NUMBER 10

ATTEND THE LAMB COUNTY FAIR 10, 11, AND 12

Saturday the Feature Day of Fair with FREE BARBECUE and many Social Entertainments

The Lamb County Fair will be held in Amherst Thursday, Friday and Saturday of next week, and it is expected that many from here will attend. With crops the best they have had for years, the exhibits are sure to be well worth the time and money spent at this year's County Fair.

The Entertainment Committee are doing their best to make the fair an enjoyable one, and are promising the public a rare treat.

Saturday is the feature day of the Fair when a free barbecue will be staged, the bees being donated by W. E. Halls and others interested in the success of this year's Fair.

Cash prizes will be awarded to the home demonstration clubs for the three best exhibits. There will be races each day, with prizes going to the winners. Anyone wishing to enter any of the races should get in touch with Messrs. Batson or Bradley at once.

The Texas Tech orchestra will play for the dances that are to be held each night. In fact the Lamb County Fair is to be a gala affair.

BANNER FOR THE BEST SORGHUM GRAIN

LUBBOCK, Texas, Sept. 3.—The Lubbock Kiwanis Club is attempting to put their stamp of approval, through their agricultural committee, on the best ten heads of grain sorghums raised on the South Plains this year by a new offer at the Panhandle South Plains Fair here, Sept. 28 to Oct. 3, inclusive.

A large banner will be awarded.

Entries are open only to pure grain sorghums seed growers, certified by the Texas Pure Seed and Plant Board.

The unique feature of the contest is that the breeder can exhibit along with his grain sorghums a sign of 12 by 18 inches long, giving the name and address of the seed breeder.

Dean A. H. Leidigh of the School of Agriculture, Texas Technological College, and chairman of the agricultural committee of the Lubbock Kiwanis Club, is sponsor of the acknowledgment of the new idea. He believes that producer of the pure seed will not only encourage the pure seed grower to show his products at the fair and thereby encourage other farmers to grow pure seed, but will likewise assist farmers and the fair to know who to communicate with in regard to pure seed.

UNDER NEW MANAGEMENT

The Gay Hotel, formerly under management of Mrs. Joplin, will now be managed by Mrs. Payne, assisted by her daughters, Miss Lenora Payne and Mrs. Leonard Payne.

FORMER PASTOR IN WRECK

Reverend C. H. Ledger, former pastor of the Methodist Church here, was badly injured in a car wreck several days ago near his home in Roton, according to word just received by relatives here.

Rev and Mrs. Ledger had just returned from a visit here with Mrs. Ledger's sister, Mrs. Jenkins. He and four other men were riding in the car when the front bumper came loose and hung between the spokes of the front wheel, turning the car over three or four times.

MOVE TO AMARILLO

Mr. and Mrs. W. I. Wilkins moved to Amarillo last Saturday where Mr. Wilkins will take his place as head of the department of history in the Amarillo Junior College.

Wayne, who is working in the Carlsbad Cavern, will join them in Amarillo, where he will finish his high school career this year. Wayne will be missed in the local school as he was a strong member of last year's football and basketball team.

We hope for all of them success.

THE FALL RUSH

"Well, it's not exactly on at present," said Dr. Foote, "but it's the little things here and there that happened during the latter half of the month which indicate business days and perhaps nights."

"At least this is what the following families find for Mr. and Mrs. Elmer Shockley have a new girl—she arrived on the 13th. Then a boy put in his appearance at the home of Mr. and Mrs. Floyd E. Hollis on the 21st. To break this even count very decisively, two girls came on the 27th; one to Mr. and Mrs. Johnson, near old Bula, and one to Mr. and Mrs. W. S. Garnet in Sudan. Finally on the last day, August 31st, another girl made the final count four girls to one boy. The last arrival appeared at the home of Mr. and Mrs. Adamson of the new Bula community."

DISTRICT CONVENTION

All members of the First Christian Church in this district are urged to meet in convention at Plainview Thursday and Friday of next week, Sept. 10-11, for the consideration of problems and opportunities concerning Kingdom work.

The session opens Thursday afternoon at 1:30 and closes at 4:20 Friday afternoon. Included in this district are Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Gaines, Dawson, Borden, Scurry and Fisher.

BRIDE AND GROOM ARE HONORED

Mrs. Johnnie Graham of Amherst, and Mrs. Charlie Crawford of Bluebonnet honored Mr. and Mrs. Doyle Terrell Saturday evening with a miscellaneous shower in the home of Mr. and Mrs. C. R. Terrell.

The reception room was beautifully decorated with bouquets of roses and Virginia creepers. A big rose was fastened to the center of the ceiling, and streamers of rosebuds swung gaily from this.

To the strains of the wedding march, the bridal party entered and were showered with petals and rice. The guests were then complimented with the following program:

Reading—Charlie Rhea Crawford
Reading—Virginia Painter
Song—Bessie Lee Rollins
Reading—Pearl Graham
Whistling—Bessie Lee Rollins
Fortune telling—Six boys and girls

An old fashioned well was then brought in, covered with training vines. The groom was asked to draw a bucket of water and the bride to offer the guests a drink. A pull of the well rope revealed one gift after another. The bride found many useful and attractive gifts in this covered well.

After the gifts had been passed around and admired, Mrs. Chas. Crawford appeared bearing a lovely wedding cake, decorated in pink and white—the color scheme for the evening. The bride chose Miss Lela B. Rone to cut the cake. Miss Mildred Hunt found the thimble, Miss Lucile Baldwin the ring and Hubert Wingo the button.

The guest, numbering around one hundred were served with dainty refreshments of cake and ice cream.

It had been planned to have the party end by throwing Doyle in the water tank—the customary treatment for each newly married young man. When this part of the program was reached, it was discovered that the bride and groom had disappeared. A search was made until early in the morning, but their hiding place was never discovered.

Their many friends join in wishing them a life full of happiness and are delighted to know they will make their home here.—Reporter.

GOOD REVIVAL AT FAIRVIEW

The Baptist congregation at Fairview closed a successful revival last Monday evening with fourteen reclaimed, seventeen converted and eleven additions to the church.

Reverend M. W. Hough had charge of the revival services.

WHO WANTS A BAND?

L. T. Hunt has requested that all who have band instruments or any who would be interested in joining the band, drop in at his barber shop and see him within the next few days.

Mr. Doty, who resides east of town, is an experienced band director. He has had eighteen years experience and part of that time was spent in the army band. Mr. Doty is interested in seeing the Sudan Band reorganized, and has kindly offered to meet with the boys once or twice a week and lend his aid in building up a band that will be worthwhile.

Mr. Hunt stated that there were NO TUITION FEES what ever. Mr. Doty has offered his service free of charge to the boys. There are a number of instruments in the country, or enough for a nice-sized band. All those having an instrument, or all who would be interested in learning, are urged to see Mr. Hunt at once. A meeting will be arranged for later.

Remember there are absolutely no tuition fees.

LOOKING OVER THE ADS

Looking over the ads I see where Nichols Grocery is giving away coupons with each cash purchase or with each account paid in full when due on "Aster Glow" chinaware. This chinaware is now on display at the store, and is real attractive. That dinner set would make a welcome addition to any dinner table. We'll have to start saving coupons!

It seems that most everyone is glad to see school starting again—except, perhaps the kids themselves! Most of the merchants are extending greetings to the new faculty, and inviting them to come in and do their trading with them. This is a good idea, as it makes them feel more welcome and they feel that the merchants is appreciating their business.

I see where Mrs. McLarty is advertising her fall merchandise. She does have a most complete line of dresses, hats, hose, and all accessories, as well as piece goods of all wanted kinds. It would pay you to look around there before buying elsewhere.

And then there's the Sudan Drug inviting the faculty to come in and get acquainted. That's another good place to trade. They carry a good stock of drug supplies and are always right there with courteous service.

Altman Dry Goods is catering to the boys this week, and is offering some real prices on merchandise your boy will soon be needing. Look their ad over and then pay them a visit.

And speaking of Dry Goods, I see where Mr. Alderson is putting on some good specials this week for the school boys and girls. Shoes, piece goods, ready-to-wear, millinery—everything, you'll be sure to find it at Alderson's and at reasonable prices.

And that reminds me. It's remarkable how prices have slid down the scales the last few months. We aren't making half the money we have of former years, in fact we may not be making any, but one thing is sure—if you do have a dollar, it will cover twice as much territory as it did this time last year. That is if you spend it in these shops.

We could fill this column raving about the quality merchandise you will find in our stores and telling you what else we find in the ads but take a look yourself. You may find something we'd forget to tell you about. News ads always get results, and make profitable reading.

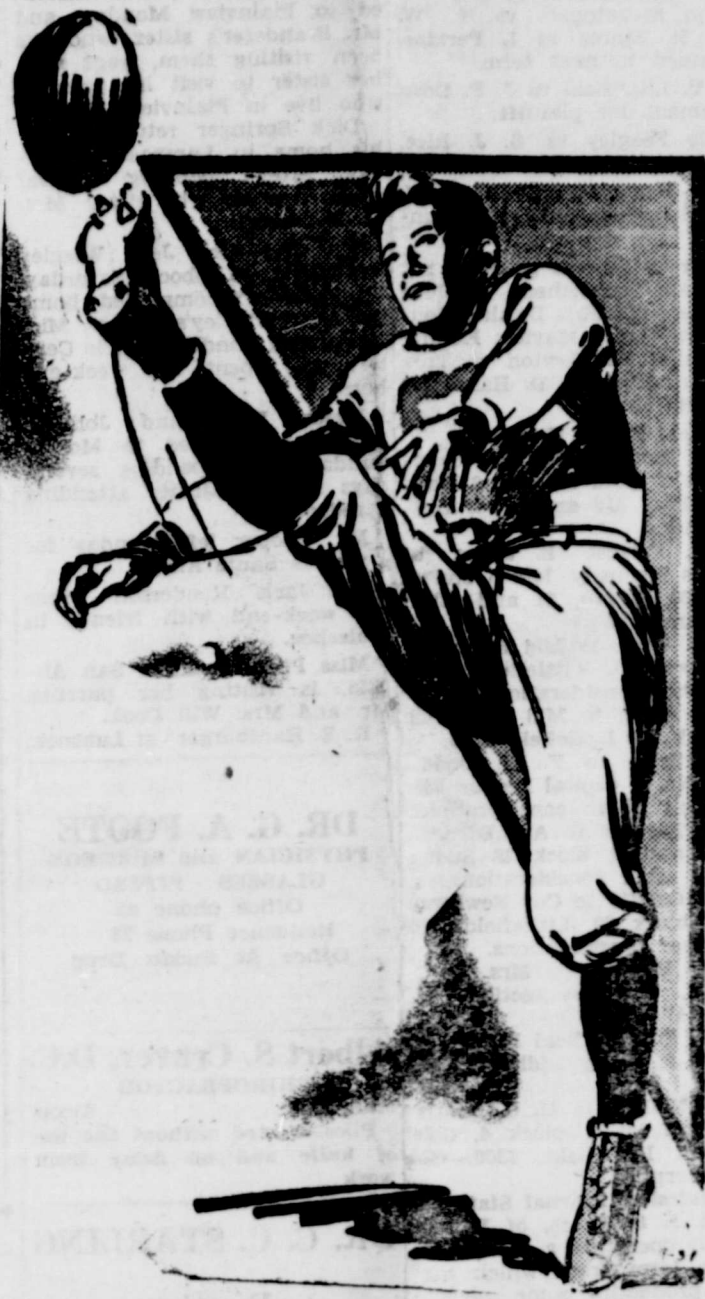

HI-LEAGUERS PICNIC

Members of the Hi-League of the Methodist Sunday School gathered Monday night of last week for a picnic at Fieldton. There were about thirty of the leaguers present accompanied by their sponsors, Mms. Nichols, Lyle and Barron.

RETURN FROM RUIDOSO

Mr. and Mrs. J. R. Dean and family have returned from their summer home in Ruidoso, N. M. and are getting settled for the winter. Mr. Dean will soon be getting his gin in readiness for this ginning season while his wife is busy getting their daughters ready for school. Mr. Dean says that it is beginning to get winter weather up in the mountains especially at night.

We're glad to have these folks back home once again.

LOCAL GRIDDERS BEGIN PRACTICE

IT'S CHURCH NIGHT

Wednesday of next week is church night at the Methodist Church. All old members, all new members and all prospective members of the church are included in the list of expected guests, and a general get-together-meeting is planned.

There will be a program rendered that will benefit all who come. There are many special songs and interesting talks planned. Following the program, a social will be enjoyed, at which time it is the purpose to get better acquainted and have an enjoyable evening. Refreshments will be served, with the Missionary Society in charge.

The program is as follows: Song—Congregation. Scripture Reading—F. B. Talbot.

Prayer—J. A. Dryden
Song—Hi-League
How to Make the Work of the Church Mean the Most—Mrs. T. W. Alderson.
Special Song—Mrs. Dean in charge.

What Can We Do to Help the New Members—Mrs. Marvin McLarty.
Response—Prof. O. L. Davis.
Discussion of the Work of the New Committees
Social Hour.

All new members are especially urged to be present.

A WATERMELON FEAST

The Young People's Class of the Methodist Sunday School is having a watermelon feast at country home of Mr. and Mrs. B. E. Lee Friday evening. The Sudan faculty, all who are leaving for school elsewhere are to be the honor guests of this occasion, regardless of their church affiliations.

WOMAN OF LUBBOCK FLIES ALONE AFTER FOUR-HOUR LESSON

LUBBOCK, Aug. 22.—A new record was set at the Lubbock Municipal Airport today, when Evelyn Richter, 25, of Lubbock, took her first solo flight after four hours and 25 minutes of instruction in the air.

She is the first woman to learn to fly at the Lubbock Municipal Airport. The low record for a solo flight in Lubbock is three hours 5 minutes, established by two men who were students at the airport—State-Line Tribune.

Miss Richter is the public health nurse for this district, and is well known here, having done considerable work in this section.

We congratulate Miss Richter upon her adeptness.

P. T. A. SPONSORING HEALTH CAMPAIGN

The local Parent Teachers Association is sponsoring the health campaign that the State is trying to carry out. The services of the district nurse, Miss Evelyn Richter, has been secured for the days of September 18-20, inclusive.

On these dates as many children will be given free medical examinations as the time permits. The local, county and state Health officers are urging that all children be immunized against diphtheria and small pox on these dates. The county commissioners have set aside a fund to take care of all who are unable to pay for these services. This is not compulsory, but the P. T. A. and school officials are hoping that all parents will see the value of such actions and lose no time in having their children made immune.

Dr. Ford, the city health officer, requested as many as can to have this done before the opening of school.

Each of the five leaguers is to speak twice.

On Sunday, August 30 a committee was appointed to meet on the following Tuesday night for the election of new officers. The following were elected:

Ledger Lam, President; Marjorie Alderson, Vice-President; Joe Carter, Secretary; Margaret Eric Gibbs, Reporter; Miss Reba Jenkins and Mrs. C. H. Nichols, Sponsors.

All young people are urged to attend League services each Sunday afternoon at 6:30.—Reporter.

STYLE SHOW AT LUBBOCK

LUBBOCK, Texas, Sept. 3.—More than 100 wholesale clothing merchants and a thousand or more retail merchants are expected in Lubbock Oct. 5, 6, and 7 for the fourth semi-annual West Texas Market Week.

Wholesalers from Kansas City, Dallas, Los Angeles, Fort Worth, San Antonio and other market centers are expected in Lubbock for the event.

Retail merchants from all over West Texas and Eastern New Mexico are expected here. The Fall market season is being sponsored by the Lubbock Chamber of Commerce.

A co-operative style show will be held on Tuesday evening, October 6. Two thousand people were present for the style show last spring.

VISITING IN CARLSBAD

Mr. and Mrs. B. O. Byerly entertained Saturday evening with a dance at their home south of town. A large number of friends were there and spent a pleasant evening. Immediately after the dance, Mr. and Mrs. Byerly and their children left for Carlsbad, N. M.

COMPLIMENT REV WATSON

Members of the Methodist Church reverted to the ancient custom of their organization Monday and gave Reverend J. W. Watson, of Lubbock, who conducted the revival services of the Church this summer a genuine good "pounding".

Included in the pounding were such articles as flour, sugar, coffee, shortening potatoes, evaporated fruits, fresh vegetables, chickens, and one thoughtful member even included an all wool blanket.

Rev. Watson did some special work while here, and the congregation took this means of showing their appreciation of his efforts.

VISITED IN SOUTH TEXAS

Mr. and Mrs. J. W. Sims and daughter, accompanied by Neil Webb, returned to their home here Friday night after spending several days in the Southern part of Texas.

M. B. Sims, who accompanied them on their trip, remained in San Antonio with his uncle and aunt Mr. and Mrs. M. B. Butler, where he will make his home until his school career is completed. Mr. Butler is interested in M. B.'s future and expects to send him to college when he is through high school.

Mr. and Mrs. Butler are erecting a fine home within four blocks of the "Million Dollar High School" in Woodlawn Terrace, San Antonio.

While in San Antonio, the Sudan folks, piloted by Mr. and Mrs. Marvin Butler visited the Alamo and other old missions of historic interest. They viewed the old Buckhorn saloon, San Pedro Park, the large dance halls, the skating rinks; drove out to the Fort Sam Houston and the National Bank Building. From this point of advantage, the visitors enjoyed several minutes taking snap shots of the city.

Returning home, the Sims family and their guest stopped off in Austin for a few hours, and took in the main points of interest spending most of the time in the capitol building.

The next night was spent on the river with relatives. Fishing was the main attraction until midnight, and then a delightful supper was enjoyed.

The next morning, the party drove to Little River and here they were joined by Mrs. Sims' mother, Mrs. L. W. Hucabee, who returned to Sudan with them. Mrs. Hucabee will spend the winter here with Mr. and Mrs. Sims.

On the entire journey, fifteen hundred miles were covered. Over this entire country traveled Mr. Sims reported seeing splendid crops, but the entire party agreed that Sudan had all the rest of the country "skinned" in every way, and the travelers were glad to return to their home here.

FARM NOTES

(D. A. Adam, County Agent)

Sudan Growers of Lamb County will be interested in knowing that the county agent attended a meeting in Muleshoe of the Sudan growers of Lamb and Bailey counties, and steps are under way for preliminary organization of a co-operative that will handle the Sudan crop in a successful manner.

A committee is being selected from the growers of Lamb County to work with the county agent when the time comes for the various county committees to get together in forming of this association. We cannot expect an enormous price for our seed just because a co-operative is being formed, but we can sell our seed on a grade basis, and distribute sales throughout the year so that we can get the highest average price. An advance is to be made which will be a substantial part of the market value of seed and then these seed can be put on the market in an orderly market. The whole proposition is in its infancy but we hope to have something definite for you within the next few weeks.

The county fair is next week, September 10-11-12 and you are urged to bring in some of your farm crops, and products to show the world what we have. A great time is to be had by all. A free barbecue on Saturday and social entertainments will be had by all. A free barbecue on Saturday and social entertainments will make that the feature day of the fair.

Applications for loans to buy feeder cattle in Lamb County can be obtained from the county agent at his office.

SCHOOL HILL ITEMS

The Sudan Schools open Monday morning, September 7th, for the fall term of scholastic work. A good program has been arranged, and the visitors are assured that their time will be well spent. Superintendent Davis is urging that all attend who possibly can.

M. A. Smith, principal of the high school, arrived Monday from his home in Graham and is assisting with the work of getting everything in readiness. Sam H. Branch of Blytheville, Arkansas came in early also, so that he might get fully acclimated to the Plains country before assuming his duties in the English department. Miss Gladys Tranthum, also of the English department, is here. Mr. and Mrs. R. E. Duckworth have been here for some time, and Coach Alldredge closed the latter part of last week. Mrs. Fisher Franks instructor of Home Ec., has returned home after spending the summer in Nashville, Tennessee and Fort Worth. Many others have already come, and others are expected to arrive by the latter part of the week.

Faculty Meeting Saturday
A faculty meeting has been called for Saturday at ten o'clock, and all teachers are requested to be present. At this meeting, work for the coming year will be discussed and all plans completed.

Bring Report Cards Monday
All students are requested to bring both their book cards and report cards Monday morning. Any new student, not having such cards will be compelled to have a statement from former superintendent showing that his past records are clear. This is important, so don't forget to bring those necessary credentials.

ALL LAMB COUNTY CANNING (By Ruby Mashburn)

The Home Demonstration women over the country are canning according to a budget. This budget includes enough of the different fruits, vegetables and meat to make a balanced pantry for the entire family. If a housewife has a sufficient amount of the different kinds of foods, she can plan menus that will mean a well balanced meal. Included in this budget are leafy or green vegetables, fruits, meats, pickles, preserves, jam and jellies.

For a family of five, this will take about five hundred cans or containers. In Lamb County, there are now about 74 canning who are 4-H Pantry Demonstrators. The Demonstrators have cows chickens and a garden. A Demonstrator agrees to prepare a storage place, arrange their pantry, make recipe, menus and bulletin files, and try to preserve the dried fruits, vegetables, cured meats and cheese to supply the needs of their family. The 4-H Pantry Demonstrators will will can about 44,400 containers.

There are 180 co-operators. These women do not do as much as the Demonstrators. Their budget will run about 108,000 containers. This makes a grand total of 152,400 containers for both groups.

About one fourth of the women in the county are doing club work. Each club women is trying to help at least five other women who do not belong to the club. Few women, not enrolled in the club will do as much canning as those who belong to a Home Demonstration club, but it seems a safe estimate to say they will all do half as much as those in the club. According to this estimate, Lamb County will put up something like 300,000 cans. In all probability the amount will be even more.

Club women are giving their time, furnishing vegetables and their cookers and sealers to put up food for the Red Cross.

On last year's canning report, Lamb County ranked second in amount and first in value in the entire state of Texas. This year the value will be more, because the gardens are better than they were last year.

The outlook for '31 is that quantity and value have more than doubled since last year's report was made.

ta Red cane which seed were furnished him by the county agent through courtesy of the Experiment Station, is a wonderful cane, and he is using it extensively in his farm operations.

Anyone having products of interest and of good quality on the farm, the county agent would like to have them for his county exhibit which is to go to Amarillo, and Lubbock fairs.

"BOOST OR MOVE"

WORRY

(A worth while editorial selected by the National Editorial Association)

Worry is an unhealthy condition of normal mind is a direct manifestation of fear. Probably one of the richest gifts of which we are endowed is the power of imagination. Yet imagination is a most prolific source of fear.

The chronic worries usually has an over-creative imagination—an imagination out of control. One specific worry may be slight concern, but in the main they have the same basic characteristics.

I listen to troubles of others and they seem to be largely imaginary trivial. Then I think of my own and I realize that my troubles can be correctly classified about the same way.

We do not rid ourselves of worry by evading our responsibilities nor by crawling out from under our normal load.

The first step away from worry is to courageously and honestly face our problems and to segregate the real from the imaginary. As the prospector must learn to distinguish between gold and "fool's gold" so must we learn to distinguish between real problems and worries.

So we take stock of our so-called "troubles" and see how many we can discard. First in this list should come the worries in anticipation of events possible to happen and which usually do not. The remainder can be classified in the order of their importance and eliminated as fast as possible.

There is a message for us in the parting advice of the aged father to his son: "I have had a great deal of trouble—but most of it never happened." Irrespective of age, most of all of us are like that old man.

In these times the successful man has not time to worry. He is too busy thinking and working out constructive ways to solve his problems. He has learned to control his thoughts—which is the secret of the elimination of worry.

PRESENTS A 'BANANA PLAN'

(Eddie Canton in te Saturday Evening Post)

The apple sellers have been selling the wrong fruit. We could have prosperity back in six months if people would sell bananas instead of apples.

The reason is simple. Apples are healthy, and that's that. You eat an apple and never hear from it again. But the minute you peel a banana things start to happen. Some body slips on the peel and soils his trousers. That makes business for the cleaner. The cleaner buys more benzine; the output of benzine increases. More people are engaged to extract benzine, to pack it, ship it and deliver it. Larger deliveries create a demand for more motor trucks and motor car companies start turning them out by the thousands.

Meantime the man eats another banana, slips again, and before he knows it his pants are torn. That brings in the clothiers, the clothiers bring in their relatives, their relatives start getting married and the furniture business picks up.

The next time the man slips he breaks a leg. That makes business for the doctor. The doctor becomes really interested and the undertaker gets a break. The man leaves insurance and his wife gets a break.

Now figure out the millions of bananas that could have been sold by this time instead of apples, and picture the whole country busy cleaning pants, delivering benzine, slipping on peels, doctors leaving, florists arriving, widows, remarrying, everybody busy, happy and prosperous.

What the apple did for Newton the banana could have done for President Hoover! It's not too late now. If you want to bring back palmy days in a hurry my banana plan will guarantee a quick turnover!

Washington Field Manager Sets A New Style For Men

TACOMA, WASH.—Silk pajamas are a legitimate item in the daytime attire of the modern business man. Fred W. Kennedy, University of Washington faculty member and field manager of the Washington State Press association, said here recently.

Fred, better known as "Pa" where newspaper men congregate, revealed his belief quite by chance while talking with friends.

"Gee Pa, your new tweeds look swell," said an acquaintance, enthusiastically.

"Well, they don't feel so good," grumbled "Pa." "But I've found a way to get around that."

As he spoke, he pulled up his trouser leg and revealed a leg encased in sleek, shiny silk.

"Yes, sir," enthused "Pa," "I just wear my pajamas right under my tweeds and they take up so much of the itch. But even so they do scratch a little."

NEWSPAPER CLEANINGS

From the State-Line Tribune we see that

Business conditions are good all over the Panhandle.

The map of the Nation's Business, prepared by Frank Green, of Bradstreet, for the Panhandle is the largest of eight white spots in the United States at present. It is the only large area over which business conditions are good, and there is only one more small bit of territory in the eastern part of the State, which attains that place in Texas.

The map is based on business conditions as they were on August 1. On August 1, of last year, business conditions over the Panhandle, with the exception of a small spot near Amarillo, registered only fair, as they did on July 1. The Panhandle achieved its present position despite the hot weather slump.

That C. A. Cassidy alleged to have been stealing cattle, butchering them and then selling the meat to Farwell meat markets, was arrested Wednesday of last week and is reported to have admitted the charges.

The Lamb County Leader Reports That the City Commission lead the fight against the West Texas Gas Company over the recent reduction, saying that the reduction is too small to be of any real value.

That Littlefield has installed a public drinking fountain on Phillips Avenue in front of Shory's Cafe.

That Mrs. E. A. Bills and family will spend the winter in Canyon where her daughters, Laura Virginia and Freda Charles, will attend school.

That Bill Chesher is having the interior of the Ritz Theatre completely remodeled and will rent it as a store building.

According to the Olton Enterprise District court closed in Olton Saturday after a session of 3 weeks. The grand jury had finished its work on Friday, returning one indictment in its final two days work. Eleven previously had been found by the body.

The last bill was returned against Sam Franklin on a charge of burglary of the house of S. N. Twilly. Franklin was tried the following day, Saturday, found guilty and assessed a suspended sentence of two years in the penitentiary.

LIKE GOOD HEALTH beyond price

Dependable Gas Service, like good health, is seldom considered while we enjoy it, but is appreciated keenly after it disappears. Your gas service is regarded as a good gas service only if it meets your needs 365 days in the year, every minute of the warmest day of Summer or the coldest day in Winter.

Day and night, the members of the West Texas Gas Company work diligently at their task to insure such a service.

Lesson for September 6

TURNING TO THE GENTILES

LESSON TEXT—Acts 13:12-51
GOLDEN TEXT—For so hath the Lord commanded us, saying, I have set thee to be a light of the Gentiles, that thou shouldst be for Salvation unto the ends of the earth.

PRIMER TOPIC—Paul Preaching in Antioch.

JUNIOR TOPIC—Paul Preaching in Antioch.

INTERMEDIATE AND SENIOR TOPIC—Opening a New Field.

YOUNG PEOPLE AND ADULT TOPIC—A Light Unto the Gentiles.

I. Paul's Journey from Perga to Antioch (13:13-15).

From this time forward Paul, who hitherto was called Saul, takes the lead. His companions were Barnabas and John Mark. Leaving Cyprus they sailed northward to Perga, the seaport of Pamphylia. There is no record given of preaching at Perga.

1. Defection of John Mark (v. 13).

From Perga, Mark for some reason went back. He later reformed himself and was ready to go again when the second missionary journey was begun, but Paul would not give consent (Acts 15:38, 39). It is pleasing to note that before Paul's death he testified in Mark's favor (II Tim. 4:11).

2. In the synagogue at Antioch (vv. 14, 15).

From Perga, Paul and Barnabas went to Antioch in Syria where they entered the synagogue on the Sabbath day. Though Paul was the apostle to the Gentiles, his order of ministry was to begin with the Jews.

II. Paul Preaching in the Synagogue (vv. 16-41).

After the usual reading of the Scriptures, in response to the invitation of the rulers, Paul delivered his first recorded sermon. In its analysis we find four parts:

1. Historical (vv. 17-23). In this section we see how Paul in a conciliatory way led them gradually through a series of changes in which God had dealt graciously with them, finally giving them Jesus, his Son. He indicated these steps as follows: (a) God chose the fathers and exalted the people (v. 17). (b) He delivered them from Egyptian bondage and led them through the terrible wilderness (vv. 17, 18). (c) He destroyed seven nations in the Land of Canaan and gave to Israel their lands (v. 19). (d) He gave them judges as deliverers when distressed by surrounding nations (v. 20). (e) After they had selfishly chosen a king, God rejected the dynasty of Saul and chose David, a man after his own heart (vv. 21, 22). (f) Finally it was God who from David's seed raised up unto Israel a Savior, Jesus. This demanded proof which follows:

2. Apologetical (vv. 24-27). That this Jesus was of the seed of David and therefore the promised Messiah he proves by three lines of argument: (a) The testimony of John the Baptist (vv. 24, 25). (b) The prophecies of Scripture fulfilled in their rejection and crucifixion of Jesus (vv. 26-29). (c) His resurrection from the dead (vv. 30-37). Several passages of Scripture were cited as being fulfilled in the resurrection by means of which he was declared to be the Son of God with power. Having proved Jesus to be the seed of David, he proceeded to set down the doctrinal teachings growing out of it.

3. Doctrinal (vv. 38, 39). The great doctrine derived from this proof is justification by faith—the very marrow of the gospel. Observe: a. The ground of justification is the finished work of Jesus Christ. He took our place as a sinner that we might become sons (II Cor. 5:21). b. Who are justified? Those who believe in him. c. From what is one justified? All sins. The one who believes in Jesus is freely forgiven all sins.

4. Practical (vv. 40, 41). The application of this sermon was a warning lest the judgment spoken of by Habakkuk should fall upon them.

III. The Effect of the Sermon (vv. 42-52).

1. Many of the Jews and proselytes requested to hear these words again (vv. 42-49). Almost the whole city came to hear the Word of God the next Sabbath. This great crowd incited the jealousy of the Jews.

2. Open opposition (vv. 50, 51). The persecution became so violent that Paul and Barnabas were expelled from the city. This persecution was answered by Paul's rejection of them and his turning to the Gentiles.

3. The disciples filled with joy and with the Holy Ghost (v. 52). In spite of the bitter experiences occasioned by this opposition, they were filled with joy.
