

The Sudan News

VOLUME VIII

SUDAN, LAMB COUNTY, TEXAS, THURSDAY, JULY 14, 1932

NUMBER 1

Ed T. Murphy
of Polk County
Candidate for
RAILROAD COMMISSIONER
(Four Year Term)

WILL ROGERS VISITS SUDAN

Will Rogers, noted writer and humorist, visited Sudan, Friday of last week. Mr. Rogers has been visiting at the Halseil ranch north of town for a few days, where he is reported to have made a real cow hand during the branding and round up. He says he understood that Sudan was the place where they raised that "Half civilized grass, half corn and half weed." Any way, Will, came to Sudan and bought a cold drink, visited Post master and Mrs. Slate, and was gone.

SUDAN H. D. CLUB

The Sudan Home Demonstration club will meet with the Amherst club at Amherst this week and all members are urged to attend. On next Tuesday July 19th the ladies will serve ice cream and cake at the candidate speaking which will be held in Sudan on that date.

PUTTING DOWN 150 FOOT SIDEWALK

Mrs. Cora King is having an eight by one hundred fifty foot sidewalk put down in front of the King Hotel. This, when completed will make one of the nicest improvements that has been made in Sudan for some time.

Smith and Hammock are doing the work.

H. D. LADIES WILL SELL CREAM AND CAKE

According to our information, the Sudan Home Demonstration club ladies will sell ice cream and cake on the streets of Sudan next Saturday. Their sales last Saturday were very satisfactory and the business given them was greatly appreciated.

BLUE BONNET NEWS

Mrs. J. L. Anderson and Mrs. F. L. Ramsey gave a social last Thursday evening honoring their sister-in-law, Mrs. S. V. Ramsey. Entertainment was furnished in various ways. Mrs. Ramsey was surprised with a basket of lovely gifts. An ice course was served to 18 women who enjoyed the affair.

Mr. and Mrs. C. M. Crawford, Joe and Charlie Rhea, Mr. and Mrs. Curtis Chisholm and Norma Jo, Mr. Tom Young and family were in Littlefield this week.

Most farmers and their families have begun canning. Gardens are fine as an abundance of rain fell so far this season.

J. H. Cook purchased a new canner, sealer and cans for a years supply.

Mrs. C. R. Turrell has been quite ill this week. She hasn't been strong for the past few years.

Mrs. Joe Patterson and son from Amherst are visiting her parents Mr. and Mrs. A. K. Cocanougher.

Mr. and Mrs. Cal Turner of Idalou were dinner guests of Mr. and Mrs. J. L. Anderson last Wednesday.

Mr. and Mrs. F. L. Ramsey, B. V. Ramsey and Weldon Ramsey spent the week-end with their parents in Quitana.

Arthur Cocanougher from Lubbock visited his parents this week, Mr. and Mrs. A. K. Cocanougher.

Mr. and Mrs. V. Hill who live on the Furoux farm are the proud parents of a baby boy, born on July 9th.

\$4,860,000,000 IS A BIG SUM

We hear much talk about the high cost of government. But do you really know just how high the cost is? Here are some figures: It is estimated that to operate the Federal government during the year 1933 will cost the people of this nation \$4,860,000,000. That is a big sum. It is so big that it cannot be grasped by the human mind. Let us see if we can make it comprehensible. There are in round numbers 120,000,000 people in the United States, and that number divided into the 1933 government cost shows that it is \$45.00 for each woman and child in the nation—mind you, for each woman and child.

The families in America will average about five persons each which means that to support the Federal government alone, each family must contribute an average of \$225.00, or from ten to fifteen per cent of all the average family income. Much that is collected as Federal taxes is exacted indirectly. Virtually everything a human uses has some sort of a tax on it, which is passed on to the consumer—and that includes all of us—and increases the cost of what he has to buy. During the past twenty years the cost of running the Federal government has increased about ten times faster than the population has increased.

But Federal taxes constitute but one item of all government cost.

There is the state government, the cost of which within the past two decades has doubled. The cost of state government in Texas for 1933 will run no less than \$50.00 for each man, woman and child in the state, or \$250.00 for each family. The different taxes levied by the state would make a staggering list.

But that is not all, nor even the major items. Aside from Federal and State taxes we have school district taxes, and in this section the school tax rate is \$1.00 on the \$100, assessed property value, but in comparison with state taxes it is really much higher than \$1.00 because school districts assess property for taxation purposes at a much higher valuation than does the State.

Then there is the county tax, which generally amounts to more than the State tax, because while the property valuation for the state and county purposes is the same, the county tax rate is usually higher than the state rate. Then we have municipal taxes for those living in cities and towns, which is often the highest and biggest tax of all, because, in town, for example, the property valuations are the same as for the school, but the rate is often as much as \$1.50, or 50 cents more than the school rate.

One never knows when he has figured all the items that go to make up the annual tax bill of the average family. From 40 to 60 per cent of every dollar expended by Americans is exacted directly or indirectly to pay the cost of being governed. One out of every nine Americans live in whole or in part off of tax money. The annual cost per capita has increased year by year.

LIST OF GRAND JURORS FOR AUGUST TERM

The Lamb County Grand Jury will convene on August 1st for the August term. The following men have been chosen to serve: J. T. Bellomy, J. F. Woody, Acey Barton, G. M. Vann, Littlefield; J. H. Welch, E. B. Clayton, G. W. Locke, C. E. Bley, Olton; J. C. Barron, J. O. Covington, Sudan; J. T. Graham, A. E. Boyd, Amherst; J. M. Hartness, Earth.

IMPROVING

The last reports issued by doctors, concerning J. R. Austin, Littlefield youth, who was injured here two weeks ago while attempting to board a moving freight, indicated that the youth was improving slowly. He received a crushed skull and minor injuries, but none of the wounds will prove fatal.—State Line Tribune.

The small daughter of Mr. and Mrs. W. A. Reece, east of town, fell Saturday, while playing in the yard and sustained a broken arm. Dr. Foot was called and the broken bone set.

Little Pen-o-grams

BLUE BONNET H. D. CLUB

The club met in the home of Mrs. W. P. Davis last Wednesday afternoon. Mrs. Davis is the wardrobe demonstrator for our club. She gave a complete outline of her work and showed us her work and clothes closet. The club voted to send a representative to College Station. Other business was discussed. The program was turned over to Mesdames Jones, Crawford and Wright, members of the entertainment committee. Our Secretary Mrs. E. L. Yarbrough was presented with a box containing a number of nice gifts as a token of appreciation of her good work as an officer during the past year. The hostess served lemonade and cake.

BEES ARE PROFITABLE IN LAMB COUNTY

According to Charlie Crawford, one of Lamb county's progressive farmers residing a few miles south of Sudan, two hives of bees brought here by Mr. Crawford from Dallas county a year ago furnished the family with honey for the winter and have swarmed twice this season making his apary a four hives institution. These bees are doing nicely and are making honey now. With the coming of cotton blooming time, Mr. Crawford says he will have plenty honey for his own use and some for sale this year.

NOTICE TO TAX PAYERS

There will be a meeting at Lums Chapel, six miles south of Littlefield, on July 18, at eight o'clock P. M., for the purpose of discussing high taxes, and organization of a Tax Payers League.

Every person who is interested in the reduction of taxes is not only invited but urged to be present.—A. L. Morris.

Depressions are the logical results of the habits and ideals of the great masses of the people. Hence the only protection against depression is found in the adjustment of the habits and ideals of the people to a manner of life that is proof against depressions.

L. A. WOODS, CANDIDATE FOR STATE SUPERINTENDENT OF SCHOOLS

Mr. Woods, Waco, Texas is well educated; he has taught through the rural schools and the best high schools in Texas; he knows the needs of the schools throughout the State, and pledges, if elected to save thousands of dollars in the Department of Education and at the same time give an efficient school system. Vote for L. A. Woods for State Superintendent of schools.

SATURDAY WILL BE GRAND PRIZE DAY

On Saturday, July 16th, the semi-monthly grand prize of \$8.50 will be awarded. Also 10 weekly prizes of \$1.75 will be awarded as usual. Last Saturday's awards are as follows: Vera Guest, \$5; J. D. Sebring, \$3; Mrs. J. J. Crump, \$2; Van Rogers, \$1; Harold Henson, \$1; B. M. Morrow, \$1; M. D. Askew, \$1; Curry Lynch, \$1; Roy Vinson, \$1; Mrs. Frank Radliff, \$1; Don't fail to come to Sudan Saturday and participate in the prize awards. All prizes are cash and cash comes in handy at this time.

TRANSFERS TO THE SUDAN SCHOOL DISTRICT

All students who live outside the Sudan Independent School District and wish to attend school at Sudan this term must transfer before August 1st. Call on your County Superintendent and secure your transfer. Report this to Superintendent O. L. Davis promptly. If you do not get your transfer by August 1st, it will be necessary to pay tuition to be able to attend the Sudan school for the 1932-33 term. 3t.

Mr. and Mrs. L. E. Slate spent Friday at the Halseil ranch and also had the pleasure of visiting with Will Rogers, who was a visitor at the ranch several days last week.

CITY AND COUNTY BUDGETS REQUIRED UNDER NEW LAW

After August 15th of this year and before any taxes shall be levied, every town, city and county government in Texas will be required to make up itemized budgets of their proposed expenditures and hold public hearings, at which any taxpayer is privileged to participate and register objections. Once adopted by any city or county government, there can be no variation from this budget, a copy of which must be sworn to and filed with the State Comptroller. Such is the provision of the new law which was adopted by the regular session of the Forty-Second Legislature.

The requirements of the new law also applies to school districts. Any official or employee of the State, city, town or school district who fails to comply with this law becomes subject to a penalty of from \$100 to \$1000, and may also be imprisoned from one month to one year.

The law provides that the county judge shall serve as budget officer for the commissioners court, and that during July of each year he and the county assessor or clerk shall begin the budget work. The budget shall cover all proposed expenses for county government for the succeeding year. The budget shall also contain a complete financial statement of county funds showing all outstanding obligations, cash on hand, funds received from all sources, estimated revenues available for the budget and estimated tax rate. When completed the budget must be filed with the county clerk, for the inspection of any taxpayer. Commissioners courts are required to hold public hearing on the budget after August 15th prior to the levy of taxes. Public notice of these hearings must be given and any taxpayer shall have the right to attend and participate in the hearings.

When the hearing is over, the commissioners court must act on the budget, making such changes as the law warrants and the taxpayers demand. The budget adopted will then be filed with the clerk and taxes levied in accordance. No expenditures shall thereafter be made except in strict compliance with the budget.

The law declares that city and school district units are required to make up budgets in the same way, the city manager or mayor to be the chief budget officer of the municipality, the president of the board of school trustees to be the budget officer of the district.

OPAL LEE SHUTTLESWORTH ACCIDENTALLY SHOT

Opal Lee Shuttlesworth, the small daughter of Mr. and Mrs. J. M. Shuttlesworth, was accidentally shot through the jaw, Sunday, by her small brother. The bullet passed through her jaw, knocking out several teeth. She is reported to be getting along alright by the physician.

BAPTIST REVIVAL AT JANES

A Baptist Revival will begin tomorrow night at the Janes Tabernacle, and will continue indefinitely. Rev. L. S. Jenkins of O'Donnell will conduct the services. Everyone is cordially invited.

Mr. and Mrs. C. M. Furneaux and son returned to their home after an extended visit with relatives in Dallas and other points.

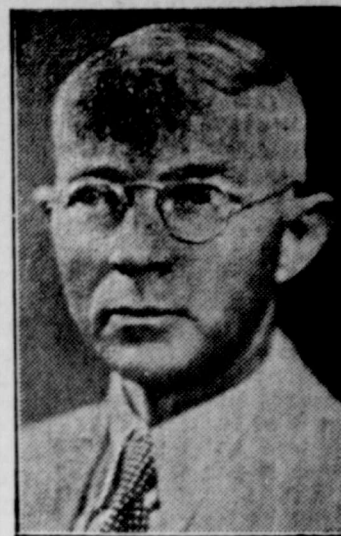

THE METHODIST CHURCH

A protracted meeting will begin Sunday morning at the Methodist church and continue through July 31. Rev. J. C. Hames, pastor of First Methodist church Lubbock, will arrive Monday afternoon and will do the preaching. We consider our selves very fortunate in being able to have Brother Haynes to assist us in the meeting.

We shall have two services each day throughout the two weeks: morning services at 10:00 A. M., and evening services beginning at 8:45 with a special song service.

The public is cordially invited to these services.—W. P. McMickin, Pastor.

G. G. Hazel recently elected as a member of the Sudan Independent School Board has tendered his resignation. Mr. Hazel is in the race for County Judge of Lamb County, and if elected would move to Olton. For this reason he has resigned as member of the school board.

Lamb County
Candidate for
STATE SENATOR
30th. District

LITTLE HOPE HELD FOR YOUTH WOUNDED AFTER ROBBERY AT PLAINVIEW

Plainview, July 12.—A young man who gave his name as Buck Smith tonight was in a local hospital suffering critical gunshot wounds in the abdomen following the robbery near midnight Monday of a local filling station.

Smith was shot with his own pistol in a scuffle with Tom Matthews, an officer at Olton, who had been notified to watch for Smith and the two filling station operators, whose car had been commandeered.

Sheriff Nath Burkett, of Plainview, said he would file charges of robbery with firearms and kidnapping against Smith Wednesday morning. The injured man has made no statement to officers. Physicians held little hope for his recovery.

The robbery occurred at the Teagle Service Station here about midnight Monday when Emil Withrowski and Charles Elliott were closing the establishment. The two were held at the point of a gun by a lone bandit and were forced to open a safe from which \$39.35 was taken.

The two then were commanded to enter the Witkowski car and to drive out of the city. Passers-by noticed the robbery and informed local officers, who broadcast an alarm.

Matthews stopped the car at Olton and ordered the man out. As the man drew his weapon, the officer struck at him.

In the scuffle, the gun was dislodged and accidentally fired, the charge striking the man in the abdomen.

An ambulance summoned by Plainview officers brought the man to a local hospital.

FORMER PASTOR HERE

W. A. Kerchville of Portales, N. M. will begin a meeting at Fieldton, this county, Friday night of this week and will run over two Sundays.

Brother Kerchville formerly lived in this county, and has many friends, whom he will be glad to see during the meeting.

Mr. J. M. Carruth who has been visiting his mother in Alabama, and daughter in Tennessee returned to his home in Sudan the first of the week.

Mrs. C. L. McKinley and daughter returned from Spearman where they have been visiting friends.

Miss Lulabelle Wilson of Beaumont is visiting her sister, Miss Sue, and her father Mr. F. W. Wilson.

CHEMISTS MAY FIND USE FOR NOXIOUS WEED OF WEST TEXAS

The "devil's shoestring", one of the most worthless weeds that grows in Arizona, New Mexico and West Texas, may after all be good for something.

Chemists connected with the U. S. Department of Agriculture have observed that insects give devil's shoestring a wide berth, and that its juices contain a substance that is as poisonous to some bugs as derris or pyrethrum.

Efforts are now being made to extract the poison in usable form. Possibly it will take the place of pyrethrum flowers, of which this nation imports 10,000,000 pounds annually and for is known now, farmers of these three western states may take to growing it for a profitable market in the near future. Good a pest will be turned to good account.

The botanical name of devil's shoe-string is "cracca virginiana." Although a very hardy plant, yet it requires considerable moisture, and on the deserts is found only in low spots where rain water concentrates. It is nothing but a long, green leafless string that sometimes grows knee high. No animal will touch it, but some day it may be grown for profit.—Muleshoe Journal.

METHOD FOR KILLING ANTS

Early in the morning, or before going to bed, pour a pint of gasoline down the hole. Turn a fruit jar upside down over the hole, being sure that it is securely seated. Do not set the gasoline fire. Then go off and forget about it.

That is all. This plan has been tried by a number of people and has proven uniformly successful. It has been necessary to repeat once or twice on a few beds, but usually the first time is sufficient.

The method, first used at Plainview, is successful because the heat of the sun, operating on the fruit jar, expands the gas from the gasoline and drives it to the uttermost parts of the bed, killing the ants.

VISITORS FROM AFAR SEE BEAUTIES OF PALO DURO

Hundreds of visitors, many of them from other states, Sunday viewed the beauties of Palo Duro Canyon at the new park site east of Canyon.

Ray V. Davis, custodian of the park, reported approximately 400 automobiles for the day, with visitors from as far east as Washington, D. C., and Columbus, Ohio. Thirty-four Texas towns were represented.

MRS. CALVIN PATTERSON, NEAR FIELDTON, DIES

Mrs. Calvin Patterson, age 37 of three miles northeast of Fieldton, died Wednesday, June 29, in Dr. Pirtle's office at Anton, enroute to the Lubbock Sanitarium.

Deceased had been under the doctor's care for paralysis for two or three months.

HOOVER ASKS LOANS TO SEND VETS HOME

Washington, July 6.—President Hoover today asked Congress to appropriate \$100,000 to furnish railroad transportation home for the bonus army.

The communication said the fund was to enable Frank T. Hines, the veteran's administrator, to furnish before July 15, railroad transportation, together with subsistence, to honorably discharged World War veterans temporarily in the District of Columbia.

The expenditures would constitute loans on the veterans' bonus certificates.

ON TEXAS FARMS

A total of 17,132 different farm families have been coached in better ways of home making, chiefly making the living at home, in 11 North Texas counties since last December. The Home Demonstration club women have extended the work of the county home demonstration agent in an attempt to help 85 per cent of the farm population this year. The same plan is working in all parts of Texas.

The Selkirk grace offered by Robert Burns at the request of the Earl of Selkirk nearly 200 years ago might well be adopted by many Texas farm families this year, particularly those having 4-H Pantries. Said Burns: "Some hae meat, and canna eat, And some wad eat that want it; But we hae meat and we can eat, And sae the Lord be thankit."

A Bosque county farmer treated his seed oats for smut last year for six cents per acre and had no smut. A neighbor didn't and lost 18 per cent of his crop. In days of 10-cent oats this is small talk, but we note it in passing for the days ahead. After all, though, oats look just as good as ever to livestock. A few more bushels in the bin is not amiss, even in our crazy economic world.

The spread in price between improved pecans and natives last year was so great—often 5 to 1 in favor of soft shells—that many farmers say they made more from a few improved pecan trees than from sizable cotton crops. Extension workers report the greatest demand in years for help in building natives this season. Much of it is to be done this summer on the sprouts of trees top-worked last winter.

The depression is prompting home orchards. One example is found in Rusk county where

139 small orchards including grapes have been started by 4-H club girls. They earned the money to pay for the trees which were set out in early spring.

DARROW READY TO DIE

Clarence Darrow, famous criminal lawyer, who spent most of his life saving men from premature death at the end of a hangman's noose, is ready now to yield himself to death.

Wandering through political headquarters in a downtown hotel and watching the scurrying crowds with curiosity, Dar-

row told International News Service he was ready to die.

"It's a crazy old world," he soliloquized. "Think of it. The human race need work but an hour a day to supply all its needs. There's no real human labor left. Everything is being done by machinery.

There's plenty of wealth but a rotten distribution of it. There's a tremendous surplus of food everywhere and yet people are going hungry for want of food.

"There's no Democracy left any more. Indeed, it's difficult to find a real Democrat."

"It's all a big bughouse," he added, with a wave of his hand. "I'll be glad to leave it."

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surface.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,498,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

● The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

From Muleshoe Journal—

Jack Atchison, 8, son of Mr. and Mrs. J. D. Atchison, living two miles north of Longview school house in Bailey county, was drowned at Monument lake, in the central part of this county, last Saturday afternoon, about one o'clock. A number of people from the Longview community had gathered that day at the lake for a picnic according to information. While the noon meal was in progress several lads slipped away from the crowd and went in swimming. The Atchison boy was in the group. He could not swim, and getting into deep water that was over his head, quickly went under. Some of the other lads observed his disappearance, gave the alarm, and some of the older members of the picnic group immediately plunged into the water recovering the body in a few minutes time. A runner in car was quickly dispatched to Muleshoe for medical aid, and during the interim artificial respiration methods were frantically used in an effort to bring back life. When the doctor arrived the lad had been dead for more than an hour and a half.

Last Sunday while popping a teamster's whip with a wire cracker on the end of it, Neal Warren, of the Longview community, flipped the wire into side where it hooked around one of his ribs. A Muleshoe physician was called, found it necessary to give the young man an anesthetic because of the excessive pain accompanying withdrawal of the wire, which required some time because of the manner in which had become whipped about the rib. He is now reported to be recovering nicely and no serious effects are anticipated if poison can be averted.

From Lamb County Leader—

J. S. Hilliard was the representative of the Littlefield club at the annual meeting of Rotary International, held at Seattle, June 20-24. In addition to representing the local club, Mr. Hilliard also served as one of the sergeant-at-arms in convention with the conduct of the convention.

R. T. Badger, of the Yellow House Land Co., and outgoing president of the Littlefield Rotary club and an active worker in the interests of the city, was Tuesday elected vice-president of the Littlefield Chamber of Commerce.

The possibility of seven months school, as against nine months, with the opening of the next school year, was discussed at a meeting of the Littlefield school board last Tuesday night. Curtailment of the term will be necessary, it is

pointed out, unless the funds of the district are sufficient through the prompt payment of taxes to enable the conducting of school for the full nine months term.

Mr. and Mrs. R. E. Riley and daughter returned home the end of last week from an eighteen day visit in Fort Worth, Dallas, Glen Rose and Tyler.

At a meeting of the members of the City Commission, held Monday night, a budget was prepared on which the city will base its expenditures for the coming twelve months, but owing to the absence from the city of the City Attorney T. Wade Potter, the matter was not officially passed on.

A heavily signed petition has been presented to the City Commission asking that body to sponsor a municipal power plant.

FOR SALE—We still have a few Canary Birds for sale, good singers or pairs or an extra female. Mrs. H. H. Weimhold, at News Office.
