

TO THE VOTERS OF LAMB COUNTY

Having received frequent solicitations to announce as a candidate for county judge of Lamb County, I have finally reached the decision that I would yield to such suggestions and offer my services to the people of the county in the capacity of county judge, letting the people say by their votes whether they desire such services of me.

In making this announcement, I realize full well the great importance and responsibility of the place which I seek. The County Judge has a double duty. In the first place, he must preside over the county court and, in doing so properly, it is his duty and his alone, to interpret the law and announce same to his juries and to apply the law to the facts as developed in cases tried before him as judge and without a jury. In brief as prescribed in the words of the Statutes of Texas, he is required to be "well informed in the law of this State".

The County Judge's second function is to preside over the Commissioner's Court, that body which handles the finances of the county, which responsibility is so vital to the interests of the people at this time. In such place it is the duty of the county judge to keep up with and in a way to oversee the expenditure of all money spent for the county and to see that no money is expended save such as is absolutely necessary for the efficient conduct of the affairs of the county. It is his duty to see that no money is paid out by the county for the services of any officer or employee unless such services have actually been rendered and to cut expenditures at every place and in every way reasonably possible.

If elected as your county judge, I promise my best efforts to see that Lamb County has a county court conducted with all of the dignity, courtesy and speed with which a court of justice should be conducted, with a heart-felt determination to see that every litigant therein receives full justice and to save the county the useless expense of unnecessary delay in the conduct of the court's business.

Furthermore, if elected, I pledge myself and my utmost ability to see that the county is given an economical administration of its affairs in line as above set out in connection with his work with the commissioners court. Also, I should welcome any constructive and reasonable suggestions from the people of the county aiming in that direction. And, incidentally, I would promise that it would be one of my particular aims to see that certain property in this county belonging to those who are able to pay taxes while I remained as county judge, thereby lessening the load upon the tax-burdened home owners of the county.

For the benefit of those who do not know me, I will state that I am an attorney, having received my legal education in the Law Department of the University of Texas, and having been practicing law for the past fourteen years, about eleven of which were spent at Eastland, Texas, and the past 2 1/2 years in Lamb County.

I should appreciate any investigation of my record and any consideration and any assistance rendered me in the present campaign in full confidence that if elected I would be able to render the county a real service. Did I not have such confidence in my ability to thus serve the county efficiently, I should not have reached this decision to submit my name to the voters as a candidate; and it is with a sincere desire to serve the people, in the event they wish to employ me as their servant, that I ask the due consideration at the hands of the voters of the county.

Respectfully
G. G. Hazel.

Mrs. A. D. Linton, Grace Linton and Margaret Earl Gibbs returned last week from Hamilton County where they have been visiting relatives and friends.

TO THE CITIZENS OF LAMB COUNTY

I appreciate the loyal support accorded me in my campaign two years ago and ask you to elect me to the office of county attorney for Lamb county in the coming Democratic primary. I have been engaged in the practice of law in Lamb County since receiving a degree from the University of Texas Law School in August, 1929 and with reference to my qualifications as an attorney I ask the voters of Lamb county to investigate my record with any man I have ever represented.

I believe that the successful exercise of the duties of county attorney requires the careful study of all cases presented with rejection of cases not sustained by both facts and law and a strict prosecution of all cases sustained by sufficient facts and law. In an advisory capacity concerning county business I believe that the county attorney should look first to the expense entailed in the matter in question striving at all times to reduce county expense to a minimum without sacrificing any worthy county project.

Financial conditions will not justify my making a house to house campaign this year but I shall attempt to see all the voters before the primary election and am willing at all times to state to the citizens of Lamb county my position on any question concerning the duties of the office of county attorney.

Very truly yours,
Herbert C. Martin

Bart Denton and son of Littlefield made the News office a pleasant call Monday.

Herbert Teal, manager of the Sudan Produce is confined to his bed with sciatic rheumatism this week.

Miss McIntosh of Fort Worth is visiting her aunt, Mrs. Fisher Franks.

Miss Betty Lou Stark of Seminole is visiting her sister, Mrs. Herbert Teal and family.

AERONAUTICS SHOW TO BE AT LUBBOCK

Lubbock, Texas, June 23.—West Texas' first Aeronautics Show will be held here July 1, 2 and 3 at the Lubbock Municipal Airport under the direction of W. C. Breedlove, manager, with the cooperation of the Lubbock Chamber of Commerce. Ten of the major aircraft manufactures have already notified Breedlove they will participate in the show and will have planes here, while word has not been received from twenty more that have been invited.

Among the companies that have signified their intentions of having planes here are the following:

Stinson Aircraft Corp., Wayne, new model R with Lycoming motor, a monoplane; Stearns Aircraft Co., Wichita, Kan., three types of biplanes; Aeronautical Corp., of America, Cincinnati, Ohio, Aeronea, two types of monoplanes; American Eagle-Lincoln Aircraft Corp., Kansas City, Kan., monojlane and biplane; Nicholas Beazley Airplane Co., Marshall, Mo., low and high wing monoplanes; Davis Aircraft Corp., Richmond, Ind., monoplane; Inland Aviation Co., Kansas City, Kan., Inland Sport, a biplane; Waco Aircraft Co., Troy, Ohio, Waco planes; Bird Aircraft Corp., Bird biplane, Wiley Post of Oklahoma City will be here in charge of plane; and Alexander Aircraft Co., Colorado Springs, Colo., Eaglerock.

Prices of the planes already stated to be here for the show range from \$1,475 to \$4,595, and more expensive planes are expected. Flights in formation, special stunts and other events will be offered for the crowds that come in for the free show and several thousand people are expected here.

W. F. Lynch returned to his home in Sudan much improved, after spending sometime in the sanitarium in Colorado.

Proud Moments

SPADE CLUB

"Farm Food Supply" was discussed by Mrs. H. H. Allen, T. W. Tucker, W. E. Bentley and our home demonstration agent, Miss Ruby Mashburn at T. W. Tucker home Tuesday afternoon at 3:00 with 31 Spade members, 7 Hart Camp members and 2 visitors present. Mrs. H. L. Woodley and Mrs. W. W. Gillett, Ruby Mashburn also helped the members fill out their canning budget and gave several canning recipes also suggestions for the "Farm Food Supply" demonstrators.

The hostess served chocolate and vanilla ice cream with chocolate and plain angel food cake to 40 ladies and the Spade 4-H club girls. Our next meeting will be with Mrs. R. C. Roberts Wednesday, June 22, 1932 at 2:30. Equipment needed will be discussed by 7 different club ladies. We urge every member to be present and visitors are always welcome.

CARD OF THANKS

We wish to express our thanks through the columns of the Sudan News, to our friends and neighbors for their kindness to us during the illness and death of our darling baby boy, and for the floral offering.

Mr. and Mrs. A. W. Ratliff, and Gwendelle.
Mr. and Mrs. C. Z. Ratliff, and family.
Mr. and Mrs. John King.

FRIENDSHIP CLUB

"A healthy baby comes from proper food" said Miss Ruby Mashburn, Lamb County Home Demonstration Agent, last Thursday evening at the church in a discussion on "Farm Food Supply".

The 4-H Pantry for a family of five should have the following: 120 quarts of leafy vegetables, 100 quarts of starchy vegetables, 80 quarts of other vegetables, 75 quarts of meat, 52 quarts of pickles and relishes, 52 quarts of preserves and jelly, 52 quarts of sea food, 8 quarts of vegetables brined, 104 pounds of vegetables dried and 100 lbs of vegetables dried and 100 lbs cured meat.

Refreshments of iced lemonade and home made cake were served to nineteen members, one new member, Miss Edith Alexander and one visitor, Mrs. W. T. Atterwater and the "Sunshine Club" of Janes Chapple.

Mrs. J. R. Clark and son and Mrs. Dryden who have been visiting their parents, Mr. and Mrs. John A. Dryden, returned to their home in Fort Worth.

COUNTY BED ROOM CONTEST CLOSSES

The home improvement phase of extension work in the county was conducted in the form of a bed room contest in which one demonstrator and several cooperators from each club participated. This is a part of an early program in which women first improved kitchens, then living rooms.

County judges were Miss Betty Stewart, Home Economics Teacher of the Amherst High School and Miss Norma Hulme, manager of the Telephone Office of Amherst.

Winners in the women's clubs are as follows: 1st Mrs. M. M. White, Sod House Club, 2nd Mrs. C. L. Henderson Ruby Club, 3rd Mrs. N. H. Humphries Lums Chapel Club.

Winners in the 4-H Clubs are as follows: 1st Irene Brown, Littlefield club, 2nd Lorene Tucker, Spade Club, Adell Neinstast, Harts Camp Club.

The stories of the winners will follow later. Miss Sallie Hill, District Home Demonstration Agent, of College Station will be in the county Wednesday June 22, as District Judge.

Mr. and Mrs. W. A. Epperly spent the week-end with Mr. and Mrs. Cal Scott, of Amherst. Marie Epperly spent last week with Mrs. Dave Edgin of Amherst.

Mr. and Mrs. Doc Gayle of Midland spent Sunday with Mr. and Mrs. E. Norman.

Mrs. J. C. Morgan was called to the bedside of her mother last week at Mark.

Joe Crawford from Dallas County arrived in Sudan and will stay with his uncle, C. M. Crawford until his crop is laid by.

The Esther Circle of the Baptist W. M. S. met last week in a way, and studied the women of the old Bible. At the close of the meeting the hostess served lemonade and cake to the following ladies: Mesdames Harris Brantley, Jim Bradley, J. M. Brantley, E. L. Yarbrough, E. L. Scovaisa, O. L. Williams and A. Johnson.

SUMMER SCHOOL HAS BEGUN

Those who are interested in attending a summer school may enroll this week or not later than next Monday, June 27. Mr. Smith has begun the summer school work and Mr. Davis is expected to be here soon and teach some of the subjects. Pupils may report at the High School for information in regard to which subjects and courses are offered.

W. N. McNeely
Secty School Board

SUDAN CLUB MET IN A JOINT MEETING

The Sudan Home Demonstration club met with Sod House and Amherst clubs at the Sod House Club Home, Friday, June 17. About 45 members were present. "Farm Food Supply" was discussed by several club members and Miss Mashburn, our agent. She also helped the members fill out the canning budget and gave several canning recipes and suggestions. Ice cream and cake was served by the Sod House club. Those present were invited to visit Miss Veo Whites 4-H pantry and Mrs. Marvin White's improved bedroom.

The next meeting will be at the home of Mrs. Joe Stark, 5 miles west of Sudan, on the first Friday in July, and the subject is "Recreation and Wardrobe Achievement."

SOD HOUSE CLUB

The family that has a well planned food budget need not spend very much for the other necessities of life, said Miss Ruby Mashburn, in a joint meeting of the Amherst, Sudan and Sod House Home Demonstration Club at 2:30 Friday, June the 17th at the Sod House. The Farm and Home Food Supply was discussed in full, and a suggested budget for this year was made out by each club women present. Well balanced meals, menu charts and foods from the farm were discussed. Miss Mashburn says that it is not safe to can greens no. 3 tin cans on account of the germ which causes botulism, which is very dangerous, and the germ is hard to kill.

Miss Virginia Pointer gave a talk on the advantages of club work after which refreshments of ice cream and cake were served to 31 club women and 2 visitors.

After the social the women visited Miss V. O. White's 4-H pantry, and Mrs. M. M. White's bedroom.

Our next meeting will be with our wardrobe demonstrator, Mrs. Charlie Harrell at 2:30 Friday, July 1st in Mrs. Herrells home. A report of her wardrobe work will be given at this meeting.

The dress contest will be at the Amherst High school building, July 28th. Come and bring something to eat. Visitors and new members are always welcome.

Mr. and Mrs. F. W. Dent received a letter from their daughter Mrs. Jimmie Alldredge stating they were enjoying their visit in Colorado. They are visiting Mr. Alldredge's brother, H. B. Alldredge at Canyon City, Colorado. They also visited relatives in Denver and Colorado Springs. Mrs. Dent is expecting them home in the next few days.

Mr. and Mrs. Ruel Mitchell and two daughters, Betty and Regina, left this morning for Gainesville. Mr. Mitchell will attend to business matters and Mrs. Mitchell and the children will visit relatives. They will return Saturday.

Mr. and Mrs. Ed Ayrain, and two sons were in Lubbock Sunday. U. H. Mileur, of Amarillo, and John Carrol of Chickasha, Oklahoma, were in Sudan the latter part of last week. Mr. Mileur visited his wife and baby at the Sudan Hatchery.

A very interesting lesson was given by Miss Mashburn last Wednesday on "Farm food supply." She told us things that were essential and of great value to us and we each learned things we should have known long ago.

Ladies were urged to be preparing for the dress contest. We are all looking forward to this for a big event. The program committee is busy preparing the program for the 28th. Our next program will be held in the home of Mrs. Davis near Amherst. Refreshments were served.

Our next program will be held in the home of Mrs. Davis near Amherst. Refreshments were served.

SAND HILL CLUB

The Sand Hill Club met at the home of Mrs. Cecil Smith, on June 17 with 10 members and 1 visitor present. Several interesting talks were made on "How a well equipped kitchen adds to a home."

Refreshments of lemonade and cake were served.

Henry Cook was in Littlefield last week and bought 1000 baby chicks from the hatchery.

SLOW-MOTION PICTURE OF NOTRE DAME-SOUTHERN TO BE SHOWN FOR COACHES

Lubbock, Texas, June 23.—An eight reel slow-motion picture of the famous Notre Dame Southern California Football game will be shown at the Texas Tech coaching school by Hearty "Hunk" Anderson, Notre Dame coach July 11 to 22, Coach Pete Cawthon, Tech coach announced.

One hundred and fifty three coaches from 25 states have already signed up for the school and with five to six registrations coming in daily now, the enrollment is expected to break the record of 325 set up last year that made the Tech School the largest in the nation.

With Anderson comes All American back Marchmont Schwartz and possibly All American quarterback Frank Carideo, who heads the University of Missouri coaching staff next fall.

"Phog" Allen of the University of Kansas heads the basketball classes and already 25 Kansas coaches have signed up for the school.

Glen S. "Pop" Warner of Stanford is another headliner and will have with him Tiny Thornhill and Chuch Witterburn. Jack Meagher of Rice and Clyde Littlefield of Texas will be on hand to help instruct and 45 Texas coaches have already signed up.

Far away states from which coaches have already signed up include: New York, Ohio, Maryland, North Carolina, Connecticut, Wisconsin, Iowa, Washington, Pennsylvania, Georgia, Nebraska, New Jersey, Tennessee, Illinois.

All Southwestern states have a number of coaches already signed up and there are already eight California coaches signed.

Mr. and Mrs. F. W. Dent and son, "Jinks", returned to their home in Sudan after several weeks visit with their daughter, Mrs. Jim Griffin and family near Okustee, Oklahoma. Mr. Dent has several farms in Oklahoma and reports a fine wheat crop, averaging from 35 to 40 bushels to the acre, and is selling from 29 to 32c per bushel, and barley and oats are bringing 10 cents. Mr. and Mrs. Dent also visited at Fredrick, and on their return trip visited Mr. Dents sister, Mrs. Richards and family in Knox County. They report lots of rain in that section and the cotton prospect not very good.

Mr. and Mrs. Buster Hamilton of Lubbock, spent Sunday with Mrs. Hamilton's parents, Mr. and Mrs. Hugh Brewster and family. They visited friends in Sudan Sunday afternoon.

Mr. and Mrs. C. E. Harris, Mr. and Mrs. S. H. Land, and daughter, Mary Elizabeth, all of Amarillo, visited Mr. and Mrs. J. A. Harris. They all returned home Sunday but Mrs. Land and daughter who remained for a longer visit.

Mr. and Mrs. Frank Faris gave a party in honor of her daughter's, Frankie Ruth, birthday, last Saturday afternoon.

A number of games were played after which all present enjoyed refreshments. Frankie Ruth expressed her thanks for the nice gifts received.

A number of games were played after which all present enjoyed refreshments.

Frankie Ruth expressed her thanks for the nice gifts received.

BED ROOM IMPROVEMENT
Mrs. M. M. Whit Sod House Club (First in County)

When I was asked to be a bed room demonstrator I wanted the task because I knew that the only way I would improve my room. I did not know just what the expense would be but I had saved some money from the sale of my turkeys and said that I was going to make that improve my room. The room surely was not attractive plane. The house, as many others in this country had been built temporarily, but we are still living in it. The walls had no covering not even sheet rock or bever board. The furniture consisted of a dresser, a bed, and one rocking chair which needed repairing. The floor which was very rough had been treated with burn lube oil. The wood work was still in its native condition. There was no closets in the room.

I began by refinishing the wood work. I found a part of a can of paint that was left from painting the house a few years ago. It was so dried out that it looked hopeless, but by soaking it several days in lin seed oil which I found on hand and straining it several times I got a good paint. I bought a lac tube of coloring (burnt sienna) and used enough in the white paint to make it an ivory color.

I needed a rug for the room so I dyed some old bannase and hooked them into a lovely rug. The rug has the warm browns and tans predominating with just enough cream tea, and yellow colors added to give it life and interest. The rug is of a geometrical design, which harmonizes well with every thing in the room.

The floor was scrubbed sand papered and scraped to get it even. The cracks were filled with putty which has been stained a soft brown. Then the floor was stained with potassium permanganate.

Two closets were built from material on hand with the exception of the hardware for the doors and the hinges. The closets are 4' x 2' and eight feet in height. The upper part is in a cabinet itself where quilts and materials used only a part of the year may be stored. The lower part has shelves in one side for the shoes and hats. There is one shelf running the full length of the closet and underneath this there is a rod on which coats, suits, and dresses may be hung.

Where the sick get well.
Depression prices extended.
Piles successfully treated.

I put two closets in this room so each member of the family could have sufficient storage place for all clothes. Shelves and rods are placed low enough so that the smallest child may easily reach his clothes. Now that the place has been provided each child puts his clothes where they belong and I never have to pick up after them. The inside of the closets were papered from the living room which was papered two years ago. This is very light in color and makes things easier found. I also have flash lights handy so things may be found at night with no danger of fire. On the inside of the door I have placed a container for hose so they will be handy. As my furniture had been in the family since I started keeping house some twentp years ago it was slightly out of date. The dresser was too dark so this finish was removed with lye past and refinished but it was too dark again so this finish was removed and a second finish put on. It was not the same color as the bedstead so I decided to refinish the bed. It was such a pretty color that I decided to leave it and refinish the dresser again. I did and have a perfectly matched bed room suite now that the chairs have been refinished to match.

I needed a table so I found a leaf from a dining table and with two straight pieces left from remodeling the bedstead I had sufficient lumber of good quality for a table. I secured the services of a carpenter to make the table, and cut a small mirror from the large one which was broken. This was paid for in canned vegetables of which I had a surplus.

A waster paper basket was made from a paste board box and painted ivory color, on this I pasted a picture of a colonial couple that had been clipped from a recent magazing. The paper is of very light back ground with rose and blue flowers in very small clusters. This was selected so the room would be as light as possible and cheerful as possible.

The paper was \$1.00, the material for the closets \$1.00 and the other things including window shades, curtain, and

POLITICAL ANNOUNCEMENTS

Lubbock Meeting Plans Announced By Hawk After Parley

Plans for a Budget-Making Institute, to be held in Lubbock during the last week of this month, were announced here yesterday by the West Texas Chamber of Commerce through its president, Wilbur C. Hawk. The Institute will be conducted for the benefit of public expenditure committees in all towns affiliated with organization.

"We have the organization machinery set up to accomplish great results in public expenditure reductions and the object of this institute is to put the machinery in motion effectively," Mr. Hawk said.

Necessity Stressed

As president of the organization, Mr. Hawk outlined recently the year's policy, stressing the necessity for cuts in public expenditures and other objectives.

Public expenditure committees already have been formed in 82 of the 117 towns affiliated with the organization.

"The Institute will give these committees definite information on making city, school and county budgets," Mr. Hawk said. "Every detail connected with budget-making will be explained thoroughly and after the institute each committee will be able to actually do a budget-making job."

ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts. Be sure to get the genuine. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.

Mr. Treadwell was Hot . . .

but His Motor Wasn't!

CONTINENTAL OIL COMPANY. Gentlemen:

"During my recent vacation I had occasion to give Germ Processed Oil a real test, driving some 1,600 miles, temperature from 105 degrees to 111 degrees. The car never previously stayed as cool, and drove nicer, and I attribute it to no other cause than the use of Germ Processed Oil. Yours truly, T. P. TREADWELL."

Although Mr. Treadwell is Chief of the Fire Department at Fort Collins, Colorado, he must have been pretty hot in weather like that!

But in spite of 105 to 111-degree weather, his motor didn't heat up! Conoco Germ Processed Motor Oil withstands heat better because Con-

oco's exclusive, patented Germ Process gives it extra "oiliness" other oils don't have. That extra oiliness reduces motor operating temperatures. It guards against thinning out caused by heat and crankcase dilution. It gives Germ Processed Oil more stability.

And, no matter how hot the weather, the Hidden Quart stays up in your motor and never drains away. It's always on duty when you start, cutting down costly wear during the starting period, when almost half of all motor wear occurs.

For Summer, for Winter, any time—Conoco Germ Processed Motor Oil is a better oil for your car. Change now at any Conoco Red Triangle station.

* This unpaid testimonial is on file at Conoco headquarters.

(Continued from page 2)

Stamford general manager of the organization and his assistant Maury Hopkins.

At the conference Mr. Hawk outlined the committee work for the coming year. The president announced creation of 18 committees and assignment of 45 objectives.

With reference to the public expenditure work Mr. Hawk in addressing the executive board and directors said:

"Our problem is one of giving to our committees already created definite and specific assistance in the work of preparing and adopting the local budgets and in addition to getting every one of our 117 affiliated towns to create these committees.

"At the close of my year I hope to have a file copy of every city county and school budget made in accordance with a definite form and adopted by the properly constituted authorities after a thorough review and public hearing before taxpayers."

The public expenditure committee objectives are divided by the president as follows:

"To sponsor and urge in all affiliated communities the creation of a public expenditure committee dedicated to preparation of local governmental budgets and affiliated with the central committee of the West Texas Chamber of Commerce in working on state and federal problems.

Plan State Organization.

"It shall be the duty of the central committee to outline to the local committee to outline to the local committees a definite budget procedure and give to the local committees every possible staff and clerical assistance in preparation of data for local budgets and it is recommended that the central committee conduct an institute on budget making to which each local committee may send its secretary.

"To develop a state-wide organization on the reduction of public expenditures.

"To memorialize the Texas Legislature and the United States Congress to reduce public expenditures rather than impose new taxes.

Back Home Rule Plan

"Work to secure more economical form of county government as may be provided for in the enactment of a home rule measure for county government.

"Work for reorganization of the state administrative machinery providing same will save at least a million and a half dollars annually.

"Work for the reorganization of the judiciary providing same will save \$500,000 annually.

"To sponsor more orderly auditing and tax collection procedure."

Other Aims Given

Besides the reduction of public expenditures three other chief aims were outlined again in the president's recommendations to committees.

These other principal objectives are beautification, industrial development and breeder-feeder work.

The West Texas Chamber of Commerce expects to announce rules soon for an inter-community beautification contest. It was explained after the conference.

BED ROOM IMPROVEMENT

Irene Brown, Lfd 4-H Club Winner of 1st place in County

I joined the 4-H club three years ago and have enjoyed my work immensely. This year I need to improve my bed room so I took that as my demonstration. My room afforded neither comfort, health, or beauty and I did not have many things that a bed room should have. I share my bed room with my sister so I had to plan for her.

My room was open and the rain sand and wind came in very easy. I went up in the attic and patched the ceiling and ends of the house so they would be sand proof. I used paste board, discarded cotton sacks, and scrap lumber.

I planned every step before I started so things would be prettier and easily accomplished.

My color scheme was tan, brown, pink and some blue. The walls like the ceilings were open. I used three sheets of news papers or paste board on the walls then covered this with cotton sacks a burlap.

WHY NOT?

Why not discuss your business with your banker?

He is experienced in commercial affairs. He will listen to your story and give valuable counsel and assistance.

Ask any of our officers for they are here to serve you.

This bank aims to be abreast of the times and still be conservative.

Do business with your friends —the Home Town bank.

The First National Bank
Sudan, Texas

The walls are now sand proof. The ceiling was beaded and could not be papered so I painted it a light tan. This was a shade that blended in well with the wall paper which has splashes of tan, brown, pink, blue and green blended in so it is an all-over design. The brown tones the paper down and the design is not conspicuous.

I choose warm cream paint for the doors, window facings and base board. I enameled the bed dressing table, stool, and machine cabinet in ivory to match the cream in the paper. I did not have a closet is 2 1-2 feet by 5 feet floor space and 6 feet tall. We have plenty of shelves for storage place for all linens and clothes and rods for hanging dresses, coats etc. The dressing table is made from an old discarded wash stand, the stool from a dining room chair that had been thrown away. Both are enameled. Flour sacks were dyed to make the cushions which are pink with blue ruffles. I did this so they would harmonize with the scarves on the other furniture. My desk is made from a center table from which I removed the finish with lye paste then refinished in mahogany. I made a book case last year so I removed the finish from it and refinished it to match the desk. I found an old office chair that had served its time long ago. This was repaired and refinished to complete the desk set, and furnish a comfortable place in which to study. I made a desk calendar for I could not get along without one. I like every thing handy so I made a magazine stand and waste paper basket to place near the desk.

All unnecessary things in the room had been discarded so I made two match holders to hang near the doors, and three pictures with black frames made up my accessories. I enjoy all of my pictures so I hung the mon a level with the eyes so they may be easily seen. As I do my own mending I felt that I should have a sewing cabinet. This was made from part of a drop-head machine and the legs from an old center table. This was refinished to match the other furniture.

Buff shades and cream curtains were used. My rug is to be made from worn cotton clothing using brown, blue, and pink colors. The floor will be scraped and varnished.

My total expense including gifts is \$9.88. I have enjoyed my work and learned many things.

E. O. Thompson Gives Platform For Commission

Ernest O. Thompson of Amarillo, candidate for election as a member of the State Railroad Commission for the unexpired term of Paul M. Hoff, has announced his platform in which he sets forth in a brief way the terms confronting the

ERNEST O. THOMPSON

Commission as he sees them. Mr. Thompson's name goes before the voters at the July 23 primary. In his platform he said:

"The Railroad Commission regulates the railroads, trucks and buses, oil and gas business, and gas utilities.

"Because of the importance of these industries and the part the Commission plays in the development of our great state, no person in the office of Railroad Commissioner directly affects the economic welfare of each individual citizen.

"I stand for a fair deal to all concerned, always keeping in mind that the people's interest should come first.

"Every side of a question coming before the Commission will be given a fair hearing and a prompt decision.

"The Railroads are necessary. They should be given fair treatment. Trucks and buses are here to stay. They fill an important gap in our transportation system. They will not be discriminated against.

"The oil and gas business has become so important to Texas that our general business now depends largely upon the prosperity of this industry. It is the duty of the Commission to foster and conserve these natural resources for orderly development.

"I stand for a fair rate to gas utilities—fair to producer and the consumer; fair to the utility and fair to the public.

"I respectfully ask the support of the Democratic voters of Texas in the coming primary."

Sometimes Ignorance is Bliss

SAY UNK, AIN'T Y' GOT A PRESENT FOR AUNT?—THIS IS YOUR WEDDIN' ANNIVERSARY, Y' KNOW!

MY GOSH, NO!—AND IT'S TOO LATE T' GET ANYTHING NOW—I'LL JUST HAVE TO FACE TH' MUSIC, I GUESS!

LISSEN, HONEY! I'M AWFULLY SORRY I FORGOT ABOUT TO-DAY AND IF YOU'LL FORGIVE ME --I'LL--

WHY? WHAT'S TO-DAY?

TO-DAY'S OUR WEDDIN' ANNIVERSARY! --DID YOU FORGET IT TOO?

YES, I DID--AND--OH, BOO, HOO, HOO!

Y-AS! AND DON'T YOU EVER REMIND ME OF ANYTHING AGAIN!

WILL BENEFIT LIVESTOCK

Austin, June 23.—Substantial benefits to Texas livestock, poultry and dairy producers will be received from farm loan legislation sponsored through Congress by the special Texas contact committee, Governor Ross Sterling announced today on receiving a report from the committee.

"I feel that every farmer and livestock raiser in Texas should be informed of this legislation," said the Governor.

John W. Carpenter of Dallas, chairman of the Governor's Advisory of contact committee, reported that farmers would also be able to secure loans for crops to be harvested in 1933. The committee of 35 was appointed by the Governor to contact the Reconstruction Finance Corporation and Congress to secure loan benefits for Texas farmers and ranchers.

The congressional legislation, which originated by the Texas committee, will extend the time for farm seed loans and will broaden the Reconstruction Finance Act to include loans to livestock raisers and truck growers, the Governor explained. Acting under the terms of the original act, the Secretary of Agriculture had arbitrarily closed the loan period on April 30.

"A great part of these loans were made in the last days of the loan period and thousands of deserving borrowers were not able to get their application in before the period for making application was terminated," the committee report said.

"Of the \$50,000,000 originally made available to farmers and later increased to \$85,000,000, only \$3,500,000 or less than 4 per cent has been used in Texas, Arizona and New Mexico, while these states produce about 20 per cent of the annual agricultural wealth of our nation.

"The local loan advisory committees, which already have done a splendid service in getting information to farmers, will be able to give prospective borrowers additional data as soon as this legislation is approved by the president," said the Governor.

"Many a farmer, discouraged from seeking a loan last April

because of the drouth, now has prospects for making a crop, and will be greatly benefitted by aid from the government. This contact committee deserves the highest praise and commendation from the people of Texas for extraordinary service in the common welfare."

District Court is in session and will continue until July 2nd. My duties as District Attorney must be attended to, and I will have very little time left in which to see the people in the interest of my candidacy. I want all of you to vote for me, and am taking this means of asking for your support and influence, if you think I am entitled to re-election.

Of necessity, my candidacy is in the hands of my friends and I will appreciate their work in my behalf.
