Bulldogs - Bluecats In 7-AA Title Clash

By NORMAN WRIGHT

It makes no difference what kind of speeches you hear coming out of Washington from now on as to why we don't have any Sputniks, or why we don't have any Inter-Continental Ballistic missiles, or why we don't have anything at all but the empty bag they left us holding, the plain, honest, unvarnished truth is that the Republican Administration, headed by Dwight David Eisenhower, who was too wonderful and perfect for anybody to say ought against, went sound asleep at the switch.

They were too busy giving away the taxpayers' money building pit toilets for the Ethiopians, or shipping guns to dictators like Tito to shoot back at our posteriors, or punching American school children in the rear ends with bayonets so as to please Nikita Khrushchev and Satchmo Armstrong, the Negro horn-tooter, to pay attention to what was going on in the world.

He was too wrapped up with his cronies at the Country Club, Dick Nixon was too busy taking these sightseeing trips around the world with his wife, or going around in this country preaching Twenty Years of Treason by the Democrats, Allen Dulles was too busy flying his little airplane from one nation's capital to another trying to give away more money, the Secretary of Defense was too busy trying to get his foot out of his mouth, our Ambassadors were all too busy running their factories back home making women's drawers, our high brass in the Pentagon was in a continual cat and dog fight among themselves, and our Supreme Court was too busy reading sociology books by members of the NAACP, to know what was going on and couldn't have seen it if the Washington Monument had toppled over on every one of them.

How many times have you, yourself, sat before your television screen and heard Senator Symington tell the nation on the "Meet the Press" program, and many others, that the Russians were millions of miles ahead of us in missile development and rocket development and every other kind of air force development?—just an example of dozens of others that were saying the same thing over and over again, and it made about as much ripple among members of the administration as a marble being flipped into the Atlantic Ocean.

Indeed, Secretary of Defense Wilson, in a desperate move for economy, junked almost every dime that was in the budget for rocket and satellite research and development. Only a few days ago did the new Secretary, Soapmaker Neil McElroy, restore the money.

And the administration didn't even ask for that money to begin with. From all appearances they still believed in foot soldiers and tanks because the rocket and missile and space program was barely considered in the record-breaking \$72 Billion budget. A watchful congress just happened to notice the oversight and appropriated the money and earmarked it for a missile program, and told the government to get to work.

PONTIAC'S PRENNIAL FAVORITE is this big, luxurious and exquisitely styled Star Chief four-door Catalina designed to make the heart of every motorist beat faster. Pontiac's new 1958 line consists of sixteen all-new models in four series and will go on display all over the nation on Saturday, Nov. 9. Bagwell Motors, Hwy 80 E. in Ranger will show several of the new Pontiacs Saturday and invites everyone to see the new automobiles at their showroom.

Bagwell Motors to Show '58 Pontiacs Here Saturday

Sixteen all-new models in four series — headed by a "dream car" series of two family sports-type cars — are presented by Pontiac in 1958, and many of the new cars will be shown in Ranger for the first time Saturday by Bagwell Motors, Hwy. 80 East, when Pontiac presents its new line to the nation.

A new body, new chassis, new "Tempest 395" V-8 engine, new optional equipment and a new

Eastland Schools Close For Flu

The public schools at Eastland finally gave up the ghost and closed for the flu after the final class Tuesday afternoon.

Supt. Wendell Siebert said they thought for a while they might be able to make it without closing this year, but when absences hit 160 Tuesday, with the list growing, it was decided not to try it any further.

The schools will reopen Monday if the situation gets better.

Walter Takes Oath as Civil Appeals Judge

Eaco Walter was sworn in at 4 p.m. Wednesday as associate justice of the Eleventh District Court of Civil Appeals, Eastland.

Judge Walter took the path of office in the Civil Appeals courtroom following the approval of his appointment by the State Senate Tuesday. He was appointed to fill a vacancy on the bench caused by the death of Judge Milburn Long.

A group of Eastland attorneys witnessed the ceremony. Judge Walter, a prominent Abilene attorney, joins Chief Justice Clyde Grissom and Associate Justice Cecil Collings on the appellate court.

Total Rainfall 3 1/2-In. In Ranger; Hail Also Falls

Total rainfall in Ranger now measures about 3 1/2 inches since it first started falling Sunday night and early Monday morning. The first measurement was .91 for the rain that fell Sunday night. Another 1.10 fell Monday and another 1-inch Tuesday and Wednesday, and another 1/2-inch Wednesday night and Thursday morning. None of it was needed at this time.

A light hail also fell in Ranger between midnight and day-light Thursday morning leaving the ground almost covered with small pellets.

Water was again running into Lake Leon from all streams, although not in overflow amounts at presstime today.

Anything Possible On Tricky Gridiron

The second place Ranger High School Bulldogs square off against the first place Coleman Bluecats for the Championship of District 7-AA here Friday night at Bulldog Stadium in one of the top schoolboy football games in the State of Texas.

In the event Ranger should win the game, the Bulldogs would represent District 7-AA in the playoffs regardless of how the Ranger-Winters game should come out a week from now.

There is no question but that the two top teams in District 7-AA are deadlocked for the championship, because neither team is where it is because of an accident or a fluke victory. Both the Bulldogs and the Bluecats have roundly outplayed their other District foes and are where they are because of all-around superiority. Coleman did win a victory from Winters by a forfeit, but it would have made no difference anyway.

Defending Champion Coleman, who bowed to Crane in the regionals last year 21-7, is the overwhelming favorite to repeat in District 7-AA and has been mentioned in some quarters as a strong candidate to take the state championship among AA teams this year. Sports writers not even in touch with the West Texas picture, such as those with the Dallas News, have mentioned Coleman as a strong state contender for the AA crown.

SPECIAL WRITERS TO COVER GAME

Since the game is for the District Championship, the Abilene Reporter-News has assigned special correspondents and photographers to cover the contest Friday night.

Fred Sanner, chief sports writer of the Abilene Reporter-News, sold out to Coleman long ago. Writing in the Reporter-News two months ago, Sanner said, on Sept. 3, "This is the District 7-AA favorite's role must be given to defending champion Coleman, with new Head Coach Paul Stewart's Ballinger Bears as the chief contender."

The dark horse mantle falls on the Winters Blizzards, with unusually weak Ranger figured to occupy the cellar. Cisco's young and eager beavers rate the nod for fourth place.

Thus speaketh the Sage of Abilene.

But since that time the Ranger Bulldogs have managed to win six victories and thereby score six upsets. Even their dearest friends and most ardent supporters didn't expect them to win a ball game.

But the Bulldogs have a wonderful ball club, capable of upsetting anybody, and it is certainly within their power to pull another one out of the bag Friday night.

The football field is going to be slick and tricky, that is already an established fact. A tricky field will cut down on the efficiency of both clubs, but it will probably affect the speed and footing of Coleman backs more than it will affect the passing of Ranger. The field sets up a condition where anything can happen and nobody in the world can predict the breaks in a football game and who will get them.

Ballinger is the last team played by either the Bulldogs or the Bluecats. Ranger beat the Bears 25-7, but the fact still stands that Ballinger gave back to Coleman.

About Camera At Bearcat Game

The Times reported Tuesday that two men, who said they were from Coleman, were in the stands taking moving pictures of the Ranger - Ballinger football game.

The Times did not, and does not imply the cameras were placed there officially by Coleman High School, although there is no law against it. The cameras fans could have been mere spectators. The Times doesn't know.

Football Sweetheart Of 26 Years Ago To Be Recrowned Friday

Do you remember who the Ranger High School Football Sweetheart for 1931 was?

Well, it was Mrs. Alla Rae Morris, that's who. At the time this big event took place she was Miss Alla Rae Kuykendall, daughter of Dr. and Mrs. P. M. Kuykendall.

And in a beautiful "Then and Now" ceremony at the Ranger-Coleman game Friday night, she's going to be re-crowned all over again prior to the crowning of the new Football Sweetheart for 1958.

This is going to be a dilly, too. Even a couple of members of the old 1931 football team are going to be on hand to do the re-crowning of their Old Sweetheart, and do you remember who they could be? Cy Landers and Stubby Wardon! They're going to be dressed

a couple of old football uniforms of that day and age, and you'll want to see!

Our research department hasn't come up with an answer yet whether or not football sweethearts were kissed in those days, along with the flowering and crowning, but the department has discovered that the custom is universally practiced everywhere in 1958.

To bring back the old times as accurately as possible, the sweetheart will be brought upon the field in an old model Chevrolet of 1928 vintage belonging to Anderson Chevrolet Company.

The Ranger High School Band will be divided into two bands, one with nine players representing the band of 1931. This old band will also have two majorettes and one drum major, all properly dressed in old uniforms, playing old tunes.

All of this ceremony will take place within a huge heart with an arrow running through it, formed by the modern, new High School Band.

After the old Sweetheart has been re-crowned, the new 1957 Sweetheart will be brought on the field in a new 1958 Pontiac, and her crowning will take place.

Twelve seniors in the band, who will be playing for their last home football game, will close the ceremonies by playing the school song. Those seniors include Bill Creager, Patsy Halliday, Mary Halton, Glenda Webb, Jackie Neeley, Don Deffebach, Jimmie Mae Miller, Don Wier, Tommy Walton, Ann Robinson, Dale Cox and Carol Sanders.

All of Ranger is invited to witness this colorful, entertaining ceremony in addition to the championship football game.

Rotarians See Postal Service Motion Picture

Members of the Ranger Rotary Club were entertained at their regular weekly meeting Wednesday with the showing of a film depicting the modern methods used in sorting Uncle Sam's mail in the postal service and delivering it all over the globe.

The film was presented by Mrs. Ella White, Ranger postmaster. The film was prepared by the postoffice department and is available for showing to all groups of people to better acquaint them with the U. S. Postal Service.

Barney Capshaw, organizer of the Amputee Ball Club that played Ranger Duds was a visitor in the Times office this week. He was trying to make arrangements for a baseball game with somebody.

No Hodges P-TA Carnival Tonight

As previously announced, there will be no Hodges P-TA Carnival in the Recreation Building tonight, as formerly scheduled. The event, which was to have been a Harvest Festival, had to be postponed on account of wide-spread illness, and will probably be held some time in the future, perhaps next spring.

Chest Drive Inches Toward \$4000 Mark

Like everything else the Community Chest Drive was slowed by bad weather in Ranger this week, and only \$34 has been turned in since the last report Tuesday, making a total raised to date of \$3,999.50. There is now, at least, less than \$1,000 to go with only \$931.50 being needed to make out the budget of \$4,840.

All Community Chest workers are asked to collect every penny they can get between now and Saturday, and turn in what they have to Mrs. H. E. Angus so that a new and up-to-date total can be made.

It is said that several workers have not made reports yet and it is felt that several dollars have been collected that do not yet show on the total. Mrs. Angus wants to make a new total by Saturday night.

When you really like us

You buy insurance because you're smart — not because you get a kick out of it at the time.

When we deliver an insurance policy, nobody ever says: "Oh boy, what a beautiful policy!"

But when somebody has a fire or a robbery or a lawsuit or a loss of some other kind, and we deliver a check from the insurance company —

— THAT is when people really like us. It happens frequently.

Bear with us when we try to get you to carry the insurance you should—but love us when we help you meet your loss. That's all we ask.

New Banana Mix Makes Spice Cake

Spice Cake, an all-time favorite, is even more delicious and certainly easier made with a new instant Banana Cake Mix. Try it!

Banana Spice Cake, Lemon Frosting
 1 package instant banana cake mix
 1 1/4 cups water
 2 eggs, unbeat

1/4 teaspoon cinnamon
 1/4 teaspoon nutmeg
 1/4 to 1/2 teaspoon cloves

Lemon Butter Frosting
 Place cake mix in mixing bowl; add water, eggs, and spices. Beat 2 minutes until smooth and creamy.
 Pour batter into 9 x 9 x 2-inch pan, which has been greased and floured on bottom and sides. Bake in moderate oven (350° F.) 40 to 45 minutes.
 Cool cake in pan, then spread with Lemon Butter Frosting.
Lemon Butter Frosting. Measure 2 cups sifted confectioners' sugar, Cream 1/4 cup butter; add dash of salt, part of sugar, blending well. Then add rest of sugar, alternately with about 2 1/2 tablespoons milk until of spreading consistency. Beat after each addition until smooth. Add 2 teaspoons lemon juice and 1/2 teaspoon grated lemon rind; blend well.

American Legion Auxiliary Meets Monday Night

The American Legion Auxiliary met at the Legion Hall Monday night, Nov. 4, for a regular meeting, with the president, Mrs. Howard Elwood, presiding.

Saturday, Nov. 9, will be Coppy Day, and all members are urged to volunteer to help with the sale. All proceeds from the sale will be used for disabled veterans, their families, and child welfare.

Monday night, Nov. 11, at 6:30 p.m. a supper will be held at the Legion Hall, in observance of Veteran's Day. All American Legion members and their families are invited and everyone is asked to bring a covered dish.

The meeting time has been changed to 7 p.m. The next meeting will be Nov. 18.

Pontiac-

oval, chromed, back-up lamp ports, and the simply styled trunk lid bears chrome handles on each side of the superbly fashioned name

In addition to the five-passenger Bonneville convertible and the sport coupe, Pontiac has for 1958, the Star Chief series consisting of two and four-door Catalinas, a four-door sedan with slim center

pillar, and a custom Safari station wagon. The Super Chief line includes two and four-door Catalinas and a slim pillar, four-door sedan. The Chief line is led by the convertible, new in this line; two and four-door Catalinas, two and four-door slim pillar sedans, and a two-seat and a three-seat, four-door station wagon.

A total of 21 solid colors and 58 recommended two-tone paint combinations are offered, some in the new acrylic lacquers, while interiors are color-matched in fabric and leather.

On 122" and 124" wheelbases, the new Pontiacs are as much as 4.5 inches lower in height, are 2.2 inches wider and as much as 8.7 inches longer overall. Passenger leg room has been increased by 4.5 inches, ample head room is retained and luggage space is enlarged.

A new sculptured instrument panel has key instruments grouped before the driver for quick, safe reading through the deeply recessed, two-spoke steering wheel. A non-glare instrument panel paint protects against glare.

Leading an exceptional parade of optional equipment for 1958 new cars is air ride suspension, new for passenger cars in the middle price range, which gives an ever-level ride regardless of load or road conditions. Pontiac's fuel injection, introduced last year, has been improved and tailored for the new, bigger engine. Super Hydra-Matic transmission, power brakes, power steering, power-operated windows, four-way power seat with a new "memo-matic" control device, which returns it to

a pre-selected setting, are other extras, as is a new "safeguard" speedometer, which buzzes when a set speed is exceeded; a new "safe-track" differential, which eliminates rear wheel slip; a new split front seat back lock to prevent seat tilt on sudden stops; a new door lock warning lamp, and a new combination car and portable transistorized radio.

Notable too, is the availability of radio rear seat speakers on convertibles as well as station wagons, a special decor option on Chief line models and a new adjustable inside sun visor. Clearly identified accessory controls are conveniently arranged on the instrument panel within easy reach.

What's Cooking-

(Continued from Page One)

Sound asleep under the Republican Party and Dwight D. Eisenhower, the administration went after it only half-heartedly, and so as not to hurt the feelings of some general or admiral, they decided to let the Army, Navy and Air Corps ALL have a crack at missile and rocket development.

In so doing, the government split the available scientists three ways and came up with nothing. Up to now, we haven't been able to even get a rocket off the ground, much less up into space and carrying a thousand pound satellite with something in it from this earth that lives and breathes.

While Russia had every scientist in the Soviet Union working on their one rocket, and every technician, and with every able concentrated on perfecting this one missile, and with all available labor under a crash program, working around the clock 24 hours a day, we had three rockets going, scientists keeping discoveries from each other, money split three ways, labor either on a five-day-week or on strike for more money, and inter-service jealousy keeping everybody's program full of monkey-wrenches.

But still we goofed away, and punched little kids in the rear end with bayonets and made pretty speeches, and told the folks they were better off than they had ever been before.

spent for the wrong war. If war should come tomorrow we're not prepared to fight it, because we're fixed up for the wrong one. We never did like Harry Truman.

very much, and if he had been president all this time we would no doubt be in some kind of a mess, somewhere, right now, but we wouldn't have been in THIS

kind of a mess. He would have known a little something about what was going on, there would have been some heads a-rolling, you can bet your last cent on that.
