and all of this information is needed to keep open confusion and conflicts in the schedule.

Tennis Courts, Club House Are Being Cleaned

A general clean-up, grass mowing and weed-cutting project was being carried out around the Community Club House and the tennis courts in the city park this week as workmen finally got in there with their power mowers and hand tools.

One workman was noted to have a big job on his hands attempting to dig up and remove the high grass and weeds that had grown up through the cracks on the concrete tennis courts. It was a hot job as the temperature is 103-degree temperature.

"Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

Mrs. A. M. Watsons, Okla., adds, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!"

Science offers women new freedom from much of the misery of change-of-life. Thanks to an amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone... and no costly injections!

Relief for 8 out of 10 tested! Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why. Unlike aspirin and such "general purpose" remedies, this new tablet is a unique combination of special medicine... acts directly on the cause of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this.

Now this amazing formula is at drugstores without prescription. Ask for "Lydia Pinkham's Tablets." Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again—without costly shots! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Blasting Caps Cause of Many Accidents

Blasting caps are sometimes lost or stolen and fall into the hands of boys and girls, thus scores of children are annually hurt in such accidents, J. O. Musick, General Manager of the Texas Safety Association, warned today.

"There is no such thing as 'playing' safely with a blasting cap," he said as he explained the danger.

Blasting caps are short, shiny, pencil-size cylinders, about one and a half inches long.

They are made of aluminum or copper, and often exposure to air and moisture will dull the metal tube. But, the sensitive explosive inside is still dangerous.

A blasting cap may or may not have a fuse-attached, or it may have plain or colored covered wires leading from one end.

The metal tube is loaded with a powerful explosive needed to explode dynamite in mining, highway and railroad construction,

clearing farm land and other jobs that can't be done without blasting.

"A child picking up a blasting cap is in deadly danger," Musick concluded, urging anyone finding a cap to report it to the police or some other law enforcement officer immediately. They know how to dispose of them safely.

The TSA Manager, who is preparing this safety drive at the request of the Institute of Makers of Explosives, has posters which show what the various kinds of caps look like. He will be glad to make them and other blasting cap safety material available to

schools, youth groups and others interested in protecting the lives of children.

Capps Studio

IT'S THE LAW

AGENCY LAW EXPLAINED
Suppose that you hire your neighbor's teen age son, Jimmy, to cut your grass, and he runs your new mower into another neighbor's hedge. The hedge is ruined. Are you responsible for the damages? Quite likely you are.

Or let us suppose that you find you need a loaf of bread for the evening meal. You ask a friend to take your car and run to the store for it. On the way, he runs down old Mr. Peabody, seriously injuring him. Can you be held responsible? It is possible that you can.

In both instances, an "agent" was acting for you. His acts while performing those duties are, in the eyes of the law, your acts. In legal terms, you are the "principal."

You may be liable despite the fact that you may have cautioned him to be extremely careful. The average individual expects to answer for his own actions. He does not usually consider that he may be responsible for the actions of other persons. That, however, is frequently the case.

Suppose you ask another person to do something for you, that is, to act as your agent. You may pay him, or he may be doing it without compensation.

You may ask him to buy or sell property for you. Or, his responsibility may be to negotiate an agreement for you with a third person.

If representatives or warranties are made by your agent in performing the task which you assigned to him, you are responsible. In a like manner, you are responsible for the contract made by him while he was acting for you.

You may be held responsible for the acts of a person who customarily represents you even though he entered into a contract for you without your consent or approval. For example, you may have a

partner in a business, and you and he have agreed that certain contracts shall be made only upon the signature of both of you.

Unknown to you and without your consent, your partner signs such a contract with a third person involving partnership business. If the person with whom this contract is made has no knowledge of the terms of your partnership agreement, you are responsible for the contract which your partner has made.

You may have agreed between you that neither of you would buy, without the other's consent, any items of merchandise costing more than \$50. You did not give this information to salesman who called on you. In your absence on a Thursday afternoon, your partner ordered merchandise for your store costing more than the \$50 limit.

When the merchandise is delivered, you can not refuse to accept it because you can be bound by the contract of your partner. This is true in many situations, and the salesman is not bound by your partnership agreement because you did not advise him of the \$50 limitation.

As the actions of your agent are considered to be your actions, you assume the responsibility of his doing them correctly.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Texas Pacific Coal and Oil Earnings Up

Directors of Texas Pacific Coal and Oil Company today declared a regular quarterly dividend of 25c per share, payable September 5 to shareholders of record August 9.

The company reported net income of \$1,880,931 on gross of \$6,398,322 for the quarter ending June 30, equal to 52c per share. This is 4c above second quarter earnings of 1956. Gross income for the first six months of 1957 was \$12,922,865, \$1,101,821 over 1956, with six months' net earnings of \$3,949,056, equal to \$1.10 per share, 5c ahead of last year.

"We are glad that our company could absorb the effects of continued cost increases in labor and materials and still increase earnings," said H. B. Fuqua, Board Chairman and President. "Crude oil prices today are only 15 per cent above 1947 levels. Hourly wage rates have increased 41 per cent since then, and oil field machinery generally is up 55 per cent. We face further problems of continued imports of foreign oil, and a certain reduction in production during the third quarter, 13-day allowables being set July and August.

"However, with recent discoveries and some more good prospects, we hope to be able to make our discovery rate commensurate for reductions in allowables."

RETURNS HOME
Mrs. Kitty Stephenson has returned from Odessa where she visited with her daughter, Mrs. Ora McCullen.

I GIVE YOU TEXAS

By BOYCE HOUSE

We moved away when I was little from the town in Arkansas here I was born. After I had grown up, I returned to edit the paper. J. P. Potter, who was in the rug business, had been justice of the peace and had performed the marriage ceremony for my parents. When I moved back to Fayetteville, he said, "I want you to have Sunday dinner with me" but he didn't name a day. Several weeks later, he said, "Next Sunday will be the fifth Sunday in February and I want you to come to dinner then and you will always remember what day it was that you had dinner at my home." And I do—Feb. 29, 1920. A fifth Sunday in February comes once in about 28 years.

Uncle Jasper declared: "Whenever I read about a preacher leaving the ministry to go into the real estate or some other business, I doubt that he was ever called to preach in the first place but just took it up until something more attractive turned up." When Sam Houston concluded

his speech before Congress when the matter of censuring him for naming a Congressman was pending, he was greeted by the foremost actor of his day, Junius Brutus Booth, with, "I yield my laurels to you."

Samuel Goldwyn, the movie producer, whose quaint expressions are almost as widely quoted as stories about Mae West used to be, is credited with having declared, concerning some proposition, "In two words—'im-possible!'"

Back in the mid-twenties when Eastland County political campaigns were really exciting, Elao Been was running for district judge. Been had lived in the country all his life. His opponent had come there just a few years

before, drawn by the oil boom. Been had gone to school, or taught school, or picked cotton in just about every rural box in the county. One morning, someone asked the other candidate, "How did you come out last night?" He replied, "Not so well—we spoke in another one of Elao's birthplaces."

It is hardly necessary to add that Elao was elected.

A SCOUT IS CLEAN, VERY
Boy Scouts at the National Jamboree at Valley Forge were among the cleanest in the world, reports Engineering News-Record, McGraw-Hill publication. Up to one-and-a-half million gallons of water a day were tapped from the Philadelphia water mains to keep the camp supplied.

Warden's Finish Panhandle Area Antelope Count

AUSTIN.—The total count of antelope in the Panhandle area of Texas this year showed a decrease over a similar count last year, but more bucks are present, according to the Director of Law Enforcement of the Texas Game and Fish Commission.

The count was made by Pilot Warden Frank Hamer, Jr. and biologist Bob Van Cleave. They flew 57 hours in making the check, and counted 1564 antelope. On a similar count last year Hamer checked 1822.

This showed a decrease of 299, with 205 antelope killed on the Panhandle hunt in 1956.

"In 1956 there were 563 bucks counted in the area," Hamer said. "There were 295 taken on the hunt, leaving 368. This year there were 419 adult buck antelope counted, giving a gain of 61 bucks since October of 1956."

The count showed 838 does and 307 fawns, all in good condition. Hamer believed many of the Texas antelope might have been driven across the line into New Mexico by recent aerial spraying for grasshoppers just prior to the count.

Prospects for a limited hunt this fall are promising at this time.

WORTH FOOD MART

Miss Melba Creager, Bride-Elect, Complimented In Brazda Home

A coffee honoring Melba presented them to Mrs. W. F. Creager, bride-elect of Drennon Creager, mother of the bride-elect, Daves was hosted in the home of Mrs. A. W. Brazda Saturday morning.

Assisting Mrs. Brazda as hostesses were: Mmes. Frank Deaton, Arthur Deffebach, Melvin Howe, Floyd Killingsworth, A. J. Ratliff, W. A. Robinson, J. L. Turner and C. I. Wolford.

WMU Meets for Bible Study

The WMU of the First Baptist Church met at 9:30 Tuesday morning at the church. The meeting opened with the singing of the hymn, "Have Faith in God."

Mrs. Rayneil Baze led the opening prayer which was followed with the group repeating the watchword, Habakkuk 2:14.

Mrs. Sammie Elder presided over the business meeting.

Mrs. Earle Pittman led the Bible study. Mrs. W. A. Reuver closed the meeting with prayer.

LIVING IN AUSTIN

Mrs. Elsie Breshers has moved from Ranger to Austin.

Miss Mary Alice Daves of Mineral Wells, sister of the bridegroom, and Mrs. Bill Brazda of Dallas assisted in the house party. Karen Killingsworth was at the registry.

The bridal colors of green and white were used in decorating entertaining rooms. White mums, gadiolus, agapanthus, carnations, and babies breath decorated the mantle and registry. Chartreuse spider mums arranged in a copper pitcher were used in the den.

The refreshment table was laid with a white cutwork linen cloth over light green organdy. White stock and silvered leather-leaf in a silver and crystal epergne centered the table and was flanked with white candles in silver candlesticks. Mmes. Deaton, Deffebach and Turner presided at the coffee service.

A large number of friends called during the morning.

Out-of-town guests attending were: Mrs. Curtis Mitchell, Palo Pinto, Mrs. J. C. Daves, Mineral Wells; Mrs. S. G. Oprendeck, Dallas and Mrs. Thomas Adkins, San Antonio.

MARCHING THROUGH TENNESSEE — The unusual sight of 175 soldiers on a five-day hike across a group of civilians. These paratroopers of the 161st Airborne Division at Fort Campbell, Ky., ended the 34-mile back-country march with a parachute drop out of Stewart Air Force Base.

Miss Genevieve Boswell, Thomas Moss, Jr., are Married In Austin

The marriage of Miss Genevieve Murrell Boswell to Thomas Whitefield Moss, Jr., was solemnized in a double ring ceremony Saturday evening in Harris Memorial Chapel of the University Methodist Church in Austin.

The nuptial rites were performed by Dr. Edmund Heinsohn. The bride is the daughter of Mrs. Grover C. Boswell, 1808 Forest Trail, and the late Dr. Boswell, formerly of Ranger. She holds a bachelor of arts degree from Texas Wesleyan College in Fort Worth and a master's degree from the University of Texas. In Austin she is a member of Theta Zeta Chapter of Beta Sigma Phi. She is a teacher at O. Henry Junior High School.

Mr. Moss is the son of Mr. and Mrs. Thomas Whitefield Moss of Waco. He holds a bachelor's degree from Baylor University and a master's degree from the University of Texas. He was a member of the Esquire Club at Baylor and was affiliated with Beta Alpha Psi at UT. He is securities examiner for the secretary of state in Austin.

Given in marriage by her brother-in-law, Dr. Joe B. Frantz of Austin, the bride wore a formal gown of magnolia bombazine and hand-drawn Alencon lace. The bodice featured a sabrina neckline outlined with scallops of lace re-embroidered with iridescent paillettes. The lace medallion motif also accented a panel down the front of the full skirt, which extended into a chapel length train.

Her fingertip veil of magnolia illusion fell from a tiny crown of pearlized orange blossoms. She carried white starlike roses and stephanotis showered with bouvardia. Her jewelry was an antique gold bracelet that belonged to her maternal grandmother, the late Mrs. W. M. Murrell, which is traditionally worn by all of the granddaughters in the family at their wedding.

As her only attendant, the bride's sister, Mrs. Frantz, was gowned in a dress of mauve lace over taffeta accented with pearl embroidered motifs. She carried a colonial bouquet of pink roses.

Ted Fair of Waco was best man. Ushers were Harry Keetch of Alice and David Doss of Houston.

Dr. and Mrs. Frantz were hosts for the wedding reception which was held in their home.

When Mr. and Mrs. Moss return from a wedding trip to Washington, D. C., they will reside at 1808 Forest Trail, Austin.

Among out of town relatives attending were the groom's parents from Waco; Mr. and Mrs. J. N. Boswell and son, Dan of Amarillo; Mr. and Mrs. J. L. Murrell of Plano; Mr. and Mrs. Marshall Morgan of Cleburne; Mrs. G. C. Murrell of Dallas; and Mrs. J. R. Graham of Seymour.

Pre-nuptial courtesies extended the bride included a tea given by Mrs. Robert Brooke; a luncheon by Miss Josie Champion; a tea in Ranger by Mesdames A. W. Brazda, W. F. Creager, Hal H. Husted, B. A. Tunnell and David L. Adams. The rehearsal dinner was given by Mr. and Mrs. L. Carroll Snyers in their home.

CARD OF THANKS

We wish to express our thanks for all the many kindnesses extended to us during the sickness and loss of our dear wife, mother and grandmother. May God bless each and everyone of you.

Ranger Couples Vacation In California

Mr. and Mrs. Norman Huffman and children, Terry and Cheryl, and Mr. and Mrs. Wendell Halbrooks and daughter, Sandra returned recently after a two-week vacation in California.

They went through Carlsbad Caverns first, then visited Juarez, Mexico and El Paso where they visited Mr. and Mrs. Raymond Langley.

In California the Halbrooks family visited Mr. and Mrs. S. B. West in San Bernardino and the Paul Greenhaws in San Diego while the Huffmans visited Mr. and Mrs. Jim B. Taylor and children in San Luis Obispo. A delightful day was spent touring Disneyland at Anaheim and Enott's Berry Farm near Los Angeles.

Along the coastal highway they visited several beach resorts including Santa Claus, California. On the return trip the group visited Las Vegas, Boulder Dam, Grand Canyon, Flagstaff, and Albuquerque.

Hospital News

New patients in the West Texas Clinic are: Mrs. Frank Castro, Ranger, Maril Lopez, Ranger, and W. J. Box, Strawn.

New patients in the Ranger General Hospital are: Phyllis Jane Hale, Ranger, surgical; Mrs. Walter Mace, Ranger, medical; Terry Sutton, Ranger, surgical.

Cooking for Two Has Problems

COLLEGE STATION — Cooking for two presents problems whether you are newly weds or alone after the grown family is gone. The problem of what-to-serve is complicated by leftovers that accumulate.

Advance planning is just as important when cooking for two as it is for a large family, according to extension foods and nutrition specialists. Plan the week's menus ahead of time, but make them flexible enough for changes. If you decide on the main course the rest of the meal falls easily into place. The Texas Food Standard is the recommended guide for meal planning.

Meat is usually the main item to consider. When possible, choose a meat that does double duty, such as a roast that can be served for Sunday dinner and used later in the week as cold roast beef slices for supper.

Space your menus well, so that you will not be eating the same kind of meat for three days in a row. Keep cooked meat covered tightly or wrap in waxed paper or foil and store in the refrigerator. Do not handle it again until you are ready to use it.

Desserts need not be a problem when preparing meals for two. Fruit and cheese, ice cream and sherbert are favorites and easily adaptable for meals for two. Individual pie shells and the already-cooked pie fillings on the market today may be the answer to dessert problems.

NEWS FROM DESDEMONA

Howard Williams has been in the Gorman Hospital and returned home Wednesday. He is reported as not doing any better.

There was a homecoming meeting held Friday night at the home of Mr. and Mrs. Moody B. Koone to plan the program for the Homecoming.

Calvin Williams of Burns, Ore. and Mr. and Mrs. Less Williams of Alice spent the weekend here at the bedside of their father, H. H. Williams, who has been quite ill with rheumatism.

Mr., Mrs. Milner To Celebrate 50th Anniversary

Mr. and Mrs. F. A. Milner will celebrate their golden wedding anniversary on Sunday, Aug. 4, with Open House in Ranger Junior College Cafeteria, it is announced.

This occasion is being sponsored by their children, and all friends who wish to call are invited to do so between the hours of 2 and 5 o'clock Sunday afternoon.

Mr. and Mrs. Milner were married in Crossville, Ala., and have eight living children, 16 grandchildren and two great-grandchildren. They have lived in Ranger for the past 17 years where Mr. Milner has been engaged in the carpenter trade.

VISITING MOTHER

Odel Stephenson from National City, California is visiting his mother, Mrs. Kitty Stephenson.

THREE-WHEEL APPEAL—Making its British bow is the sleek, three-wheel "Coronet," a tiny sports car featuring a lightweight plastic body with normal car suspension and control. Capable of speeds up to 60 miles an hour, the manufacturer says it'll get 30 miles to the gallon at a steady 30.

Newly Discovered Cave Is Now Great Wonder of Modern World

One of the great wonders of the modern world—a massive underground cathedral carved completely from salt—has been known to man only eight years but already is attracting more than 200,000 visitors annually.

The Cathedral of Our Lady of the Rosary, deep in an ancient salt mine near Bogota, Colombia, is less than seven hours from the U. S. on the Latin American routes of Braniff Airways. Larger than Notre Dame, its glistening gray salt walls will comfortably hold 5,000 worshippers.

The vast salt mine of Zipaquira is located thirty-two miles from Bogota near the village of Zipaquira. When the Spanish conquistadors first came to South America in the 16th century, the Indians showed them the mine, but there is historical evidence that Colombia's earliest peoples had worked the salt deposits for many centuries before.

houted against the dark gray of the salt crystal walls. To the right is a chapel where Mass is celebrated twice on Sundays and on Saturdays and Feast Days. In a niche on this altar is an image of Our Lady of Rosario, the patron of miners, in whose honor the cathedral was dedicated in 1950. There are nine other altars and innumerable shrines.

Soft fluorescent lighting playing on the natural salt crystal accents the beauty and depth of the giant chamber. Two great supporting columns are about thirty feet square and the nave approximately 73 feet high. The floor area of the Cathedral is more than 28,000 square feet and covered with a locally made ceramic tile. A pipe organ was flown from Italy in 1956 and assembled within the mine.

Farm and Ranch Taxes Up 10th Year In A Row

and ranch taxes in Texas have risen for 10 consecutive years and agricultural prices have declined for four consecutive years, almost doubling the tax load of Texas farmers and ranchmen during the 5-year period.

L. P. Gabbard of the Texas Agricultural Experiment Station and Tommy W. Smith of the Agricultural Research Service, USDA, who made the survey said that the average tax per acre on farm and ranch real estate in Texas last year was 31.8 cents, an increase of 8 cents, or 2.6 percent over 1956.

It is the highest average tax per acre yet reached in Texas, they pointed out.

While the average tax increased 2.6 percent for the state, it declined as much as 17.1 percent in some sections of the Rolling Plains, and increased as much as

22.4 percent in the Corpus Christi cotton producing area.

The distribution of farm real estate taxes to the various types of governmental units remains practically unchanged as public schools, including junior colleges, received 56.7 percent of the total.

Farm personal property tax declined slightly, probably because of declining prices for agricultural commodities and prolonged drought.

Areas in which the average tax per acre decreased are, for the most part, devoted to grazing. This may reflect the economic stress on ranchmen because of falling cattle prices and drought conditions.

Taxes have risen in Texas generally because of rising costs of local government. Property taxes are the main source of local government revenue, the economists concluded. Therefore, no relief is in sight for farmers and ranchmen, at least so long as property taxes are the primary sources of support of local government.

Aztec Rituals At State Fair

One of the world's most remarkable spectacles will be featured as a free attraction at the 1957 State Fair in Texas, Oct. 6-29.

The mysterious rituals of the Aztecs and Mayans of ancient Mexico will be faithfully recreated by actual descendants of those long-vanished races.

The Aztec-Mayan Spectacular will be presented twice daily on the Magnolia Stage, climaxed by the dangerous "ceremony of the flying pole."

This awe-inspiring ritual is performed by "The Birdmen of Teotihuacan." Dressed in feathered, birdlike costumes, these "flying Indians" climb to the top of a 100-foot pole. To the weird music of a flute and drum, the four fliers one by one go through an intricate dance on a tiny platform atop the pole.

They then leap into space, spinning head down, hanging by their heels from ropes wound around the pole. As they glide gracefully to earth, the ropes unwind in ever-widening circles.

Seldom seen outside a few remote villages in the jungles of Mexico, the strange ceremonial of the flying pole is among the oldest of the surviving native rites of that country, dating from the times before the Spanish Conquest.

Fliers are trained from the age of 4 for this daring feat.

The colorful dances of the Aztec-Mayan Spectacular are performed by a troupe of 20, attired in authentic costumes. In addition to the daily appearances on the Magnolia Stage, they will be featured in three big free Cotton Bowl shows during the fair. The first will be on Mexico Day, Oct. 7.

For the past several years, the state-owned Bank of the Republic has operated the mine. About eight years ago miners working in the deep tunnels came upon a great cavern. It was long and broad and high. Gigantic squarish columns, spaced in planned symmetry, perfectly balanced the high roof.

The cavern so resembled a cathedral that the people decided to establish a place of worship there. Work began in 1950 and more than \$200,000 has been spent to mold the existing wonder into a beautiful cathedral.

A visitor can either drive his car through one of the long twisting tunnels down to the cathedral or walk several hundred feet from another entrance. More than 50 miles of lighted tunnels zigzag through the known parts of the mine. In front of the cathedral is parking space for 200 cars.

From the grilled entrance gates, three naves stretch 400 feet to the altar area. The main altar is dominated by a large cross silhouette.

Atoms for Peace Display Set for Fair at Waco

"Atoms for Peace"—unique and elaborate display developed by the U. S. Atomic Energy Commission—will be a major feature of the Heart of Texas Fair in Waco, Sept. 28 through Oct. 4.

This amazing exhibit has been featured at several major expositions of the nation—for example, the recent Southeast American Exposition in Oklahoma City where it was viewed by many thousands. The exhibition will be free to all on the grounds.

The peaceful uses of atomic power are becoming of more and more importance and this new exhibit is designed to acquaint the general public with the effect of atomic energy on the world of today and its potentialities for the world of tomorrow.

One of the outstanding portions of the 82-panel display is an explanation, in simple terms, of what the components of the atom are, what a chain reaction is and how it is carried out, what radioisotopes are and how they are produced, and how these radioisotopes are used in the fields of medicine, agriculture, and industry.

No scientific background is necessary for visitors to understand this fascinating exposition of the growth of this amazing field of science. The graphic panel and "island" displays in the "Atoms for Peace" exhibit are readily comprehensible to school children and adults alike. By pushing a button, the spectator can see just how a chain reaction works; by pushing another button, he can operate a 16-foot model of an atomic energy plant for producing electricity; a third button activates a visual and audible explanation of the use of radioisotopes in plant-fertilization studies.

O. M. Neely, general manager of the fair, declares that the Waco exposition counts itself fortunate to be able to present so important, timely and educational attraction.

RETURNS HOME
Mrs. Melvin Howe and children of Dallas has returned home after visiting the past week with her parents, Dr. and Mrs. A. W. Brauda.

What's Cooking-

(Continued from Page One) apology. "No" is the mule power of the human mind. "No" is the word to say when you mean what you say and have the courage to stick to what you say.

The best rule of life is to live your own life. Make your own resolutions. Form your own program. Determine your own conduct. Plant around these a barricade composed of the word "no." Then nobody can push you around and nobody dare step on your toes. "No" is a mighty fine word—use it frequently.

Onous Dick, co-owner of the Times Publishing Company, and the man who looks after the Eastland Telegram end of the operation, got his months all mixed up this week. He suddenly got in a big hurry to get up a "Football Page" for the Opening Game on the 6th, when somebody around here said "Look, Dick, this is August, remember, NOT September." Dick was about to skip a month, brought on, no doubt, by his habit of skipping two or three holes on the golf course and thereby coming in with a lower score than his buddies who played all of them.

Ranger has many very fine service stations within the city and also on Highway 80, and all of them serve as our first line of stretcher and boosters for the city.

Ranger is proud to welcome a new one this week and the town extends its thanks to Browder Oil Company for its faith in the city and for the big investment it has made here.

Congratulations are also in order for Bill Ogden, who has leased the station and has become its owner-operator. The new station is located on Highway 80 East and a gala opening is being held Friday and Saturday. We suggest all of you go around and look the place over. Some money-saving deals are being offered for Opening Day, too.
