

## Twelve Candidates for Governor Now in Race

So People of Texas Should Have No Difficulty In Picking a Candidate of Their Choice From This Array of Material.

Twelve candidates for governor of the Lone Star state are already in the democratic race, and it is intimated that more names may be added to the list within the next few days.

Lynch and T. W. Davidson both former lieutenant governors, are possible candidates and it is not at all unlikely that by the time The News is mailed this week that both will have announced. The Davidsons ran neck and neck in the Miriam A. Ferguson run-off Lynch receiving 141,298 votes and T. W. 135,011, the former being third from the top and only 3,216 votes behind Mrs. Ferguson who went into the run-off, and won the nomination from Felix D. Robertson of Dallas. In the 1926 primary Davidson was a candidate and again ran third Governor Moody receiving as many votes as Davidson and Mrs. Ferguson, seeking renomination, combined.

Robinson of Waco, former newspaper publisher.

In this connection it is interesting to list candidates for state offices. Next to governor, lieutenant governor, the attorney general's office, and the office of commissioner of agriculture are attracting the most aspirants.

Candidates for lieutenant governor are James P. Rogers of Houston; J. D. Parnell of Wichita Falls; W. H. Bledsoe of Lubbock; Sterling P. Strong of Dallas; and L. H. Darwin of Paris.

R. L. Bobbitt of Laredo, filling out the unexpired term of Attorney General Claude Pollard, is a candidate, and others seeking the office are Representative Cecil Storey of Vernon; J. V. Alred of Wichita Falls; Joe Burkett of San Antonio; and Ernest Becker of Dallas. Storey was a member of the house for eight years. Alred was a candidate in 1926 and lacked only a few hundred votes of topping General Pollard, and Burkett is a former state senator and a former member of the state highway commission.

The latest corrected list for candidate for Governor: Oscar F. Holcomb of Houston, former mayor of that city; E. G. Senter of Dallas, former state senator; former National committeeman and one of the leaders of the movement within the party to bolt the presidential nomination of Alfred Smith in 1928; Miss Katie Daffan of Ennis, active in work of the United Daughters of the Confederacy; Barry Miller of Dallas, lieutenant governor for six years and former state senator; T. N. Mauritz of Ganado, member of the House of Representatives and advocate of an income tax; W. Gregory Hatcher of Dallas, state treasurer for six years; Charlton Brown of Mineral Wells; James Young of Kaufman, former congressman; Earle B. Mayfield of Austin, former United States senator, and former member of the Railroad Commission; James E. Ferguson, former governor and husband of Miriam A. Ferguson, Texas' first woman governor; and Fred B.

Candidates for commissioner of agriculture to succeed George B. Terrell, who will not seek reelection, are J. H. Burkett of Clyde, Rep. A. H. King of Throckmorton, E. L. Coy of Goree, W. T. Parker of Corsicana, Ed Waller of San Marcos, and R. M. West of Navasota.

Ed Christian of San Antonio, Charles R. Lockhart of Austin, and J. R. Ball of Bryan are candidates for state treasurer, and chairman of the Railroad Commission, is opposed by Senator Nat Patton of Crockett for the regular six-year term as member of the commission.

Those so far unopposed are J. H. Walker of Austin, commissioner of the general land office; S. N. M. Marrs of Austin, State superintendent of public instruction and George K. Sheppard, of Sweetwater, comptroller.

## ANOTHER NEW INDUSTRY OPENS FOR BUSINESS

Sudan keeps growing all the time, and there is hardly a week that some new industry is not opened up for business in the town. This is as it should be, and is proof conclusive that Sudan is going to make one of the best cities on the South Plains.

This week Mr. E. M. Brown announces the opening of his tin shop in the building just east of the Hutto Chevrolet agency. Mr. Brown comes here from Tulsa, Oklahoma, where he has been engaged in business for the past several years, and he states he is very much pleased with Sudan and has great faith in the future of the city and predicts that within a very short time we will be a city indeed.

Mr. Brown is an experienced workman, and has spent a lifetime in the work. He is well equipped to handle any and all kinds of work in his line and the News is indeed glad to welcome him to our city.

## NEWS SECURES SERVICES OF CAPABLE NEWSPAPER MAN

Mr. W. R. Thurman of Altus, Okla., has accepted a position with The Sudan News and will move his family to this city at an early date.

Mr. Thurman is a practical newspaper man of many years' experience, an old friend of the publisher, and a gentleman whom The News heartily commends to the confidence of the community. The News feels satisfaction in securing the services of Mr. Thurman and confidence that every need of the community it, the printing line will be carefully looked after.

Mr. Earber will continue to edit The News as heretofore and we hope, through their combined efforts, to continue the steady progress achieved in the past.

## GAS TURNED INTO CITY MAINS

Sudan now has gas. Connection has been made with the lines of the Southwestern Gas Company, and householders of Sudan may now secure this most satisfactory fuel and lighting supply.

Meters are being installed as rapidly as possible, and the sooner your application is placed, the sooner your worries will be over.

Now, with water and gas in abundance, let's go on to other needed improvements—sewers and paving. Sudan must continue to advance. Not to do so will mean to retrograde—a possibility we must never for a moment consider.

## TOWN AND COUNTY ECHOES FROM SCHOOL PLATEAU

FOR SALE—Five year old Jersey cow and good young calf. This is a four gallon milker and will milk without the calf.—Call at The News office.

W. W. Robinson and wife left early Tuesday morning for Duke, Oklahoma, where they will spend a short time and where Mr. Robinson has work for the present. They will return to Sudan during the summer, stated Mr. Robinson, as he likes the town and country.

Born to Mr. and Mrs. F. E. Milton, 15 miles west, a boy on March 30.

Mrs. Lois Tombs, who teaches at Circleback, has been ill for the past week and unable to attend to her duties, but is somewhat improved at this time.

The small son of Dudley Kent underwent an operation for removal of his tonsils the first of the week. Dr. Foote reports him doing nicely.

Several people from Sudan attended preaching at Center last Monday night. Bro. W. D. Black of Petersburg began a series of meetings there to continue through this week and next.

Clovis West is at home with his parents at the present time.

The junior and senior classes of Sudan High School went from school on an all-day picnic Tuesday. When they returned to town it was very hard to tell whether they were black or white.

Miss Virginia Lumpkin was confined to her bed during the first part of the week with a serious cold.

Miss Evelyn Taylor spent the past week-end in Lubbock with friends. Sunday afternoon she visited friends in Littlefield.

Mr. and Mrs. Roy Killingsworth and children and Mr. and Mrs. E. E. Ivey were in Littlefield, shopping and attending to business, Monday afternoon. Mr. and Mrs. Ivey are driving a new Chevrolet sedan, and to say they are proud of it would be expressing it mildly.

Mr. and Mrs. Otto Sauer and Misses Margaret Stephens, Alice and Ester Burrell were visiting in Lubbock Sunday.

Mrs. Walter Florence accompanied her father, G. F. Henderson, to Anson where the latter was left in the care of a physician.

Mr. and Mrs. Alderson of the Alderson Dry Goods firm, were in Lubbock Tuesday and attended the Style Show staged there.

Mr. and Mrs. Jack Foust accompanied the latter's sister, Mrs. R. M. Marchbanks, and little son to their home in Lubbock Sunday. They also visited relatives in Littlefield.

Messrs. Elmer Loyd and F. A. Loyd of Amherst were visiting friends in Sudan Friday.

The Twelfth Annual Convention of the W. T. C. C. will be held in Abilene May 29, 30 and 31.

Mr. and Mrs. Porter Earnest spent Sunday in Olton with friends. They also drove to Plainview and spent a few hours.

Mrs. W. A. Clements was confined to her home Tuesday on account of illness.

Owen Bates of Lubbock was visiting relatives in Sudan Tuesday.

Mr. and Mrs. C. P. Smith of Littlefield were in Sudan Wednesday visiting friends.

Mr. and Mrs. L. T. Hunt and daughters Mildred, Katherine and Lillian, were in Lubbock shopping and visiting, Monday.

The band contests of the W. T. C. C. will be held under the supervision of the West Texas Band Master's Association.

Mr. and Mrs. J. A. Hutto have moved from the Woods property to the J. J. Blanchard place. Mr. and Mrs. Blanchard have moved to their farm which they recently traded for.

Mrs. Vada West, daughter of Mr. and Mrs. B. W. Robinson of the Longview community, died Saturday and was buried Sunday in the Sudan cemetery.

A. Stuart, of the Stuart Hardware & Furniture Store, is enlarging his stock of undertakers' Supplies and has also added an ambulance. Mr. Stuart has also built on a bathroom to his residence and is doing other improvements in his store in the way of painting and varnishing.

Everybody seems busy now making preparations for the "home stretch" of a winter of hard work. Disappointments have come and gone. Tasks have been undertaken. Some of them have been mastered; others have been passed up as things too hard for high school boys and girls.

Within the past week two supervisors have visited us. Mr. J. C. Dykes is the vocational supervisor. He was with us Thursday of last week, spending the day with the agriculture class. At noon Mr. Wilkins took him and Mr. Duckworth to lunch. At the table they were met by Mr. Francis Miller. During the luncheon different phases of the vocational work were discussed. After his day with us over Mr. Wilkins took Mr. Dykes to Olton to visit the vocational work over there. They went to Spring Lake where an application for vocational reimbursement has been made for the year 1930-1931. It would be a shame to any vocational department to see aid for this greatest rural school in Texas turned down, but there is no reason why such an act should be carried out; therefore we congratulate the entrance of another Lamb county school into the ranks of those having vocational training. We in Lamb county are proud of the fact that more than 50 percent of its high schools already have vocational training.

Friday of last week Mr. Brown, of the high school division of the State Department of Education, spent the day with us. Luncheon time was taken off again by Messrs. Brown and Wilkins having lunch together, spending the spare time in discussion of our needs. Mr. Brown was very complimentary over the work being done in the face of misfortune. We are hoping for some splendid reports to be made to the office within a very few weeks.

We are now looking forward to a visitor from the Home Economics Division, looking toward our request for affiliation in the third year of that subject. Should we secure these credits this year it would be an event almost unique against conditions such as we are facing.

Tuesday of this week was "All Fools' Day," and official permission was given the juniors and seniors to take the day off for a picnic. This was a gift from the school board and the superintendent because the two classes will be compelled to miss many of the delights of this year's work. The classes spent their day over in Bailey county under the chaperonage of their sponsors, Mr. Talbot and Miss Kirk.

We are sorry indeed to report that Mr. Herren is still in Haskell county. He left us Monday night of last week to go to the bedside of his father who is very ill. He was taken with flu on his way down there, being compelled to stop at Spur. Next day he arrived in Haskell, but at last hearing he had not been able to leave his bed. We hope that both he and his father will soon be completely recovered and that he will be back with us.

Several of the pupils of the lower high school and upper grammar grades walked home instead of riding on the busses Tuesday of this week.

One complaint made to the school authorities this week is against some of our smaller boys, who have visited the stock pens and someone while the boys were there placed stones on the steel rails of the road. This came very near causing a passenger wreck that evening, wreck that might have been disastrous to human life. Parents and officers should give some insight into this matter. Loss of life can very easily result from carelessness of this kind.

A check-up of the freshmen and sophomores on Tuesday of this week showed 101 of the two classes actually in school on April 1, a very good record indeed for those grades.

Nearly 200 volumes of books for our library are due to arrive this week. Mr. Jones has already completed a section of the bookshelves to receive these new books. These volumes, together with the encyclopaedia bought by the school board and the freshman-sophomore classes, and the dictionaries that have been ordered and received, will make us a good showing for the remainder of this year, and will give us a good start when we go into our new building another year.

The seniors have received their visiting cards for their commencement invitations. Their diplomas have been ordered, and received. Arrangements are complete for the wearing of their caps and gowns. After next week ranking positions in their class will be announced. For the highest ranking boy and girl there will be scholarships ready for presentation. These scholarships, in addition to the honor, will pay a portion of the freshman expenses in college. The dream of each high school senior is to be an "honor pupil."

## LAMB COUNTY FARMERS ARE INTERESTED IN COTTON CONCENTRATION POINTS

Several Lamb county farmers attended the meetings at Lubbock Monday in the interest of having the American Cotton Cooperative Association designate headquarters at Lubbock for division number 2, planned in the new setup under the supervision of the Federal Farm Board.

It is planned to have at least 6 points near Lubbock where there is sufficient cotton for them to qualify as a ten thousand bale unit, while Lubbock would be the headquarters and qualify for the 100,000 bale division point. Where a territory reaches a delivery of 100,000 bales they may be allowed to have their own management and overhead expense account. They may then deal directly with the American Cotton Cooperative Association, and have all the privileges of a state organization here at home.

There should be a 10,000 bale point located in Lamb county, and will be, according to state directors if the business interests in this section will show the proper interest and underwrite their part in the movement. It will be arranged for the non-members to have their cotton classed and given the information as to what that class of cotton will sell for in the markets of the world, on the day they make application for this service, by paying fee.

It will not be known whether Lubbock will qualify for headquarters until after the meeting of their Chamber of Commerce and Board of City Development, in that city on Wednesday, April 2nd, to decide whether they will underwrite their part of the guarantee of the movement.

However, that will not affect the chances of Lamb county's going after the 10,000 bale point, and securing the services of a government grader for this section, who will serve every cotton grower who may want this service. The Agricultural Marketing Act has made possible all the things mentioned in the new setups, sponsored by the Federal Farm Board, through the officers of the A. C. C. A at this time.

Your Uncle Sam does not generally fail when he starts a movement for the good of all the people of this great nation, and the people who now trust their cotton selling to him need have no fear but that the resources of their government are going to see that they get a square deal.

J. W. HAMMOCK.

John Wood, 73 years of age, buffalo hunter, and reported to have built the first house in the Panhandle is dead at his home at Canadian. He passed away last Thursday, after having been in ill health for several years.

Mr. Wood came to the Panhandle in 1873 with his father. The family are said to have lived in a tent on the present site of Canadian during the winter of 1874 and in 1875 to have erected a house on what is now the Wiley Wright ranch east of Canadian. This is said to have been the first house constructed in that section of the Panhandle.

For several years after moving to the Panhandle Mr. Wood was engaged in buffalo hunting. He is said to have been one of the early peace officers of the section and served in a number of official capacities during the early days of the county. He served several years as city marshal of Canadian, but retired several years ago, due to ill health. Many people of the west are well acquainted with Mr. Wood and have met him in Canadian during the time he was city marshal and before the city was organized.

Mr. Wood is survived by five sons and three daughters, all of whom reside in the west, and most of whom have had an important part in the development of this section of the southwest.

Funeral services were conducted Thursday afternoon from the Baptist church of which deceased had been a member for a number of years, with interment in the city cemetery.

## Buffalo Hunter of Plains Dies at Home in Canadian

John Wood, 73, Noted Pioneer and One of This Section's First Peace Officers, Buried in City He Help Build.

John Wood, 73 years of age, buffalo hunter, and reported to have built the first house in the Panhandle is dead at his home at Canadian. He passed away last Thursday, after having been in ill health for several years.

Mr. Wood came to the Panhandle in 1873 with his father. The family are said to have lived in a tent on the present site of Canadian during the winter of 1874 and in 1875 to have erected a house on what is now the Wiley Wright ranch east of Canadian. This is said to have been the first house constructed in that section of the Panhandle.

For several years after moving to the Panhandle Mr. Wood was engaged in buffalo hunting. He is said to have been one of the early peace officers of the section

and served in a number of official capacities during the early days of the county. He served several years as city marshal of Canadian, but retired several years ago, due to ill health. Many people of the west are well acquainted with Mr. Wood and have met him in Canadian during the time he was city marshal and before the city was organized.

Mr. Wood is survived by five sons and three daughters, all of whom reside in the west, and most of whom have had an important part in the development of this section of the southwest.

Funeral services were conducted Thursday afternoon from the Baptist church of which deceased had been a member for a number of years, with interment in the city cemetery.

## LIGHT VOTE POLED HERE IN ELECTION TUESDAY

Tuesday's election caused but little excitement, and the interest shown was decidedly not up to par. The vote was very light, only 77 voters going to the booths to cast their ballots for their favorite candidate, but the fact that most people were busy and were pretty well satisfied that the majority would vote their sentiments caused a large number to remain with their business and risk their neighbors and friends to vote for the best interests of the city and community.

For Mayor, I. G. Marrow received 57 votes against S. E. Miller, who received 18. Either of these gentlemen would have made an excellent official, and it is apparent that everyone is satisfied with results of the election and would have been had Mr. Miller been the winner.

For Commissioner W. V. Terry was defeated by C. H. Nichols by a vote of 50 to 22. J. M. White won out over J. W. Briscoe by a vote of 59 to 16.

The election was held under the supervision of W. W. Carpenter, judge, and Mr. L. T. Hunt and Mrs. F. V. Payne acted as clerks.

Now that the election is over let the people of Sudan get in behind their officials and render them all the assistance they can in improving the city and in making it a more desirable place to live. Sudan is going to make a city. It is growing all the time and is going to continue to grow so let's all get together and work for the interest of the town in every possible way.

Any job in a small city is quite a "thank you" proposition and it is almost always the case that an official serves his town at a great financial loss. So, instead of offering criticism every citizen of the town should stand ready, willing and anxious to at all times render the officials every service possible and in every way help them solve the many perplexing problems every small town has to deal with. Let's begin now to boost louder, longer and more often for Sudan. We are going to build a city here and the co-operation of the citizens with the city officials will help materially in many ways to develop the city.

## MANY ATTEND BOXSUPPER AT FRIENDSHIP MARCH 31

E. N. Ray was in the office this week and reports that the box supper that was held at the Friendship school house on last Monday night was one of the best and most enjoyable affairs that the community had witnessed in a long time. Ninety-four dollars and forty three cents was realized clear of all expense, stated Mr. Ray, and the money will be put to good use so he stated.

The program was a very enjoyable affair, and is given below:

Welcome address. E. N. Ray.

Response from Littlefield, by L. D. Rochelle.

Response from Amherst by Rev. Watkins.

Response from Sudan by Dewey Criswell.

Music by Sudan band.

Short talk from all candidates present.

Short talk by D. A. Adams, county demonstration agent.

Address by Mr. Hale, secretary of the chamber of commerce of Littlefield.

Mr. Ray states that the people of the Friendship community feel "thankful indeed to the ones who co-operated with them in making the box supper such a great success. Especially do they thank the Sudan band for the excellent music." Mr. Ray states that Friendship is noted for the success of every undertaking, that the people out there all work together for the public good, and they have never made a failure of anything that they attempted.

## LOCAL MEN ENJOY OUTING AND CATCH MANY FISH

L. T. Hunt, Bill McGlamory, Joe Rone and Floyd Davis of this city, and Wiley Puckett of Lubbock have returned from a trip to the Pecos river where they spent several days last week on a fishing excursion, that was a very enjoyable affair, according to reports that have been circulated since their return home.

Mr. Puckett acted as guide, as he was familiar with the country visited, and Mr. Hunt states that the places he had picked out for the trip was most ideal.

Leaving Sudan the party drove to the Pecos before nightfall and struck camp. Their fishing equipment was put in order, and according to Mr. Hunt by morning they had a nice catch of channel cat, all that could have been eaten by twice the number who had made up the party. Four days were spent along the banks of the river and Mr. Hunt states that each day they had all the fish they could do anything with, and more than could be eaten.

It was a delightful trip, state all the boys, and they are hoping to be able to make another visit to that section very soon.

E. C. Barber of The News spent last week-end in Clovis, N. M.

## WOMAN'S MISSIONARY SOCIETY

Fourth Monday we met with Mrs. A. C. Findley for general program and social hour.

Refreshments of chocolate and cake were served to about fifteen women.

Fifth Monday we met with Mrs. McGahey for devotional, then visited the remainder of the afternoon. Quite a few sick people were visited, and there are many more that we should visit. Each member help us in this and you will be helping to enroll members for Sunday School, Church and W. M. S.

First Monday we meet with Mrs. Herren in a business meeting. Every one come who possibly can. Reporter.

## STUART FURNITURE UNDER-TAKING BUYS AMBULANCE

Last Saturday Henry Scruggs of Hollis, Oklahoma, delivered to the Stuart Furniture and Undertaking establishment in Sudan a new Studebaker ambulance and hearse one of the nicest looking jobs that has been delivered on the South Plains in many a day.

This equipment has been badly needed in Sudan for a long time and naturally the owners are a little chesny over the acquisition of one of the best and most modern ambulances on the Plains.

As for beauty, we have to confess that we have not seen anything more beautiful in some time, and we are indeed proud that Sudan can boast of this very fine combination ambulance and hearse, one of the very best and most modern in the state.

## BAD CHECK ARTIST CAUGHT AT LAMPASAS

Sheriff Irvin returned Friday from Lampasas where he went to get one Washburn who was wanted in Lamb county for passing bad checks. Mr. Irvin left Monday with a Mr. Williams from the Spade Ranch for Wichita Falls where Mr. Williams was placed in an institute for the feeble minded.

City Marshal Brown of Littlefield caught a couple of young men with a load of stolen feed, Monday night. The boys made their escape, but were later caught at Lubbock and brought back by Deputy Walraen.

## BLUE BONNET CLUB

Our home demonstration agent, Miss Ruby Mashburn, met with the Blue Bonnet Club last Wednesday, March 26. The discussion was on the subject, "The Living Room," Mrs. W. P. Davis being hostess.

Our club was organized with eleven members, our number now being twenty. There were three members added to our list on last Wednesday, and we also had two visitors.

Our next meeting will be at the home of Mrs. W. A. Epperly. Reporter.

## CARD OF THANKS.

We wish to thank the good people who lent a helping hand during the illness and death of our loved one, Mrs. G. E. West. May God's richest blessings rest upon each of you.

(Signed) G. E. West, husband; Mr. and Mrs. B. W. Robinson, parents; Mr. and Mrs. M. V. Robinson, Miss Dora Robinson, Mr. and Mrs. J. W. Parton, Frank Robinson.

## THE AMERICAN CREED

"I believe in the United States of America and the principles of freedom, justice, equality and humanity upon which it was founded and for which American Patriots have given their lives and fortunes.  
 "I believe it is my duty towards my country to love it; to support its constitution; to obey its laws; and to defend it against all enemies."

Any erroneous reflection upon the character or reputation of any person, company or corporation which may appear in these columns will be gladly corrected upon its being brought to the attention of the management.

## "BOOST OR MOVE"

## WHAT COOPERATION DOES

The far-reaching results possible from the advertising program of the Panhandle-Plains, Inc., becomes more obvious as the work progresses. It is the first major project for the benefit of the Panhandle territory undertaken on a co-operative scale and its success to date is sufficient to convince all of the wisdom of the plan.

Until three years ago each city or community in the Panhandle had its own idea of how to attract new citizens. One county sent exhibits to the Dallas fair, another spent money for advertising in a farm magazine in the middle west, a third distributed literature haphazardly in this city and that.

Then, the Panhandle-Plains, Inc., was formed. It is a clearing house for farm advertising for the entire territory. It is a co-operative society doing the same work for one county as for the other. It sends exhibits to distant fairs, not for Potter or Hale

counties, but composite displays from the Panhandle Plains of Texas.

Its inquiries from prospective settlers are distributed among the different counties on an intelligent basis. If the prospect wants cotton land he is referred to the cotton counties, as an example. There is no duplication of expense.

When first formed the organization had a serious financial problem. As the respective counties saw the merit of the plan, they began contributions. Now practically all are assisting, and the three railroad systems are giving their active support.

It is a splendid example of what cooperative effort will do.

## COUNT OF NOSES

"What is the name of the head of the house?"

That's one of the questions an army of 100,000 census takers will ask when they begin rapping at doors to take the decennial count of noses and other things.

This is probably the housewife's golden opportunity to make the record glow with her own name. But the question means that she must give the name of the breadwinner. If the husband is at home, of course, he, as the head of the family, will have to answer the question.

One new question asks the value of the home, if owned, or the monthly rental, if rented. Answers to this will make possible a classification of families' buying power.

"Do you have a radio set?"  
 "Does this family live on a farm?" (If so, the enumerator must ask a long list of questions especially compiled for farmers.)

Each housewife will have twenty-four questions to answer, and she can answer without fear that family figures will be made public. The law imposes severe penalties if secrecy is not kept by the enumerators.

Yes, the census taker will be at your door very soon, most any day now. Old maids should have their ages ready.

## SAW IT IN THE PAPER

It is announced that a big company is going to make print paper from sawgrass. Then there will be something in the expression, "Saw it in the paper."

Baseball equipment has been put on display in all store windows.

The days lengthen.

## POLITICAL ANNOUNCEMENTS

The Sudan News announces the following candidates for the designated offices, subject to the action of the voters in the Democratic Primary Election to be held Saturday, July 26, 1930:

For County Commissioner  
 Precinct No. 4  
**ELLIS J. FOUST**—Re-election

Precinct 2  
**C. A. DANIEL**—Re-election

For County Attorney  
 Lamb County  
**T. WADE POTTER**—Re-election

For Tax Assessor  
 Lamb County  
**ROY GILBERT**  
 First Term

**EDWD. N. RAY**  
 First Term

For County Treasurer  
 Lamb County  
**M. M. (JIMMIE) BRITTAIN**  
 For Re-election

Miss **BESSIE BELLOMY**—First Term

For County and District Clerk  
 Lamb County  
**A. H. MCGAVOCK**—for re-election

**Feeds That Do Not Vary**  
 In giving **ECONOMY FEEDS** to the poultrymen of the South Plains it is with the firm belief and conviction that it is without peer in this section. In preparing these feeds, the greatest care and study has been taken to make a feed that will produce the maximum results when fed with home grown grains. Knowing that 95 per cent of the Plains poultrymen feed milo or kaffir, our task was to produce a feed suited to their needs and feeding conditions, instead of having to produce a feed that would produce under conditions of every nature. Such record as, \$3.75 profit per hen in one year, eggs from 4 months old pullets, 97 per cent of large groups of baby chicks raised to maturity and 2 lb. fryers at eight weeks, bear silent testimony to results of our efforts. We, therefore, offer and recommend without hesitation **ECONOMY BRAND STOCK AND POULTRY FEEDS** to the feeders of the South Plains to be used with only home grown grains, assuring you that when you buy **ECONOMY BRAND FEEDS** they will be the same—yesterday, today, next month, next year—**FEEDS THAT DO NOT VARY.**  
 "Instinctively They Grow"  
**ECONOMY CHICK STARTER**  
 WITH COD LIVER OIL  
 Composed of Yellow Corn Meal, Wheat Germ, Selected Meat Scraps, Steamed Bone Meal, Wheat Grey Shorts, Alfalfa Leaf Meal, Limestone, Linseed Meal, Milo Meal, Wheat Bran, Charcoal, Cod Liver Oil and Pure Dried Buttermilk.  
 Carrying 18.80 per cent protein, high in mineral and vitamin, soft and digestible to the last crumb, just the feed necessary to carry those delicate little fellows thru the first critical period. The feed that is turning loss into profit for many South Plains poultrymen, producing 2 lb. fryers in eight weeks and vigorous laying pullets at four and five months. The feed that you can buy with the assurance of profit. **DIRECTIONS IN EVERY BAG.** The feed that is raising 95 per cent of all chicks for others, it will do the same for you.  
 You can get this feed at

**ELECTION ORDER.**  
Be it ordered by the Board of Trustees of Sudan Independent School District that an election be held at the school building in the Town of Sudan, in said Sudan Independent School District, on the 5th Day of April, 1930, for the purpose of electing four School Trustees for said Sudan Independent School District. W. W. Carpenter is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same, and said election shall be held in the manner prescribed by law for holding other elections. The location of said election shall be made to the Board of

Trustees of said Independent School District in accordance with law.  
A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.  
In testimony whereof, witness the signatures of the President and Secretary of said Sudan Independent School District and the seal thereof hereunto affixed, this 21st day of March, 1930.  
J. O. COVINGTON,  
President, Sudan Independent School District.  
Attest: Doyle C. Morrow, Sec.

This Case Cotton and Corn Lister

# SAVES EXPENSE

AS FINE a Lister as man can build or money can buy—is this Case 2-Row Cotton and Corn Lister.

Smooth-running, easily handled and does the fastest, cleanest job you ever saw. Plants and covers as uniformly in uneven ground as on the level—the heavy tongue truck with pan type wheels steadies the machine and prevents weaving motion and pole lashing.

Beams fixed to sturdy angle steel frame. Wide range of spacing between bottoms—easily changed. Axles crank forward

causing forward pull of team to aid in raising—also places bottoms in line with wheels which causes bottoms to penetrate uniformly over rough ground.

Single seed cell drop cotton and corn plates. Also plates for sorghum and other row crops. Tip over seed hoppers— you change from one kind of seed to another, quickly, or change plates from bottom without removing seed. Drops one seed at a time—no bunching; no cracking.

The purchase of a Case Lister is an investment for greater farm profits. Drop in soon and look it over. Try our service on all farm equipment.

## WHAT A DIFFERENCE 90 DAYS MAKE!

TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days!

A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks.

Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money.

## Dallas Lady Glad to Praise Famed Konjola

Neuritis And Stomach Troubles  
Soon Banish by Power  
Of New Medicine.

"I never had the least idea Konjola would help me as it did," said Mrs. E. M. Fitzgerald, 4533 Worth street, Dallas. "My stomach gave me a great deal of pain and trouble. Gas accumulated in my stomach after meals, and the pressure against my heart cavity caused that organ to beat wildly. Neuritis attacked my sides and my right arm and shoulder. Those pains were often so severe that

I could not do my house work. I did not sleep at night and became very nervous.

"Konjola is fast bringing me back to health again. My stomach is in excellent shape and I can eat almost anything without distress. The neuritis pains are now gone, my sleep is normal once again, and my nervous condition has greatly improved. I shall always recommend Konjola to anyone suffering as I did."

Konjola works the important functionary organs of the body, drives the poisons from the system and regulates the organs of digestion and elimination. In this way glorious and abundant relief is brought about. It is recommended that Konjola be taken from six to eight weeks for the best results.

Konjola is sold in Sudan, Texas, at the H. G. Ramby Drug Store, and by all the best druggists in all towns throughout this entire section.

### ROCKY FORD CLUB

The Rocky Ford club met March 24th at 2 p. m., at the home of Mrs. Peterman. We all spent an enjoyable evening. Miss Ruby Mashburn met with us and gave us a good talk on living room improvement.

Dainty refreshments were served those who were present. One member was absent, and one new member, Mrs. W. T. Fisher was present.

The club will meet April 7th at the home of Mrs. P. S. Dean. New members are welcome. The County Council meets each first Saturday in each month.  
—Reporter.

## "Wouldn't Take \$1000 For Good Orgatone Did My Wife" Says Wichita, Tex., Man

"I simply cannot find words to express my appreciation for the benefits my wife derived from Orgatone," said J. C. Short of 1204 Clark, Wichita Falls, a retired ranchman.

"If anyone were to offer me a thousand dollars in cold cash for the good it did her, I wouldn't take it. For Orgatone has helped her more than anything she has ever taken. She thinks so much of it she has persuaded several of her friends to try it."

"For seventeen years my wife has suffered from a severe case of indigestion. She had to be very careful of what she ate and then what little she did force down would sour on her stomach and she would suffer from gas something awful. She had bilious and dizzy spells and was in a very weak and run-down condition. She had a bad case of constipation and had to take strong laxatives. She never got a night's rest, but would roll and tumble all night long.

"Orgatone was recommended so highly we decided that she would try it. You should just see her now. She sleeps fine, and has gained in strength, and can now eat just anything. And best of all she doesn't have those nervous, bilious and dizzy spells any more. Her nerves are perfectly quiet now, and her improvement is wonderful. We want to say a good word for Orgatone, because it has helped so much for her. My wife is enjoying better health now than she has in years."

Genuine Orgatone can be purchased in Sudan at the H. G. Ramby Drug Store.—Adv.

### BARBER SHOP OPENS HERE

Floyd Hollis and Wesley Evans, both of Hollis, Okla., have opened a 25c barber shop in the building between Hutto's garage and the Farmers' Produce Co. Both are experienced workmen and have been working at their trade for a number of years. Mr. Evans has moved his family here, and is for the present occupying living quarters in the rear of the barber shop. He will move to a residence as soon as one can be secured.

You waste no time at "M" System. Use a minute or an hour, at your own pleasure. The goods are ready—the checker is ready, and the large aisles arranged for quick passage. Slip in—get what you wish—slip out—simple—speedy.
