

# BULLDOGS NIP HAMILTON, 12 - 6

Ranger's Bulldogs advanced to the second round of the Class AA football playoffs Saturday night after bringing the Hamilton Dogs' missile back down to earth with a convincing 12-6 victory in neutral Tarrant State Stadium in Stephenville.

It was the first setback of the season for the highly rated Hamilton team, and the third amazing upset for the charges of Coach Harold Barrett. The Dogs thus added Hamilton to their string of heads which already contained Coleman and Ballinger scapes.

All eyes were on Fullback David Wharton as the show got underway, so Quarterback Lee King dialed a few other numbers to

come up with a winning combination. King sent Halfbacks Jerry Underwood and Jerry Basham crashing through the big Hamilton line on dive plays to rack up good yardage. Then, when the Hamilton team would begin to stop eyeing Wharton, King would turn him loose and Wharton would make all within seeing distance believe his best notices.

That was the story of the game, and the play, plus vicious tackling and blocking, was the key to Ranger's bi-district championship. As Norman Wright would have doubtlessly said had he lived to see the encounter, "It wasn't a fluke, the Dogs won it going away."

Three thousands fans watched

as both teams started an exchange of punts in the first quarter. Hamilton was forced to kick the first three times they got the ball and the Bulldogs had to punt the first two times they were on offense. But, as they say, the third time a charm.

Hamilton lost from their own 20 back to their 11 in three downs, then Quarterback Lyndon Williams, who shared honors with Fullback Hugh Davis for 116 yards, booted 38 yards to the 49. Wharton tucked in the ball on first down and streaked for the sideline in his familiar fashion. He made his cut and gave her the gas. His efforts got him 33 yards to the Hamilton 16 before he was

shoved out of bounds. King gave Wharton the call twice more and he moved the ball to the six, then

and Wolford's try was no good on the second try.

The Bulldogs held Hamilton for downs the next two times they got the ball, and Williams again had to punt from deep in his own territory. This time he got off a fine kick, booming it out to the Ranger 46. Wharton got two of first down then Basham dived for five more to the Hamilton 47. Underwood got the first down on a dive play to the other side of the line, moving the ball to the 42. King then hit Wolford with a perfect peg on the 44. Basham got the first this time with a four yard burst to the 29. Then King, on a beautiful keeper play, went to the 21. Underwood got four yards in

two tries to the 17, to again make it first and 10. One play was enough from there, however. Wharton again tucked in the ball and again headed for his sideline. Again he made his cut, and Underwood and Wolford both put down perfect blocks to get him around the corner. From that point Wharton faked two more men off their feet and went into the endzone with the winning tally. Wolford's placement kick was wide, the score, 12-6.

Hamilton scored the first time they got the ball in the third period, and it looked like they might have caught fire for awhile. The Hamilton Dogs moved the ball

from their own 42 for a touch-down in just six plays. Davis was the big gun in the drive. He picked up 34 of the yards on three runs. Williams completed two passes in the series to Sophomore End James Limmer. The first was good for 11 yards to the 18 and the second for 12 yards and the touchdown. Dennis Todd failed to convert, however, and Ranger kept a 12-6 lead.

That was all of it for Hamilton! From then on the Hamilton Dogs were busy trying to keep Ranger from clinching the victory with another touchdown. The Dogs drove to the Hamilton eight and 25 and allowed Hamilton to run only 18

more plays in the remainder of the game.

The Bulldogs were tough all the way across their line. Wayne Jowers played a bang-up game at left guard and Underwood ate them up on defense from his linebacker's slot. Boone Yarbrough got in on some key defensive plays, especially during the last half of play. Robert Yeale also played bang up ball before he was injured. Walter Hutchins, Ranger's center, spotted the Hamilton center 40 pounds, then pushed him around. And Tommy Ford teamed with David Russell to make things rough on the right side of the Ranger line.

88TH YEAR PRICE FIVE CENTS A Small City with Big Industry - A Bright Spot for New Industry RANGER, TEXAS, TUESDAY, NOVEMBER 26, 1957

### GUEST COLUMNIST

There has been many a pound of cotton hand-picked in Eastland County in days past, although most of the younger generation won't remember it.

All of it was hand-picked too. At that time no one would think of pulling cotton, or "stripping" it like they do on the Plains when it isn't machine-picked.

In 1908 Eastland County stood 7th in a long list of cotton-producing counties in the state. That year Eastland County had 15,000 bales that did a regular land-office business during cotton-picking season. This county's yield in cotton for the year mentioned was 53,931 bales at approximately 500 pounds to the bale. That's a good bit of cotton.

But that wasn't anything compared with what some of the big cotton producing counties of Texas gained. That year, Ellis County led the state in cotton production. Their ginnings amounted to the startling sum of 145,000 bales of the snowy white fabric. That's more cotton than a lot of the old cotton states, such as Virginia, for example produced in almost any given year.

Ellis County didn't run away with the banner crop of cotton though. Williamson County came through with a good crop too. Their yield there that year was 127,000 bales; McLennan County (Continued On Page Six.)

### Elmore H. Melton Funeral Services To Be Wednesday

Elmore H. Melton, a retired former, passed away Monday, November 25, in Almgordo, New Mexico. Mr. Melton had been a resident of Almgordo for the past 24 years.

He was born May 8, 1890 in Mississippi.

Funeral services will be at Killingsworth Funeral Chapel at 1:30 p.m. Wednesday, November 27, with Rev. K. C. Edmonds, pastor of the Eastside Baptist Church, officiating. Burial will be in Alameda Cemetery.

Survivors include his wife; one son, Henry Melton, of Almgordo; four brothers, V. G. Melton, of Almgordo, Luther of Odessa, Clifford of Lubbock, and Will of Cooldige, Texas; and two sisters, Mrs. Zula Walton and Mrs. Emma Green, both of Ranger.

### Senior Class Begins Annual Fund Raising

The Senior class of Ranger High School is beginning its annual fund raising candy sale. The bright colored candy sells for 50 cents a jar and makes an excellent Christmas gift.

Flavors include: banana, apricot, peppermint, blackberry, and cinnamon.

Anyone desiring a jar of the candy may contact Miss Marie Winston or Mrs. L. H. Hagaman. The proceeds will help pay for the senior trip.

**Weather Reports**

Fair and mild Tuesday and Wednesday. High both days near 70, low Tuesday night near 40.

### Snow Heaviest Since 1946 Here In Ranger

Five inches of snow blanketed Eastland County Sunday morning giving the area a "White Christmas" look a month in advance.

It was the heaviest snowfall since December, 1956, records show. That year the snow fell the last day of December and stayed on the ground for two weeks. This snow was a lot different. The snow came during the early hours Sunday morning and by 4 a.m. the ground was completely covered. The snowfall didn't last long, however. By this morning only a trace of the white stuff could still be seen.

In fact, the snow began melting before most people got up Sunday. A light sprinkle during the day helped to melt it. The snowfall itself was one of the wettest ever recorded, however. A total of 1.27 inches of moisture was realized.

The snowfall was the second of the year. A two inch snow fell Thursday night and Friday, but it lasted even a shorter time than the five inch snowfall did. Despite the snow's short duration, local snowmen builders had ample time to construct their masterpieces and a number of outstanding ones were seen around town.

The snow made oldtimers recall the 20-inch snowfall which came in January, 1924. As far as this newspaper's records are concerned, that was the heaviest snowfall ever here.

The moisture from the snow, added to total rainfall for the year, combine to make this the wettest year in the history of Eastland County.

land County. Rain records have been kept since 1911 here at no time before has 42.22 inches of moisture been recorded here. That was the official figure this morning.

The new record surpassed the 41.28 record of 1942 and the 40.23 inches of 1949. Those are the only other two years when as much as 40 inches has fallen.

For the year the county is now 16.39 inches above normal and for this time of year 18.20 inches above normal. That's more rain than the county even got last year when just 17.47 inches was recorded.

One farmer summed the situation up good, however, saying: "This is the wettest and the driest year ever. Wet at the wrong time and dry at the wrong time."

### Final Rites For Norman Wright Are Held Monday

Funeral services were held Monday at 2 p.m. in the First Baptist Church in Quitman for Norman Wright, editor of The Ranger Times.

Mr. Wright died Saturday morning at 10 following a heart attack suffered at his desk at the Times. He was born May 20, 1908 in Quitman.

Survivors include his wife and two children, Norman David, 15, and Esther, 11, of Arlington, and his mother of Winnsboro.

Mr. Wright had been in the newspaper business for the past 25 years, and had been associated with the Times Publishing Co., publishers of The Times and the Eastland Telegram, since 1954.

He was a member of the Lions Club and the Baptist Church and a former captain in military intelligence. The veteran newspaperman was an honor graduate of Baylor University.

Burial was in Quitman Cemetery.

### Transportation for Students Needed For Game Thurs.

Charles Garrett, principal of Ranger High School, today issued an appeal to citizens of Ranger to assist in transporting students to the Ranger-McCamey football game Thanksgiving Day.

Garrett said there will be a shortage of space in the buses provided for the occasion and many of the students will be disappointed if the local fans fail to step in and offer assistance.

"If any local Bulldog fans have room for students in their automobiles, they can make Thanksgiving Day brighter for students by calling telephone numbers 502 or 215-J," Garrett said.

### Dogs Whip Into Shape For McCamey Game

Ranger and McCamey squared off Thursday at 2 p.m. in McCamey in the rubber game of a three game series between the two schools.

Twice before the two teams have met in state playoff games. Ranger won the first game in 1955 and McCamey took the second one in 1955. Both of those were Class A quarter-final tilts. Local fans will best remember the 1953 encounter. It was played in McCamey in a blinding sandstorm. That's the year the Bulldogs

### Dogs Whip Into Shape For McCamey Game

marched on to the state championship. McCamey that year was generally rated as the hardest game for the Dogs.

Supt. G. B. Bush said that tickets on sale here sometime this afternoon. Three hundred duets were ordered, but had not arrived in time to place them on sale this morning. He said they would arrive this afternoon or Wednesday morning, however.

Ranger coaches were high on the Bulldogs following their upset victory over Hamilton. But the warning was out fast that McCamey is a hard team to cope with. The far-West-Texas eleven is strong on speed this year.

Robert Yeale, big Bulldog right tackle, suffered a leg injury in the Hamilton game. He was the only serious injury, however, and it is hoped that he will be ready to go Thursday.

### Pep Rally Tonight

A pep rally will be held Tuesday at 7:30 p.m. in front of the Gholson Hotel.

Another pep rally will be held Wednesday morning on the steps in front of the high school at 8:15, and the football players will leave immediately after. The band will leave at 3 a.m. Thursday.

## Hogtown's First Store Opened by Frank Roach

(Editor's Note: This is the 40th in a series of articles taken from the book, "History of Eastland County, Texas," written by Mrs. George Langston, 1504.)

Desdemona William and Iva Funderburg pre-empted the land on which Desdemona is built. The Funderburgs (who later sold their pre-emption to Bill Brown,) Lewis Ellison and Uncle Johnny Caruth were the first settlers of Hogtown.

Mr. Frank Roach, the first merchant building the boys lending a hand, which was dedicated with a dance the night of the first wedding in the new, old town. Willie Matthews and Miss Ella Parin, who were the contracting parties, were married at Tom Frasier's home, Mary Caruth "standing up" with them. After the ceremony the crowd, chaperoned by Lewis Ellison and wife, repaired to McTeechee's new store and danced all night.

The first school house, 18 by 20 feet, was built of hewed logs, with a log cut out at one end for a window. The benches were made by splitting trees in two—one of these with longer legs in front was put up by the window for a writing desk. Johnny Caruth

### Stores To Close for Holiday Here

The Retail Merchants Association of Ranger announced today that most downtown stores would be closed for the Thanksgiving holiday.

A few service stations and grocery stores along highway 50 will remain open to serve the public.

and Charlie Mitchell were paid \$0 to put up the house.

On the second Sunday in June, 1872, the Rev. Johnnie E. Northcutt, a Baptist minister, preached under the large Spanish oak shading the picturesque bridge which now spans the historic Hog Creek, at Desdemona, and kept up the appointments until September. He was then allowed the privilege of the log school house and organized Rockdale Church, with nine members, John Caruth, wife and daughter—Mrs. Mary N. Jackson, Aunt Sallie Robinson, Nancy Ellison, Jim Ellison and wife, John Cowen and Mrs. Sallie Ivy. Please Jones lived in the Hogtown community in a single log (Continued On Page Six.)

### Mrs. Ora Holder Attends Funeral Of Father Wed.

L. M. Williams, 82, a retired farmer, died at 2:15 p.m. Tuesday, Nov. 19 in his home in Hereford.

Funeral services were conducted at 3 p.m. Wednesday in the Hereford Assembly of God church. The Rev. W. Marcontell officiated and burial was in West Park Cemetery with arrangements by Gilliland Funeral Home.

Mr. Williams was married to Miss Alice Hamilton March 7, 1895, in Austin, and they moved to Deaf Smith County in 1924 from Ranger. He was a member of the Assembly of God Church.

He is survived by his wife; three sons, Jim A. of Clovis, Vernon and L. H. Williams, both of Hereford; four daughters, Mrs. Ora Holder of Ranger, Mrs. Florence Coffey of Mobeetie, Mrs. Eunice Ware of Bentonville, Ark., and Mrs. Estelle Burdell of Hereford; one brother, Lee Williams, three sisters, Mrs. Minnie Ingram of Stockton, Calif., Mrs. Callie Hamilton of Wichita Falls and Mrs. Jennie Ingram of Borger; eight grandchildren and four great-grandchildren.

### Funeral Services Held Monday for Mrs. Haden Neal

Mrs. Haden Neal, 81, died at 9:17 a.m. Sunday in a Ranger hospital. She had lived near Ranger for 66 years.

Mrs. Neal was born January 2, 1876 in DeKalb, Miss. Her maiden name was Julia Antonette Duncann. She married Mr. Neal in January, 1887, in Ranger. They had lived in the Winsett Springs Road east of Ranger for many years.

Services were held at 2:30 p.m. Monday in the Killingsworth Funeral Home Chapel with the Rev. Ralph E. Perkins officiating. Burial was in Ranger Pioneer Cemetery.

Mrs. Neal was a member of the First Baptist Church.

Survivors include her husband; two daughters, Mrs. Lillian N. Eastland of Ranger, and Mrs. Herman Stroud of Ranger; one son, Fredey K. Neal of Fort Worth; one brother, A. E. Duncann, Ft. Worth; two sisters, Mrs. Virginia Gholson of Ft. Worth and Mrs. Grady Wilson of Fort Worth; four grandchildren, Mrs. Frances Smith, Haden Eastland, and Bobby Kay Neal, all of Fort Worth, a son Katherine Stroud of Ranger, and four great-grandchildren, Neal Smith, Gary Smith, Thores Smith, and Haden Edward Eastland, Jr., all of Fort Worth.

pallbearers were George H. Robinson, James Ratliff, John H. Tibbels, V. V. Cooper, Jr., Lloyd Bruce, Morris Newnam, and E. E. Blackwell.

### Olden Boys and Girls Basketball Games Tonight

Olden's girls and boys will see action tonight in a basketball doubleheader in Olden.

The girls play at 7 p.m. and the boys game starts immediately after that tilt. Both will be playing teams from Santa.

The Hornets have been developing fast in the past few weeks and Coach Gene Woods is beginning to get his team playing together. The Hornets are paced by two outstanding boys, Jack Hilliard and Eddie Murin.

AT TEXAS ELECTRIC BANQUET — Texas Electric Service Co.'s 10th annual Quarter Century Club banquet was as successful as the other nine have been. This year the banquet was held in the Ranger National Guard armory. Officials of the company, including J. B. Thomas,

president, are seated at the speakers tables. Directly below them are the 31 members of the Quarter Century Club from the Eastland District, and their wives or guests. All employees of the company, and a guest, are invited to attend the banquet each year. As the picture reveals,

most of them were on hand last week when the banquet was held. Speaker for the banquet was Leonard E. Reed, president of the Foundation for Economic Education, Inc. He spoke on the subject, "What You Can Do About It."

 Eastland, (Abstracting since 1923) Texas

DAVID F. SOULES, candidate for the Ph.D. in Immunology at Wadley Research Institute in Dallas, demonstrates the Institute's newly acquired Spino Analytical and Preparative Ultracentrifuge. One of 275 such machines in existence, the Ultracentrifuge is used for the separation of various components of the blood and for determination of molecular weights. The powerful machine, which is capable of 70,000 rpm, offers new techniques in the study of leukemia and cancer of the blood. Wadley is the first private institution in northeastern Texas to acquire the Ultracentrifuge.

## Wadley Blood Bank Expands Research

Dr. Joseph M. Hill, head of the Wadley Research Institute and Blood Bank in Dallas, has announced the recent purchase of a Spino Analytical and Preparative Ultracentrifuge to further scientific research at the Institute. Purchase of the costly machine, the 275th in existence, was made possible by a gift from Mr. and Mrs. Harry E. Spencer of Irving, Texas. The Ultracentrifuge, which offers a new method for the separation of very small materials, is the only such machine in the Dallas-Fort Worth area.

In addition to its medical research value in the separation of various components of the blood, the Ultracentrifuge will be used by scientists at Wadley for the determination of molecular weights. Dr. Hill said the machine would offer "new approaches and techniques" in the study of leukemia and cancer of the blood and would help go identify the properties which are yet to be seen.

The Ultracentrifuge, which may well become a great aid in the development of new therapies, was designed by Dr. E. G. Pickels. It offers a means for driving various rotors at constant speeds up to 70,000 rpm (the average automobile develops 4,000 to 5,000 rpm). The powerful machine is equipped with preparative and analytical rotors, a refrigeration system for keeping the rotors at reduced temperature and two cameras for the provision of visual study of the blood's components, while spinning at this terrific speed.

The Wadley Research Institute and Blood Bank, founded in 1951 by Mr. and Mrs. J. K. Wadley of Texarkana, has initiated much advanced research into the challenging problems of leukemia and cancer of the blood. Also, the non-profit institution has set remarkable paces in the fields of service and teaching. As a division of Baylor University's Graduate School, Wadley now awards both the Master's degree and the Ph.D.

Dr. Hill said that all of the research departments at the Institute would be able to take advantage of the new Ultracentrifuge. The departments of research include bacteriology, immunology, hematology, cytology, chemistry and genetics.

About half of the Ultracentrifuges in existence are being used in the study of Atherosclerosis (hardening of the arteries). Another fourth are used in the determining of homogeneity and heterogeneity, while the remaining Ultracentrifuges are used for the separation of various components of the blood and for the determination of molecular weights.

It is believed that this powerful machine, which can attain centrifugal forces of 250,000 times gravity, will be of great value in the finding of differences in the materials extracted from the blood cells of the leukemia patient as compared to those of the normal human being.

## Carbon School News

By LINDA COLLINS  
Telegram School Reporter

This week is almost over and I think most of us will be glad to see it end because this is the week for six week's test. Hope all passed.

Our football game Thursday night did not turn out so well. We lost 7-14. But we are still proud of our boys and I think we had a pretty good season. Ronald Oshok and James Wyatt are the ones who made the touchdowns.

This was our last football game of the season and basketball season has already made its entry. The first basketball was played Friday night at Gustin. The girls had a victory of 52-48 and the boys lost with the score of 42-39. It was a couple of good ballgames.

They also played Tuesday night at Desdemona but at the time of this writing the score was not known. The first home game will be Friday night at 7 p.m. Carbon girls (only) will play DeLeon girls. Admission will be 35c for adults and 25c for students.

In case you would like to see a few of Carbon basketball games here is the schedule for the year: Nov. 22, DeLeon (girls only); here; Nov. 26, May, there; Nov. 28, 29 and 30, Desdemona tournament; Dec. 3, Brooks Smith, here; Dec. 6, Desdemona, here; Dec. 10, Brooks Smith, there; Dec. 12, 13 and 14, Carbon Tournament; Dec. 17, Bangs, here; Dec. 20, Gordon, there; Dec. 21, Gustin, here; Jan. 2, 3 and 4 Olden tournament; Jan. 7 Gordon, here; Jan. 10, Bangs, there; Jan. 14, Jan. 24, Strawn, here; Jan. 31, Olden, here; Feb. 4 Gorman, here; Conference games will begin on 11, Strawn, here.

### Shower Honors Recent Bride Friday Evening

Mrs. Gene Ashcraft, a recent bride, was complimented with a bridal shower at the home of Mrs. Joe Weekes Friday evening, November 22, from 7:30 until 9:30. Hostesses with Mrs. Weekes were Misses D. C. Arterburn, H. M. Bagwell, and Miss Gaynell Loper. Miss Carolyn Reed registered the guests in the bride's book. Miss Glenda Webb presided at the silver coffee service.

The dining table was laid with a lace cloth over yellow, and centered with an arrangement of yellow mums, yellow gladioluses, and silver leaves around a heart shaped, ruffled net arch, with silver glittered love birds and wedding bells hanging from the arch. The entire arrangement revolved on a turn table.

Mrs. Arterburn served the cake squares which were iced in white with a yellow spun sugar rose in the center of each. Nuts and pastel mints were also on the table. White napkins with Gene and Charlotte printed in Gold were used.

Gifts were displayed in the bedroom. Among the fifty guests calling during the evening were the bridegroom's parents, Mr. and Mrs. P. L. Ashcraft of Clifton, Texas.

### Pastor Announces Prayer Services For Wed. Night

A quartet, composed of Mr. and Mrs. Jesse Sutton, Miss Sue Watson, and J. C. Price, will present special music at the mid-week services of the First Baptist Church. The quartet will sing, "We Gather Together."

The service will begin at 8 p.m. in the main auditorium.

### Dogpatch Was Never Like This

DAISY YORKIM would faint dead away if she saw Daisy Mae decked out in this quarter million dollar diamond and palladium ensemble by famed jewelry designer Lucien Piccard. But strange as it seems it is "Daisy Mae" - the Daisy Mae, that is, of the Broadway musical hit "Li'l Abner" who is Edith Adams off the stage. The Lucien Piccard choker pendant is valued at \$100,000 with 452 diamonds set in palladium. The wrist watch Miss Adams is wearing is a "conversation piece" which has a 5-carat heart shaped diamond for a crystal. The diamonds in all these striking pieces are set in gleaming white palladium which is favored by designers because it brings out the fire of the diamonds while holding them securely.

### HOME MAKERS Views and News

Editor: Elizabeth Snow Ann. Editor: Ann Snow Ann.

The column today will feature briefs on foods and nutrition. In adding a special touch to a meal, Quick loaf breads add energy and interest to meals—delicious served hot, in sandwiches, or as toast for breakfast. To make tasty banana nut, prune, or peanut butter bread, get a copy of Extension Bulletin, "Quick Loaf Breads," from the agents' office.

Try new garnishes for soup... Everyday food items which make unusual soup garnishes are thin strips of canned pimiento, paper thin slices of lemon, orange or lime, slices of stuffed olive, or grated or crumbled cheese. Whipped cream with a dash of horseradish is good with some types of soups. With tomato soup, try popped corn.

Eating tossed green salads is an easy way to "take" vitamins and minerals. Dark green and yellow vegetables are excellent sources of vitamin A. High on this list of vegetables are fresh cabbage and other salad greens, carrots, asparagus, broccoli and green peppers.

Left over cooked vegetables can be put to good use by adding them to salads. Green beans, beet, cauliflower, broccoli, English peas and other cooked vegetables taste better in salads than they do warmed over. For extra flavor marinate cooked vegetables in French dressing.

For universal taste appeal, for economy, excellent nutrition, and ease in preparation, tuna fish has few equals. No wonder most homemakers keep pantry shelves well stocked with cans of tuna... ready for any emergency, for unexpected company, or for just the daily routine feeding.

Bananas accent baked ham... Here's a banana sauce that, served with hot or cold ham, will raise your first-class compliments. And it's quick as can be to make, too! First, mash 2 ripe bananas until smooth. Add 2/3 cup mayonnaise 1 teaspoon salt, 1 teaspoon prepared mustard, 1 tablespoon horseradish and 2 teaspoons chopped parsley. Mix well—and you'll have a festive accompaniment worthy of acquaintance with any ham. This recipe makes 1 to 1 1/2 cups sauce.

Do you feel your family is too small for a big Thanksgiving turkey? Try half or a quarter turkey this year. It will cut down roasting time and you won't have the problem of leftovers. Here are the directions for roasting a half or quarter turkey. The tail and leg of half turkey together. Place bird cut side up. Sew loose skin at neck to form a pocket. Rub body cavity with salt and then stuff. Use your favorite kind, and pile loosely inside cavity. Cut heavy paper or aluminum foil and lay over stuffing. Lace across, catching skin on each side. Or mound stuffing on heavy paper or aluminum foil on rack and place bird over stuffing. Rub skin with fat. Roast at 300 degrees in the same way as for a whole turkey except the half is not turned. Use turkey often. Prepare it in different ways. It adds variety and good nutrition.

Wild game should be cooked according to the type of cut and size of the animal. Standard methods of cooking beef and lamb are successful for venison and antelope. For tender cuts, such as loin and shoulder, use dry heat. Season the meat with salt and pepper and place on a rack in an uncovered pan, fat side up. Do not add water and do not cover. Extra fat, such as bacon may be added to venison or elk. Roast in a slow oven, 300-350 degrees F. allowing 25 to 30 minutes per pound. If the meat is frozen, a longer time will be needed for cooking.

When frying game meat, first heat the frying pan until it is sizzling hot. Brown both sides of the meat, turning only once. Season when ready to turn. For thick steaks or chops, reduce heat after browning to finish cooking. Insert a rack under the meat to prevent over-cooking the meat next to the pan. Steaks, chops or ground meat patties may be broiled on a hot, greased broiler rack about 3 inches from the heat. If the meat is very lean, brush with fat. When it is brown enough, season a second time. Reduce the heat and cook until done. Less tender cuts, such as flank, round, rump, or short ribs, can be made tasty by braising. The first step by this method is to brown the meat slowly on all sides in a heavy utensil. Then season with salt, pepper, herbs, spices, or vegetables. Add a little liquid in the form of water, soup stock, vegetable juice, or sour cream. Cover closely and cook at a low temperature until tender. Cooking it may be done on top of the range or in a slow oven at not over 300 degrees F. Proper seasoning for wild game

is most important, especially if the "gamey" taste of meat is not relished. Bay leaves, thyme, marjoram, savory, parsley, chives, green pepper, celery and onion tops, garlic, cloves, sage, allspice, tomatoes, ketchup, fresh dill leaves, sliced oranges, apples, and Worcestershire sauce are a few suggestions. Basting wild game with pickle juice, tomato juice, orange, lemon or grapefruit juice or sour cream enhances its flavor.

Tip Of The Week To get rid of musty odors in your house, keep it well heated and dried. If the odor persists, chloride of lime is an effective deodorant and disinfectant to use. Sprinkle the material on papers placed on the floor and let stay until air in the room is dry.

### Joint Thanksgiving Service Is Held At First Baptist

The Annual Thanksgiving service sponsored by the Ranger Ministerial Alliance, was held in the First Baptist Church Sunday evening. Approximately 500 persons were present.

The combined choirs did a beautiful rendition of their special numbers. Rev. James Ellison, pastor of the First Methodist, brought the message. Each part of the service was well presented and received. The offering was \$142.18.

Thanks for the Thanksgiving offering, and may the Lord richly bless you and your gift," said a spokesman for the Ministerial Alliance.

### Hospital News

Norman Richardson, Ranger, is a new patient in the West Texas Clinic.

New patients in the Ranger General Hospital are: Mrs. W. G. Mayo, Gordon, medical; Mrs. Capella Woods, Ranger, surgical; O. W. Jackson, Gordon, medical; Mrs. R. O. Buckley, Abilene, surgical; Mrs. O. H. Dick, England, medical; Carolyn Jones, Ranger, surgical; Mrs. Mollie Alsbrook, Eastland, medical; and C. L. Price, Casco, medical.

### Women's Activities

November 25 The Child Welfare Club will meet Tuesday, Nov. 26 at 3:00 p.m. in the Girls' Dormitory at Ranger College. Mrs. Frances Jameson will be the hostess.

Plans will be made and committees will be named for the packing of Christmas baskets. There will be a corrugated box placed in the Chamber of Commerce, and anyone having any good used toys is asked to put them in the box, and they will be given to needy families at Christmas.

November 26 The New Era Club will meet Tuesday, November 26, for a Thanksgiving dinner. Mrs. Myrtle George will be hostess.

I catch 'em before they come

I'm a trouble expert. As an insurance man, I've seen hundreds of cases of trouble prevented by insurance coverage against law-suits, accidents, fires... and many other forms of loss which may come to anybody.

I know of dangers you may not even suspect. I won't scare you, but won't you give me a chance to diagnose your dangers—personal dangers—family dangers—home dangers—business dangers... and to show you how they can all be met by modern insurance protection?

**TELEPHONE TALK**  
by W. H. McAnally, Manager

This is no news to you, but Christmas is coming very soon. There is the happiness of Christmas—but first comes some of the usual problems—what to give this person, or that person. You can solve a lot of these problems at the Telephone Company Business Office. We have colored telephones. A colored bedroom telephone is a perfect Christmas present, and it is inexpensive. Can't you picture the Lady of the House in the kitchen talking over a wall type telephone? You can give it to her in black—or in a color that blends or contrasts with her kitchen color scheme.

Getting back to that bedroom telephone—mine serves a double purpose. I receive calls quite often at night after retiring—so a bedroom telephone is very nice, especially in the winter. In the summer I can use the same instrument by placing it through an open window on to a table in the yard. This saves many trips into the house to answer the telephone.

Telephones should be placed for your convenience in answering calls, as well as placing calls. By doing this, you do not have to "go" to the telephone—it will be there where you spend your time.

Christmas may be a month or so away, but the way time flies it's not too early to begin making out your gift list.

To match this colorful season of the year, telephones in color are an ideal gift—particularly for relatives or close friends who have only one telephone in their home. A handy additional phone in color will be a gift they'll remember all-year long as it makes their telephone service more convenient, more useful—and more colorful.

Why not call the telephone company today to learn how easy it is to give a telephone in color.

**A THOUGHT FOR THANKSGIVING**  
Remember that old Thanksgiving song, "... over the river and through the woods, to Grandmother's house we go?"  
A short sleigh-ride was all it took to get to Grandmother's in those days. Today, it seems as if everyone lives so far away—even when we travel by car.  
This Thanksgiving, why not go "over the river and through the woods" the modern way—by telephone.  
True, we won't be there to enjoy that wonderful food—the golden-brown, stuffed turkey, the cranberry sauce, the homemade bread and rolls—but we can gladden the hearts of those dear to us with a phone call.  
Long Distance is a wonderful, personal way to visit during the holidays. Low Station-to-Station rates make Long Distance economical, too. And remember, call by number—it's twice as fast.  
Call by number. It's twice as fast.  
**SOUTHWESTERN BELL TELEPHONE COMPANY**

### Rho Pi Chapter of Beta Sigma Phi Gives Hi-Fi Set to Teen Town

The Rho Pi Chapter of Beta Sigma Phi Sorority met Thursday evening, November 21, in the home of Misses Eva and Norma Mills. Thanksgiving decorations were used in the floral centerpiece for the dining room table and repeated on the coffee table in the living room.

The meeting was called to order and the business session was presided over by Mrs. D. C. Arterburn, president. Final plans were made for the holiday dinner party to be held on December 7, and various Christmas projects were discussed.

From the year's study, "Paths to Loveliness," Mrs. Drennan Daves presented the program, titled, "Poetry," and Miss Inez Harrell read Keats's poem "Ode to a Grecian Urn," as an illustration. Following the program the group went to Teen Town, where they presented their gift, a Hi-Fi Phonograph, to Teen Town. The sorority members were welcomed by Don Deffebach, president of Teen Town, who also accepted the gift on behalf of Teen Town.

After the presentation, the group was taken on a tour of the building by Homer Perry, Teen Town manager, assisted by Mrs. Johnnie King and Mrs. James Townsend. Sorority members then returned to the Mills home, where they were served delicious refreshments of Mince meat pie with rum sauce and whipped cream and coffee.

Those present were: Misses Norman Huffman, Dalton Covington, Bob Bailey, N. E. Landers, Richard Bonney, Daves, Arterburn, Miss Harrell, and the hostesses, Eva and Norma Mills.

Other sorority members not present, but who have helped to make the Teen Town gift possible, include: Misses Dwayne Dennis, Fred Lamb, Howard Oliver, Charlie Rose, and Miss Yixian Simmons.

### Eastside Baptist S. S. Class Has Business Meeting

The Crusaders Union class of the Eastside Baptist Church met for their regular business and social meeting at the home of Mr. and Mrs. J. W. Deppa, Tuesday evening, November 20. Mrs. Mary Wheat presiding, called the meeting to order with an opening prayer.

After a short business meeting Rev. K. C. Edmonds brought the devotional from Psalm 99. A Bible Quiz was given by Mrs. George Whitehead. Refreshments of pie and coffee was served to the following members and guests present: Mr. and Mrs. Whitehead, Mr. and Mrs. Bill Harper, Charles Harper, Mrs. Mary Wheat, Edwena Edmonds, Kage Edmonds, Rev. and Mrs. K. C. Edmonds, Mr. and Mrs. C. A. Strong, Mr. and Mrs. Charlie Sutton and the host and hostess.

### First Baptist Church Offices Will Be Closed

The First Baptist Church offices will be closed Thursday due to the Thanksgiving holiday, and on Friday because of the State Training Union Convention in Tyler. Mrs. Ralph Perkins is a state board member and Rev. Perkins is serving on committees during the convention. Jess Sutton has a vital part because of his place in the Case Associational Training Union work.

All materials for the Sunday bulletin should be in by Wednesday morning.

CLOSED THURSDAY—THANKSGIVING

FRENCH STICKS GO FANCY! Thanks to the wonderful HomeBake products available today, you can serve freshly browned hot bread in a matter of minutes. When "something special" is the order, there are many interesting ways to glamorize hot bread. Take Mrs. Baird's delicious HomeBake French Sticks for example. With a few simple ingredients, a touch of your own, you can turn out a hearty version of this popular hot bread. The men in your family will be impressed. Try it for that special Thanksgiving dinner.

Gray Matter-

(Continued from Page 1)

ack farther north than William on, produced 124,000 bales; and the immediate north of that county, Hill County ginned 108,000 bales for the year of 1908. Most of these counties still produce a lot of cotton, but in our own county the cash crop has almost all gone to peanuts. Every acre in the county used to have from one to three or four gins; now I don't think there is one left unless the one at Gorman is

running. It was in operation as late as 1950 or 1951, but I'm not sure that it has operated since that time.

Rising Star then wasn't on a railroad and most of its cotton was shipped by wagon to Cisco where it was put on rails for the big cotton-users in the world's market. I have heard it said that Rising Star in those days was the world's largest inland shipping point for cotton, and I think the statement must have been true. Of course, when the railroad came to Rising Star from DeLeon, as it later did, that town ceased to be an

of cotton going from Rising Star to Cisco. Roads, of course, weren't much in those days so long ago and it took a good team of mules all day to take a wagon loaded with cotton the 20 miles from Rising Star to Cisco. Romney was the halfway point then and it was a fairly thriving little place.

As a matter of fact, all of the communities in our county except the three principle cities, Eastland, Cisco and Ranger, had as many, or in some cases, more people living and working in them than they do now.

The coming of the boll weevil came to our county. When he came he changed the agricultural complexion of this county.

In 1910 cotton production here was 26,355 bales.

In 1911 it was 20,800 bales.

In 1912 it was 37,865, but by 1916 it had fallen to 6,265. In 1930 it moved up a little to 7,936 bales, but since that time this county hasn't produced that large number of cotton bales at any time.

I've heard my father and other people who were on the scene at the time tell some mighty interesting tales of the old wagon trains

Fortunately, our county didn't suffer too much financially by the failure in cotton and the coming of the boll weevil. In the meantime the oil boom burst over us all like a cyclone striking a lonely prairie house in the middle of a dead calm. The discovery of oil in our county brought in more money and more new people than continued high production of cotton probably would have employed.

It's interesting, I think, to note what some of the other cotton producing counties of Texas were producing along about the same time. Lubbock, Dawson, Lamb and Garza counties, some of the leading cotton-producing counties in the state now, weren't even listed in the years before the First War. No one would have dreamed then that these counties would be cotton producers of any consequence. Why I personally remember listening to a couple of farmers discussing the advisability of planting cotton in Lubbock County. One of them was arguing that the summer was so short on the High Plains of Texas, that the crops wouldn't have time to mature before frost got them. Surely he must have been wrong. Lubbock is one of the highest cotton producers we've got now.

**DEPENDABLE PROTECTION**

Motorists and football players both need dependable protection. Make sure that you are never thrown for a loss. See us for the best in Automobile Insurance.

Hogtown-

Continued From Page One: cabin, 19 x 12, 200 miles unknown reason the floor of the cabin was the asked boom of mother earth. A wagonboard lay from the door to the hearthstone.

One night a young man hunting a locality where he might secure a school, stopped, as night had overtaken him, and asked for lodging.

"All right, pard," assented Jones. "Git down and come in. You'll have to haret out yer nag, 'cause I ain't got no feed fer her."

The fare given to the man was in keeping with the rest of the surroundings, and his mind was relieved of wondering who would sit up when a buffalo hide was thrown down on the wagon board.

Dr. Copeland, who has studied in Missouri Medical College, in St. Louis, and graduated from Fort Worth Medical College, is a physician of growing popularity and prominence.

That the doctors collect 95 percent of their bills speaks well for the community, as it does for the soil which makes it possible.

ung how much he was indebted for his and his mar's lodging and was told, "Well, seein' its you, I'll charge yer a dollar!"

The young man, who was none other than Judge Hammons of Eastland City, rode on the secured and taught the school.

There are five dry goods and grocery establishments, the most prominent among them are Captain A. J. O'Rear, staple and fancy groceries, and Dr. Snodgrass, druggist and general merchandise, who is also a stockholder in the fine gin stand and a successful practicing physician.

That the doctors collect 95 percent of their bills speaks well for the community, as it does for the soil which makes it possible.

A good school is maintained at Deademon. The Baptist and Methodist churches have buildings and good organizations. The Christian Church building is in want of repairs.
