Science Develops New Tablet:

Relieves Painful Monthly Cramps For 3 out of 4 Women Tested! Gives Greater Relief Than Aspirin!

New promise of relief from tortures of monthly cramps, nervous tension is found in an amazing new tablet! Developed especially to relieve this female discomfort, it offers greater relief than aspirin!

For 3 out of 4 tested by doctors, pain and cramps were stopped or strikingly relieved. Even on the first day, many had no nagging headaches, no backaches or other functional distress!

The new tablet contains a unique combination of medicines.

That's why it offers so much more relief than plain aspirin!
Acts on the cause of distress to calm uterine contractions. Also works through a woman's sympathetic nervous system.
Called "Lydia Pinkham's Tablets," they're sold at all drugstores. Easy to take, contain blood-building iron.
So don't suffer needlessly. Take Pinkham's Tablets yourself. See if you don't escape much irritability and discomfort—before and during your period!
