High School Notes

Forty new Chinese elm trees have been set out on the school campus. In April or May Bermuda grass will be planted, and Mr. Davis asks that those who have a surplus amount of grass to donate it to the school to make the campus one of the prettiest places in town.

Three weeks tests are over and a much larger percentage of students passed than before.

The Glee club has begun practicing songs for the programs to be held at the end of the school year.

Mr. Davis is planning to have two or three weeks of spring basket ball training to find what material there is for next year's teams.

A new board of trustees has been elected. The board includes the following men now: A. C. Daniel, J. E. Harvey, G. G. Hazel, G. W. Maston, T. W. Alderson, Joe Foster and W. M. Slaughter.

P. T. A. Scrap Book

The P. T. A. is making a scrap book in which they are putting the pictures of officers of the P. T. A. the room mothers of the school faculties, and the newspaper clippings for the year. The book carried out in the P. T. A. colors, blue and gold. Special mention is made of the community council and other work sponsored by the P. T. A.

Mrs. Mitchell decorated the book with hand painting; much of the success of the book is due to the work of Mrs. Mitchell and Mr. Weimhold.

Senior Class Notes

The Senior class met Thursday afternoon and selected commencement invitations and cards. A number of complaints sent a large number of samples for the class to select from.

This year's Senior class has twenty-eight members. They are the following:

Gladys Barnett, Curry Lynch, Hortense Blair, Paul Mathews, W. D. Caldwell, Merle May, Ida Rene Crain, Jaunita Nichols, Lillie Mae Moncreif, Rhoda Ormand, Jimmie DeLoach, Mildred Fowler, Leonard Payne, Clara Dudley Lenore Payne, Ethel Groom, Weidon Schaffer, Sidney Given, Auda Faye Thompson, Lurlene Harvey, Lou Weatherford, Alta Mae Hicks, Alvin Webb, Ann King, Clarence Weeks, Ruth Light, Fred Locker, Thelma West.

The Seniors are looking forward to the Junior-Senior banquet which the Juniors are sponsoring for May 7th. Several plays have been ordered to select a Senior play from. This play will be put on about two weeks before school closes.

Seniors are working hard these days in rounding out their years work. The Senior class is planning a social of some type for the near future.

Junior Class Notes

The Junior class play that was to be presented April 15 has been postponed until April 22nd.

It might be interesting to note that the Junior class had twelve representatives to go to

the county meet in the different contests.

The Juniors and theygn Listed are the students who will make up the Senior class of 1932-33: Marjorie Alderson, Ethel Alexander, Doyle Baccus, Harland Barnes, Juanita Bonds, Frances Brewster, Bernice Brothers, Lela Burnham, Charlie Carruth Willie Mae Clemens, Edwin Crim, Clara Mae Fisher, Elbert Ford, Jack Fisher, Henry Fowler, Edith Gann, Margaret Earl Gibbs, Wayman Gordon, Ora Lee Grimsley, Hubba Harrel, Lonnie Horn, Jame Ivey, H. B. King, Mary Luttrell, Bonnie Bell Lyle, Kathryn McElfresh, Myrtle McLarty, Dris Malone, Eunice Moore, Eldon Nichols, Ada O'Keefe, Ben O'Keefe, Melba Phillips, Juanita Pierce, Evelyn Stevens, Oveta Trammel, Ruth Teague, Winford Wells, Adgar White, Cortez Wofford.

Grammar School Notes

The Choral club and picture memory students are continuing their work, so as to make a good showing at the district meet.

The following program is to be rendered Thursday by Miss Foote's pupils: Piano solo—Betty Mitchell; Reading—Joyce Stone; Song—"The Waltz You Saved For Me"—Sixth Grade Girls; Songs—Audience.

Mrs. Dodgen has charge of the program that is to be rendered at the P. T. A. program Thursday night.

Mrs. Stone helped to represent Sudan at the P. T. A. meeting in Slaton. Misses Reeves, Foote, White, Oglesby, and Mrs. Boyd spent the week-end in Lubbock.

Theresa Davis won third place in 1st grade story telling in the county meet.

Personals

Etta Mae Beachamp, who has

been in the hospital in Lubbock, is reported somewhat improved.

Bonnie Belle Lyle is expected home some time this week from the sanitarium in Lubbock.

Maunta and Zelma Eudaly have withdrawn from school.

Jokes

Mrs. Franks: Mary, what is gauze?

Mary Slaughter: I don't know Mrs. Franks: Why, you should know that

Louise West: I know it's a young goose.

SOUR STOMACH

JUST a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are vappy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-south.

A YEAR

At least one of the uncertainties as to possible candidates for Governor was erased here today by Attorney General James V. Allred, who declares positively that he would not be a candidate.

"I have not been, am not now, and will not be a candidate for Governor," Allred said. During my administration as Attorney General, I have been too busy trying to interpret and enforce the law to even think of politics, and regret that unfounded speculation has drawn my name into the race. While it is a compliment to be even mentioned for that honor, I feel that it is my duty to continue to apply myself faithfully to the interests of the people in the Attorney General's office.

"This is the first 'breathing spell' I have had in months, but it will be applied to a discharge of the duties of this office, and not to politics. The people of Texas have honored me with the greatest opportunity for service ever given any young man, and I am deeply grateful. I trust they will see fit to continue my term of service and I will, therefore, make a formal announcement at the proper time."

PANHANDLE PLAINS DAIRY SHOW Plainview Monday, April 11

Plainview April.—A special invitation is extended to farmers, business men, students and all others interested in dairying in the 54 counties of Texas and 14 counties of eastern New Mexico to the Panhandle Plains Dairy Show which will open in Plainview Monday, April 11, continuing through the 14th.

A number of towns have already notified that they will have arranged delegations among them being Tulla, Anton, Silverton and Quitaque. More than 100 exhibitors are expected to enter in excess of 300 dairy animals in competition for the \$3,500 in premium awards, according to Grady Shipp, secretary-manager of the show. Fifty-eight exhibitors have already notified Mr. Shipp they will enter cattle this year.

The show will include in addition to three departments of dairy cattle, a production contest, 4-H Club dairy cattle judging contest, vocational agricultural students' cattle judging contest, a dairy calf club show and dairy products department.

Jack Shelton of the Luling Foundation, Luling, Texas, has been selected as official judge for the dairy cattle department. H. S. Wilson, assistant dairy manufacturing specialist of the U. S. Department of Agriculture, with K. M. Renner, dairy products specialist at Texas Technological college, will judge dairy products.

Accommodations for 500 animals are provided in the dairy show barns at Plainview which were erected following the first show when Plainview was made the permanent site, and to which additions have since been made. The show barns contain adequate facilities for exhibits of dairy products, machinery, farm home conveniences, feed and other farm accessories which are annually displayed.

All animals on exhibit are tested for tuberculosis and plans were worked out this year by the association whereby entire herds in this section are now being tested with the show animals getting the test free of charge.

On the opening day, Monday April 11, the program will include official tests in the production contests and the 4-H and vocational agricultural dairy cattle judging contests. Guernsey cattle and dairy calves will be judged Tuesday morning, with the Jersey division in the afternoon. Holstein-Friesian cattle will be judged Wednesday morning and the Jersey classes completed in afternoon.

Special features of the show include a Texas A and M College ex-students' banquet, Monday at 7:30 p. m.; a pageant, which includes the crowning of the dairy queen and is followed by the Queens ball Tuesday night; the annual banquet of dairy cattle exhibitors and the annual meeting of the association.

When TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little jewels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

Wm. H. Fletcher
CASTORIA
CHILDREN'S CATHARTIC

tim Wednesday night; a parade of blue ribbon winners in the dairy department at 9 o'clock Thursday morning; and the annual sale of livestock Thursday afternoon.

The officers of the Panhandle-Plains Dairy Show are P. C. Bennett of Amarillo president; J. E. Rigler, Plainview; D. F. Eaton, Lubbock; Oscar Stansell, Floydada; and S. J. J. Payne Tulla vice-presidents; Grady Shipp, Plainview, secretary-treasurer.

W. W. Evans, Hale County agricultural agent, is general superintendent and the following department superintendents have been named: R. F. McPatrick, Muleshoe, Jersey; L. A. Adam, Amherst, Holstein-Friesian; W. T. Magee, Levelland, Guernsey; Ralph Thomas, production contest; W. C. Hale Dimmitt, dairy calf club show.

CALCIUM, PHOSPHORUS NEEDED IN LUNCH BOX

"Early to bed, and early to rise, Makes a boy healthy, wealthy and wise."

All very well, as far as it goes. But what the boy eats before he's "early to bed," what he eats when he's "early to rise," and what he has in his school lunch box—that's what "makes a boy healthy, wealthy and wise."

The wise mother knows her boy's nutritive needs at home and at school. She knows his need for calcium and phosphorus, as well as for proteins and vitamins of meat and eggs and vegetables. She knows that if she bakes her boy's foods at home, with self-rising flour, that she is giving her boy the benefit of the millers' combination of important minerals for growth—all the essentials of a well-balanced diet.

So the wise mother makes the lunch box sandwiches of quick breads made with self-rising flour, butters them well, and fills them to capacity with chicken or other lean meat, or with sliced hard-cooked egg. A raw vegetable, carrots preferred, and a little fresh fruit, she adds to the sandwiches for balance.

And then comes the schoolboy's delight, and the object of all his sweet-toothed anticipation—cakes, cookies, pop-corn balls—any of the pasties made with self-rising flour.

Ray Mowery, Lubbock, dairy cat the judging contests; Mrs. Julia Kelley, Plainview, Dairy products. Grady Shipp, Cor.

MAPLE FIG PUDDING

Don't get into a recipe-rut! If you have been serving the same dishes for dessert, month after month, try out these two new recipes and watch the smiles that greet their appearance.

1/4 lb. dried figs 1/2 cup self-rising flour
1/2 cup maple syrup 1/4 tsp. sugar
1/2 cup boiling water 2 tsp. shortening
4 tsp. milk

Soak the figs in cold water to cover, until soft. Then cut in halves. Place the figs in a greased baking dish and mix the maple syrup and the boiling water and pour over the figs. Cover the dish and steam for one-half hour. In the meantime make a dough mixture as follows: Mix and sift together the self-rising flour and sugar. Work in the shortening and when well blended add the milk sufficient to make a soft dough. Remove the baking dish from the steamer, cover the figs with the dough, cover the baking dish, return to the steamer and allow it to steam for one hour. This pudding should be eaten hot and may be served with whipped cream, although the fig syrup makes a rich sauce. Serves 6.

Hawaiian Delight.

1 1/4 cups self-rising flour 1 egg
1/2 cup milk 1/2 cup sugar
1 tsp. melted butter 1/4 tsp. cinnamon
1 cup grated pineapple 1 tsp. sugar

Measure and sift together the self-rising flour and sugar. Beat the egg until light and to it add the milk and melted butter. Add gradually to the dry ingredients, stirring constantly. Beat, spread in a greased pan and sprinkle the top with a mixture of one tablespoon of sugar and the cinnamon. Bake at 400 degrees F. for twenty minutes, or until done. Cut in squares and serve hot with the grated pineapple over it. Serves 8.

WAFFLE MOST VERSATILE OF FOOD DELICACIES

When in doubt, have waffles. The ingredients are staples on hand in every household. The uses of the waffle run the course of breakfast, lunch, the impromptu tea party, dinner or supper. There is no food more adaptable, none more variable in its uses, some quicker and easier of production, than the waffle.

The breakfast waffle is never wasted. Capacity reached, the batter that is left can be put away in the refrigerator, and used again at lunch or at the light supper in the evening, and still better, at the impromptu afternoon tea.

Breakfast waffles are served with butter and sugar, or butter and syrup, with bacon or with sausage, depending on the likes and dislikes of the waffle-fed family. There are varieties in even the breakfast use of the useful waffle.

For lunch or the impromptu afternoon collation, jam or jelly or marmalade can be used instead of butter, and for creamed chicken or sea food, the waffle makes an ideal base at supper time. The useful waffle is adaptable to any circumstance or to any taste.

With self-rising flour the success of the waffle batter is never left to chance. There is no waste. Self-rising flour is economical of both time and expense, as can readily be seen by the following recipe:

Waffles.
1 cup self-rising flour 1/2 tsp. melted fat
1 1/4 cups milk 2 eggs
1/2 tsp. sugar

Directions: Sift and measure flour. Beat yolks with sugar and fat. Add milk. Then add liquid to flour and fold in egg white, beaten stiff but not dry. Let bake in hot waffle iron, from one-half to one minute, and turn.

The Sudan Home Demonstration club met last week to reorganize. Officers were elected, and they are to meet with Mrs. F. Z. Payne April 8th.

Those taking the Teacher's Training Course at Littlefield Were: Mrs. F. Z. Payne, Mrs. McMicken and Mr. Wm. White

Industry Must Go On
The wheels of industry must continue to turn—the World must be fed and clothed, and it must have some of those things to which we have become accustomed in modern life.
Conditions are not always the same, and at times it is difficult and discouraging, as it has been during the past several months. It is a period of adjustment to conditions that obtain now and will likely influence the future.
"Safety First," should be the keynote, and there is no better assurance of safety than in making our living at home and economizing where economy is possible.
We are assured of but one thing—that business conditions will be on a firmer foundation than ever before when at last this adjustment is complete.
Keep the wheels turning, but let your operations be safe and self supporting.
