SUDAN, LAMB COUNTY, TEXAS, THURSDAY, APRIL 20, 1933

NO. 36

## SEVERAL THOUSAND GOP. POSTMASTERS WILL SERVE OUT FOUR YEAR TERM

Washington, April 16.—Notice was given job-hungry Democrats today by Postmaster General Farley that efficient Republican postmasters will not be supplanted until their terms have expired.

Turning his back on the policy of "to the victors belong the spoils," Farley said the party long had nurtured the civil service system of competitive examinations and declared "this administration will not abandon that high ground."

To several thousand Republican postmasters still in office and to many times that number of Democrats who want the jobs, Farley gave this message in a formal statement:

"No incumbent whose term has not yet expired and who has been rendering loyal and efficient service to the Government, need not have the slightest fear of removal. It will be the policy of the Postoffice Department to allow every efficient postmaster to fill out his term."

Farley, also the Administration patronage dispenser, has not announced the party's policy as to other federal offices, such as district attorneys, marshals and collectors. These positions are not under civil service.

### Many Vacancies to Fill

In the next few days the machinery for naming postmasters nevertheless is expected to be thrown into high gear. There are approximately 2,500 vacancies to be filled immediately out of a total of 15,032.

Postmasters are appointed for four years, and some Republicans thus will remain in office until almost the close of Roosevelt administration. No postmasters were confirmed, however, at the lame duck session beginning last December.

Farley said there "has never been the slightest basis" for reports that the Administration intended to abandon civil service examinations in selecting eligible candidates for postmasters, adding:

"Attention may be called to the fact that the principles of civil service system were firmly established by Grover Cleveland. Furthermore, it was another Democratic President (Wilson) who first committed to the civil service commission the task of examining applicants for appointment as postmasters."

### Examinations Studied

A thoroughgoing study is now being made in the Postoffice Department under the direction of Joseph C. O'Mahoney, first assistant Postmaster General, as to the manner in which postmaster examinations have been conducted in the past.

"As soon as this study has been completed," Farley said, "its results will be submitted to the Civil Service Commission with the request that the rules and regulations under which the examinations are to be held shall be promulgated at the earliest opportunity."

Farley added that the department "has no intention of abandoning the historic custom of inviting the advice of members of Congress with respect to the qualifications and fitness of eligible applicants in the various congressional districts."

Phiffer Ramby, who has been taking a course in Pharmacy in Dallas under Prof. Duncan, former instructor in Baylor University, has completed the course and will take the examination at Mineral Wells this week. Phiffer and wife will return to Sudan the latter part of this week. They have resided in Dallas for the past three months.

A Massey was called to Mason to be at the bedside of his mother, Mrs. E. Massey who is ill.

## TOURIST SPEND \$126,000.00 A YEAR IN LAMB COUNTY

400 Motor Vehicles Travel Highway No. 7 Daily; 300 Highway No. 28

Lamb county's state highways bring \$126,000.00 a year in extra business to the county in the form of tourist trade, the Texas Good Roads Association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars of this and adjoining counties, which obviously would increase with improved roads.

State checkers, from four days' actual count found the average daily traffic to be: 400 motor vehicles on Highway 7; and 300 on Highway 28.

Motor traffic in Texas is divided, the experts have found, in two almost equal classes. Roughly, half are local cars or from adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are genuine tourists.

"On this basis, some 350 outside cars cross Lamb county each day," the Association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways."

"If they spend as little as \$1 per vehicle within the borders of the county, then Lamb county's trunk roads mean \$10,500 in added business per month, or \$126,000 a year exclusive of their convenience and saving to her own 18,000 people, who operate some 3500 cars themselves."

The survey, conducted by the Association for every county in Texas, was designed to show importance of roads to each community, and thus arouse public opinion against any further diversion of gas tax money, which would cripple the highway program.

## TEXAS WHEAT CROP SHORT

Reports given out the past week by grain men who are carefully keeping tab in the situation is to the effect that about 27 per cent of the wheat acreage of Texas is being abandoned because of poor stands. Condition of remaining acreage is reported to be about 55 per cent normal. Kansas wheat crop is said to be even lower this year than is that of Texas.

Estimate Texas yield this year is placed at 355,000,000 which is about 100,000,000 bushels less than was raised in 1932 and 1931, respectively. The entire winter wheat crop throughout the U. S. is placed at 65 per cent of normal as compared with 76 per cent last year and 79 per cent for the 10 year period.

## METHODIST NOTES

A great interest is being manifested in all departments of the church. Surely, God is blessing us for the sacrifice made in trying to advance his cause.

Subject Sunday morning, "The Unpardonable Sin," What is it? This question will be answered during the discourse. Subject Sunday Evening, "Zaccheaus, The Fighter."

You are cordially invited to worship with us.

We wish to announce that our Revival will begin Sunday, July 16th. Rev. L. N. Lipscomb, has been secured as Evangelist. —Sam A. Thomas, pastor.

## NOTICE MEMBERS OF THE REBECCA LODGE

The members of the Rebecca Lodge of Sudan are earnestly requested to attend the regular meeting Tuesday night, April 25th. Important business will be transacted, and refreshments will be served.

## Let's Build A City Where A City Belongs

Sudan is at a standstill! The fate of its destiny lies in the hands of its citizens. What are we going to do about it?

Co-operation is the only weapon we have to combat the present situation. The merchants alone cannot build a thriving town unless the people of the community are willing to co-operate with them in their enterprise.

The first thing we must do is to have proper co-operation between the business men of the town; then we must have co-operation between the people of the community and the business men. The business men must lead the way by patronizing each other. The farmer must show his willingness to support local firms.

There is one thing that has been brought out in the past depression and that is: that when the people beat down the prices of finished products, the price of cotton, grain, poultry, eggs, beef, pork, and all other farm products will also fall. The reason is plain: every man that handles these products must have a fair profit, if he does not, then the initial cost must be reduced. When a farmer asks a merchant to sell his merchandise below cost, he is doing himself an injustice and will be the one to pay.

The merchant can also do his part by handling staple merchandise which can be sold at a reasonable price. People have little money now and have to get by just as cheap as possible. A merchant that sells a product at a loss is not only doing himself an injustice, but is also doing his customer an injustice, as he will have to over charge the customer on another product. It is absolutely imperative that merchants get a fair profit on all merchandise for them to make a success in business; it is also just as necessary for the farmers to make a fair margin of profit over cost of production for their products. If either do not make a success they are a stone in the path of progress.

Next comes the professional men and women, they must show a willingness to co-operate with the business men and people of the community. School teachers can save the citizens of this community thousands of dollars a year by careful management. By buying their equipment for the school and students from local firms, hundreds of dollars can be saved for the parents and taxpayers of this community. Everything that can be bought in Sudan should be bought here, as it will help build the town. All expenses must be cut to the bone, but all employees should be paid a sufficient salary to provide for comfort, (an underpaid employee will harm any institution).

Our school is one of the best, our town is a good one and ideally located, our newspaper has a large circulation furnishing a medium for advertising; so why not all be for one and one for all in the upbuilding of Sudan and community. It is necessary, if we desire to keep the value of our farms and businesses up to standard, as this all depends upon whether the town they are located in or near is A-L-I-V-E, and whether or not there is a good school, and market.

## MULESHOE BANK ROBBED LAST THURSDAY

The bank at Muleshoe was robbed by two men on Thursday of last week, shortly after the lunch hour. The highway-men secured something like \$1600 in currency and silver and made good their escape. Two men have been arrested in New Mexico and are being held for investigation in connection with the robbery.

## NEW POSTMASTER AT LITTLEFIELD

According to a press dispatch from Washington the first of the week, Jimmie Singer, former telephone manager, was appointed temporary postmaster at Littlefield. Homer Hall had been acting postmaster for the past six or eight months, taking office after J. E. Brannen's resignation.

## BAND PREPARING FOR CONVENTION

The Anton Municipal Band, official West Texas Chamber of Commerce Band and known as the "West Texas Gypsies," are preparing for the annual convention of the West Texas Chamber of Commerce at Big Spring, May 11, 12, and 13, according to Jimmie Thornhill, director of the band.

Musical features are being prepared by Thornhill and Maury Hopkins, manager of the convention. One of these features will be massed band concert, which Mr. Thornhill will direct. Visitors of the convention are going to have a real treat in Music.

## BIBLE CLASS

The Ladies Bible class of the Church of Christ met Tuesday at the church with 19 present.

Mrs. W. H. Walker led an interesting discussion on the return of the Jews to Jerusalem.

The class meets at Mrs. Foster's in Thursday afternoon to make clothing for the adopted orphan girl at Tipton, Okla.

The class meets at 3:30 each Tuesday afternoon at the church.

## DISTANCE DOES NOT EFFECT NICHOLS GROCERY, DELIVERY SERVICE.

The story comes to us that in preparing for the fishing trip, Saturday, the Sudan Fire Boys in their haste and excitement, forgot about half of their grocery supply. They left for this ten day trip short of provision. Mr. Nichols learned of the error, and at once, loaded up the groceries and put out after the boys who are enjoying a fishing trip in the Rio Grande Valley, and he is fishing too.

## NEW CITY WELL CONTRACTED

At a recent meeting of the City Commission, Marvin White, was given a contract to drill a new well for the city. The cost of the well will be around \$1,000. Mr. White is an efficient well driller, and the News is glad to see him secure the contract.

Mr. and Mrs. B. D. Smith of Jackson county, Oklahoma, are here visiting with their son and family, 2 1-2 miles north of town. Mr. Smith was a pleasant visitor at the News office on Wednesday and stated that while things were still slow, that there had been a great improvement in the condition of that section and that everyone was well pleased with the new deal. Mr. Smith at one time and for many years was one of the leading grocers of Odell, Texas, where he was neighbors and became good friends. We enjoyed Mr. Smith's visit.

Ves Terry and Kirk Dean were in Lubbock Tuesday, and played golf on the Lubbock golf links.

## EASTER CANTATA PAGEANT

The Methodist Church Choir, under the direction of Mrs. J. R. Dean, rendered a beautiful Cantata Pageant on Easter evening, to a packed house. Numbers of those in attendance expressed their appreciation for the beautiful numbers rendered. We appreciate the fine response and the many words of appreciation, and shall try to give you another program in keeping with the day, May 14, "Mother's Day." A service in honor of mothers will be held at the morning hour, while the evening hour will be given for a program, honoring the Day.

## DAMRON—WOODS

Miss Hattie Damron, and Robert Woods were united in marriage Saturday, April 15th., Portales, N. M.

Mr. Ollie Damron and Miss Alta Mae Hicks accompanied them and witnessed the ceremony.

The bride was most charmingly attired in an afternoon gown of blue, with accessories to match.

Mrs. Woods is the daughter of Mr. and Mrs. Henry Damron of Circle Back, and she is very popular among the younger set there.

Mr. Woods is the only son of Mr. and Mrs. E. H. Woods of Olney, and has a host of friends there, as well as in the Circle-Back Community.

The young people took a brief honeymoon in various parts of Mexico, after which they returned to Circle Back.

The happy couple will be at home in Bula.

There many friends wish for them much happiness and success along through the journey of life.—Contributed.

## NOTICE TO SUBSCRIBERS

There are still several subscribers delinquent and it is less for us to say that we cannot carry these delinquents longer. Unless your paper is paid in advance, it will be discontinued as rapidly as we can correct our list. We will still take produce or anything that we can use at the office or home, and apply it on your subscription.

W. W. Carpenter and family have moved back to Sudan after residing in Plainview for the past two years. They are occupying the Blanchard residence until they can get possession of their home.

## HART CAMP 4-H CLUB

The Hart Camp 4-H club girls met April 12th at 10:45, with nineteen members present. A large per cent of the girls had their work for this meeting.

The assignment for this time was the doll dress, the patch, darn and work boxes.

Miss Ruby Mashburn discussed the choice of colors in selecting materials of any kind, this was enjoyed by all.

The club adjourned at 12:00.—Reporter.

Mr. and Mrs. Gerrald Fulton, and Willie Mae Massey of Lubbock spent Sunday in Sudan. Mr. and Mrs. Fulton visited with her parents, Mr. and Mrs. E. Lam, and family and Miss Massey visited with her parents Mr. and Mrs. A. Massey.

Mr. and Mrs. R. E. Doss were in Amherst Sunday.

Mr. and Mrs. Ed Ayrion spent Sunday in Lubbock.

M. M. Gann was a business visitor in Amarillo Monday.

Mrs. Judge Briscoe visited in Amarillo Monday.

Mr. and Mrs. Walter Boness went to Ralls Sunday where Mrs. Boness remained for an extended visit with relatives.

**BIRTHS AND DEATHS SHOULD BE RECORDED AT FEDERAL BUREAUS**

These Records Aid in Proof of Citizenship of U. S. and Causes of Death

AUSTIN—Texans are now being asked by the Federal Bureau of the Census if they can prove that they have been born. For absolute proof a record of birth should be on file with the Bureau of Vital Statistics Texas State Department of Health. The Registration Area is that part of the United States where according to the government test at least ninety per cent of all births and deaths are recorded with the proper officials. Texas is the only state that is not in this area and the present check by the government is for the purpose of finding out whether or not Texas should be admitted.

To secure this recognition and be played on a par with other states it will be necessary for each person to see that any death or birth occurring in their family during the past year has been filed with the local registrar and that he has sent the report to the state office. This check is now in progress and it is necessary that the records be sent in at once.

The proper registration of births and deaths is of the greatest importance not only to the individual but also to the public at large. A birth certificate will prove right to inheritance, citizenship, legitimacy, school age, legal age for marriage, right to hold public office, age for military service, nationality in foreign countries and qualification for jury service. They are also used in securing passports and determining the birth rate in states, counties, and cities.

No civilized community should allow a human being to die and be buried without an official record being made of the fact. Such records are indispensable in determining the cause of death relative death rates, ratio of deaths to births, duration of life, rates of insurance and relative healthfulness of different states and localities. They are necessary in proving death for probating wills, settling estates, establishing claims for insurance and pensions and proving ancestry and heredity.

**JUST ANOTHER REASON**

County Agents are becoming more valuable to the counties in which they serve, due to the fact that President Roosevelt intends to administer his farm aid program through extension services, county agents and established farm aid program associations.

This comes home to Lamb county and shows the great need in keeping a county agent, in order that we may derive benefit from President Roosevelt's program.

Of course, this is only a minor reason for keeping the county agent as compared with the good work that this department has given to Lamb county since its establishment.

This combined with the fact that the agent has increased the earnings of our people by terracing, rotating crops, increasing dairy and poultry profits by proper feeding of beef cattle and hogs, and proper methods of curing meats.

Why do away with something that is worth thousands of dollars to the county annually.

Boost your neighbor! If you can't say something good about him, don't say anything at all.

**EMPLOYED LABOR OWES DUTY TO UNEMPLOYED**

The days of reconstruction are here; times must improve. The president has struck a death blow to hoarding of money on the part of the wealthy, and depends upon the patriotism of the masses to steer clear of this evil.

Conservative spending is necessary to recovery and the employed man or woman who puts money into the postal savings bank or the sugar-bowl on the mantle is contributing a share to unemployment.

Wholesale hoarding narrowly escaped wrecking the government a few weeks ago, and but for the prompt and intelligent action of President Roosevelt it is difficult to imagine what would have happened. The timely orders he issued and the backing of these orders by congress saved the day so far as capital is concerned.

But the job is not finished. The small hoarder is still with us, and no congressional action can touch him. The only appeal is that of loyalty to his fellow man. Money to be of value, must change hands; it must buy things that manufacturer, distributor, retailer and producer may reestablish a satisfactory conditions, and people are never going to go back to work in great numbers until there is a resumption of buying. Saving money right now is the reverse of good judgement—legitimate spending is wiser.

Those who have their jobs should think of those out of work due to small hoarding or saving. It is a case of individual effort from now on. The president has made the banks safe; he has done everything possible to help, and now it is the job of these people who are working to get back to normal spending as rapidly as possible.

Spending and investing will keep business going and lead to re-employment of labor—and nothing else will accomplish this result.

**BUILDING UP THE BUYING POWER**

James D. Tew, president of the B. F. Goodrich Rubber Company, has issued a statement declaring that as an industrialist he is heartily supporting President Roosevelt's farm bill; and the interesting thing about this is that Mr. Tew's rubber company uses vast quantities of cotton, and will find its manufacturing expenses greatly increased if the bill boosts the price of cotton as the administration expects it to do.

"We feel very strongly," says Mr. Tew, "that in the interest of the farmers and the welfare of the country as a whole, it is our duty to forget selfish interests and back up whole-hearted by the efforts of our president in restoring stability to the economic life of the nation."

**BURDEN OF LOCAL TAXES**

No cause is more popular today than that of economy in government. A magnificent start seems to have been made at Washington, and the spectacle is deeply encouraging. But while we're rejoicing, we ought to remember that the federal government can lighten only a part of our tax load.

City, county and state governments also collect taxes; and from most of us they collect a good deal more than does the federal government. Unless they too can cut their expenditures very sharply the economies instituted at Washington will be robbed of half of their effect.

It is up to us to see that our city commissioners, our county commissioners and our state legislators understand this. Uncle Sam has shown the way; let's have some economy all the way down the line now. Let the local government follow the national government's lead. Then we can really start cheering.

**TIPS ON TAXES**

AUSTIN—The Legislature is now in the fourth month of its regular session. Under the constitution the \$10 per day compensation last 120 days. Extension of the session beyond this period is possible, but the pay of members will be reduced by half. It is not likely that the session will be prolonged much beyond May 9 when the four-months period of high pay ends, though some members believe it will last until the latter part of May. There is strong sentiment among many leaders to bring the session to a close as early as possible, due chiefly to the fact that there seems to be an almost hopeless lack of harmony on many important subjects with little prospect of composing these differences.

Up to this time, efforts to levy new taxes have failed, with the single exception of an income tax, which has House approval. But there will be a determined effort during the closing days of the session to revive the sales tax, principally on the plea that it is necessary to keep public schools open. Laws strengthening enforcement of the cigarette tax and gross production are expected to stop leaks that caused a loss of \$5,000,000 last year. There is also a possibility that all of the cigarette tax will be diverted to the school fund. Many observers contend that stoppage of leaks and reasonable reorganization of the school system in the interest of economy make any new tax unnecessary.

The general economy program depends upon what is done with in the last few weeks of the session. With a weary Legislature, anxious to finish its work and go home, some measures may win approval that earlier in the session would have had no chance of adoption. Those citizens who wish to their tax bill would do well to obtain substantial reductions in watch the proceedings closely and not hesitate to let their representatives know their wishes. A good start has been made in the direction of economy, but this can be quickly offset in a last-minute stampede. If this doesn't come it will not be due to lack of effort on the part of tax consumers. They are on the job and will not quit until adjournment is taken.

The income tax bill follows many provisions of the Federal income tax. As amended it exempts \$2,500 of the income of married persons and permits an exemption of \$500 for each dependent. The rates graduate from one per cent of the first \$1,000 of net income for individuals to seven per cent on incomes in excess of \$11,000. The corporation rate is from two per cent on the first \$1000 to six per cent on incomes in excess of \$6,000. Passage by the Senate is regarded as doubtful.

The Senate has passed the four major appropriation bills. The House has passed three and is yet to act on the educational appropriations. The judiciary appropriation bill has passed both branches of the Legislature and has been signed by the Governor. The eleemosynary and departmental bills are in the hands of free conference committees to adjust differences between House and Senate measures. The appropriation bills call for the reductions from 25 to 35 per cent below figures of the past two years.

A bill is pending in the House raising the scholastic age from six to seven years. Its adoption would reduce the number of claimants on State school funds by about 135,000 and would result in savings to the schools estimated at upwards of \$2,000,000 depending on the amount of State apportionment. This would be in addition to savings in local funds through the resultant decrease in school enrollment. The measure is House bill No. 243.

The constitutional amendment limiting total State expenditures to \$22.50 per capita per biennium, already approved by the Senate, has been reported favorably in the House. This is a very important measure. If approved, it would be impossible for the Legislature to continue increasing State ex-

penditures. The authority of the Legislature to increase appropriations is limited only by the ability to find sources of taxation. The amendment would provide an absolute limit, where there is now virtually none.

**How to train BABY'S BOWELS**

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 300 births without loss of one mother or baby.

## EDITORIAL

This closes a very interesting and successful school term which brings sadness into the hearts of many who realize that they will not enter school at Sudan next Fall. The Seniors are all enthusiastic about graduating, but deep down in the heart of each one is just a tinge of sadness, whether he will admit it or not. These Seniors will start in higher walks of life, many entering higher educational fields, while many others will take their places in the homes of the community. Besides, Seniors, there may be many students who will not be able to attend school in Sudan next year. We hope they all come back. There will be a large number coming over from Grammar School.

The Seniors will not soon forget the guidance and instruction so patiently given them by their teachers. Perhaps the Seniors do not realize how much gratitude they owe their parents and teachers. The main thing that they will cherish is the cheery good will and friendship.

## A FAREWELL

Our school is out  
 And we must part  
 Never to meet any more  
 But these thoughts shall fill my heart

As life's sweet days pass 'ore,  
 Your winning smiles  
 Have brought me joy  
 Each day that we have met  
 The kindness of each senior  
 I never shall forget.  
 I've done the very best I could

To make the class all right  
 Of every thing I undertook  
 I tried with all my might.  
 For every senior a happy life  
 And many years to live  
 Just keep on smiling when in strife

And assistance He will give,  
 To every teacher in S. H. S.  
 May life be long and sweet  
 I wish for you much success  
 Few hardships you to meet.  
 May the old high school stand long and fast  
 over the lee

Though the waters may rise  
 And may all remember the Senior Class.  
 The graduates of '33,  
 The time is nigh,  
 Our paths divide  
 Be courageous, use your pluck;  
 For every Senior a happy life

So now goodbye, good luck.  
 —Bernice Brothers, President of the Senior class.

## BACCALAREATE SERMON

The Baccalareate Sermon for the graduating class of 1933 will be held in the Sudan High School auditorium, Sunday, April 30. Rev. Sam A. Thomas, the pastor of the Methodist church, will deliver the sermon.

The Senior class play "Closed Lips," will be presented at the Sudan High School building, Tuesday, May 2.

Commencement Exercises, the last exercises of this year's school term, will be held in the auditorium of the high school building, Wednesday, night, May 3. Dr. Jackson, head of the Government Department of Texas Tech, will be the main speaker of the evening.

## Debate Tournament

Another very interesting debate tournament was carried on in the public speaking class. As in the other debate tournament, each person had a "bud-die." Each debate was on a different subject, which made the tournament much more interesting.

In the first debate, Bernice Brothers and Winford Wells debated Allene Scogin and Quida Townsend in which Bernice and Winford were the winners. The

question was, "Resolved, that the United States should permanently cancel all war debts."

Clara Mae Fisher and Blanche Fowler debated Arlie Beggs and Mary Luttrell on the question, "Resolved, that the United States government should make a high school education compulsory." Arlie and Mary were declared the winners.

Edith Gann and Juanita Pierce debated Myrtle McLarty and Frances Brewster on the question, "Resolved, that the Eighteenth Amendment should be amended." In this debate Myrtle and Frances won.

Then Bill Henson and Frances Brewster debated Doyle Baccus and Kathryn Wilson on the question, "Resolved, that the plan of Technocracy should be adopted." Kathryn and Doyle were the winners of this debate.

Charlie Cartwright and Ellen Burnham debated Myrtle McLarty and Frances Brewster on the question, "Resolved, that war should be declared only by the popular vote of the people." Ellen and Charlie were winners of this debate.

Bernice Brothers and Winford Wells debated Kathryn Wilson and Doyle Baccus on the question, "Resolved, the United States should declare war on Japan." Bernice and Winford also won in this debate.

Then Mary Luttrell and Arlie Beggs debated Charlie Cartwright and Ellen Burnham on the question, "Resolved, that capital punishment should be abolished." Mary and Arlie were also winners in this debate.

Now we come to the finals! Mary Luttrell and Arlie Beggs debated Bernice Brothers and Winford Wells on the question, "Resolved, that all nations should abolish armaments." Bernice and Winford were declared winners of this debate tournament. They were presented with a lovely memory book which was given to them by Mr. Branch. This debate tournament was enjoyed by the public speaking class.

## Who's Who of the Seniors!

Jack Fisher!  
 Stars?—Yes— and another famous basketball star of Sudan High School is Jack Fisher. Jack is that tall, boyish young man you see around always busy and never doing things he shouldn't, except telling a funny joke. Now and then, he has a joke for every occasion.

Eunice Moore:  
 Who next? Who is she? Ain't she sweet? We'll give you three guesses though you only need one. She sings, boy, boy oh boy, how she sings! She is a shark at basket ball and tennis. Why it is no other than Eunice Moore, that senior of all seniors. She is one of the many popular students of S. H. S.

Charles Carruth:  
 At this time I wish to introduce to all who do not know this dignified senior known as Charley. Charley is another of those excellent basket ball players. Charley will always be remembered in S. H. S. for his dignified ways and he has acquired many friends who will be friends until the end. Charley too made the Senior play.

Ben O'Keefe:  
 Ben O'Keefe is about the size of a doll and as cute as a doll. Boy, how Sudan High will miss that little Miss. She has a grand personality, you couldn't help from knowing her if you've ever been in S. H. S. when she was there.

Harland Barnes:  
 That tall, slender, lanky youth is no other than the prominent Senior Harland Barnes. Harland is noted for his dreamy ways and his quietness. Harland doesn't happen to be one of our famous basketball stars but he furnishes plenty of a-

musement for the entire school.

Marjorie Alderson:  
 Did you ever see that dignified red headed senior girl? Red head, did you say? Sure! The Seniors have a red head and who is she but Marjorie Alderson. Marjorie is one of the unusual type. The only one in Sudan High School. She is a very lovable young lady. The red head of the senior class.

Doyle Baccus:  
 The "Baby" of the Seniors, the innocent but dumb little senior is only that Doyle Baccus. Doyle is well known for the innocent, dumb and crazy questions he asks, although he is rather intelligent and the Seniors are proud to have the "Baby" in the Senior class.

Frances Brewster:  
 Another dignified senior girl we find is Frances Brewster. Frances is noted for her acting as the ol' lady, and in the future we see a great actress in her. Oh Yes! she too is to be in the Senior class play. All of Sudan High love Frances and her sweet disposition, especially H. B.

Elbert Ford:  
 Ford—Yes Ford, not a car that runs but a senior fellow, known as Elbert Ford. Elbert is a quiet boy but is subjected to playing hooky in the mornings. Elbert is another basket-ball player. We all hate to think that when the Seniors pull freight they will take with them most all of your basket-ball team.

Jaunita Pierce:  
 Our cute little fat adorable Senior is known as Jaunita Pierce. Jaunita and her good natured ways will always be remembered by the younger set in Sudan. She is a rare production of the Seniors and oh, so clever. She is the fat fluffy

darling of the S. H. S.

Lee Roy Fisher:  
 Whoopee! Another basketball player—Lee Roy is just opposite his brother Jack. He's a little short fat guy but boy! He's O. K. LeRoy is one of the school cut-ups and you generally see him with the "Baby" of the senior class. Doyle Le Roy is very studious as all of the Seniors are.

Jaunita Bonds:  
 The tiny blond senior is Jaunita Bonds. In case you don't know her she is the bashful little girl that talks so much around strangers and her many friends too. She is quite studious and car riding is her hobby.

This is the end of the famous '33 Seniors.

Eunice Moore, Louise King, spent the week-end in Hereford.

Juanita Pierce spent the week-end with Lela and Ellen Burnham.

Ouida Townsend spent the week-end with Allene Scogin.

Mary Luttrell was in Littlefield Saturday afternoon.

Nannie Marie Breeding attended the district meet at Lubbock Friday.

## NEWS ITEMS FROM SUDAN GRAMMAR SCHOOL

We are still sorry to note the great amount of pupils absent from school due to illness. There are three that are out of the high seventh. They are Lorene Marley who has the measles.

Jim Shuttlesworth who is having trouble with his eyes, and Ruby Lee West.

The low seventh acted the dialogue written by a member of their class, Joyce Stone. last week-end and I am sure it was enjoyed by all.

Miss Branch reports that the high sixth is having practically perfect attendance every day.

This class is especially proud of one of its members, who has been doing extensive scout work Tokie Doty.

The low sixth is very proud to have Ray Massey back in school after several days of illness.

The low fifth is rejoicing because Beulah Beauchamp is able to return to school after several days' absence due to illness.

According to Miss Foote fifty per cent of the high fourth pupils are entitled to visiting certificates now. The following are the ones who will receive certificates this time: Archie May, Ola Mae Moore, Mary Ellen Stotts, Curtis Pike, Denuer Rudd, Evelyn Parrot, Lois Alexander, Wilma Jean Kittley, Elbert Lowell Benton, Juanita Pace, and Dorothy Miller. The regular weekly health election was held and Lorene Ray was elected Governor and Ola Mae Moore James Masten, Juanita Pace and Clodele Hodge were elected Representatives. Austin Bills and Ida Rae Miller are both absent due to measles.

Two pupils are also out of the low fourth due to measles, Betty Ross Ray and Marie Morely.

The high third enjoyed their Easter egg hunt last Friday. They are glad to have Luaille Love back after a case of the measles Mildred Holden is out due to illness which we are very sorry to hear.

The pupils of the low third are taking two lessons in numbers a day and staying in the class room forty-five minutes longer in order to complete their work. They are putting an extra stress on reading.

Mesdames McDaniel, Davis, and Daniel took the pupils of the high second on an Easter egg hunt about a mile and a half from town last Friday afternoon. A very enjoyable time was reported by all.

The low second is glad to have Ivey Hallsford back in school. She has been out about three weeks due to smallpox.

All the children of the high first reported a very pleasant Easter and Mrs. McKelvey says that she also enjoyed Easter as she spent most of the week-end in Lubbock. These pupils are doubling their efforts to complete all required work.

All of the low first seemed to have had a very enjoyable Easter and many who had been ill returned Monday.

## What Ho! What's That!

A play to be staged May 2nd, 1933. 2 hours of heart thrilling, heart breaking and joy for Ma, Pa and the kids. Big 3 Act Play entitled "CLOSED LIPS," staged by these famous Seniors of "33." Oh! Boy!! Folks what a play. Ya— can't afford to miss it! Biggest hit of the season??? Oh. Boy, and now!!! Come out and see for yourself. This will be a real production, the greatest S. H. S. has ever produced. Listen! Can you feature a man married and glad of it? Well! I can't either, guess we'll ha'fta' see this knock out "Willie." The heart breaking scene, The heart breaking scene, Folks listen! Bart, a refined, manly, serious boy, devoted to Terry and fond of Badcliff and his wife, but, folks he is very bitter toward his own gentle loving father who would sacrifice anything in the world for these loved ones and in scenes with his father he has a determination but— Well, folks its a heart-bleeding story. One in which you will get more enjoyment from this entertainment than ever before You simply must see it!

The cast of this heart breaking play is:

Mrs. Radcliff—John Clay's Sister—Frances Brewster  
 Terry Radcliff—Matthew Radcliff's daughter—  
 Myrtle McLarty  
 Mammy Jenny—The Devoted  
 Clara Mae Fisher  
 Patricia Stone (Pat) Terry's friend—Bonnie Belle Lyle.  
 Willie Stone—Pats Hubbie  
 Charley Cartwright  
 Jeff—The colored gardner  
 James Ivey.  
 Star Bhiven—A little City  
 Waif—Lela Burnham  
 Bart Clay—John's Son  
 Bernice Brothers.  
 Matthew Radcliff—Berts adapted father—Charles Carruth.  
 John Clay—A Convict

Winfred Wells.  
 There you are folks. and arn't they grand? I'll bet you didn't know that Clara Mae Fisher and James Ivey could play negro roles did you? Well they certainly can. And can Lela Burnham play "a little ol' city waif". Yeah, with her big innocent blue eyes and blond curls— Boy just watch her folks. Just a little hint—don't for get your hankie's for you will surely need them when little 'Star' comes to the Radcliff home. Frances Brewster as usual is playing the ol' lady and boy listen, she's a humdinger in the play. And Oh! that Myrtle McLarty is she the heroine—Eyes of course who else would play that part? Charley Carruth is playing the role of Matthew Badcliff and is he good? Oh! folks there's no use trying to tell you anything about this play for it just can't be done; You'll just have to come and see it yourself and now don't forget Tuesday night, May 2nd, 1933, at dear ol' S. H. S., 8 o'clock sharp for only 10 and 15 cents. You will see this grand play "Closed Lips" Come on Pa and Ma bring the kids a-long too, they'll enjoy it.

VOLUME VIII

SUDAN, LAMB COUNTY, TEXAS, THURSDAY, APRIL 20, 1933

NO. 36

## SEVERAL THOUSAND GOP. POSTMASTERS WILL SERVE OUT FOUR YEAR TERM

Washington, April 16.—Notice was given job-hungry Democrats today by Postmaster General Farley that efficient Republican postmasters will not be supplanted until their terms have expired.

Turning his back on the policy of "to the victors belong the spoils," Farley said the party long had nurtured the civil service system of competitive examinations and declared "this administration will not abandon that high ground."

To several thousand Republican postmasters still in office and to many times that number of Democrats who want the jobs, Farley gave this message in a formal statement:

"No incumbent whose term has not yet expired and who has been rendering loyal and efficient service to the Government, need not have the slightest fear of removal. It will be the policy of the Postoffice Department to allow every efficient postmaster to fill out his term."

Farley, also the Administration patronage dispenser, has not announced the party's policy as to other federal offices, such as district attorneys, marshals and collectors. These positions are not under civil service.

### Many Vacancies to Fill

In the next few days the machinery for naming postmasters nevertheless is expected to be thrown into high gear. There are approximately 2,500 vacancies to be filled immediately out of a total of 15,032.

Postmasters are appointed for four years, and some Republicans thus will remain in office until almost the close of Roosevelt administration. No postmasters were confirmed, however, at the lame duck session beginning last December.

Farley said there "has never been the slightest basic" for reports that the Administration intended to abandon civil service examinations in selecting eligible candidates for postmasters, adding:

"Attention may be called to the fact that the principles of civil service system were firmly established by Grover Cleveland. Furthermore, it was another Democratic President (Wilson) who first committed to the civil service commission the task of examining applicants for appointment as postmasters."

### Examinations Studied

A thoroughgoing study is now being made in the Postoffice Department under the direction of Joseph C. O'Mahoney, first assistant Postmaster General, as to the manner in which postmaster examinations have been conducted in the past.

"As soon as this study has been completed," Farley said, "its results will be submitted to the Civil Service Commission with the request that the rules and regulations under which the examinations are to be held shall be promulgated at the earliest opportunity."

Farley added that the department "has no intention of abandoning the historic custom of inviting the advice of members of Congress with respect to the qualifications and fitness of eligible applicants in the various congressional districts."

Phiffer Ramby, who has been taking a course in Pharmacy in Dallas under Prof. Duncan, former instructor in Baylor University, has completed the course and will take the examination at Mineral Wells this week. Phiffer and wife will return to Sudan the latter part of this week. They have resided in Dallas for the past three months.

A Massey was called to Mason to be at the bedside of his mother, Mrs. E. Massey who is ill.

## TOURIST SPEND \$126,000.00 A YEAR IN LAMB COUNTY

400 Motor Vehicles Travel Highway No. 7 Daily; 300 Highway No. 28

Lamb county's state highways bring \$126,000.00 a year in extra business to the county in the form of tourist trade, the Texas Good Roads Association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars of this and adjoining counties, which obviously would increase with improved roads.

State checkers, from four days' actual count found the average daily traffic to be: 400 motor vehicles on Highway 7; and 300 on Highway 28.

Motor traffic in Texas is divided, the experts have found, in two almost equal classes. Roughly, half are local cars or from adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are genuine tourists.

"On this basis, some 350 outside cars cross Lamb county each day," the Association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways."

"If they spend as little as \$1 per vehicle within the borders of the county, then Lamb county's trunk roads mean \$10,500 in added business per month, or \$126,000 a year exclusive of their convenience and saving to her own 18,000 people, who operate some 3500 cars themselves."

The survey, conducted by the Association for every county in Texas, was designed to show importance of roads to each community, and thus arouse public opinion against any further diversion of gas tax money, which would cripple the highway program.

## TEXAS WHEAT CROP SHORT

Reports given out the past week by grain men who are carefully keeping tab in the situation is to the effect that about 27 per cent of the wheat acreage of Texas is being abandoned because of poor stands. Condition of remaining acreage is reported to be about 55 per cent normal. Kansas wheat crop is said to be even lower this year than is that of Texas.

Estimate Texas yield this year is placed at 355,000,000 which is about 100,000,000 bushels less than was raised in 1932 and 1931, respectively. The entire winter wheat crop throughout the U. S. is placed at 65 per cent of normal as compared with 78 per cent last year and 79 per cent for the 10 year period.

## METHODIST NOTES

A great interest is being manifested in all departments of the church. Surely, God is blessing us for the sacrifice made in trying to advance his cause.

Subject Sunday morning, "The Unpardonable Sin." What is it? This question will be answered during the discourse. Subject Sunday evening, "Zaccheaus, The Fighter."

You are cordially invited to worship with us.

We wish to announce that our Revival will begin Sunday, July 16th. Rev. L. N. Lipscomb, has been secured as Evangelist. —Sam A. Thomas, pastor.

## NOTICE MEMBERS OF THE REBECCA LODGE

The members of the Rebecca Lodge of Sudan are earnestly requested to attend the regular meeting Tuesday night, April 25th. Important business will be transacted, and refreshments will be served.

## Let's Build A City Where A City Belongs

Sudan is at a standstill! The fate of its destiny lies in the hands of its citizens. What are we going to do about it?

Co-operation is the only weapon we have to combat the present situation. The merchants alone cannot build a thriving town unless the people of the community are willing to co-operate with them in their enterprise.

The first thing we must do is to have proper co-operation between the business men of the town; then we must have co-operation between the people of the community and the business men. The business men must lead the way by patronizing each other. The farmer must show his willingness to support local firms.

There is one thing that has been brought out in the past depression and that is: that when the people beat down the prices of finished products, the price of cotton, grain, poultry, eggs, beef, pork, and all other farm products will also fall. The reason is plain: every man that handles these products must have a fair profit, if he does not, then the initial cost must be reduced. When a farmer asks a merchant to sell his merchandise below cost, he is doing himself an injustice and will be the one to pay.

The merchant can also do his part by handling staple merchandise which can be sold at a reasonable price. People have little money now and have to get by just as cheap as possible. A merchant that sells a product at a loss is not only doing himself an injustice, but is also doing his customer an injustice, as he will have to over charge the customer on another product. It is absolutely imperative that merchants get a fair profit on all merchandise for them to make a success in business; it is also just as necessary for the farmers to make a fair margin of profit over cost of production for their products. If either do not make a success they are a stone in the path of progress.

Next comes the professional men and women, they must show a willingness to co-operate with the business men and people of the community. School teachers can save the citizens of this community thousands of dollars a year by careful management. By buying their equipment for the school and students from local firms, hundreds of dollars can be saved for the parents and taxpayers of this community. Everything that can be bought in Sudan should be bought here, as it will help build the town. All expenses must be cut to the bone, but all employees should be paid a sufficient salary to provide for comfort, (an underpaid employee will harm any institution).

Our school is one of the best, our town is a good one and ideally located, our newspaper has a large circulation furnishing a medium for advertising; so why not all be for one and one for all in the upbuilding of Sudan and community. It is necessary, if we desire to keep the value of our farms and businesses up to standard, as this all depends upon whether the town they are located in or near is A-L-I-V-E, and whether or not there is a good school, and market.

## MULESHOE BANK ROBBED LAST THURSDAY

The bank at Muleshoe was robbed by two men on Thursday of last week, shortly after the lunch hour. The highwaymen secured something like \$1600 in currency and silver and made good their escape. Two men have been arrested in New Mexico and are being held for investigation in connection with the robbery.

## NEW POSTMASTER AT LITTLEFIELD

According to a press dispatch from Washington the first of the week, Jimmie Singer, former telephone manager, was appointed temporary postmaster at Littlefield. Homer Hall had been acting postmaster for the past six or eight months, taking office after J. E. Brannen's resignation.

## BAND PREPARING FOR CONVENTION

The Anton Municipal Band, official West Texas Chamber of Commerce Band and known as the "West Texas Gypsies," are preparing for the annual convention of the West Texas Chamber of Commerce at Big Spring, May 11, 12, and 13, according to Jimmie Thornhill, director of the band.

Musical features are being prepared by Thornhill and Maury Hopkins, manager of the convention. One of these features will be massed band concert, which Mr. Thornhill will direct. Visitors of the convention are going to have a real treat in Music.

## BIBLE CLASS

The Ladies Bible class of the Church of Christ met Tuesday at the church with 19 present. Mrs. W. H. Walker led an interesting discussion on the return of the Jews to Jerusalem. The class meets at Mrs. Foster's in Thursday afternoon to make clothing for the adopted orphan girl at Tipton, Okla. The class meets at 3:30 each Tuesday afternoon at the church.

## DISTANCE DOES NOT EFFECT NICHOLS GROCERY, DELIVERY SERVICE.

The story comes to us that in preparing for the fishing trip, Saturday, the Sudan Fire Boys in their haste and excitement, forgot about half of their grocery supply. They left for this ten day trip short of provision. Mr. Nichols learned of the error, and at once, loaded up the groceries and put out after the boys who are enjoying a fishing trip in the Rio Grande Valley, and he is fishing too.

## NEW CITY WELL, CONTRACTED

At a recent meeting of the City Commission, Marvin White, was given a contract to drill a new well for the city. The cost of the well will be around \$1,000. Mr. White is an efficient well driller, and the News is glad to see him secure the contract.

Mr. and Mrs. B. D. Smith of Jackson county, Oklahoma, are here visiting with their son and family, 2 1-2 miles north of town. Mr. Smith was a pleasant visitor at the News office on Wednesday and stated that while things were still slow, that there had been a great improvement in the condition of that section and that everyone was well pleased with the new deal. Mr. Smith at one time and for many years was one of the leading grocerymen of Odell, Texas, where we were neighbors and became good friends. We enjoyed Mr. Smith's visit.

Ves Terry and Kirk Dean were in Lubbock Tuesday, and played golf on the Lubbock golf links.

## EASTER CANTATA PAGEANT

The Methodist Church Choir, under the direction of Mrs. J. R. Dean, rendered a beautiful Cantata Pageant on Easter evening, to a packed house. Numbers of those in attendance expressed their appreciation for the beautiful numbers rendered. We appreciate the fine response and the many words of appreciation, and shall try to give you another program in keeping with the day, May 14, "Mother's Day." A service in honor of mothers will be held at the morning hour, while the evening hour will be given for a program, honoring the Day.

## DAMRON—WOODS

Miss Hattie Damron, and Robert Woods were united in marriage Saturday, April 15th., Portales, N. M.

Mr. Ollie Damron and Miss Alta Mae Hicks accompanied them and witnessed the ceremony.

The bride was most charmingly attired in an afternoon gown of blue, with accessories to match.

Mrs. Woods is the daughter of Mr. and Mrs. Henry Damron of Circle Back, and she is very popular among the younger set there.

Mr. Woods is the only son of Mr. and Mrs. E. H. Woods of Olney, and has a host of friends there, as well as in the Circle-Back Community.

The young people took a brief honeymoon in various parts of Mexico, after which they returned to Circle Back.

The happy couple will be at home in Bula.

There many friends wish for them much happiness and success along through the journey of life.—Contributed.

## NOTICE TO SUBSCRIBERS

There are still several subscribers delinquent and it is useless for us to say that we cannot carry these delinquents longer. Unless your paper is paid in advance, it will be discontinued as rapidly as we can correct our list. We will still take produce or anything that we can use at the office or home, and apply it on your subscription.

W. W. Carpenter and family have moved back to Sudan after residing in Plainview for the past two years. They are occupying the Blanchard residence until they can get possession of their home.

## HART CAMP 4-H CLUB

The Hart Camp 4-H club girls met April 12th at 10:45, with nineteen members present. A large per cent of the girls had their work for this meeting.

The assignment for this time was the doll dress, the patch, darn and work boxes.

Miss Ruby Mashburn discussed the choice of colors in selecting materials of any kind, this was enjoyed by all.

The club adjourned at 12:00.—Reporter.

Mr. and Mrs. Gerald Fulton, and Willie Mae Massey of Lubbock spent Sunday in Sudan. Mr. and Mrs. Fulton visited with her parents, Mr. and Mrs. E. Lam, and family and Miss Massey visited with her parents Mr. and Mrs. A. Massey.

Mr. and Mrs. R. E. Doss were in Amherst Sunday.

Mr. and Mrs. Ed Ayrian spent Sunday in Lubbock.

M. M. Gann was a business visitor in Amarillo Monday.

Mrs. Judge Briscoe visited in Amarillo Monday.

Mr. and Mrs. Walter Boness went to Ralls Sunday where Mrs. Boness remained for an extended visit with relatives.

**BIRTHS AND DEATHS SHOULD BE RECORDED AT FEDERAL BUREAUS**

These Records Aid in Proof of Citizenship of U. S. and Causes of Death

AUSTIN—Texans are now being asked by the Federal Bureau of the Census if they can prove that they have been born. For absolute proof a record of birth should be on file with the Bureau of Vital Statistics Texas State Department of Health. The Registration Area is that part of the United States where according to the government test at least ninety per cent of all births and deaths are recorded with the proper officials. Texas is the only state that is not in this area and the present check by the government is for the purpose of finding out whether or not Texas should be admitted.

To secure this recognition and be placed on a par with other states it will be necessary for each person to see that any death or birth occurring in their family during the past year has been filed with the local registrar and that he has sent the report to the state office. This check is now in progress and it is necessary that the records be sent in at once.

The proper registration of births and deaths is of the greatest importance not only to the individual but also to the public at large. A birth certificate will prove right to inheritance, citizenship, legitimacy, school age, legal age for marriage, right to hold public office, age for military service, nationality in foreign countries and qualification for jury service. They are also used in securing passports and determining the birth rate in states, counties, and cities.

No civilized community should allow a human being to die and be buried without an official record being made of the fact. Such records are indispensable in determining the cause of death relative death rates, ratio of deaths to births, duration of life, rates of insurance and relative healthfulness of different states and localities. They are necessary in proving death for probating wills, settling estates, establishing claims for insurance and pensions and proving ancestry and heredity.

**JUST ANOTHER REASON**

County Agents are becoming more valuable to the counties in which they serve, due to the fact that President Roosevelt intends to administer his farm aid program through extension services, county agents and established farm aid program associations.

This comes home to Lamb county and shows the great need in keeping a county agent, in order that we may derive benefit from President Roosevelt's program.

Of course, this is only a minor reason for keeping the county agent as compared with the good work that this department has given to Lamb county since its establishment.

This combined with the fact that the agent has increased the earnings of our people by terracing, rotating crops, increasing dairy and poultry profits by proper feeding of beef cattle and hogs, and proper methods of curing meats.

Why do away with something that is worth thousands of dollars to the county annually.

Boost your neighbor! If you can't say something good about him, don't say anything at all.

**EMPLOYED LABOR OWES DUTY TO UNEMPLOYED**

The days of reconstruction are here; times must improve. The president has struck a death blow to hoarding of money on the part of the wealthy, and depends upon the patriotism of the masses to steer clear of this evil.

Conservative spending is necessary to recovery and the employed man or woman who puts money into the postal savings bank or the sugar-bowl on the mantle is contributing a share to unemployment.

Wholesale hoarding narrowly escaped wrecking the government a few weeks ago, and but for the prompt and intelligent action of President Roosevelt, it is difficult to imagine what would have happened. The timely orders he issued and the backing of these orders by congress saved the day so far as capital is concerned.

But the job is not finished. The small hoarder is still with us, and no congressional action can touch him. The only appeal is that of loyalty to his fellow man. Money to be of value, must change hands; it must buy things that manufacturer, distributor, retailer and producer may reestablish a satisfactory conditions, and people are never going to go back to work in great numbers until there is a resumption of buying. Saving money right now is the reverse of good judgement—legitimate spending is wiser.

Those who have their jobs should think of those out of work due to small hoarding or saving. It is a case of individual effort from now on. The president has made the banks safe; he has done everything possible to help, and now it is the job of these people who are working to get back to normal spending as rapidly as possible.

Spending and investing will keep business going and lead to re-employment of labor—and nothing else will accomplish this result.

**BUILDING UP THE BUYING POWER**

James D. Tew, president of the B. F. Goodrich Rubber Company, has issued a statement declaring that as an industrialist he is heartily supporting President Roosevelt's farm bill; and the interesting thing about this is that Mr. Tew's rubber company uses vast quantities of cotton, and will find its manufacturing expenses greatly increased if the bill boosts the price of cotton as the administration expects it to do.

"We feel very strongly," says Mr. Tew, "that in the interest of the farmers and the welfare of the country as a whole, it is our duty to forget selfish interests and back up wholeheartedly the efforts of our president in restoring stability to the economic life of the nation."

For this project cuts both ways. It might boost the prices of raw materials, but if it did it would also add greatly to the farmer's purchasing power; and Mr. Tew and his brother industrialists might discover that if their operating expenses rose their sales would rise even more rapidly.

**BURDEN OF LOCAL TAXES**

No cause is more popular today than that of economy in government. A magnificent start seems to have been made at Washington, and the spectacle is deeply encouraging. But while we're rejoicing, we ought to remember that the federal government can lighten only a part of our tax load.

City, county and state governments also collect taxes; and from most of us they collect a good deal more than does the federal government. Unless they too can cut their expenditures very sharply the economies instituted at Washington will be robbed of half of their effect.

It is up to us to see that our city commissioners, our county commissioners and our state legislators understand this. Uncle Sam has shown the way; let's have some economy all the way down the line now. Let the local government follow the national government's lead. Then we can really start cheering.

**TIPS ON TAXES**

AUSTIN—The Legislature is now in the fourth month of its regular session. Under the constitution the \$10 per day compensation last 120 days. Extension of the session beyond this period is possible, but the pay of members will be reduced by half. It is not likely that the session will be prolonged much beyond May 9 when the four-months period of high pay ends, though some members believe it will last until the latter part of May. There is strong sentiment among many leaders to bring the session to a close as early as possible, due chiefly to the fact that there seems to be an almost hopeless lack of harmony on many important subjects with little prospect of composing these differences.

Up to this time, efforts to levy new taxes have failed, with the single exception of an income tax, which has House approval. But there will be a determined effort during the closing days of the session to revive the sales tax, principally on the plea that it is necessary to keep public schools open. Laws strengthening enforcement of the cigarette tax and gross production are expected to stop leaks that caused a loss of \$5,000,000 last year. There is also a possibility that all of the cigarette tax will be diverted to the school fund. Many observers contend that stoppage of leaks and reasonable reorganization of the school system in the interest of economy make any new tax unnecessary.

The general economy program depends upon what is done with in the last few weeks of the session. With a weary Legislature, anxious to finish its work and go home, some measures may win approval that earlier in the session would have had no chance of adoption. Those citizens who wish to obtain substantial reductions in watch the proceedings closely and not hesitate to let their representatives know their wishes. A good start has been made in the direction of economy, but this can be quickly offset in a last-minute stampede. If this doesn't come it will not be due to lack of effort on the part of tax consumers. They are on the job and will not quit until adjournment is taken.

The income tax bill follows many provisions of the Federal income tax. As amended it exempts \$2,500 of the income of married persons and permits an exemption of \$500 for each dependent. The rates graduate from one per cent of the first \$1,000 of net income for individuals to seven per cent on incomes in excess of \$11,000. The corporation rate is from two per cent on the first \$1000 to six per cent on incomes in excess of \$6,000. Passage by the Senate is regarded as doubtful.

The Senate has passed the four major appropriation bills. The House has passed three and is yet to act on the educational appropriations. The judiciary appropriation bill has passed both branches of the Legislature and has been signed by the Governor. The eleemosynary and departmental bills are in the hands of free conference committees to adjust differences between House and Senate measures. The appropriation bills call for the reductions from 25 to 35 per cent below figures of the past two years.

A bill is pending in the House raising the scholastic age from six to seven years. Its adoption would reduce the number of claimants on State school funds by about 135,000 and would result in savings to the schools estimated at upwards of \$2,000,000 depending on the amount of State apportionment. This would be in addition to savings in local funds through the resultant decrease in school enrollment. The measure is House bill No. 243.

The constitutional amendment limiting total State expenditures to \$22.50 per capita per biennium, already approved by the Senate, has been reported favorably in the House. This is a very important measure. If approved, it would be impossible for the Legislature to continue increasing State ex-

penditures. The authority of the Legislature to increase appropriations is limited only by the ability to find sources of taxation. The amendment would provide an absolute limit, where there is now virtually none.

**How to train BABY'S BOWELS**

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3,000 births without loss of one mother or baby.

## EDITORIAL

This closes a very interesting and successful school term which brings sadness into the hearts of many who realize that they will not enter school at Sudan next Fall. The Seniors are all enthusiastic about graduating, but deep down in the heart of each one is just a tinge of sadness, whether he will admit it or not. These Seniors will start in higher walks of life, many entering higher educational fields, while many others will take their places in the homes of the community. Besides, Seniors, there may be many students who will not be able to attend school in Sudan next year. We hope they all come back. There will be a large number coming over from Grammar School.

The Seniors will not soon forget the guidance and instruction so patiently given them by their teachers. Perhaps the Seniors do not realize how much gratitude they owe their parents and teachers. The main thing that they will cherish is the cheery good will and friendship.

## A FAREWELL

Our school is out  
 And we must part  
 Never to meet any more  
 But these thoughts shall fill my heart

As life's sweet days pass 'ore,  
 Your winning smiles  
 Have brought me joy  
 Each day that we have met  
 The kindness of each senior  
 I never shall forget.  
 I've done the very best I could

To make the class all right  
 Of every thing I undereook  
 I tried with all my might.  
 For every senior a happy life  
 And many years to live  
 Just keep on smiling when in strife

And assistance He will give.  
 To every teacher in S. H. S.  
 May life be long and sweet  
 I wish for you much success  
 Few hardships you to meet.  
 May the old high school stand long and fast  
 over the lee

Though the waters may rise  
 And may all remember the Senior Class.

The graduates of '33.  
 The time is nigh,  
 Our paths divide  
 Be courageous, use your pluck;  
 For every Senior a happy life

So now goodbye, good luck.  
 —Bernice Brothers, President of the Senior class.

## BACCALAREATE SERMON

The Baccalareate Sermon for the graduating class of 1933 will be held in the Sudan High School auditorium, Sunday, April 30. Rev. Sam A. Thomas, the pastor of the Methodist church, will deliver the sermon.

The Senior class play "Closed Lips," will be presented at the Sudan High School building, Tuesday, May 2.

Commencement Exercises, the last exercises of this year's school term, will be held in the auditorium of the high school building, Wednesday, night, May 3. Dr. Jackson, head of the Government Department of Texas Tech, will be the main speaker of the evening.

## Debate Tournament

Another very interesting debate tournament was carried on in the public speaking class. As in the other debate tournament, each person had a "buddy." Each debate was on a different subject, which made the tournament much more interesting.

In the first debate, Bernice Brothers and Winford Wells debated Allene Scogin and Quida Townsend in which Bernice and Winford were the winners. The

question was, "Resolved, that the United States should permanently cancel all war debts." Clara Mae Fisher and Blanche Fowler debated Arlie Beggs and Mary Luttrell on the question, "Resolved, that the United States government should make a high school education compulsory." Arlie and Mary were declared the winners.

Edith Gann and Juanita Pierce debated Myrtle McLarty and Frances Brewster on the question, "Resolved, that the Eighteenth Amendment should be amended." In this debate Myrtle and Frances won.

Then Bill Hanson and Frances Brewster debated Doyle Baccus and Kathryn Wilson on the question, "Resolved, that the plan of Technocracy should be adopted." Kathryn and Doyle were the winners of this debate.

Charlie Cartright and Ellen Burnham debated Myrtle McLarty and Frances Brewster on the question, "Resolved, that war should be declared only by the popular vote of the people." Ellen and Charlie were winners of this debate.

Bernice Brothers and Winford Wells debated Kathryn Wilson and Doyle Baccus on the question, "Resolved, the United States should declare war on Japan." Bernice and Winford also won in this debate.

Then Mary Luttrell and Arlie Beggs debated Charlie Cartright and Ellen Burnham on the question, "Resolved, that capital punishment should be abolished." Mary and Arlie were also winners in this debate.

Now we come to the finals! Mary Luttrell and Arlie Beggs debated Bernice Brothers and Winford Wells on the question, "Resolved, that all nations should abolish armaments." Bernice and Winford were declared winners of this debate tournament. They were presented with a lovely memory book which was given to them by Mr. Branch. This debate tournament was enjoyed by the public speaking class.

## Who's Who of the Seniors!

Jack Fisher!  
 Stars?—Yes— and another famous basketball star of Sudan High School is Jack Fisher. Jack is that tall, boyish young man you see around always busy and never doing things he shouldn't, except telling a funny joke. Now and then, he has a joke for every occasion.

Eunice Moore:  
 Who next? Who is she? Ain't she sweet? We'll give you three guesses though you only need one. She sings, boy, boy oh boy, how she sings! She is a shark at basket ball and tennis. Why it is no other than Eunice Moore, that senior of all seniors. She is one of the many popular students of S. H. S.

Charles Carruth:  
 At this time I wish to introduce to all who do not know this dignified senior known as Charley. Charley is another of those excellent basket ball players. Charley will always be remembered in S. H. S. for his dignified ways and he has acquired many friends who will be friends until the end. Charley too made the Senior play.

Ben O'Keefe:  
 Ben O'Keefe is about the size of a doll and as cute as a doll. Boy, how Sudan High will miss that little Miss. She has a grand personality, you couldn't help from knowing her if you've ever been in S. H. S. when she was there.

Harland Barnes:  
 That tall, slender, lanky youth is no other than the prominent Senior Harland Barnes. Harland is noted for his dreamy ways and his quietness. Harland doesn't happen to be one of our famous basketball stars but he furnishes plenty of a

musement for the entire school.

Marjorie Alderson:  
 Did you ever see that dignified red headed senior girl? Red head, did you say? Sure! The Seniors have a red head and who is she but Marjorie Alderson. Marjorie is one of the unusual type. The only one in Sudan High School. She is a very lovable young lady. The red head of the senior class.

Doyle Baccus:  
 The "Baby" of the Seniors, the innocent but dumb little senior is only that Doyle Baccus. Doyle is well known for the innocent, dumb and crazy questions he asks, although he is rather intelligent and the Seniors are proud to have the "Baby" in the Senior class.

Frances Brewster:  
 Another dignified senior girl we find is Frances Brewster. Frances is noted for her acting as the o'lady, and in the future we see a great actress in her. Oh Yes! she too is to be in the Senior class play. All of Sudan High love Frances and her sweet disposition, especially H. B.

Elbert Ford:  
 Ford—Yes Ford, not a car that runs but a senior fellow, known as Elbert Ford. Elbert is a quiet boy but is subjected to playing hooky in the mornings. Elbert is another basket-ball player. We all hate to think that when the Seniors pull freight they will take with them most all of your basket-ball team.

Jaunita Pierce:  
 Our cute little fat adorable Senior is known as Jaunita Pierce. Jaunita and her good natured ways will always be remembered by the younger set in Sudan. She is a rare production of the Seniors and oh, so clever. She is the fat fluffy

darling of the S. H. S.

Lee Roy Fisher:  
 Whoopee! Another basketball player—Lee Roy is just opposite his brother Jack. He's a little short fat guy but boy! He's O. K. LeRoy is one of the school cut-ups and you generally see him with the "Baby" of the senior class. Doyle LeRoy is very studious as all of the Seniors are.

Jaunita Bonds:  
 The tiny blond senior is Junita Bonds. In case you don't know her she is the bashful little girl that talks so much around strangers and her many friends too. She is quite studious and car riding is her hobby.

This is the end of the famous '33 Seniors.

ceuroh!—  
 Eunice Moore, Louise King, spent the week-end in Hereford.

Juanita Pierce spent the week-end with Lela and Ellen Burnham.

Quida Townsend spent the week-end with Allene Scogin.

Mary Luttrell was in Littlefield Saturday afternoon.

Nannie Marie Breeding attended the district meet at Lubbock Friday.

## NEWS ITEMS FROM SUDAN GRAMMAR SCHOOL

We are still sorry to note the great amount of pupils absent from school due to illness. There are three that are out of the high seventh. They are Lorene Marley who has the measles. Jim Shuttlesworth who is having trouble with his eyes, and Ruby Lee West.

The low seventh acted the dialogue written by a member of their class, Joyce Stone. Last week-end and I am sure it was enjoyed by all.

Miss Branch reports that the high sixth is having practically perfect attendance every day.

This class is especially proud of one of its members, who has been doing extensive scout work Tokie Doty.

The low sixth is very proud to have Ray Massey back in school after several days of illness.

The low fifth is rejoicing because Beulah Beauchamp is able to return to school after several days' absence due to illness.

According to Miss Foote fifty per cent of the high fourth pupils are entitled to visiting certificates now. The following are the ones who will receive certificates this time: Archie May, Ola Mae Moore, Mary Ellen Stotts, Curtis Pike, Denuer Rudd, Evelyn Parrot, Lois Alexander, Wilma Jean Kittley, Elbert Lowell Benton, Juanita Pace, and Dorothy Miller. The regular weekly health election was held and Lorene Ray was elected Governor and Ola Mae Moore James Masten, Juanita Pace and Clodele Hodge were elected Representatives. Austin Bills and Ida Rae Miller are both absent due to measles.

Two pupils are also out of the low fourth due to measles, Betty Ross Ray and Marie Morely.

The high third enjoyed their Easter egg hunt last Friday. They are glad to have Luaille Love back after a case of the measles Mildred Holden is out due to illness which we are very sorry to hear.

The pupils of the low third are taking two lessons in numbers a day and staying in the class room forty-five minutes longer in order to complete their work. They are putting an extra stress on reading.

Mesdames McDaniel, Davis, and Daniel took the pupils of the high second on an Easter egg hunt about a miles and a half from town last Friday afternoon. A very enjoyable time was reported by all.

The low second is glad to have Ivey Hallsford back in school. She has been out about three weeks due to smallpox.

All the children of the high first reported a very pleasant Easter and Mrs. McKelvy says that she also enjoyed Easter as she spent most of the week-end in Lubbock. These pupils are doubling their efforts to complete all required work.

All of the low first seemed to have had a very enjoyable Easter and many who had been ill returned Monday.

## What Ho! What's That!

A play to be staged May 2nd, 1933. 2 hours of heart thrilling, heart breaking and joy for Ma, Pa and the kids. Big 3 Act Play entitled "CLOSED LIPS," staged by these famous Seniors of "33." Oh! Boy!! Folks what a play. Ya— can't afford to miss it! Biggest hit of the season?!? Oh. Boy, and now!!! Come out and see for yourself. This will be a real production, the greatest S. H. S. has ever produced. Listen! Can you feature a man married and glad of it? Well! I can't either, guess we'll ha'fta see this knock out "Willie." The heart breaking scene, The heart breaking scene, Folks listen! Bart, a refined, manly, serious boy, devoted to Terry and fond of Badcliff and his wife, but, folks he is very bitter toward his own gentle loving father who would sacrifice anything in the world for these loved ones and in scenes with his father he has a determination but.— Well, folks its a heart-bleeding story. One in which you will get more enjoyment from this entertainment than ever before You simply must see it!

The cast of this heart breaking play is:  
 Mrs. Radcliff—John Clay's Sister—Frances Brewster  
 Terry Radcliff—Matthew Radcliff's daughter—  
 Myrtle McLarty  
 Mammy Jenny—The Devoted  
 Clara May Fisher  
 Patricia Stone (Pat) Terry's friend—Bonnie Belle Lyle.  
 Willie Stone—Pats Hubbie  
 Charley Cartwright  
 Jeff—The colored gardner  
 James Ivey.  
 Star Bhiven—A little City  
 Waif—Lela Burnham  
 Bart Clay—John's Son  
 Bernice Brothers.  
 Matthew Radcliff—Berts adapted father—Charles Carruth.  
 John Clay—A Convict  
 Winfred Wells.

There you are folks, and arn't they grand? I'll bet you didn't know that Clara Mae Fisher and James Ivey could play negro roles did you? Well they certainly can. And can Lela Burnham play "a little ol' city waif". Yeah, with her big innocent blue eyes and blond curls— Boy just watch her folks. Just a little hint—don't for get your hankie's for you will surely need them when little 'Star' comes to the Radcliff home. Frances Brewster as usual is playing the ol' lady and boy listen, she's a humdinger in the play. And Oh! that Myrtle McLarty is she the heroine—Eyes of course who else would play that part? Charley Carruth is playing the role of Matthew Badcliff and is he good? Oh! folks there's no use trying to tell you anything about this play for it just can't be done; You'll just have to come and see it yourself and now don't forget Tuesday night, May 2nd, 1933, at dear ol' S. H. S., 8 o'clock sharp for only 10 and 15 cents. You will see this grand play "Closed Lips" Come on Pa and Ma bring the kids a-long too, they'll enjoy it.

**Make This 25c Test**  
You need this easy bladder physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BUCKETS, the bladder physic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively as castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.

Ramby's Pharmacy

*If you have*  
**RHEUMATISM**  
*do this*

Get some genuine tablets of Bayer Aspirin and take them freely until you are entirely free from pain.

The tablets of Bayer manufacture cannot hurt you. They do not depress the heart. And they have been proven twice as effective as salicylates in relief of rheumatic pain at any stage.

Don't go through another season of suffering from rheumatism, or any neuritic pain. And never suffer needlessly from neuralgia, neuritis, or other conditions which Bayer Aspirin will relieve so surely and so swiftly.

Miss Mildred Jones spent the week end in Amarillo visiting her sister.

Curtis Harkey spent Easter with his sister, Mrs. Joe T. Salem and family.

Miss Katherine Porter of Mineral Wells arrived in Sudan Wednesday, and will visit her sister, Mrs. E. J. Stone and family.

Mrs. J. C. Barron and Mrs. C. M. Furneaux were shopping in Lubbock Wednesday.

Mrs. John Farris and little daughter, John Ann, visited with Mrs. Farris' mother, Tuesday.

Mrs. L. P. Gibbs and daughter Margaret Erle of Amarillo, spent several days in Sudan with Dr. Gibbs and friends. Margaret Erle is attending school in Amarillo.

Misses Leona Slaughter, Gertrude Ford, Frances Weimhold and Forrest Weimhold, all students in 'Tech' spent the week-end with home folks.

W. H. Ford, good farmer in the Friendship community, is building a new five room modern residence on his farm.

Dudley Kent is out in New Mexico this week.

John Moore was a business visitor in Lubbock Wednesday.

Arthur Shuttlesworth, who is attending school at John Tarleton in Stephenville spent the Easter holidays with his parents, Mr. and Mrs. J. M. Shuttlesworth.

TRADE—Your old gold to Kester in King Drug Store.

**DULL HEADACHES GONE SIMPLE REMEDY DOES IT**

Headaches caused by constipation are gone after one dose of Adlerika. This cleans all poisons out of BOTH upper and lower bowels. Gives better sleep, ends nervousness.

How long is it since someone's said

"WHAT lovely skin YOU HAVE!"

Beauty is skin deep—and your skin must be lovely if you would be beautiful!

If you've noticed your skin getting coarse and rough—if nothing you've tried seems right—try Outdoor Girl Olive Oil Beauty Products.

What a difference! Your complexion is transformed! Softer—smoother—petal-fine!

Olive oil has been the treasured secret of famous beauties since Cleopatra. Beauty experts today consider it the most valuable skin

food there is. And Outdoor Girl has combined pure olive oil with the finest ingredients in creams, powders and rouges—to give you beauty results that will amaze you!

Drug and department stores are now featuring Outdoor Girl Beauty Products in generous 10c and 25c sizes as well as the \$1 packages. Or if you want the generous beauty kit containing five famous aids to loveliness send the coupon below with 10c.
