NUMBER 43

SUDAN DEFEATS CLOVIS 4 TO 2

Local Ball Team Wins in Hard Fought Bout With Crank Team of Eastern New Mexico. Large Crowd Views Game.

Sunday afternoon the Sudan ball team got off to an encouraging start in the season's contests by defeating Clovis 4 to 2.

The game was hotly contested from the opening play to the close, and some real ball was shown the large crowd in attendance. Both teams were on their metal, but the enthusiasm and expert playing of the local boys was too much for the visitors.

Following is the game in detail:

Clovis, 1st Inning.
Cox singled to right; Sidell was safe on Aldridge's error. Cox stopping at 2nd; Brownlow went out; Barnett to McWilliams, both runners advancing on the play; Stratton singled to center, scoring Cox and Sidell; Stratton stole 2nd; F. M. McComas struck out, swinging hard; Stratton was out trying to steal 3rd; Nall to Testman.

Sudan, 1st Inning.
Shaffer rolled out, pitcher to 1st; Barnett out pitcher to 1st; Aldridge out pitcher to 1st.
No runs, no hits, no errors.

Clovis, 2nd Inning.
Wisdom struck out; Crista struck out; Allen struck out.
No runs, no hits, no errors.

Sudan, 2nd Inning.
McWilliams went out 2nd to 1st; Gee struck out; Nall struck out.
No runs, no hits, no errors.

Clovis, 3rd Inning.
Cox out, Testman to McWilliams; Sidell went out the same way, 3rd to 1st; Brownlow popped out to McWilliams at 1st.
No runs, no hits, no errors.

Sudan, 3rd Inning.
Lumpkin went out short to 1st; Wingo popped out to short; Testman struck out.
No runs, no hits, no errors.

Clovis, 4th Inning.
Stratton flew out to Shaffer in right field; F. M. McComas struck out; Sylvia, batting for Wisdom, struck out.
No runs, no hits, no errors.

Sudan, 4th Inning.
Sylvia went to center field for Clovis; Shaffer singled to right; Barnett struck out; Aldridge struck out; McWilliams struck out.
No runs, no hits, no errors.

Clovis, 5th Inning.
Christa struck out; R. M. McComas struck out; Allen struck out.
No runs, no hits, no errors.

Sudan, 5th Inning.
Gee singled to right; Nall singled to center; Gee stopping at 2nd; Lumpkin singled to left, scoring Gee and Nall; the left fielder let the ball get by him, Lumpkin pulling up at 3rd; Wingo out, 2nd to 1st, scoring Lumpkin on the play; Testman flew out to left; Shaffer out pitcher to 1st.
3 runs, 3 hits, 1 error.

Clovis, 6th Inning.
Cox popped to Aldridge at short; Sidell walked and was out a few minutes later, trying to steal 2nd; Nall to Barnett; Brownlow struck out.
No runs, no hits, no errors.

Sudan, 6th Inning.
Barnett was out pitcher to 1st; Aldridge out pitcher to 1st; McWilliams safe at 1st when Brownlow fumbled his grounder; Gee was safe when R. M. McComas dropped the ball in right field, McWilliams going to 3rd; Nall was safe when Sidell dropped his pop up at short; McWilliams scoring on a going to 3rd; Lumpkin flew out to center.
1 run, no hits, 3 errors.

Clovis, 7th Inning.
Stratton out Lumpkin to McWilliams; F. M. McComas went the same way, pitcher to 1st; Sylvia was out, Barnett to McWilliams.
No hits, no runs, no errors.

Sudan, 7th Inning.
Wingo popped out to catcher; Tugman out short to 1st; Shaffer bled to right; Barnett flew out to left.
No runs, no hits, no errors.

Clovis, 8th Inning.
Christa struck out; Lewis, batting for R. M. McComas, struck out; Allen popped out to Aldridge at short.
No hits, no runs, no errors.

Sudan, 8th Inning.
Aldridge flew out to left; McWilliams hit a home run to left; Gee out pitcher to 1st; Nall singled over short; Lumpkin singled to left; Nall stopping at 2nd; Nall was out when he stole 3rd and ran over base.
Three hits, 1 run, no errors.

Clovis, 9th Inning.
Cox, first up, walked; Sidell popped out to McWilliams at 1st; Brownlow flew out to Wingo in left field; Stratton singled over 1st; Cox going to 3rd; Stratton stole 2nd; F. M. McComas struck out.
1 hit, no runs, no errors.

"M" SYSTEM STORE CELEBRATES BIRTHDAY

Friday and Saturday of this week will mark the third anniversary of the "M" System Store in Sudan.

Three years ago the "M" System opened its doors to the public as the only cash-and-carry grocery in Sudan. This modern method of merchandising was at once popular with the public and the "M" System has enjoyed a continuous growth with each succeeding year.

In celebration of this event the "M" System is selling a number of specials at much below the market value during Friday and Saturday of this week. Their large advertisement will be found elsewhere in this paper. The "M" System is a progressive institution of Sudan, being 100% home owned and operated by M. G. McLarty and enjoying the benefits of the buying power of a large chain of "M" System stores which are owned and operated in eighteen states by home people.

The "M" System Store is owned in Sudan, keeps its money in Sudan and donates to local charity.

McLARTY DRY GOODS CO. TO OPEN STORE

Mrs. D. R. McLarty has purchased the dry goods department of the Sudan Mercantile Co., and will take charge of the business Saturday. Her announcement will be found elsewhere in this paper.

Mrs. McLarty has had several years experience as buyer for the McLarty Mercantile Company, formerly of Guymon, Oklahoma. However, the McLartys come to Sudan from Midland, Texas, where Mr. McLarty has been operating the Piggly Wiggly stores for the past two years. Mr. McLarty will not be active in this business because of ill health.

Mrs. D. R. McLarty is the mother of M. G. McLarty, owner of the local "M" System Store.

SUDAN FAIR STORE SAYS "MUST HAVE MORE ROOM"

Sudan's Fair Store never lags behind. It's always right up at the front in merchandising, and you sure never catch them sleeping on their opportunities.

This week they come to you with a page ad in The News that offers some wonderful bargains. They are frank to state this is not a "closing out sale," or anything of the kind—merely that they must have more room to handle the large stocks of seasonal merchandise they are receiving for spring and summer buyers.

See them for real bargains.

MEETING OF EASTERN STAR

The Eastern Star met Monday night for their regular meeting. Quite a number were present, but we would be very glad to see a few of our old members come as well as some of the new ones. You are missing something when you fail to come. All be there next Monday night—unless you want an office, as that is the night set for election. Reporter.

Methodist Pastor Goes To General Conference

Sudan Congregation Sends Rev. Hendricks to Law-Making Body at Dallas.

The Methodist congregation of Sudan, in a business meeting voted to send their pastor, Rev. Hendricks, to the General Conference of the M. E. Church, South, which meets in Dallas this week and will hold sessions for three weeks. Mrs. Hendricks and the children accompanied Mr. Hendricks, all leaving this week, and they will probably remain throughout most if not all of the sessions.

The General Conference meets every four years. There will be delegates and representatives from all the conferences of the M. E. Church, South, and a fraternal delegate from many other denominations.

This is the law-making body of the Methodist Church. There will be representatives from all of the eleven missionary fields where the Methodist people do missionary work.

MEETING OF W. M. S.

The W. M. S. met with Mrs. J. B. Findley for business meeting, with 11 members present. As there is a call from Buckner Orphan's Home for eggs now, we decided to get together as many as we could and send them in about two weeks. Let's send several crates of them.

We also decided to start a church kitchen fund by all who care to help giving a dollar or a hen, and by selling doughnuts every Thursday beginning Thursday, May 15. Please send in your order if you care for doughnuts. Let's look over our kitchen supply and see what we have for our new kitchen.

Be sure to meet with us next Monday at Mrs. Wells' for the W. M. U. Manual study. The following Monday we meet with Mrs. McGahey for Bible study. Reporter.

Mr. and Mrs. R. D. Thompson of Muleshoe were visiting with friends in Sudan Sunday.

Agriculture Department Buys Chevrolet Sedans

Renewed vigor in the government's cooperative battle with the farmer against injurious crop insects was promised for this month with the delivery of a fleet of Chevrolet Sedan Deliveries to the Western division of the department of Agriculture.

This particular fleet is to be used in the campaign against the corn borer and is to concentrate its work in West Virginia, Kentucky, Indiana, Illinois, Michigan and Wisconsin. Similar fleets, enlisted in the war against the fruit fly, boll weevil, etc., are in operation in all parts of the United States.

Every car in the fleet recently delivered is a standard Chevrolet six, with sedan delivery body, in which equipment essential to a successful pursuit of the government's war is transported. As the cars left the Flint plant of the Chevrolet Motor Company, they were paraded through the streets of that city with the national banner fluttering from either side of each car, as though mobilizing for the "war" in which they were soon to take part.

Selection of Chevrolets for this work was made by the government because of their dependability and economy of operation in transferring activities from one "battle sector" to another, it was explained.

B & J MEDICINE COMPANY IN STREET ENTERTAINMENT

The B & J Medicine Company have been giving nightly entertainments in Sudan the past two weeks, and in connection selling their "Back to Nature" medical products.

The show is unique and entertaining, and has drawn large crowds nightly, while their remedies have received high praise from numerous parties who have purchased and given them a trial.

LITTLE-SU-HURST

Rev. James H. Ager instructed a class in League work last week at Amberst for this union. Little-Su-Hurst. The course consisted of Chapter Management The Most Beautiful Book Ever Written—Lika. Special work was offered in the form of divisions of League work. Those from here receiving certificates were, Rev. Hendricks, Sarah Hendricks and Frances Weimhold.

MORE MUSIC—LESS CRIME.

"If more boys and girls would learn to play musical instruments there would be less crime in America," the Hon. Frank J. Loesch, member of Hoover's national crime committee and former special prosecutor of Chicago, said in a recent address.

The boy band is a definite influence in curbing the wayward impulses in the growing child. For a number of years the Union League Boys' Club of Chicago has had a 50-piece band, composed of boys under 18 years of age. This band has been a big factor in the work of this club in reducing juvenile delinquency in its district by more than 80 per cent. Besides the band, the club has an orchestra of 20 and a drum and bugle corps of 54 boys.

These musical organizations have been the means of making good citizens out of many of the boys of our city who might otherwise have become community parasites, if not actual criminals. Many other men who have made a study of crime agree with me in recommending music, and especially the band, as a character builder and a deterrent to crime."

"All trains on time, Sept. 1," said the bulletin board at the station. "All trains on time 'cept one," read Mose. "An' I bet dat's de very one Ah wuz gwine on."

In a forthcoming magazine article, Mr. Coedige gives his views on prohibition, thus ending the rumor that he will again be a candidate.—Jackson (Miss.) Clarion-Ledger.

Before Hoover, public servants used to work on a salary. Now they work on a salary and on a commission.—Norfolk Virginian-Pilot.

If slogans were cures there wouldn't be an ailment left in the world.

FARM NOTES

D. A. ADAM, County Agent

Sweet clover pastures that have been planted during the past few months by farmers are now coming up to a good stand since the recent rains. T. B. Priddy, W. H. Reynolds, and many others have reported to the county agent that their early plantings are now up to a good stand.

More than 4,000 pounds of white sweet clover seed have been distributed among farmers of this county during the past three months. Let's have a slogan of 1,000 farms in Lamb county with sweet clover included in their annual pasture program.

Now is the time to plant for the pastures for the coming year. One acre of Sudan to the cow, 14 acres of sweet clover to every 5 cows, and about 15 acres of winter pasture, such as barley, rye or wheat, to every 5 cows.

During the past month, Robert L. May, dairy demonstrator, cooperating with County Agent D. A. Adam, has learned one valuable thing from his cow test records: When cows' regular pasture habits are interfered with they will cut down on production.

At present he has seven cows on test, and for several months has been grazing these cows on wheat pasture in the mornings, turning them into alfalfa pasture in the afternoon. So, one Saturday afternoon he became busy in town and did not get to turn his cows out on the alfalfa pasture and stalk fields, and upon weighing his milk that night his herd had lost 15 pounds in milk production, ranging from one to four pounds per cow, when each daily milking before for a good period of time his herd production had not varied more than three pounds.

His variation in the feeding program here figured on a 30 day basis would mean a loss of 450 pounds of milk, and if it had tested 5%, which is the herd average, would have meant a loss of 22 pounds of butter fat, worth on the present market conditions \$5.58.

Caponizing demonstrations have been held at the C. A. Womack farm, Otton; Roy Spann home, Littlefield, and several others in the near future will be held. All of these under the jurisdiction of County Agent D. A. Adam.

Half feed and half cotton is a mighty good rotation for the Plains, and especially Lamb county.

Begin now to make your arrangements to feed out some feeder cattle this fall. Feeder cattle offer the best market there is for your feed stuff. See your banker.

Andy Lee, Amberst, reports to the county agent that he has not lost a single hen after a demonstration in which the county agent for fowl cholera control, Hemorrhagic Septicemia Bacterin was used, and has given good results throughout the county.

Use Nicotine Sulfate or Sodium Fluoride for your house control among your poultry flocks. There seems to be a greater infestation of lice than ever before, according to reports received by the county agent.

BROWN OPPOSES CANADIAN RIVER FLOOD CONTROL

Project is Economically Unjustifiable, Says Engineer.

WASHINGTON.—Flood control of the Canadian river, which rises in northeastern New Mexico and flows across the Panhandle of Texas and into the Arkansas river in central Oklahoma, is economically unjustifiable, according to a report transmitted to congress Monday by Major Gen. Lytle Brown, chief of engineers.

The adverse report was made because of the low value and limited area of lands subject to damage. Flood control by levees or channel improvement was said to be impracticable. District and division engineers of the board of engineers for rivers and harbors recommended against improvement of the river.

"Reservoirs could be constructed at Dripping Springs and Gallegos," the report stated, "at an estimated cost of \$11,375,000, including capitalized maintenance costs. Since the entire value of the property which would be protected by these works is only one-twenty-fifth of this amount the object cannot be justified."

The report also dealt adversely with water power and irrigation development of the Canadian river. Certain additional studies will be made of the river, General Brown stated, in connection with the detailed survey of the Arkansas river and its tributaries with a view to formulating general plans for navigation, flood control, power development and irrigation.

Another thing that seldom turns out as expected is the automobile in the road before you.—Capper's Weekly.

Every man has a pet scheme he's sure would make a million dollars.

LAMB COUNTY WOMEN IN LIVING ROOM CONTEST

Lamb county women's clubs have for some time been conducting a Living Room Contest, under the supervision of Miss Ruby Mashburn, county demonstration agent. Each club has two classes in these contests, and the winners in these will be entered in a county contest, the winners of which will be eligible to entry in the state contest.

Among the winners so far reported from the various clubs of the county are:

Class 1—First, Mrs. J. E. Holland Fieldton; second, Mrs. Henry Picknell, Fieldton.

Class 2—First, Mrs. M. M. White, Sod House; second, Mrs. H. A. DeYoung, Fieldton.

Miss Helen Swift, official judge of the County Station, will be in Lamb county next week to judge in this contest of the county to decide the winner who shall enter the state contest.

Government Drive On Organized Crime

Federal Government to Throw Full Force of Federal Aid to Help of State and Local Officials.

WASHINGTON.—The full force of the federal government was thrust Tuesday into the struggle by state and local authorities to exterminate organized crime.

United States attorneys everywhere under orders from Washington, are aiming to suppress the depredations upon society by criminal rings. Violators of the prohibition law especially are being hunted.

The Administration's move is being directed with attention to the necessity of enacting legislation which will further the purpose sought. Only Monday President Hoover dispatched a special message to congress calling for early action on law enforcement proposals before it.

"Go Get 'Em" Orders. United States attorneys, acting under orders, have been aiding local, state and municipal authorities and other governmental departments in attacking members of criminal rings from every possible angle. The department seeks to extend and develop this system.

While the federal government has failed to lodge sufficient charges against Al Capone to send him to prison, for instance, the campaign has resulted in the conviction of his brother, Ralph, in Chicago on charges of income tax fraud.

The department of justice, while aware that criminal rings are not composed exclusively of prohibition law violators, is planning an especially extensive drive against this form of law violation as well as against all known criminal rings in the larger cities of the country.

MAKING MORE PRISON ROOM.

The federal government is anxious for congress to provide more federal prisons because the present prisons are overcrowded and susceptible to outbreaks, such as have occurred in some instances.

In addition to taking over the Leavenworth disciplinary barracks, as an addition to the Leavenworth federal penitentiary, the government also is utilizing three former army camps in which to place the overflow of federal prisoners.

The President regards the whole penal situation as becoming fairly desperate and is anxious that steps be taken to remove causes for any outbreaks among the prisoners.

GEN. MOSELY CITED FOR HALTING JUAREZ BATTLE

WASHINGTON, May 1.—For his action last year in preventing serious bloodshed at Juarez, Mexico, Brig. Gen. George V. H. Mosely, executive officer for the Assistant Secretary of War, Thursday was awarded the Oak Leaf cluster, testifying that he had rendered services worthy of a second award of the distinguished service medal, which he already wears.

The citation accompanying the present award reads: "By his initiative, prompt and forceful action, and his utter disregard of his own personal danger, under heavy fire, he succeeded in bringing about a cessation of the fire which was endangering American life in El Paso and arranged for a conference of the Mexican commanders which resulted in the retirement of one of the belligerent groups, a cessation of fire, and the restoration of peace and quiet."

NUNN-WARREN CO. BUYS INTO TWO MORE PAPERS

It has been announced that Dorrance D. Roderick has sold his interest in the Roswell (N. M.) Dispatch and Carlsbad (N. M.) Current-Argus to the Nunn-Warren Publishing Company of Pampa, Texas.

Mr. Roderick is still financially interested in twenty-four Texas newspapers. He is president of the El Paso Herald-Times Corporation and part owner of the Lubbock Avalanche and Journal and the Amarillo News and Globe. He is a stockholder and director in the Slaton Slatonite, the South Plains Farmer, Lubbock, the Southwestern Stockman-Farmer, El Paso, and the Lamesa Reporter.

Breakfast in bed has its bad points. Someone has to shake the crumbs off the sheet.

Every man has a pet scheme he's sure would make a million dollars.

LOSES ALL HOUSEHOLD GOODS IN FIRE

Wiley Durham, living on the Purnaux property about one and one-half miles north of Sudan, suffered the loss of all his household goods in a fire which destroyed the residence Monday about 12:30. Mr. Durham was at work on a farm which he has rented three or four miles from his home, and Mrs. Durham was in Sudan when the fire caught. The Sudan fire department sent the chemical engine to the scene, but the fire had gained such headway before being discovered that the house and entire contents were destroyed.

The loss falls heavily on the young couple, who were left with only the clothes in which they stood.

BIBLE STUDY OF THE CHURCH OF CHRIST

The ladies of the Church of Christ held their regular weekly class meeting last Monday afternoon with Mrs. Joe Foster. There were present ten members of the class, illness preventing the attendance of more than one. The lesson subject for the afternoon study was The Missionary Journeys of Paul. Mrs. J. W. Briscoe directed the lesson and gave a splendid lecture. The afternoon was very profitably spent.

The class will meet next Monday with Mrs. J. A. Hutto. The lesson for the afternoon will be The Arrest of Paul in Jerusalem. Reporter.

BAILEY COUNTY SINKS IRRIGATION WELL

H. J. McCarty & Son of Sudan have recently finished drilling an irrigation well on the Steele ranch, five miles south of Muleshoe, which delivers 1,300 gallons of water per minute, according to tests recently made. The land is owned by Otto Sauer of Austin, who will put the land on the market in 48-acre tracts. It is understood that other wells will be drilled on the six-thousand acre tract comprising the Steele ranch during the coming summer, and the development of this land should give our sister county a decided upward boost.

CAUSE OF WEST CAMP FIRE STILL UNKNOWN

Trustees of the West Camp school stated Monday that they were unable to determine just how the fire started which almost destroyed the building at that place last week. It was understood here last Thursday that prayer meeting had been held in the school house on the night of the fire, but this is not the case.

No meeting of any kind was held at the school. Some of the teachers' lost books and equipment valued at several hundred dollars in the blaze—Muleshoe Journal.

LAMB COUNTY STORE CLOSING OUT STOCK

Lamb county people are having an opportunity this week to pick up some real bargains in merchandise. Mr. Otto Sauer of the Lamb County Store is closing out his entire stock, "selling to the walls."

Don't miss this event, as he means business—the entire stock must go "Cyclone" Johnson will see that your every want is supplied if they have it in stock.

MULESHOE LOSES OLD LANDMARK

The old Gupton Hotel, which was partially destroyed by fire the first of the year, is being torn down this week and it is likely that new buildings will be erected on the site within a short time.

The old building was one of the first in Muleshoe and was moved here from Hurley many years ago by Jim Johnson. It had been used occasionally as a hotel up to the time of the fire.—Muleshoe Journal.

N. Y. SUGAR FUTURES SINK TO RECORD LOW

NEW YORK, May 1.—July sugar futures sold at 1.52c a pound Thursday, the lowest level in the history of the New York Coffee and Sugar Exchange.

The previous low was 1.54c a pound, reached yesterday by July sugar, which was the same level at which March sugar futures were traded Feb. 2 last.

Statistics going back to 1860, and including the 1860 sugar price wars, show 1.52c a pound in the "cost and freight market" in 1902 as the record low up to this year.

"BOOST OR MOVE"

MOTHER'S DAY.

In this year of grace, 1930, Mother's Day falls next Sunday, May 11th.

Throughout the country the second Sunday in May is dedicated to the central figure in the home—the mother. It is the great home day of the nation. It is the time when the thoughts of all of us turn to her.

If she is living we are just a bit more gentle and considerate of her than ever. If she is gone from earth, we renew our devotion to her memory and search our hearts to determine whether we have been true to the things she taught.

Mother gives to the home its sweetness and its elevating tone. The mothers make a nation great. No honors are too great to be heaped upon them, for it is they who tip the scales on the side of the good and keep the bad in the background. To her we owe all that is best in human conduct.

It would be a mistake to imagine that Mother's Day gives of its happiness only to the mothers. Quite as deep is its effect upon each and every one of us sons and daughters of mothers well beloved. To us this second Sunday of May marks the happy completion of another round year blessed with the mother presence.

It will be an odd son or daughter who permits Mother's Day to pass without some message, some greeting to the living mother, or without some loving-remembered remembrance of tribute to the mother dead.

A flower will be worn—white for the dead, red for the living.

"Oh, mothers of the world, sacred your calling, wonderful your love, glorious your reward!"

CENSUS FACTS.

Population of towns as contained in the reports of the 1930 census are now being announced. But no person need expect to find his name included in any publications of the census bureau. Names and tales are not told at the same time. We shall soon know from this year's census how many people in the nation are 50 years old, but we shall not be told who they are. The statistics resulting from each census are published as soon as possible, but the facts registered about individuals are stored away for the use of historians and genealogists. About 50 or 60 years from now the records for 1930 will be thrown open to the public for research.

THE GRADE CROSSING.

Last year 385 railroad grade crossings were eliminated on the federal aid system, according to a recent announcement. Since 1917, the records show, 4,676 grade crossings have been weeded out of the system. Elimination of the grade crossings is regarded by the U. S. bureau of public roads as the only positive means of reducing the heavy toll of human life taken annually at points where highways and railways cross. The recent killing of 19 people on a bus at a New Mexico or railway crossing was a sacrifice to the grade crossing. Are we going as fast as we can toward elimination of the grade crossings?

A COMMUNITY ASSET.

Your local merchant is a regular fellow.
He is on the square.
He is an asset to your community.
He shares his success with you.
He helps to make the community a better place to live in.

He is interested in your organizations and does not avoid lending his assistance by telling you he is "not allowed to make contributions."

If he makes money he invests that money in Sudan.

It is to your interest to trade with your local merchant. And this goes for every legitimate industry in our community.

Don't expect them to support home institutions when home people will not support them.

The year is one-third gone.

Sunday, May 11, is Mother's Day.

What does Teacher's Pet do in vacation time?

The fly population is already showing signs of increase.

One can only guess what this aviation age is gliding into.

Very few people know how to extract the gold from the Golden Rule.

What this country needs is for people to quit hollering hard times.

GET MUCH—GIVE LITTLE.

(McLean News.)
No town seems to be alone in the policy of its telephone company trying to get all it can out of the community and return as little as possible. Most companies pay their operators as little wages as possible, and when they have directories printed, some central firm gets the job, with advertising solicited from competing towns in the directory. When The News printed the directories for McLean, advertisers paid only about one-fourth for the same space they are now using and had the satisfaction of knowing that the money was kept at home, with no competing advertising solicited from outside towns. Black-face listing was given all advertisers free of extra charge, others paid only 50c per year for black-face listing, with as many listings under different headings as wanted. Names were correctly spelled, as everyone is known to the printer, and illegible copy could be easily understood, while outside proofreaders can not be exact, allowing many errors to get in. Public service corporations cannot always ignore the wishes of the people who patronize them, as been demonstrated many times in the past. They must take part in community activities if they hold the confidence of the public.

TAXED EVERYWHERE.

(The Shamrock Texan.)
In 1919 four states initiated a tax on the sale of gasoline and since that time every other state has copied this easily collected and very remunerative levy. The average tax per gallon for 1929 was 3.22 cents, although three states had a cent tax, nineteen a four-cent tax, and so on. During 1929 the forty-eight states collected \$431,626,454 in taxes on the sale of thirteen and one-half billion gallons of motor fuel, although these figures do not represent a full year's collection in either Illinois or New York, which were the last states to adopt this tax. This money represents an average tax revenue of \$17.22 and an average purchase of 532 gallons of gasoline for each automobile in the country.
While this levy represents a special tax on a certain class, it is made equitable in thirty-four states, because in these the entire proceeds are used for the construction and maintenance of rural roads. In the other fourteen states approximately twenty-five million dollars were used for other purposes, some for schools, some to help cities repair and improve streets and for other public purposes. Of the part used for roads, \$297,367,756 were used for construction and maintenance of state highways, \$83,112,708 for local roads, and \$29,371,755 for payments on road bonds.

DR. LITTLE'S CRITICISMS.

(Amarillo Daily News.)
The cause of higher education in America is a popular one. Consequently, there is bound to be a good deal of interest in remarks recently made by Dr. Clarence Cook Little, former president of the University of Michigan; and undoubtedly they will provoke some very heated retorts. Dr. Little believes that "meddling women" constitute a very detrimental factor in most colleges and universities. He says of them:

"They are the militant feminists—the older women executives, faculty members, faculty wives and local club women. They thrive on a diet of emotional pap. They tend to breed and to foster a sex antagonism based on unwise and unreal values."

"They demand, among other things, that there be an equal number of men and women on college faculties, regardless of the competitive processes through which candidates are selected. They are too highly emotional in their approach to all problems."

We are just waiting, now, for the lightning to begin striking about Dr. Little's scholarly head.

THE UNSTYLISH STOUTS.

(The Dallas Morning News.)
Suppose you were so fat that you admitted it yourself—away up yonder above 175, with ankles that came straight down and a spare tire that wouldn't come straight down at all. Suppose you were so plump that you had to wear harness of the most unyielding sort to keep from splitting right your crepe de chine and sole de whatyoumaycall-em every time you sat down. And suppose, on account of the sternness of the harness and so on, sitting down and getting up were minor feats of engineering. If life were like that for you, these fit-toss-close fashions we're having now would be provocation to riot, rebellion and tears, would they not? Well, the unstylish stouts had their riot and rebellion in New York the other day.

The stouts foregathered to demand a fashion that they could wear without being a circus. And their method of demand was to hold a style show of horrible examples. Miss Featherbed paraded across the platform in a tight-belted frock with horizontal ruffles and still-heel pumps over the tops of which her fat feet bulged the way mother's salt-rising bread used to top the baking pans. Miss Weekswash bulged and rippled her way along the runway in a creation that swathed what should have been her hips and threatened any minute to split into ribbons, with millinery and accessories. And so the exhibition continued, with shrieks from some of the unstylish stouts, and, here and there, gasps of dismay as some for the first time saw themselves as everybody else sees them.

The stouts are dead game sports. They will stand for the harness. They'll even go in for spasms of dieting and endure for a season the pangs of starvation for their figure's sake. They will do anything in reason. But to go through the agony of it and then look like a comic section all because of the dunder-headed designers who make the pretty dresses for fairies and hours and snippy slips of girls—that is entirely too much! Something ought to be done about it. Maybe something will.

A Sudan man says no man ever complains of beating rugs, who has ever had to stretch and tack down a carpet.

These long skirts which look like a goat had chewed off the bottom may become popular at that.

In China two million people are dying of starvation. In the United States 200 million bushels of wheat are a glut on the market.

Just think how dull it must have been for old Methuselah, who lived 969 years without a movie, auto or radio.

Thirteen months as President of the United States and Herbert Hoover is as healthy as he was when inaugurated.

The Hatters' Association thinks it is a devil of a habit men have of gadding about bare-headed.

One little rose handed with a smile to the living is worth a \$100 bouquet piled on a coffin.

Several Sudan men are entitled to a reduction in the price of a half-cut.

A cleaner town means a healthier town, healthier in mind and spirit as well as in body.

Postal Employee Is Enthusiastic About Konjola

Stomach and Bowel Troubles Soon Banished. "Should Have Taken New Medicine Long Ago," He Says.

MR. FRANK B. NORMAN

"I suffered for a long time with stomach trouble," said Mr. Frank B. Norman, 882 Mississippi street, Amarillo. "I had a very poor appetite and after eating I was subject to painful accumulations of gas. I was becoming very nervous and did not sleep well at night. I was troubled with constipation and found it necessary to take cathartics constantly. I was losing strength and energy and no matter what I tried in the way of medicine, nothing seemed to help me."

"I seemed to improve in health from the time I began taking Konjola. My appetite picked up and I was able to assimilate my food better. I did not have that tired out feeling in the morning and my work was easier and more pleasant. Constipation soon passed and cathartics were no longer necessary. After continuing the treatment for a time I realized that Konjola was the medicine I should have taken long ago."

POLITICAL ANNOUNCEMENTS

The Sudan News announces the following candidates for the designated offices, subject to the action of the voters in the Democratic Primary Election to be held Saturday, July 20, 1930:

- For County Judge**
C. W. BENGE
- For County Commissioner**

I am continuing to take Konjola and am recommending it to all my friends."
Given a real trial over a period of from six to eight weeks, Konjola has made a record without parallel in the history of medicines. Ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness readily yield to its power.

Konjola is sold in Sudan at the H. G. Ramby Drug Store, and by all the best druggists in all towns throughout this entire section.—Adv.

Soon the regular league games will start.

The cotton baler knows the power of the press.

Why not resolve to drive carefully this spring?

It looks like plenty of politics ahead.

It's a long head that has no turning.

Goodbye mothball—enter baseball.

Humdrum is one you can't beat.

Man may take up law—but it's his wife who lays it down!

IT'S WISE TO CHOOSE A SIX

A demonstration tells you why it's wise to choose a six

Everywhere, buyers are agreeing "It's wise to choose a Six." And if you want to know why, get a demonstration of the Chevrolet Six.

Learn what an amazing difference two more cylinders make—in smoothness, in silence, in flexibility and in comfort.

And learn what a difference all of Chevrolet's other modern features make—the four long semi-elliptic

springs—the four Lovejoy hydraulic shock absorbers—the weatherproof 4-wheel brakes—and the sturdy hardwood-and-steel construction of the luxurious Fisher bodies.

It will take only a few minutes to confirm all the reasons why it is wise to choose a Chevrolet Six. So come in today. See it. And investigate Chevrolet's easy payment plan—one of the most liberal in the automotive industry.

The Good Old Days

HOW OFTEN DO YOU HEAR SOME ONE PINING FOR THE GOOD OLD DAYS?

But, do you really think you would like to return to the kerosene lamp, the coal stove, the old back-breaking ways of doing your house work, and the many scores of other old-time methods that modern electrical equipment has made so easy?

Household worries fade away when electricity is put to work. Sweeping, cleaning, laundering, cooking, and scores of other tasks are done easier with electric equipment.

The modern home is finding new uses for electricity each day. The modern home manager has proven to her entire satisfaction that electricity is the most effective service in her employ—and the cheapest.

Texas Utilities Co.

R. E. McCASKILL, Manager. Littlefield, Texas.

Never Felt Better In My Life, He Says

Wichita Man Says Didn't Feel Like Working, but Orgatone Gives Him Strength and Energy.

"I honestly never felt better in my life," said Marvin McClendon, of 311 Lee street, Wichita Falls, Texas. Mr. McClendon is employed at the Albright Transfer Co.

"I've had stomach trouble for some time," he continued, "and always felt tired and worn out and no-account, and never felt like doing my work. Sometimes when I had to make a long run, driving a truck, I would feel so bad, it would nearly kill me and I couldn't hardly make it. I didn't digest and I was awfully constipated. I was quite nervous and restless and never got a good night's sleep.

"I saw where Orgatone was advertised so highly for just such trouble as I had, and began taking it. I haven't taken one bottle and certainly feel like a different person. I am also taking the iron for my blood and it, too, is helping me. I eat anything I want now and it doesn't bother me at all. I'm not nervous, and sleep fine every night. My constipation has been relieved, and in

fact, I feel better and stronger in every way. I can make a long drive now, and it doesn't even make me tired out as it used to. I am glad to recommend Orgatone for I know it is a good medicine."

Genuine Orgatone may be bought in Sudan at the H. G. Ramby Drug Store.

QUITE A DIFFERENCE IN THESE TWO EGGS

FORT WORTH.—Quite a difference in two eggs found in his chicken house by D. J. Gorman, 3841 Littlejohn street.

One, laid by a Rhode Island hen, weighs two ounces. The other, by a White Leghorn, weighs less than four-tenths of an ounce. Gorman has 17 hens and supplies eggs to many of his neighbors.

TOWN AND COUNTY

Born to Mr. and Mrs. Ray White on May 1st, a boy, Mrs. White will be remembered as Miss Jewell Callcut.

Mr. and Mrs. Ed Farris of California are here visiting the former's brother, F. M. Farris and family. They will visit Oklahoma and other states before returning to their home.

Mr. J. A. Hutto returned Sunday from Lubbock where he underwent an operation for removal of tonsils at a sanitarium. Mr. Hutto has been in poor health for some time, but his many friends hope that now he may regain his former vigor. Sudan misses Jim Hutto from its business circles when he is called away from any cause.

Mr. F. E. Miller returned the latter part of the week from a tour of Western Oklahoma. Mr. Miller in speaking of his travels declares that in all Western Oklahoma he had not seen the business interests in nearly so good shape as right here on the Plains. He says Lamb county people should be encouraged by the promising situation.

Thursday night of last week this section was visited by a severe hail

storm, though the hailstones were not large enough to do much damage except to very tender vegetation. Since that date the weather has been cooling off until Tuesday of this week a real "norther" developed, when fires were appreciated and we longed for the "heavies" we had so rashly discarded. To date very little damage has been done to vegetation, and with the excellent rains of the past two weeks, people are looking forward to a great crop year.

Mesdames J. C. Barron, Chris Furbux, S. D. Hay, J. P. Robertson, H. M. Lyle, L. E. Slate, G. A. Foot, and Mrs. Lester LaGrange of Amherst, and V. C. Nelson motored to Texico Tuesday in the latter's car, and the ladies were guests of Mr. and Mrs. Bailey Triplett.

Len McClellan of Lubbock was attending to business matters in Sudan Tuesday.

Mesdames J. P. Robertson, F. E. Miller and J. C. Barron spent Monday in Lubbock shopping and visiting with friends.

George Clem and Miss Georgia Chatman were in Lubbock the latter part of last week.

Mrs. Vernon Head has returned home after several days visiting in Devina, and Clovis, N. M.

Emory Horn and Vernon Head, who are in the employ of the West Texas Gas Co., visited home folks Sunday.

Mr. and Mrs. J. O. Covington were in Friona Saturday on business. Mrs. Covington went from there to Clovis and brought Mrs. Head and children home.

Mr. and Mrs. Ogletree and son of Spring Lake community visited Mr. and Mrs. L. D. Covington Sunday.

Mr. and Mrs. M. B. Dimetry of Clovis spent the week-end with the latter's sister, Mrs. C. M. Crawford and family. They were on their way to Dallas where they will visit their parents for a few days.

Mr. Ed N. Ray, census enumerator for this district, informs The News that he is through with the enumeration, and that if he has missed anybody in the district, he requests that they come forward and report that the enumeration may be as complete as possible. Mr. Ray wishes to thank the people for the courtesy shown him in his work, all questions asked being cheerfully answered.

Ernest Covington of Canyon visited relatives in Sudan Sunday.

Quite a lot of spring fever prevalent hereabout.

WANT ADS

FOR SALE—One good four-wheel trailer, at this office.

EXPERIENCED NURSE—7 miles north, 1 mile west of Amherst. Mrs. C. P. Gregson. a24-3tp

ANNOUNCEMENT

We have purchased the stock, fixtures, building, and good will of the Dry Goods department of the Sudan Mercantile Company from Mr. L. E. Slate, and will take charge of the business by Saturday, May 10th.

Our formal opening will be held

**Thursday, Friday and Saturday
May 15, 16 and 17**

Watch this paper for Sale Prices on all Dry Goods, Shoes, and Notions of this stock, as we must make room for new merchandise.

McLarty Dry Goods Co.

Planting Season Is At Our Door

Your Crop Yield Depends in a Large Measure Upon the Kind of Seeds You Plant

We have selected the very best grains and seeds of our season's run for planting. All seed has been re-cleaned, sacked and weighed and is ready for those who may be in need of them. We have fixed a price which all can afford to pay, and invite you to come and inspect our seeds.

The following prices will hold for the season, unless we sell out before the demand is over:

| | | |
|---------------------|-------|-------------|
| Sudan | ----- | \$6.00 cwt. |
| Red Top | ----- | 5.00 cwt. |
| Maize, double dwarf | ----- | 2.50 cwt. |
| Kaffir | ----- | 2.00 cwt. |
| Hegari | ----- | 2.00 cwt. |
| White Corn | ----- | 1.25 bu. |
| Yellow Corn | ----- | 1.25 bu. |

Sudan Grain & Elevator Co.

Third Anniversary Sale

Friday and Saturday, May 9, 10

In celebrating our 3rd Anniversary in Sudan, we take this method of thanking our many good, thrifty customers, whose Good Will, Confidence and Patronage have made our wonderful growth and success possible.
