Preparations Complete For County Fair

Dr. James T. Rountree Assumes Duties as Chief of Staff of Hospital

Dr. James T. Rountree arrived in Dimmitt Monday from Dallas and assumed his duties as chief of staff of the Plains Hospital Tuesday morning. Dr. Rountree was selected by the board of directors to head the medical staff of the hospital after careful examination of a number of applicants during the past several weeks.

Dr. Rountree comes to Dimmitt with fine recommendations and an outstanding record in general medicine and surgery after seventeen years of general practice, both military and private.

A native of Carthage, Texas, Dr. Rountree received his pre-medical education and B.S. degree at Southern Methodist University, and in 1934 graduated from Baylor Medical University in Dallas where he received his M.D. degree. Following his graduation from medical school he interned

five years in hospitals in New York and Baltimore.

After three years of private practice in Virginia, Dr. Rountree enlisted in the Army Medical Corps in 1942 where he attained the rank of Lt. Colonel. The major part of the time he was in the Army was spent in England, Africa, and Kiev, Russia during World War II.

Following his discharge from the Army in 1945, Dr. Rountree returned to Texas and established medical offices in Corpus Christi where he practiced until a year ago when he moved to Dallas where he had since been engaged in his profession.

Dr. Rountree is one of the few doctors of the Plains area who hold membership in the American Board of Surgery, he was accepted as a member of the board in 1941.

Local Aviation Cadet Makes Solo Flight

Meredith H. Jackson

NAVY AUXILIARY AIR STATION, WHITING FIELD, Milton, Florida, September 7—Naval Aviation Cadet Meredith H. Jackson, USN, son of Mr. F. U. Jackson of Dimmitt, Texas, recently completed the first phase of his naval aviation training by taking his solo flight.

Working for his Navy Wings of Gold and a commission as Ensign

in the United States Navy, Jackson flew for the first time unescorted by an instructor in the Navy's sturdy SNJ Texan Trainer.

Jackson, who attended Dimmitt High School, Dimmitt, Texas, and McMurry College, Abilene, Texas, reported for duty at Whiting Field July 3, 1951.

Exhibits In Place For Exposition

All agricultural products and all livestock exhibits are in place for the annual showing of the fine farm production of the county at the annual Castro County Fair. In addition to the wide display of livestock and farm products the entertainment features of the fair have received much attention and according to all indications the annual Fair Parade will be the largest in the history of the organization and numerous locally operated carnival booths will add to the entertainment for the large numbers expected to attend the fair during the two day exposition.

County Agent Edd McLeroy declared that the finest specimens of livestock and agricultural products obtainable will be on display, when the judging begins Friday morning at 9:30 o'clock. Judging of agricultural exhibits will begin at 10:00 o'clock Friday morning, and all judging will be completed by 4:30 p. m. Friday, with the exception of the Quarter Horse Show which will be judged at 9:30 a. m. Saturday.

The Fair parade committee has devoted much time and effort to making the current parade one of the largest ever conducted in connection with a county fair. A late check by the parade committee disclosed that floats from the following business firms and organizations will be entered in the parade: Steak House Cafe, Hays Implement, Wesson Bros., Cooper Implement, Dimmitt Elevator, Harman's Department Store, Northside Motor Shop, Castro County News, Lions Club, Froehner's Variety, Pep Squad, Southwestern Public Service Company, Pitman Grain Company of Hereford, Dimmitt Motor Company, Willson & Son Lumber Company, Garden Club and 4-H Club.

One of the outstanding features of the parade will be the large number of high school bands. According to Bandmaster Paul Jordan, bands from Hereford, Olton, Kress, Bovina, and Muleshoe have definitely accepted invitations to march in the parade and participate in the parade and trophies throughout the day Saturday. The Bobcat Band will act as host to visiting bands and will march in the parade but will not participate in the competition for trophies.

Trophies will be awarded by the Chamber of Commerce to the first, second and third places in the marching bands. Dinner will be served to all members of the bands at noon Saturday.

The Castro County Fair Queen Contest will be climaxed with the crowning of the queen at the Fair Grounds Saturday immediately following the parade. The queen contest committee reports that all voting must be completed by 11:00 a. m. Saturday, in order that tabulating may be completed by 2:00 p. m. when the queen will be crowned.

Hunt's City Drug To Open Saturday

Elsewhere in this issue of the News is the formal notice of the opening of the Hunt's City Drug on North Broadway by Mr. O. L. (Spec) Hunt who moved to Dimmitt this week from Hereford.

Mr. Hunt recently purchased the stock and fixtures of the City Drug from Robert Singer.

In announcing the opening date of his store for Saturday, Hunt declared that free coffee and cookies would be served all day as a get-acquainted feature.

Mr. and Mrs. Hunt and his mother and sister, Mrs. J. A. Hunt and Miss Jewell Hunt, are residing in the Cox residence in West Dimmitt.

Baptist Revival To Begin Wednesday

According to an announcement this week by Rev. George E. Ray, pastor, a revival meeting will begin at the First Baptist Church in Dimmitt September 19 and continue through September 30. Rev. Ray will do the preaching and Mr. J. B. Langston will direct the revival music.

Services are scheduled to be conducted three times daily with preaching at 7:30 a. m., prayer meeting at 7:15 p. m. and preaching at 7:45 p. m.

A cordial invitation is being extended to everyone to attend this series of revival services.

Dimmitt Band To Make First Appearance Friday

After playing a pep assembly at the high school Friday afternoon, the band will make its first public appearance of the year at the Sundown football game. The following day the band will be host to out-of-town bands and will lead the Castro County Fair Parade. The Dimmitt band has also accepted an invitation to appear as a guest band in the Tri-State Fair Parade to be held in Amarillo September 26.

Frazier's Jewelry In New Location

Frazier's Jewelry and Gift Shop completed moving operations this week and are now operating in their new location in the Woodlee Building just west of the First State Bank. Their new location has been completely redecorated and a large stock of new gift items have been added to the original stock. The management invites the public to visit them in their new location.

Dimmitt P. T. A. To Meet Tuesday

The first P.T.A. meeting will be held at the Dimmitt High School Tuesday, Sept. 18, 1951, at 8:00 P.M. Joe Cowen is president. This is the first time for the men to have the leading part. This will be a good chance for mothers and dads of school age children to get acquainted with the teachers.

The meeting is open to the general public, not only to parents, but parents from high school down to first grade are especially urged to attend.

DIMMITT BOBCATS TO PLAY FIRST HOME GAME FRIDAY NIGHT WITH SUNDOWN

The Dimmitt Bobcats play the Sundown Roughnecks Friday night on the homefield. The game promises to be a good one with the following players in the line-up: On the offensive starting line for the Bobcats are: Wesley Smith, 165 pounds, ends; Billy Gregory, 175 pounds, ends; Donald Wright, 160 pounds, and Marvin Age, 160 pounds, as tackles; James Dobbs, 180 pounds, and Milton Bagwell, 150 pounds, as guards; Roy Murphy, 140 pounds, as center; Douglas Dennis, 170 pounds, as quarterback; Glem Brown, 150 pounds, and Weldon Warren, 125 pounds, as halfbacks; and Jack Hodges, 140 pounds, as fullback. The defensive regulars are: Don Ziegler, 140 pounds, guard; Jimmy Howell, 145 pounds, as linebacker; Bill Hunter, 145 pounds, and Glem Lust, 155 pounds, as ends, or linebacks.

Probable starters for the Roughnecks are: Bill Waygood, 158 pounds, and Herbert Whalen, 155 pounds, as ends; Charles Mann, 153 pounds, and R. L. Oden, 153 pounds, Tommy Stewart, 160 pounds, and Alfred Plunkett, 175 pounds, guards; Charles Bagley, 158 pounds, center; Don Waygood, 160 pounds, Don Grear, 150 pounds, Clarence Wood, 165 pounds, and Danny Stark, 145 pounds, in the backfield.

The game starts at eight o'clock Friday evening.

Mr. Cecil C. English, Castro Co. Pioneer Dies at Home of Son

Mr. Cecil Clyde English, 65, a Castro county pioneer farmer, died at the home of his son, Wade English, in the Flag community sometime during Friday night. Mr. English, who made his home with his son for the past several years, had been slightly ill for the past two weeks but was able to be up and about as usual. The family reported that Mr. English and one of his grandsons had their bedrooms in a little house near the family home, and that following the evening meal Friday he left the house to retire for the night about 9:30 o'clock. His death was discovered early Saturday morning when he was found outside of his room fully dressed. It is believed that he died either before reaching his room or when he attempted to go from his room to the family home to summon aid while suffering a heart attack. Death was attributed to natural causes at the inquest conducted Saturday.

Mr. English was born August 12, 1886, in Montague County, Texas, where he grew to young manhood and was married to Miss Ollie Lee Estes on November 28, 1909. They were the parents of five children, four sons and one daughter. The two surviving sons and daughter are Wade and Otis English of Dimmitt and Mrs. Clyde Damron of Canyon. He is also survived by two sisters, Mrs. Buby Whitener of Canutillo, Texas, and Mrs. Syble Pillow of Fresno, Calif., and seven grandchildren, all of Dimmitt. Mr. English moved with his family to Castro county in 1917, where he has since made his home.

Funeral services were conducted at 3:00 o'clock Monday afternoon at the Dimmitt Methodist church with the pastor, Rev. E. Lee Stanford, officiating, assisted by Rev. George E. Ray, pastor of the Dimmitt Baptist church.

Active pallbearers were C. W. George, Wilmer Cook, Louis Coke, John Nolen, Tom Lewis, and Claude Johnson.

Honorary pallbearers were: Messrs. John Smith, Percy Estes, John Harris, W. J. Jordan, E. S. Parks and K. E. Truner.

Flower bearers were: Misses Peggy Alley, Mary Beth Alley, Peggy Dixon, Wanda Cook, Beverly Johnson and Sonya Lowe.

Interment was made in the Dimmitt cemetery.

Tickets will be on sale at Wilson's Grocery, Dimmitt Drug, and on the afternoon of the show may also be had at the Nichols home, which is the starting point for the tour. Admission will be \$1.00 for adults, students 50 cents.

Proceeds of the show will go toward the future development of a Recreation Center for Dimmitt. Everyone is "Welcome" and urged to make the tour.

Dimmitt Schools Open With Large Enrollment

Dimmitt School officials Tuesday announced a peak enrollment in Dimmitt Schools of 672 students. This is an increase of 31 students over last year's enrollment of 641. The first eight grades had a total enrollment of 511 by Tuesday morning. Enrollment in the ninth through twelfth grades reached 161, said Principal O. T. Loyd. This means forty more students are needed to put Dimmitt in Class AA, announced Superintendent R. S. Vestal.

Crowded conditions will continue this year, but it is hoped the new grade school building will be ready by the time school opens next year, and alleviate the situation. Two new buses are expected to arrive soon and help relieve the crowded buses.

Wilson Grocery To Observe Anniversary Next Friday-Saturday

According to an announcement this week by Raymond Wilson, owner and manager of the Wilson Super Market, that business will formally observe its anniversary next Friday and Saturday. The business was established by Mr. Wilson in 1928 and has been operated continuously under his management since that time. The store had been housed in various locations in Dimmitt until the new building which it now occupies was constructed in the early forties. Following a disastrous fire last year the building was remodeled and completely reequipped and renamed Wilson's Super Market.

W.S.C.S. met at the church Monday afternoon for the World Outlook program, led by Mrs. Blaine and Mrs. Gilbreath.

Arrangements Are Completed For Water District Elections Here

Arrangements for the election for the confirmation of the High Plains Underground Water Conservation District in Castro County have been completed according to an announcement by officials of the Castro County Farm Bureau. The election will be held September 29 in all of the 22 counties comprising the proposed district.

The water district election culminates plans by high plains farmers to keep any laws or regulations governing the use of underground water under the direction of a board of farmers in the area. To comply with a recent act of the Legislature and to make the law valid, it is pointed out, the water conservation district must be created by popular vote.

A copy of the official ballot reveals that the proposed Underground Water Conservation District is divided into five precincts, with a representative from each precinct to serve on the governing board.

The five designated precincts in the proposed water conservation district are composed of the following counties:

Precinct No. 1—Crosby, Dickens, Garza, Lubbock and Lynn.
Precinct No. 2—Cochran, Hockley, Lamb and Terry.
Precinct No. 3—Bailey, Castro, and Parmer.

Precinct No. 4—Armstrong, Deaf Smith, Oldham, Potter and Randall.
Precinct No. 5—Briscoe, Floyd, Hale and Swisher.

The ballot provides the name of one candidate for the office of director from each of the precincts, and also a blank line for the name of a candidate of the voters choice. The listed candidates are: Precinct 1, E. C. Hatton; Precinct 2, A. C. Chester; Precinct 3, Jesse M. Orsborn; Precinct 4, Tom McFarland and Precinct 5, Tom Bostic.

In addition to the ballot for the creation of the water district the voters will also vote in an election for the levy of a maintenance tax. The proposed maintenance tax cannot exceed 5 cents on the \$100 valuation.

The election judges, assistant judges and clerks for the Castro County voting boxes are as follows:

Frio — E. J. Councilman, Andrews, Jumbo—M. L. Simpson, C. E. Leasure, Harry Smith, F. Hunter, Nazareth—Wm. Hochstein, Joe Birkenfeld, E. Brockman, J. Bichsel, Hart—T. R. Davis, P. Hart, J. Bradley, Mrs. P. Hart, Big Square—M. S. Keller, Irvin Ott, Mrs. M. S. Keller, Mrs. Irvin Ott, Dimmitt — Robert Ramey, W. W. Gilbreath, Joe Butler, P. Estes.

ROSIE BATES

What the Bobcats lack in enthusiasm on the gridiron will be supplied on the sidelines by the recently organized booster and pep squad groups, under the direction of Mr. Rosie Bates. Pictured above are two of the veteran pep squad leaders with their instructor. Other pep squad leaders will be Patsy Hardy, Dali Twiner, and Jacqueline Cartwright.

Mr. Bates will introduce his new pep squad, consisting of sixty members, to Bobcat fans at the half-time in the game Friday night between the local gridsters and the Sundown Roughnecks. In addition to the pep squad Bates will put his Glamourettes through their paces for the first time in a public performance. The Glamourettes compose a twirling squad of twenty little girls, three majorettes and three acrobats.

"WHERE FRIENDS MEET AND PRICES TALK"

Health Talks

If you should put yourself on a 1500-calorie diet, aimed at taking off about two pounds a week over a two or three-month period, you should spend a definite amount of your calories every day for meat, poultry, fish and eggs.

Since 1500 calories are unfamiliar items to reckon with for most people, they can be translated into a budget diet of \$1.50, making 10 calories equal to one penny. And 470 calories or 47 cents would be the daily allotment for meat.

Since most people eat an egg a day, you can count on spending 7 cents right at the start for

an egg, leaving 40 cents for the rest of your meat program. If you eat three small strips of bacon, or two large ones, with your egg, you can knock off another 10 cents, and leave the breakfast table with only 30 calories left for dinner and supper.

If roast chicken is on the menu for dinner, three thin slices of that chicken will take up 19 cents. One slice of chuck roast will cost 15 cents, one slice of rump roast will cost 17 cents and one slice of rib roast will cost 14 cents. If you do without that bacon for breakfast, eating just one egg, then you have that extra 10 cents to spend on a second slice of that beef roast you're saving for dinner.

You can usually have your bacon if a lamb rib chop is on the dinner menu because that piece of lamb will cost only 10 of your budgeted pennies. A slice of roast leg of lamb will cost 12 cents and you can really cash in on lamb shoulder roast, getting 4 slices for only 29 cents.

Pork is about the highest of the meat cuts when you are reckoning by "calorie pennies." A slice

of fresh ham will cost 34 cents and a slice of smoked ham adds another 4 cents to total 38 cents. A loin pork chop nicks the budget for 29 cents and five little old spareribs tip the budget way over to the tune of 42 cents. Link sausages are, next to bacon, the cheapest of the pork items, costing 18 cents for three links.

Besides roasts, beef items run like this:

1 piece corned beef, 10 cents; four slices dried beef, 11 cents; one hamburger patty, 15 cents; one loin steak, 29 cents; one piece round steak, 22 cents; three pieces soup meat, 16 cents; and three pieces stew meat, 33 cents.

A veal chop, medium-sized, will run about 11 cents with veal cutlet costing 25 cents, roast leg of veal about 12 cents and veal stew meat about 11 cents for two slices.

Chicken, as mentioned before, is cheap but duck is high, costing 32 cents for three slices as compared with 19 cents for three slices of chicken; turkey runs 13 cents per slice.

Fish and shellfish are pretty cheap when the meat budget calls for quick economy. You can get about 5 oysters for 6 cents, half a cup of shrimp for 11 cents, and half a cup of canned crab meat for 7 cents. Canned tuna runs real high, 28 cents per half cup.

Bass, codfish, perch, pickerel and pike run 10 cents per average portion, which is a piece about the size of a package of cigarettes. Haddock, fresh or smoked, will be 7 or 9 cents, and halibut will cost about 12 cents, whitefish 14 cents, and finnan haddie 16 cents for that same size portion.

There's still more meat to choose from, however, in the variety meats and meat mixtures. Bologna costs 10 cents per slice but the hot dog or frankfurter sausage runs only 8 cents, a slice of liver sausage and a slice of luncheon meat are also only 8 cents each.

Beef brains are 13 cents for two pieces, beef heart is 9 cents for two slices, beef kidney is 17 cents per half cup, and a piece of fried beef liver is 13 cents; calf liver, however, is 12 cents for two pieces. Beef sweetbreads and beef tongue run 18 cents for three-fourths cup of steamed sweetbreads and 10 cents for four slices of boiled tongue.

So you don't have to stick to lamb chops or omit any meat you really crave when you're on a reducing diet; you just have to realize that the daily meat tally must not exceed 47 "cents" so that if you want ham real bad, that one slice will cost you practically your whole meat allowance for the day.

What's Wrong With This For Protection?

Nothing—if you just want to keep the dust off—BUT a car and its owner require practical protection.

We'll be glad to tell you how a Combination Automobile Policy protects your pocketbook no matter what happens to your car, or what loss it may cause to others—either in property damage or through bodily injury.

Dr. Cox Cites Need For Strict Water Conservation

A water conservation program must be started immediately by towns, water districts, ranchers, and farmers declared Dr. Geo. W. Cox, State Health Officer. The present situation is extremely grave and immediate action is necessary to relieve drought areas and prevent such conditions occurring in the future.

Dr. Cox said, "Our diminishing water supply, and in many places in Texas the total lack of sufficient water, brings about an emergency that imperils the life and health of the citizenship and brings about a substantial economic loss."

"Without water—industry can not operate—homes can not exist—crops can not grow—forests disappear—game and fish would die—the earth would become a desert—and the human race would perish!"

"Municipalities must make plans for additional water supplies. These may come from the construction of dams to impound water during the time of rains with additional wells. However, the construction of dams is the more practical as the water level in Texas is getting lower each year."

"An immediate water conservation program throughout the state that will provide for the impounding of flood and rain water will contribute more to protecting the health of our people and add more to our economy than any other known project that could be undertaken. To wait three to five years to develop such a program could prove to be our greatest domestic tragedy."

Officer Candidate To Go Directly To Officers School

Effective September 1, selected applicants for the Army's Officer Candidate School will go to Officer Candidate School directly from basic training divisions or other units. Colonel C. M. Culp, Chief of the Texas Military District, said here today.

Previously, the officer candidate attended an eight-weeks Leader's Course, besides 16-weeks of basic training, before going to Officer Candidate School.

The graduate officers will be required to serve a minimum of 18 months on extended active duty instead of the 24 months previously required. An option of signing for two years or for three years will be afforded all graduates.

Effective September 1, qualified civilians and members of other Armed Services may enlist in the Army for a two-year period for the specific purpose of attending an Army Officer Candidate Course. In the event these individuals should fail the course or withdraw they will be required to serve the two year enlistment as enlisted personnel. Previously, individuals not subject to draft, were eligible for discharge under such conditions.

State Praised In Crime Fight

AUSTIN — The Senate Crime Committee in its final report last week singled out Texas for praise in the state's fight against organized crime.

The Kefauver committee, whose revelations shocked the nation, was critical of the law enforcement in a number of states, but in regard to Texas the report said:

"Notable among the achievements in Texas was the Conference called by Attorney General Price Daniel in March which was attended by district and county attorneys from all parts of the State."

"The Legislature furnished commendable cooperation by enacting practically all of the legislation

recommended by the group, which included bills outlawing possession of slot machines, punchboards, and policy games.

"The Attorney General sought and secured injunctions against both the telegraph and telephone companies, prohibiting gambling information from being disseminated over the wires."

"Grand juries have been active and a crime investigating committee of the legislature has been

functioning. Citizens in many parts of Texas have voluntarily begun the formation of local crime commissions."

Pat Tate left Sunday to enroll in Wayland College at Plainview. She will live at the Matador Hall.

The first printing press in Philadelphia was set up by William Bradford in 1685, just two years after the town was settled.

Mr. and Mrs. Dewey Wright and Dorothy visited Mrs. Wright's sister, Mrs. R. D. Northen, of Amarillo, last week. Mrs. Etta Brashers returned home with them.

Mr. and Mrs. W. G. Andrade of Tulsa, Oklahoma, visited relatives here recently. Mrs. Andrade is a niece of Mrs. Etta Brashers.

By Ted Kesting

For anything short of musky or very large pike, famed angling expert Jason Lucas says his favorite casting line is one of 5-pound test, soft braid, not water-proofed or otherwise treated. This is now usually sold as spinning line.

Such line can't spring up in coils on the spool as will stiffer line; when wet, surface tension of the water seems to hold it so that it peels off just right on a cast. But it isn't the line for everyone—or for anyone everywhere. When it backlashes, it is hard to untangle. However, the man who fishes enough to be able to use this line successfully rarely gets a backlash.

This light, soft-braid line is best suited to casting reels of the small, narrow type, with very light spools, and to lighter plugs. It won't wear nearly as long as a hard-braid of the same test on the usual level-wind reel. It wears far longer on the open free-spool reel.

In water entirely free from weeds and snags, this line will land about any fresh water fish in North America. That is, if there's enough line on the spool for a big fish, and if the angler using it can keep his head and just wear the fish out with light pressure against him. Yes, it takes lots of practice.

But nobody, no matter how expert an angler, can be sure of holding a big bass out of weeds and snags with this line. In late fall when water weeds are dead or dying and half rotten, such light line can be used safely because it cuts through the stems of those weeds like a knife and there is little risk of breaking it.

It's a grand line, and permits wonderful casting. Jay thinks the man with a long, light, flexible rod and a fast reel should at least

try it if he wants to get really artistic in his fishing, and especially if he wants to use the very smallest lures. However, probably few will want to get so artistic as all that. Most of us feel artistic enough with a good outfit and a line of 9- to 12-pound test—which, after all, does mighty nice casting.

FOR A BETTER CROP

Control of smut is one of the important jobs in producing a good crop of quality grain. The Texas-Oklahoma Wheat Improvement Association, cooperating with crop improvement associations and state extension services of the winter wheat belt is urging farmers to combat smut diseases by careful selection and preparation of seed for planting.

Stinking smut or bunt is the most destructive of the wheat smuts and occurs everywhere wheat is grown. It is characterized by the formation of smut balls in place of wheat kernels, balls filled with hundreds of thousands of smut spores which have the odor of

decaying fish. Seed treatment with seed disinfectants is the recommended control.

Loose smut of wheat spores are scattered and lodge on healthy plants at blossoming time. These spores germinate and enter the developing kernels in which they remain dormant until the next season. As the infected kernels sprout, the smut parasite begins to grow and continues inside the stem, becoming localized in the head before it emerges. Each wheat kernel is displaced by a mass of smut spores. Hot water seed treatment is the only control measure known, except for the use of smut-free seed and smut-resistant varieties.

Drouth And Hot Weather Hard On Texas Livestock

COLLEGE STATION, Sept. 3—Livestock, like humans are suffering from the effects of the dry weather and intense heat that has gripped most of the state this summer. The effects may be both current and longtime, says U. D. Thompson, Assistant Extension Animal Husbandman of Texas A. & M. College, unless livestock producers supply their animals with supplemental feed.

It is Thompson's opinion that next year's crop of beef calves may be reduced in numbers as well as quality for the mother cows are not getting enough feed now to produce a high percentage of calves next year. He says cows are not only going hungry but that they are not getting the feeds they need to maintain their own bodies and deliver a calf next spring. The pay-off in the cattle business depends largely upon the calf crop and no crop just simply means no pay-off and less meat for the American table.

To help this situation, Thompson recommends that livestock producers feed their cows a daily ration of one and one-half to two pounds of 41 per cent protein cake; two to five pounds of green leafy alfalfa hay and keep bone

meal available at all times along with granular stock salt. Where the pasture or range grass is short, sorghum, prairie hay or other roughage should be fed at least once a day. It is not necessary to feed the cake and alfalfa hay if sufficient green grazing is available. However, when the pasture or range starts turning brown, the above named feeds should be given to the cattle.

Silage, sudan or Johnson grass or other temporary grazing will aid in supplying the cheapest source of protein, mineral and vitamin A, says Thompson. Cows are able to draw for a time from the fat of the bodies and their livers vitamin A. When this supply is exhausted, there is trouble ahead, says Thompson unless other sources of vitamin A are supplied. Since cottonseed cake contains no vitamin A, such feeds as green alfalfa hay or yellow corn are needed in the cow's ration to help prevent blindness and many calving problems.

The situation is a tough one, he adds but good hard management, in times such as now exists, will not only keep the herd in good condition but will also mean a better and bigger calf crop next year. The expense will be high but the results will offset the costs.

Mr. and Mrs. Frank Robbins and children visited Frank's uncle, Laud Robbins, in Santa Fe last week and went on into Colorado to Gunnison and as far as Denver.

Mr. and Mrs. C. N. McClure went to Morton after Mrs. McClure's sister, Mrs. Doughty. They then vacationed in Arkansas and Missouri, returning home the last of the week.

Visitors in the Howard Hershey home Saturday night were Mr. and Mrs. Crutis Ward of Levelland and Mrs. Hershey's mother, Mrs. Emma Clayton of Hereford.

The Friendship class of the Methodist Sunday School went to Bethel for their monthly social Tuesday night. In spite of the storm fifteen members were there to enjoy the watermelon feast and social hour.

Conditions Favorable For Early Cotton Stalk Destruction

The dry, hoe weather that has prevailed over much of Texas during the past several weeks has dropped yields and caused cotton to open prematurely and earlier than normal in most areas. This condition, on the other hand, points out A. C. Gunter, Extension Entomologist of Texas A. and M. College, gives cotton farmers an opportunity to practice one of the most effective of all control methods against boll weevils and pink bollworms—early stalk destruction.

Gunter points out other advantages that go with community and county-wide cotton stalk destruction programs: First, the added organic matter helps condition the soil and will increase its water-holding capacity. Second, the early destruction aids in controlling insects, especially the boll weevil and pink bollworm. And third, as a direct result of improved soil and fewer insects, cotton yields and profits are increased.

To be effective, Gunter says, the program must be carried out on a community or county-wide basis, or better still on an area basis. Right now moisture conditions are not favorable for plowing and this may prove to be a handicap, but stalks should be cut and made ready for plowing when the rains do come. A shredder-type stalk cutter is best, but the heavy roller type cutters which cut the stalks into small pieces also do a good job. Removing the wings from the middlebuster will aid in making the plowing job easier, if the ground is too hard and dry for normal plowing, says Gunter.

He points out also that there is still plenty of time to plant a winter legume crop and suggests that this be done to further increase

the yields of crops that will be

Mr. and Mrs. Andrew Bolton were here last week end for a visit in the home of her sister, Mrs. Ray Bearden and family. They were enroute to their home at Hollis, Okla., after a vacation at Grand Lakes, Colorado.

Both Call for
Long Distance

Your friends, family and business associates may be scattered from coast to coast. But you can reach just about any one of them in a hurry by Long Distance. For buying, selling or news worth telling, this inexpensive service is made up order. It's fast. It's personal. And it's convenient.
