SUDAN, LAMB COUNTY, TEXAS, THURSDAY, SEPTEMBER 19, 1929.

NUMBER 13

Sudan City Schools Now Going Strong

Efficient Faculty and Thorough Organization Give Promise of Most Successful Term.

The third week of school finds organization nearly enough complete that a few items of community interest may bear publication. First there may be capitulation of our faculty line-up; second, class organization may be mentioned; third, the football prospects should come under notice for a few minutes.

The March enumeration for this year gave us 693 scholars for this year. A few of these have transferred out of our district. Spring Lake has secured an area off our northwest corner, taking in nine pupils, seven of whom had been enumerated last March. To offset this we have new pupils from Terry county, from Ellis county, from Beale county, from Oklahoma, and from New Mexico. We have also our 22 under-scholastic age, and our 53 over 17 and under 21. All these make us expect over 800 total enrollment for the year; more than 600 of whom are even now in school. Our smallest truck load for the year has been 275 on enrollment day. Our largest load has been 389, while Monday, our rainy day, saw 354 pupils hauled in to school. Reports from Austin indicate that Lamb county is not only the banner county of Texas for truck transportation, but that it is also the banner county of the nation.

The three men at the head of our system need no introduction to our readers, but in name they are W. I. Wilkins, Supt.; B. F. Talbott, high school principal; and G. Herren, grammar school principal. The first is a graduate of Howard Payne College and Texas Technological College. The second is a graduate of Wesley College and of Sul Ross College, and is also a student of Texas Tech. The third of these has graduated twice at Southwestern University and is also a student of Texas Tech. Miss Gladys Grantham is head of the English department and is a graduate of Simmons University. The Spanish department has again as its head Miss Evelyn Runnels who is a graduate of Baylor University. The History department has at its head Miss Mary Virginia Creighton, who is a graduate of Southern Methodist University. Miss Louise Kirk is the lady who is called the versatile member of the faculty. She works in both History and Mathematics departments and can do any of the science at a pinch. She is a graduate of Baylor College. The science work is under Mr. Andrew Jinkins, a three-year student of Texas Tech. The Mathematics department, which also includes the commercial work, is the heaviest department of the entire school. It is under Mr. Talbott and Mr. James Aldredge, assisted in one subject by Mr. Jinkins. Mr. Aldredge teaches all the commercial work and one lesson in Algebra. He is a graduate of Texas Tech, and in addition to his teaching is boys' coach. Many afternoons now he can be heard snapping his boys into practice after six o'clock. Our Vocational work is under Mr. R. E. Duckworth and Miss Georgia Chapman. The first is a graduate of Texas A. & M. while the second graduated from Texas College for Women (formerly called C. I. A.).

The grammar school is headed by Mr. Herren. He has as his boys' coach Mr. J. T. Gee, a three-year student of Texas Tech. Hubert Butts and Mrs. A. K. Boyd assist him in the sixth and seventh grades. The first of these is a two-year student of Texas Tech, while the second is a student of both Simmons University and Texas Tech. Miss Reba Jinkins, a graduate of Taylton College, has high fifth grade work, while Miss Vera Lee Clary, a student of East Texas Teachers' College, has low fifth grade. High fourth grade is under the direction of Mrs. Jewell Griffith, a student of North Texas Teachers' College, and Miss Hazel Reeves, of Texas Tech, has low fourth. High third is directed by Miss Evelyn Taylor, who is an alumna of Washington Missionary College in the City of Washington, and low third is cared for by Miss Vivian Oglesby, who is a student of Texas Tech.

The primary work is with one exception under charge of teachers who have already been proven in efficiency before they began their work in Sudan. High second grade is under charge of Miss Annie Mae Bowlin, who is a student of Texas Tech. Mrs. Ruby McKelvey, a former student of North Texas Teachers' College, has low second grade work. The work of high first is under direction of Mrs. McLarty, who is a former student of Texas Tech.

Mrs. V. F. Crabtree, who holds her A. B. degree from Simmons University, has charge of low primary work in our school. Last but not least, the man who looks after our buildings and grounds is Mr. Jones, and he is doing a first class job of it, too.

We have only ten school buses this year, but they are, nearly all of them, larger than the ones we used last year, can carry more pupils, pull heavier loads and make better time. These buses are under the direction of A. D. Linton,

Joe Essary, Henry Fisher, A. Crain, W. H. Horn, A. C. Findley, Clint Dyer, Judge Shuttlesworth and M. M. White. Each man except Mr. Shuttlesworth owns his own bus, while he owns two. In these buses every pupil can be carried readily, conveniently, and comfortably. That rain makes little difference is shown by the fact that the heaviest load of the year, so far, has been 389 while the "muddy day" load was 354.

The different classes have completed their organizations by this week, and several clubs have been organized. Your reporter has not secured names of club officials, but the class officers are as follows: Senior Class—president, Arthur Shuttlesworth; vice-president, Jack Lenderson; secretary, Nannie Lee; treasurer, Lucille Askew; reporter, Marvin Thomas; sponsor, B. F. Talbott. Junior Class—President, Grover Crain; vice-president, Leona Slaughter; secretary-treasurer, Arta B. West; reporter, Mildred Hunt; sponsor, Miss Louise Kirk. Sophomore Class—President, Leonard Payne; secretary-treasurer, Ann King; reporter, Lenora Payne; sponsor, W. I. Wilkins. Freshman Class—President, Paul Jean King; vice-president, Frances Brewster; secretary-treasurer, Margaret Gibbs; reporter, Warren Whitwell; sponsor, Mr. Jinkins.

The football squad is working daily now in preparation for the game at Clovis next Friday. The team has been completely reorganized since their disastrous defeat at Spring Lake last week. That day was featured by defeat at the hands of a smaller school by a score of 20-0. It is hoped that the different report, Football stock has gone up materially this week due to the reappearance in school of Martin Shuttlesworth, a star of the last two years. The letter meek back this year at present are Martin Shuttlesworth, Rex Hamcock, Leonard Payne, Arthur Shuttlesworth (Capt.) Weldon Findley, Jack Fisher, Melvin Scogin and Elmer Simpson. Squad men from last year are Otto Workman, O. B. Workman, Walter Wayne Wilkins, Donald Robertson, Coy Ford, Arnold Long, Grover Crain and Lonnie Horn. Freshmen coming up from grammar school are J. W. Weldon, Arnold Nuttall, Charlie Carruth. From Terry county comes R. J. Purcell; from Dawson, Texas, comes Douglas Herren, and from our own school, barred last year because of eye injury, comes T. J. Findley. The coach is "Jimmie" Aldredge of Texas Technological College. This is his first year in directing a team, but he is running his team until 6 o'clock of afternoons, getting them ready for the hard schedule ahead of him, and his boys are showing a splendid spirit in work.

This column will be continued weekly during the entire school year. The superintendent has promised that his official notices for publication will be given to the school reporter. If you want to keep up with the news of the school, renew your subscription and receive your paper weekly. Principals, too, will from time to time give out official information through the columns of The Sudan News, and the editor has assured us that the columns are always open to anything of interest in the school.

News Reporter.

SOUTH PLAINS I. O. O. F. MEET

Odd Fellows and Rebekahs of the South Plains Association which meets semi-annually, will meet in Littlefield Monday, Sept. 23, 1929. There will be a large crowd of delegates in attendance throughout the day and night.

The meeting will be in the First Baptist Church. Program starts at 10 o'clock. Lunch will be served to all in the basement of the church at 12 o'clock. Business session at 2 o'clock in the afternoon. The night session will be held in the Lodge Hall, as there are to be contests in Degree Work both by Rebekahs and Odd Fellows.

The Odd Fellows of Sudan are members of the association, and the Rebekahs and Odd Fellows from this place will attend the meeting at Littlefield.

Mr. C. E. Anderson and son Milburn, of Florence, Ala., have been the guests of Mr. E. C. Barber and the Weimhold family for several days. Mr. Anderson is a practical electrical engineer and was connected with the electrical forces of the big Wilson Dam at Muscle Shoals, Ala., during the entire period of construction, later being engaged in electrical contracting in the Muscle Shoals District. He is in the West seeking a location for his own and his family's health, and is most favorably impressed with this section of the Plains. Mr. Anderson is also a practical plumber and could combine that trade with electrical work. If he can make suitable connections in this territory, Mr. Anderson contemplates disposing of his holdings in Alabama and acquiring a home here where his family can engage in poultry raising.

Mr. and Mrs. Howard Rogers of Tama, Iowa, are visiting Mr. and Mrs. D. H. Criswell and family. Mrs. Criswell and Mrs. Rogers were school mates and this is their first visit in some time.

First Period of News Campaign Closes With Workers Going Strong

Fast Work Required During Second and Third Periods; Short Time Remains for Securing Big Votes.

The First Period of The Sudan News circulation building Campaign came to a close Wednesday night, and from then until Wednesday, October 2, the Second Period schedule of votes will be in effect. During the First Period much valuable work was done. The more active candidates piled up a large number of votes, but it is an evident fact that more ground remains to be covered than was covered in the First Period. The long list of subscribers has hardly been touched for renewals, while there are hundreds of prospects who will be glad to subscribe when the matter is brought to their attention. Only Saturday a number of people who have been getting the paper free came to the office and subscribed to the paper.

As to the winner of the Pontiac four-door Sedan, worth \$1041.50, or the trip to California valued at \$200.00, that is a question still to be decided. There is as much doubt about it now as there was in the beginning of the campaign. No one has reached such a commanding position as to be unbeatable, and on the other hand no one is hopelessly beaten. The contest for supremacy remains to be decided between now and the close of the contest, Saturday, Oct. 5. A good bunch of long term subscriptions, liberally mixed with new and renewal subscriptions may turn the trick.

Little Time Left.

But, we would not do our duty to the active and faithful workers in the campaign if we failed to call attention to the short time remaining in which it is possible to secure big votes. There was a considerable reduction in votes Wednesday night, and it doesn't take a lot of counting to know just how many days there are between now and the close of the Second Period, Oct. 2, when a great reduction in votes will again occur. Time waits for no one, and before we realize it this interesting race will have been run. The work of the Second Period is going to count, and count big. Friends of the various workers are urged to redeem the promises they have made.

Advertising.

With the additions of advertising, energetic candidates have an opportunity to swell their vote totals by leaps and bounds. Candidates should so plan that their work each day will be a decided step toward the goal for which they are working.

Not only will contestants be benefitted by the addition of advertising, but the advertiser as well will be rewarded. There are hundreds of new subscribers on the lists. From these, new customers will be the channel for much new business to the advertiser.

After the close of the Second Period, candidates will not be allowed to sell any more advertising, thus reverting back to subscriptions only.

Maintain Race.

And now, candidates, you have started well. It remains for you to maintain the speed you have already set. Measured by returns thus far, the contest is just now getting "warmed up." It will go faster from now on. See to it that no one goes faster than you do. Set a definite amount to do each day, and don't stop until you have reached or surpassed your goal. A splendid automobile and other valuable prizes are hanging on the balance. Which one is going to be yours—the best, or something of lesser value? Will you be satisfied with a smaller prize, when by putting forth a little more effort you can get the best? But the time is short. Oct. 5 will soon be here. There is not a day nor an hour to waste. Have you learned to spell the little word N-c-w? Practice it regularly and faithfully from now until Oct. 5, and then you will find that you are spelling it backward—W-o-n! We are telling you frankly and earnestly, "IT CAN BE DONE!"

NATIONAL M SYSTEM CONSOLIDATES

Sale of M System Stores Corporation at Fort Worth will not affect the management of local M System, according to M. G. McLarty, owner of the M System Store of Sudan.

This was merely a consolidation of several large chains and does not affect the management of the local stores. Mr. W. M. Jackson will continue to manage the local 'M'.

This consolidation, does however, have a significant bearing on every community that is served by an M System store as it will give each unit the additional purchasing power of several millions of dollars per year and will enable their customers to buy their foods at even a greater savings because of this gigantic buying power which is now surpassed by no other chain of this kind in the world.

The M System stores are almost a home institution speaking from a National view point, as the first M System store was manufactured and operated at Clovis, New Mexico.

No modern business romance will compare in growth to the M System stores. Starting with one store at Clovis in 1923 and selling about \$100,000 in merchandise per year, they are now spread from coast to coast and buy their merchandise in car loads and number their stores in hundreds. The yearly sales of M Stores runs into tens of millions of dollars.

And now the M Chain looks forward to the largest growth and the biggest volume of business of any chain of stores in the world, and your local M is one link in that chain.

M System stores are in most cases owned by local men. The savings made by trading with them are only one of the benefits that customers derive. As is the case with the Sudan M System, every cent of profits is retained in Sudan and the management helps to build the community the same as every local business.

LYLE HAS CONFIDENCE IN CHINCHILLA RABBITS

Mr. Harman Lyle, assistant cashier of the First National Bank, has, besides his banking interests, a keen eye for any project calculated to forward the prosperity of Sudan Territory.

Last February Mr. Lyle purchased three chinchilla rabbit does and one buck for breeders and built comfortable quarters. Last Monday he made his first shipment of 10 young rabbits for which he received a price of \$4.50 each.

Mr. Lyle has now about 100 head and will soon be making regular and worthwhile shipments.

He is demonstrating that these valuable animals can be profitably raised here with a minimum of labor and expense. They are absurdly easy to care for, and the cost of raising is small compared to the splendid prices realized. With continued effort he will in a short time have built up an industry that should command the respect of anyone with an eye to profits. The demand for these animals is strong and steady.

Here is a good outlet for the energies of any ambitious youngster who wants an independent income.

Meeting of Sudan Chamber of Commerce

Perfects Arrangements for Trades Day Second and Fourth Wednesday Nights Selected to Meet.

The Chamber of Commerce met in special session Wednesday night, September 11, 1929, when the following proceedings were had:

The second and fourth Wednesday nights of each month were selected as regular meeting night, meetings to be held at eight o'clock at City Hall.

It was decided to hold a Community Trades Day on the first Saturday of each month, beginning Saturday, October 5th. Committee on arrangements for said day were as follows: Harry Wilson, J. H. Damron, L. E. Slate, L. T. Hunt, and Joe Wilkerson.

J. A. Hutto, Harry Wilson, L. E. Slate and A. M. Holt were appointed a committee to arrange for a picture show to be sponsored by the Chamber of Commerce.

After a short talk by J. A. Hutto stressing the field for activity and the need of funds to carry on the work, and that the dues of one dollar per month would be insufficient, suggested that the business men and those who had the interest of their community at heart raise their dues, and raised his own dues to \$10 per month until the first of the year, Harry Wilson, L. E. Slate and A. M. Holt, all doing likewise.

Benefit Picture Show.

On Monday night, Sept. 23, a benefit show will be given by the Chamber of Commerce at the Garden Theatre. The benefits will be used by the Chamber for the purpose of defraying expenses of the City Band. Band music, good pictures and a general good time for all who attend.

Prices 15c and 35c. Every one come out and help make the undertaking a success.

WHALEY LUMBER CO. TO ERECT LARGE MILL

The Whaley Lumber Company is erecting on their premises in the southern part of town a complete feed mill for grinding all kinds of feeds and grains.

This mill will have a capacity of 240,000 pounds per day of bundle hedges, ear corn and other feeds, sufficient to supply the demands of this section for some time to come.

In connection with the mill, the company has purchased and set aside a tract of 100 acres of land just east of town which will be fitted up with stock pens, feed lots, etc., where the company will feed cattle for customers.

This house will also keep on hand a full stock of cottonseed cake and meal, salt, etc., at their feed house in town.

Officers of the company are at the Whaley Lumber Yards.

This installation will constitute a valued addition to the business interests of Sudan Community, and the Whaley company is to be commended for its fine demonstration of public spirit, in providing for the town an enterprise of such magnitude. But then, the Whaley company never does things by halves.

FOR SALE—Seven-gallon Holstein cow, fresh in November. H. H. Weimhold, Sudan, Texas.

The First Lap Is Run

Now, then, locate your favorite's position. If you are satisfied with her place, keep her there. If not, put her there during the Second Period.

THE AMERICAN CREED

"I believe in the United States of America and the principles of freedom, justice, equality and humanity upon which it was founded and for which American Patriots have given their lives and fortunes.
"I believe it is my duty towards my country to love it; to support its constitution; to obey its laws; and to defend it against all enemies."

Any erroneous reflection upon the character or reputation of any person, company or corporation which may appear in these columns will be gladly corrected upon its being brought to the attention of the management.

"BOOST OR MOVE."

CO-OPERATION WILL WIN.

Sudan is on the up-grade. Each year sees her a long stride ahead of the previous year. Nothing can stay her progress so long as her citizens work with an eye single to the success of their town.

And, The News is pleased to note that of late there is manifest in Sudan a new spirit of co-operation; also an increased spirit of civic pride and enthusiasm. This is as it should be.

Now The News wishes to touch on a delicate matter in the public affairs of Sudan, and we hope no reader will take our remarks to personally, and that all will believe we speak only for the progress of Sudan.

There are in Sudan—as in every building town—some personal prejudices; some strong likes and dislikes. Some have incurred the ill will of others—this from various causes no doubt sufficient to the individuals. But be that as it may, these prejudices do exist here to a certain extent, and we must take them as facts, without going into reasons and causes.

But the point The News wishes to stress is, that these personal differences can and should be buried or laid aside whenever Sudan's interest is at stake. All can and should forget or ignore them and work in complete harmony with our Chamber of Commerce in its determined drive to boost our town to the front among Plains cities.

The News can be sure only that it speaks for itself (but hopes its sentiments are those of all other Sudan institutions) when it states that the News management will sink all personal feelings that may be entertained if at any time this becomes necessary for the good of our community. Will others agree to

do the same? If all will make this concession, we can meet the future with a united front and nothing can stop us. If we carry personal matters into public affairs, only failure can result.

The News columns are open at all times to any matter calculated to further the interests of our community. Now let's all get behind our Community Day (for a starter) and put it over with a bang! Then we'll go on to something further.

In Swim, Ore., a citizen is a swimmer, whether he can or not. Just like a bathing beauty.

Just what you think of the other fellow is perhaps the other fellow's opinion of you.

Good teamwork will win a baseball game, a football game, or make a town grow.

And who would have predicted our splendid system of good roads 50 years ago?

The hay fever people no doubt view every roadside blossom with alarm.

This is the age of a dollar down and a dollar maybe.

Airmen keep the eyes of the world looking upward. Newspaper advertising creates new business.

PLAYING POLITICE WITH EDUCATION.

(The Southwest Plainsman)
Although it is popularly supposed that the citizenship of the United States is becoming more and more intelligent and enlightened, it still appears to be possible for politicians to "pull the wool" over the eyes of the voters quite as successfully as ever. A grand stand play such as Governor Moody's wholesale vetoing of appropriation bills is quite likely to impress the unthinking with the idea that he is disposed to save the people's money while all the time the primary object is merely to create just exactly that sentiment. He has made the play and now he will call another extra session of the legislature—which will be the fourth—and that body will pass some measures calculated to rectify the most glaring injustices resulting from his campaign of economy. Thus the "buck" will be passed to the lawmakers and the Governor will score with the "penny wise and pound foolish" contingent of voters. It was to be expected that the institutions to feel most keenly the severity of Moody's economical penchant would be the schools of the state. For some reason or other, cutting down school appropriations has long been a favorite method of economizing, both with the legislators and the executive. Money for the education of the children of Texas seems to be given grudgingly at all times and almost every educational institution is constantly handicapped by lack of funds. It goes without saying that the number of scholastics matriculating at our colleges increases every year, necessitating more teachers and more buildings for their accommodation and yet, Governor Moody has seen fit to cut down every appropriation asked for to the point where even the salaries being paid to present employes may have to be reduced and makes it certain that neither more teachers nor more room will be provided for the hundreds of new students who will enroll at each institution in the next two years. Only two or three of the new buildings asked for escaped the veto. Evidently Governor Moody aspires to succeed himself in the executive mansion at Austin or hopes to be a candidate for some other high office and it doesn't matter at all how much the efficiency of the state's educational institutions is impaired if he can ride into office on an "economical plank."

Drive a Chevrolet Six!

--so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

--so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

--so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

Our method of telling you our Special Prices is by advertising in The Sudan News.

This is an unsolicited appeal to you, your friends and neighbors, to subscribe for this good paper at this time.

In addition to the pleasure of helping some favorite contestant to win a prize, you will receive your money's worth in news, and you will receive the only medium we have to convey our Saturday Specials to your home.

Subscribe at once and watch our ads—there are many times that you can save enough on one order to pay the small subscription fee.

Sincerely yours,

M SYSTEM, Sudan, Texas.

We Buy Fat Cattle and Hogs.

THE SUDAN BAND heretofore has been made up of boys and men only, but on account of a number of girls and ladies wishing to study Band music, membership is extended to all wishing to study. There will be no tuition charged each member except a small fee monthly for music, etc. This is a golden opportunity for the person wishing to study music to do so with very little cost for instruction. Band musical instruments can be bought on easy payment plan

so that any boy or girl can pay for his or her instrument. Give your child a good musical instrument and he or she will love to stay at home more. For information see D. W. Crain at The Sudan News office.

Many theories, all wrong, have been advanced as to the imprisonment of Al Capone. The truth is that Philadelphia is a strong believer in protecting home industries against foreign competition.—The New Yorker.

Farm Bureau Department

J. W. HAMMOCK, Correspondent

FARM BOARD FINANCES CO-OPS

The Federal Farm board has agreed to advance certain funds to both cotton and wheat co-operatives to assist in the movement of this year's crops and thereby help the associations more completely to meet the requirements and needs of members than would otherwise be possible.

All associations which qualify for loans from Federal Intermediate Credit banks will be eligible for supplemental loans from the Federal Farm board. The board will use the machinery of the banks in handling its money and can make loans only on wheat or cotton which has previously been pledged to the banks.

Two types of loans will be made on both cotton and wheat. Type on cotton and 10 cents per bushel on wheat where 65 per cent of the value has already been borrowed Credit bank. These supplemental loans by the board will thus make a total advance of 75 per cent of the market value at time of delivery on unpledged or in fixed cotton and wheat will provide larger sums than has previously been available as advances to growers.

Type two advance covers cotton and wheat on which the price has been fixed either by a hedge in the futures market or by a reliable contract of sale, and provides that in such cases the supplemental loan shall be 25 per cent of the fixed value in addition to 65 per cent previously advanced by the Federal Intermediate Credit banks.

This type of loan is designed to cover the needs of optional pool members in both cotton and wheat and covers cases where the member calls his cotton or wheat before it has actually been sold.

The combined loans under this plan from Federal Intermediate Credit banks and the Federal Farm board thus amount to 90 per cent of fixed value. The Federal Farm board believes these two types of loans will rather completely meet all finance requirements of both cotton and wheat co-operatives and enable these associations to serve their members more satisfactorily than they have ever been able to do.

Members of the cotton and wheat growers associations may choose at shipping time the type of loan they wish and thus secure an advance of 75 per cent on unfixed crops or 90 per cent on wheat or cotton called for sale on the day of shipment. Before this issue reaches its readers the money should be available from the board.

FARM NOTES

D. A. ADAM, County Agent

Robert L. May of Amherst, who cut his soy bean acreage last week has five tons of fine quality hay from his five acres. He expects to feed this in his dairy rations.

The 4-H Club of Spring Lake held their monthly meeting on Thursday, Sept. 12, and was attended by 20 boys. Mr. Wilkins' new agriculture teacher also was present and will assist in leading these boys during the ensuing year, states D. A. Adam, County Agent. All of these boys expect to exhibit some field crops at the county fair.

Much interest is being taken by the farmers in the Dairy Show in connection with the county fair at Amherst. Every one having purebred stock is especially invited to attend.

The Lamb County agricultural exhibit is about ready to go to Amarillo and Lubbock fairs. It leaves here Sunday, Sept. 22 for Amarillo, and will be in Lubbock on the 29th.

C. V. Harmon of Amherst has a good purebred heifer which came fresh this past week bringing a nice bull calf. Looks like she is going to be a wonderful milker.

Weldon Shaffer, 4-H Club boy, who is carrying a dairy project, has a nice purebred heifer that is milking 32 pounds daily.

President Hoover May Visit Texas

WASHINGTON, Sept. 16.—The possibility has developed that President Hoover may visit Texas this Fall after all.

It was said at the White House late Monday that the chief executive may go to Texas some time after returning to Washington from his coming trip to Detroit, Cincinnati and Louisville. The second journey, it was added, might possibly begin within two or three weeks after his return.

Previously the White House had denied that the chief executive would be enabled to visit the Lone Star State in the near future.

Maybe one reason why we don't have women presidents is that few of them ever reach the required age.—Jackson News.

Things really do look better for the old democratic donkey. A. Smith has been made an honorary member of the American Society for the Prevention of Cruelty to Animals.—Milwaukee Journal.

at the Federal Intermediate Credit bank at Wichita.

From reading the above editorial it will be seen the Federal farm board has made all arrangements to finance both cotton and wheat through existing co-operatives.

This help should be used this season on cotton at least, by farm Bureau members.

A small group of men, headed by Governor Moody and some of those who said a few days ago that the banks were amply able to take care of the cotton situation, are this week having a great meeting at Houston. They seem to want to climb into the government aid band wagon some other way except the way the bill provides.

It looks to the writer as though this is one time that the people who are against cooperative marketing by the farmer controlled organizations are going to find it hard sledding to get farm aid for bankers and politicians.

President Hoover has apparently succeeded in getting a group of men on the Farm board who just cannot hear the appeal of any one except the farmers themselves, through their duly elected leaders of their cooperative groups. Men are signing up with the Farm Bureau in Texas every day, knowing that their only chance to better the interest of the farmer is through an organization that is working in the farmers' interest.

**LADIES OF THE CHURCH
OF CHRIST BIBLE STUDY**

The class met with Mrs. C. A. Daniel Tuesday with five present. Several of our members are sick or have sickness in the home, so our attendance was short. We hope for more to be present next time.

Our next lesson will be a continued study of the Divided Kingdom, scriptures covered, 11 Kings, 12 to 20.

The class meets with Mrs. J. A. Hutto next Tuesday.

Reporter.

HEAL THOSE SORE GUMS

Even after pyorrhea has affected your stomach, kidneys and your general health, **Leto's Pyorrhea Remedy**, used as directed, can save you. Dentists recommend it. Drug-gists return money if it fails.—H. G. Ramby Drug Store.

J. O. Barnett, manager of the Baileyboro gin, was hauling out material for repairing the building this week. He reports that the gin machinery has been gone over and put in good condition for the coming season and that he anticipates a big run this year.

R. V. Hudgens, 11 miles southwest of Sudan, was here yesterday. Mr. Hudgens reports good crops on his farm. He stated that he would probably gather 35 bales of cotton from his 75 acre field, and also stated that he had 140 acres of feed that was real good. Mr. Hudgens has resided in this territory since 1924 and states that he is well pleased with his 1929 crop.

A number of folks that attended the ball game at Lubbock Sunday reported plenty of rain and mud on the way back.

Don't forget the Trades Day at Sudan Monday Oct. the fifth Come and bring your tickets.

Mr. D. W. Crain, local band instructor, conducted the Littlefield band last Monday nite in the absence of Prof. Monte Bowron the instructor at Littlefield.

Remember Sudan is putting on a tradesday each month beginning the fifth of October. Kum.

Mr. and Mrs. A. C. Findley purchased the Walter Grissom residence the latter part of last week.

The double brick and tile store building being erected by W. G. McGlamory on Main street is fast assuming proportions. This building will add materially to the business section of Sudan.

Mr. and Mrs. T.R. Reynolds of Abilene were in Sudan the first of the week visiting Mr. and Mrs. D.W. Crain.

Monday morning Sudan woke up to see cars all over town stuck in the mud. The excavations for the water mains had proved efficient traps and after Saturday night's heavy rain, cars had sunk into them very easily. The wrecking cars and every other appliance were brought into use, and for a day or two it certainly took careful driving to navigate the streets of Sudan.

Mr. and Mrs. Sam McCluney and son Joe of Frederick, Okla., were guests of Mr. and Mrs. Chas. Crawford Saturday, and also visited their niece, Mrs. A. E. Robinson of Baileyboro for the week-end.

**EXPRESSION TEACHER
FOR PUBLIC SCHOOLS.**

Beginning Monday, Sept. 9, Miss Lucille Jordan of Lubbock, formerly of Houston, will begin an expression class at Sudan schools. The prices will be \$5 per pupil per month. Miss Jordan will also present several plays throughout the coming year.

Canyon school officials greeted and entertained over 1000 teachers representing 18 Panhandle counties in the annual institute. Many teachers of the West Texas State Teachers College were on the program and special lectures were given during the sessions.

You Can Afford
to Own Your Own Home

and we can show
you how to do it

Thousands of families will start housekeeping in their own new homes this year. Let us tell you how to build with economy and for lasting beauty and comfort.

The Right Home For You-

Start now to decide on the kind of materials best for the home you would like to build—wood, stucco, or brick; the number of rooms; arrangement; style of architecture; kind of roof; and the host of other questions!

Distinctive Outside And Inside-

Even before you are sure you can finance your new home, careful forethought may be the secret of getting it years before you hoped you could—and having it charming, comfortable and exactly suited for you! Start this first step now to make your dreams come true.

Use Our Service-

We're here to serve you with information and literature about home building. Look over our plan books, ask for information about financing, and get our answers to your other questions.

Come in or let us call and talk with you about how a beautiful home may be built without great expense.

METHODIST NOTES

There is being conducted this week at the Methodist church, a second training class. Rev. C. R. Hooton is teaching the book "What Every Methodist Should Know" to a class of about 22. Fourteen certificates were issued to the last class held in August.

A Young People's Missionary Society has been organized with 12 charter members.

The Senior and Epworth-Hi Leagues are growing each week. Eight new members were added to the rolls Sunday.

Mrs. Hooton was hostess to the Senior Epworth League in an enjoyable social at the parsonage last Friday evening.

The Sunday School grows every Sunday. Officers and teachers are now planning for Promotion Day exercises for the first Sunday in October.

There will be preaching here Sunday morning, Sept. 29th, the Fifth Sunday service.

C. R. HOOTON, Pastor.

BENEFIT CONCERT.

The Woman's Missionary Society of the Amherst Methodist church announces that on Friday night, Sept. 27th, they will give a benefit concert, featuring Mrs. Otis Strother, pianist, of Amarillo, and Rev. and Mrs. C. R. Hooton of Sudan. The program will be at the high school.

Mrs. Truelove will be remembered here as the beautiful soprano voice heard in the auditorium last winter. Mr. Strother is one of the Panhandle's cleverest musicians. His pianologues are unusually entertaining and he will be an attraction seldom offered in this section.

SUDAN, TEXAS

TOWN AND COUNTY

Mr. V. C. Nelson and Miss Myers of Sudan were visiting in Muleshoe Sunday.

Miss Lucile Jordan, the expression teacher in Sudan, was visiting friends and relatives in Lubbock Saturday and Sunday.

Mr. and Mrs. J. O. Covington and family and Mr. and Mrs. Albert Findley attended the singing convention at Olton Sunday.

Miss Evelyn Taylor, a member of the grammar school faculty, attended the singing convention at Olton Sunday.

Misses Mary Helen Foster and Mildred Hunt motored over to Littlefield Saturday night.

Waldo Fisher, who spent the summer in Borger, Texas, returned home Saturday.

Miss Georgia Chapman was visiting in Lubbock last week-end.

Mr. and Mrs. Jim Serratt were in Amherst Sunday.

Mr. and Mrs. Irvin Omstead were visiting in Amherst Sunday.

Mr. Duckworth, Donald Robertson, Jack Lenderson, Coleman Terrell and Noel Lumpkin were practicing dairy judging in Lubbock Saturday.

Marvin Thomas visited in Lubbock Saturday.

We are sorry to report the death of Mr. Jack Kelly, a farmer and ginmer of Earth, Texas. He was buried in Plainview Friday, the 13th. A number of Sudan citizens were present at the funeral.

Mr. and Mrs. Dudley Kent of Sudan were visiting Mrs. Kent's mother in Muleshoe Sunday.

Mr. Harold Fain of Lubbock visited friends in Sudan Sunday.

Clovis West of Sudan, who has been attending business college at Lubbock, visited friends and relatives here last week-end.

Mr. Cyrus Nusbaum will be in Amherst this week with his series of lectures.

Mr. H. E. Smith and sister, Miss Estner Mae Smith of Canyon were visitors in Sudan last week. Miss Smith returned the latter part of the week and Mr. Smith will visit a while longer.

Mr. Elwin Hamilton of Lubbock visited friends in Sudan Sunday.

Mr. and Mrs. J. R. Stratton and family, Mr. and Mrs. V. T. Sayers were guests of Mr. and Mrs. T. A. Askew Saturday evening.

Miss Opal Rollins of Wayland Baptist College at Plainview was visiting friends and relatives in Sudan the past week-end.

Mr. James Alldredge, Miss Jinkins, Mr. Gee, Mr. Jinkins, Miss Lamb visited in Lubbock Saturday.

Miss Kirk, a member of the high school faculty, spent the week-end in Plainview.

Miss Ida Ruth Carruth spent Sunday with Miss Jewell Ham-nock.

H. B. Smith was in Sudan the first of the week visiting his brother and friends.

Mr. Clint Dyre and Weldon Finley attended band rehearsal at Littlefield last Monday nite.

Bruce Harris, manager of the Hokus Pokus for the past few months, has moved with his family to Lubbock where he has accepted a position as meat cutter in one of the markets there.

The rain that fell last Sunday would have probably suited most of us more about thirty days ago, out of course we dont manage those things.

When in doubt join the Sudan Band. Music has a wonderful way of settling the mind.

Don Bayles, who has been spending the summer with home folks at Anadarko, Okla., returned to Sudan and has resumed his duties at the Terry Gin where he has been employed for the past few years.

L. S. Munger of Abilene was transacting business in Sudan Tuesday. Mr. Munger reports plenty of rain between here and Abilene.

J. W. Hammock and daughter, Jewell were in Muleshoe Saturday.

Mr. and Mrs. Sam Davis and two children, Miss Violet and Bascomb, of Littlefield were visitors Sunday of Mr. and Mrs. Milton Roberts, two miles south of town. Mr. and Mrs. T. H. White were also guests in the Roberts home.

Miss Julia Peachy and little niece, Jean Peachy of Pratt, Kans., are visiting the latter's parents, Mr. and Mrs. Walter Peachy. Miss Julia is a sister of Mr. Peachy.

Prof. Wilkins and famly motored to Olton last Sunday to attend the Singing Convention.

Buster Hamilton, who has been employed at one of the garages in Lubbock for the past six months, has accepted a position with the Hutto Chevrolet Co. Mr. Hamilton held this position for several years before going to Lubbock.

Mr. and Mrs. Willie Findley and children of Fairfax arrived Tuesday evening for a visit with their parents, Mr. and Mrs. J. B. Findley and family.

Mrs. C. R. Hooton and little son Billie, and mother, Mrs. Eberhart, went to Lubbock Sunday where they joined Mr. Hooton and all left for Amarillo to attend Judge Tom Turner's funeral. Judge Turner was killed in a car accident.

H. C. Holt has purchased the Joe Rone place in the east part of town.

Clyde Florence has moved into the A. C. Findley property recently purchased from Walter Grissom. Mr. and Mrs. Grissom are making their home with Mr. and Mrs. R. M. Grissom.

A. J. Nordyke of Bula was a business visitor in Sudan Wednesday.

M. S. Lane, 12 miles south of Sudan, is building a modern five-room residence on his farm.

L. S. Munger of Abilene spent the first part of the week in Sunday and vicinity looking over his ranch interests. While here Mr. Munger was the guest of Mr. and Mrs. Johnnie Robertson.

J. C. Whaley of Gainesville is in Sudan attending to his lumber and land interests.

Johnnie Robertson is attending to business matters in Lubbock and Lamesa today.

Ralph Brewer of the Whaley Lumber Company went to Whiteface yesterday and brought back a pair of wagon scales to be used by the company at the feed mills.

Some of the good citizens of Sudan say that the dirt over the water mains is a shade soft this rainy weather.

The Sudan Band has the job to play the Fair at Morton the fifth of October. This Band has played several successful engagements this season.

Mr. and Mrs. Geo. W. Sikes of Loveland were visiting Mr. and Mrs. D. W. Crain the first of the week.

The foundation work is being pushed on the new elevator which the J. C. Whaley Lumber Company will erect alongside the Santa Fe property in the southern part of town.
