

The Sudan News

VOLUME VIII

SUDAN, LAMB COUNTY, TEXAS, THURSDAY, JULY 21, 1932

NUMBER 2

FARM NOTES

D. A. Adam, County Agent

Farmers Short Course at the A & M College will open July 25th., and there will be 20 in attendance from Lamb County. The 4-H Club boys will have a dairy judging team, and swine judging team to compete in the state wide contests that will be conducted during the week of the Short Course. A party of Club women, boys, and the county agent, are driving through in a school bus to be driven by W. H. Cunningham.

Lamb County 4-H Club encampment will be held during the month of August. At which time the boys who went to Chicago and to the short course will make reports of their trips to all the 4-H members.

Poultry demonstrator Mrs. C. P. Smith of Littlefield, has the following summary for the first six months of this year. She had an average of 185.5 hens per month, with a total production for six months was 19,660 eggs. Total expenses including feed, milk, grain, and all other incidentals was \$87.37, and total receipts from sale of eggs is \$133.68, leaving a profit of \$46.31. Feed cost per dozen of eggs was 4.12c per dozen, and feed cost per hen is 3.61c.

Worms in gardens, on trees, etc., can be controlled by the use of Calcium Arsenate either dusted or sprayed. 'Honey Dew', or plant lice can be controlled by use of Black Leaf 40 used as a spray. Use the calcium arsenate on the basis of 4 pounds to 50 gallons of water, and the Black Leaf 40 on the basis of 1 teaspoonful to 1 gallon of soap suds.

Golden Benton of Sudan is planning to feed 15 head of calves this year.

STATISTICS

Nearly 71,000 persons were committed to prisons in this country last year, a 7 1-2 per cent increase over the year previous.

The peak of farm real estate values was reached in 1920 when the figure was 170 per cent of the pre war index.

Chinese casualties in the Shanghai fighting amounted to 214 officers and 4,060 men killed and 677 officers and 1,153 men wounded.

The cost of dry enforcement amounts to less than nine cents per capita.

New York City had nearly 31,000 fires last year in which 122 persons, including six firemen lost their lives. Of 44,025 alarms 13,031 were false.

Productions of matches in this county declined 12 per cent in value in the last two years—to \$17,927,000.

If all the dogs in London chased a cat each there would still be 1,250,000 cats to look on. London has 2,000,000 cats as compared with only 750,000 dogs.

It is estimated that about \$7,000,000 a year is received by American railway porter in tips.

New England's fisheries produce \$300,000 worth of by-products a year.

Calipatria county, Southern California is 175 feet below sea level.

WHY GO TO CHURCH

The traveler in Europe is struck by the spires which ascend so high above the levels of the villages, towns and cities, as if the very structure of man's architecture in association with the Divine. These cathedrals are witnessing and have witnessed through the centuries humanities need for something vaster and Eternal. They stand above the lower levels of life-like sentinels of the heavenly world and seem to cry out to the approaching traveler that through such man's spirit ascends to nobler heights and surveys wider prospects. Religion alone provides man a safe haven from the tides of time and the disastrous storms of life. The "Man of Galilee" towers above the fleeting centuries from creation to where unto man may flee and Times End, as the one Refuge find freedom from his burden of guilt and fear and at the same time rising above the lowlands of the dross and littleness of his nature, he now looks away to the glories of the Spiritual World at the horizon of life. The church is the Mightiest Agency on Earth for Human Help and Progress.

TOWN and COUNTY

Mr. and Mrs. J. H. McCampbell of Post, accompanied the Saunders family home and spent last week with them. Mrs. S. L. Kutch and son Hilton of Fort Worth, and Ray Osborn of McAllen were also guests in the Saunders home last week. Mrs. Kutch is a sister of Mrs. Saunders, and Ray Osborn is a nephew.

Mr. and Mrs. T. A. Askew and children are visiting relatives and friends in parts of Oklahoma, this week.

Miss Winnilee Saunders is in Lubbock this week visiting Mrs. Roy Cowan.

Mrs. Anna Carter and children returned from Levelland where they spent the past week with Misses Opal and Pearl Carter.

Paul Nix was called to the bedside of his young brother on the fifteenth. It is hoped that he brings home a well report.

Mr. and Mrs. Leonard Black who have been living at Hereford for the past two years, have returned to Sudan.

Mr. and Mrs. Raymond Young are the proud parents of a six and one half pound boy, born the 8th. He has been christened Raymond Jr.

Miss Marie Morrow was a Lubbock visitor last Saturday.

Mrs. Stanley and daughter, Ruby who have been visiting in the N. M. Little home, north of town, for the past month returned to their home Thursday afternoon.

Mr. and Mrs. Ben Oglesby and son, Junior, and granddaughter, Dale Findley of Lubbock, spent the week-end with Mr. and Mrs. N. W. Gordon.

Mr. and Mrs. E. P. Jones and children and Mrs. Breeding and daughter Nannie Marie, spent Monday and Tuesday in Amarillo.

DILLS CASH GROCERY TO OPEN THIS WEEK

Paul Dill and family of Henrietta arrived in Sudan last week and have been making preparations for the opening of the Dill Cash Grocery, which will occur the latter part of this week. Dill's Grocery is located in the Higginbotham-Bart let building, next door to the Saunders Variety Store, and contains a complete new stock of high grade groceries. We are glad to welcome this new institution to Sudan, and invite the people to look up this firm's ad on another page in this issue of the News.

WILLIAMS GETS GRAND PRIZE

The usual prizes given by the merchants of Sudan were awarded Saturday and grand prize of \$7.50 went to Mr. J. H. Williams. The regular weekly prizes were awarded to the following: Van Rogers, \$5.00; Mrs. W. J. Carter, \$3. A. R. Scrogin, \$2; J. O. Barnett Jr., \$1; R. L. Garth, \$1; J. S. Lancaster, \$1; Cal Cecil, \$1; Tobe Vereen, \$1; Mrs. Herbert Hillman, \$1; Joe Stark \$1.

Usual weekly prizes will be given Saturday and the merchants are offering many specials in connection with the weekly prizes. We invite you to trade in Sudan where it will pay you to buy and sell.

GRANDBERRY SAYS FANATICISM CAUSED DISMISSAL FROM TECH.

Dr. J. C. Grandberry, head of the history, sociology and philosophy department of Texas Technological college, Lubbock, has been dismissed from that college, and lays his dismissal to the action of "militant religious fanaticism," while it is stated by some of the regents of the college that his dismissal was in the "interest of economy."

Grandberry insists that the allegations of Rev. R. C. Campbell, minister of First Baptist church Lubbock, that he had been teaching atheism and infidelity in the school, lead the way for his dismissal. Grandberry is an ordained minister of the Methodist church, has a Ph. D., degree from Chicago University, also a D. D., degree from Kentucky Wesleyan College.

Little Pen-o-grams

FAILURES INCREASED LAST MONTH OVER LAST YEAR

Austin, Texas, July 12.—Commercial failures in Texas declined somewhat more than the usual seasonal amount during June, according to the Bureau of Business Research of the University of Texas. This favorable showing is dimmed, however, by the fact that there was an increase of 39 per cent in the average liabilities per failure.

"Fifty-nine firms were reported in bankruptcy during June by R. G. Dun and Company, an average of about fifteen per week," the Bureau's report said. "The total for the month is 26 per cent below that for May, although the usual seasonal decline amounts to only about 4 per cent; last year in June only 40 firms went in the hands of receivers.

"The total liabilities of the failing concerns were \$1,550,000, an increase of 2.2 per cent over those for May, and more than three times those in June a year ago. Assets on the other hand, dropped from \$936,000 in May to only \$554,000 in June. Of the firms which took bankruptcy in June, four had a total liabilities of more than \$100,000, and three owed \$90,000 or more; one firm had total liabilities of about \$150,000 and listed assets at only \$5,000 leaving its creditors only a doubtful five per cent on the dollar. Average liabilities per failure for the whole group of failures were \$26,271 in June, as compared with 11,450 in June a year ago.

"During the first six months of the year, 522 firms with average liabilities of \$21,357 went into bankruptcy, as compared with 462 firms owing an average of \$19,428 in the same period last year. The number of failures in the first half for both these years is high, but the record as a whole makes a substantially better showing both in number and in liabilities than for the years 1921-22."

—Levelland Herald

HIGHWAY PAVING CONTRACT LET

Three highway contracts, in four counties in this district, were awarded by the state highway commission Friday. The jobs involve work estimated to cost in excess of \$200,000.

As a part of the Highway No. 7 job, contract was let for 12 miles of grading and drainage structures. Caliche base and single bituminous surface from 3.5 miles northwest of Sudan. This was let to Henning Construction company of Sherman for \$111,730.62.

This project in Lamb and Bailey counties will shorten the distance from Lubbock to Muleshoe by about seven miles, local highway engineers state.—Muleshoe Journal.

DR. W. H. FORD MOVES OFFICE

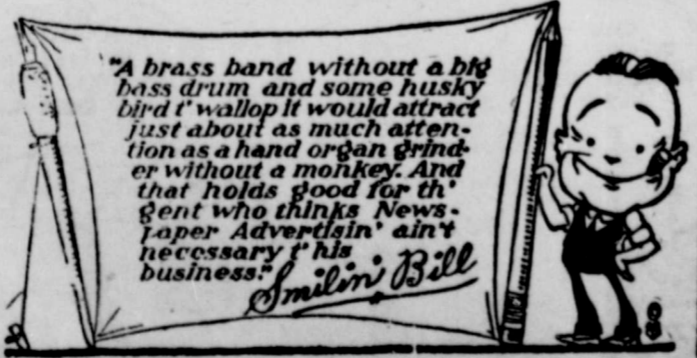

Dr. W. H. Ford who has been occupying the Dryden law office for the past year is moving his office to the Carruth building, recently vacated by the Oklahoma grocery. The doctor will be found at his new headquarters within a few days. He also informed the News that he had sold his stock of drugs to the Ramby Pharmacy.

Geridine King had the misfortune to fall while carrying a kettle of hot starch, spilling it over her face and shoulders, burning them severely this morning.

G. D. Sharrock was taken to a sanitarium in Lubbock the latter part of last week, for treatment, and up to the time of going to press Mr. Sharrock is reported as not doing well. It is hoped by his many friends that he will soon recover and be able to attend to his business matters at his garage.

Mrs. Zeb Bayne and children have returned from a visit to her parents in Central Texas.

Veach Payne and family are here from Commerce for a visit with relatives.

THE METHODIST CHURCH

You are invited—yes, urged—to hear Rev. J. O. Haymes, pastor of the First Methodist Church, Lubbock, who is doing the preaching in the protracted meeting at the Methodist church.

Hear him in his special message Sunday evening to the men. Every wife is urged to be present with her husband and every mother with her son.

The services will continue throughout the coming week at 10:00 A. M. and 8:30 P. M. The evening services are being held out in the open by the side of the church where we have plenty of seats, lights and cool breezes.

The pastor will preach Sunday evening at 8:45 at Friendship Community Church, instead of at 3:30 P. M., as hitherto, and will begin a protracted meeting at Friendship the first Sunday in August, if this date is satisfactory to all concerned.—W. P. McMicken, Pastor.

NORTH SIDE BIBLE CLASS

The North side Bible Class met with Mrs. H. D. and Leon Smith, July 14th. Mrs. J. W. Stark and Mrs. Willie Olds were enrolled as the twenty-fifth and twenty-sixth members.

The class will meet with Mrs. John Harvey, Thursday, July 28th. The lesson to be discussed on that date is the Second Book of Kings. Much good is being derived from this study, and we wish to encourage members and visitors to attend as and we wish to encourage members as possible.—Reporter.

LADIES BIBLE CLASS

The Christian Ladies Bible class met Tuesday afternoon. Brother Speck and Brother Burford had charge of the meeting. The class will meet at the church next Tuesday afternoon at 5 o'clock.—Reporter

SUN DOWN SUNDAY SCHOOL PICNIC

The Senior Sunday School class left the Baptist church at seven p. m. Saturday for a hay ride and picnic 4 miles south of town.

Fried chicken, salad, buns and iced tea were served at Sundown, followed by cream and cake.

They entertained themselves by horseback riding and games by moonlight. There were forty present, besides Mrs. Lawler and husband, and Rev. Cole and wife. All had a glorious time and returned home at 9:30.—Class Reporter.

TO THE VOTERS OF BAILEY COUNTY

A number of your readers live in Bailey County, and as I have a host of good friends living in Bailey, I would like to speak a good word for my friend Mr. Fred Rice, who I learn is now in the race for Sheriff in Bailey County.

I have known Mr. Rice for a number of years and can safely recommend him to the voters of Bailey County as a man that has the best interests of the taxpayers of the county at heart and also a man who believes in enforcing all the laws regardless of anyone's social, financial or political standing or influence in the County, and I believe if the voters of Bailey county see fit to elect Mr. Rice as their next Sheriff, that they will have a Sheriff that they will be proud of.

The above is not solicited by Mr. Rice or anyone.

Sam Hoffman
Deputy Sheriff and City Marshal, Texico, New Mexico.

SIZE OF CAN OR JAR IMPORTANT IN CANNING

College Station—In the midst of the biggest home canning season in Texas history comes a warning to canners to be sure to select the right sized can or jar according to kind of food to be preserved and size of family, and to can the varieties of fillies of two, points out Miss Lola Blair, nutritionist in the Texas A. and M. College Extension Service, half pint jars or No 1 cans should be used; for families of four or five, pint jars or No 2 cans; for families of six or more, quart jars or No 3 cans. Exceptions to the rule come in the case of bulky vegetables like greens, and corn, which should not be put into quart jars or No 3 cans because of the difficulty in getting the heat to penetrate the centers.

"With big gardens this year filled with many varieties of vegetables," says Miss Blair, "it is foolish to invite stomach troubles and sluggishness next winter by an unbalanced selection of canned products. Every one should have at least three servings of leafy or green vegetables every week, and preferably every day. There should be at least one serving a day of starchy vegetables, and at least one serving daily of other vegetables. Tomatoes or citrus fruit should be eaten at least three times per week, and one serving of some kind of raw fruit daily.

"A family of five should have about 120 cans of leafy or green vegetables such as green for winter months; 100 cans of string beans or peas for the six starchy vegetables such as corn; and 80 cans of other vegetables such as beets, okra, squash or carrots. Of tomatoes there should be preserved 125 cans, and of fruits 150 cans. If other fruits can not be afforded, people can get along with tomatoes, so far as health goes. Roselle is a garden fruit which can be substituted for more common fruits, and in sections where it will grow rhubarb can be substituted."

It pays to feed dairy heifers before freshening. J. E. Coyle of the Dallas County Dairy Herd Improvement Association fed two and checked their production against two which received no preliminary feed. The two that were fed prior to calving gave 30 per cent more milk than the other two and the extra production paid for the extra feed in one month.

Treating potato seed to prevent scab and planting on fresh land gave Mr. Curry on the Pierce Ranch a 65 per cent bigger yield from his 60-acre potato field than any other man in Matagorda county, he claims.

Enough soil was saved during the first rain to pay for building terraces on my brother's place," states Walter Cardwell of Lockhart who says that a 4 inch rain failed to wash away any appreciable amount of soil, while bordering fields showed a heavy wash.

An attractive house dress can be made for about 76 cents, it has been found by 65 home demonstration club members in Wichita county who entered the annual house dress contest.

BANK CLOSED DURING THE NOON HOUR

The First National will be closed hereafter, during the noon hour from 12:00 to 1:00 o'clock. Most of the Banks of this section are closing for this period as a matter of self protection as this is the hour most of the robberies are committed.

ABOUT 65 MILES INCLUDE IN JOB THAT IS APPROVED
 Highways 7 and 28, in Lamb county, will be paved by the State Highway Commission if the county furnishes the right-of-way. This is the definite assurance of W. R. Ely, of Abilene, chairman of the commission, made to members of the commissioners court who interviewed him Saturday.
 It would involve approximately 65 miles of road construction at a probable cost of about a half million dollars.
 Ellis Foust and H. G. Walker, commissioners, and Judge S. D. Hay were accompanied to Abilene by Grady Shipp, secretary of the Plainview Chamber of Commerce.
 Indications are the commissioners court favors the early taking of deeds to right of way along the route of the proposed

paving. Spokesmen of the court told the writer another such opportunity to get the county's two main roads paved likely will not present itself soon.

The object of the highway department is to pave both roads to Muleshoe at the present time. It is said that Floyd county has been given the same proposition and the authorities there are obtaining right-of-way deeds.

Not only that, but the people of Lamb county will benefit vastly from the paving of the two roads, because a large part of the population, virtually all, is affected. All have occasion to use one or the other road many times each year.

It is likely that if the roads are paved no action could be taken, no contract probably could be let before next spring. Much time would be consumed in getting right of way deeds and in attending to other necessary details.

Highway No. 7 is paved to the Lubbock county line, about three quarters of a mile from Roundup, in Hockley county. The No. 7 project will include work in the three counties of Lamb, Hockley, and Bailey.

No. 28 is paved to the Lamb county line on the east, about four miles east of Olton.

These projects will mean much employment to Lamb county people who want it. It is expected that much of the material, caliche, will be taken from the sand hills here.

Lamb county commissioners' court formally accepted the high way proposal at its meeting held here Monday and at which all commissioners and the county judge were present.

The action was taken to speed up obtaining of highway right of way and beginning of earth work and drainage structure construction, the order recites.

BELIEVED ONLY BEGINNING

Charles A. Wilson, president of the Chicago Livestock Exchange, said prices still lie well below the 5 and 10-year averages. Cattle alone, averaging \$8.25 last week, have climbed above the corresponding week of 1931 when the average was \$7.65. Hogs despite their advance, averaged \$4.80 last week against \$6.40 a year ago. "The rise in livestock prices from the lows of last Winter," said Wilson, "has been very marked. Hogs, which reached the lowest price in 35 years, and cattle have both made a good recovery."

On the other hand, historians down at the yards believe

 Hi-Way Garage

Always glad to have you come in to see us.

Carlyle Daniels, Prop.

the rise thus far has only been a beginning. To substantiate, they point out:
 This is not the usual month for the peak in cattle. In 15 years October has seen the best prices paid for cattle nine times. Hogs have sold at their best for the season five times in July three times in August, five times in September.
 The shortages of meat are still acute.—Fort Worth Star.

STANTLEY A. DOSS For COUNTY CLERK of LAMB COUNTY

Makes his final solicitation through the News this week, and asks that when you go to the Polls that you remember he wants the job as County Clerk and will appreciate whatever you may do for him.

PRIMARY ELECTION INSTRUCTIONS

Owing to the fact that there will be many voters this year and that Texas has a special election ballot, the following information together with a copy of the ballot will be a guide to follow for the July Primary Election.

The voter shall vote by running a line through the names of such candidates as he or she shall desire to vote against by leaving the name of the candidate for whom he desires to vote for, and leaving only one name for each place.

According to the Statutes of Texas a check mark is no vote at all, but the voter must run a line through the name of the candidate he desires to vote AGAINST.

I Am a Democrat and Pledge Myself to Support the Nominee of This Primary.

FRIENDS

I know Lamb county. I know the people of Lamb county. I am thoroughly familiar with the office of Sheriff of Lamb county, having served this county for several years in that capacity...And the people know me...Man to man, I'LL MAKE YOU A GOOD SHERIFF!

Sincerely,

J. L. (LEN) IRVIN

Sure Thank You, Folks!

A. H. McGavock

For County Judge

J. E. (BERT) DRYDEN

FOR

Second Term

AS

COUNTY ATTORNEY

Will Be Very Grateful To You For Your Support

A. L. PORTER

FOR

Tax Collector of Lamb County

I will give the office my undivided personal attention, and I will co-operate in every way in reducing the operating expenses of our county. Your vote and influence appreciated

Your Vote And Influence Greatly Appreciated

G. G. HAZEL

CANDIDATE FOR

County Judge of Lamb County

Efficient Economical Administration Assured

Gaston Patterson

For

Tax Collector

of

Lamb County

For

Second Term

Solicits and will appreciate your vote to return him to this office for another term. He promises the same courteous and efficient service during the coming two years as he has rendered during the past eighteen months.

His name appears second on the ballot.

HOW I IMPROVED MY BED ROOM

I am only eleven years old and this is my first year of 4-H Club work. At first I was afraid to be a demonstrator in anything as there were many more girls in the Club older than I. However, I was planning to improve my bed room anyway, so I decided to be the bed room demonstrator for my Club. I belong to the Spring Lake 4-H Club of Spring Lake.

My bed room is a south west corner room on the second floor. It is 12 by 12 with a 3 by 5 alcove. It had been canvassed and papered like the rest of the house, a number of years ago. The paper was soiled and in many places had pulled away from the wall. There was no clothes closet in the room.

There are two windows on the west side and a door into the hall on the east side. The alcove was in the south west corner.

Daddy sheet rocked the down stairs rooms last year and had enough left over to do my room and my brothers room. He found a spare day and put the sheet rock on. I helped him by holding the sheet rock in place while he nailed it. Then, using more sheet rock, we made a big, roomy clothes closet out of the alcove. In the west end of the closet is a shelf and underneath the shelf is a rod, made from discarded gas pipe.

On the shelf is a place for my hats and shoes, I keep my stockings in a box on the shelf. In the east end are four shelves for my bed linen, blankets and quilts. My laundry bag hangs from a coat hanger on the inside.

The shelves were made of scrap lumber, but we had to buy the door for the closet.

My grandpa gave me the paper and mother and I put it on. It is light green. We bought a light buff paint and painted the walls, rod and shelves.

we oiled the floor with linseed oil and lumber that mother had left from last year.

My grandma gave me the material for the curtains, an old lamp shade and material to cover it. The curtains are green and gold, theatrical gauze Mother helped me make the curtains and lamp shade. We had some of the material hem-stitched to trim the lamp shade. This cost us fifteen cents.

Mother and I made a dressing table with a top from an old-fashioned bureau, and legs from an old table. We made a stool with the lower part of an old dress form, a piece of gas pipe and a board sawed oval shape. It has four rollers and will turn around.

To add color to the room we bought flowered material in rose, lavender and green and made ruffled curtains for the dressing table and stool.

I am making three small hooked rugs. One is to be made from old garments in tan and browns used undyed. Another will be made from an old blanket dyed in shades of brown. The other one will be an oval shaped one with a grey corner from an old linen dress, a neat flower in each end in shades of pink and lavender of new material. A darker shade of grey will be used for the edge. I used an rayon, golden brown dress, and dyed some old rayon stockings pink, and made three small hooked mats for my dressing table. Over my dressing table I have a mirror taken from the old bureau. We removed the scroll work leaving a plain frame.

My desk is an old one with the desk part shut in with a drop leaf. It has two book shelves below and a shelf above the desk to hold flower vase. I removed all pain and varnish with a lye paste then refinished them with some varnish mother had left from last year.

My aunt is painting two pictures to hang above my dressing table on each side of the mirror.

At our last club meeting Miss Mashburn showed us how to make some lovely new pictures and I am going to hang above my desk.

My brother gave me a bed spread of rose and white.

My expenses were as follows:
Closet door \$3.50
Paint 1.85
Cretone53
Hemstitching15
Enamel (for bed)15
Enamel for picture10
Curtain rods10
Picture frames20
Total \$6.58

COOL MEAT BEFORE CANNING

Sterling P. Evans, district supervisor of county agricultural agents, was in Ralls recently and gave out the statement that warning should be issued relative to canning of meats not freed of animal heat by proper cooling or refrigeration. He said that several people had

died from eating meats canned before the animal heat had been driven out by proper cooling. In one instance an entire family having died. He stated that he didn't know the technical name for such poisoning nor why the animal heat created such poison, but that it is a known fact that several people have died of eating such meats and that those now slaughtering animals for canning purposes should be very cautious in their cooling processes.—Ralls Banner.

TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN

● Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

	Amount Paid	Per Cent of Total Tax Paid
U. S. Government	\$ 61,270.13	.74
State	1,954,435.47	23.54
County	1,146,669.97	13.81
Roads	1,699,764.15	20.47
Improvement Districts	175,606.87	2.12
Schools	1,437,152.74	17.31
Cities	1,792,994.61	21.59
Miscellaneous	35,214.59	.42
Total	\$8,303,108.47	100.00

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

● RAILROADS HAVE ALWAYS SHOULDERED THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

THE TEXAS RAILROADS
