

TAXPAYERS SHOULD COMMENCE STUDY OF THEIR COUNTY GOVERNMENT

This is an election year and the voters should commence study of their government-county, state and nation. In fact if we ever had reason to study governmental affairs it is now.

At this time my remarks will be confined to county governmental matters. We farmers have seen our income reduced sixty-five to seventy-five per cent in the past year or two. But our taxes have been increased rather than lowered. With prevalent prices for farm products many farmers cannot pay their taxes and supply their families with the necessities of life.

But we find that our county officers have not clipped one penny from their monthly salaries. They have been and are living off the fat of the land during these distressing and depressed times. The taxpayer is paying the bill and so far has not let out a single holler. Already there is an army of candidates in the field for the various county positions. These gentlemen know a good thing when they see it, and the clamoring for preference at the polls next July promises to be more exciting than it has ever been.

The county Commissioners Court is the executive body of our county business affairs. These gentlemen have fixed their own salaries at \$100.00 per month each and may be charging per diem in addition for their regular meetings. It seems to me that during these panicky times \$50.00 per month for a little attention to road matters would be ample compensation, and many competent men in the various precincts would be glad to accept the office on that basis.

Our county attorney, county clerk, county tax assessor, and all other county officers should have a substantial cut in their monthly pay checks. The office of county treasurer is a sinecure and the \$2,000.00 salary paid annually to this officer is a pension and should be cut to the bone.

The \$2000.00 or more and expenses paid annually to the school superintendent of the county, who has practically nobody to superintend, is purely a waste of tax money.

In harmony with a movement all over the United States, Lamb county voters should insist on drastic curtailment of expenditures in county government. Right now, anticipating lower county outlay for the year, a material reduction in property tax valuation is in order so that relief may be realized in the tax burden a year hence. Those in office and those desiring to get into office should be made to understand that unless they are in favor of a program of retrenchment all along the line, the voters of the county will have none of them.

Railroad employes, clerks, tradesmen, mechanics, in fact the working personnel of the whole country is taking its medicine these days, and there is no reason why the gentleman at the public trough should be an exception to the general rule.

A Farmer and Taxpayer.

FREE ADMISSION TO ALL SHORT COURSE TALKS

Everyone Invited—No Charge of Any Kind to be Made. Sudan, February 29th and March 1st, 1932

"I am sure the short course has done more good for our town, school and farming community than anything we have ever had." This is the expressed opinion of many people who have heard the free lectures that are to be given at the agricultural short course which will be held in Sudan, February 29th and March 1st.

Despite the high standard of lectures, demonstrations and motion pictures, no admission charge of any kind will be made at any of the meetings. The short course is to be held for no other purpose than to help the people solve their many problems of the farm, the home and the community—to not only interest them, but to encourage and inspire them as well—and everybody, men, women, boys and girls, from town and from country, will be cordially welcome at every session.

New thoughts, new ideas based both upon scientific experiments and investigations conducted by many agricultural colleges, and upon practical experiences of "dirt farmers" everywhere, will be presented in the belief that they will be of help to us in meeting the difficulties that we are constantly encountering.

And these facts, important to all of us, will be presented by men and women who are numbered among the best agricultural lecturers and demonstrators in the country in a manner that is interesting, fascinating, gripping.

Local committees are preparing a program that will include discussions of the farm and home problems that are most common in this community, and the Agricultural Extension Department of the International Harvester Company, which is co-operating with our local people in conducting the short course, is doing, and will continue to do everything possible to make it of great lasting benefit to all who attend.

The schools have been especially invited to co-operate in the meeting. Farmers and business men are urged to make this their short course. They will be benefited much more than they may now realize. All women—housewives, club women, teachers, the woman on the farm, the woman in town—will be greatly interested and greatly helped if they will attend as many of the meetings as possible.

They will be particularly benefited by hearing the talks of Miss Grace Marian Smith—farm girl, farm woman, rural teacher, city teacher, extension worker for the U. S. Department of Agriculture during the war, and able lecturer and writer on household and other subjects relating to women's work.

H. S. Mobley and L. A. Hawkins will have prominent places on the program. Mr. Mobley is a practical farmer and a nationally recognized leader in agricultural progress. His talks on "The Educational Use of Knowledge" and "Communities Are Made of Folks" linger long in the memories of those who hear them.

Mr. Hannon's talk on "Landscaping" will be helpful and useful.

Mr. Hawkins' talks on "Soil," "Legumes" and "Home Gardens" are valuable additions to the program.

STANLEY A. DOSS FOR COUNTY CLERK

The Sudan News is this week authorized to announce Stanley A. Doss for the office of County Clerk. He will make a special effort to see each and every voter and lay his claims before them personally. In the mean time consideration of his candidacy will be appreciated by him.

County Seat Re-Moval

In these times of depression, when it is every voters duty to retrench, economize and be careful in the manner in which he casts his vote. It is time for him to consider long and well the advantages, as well as the disadvantages, that he may cause by casting his vote, we say his vote because it is often just that. One vote may make or break a community.

In the case of the removal of the county seat at this time, it may be economy to move the county seat. Since the town of Littlefield has made such a liberal offer, and such offer has been accepted by the county commissioners court, THE FREE USE OF THE CITY HALL, it appear to us that it would be economy to move the county seat to Littlefield, not only on the basis of their offer, but, from the fact that at least 75 per cent of the residents of Lamb county would be benefited by its removal. The distance would be shortened to one-half of its present site, Olton. This alone would save the majority of the voters much time and money. With the court house located at Olton it is necessary for the people of this territory to drive 40 miles to transact business at the county seat, this requires a cash outlay of several dollars and much time, each time the trip is made. If the county seat were located at Littlefield the time and money required to transact business at the county seat would be reduced to one-half which in the course of ten years would mean a saving of many thousand dollars in actual expense of attending business matters at the county seat.

Insurance, operating and up keep of the court house is also quite an item of expense which will be eliminated should the county seat be moved to Littlefield. And taken for a period of ten years would amount to Thousands of Dollars. The removal of the county seat to Littlefield would tend to lessen taxes and even this year a reduction in valuation could be secured which would lower our taxes to one-half or two-thirds of what they have been in the past.

The commodious City Hall at Littlefield has ample room to accommodate the county officers, and the jail is ample to take care of the prisoners. A recent grandjury reported the present jail at Olton inadequate, which means that we will soon be call upon to vote bonds fora new jail, if the county seat remains where it is. This will cost the county \$10,000 to \$20,000. Littlefield's offer of the FREE use of the jail makes another substantial saving.

SALARIES SLASHED FOR HALL COUNTY OFFICIALS

Memphis, Feb. 12—Salaries of county officials were slashed at a meeting of Hall County Commissioners' Court, Monday, this week. The commissioners had previously cut their salaries effective last fall. The county engineer's salary was cut \$100 per month in December, 1931, and all road hands were cut \$15 per month the first of this year.

At the meeting Monday, the county judge's salary was cut \$300 the year; the county clerk's salary, \$300 the year; the county attorney's salary, \$200 the year; the health officer's salary, \$100 the year; the tax assessor's salary, \$300 on advancement; the janitor's salary \$180 the year; the matron's salary \$200 the year and the county engineer's stenographer's salary was cut \$100 the year. Lamb County Commissioners take notice.

Owing to so many sick folks in the community, there was not any Sunday School held at Friendship last Sunday.

The Hornet's Buzz

Rhoda: "Last night I dreamed that I was dead."
 Gladys: "What woke you, the heat?"

Mrs. Duckworth: "You sing that song in a haunting manner, Eunice."
 Eunice: "Do you really think so?"

Mrs. Duckworth: "Yes, there isn't a ghost of resemblance to the original air."
 Miss Trantham: "Are you sure this story is perfectly original?"

Fred Locker: "Well, not entirely; you may find one or two words in the dictionary."
 Alvin: "Do you see that young man over there next to the flivver with the golf pants on?"

Ruth: "I see the fellow all right, but where is the flivver with the golf pants on?"
 Curry: "I hear she has hair on only one side of her head."
 Eldon: "No fooling?"
 Curry: "Yeah, on the outside."

I stood on the hilltop,
 I looked down the lane,
 I saw a lot of green stuff,
 I thought it waving grain.
 I took another look,
 And thought it must be grass.
 But, goodness, to my surprise
 It was the freshman class.
 Curry: Are you Hungary?
 Clarence: Yes, Slam
 Curry: Den Russian to de table I'll Fye.

Clarence: All right, Sweden my coffee and Denmark my oil.
 Mrs. Duckworth (in Spanish): Charles, do you know what a picador does?
 Charles Simmons: "Yes, When a bull starts his way, he picks a door."

Mary Slaughter says that these little freshmen, who have just come over from grammar school, remind her of little Austins running around.
 Fred Locker: "Coach what am I going to do? When I get to the end of a sentence, the bell on his typewriter wont ring."
 Coach: "Just reach around there and ring it."
 Ethel Groom: Coach is this a pop quiz?
 Coach: "Yeah, I guess so, somebody's always popping off."
 Here's a "line-up" on our lineup:
 Use "Webb" to "Fisher" our out and "Locker" up and then "Lynch" her if it takes "Weeks" to do it, for if she falls in "Wells" she "May" get poison "Ivey".
 We'll take our "Brothers" home in a "Ford" if it takes "Nichols" to run it and we have to get "Shaffer" to use the "Horn."
 Eunice: "Mr. Smith, do you have any jokes that have been pulled in class?"
 Mr. Smith: "Yes, the whole class is a joke."

THE GASOLINE RACKETEER IS ROBBING YOU As Well As Your State

An enormous new racket has grown up in the past few years—the bootlegging of gasoline to escape payment of the state tax. Now an alarming amount of gasoline is being sold without payment of lawful tax.

Most motorists who buy bootleg gasoline buy it unknowingly. But know it or not, they are being robbed by the gasoline racketeers every time they buy from them!

The gasoline tax you pay belongs to you, and you should get it back from your state in the form of good roads. When you buy bootleg gasoline, you pay all or a part of the tax, too—but the racketeer pockets the money. You never get it back! And remember—if your state received all the money paid as a gasoline tax, it could well afford to lower the gasoline tax!

Knowing this, you naturally don't want to buy any bootleg gasoline. To be sure the money you pay as tax goes to your state, buy only gasolines sold under dependable, familiar brand names, backed up by reliable companies who make sure the state gets the tax. By sticking to familiar, reliable brands, you'll help banish racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

ACID STOMACH

PHILLIPS' MILK OF MAGNESIA

For Troubles due to Acid Indigestion, ACID STOMACH, HEADACHE, GASES, NAUSEA.

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts. Be sure to get the genuine.

The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.
