

## THINK ON THESE THINGS (By the Parson)

One thousand and fifty copies of The Sudan News were sent out last week. Wonderful opportunity to advertise your business and invite your friends to see you.

The only possible means of advancement and prosperity is "Peace." "A house that divides against itself cannot stand." Any nation, community, church, school, or individual who does not build on this foundation MUST come to naught.

It takes a BIG man to forget and forgive. David, betrayed the trust of a friend, committed adultery, murder and many other sins. God said he was a man after his own heart. NOT BECAUSE HE WAS A FIRST CLASS SINNER, BUT BECAUSE HE WAS BIG ENOUGH TO CONFESS HIS WRONG.

A Knowledge of what OUGHT TO BE DONE will do no good unless there is Action and Effort behind it.

How about organizing a Fair Association for Sudan and surrounding territory?

Some folks think a preacher doesn't have anything to do. Here are a few things the "parson" and his wife have done this week: Sponsored a picnic for leaguers; taught a music school; assisted the News; washed and ironed ("parson wasn't in on this); Cleaned house every day; worked in the yard around church and parsonage; helped get tractor and equipment, and men to start farming eighty acres of cotton for church; helped finance cotton project; helped to institute a "banking system" for collection of benevolences monthly.

Helped to serve Business Men's club; assist "parties" on programs of various natures (socials and church); attended W. M. S. on Monday and Tuesdays each week; get two sermons each week and a hundred other things of more or less importance. If we don't visit you as often as we should, please forgive us.

At the suggestion of the writer, a committee on "City Development" was appointed by the Business Men's club. It is the specific duty of this committee to try to induce business not represented in Sudan to come to our city.

An Oil Mill and Cotton Compress would add materially to our pay roll. A good secretary of the C. of C. who could devote all his time to community interests would get it for us. I'm for a paid secretary. It will pay big returns.

ALCOHOL (whether in whisky or beer) is an outlaw, a criminal, and a nuisance; cursed of God, outlawed by government, criminalized by courts, and condemned by every good citizen.

It is the mother of crimes, mobs and disorders; it is the prolific parent of poverty, disease, inefficiency, and imbecility; it is an enemy to HOME, farm, factory, and store; it extinguishes the light of happiness, smolders the fire of love, sets out the star of hope; it destroys the smile of woman, hushes the prattle of children, silences the laughter of youth, and robs old age of peace; it is an enemy to every man and every land, to every principle of right and every agency of good to every school of uplift, and factory of thrift. How will you vote August 26th?

TRADE'S DAY is not a selfish proposition with the merchants of this city. It will be of mutual benefit of all if you take advantage of their special offers.

Miss Willie May Clements returned to Knox City with Miss Geneva Smith who had been visiting here.

Miss Clifford Shaffer is spending the week with her sister in New Mexico.

## WHY THE MAYOR IS NOT ENFORCING THE CHICKEN AND HOG ORDINANCE

Copy of minutes of the city commission of April 12th, '33. Called meeting with Mayor Ramby and Commissioners Peachy and Lam present. Meeting called for the purpose of asking the Fire boys to make a change in their Fire Chief and also to repeal the hog and chicken ordinance for the year 1933. Motion made and carried that both matters be adopted and attended to. There being no further business, the Commission adjourned.

H. G. Ramby, Mayor.  
John A. Dryden, Secretary.  
This is to certify that the above is a true and correct copy of the minutes of a called meeting of the City Commission held on the 12th day of April 1933.

Neel Lumpkin was elected president and Ledger Lam, secretary-treasurer. A social committee was appointed and will look after the social functions. The club will meet every two

## Lamb Woefully Short On National Deficit

According to a letter from Frank Scofield, director of finance of the Texas Democratic National Committee, Lamb county's quota for the National deficit is \$297.80, or a dime a Democrat.

The new deal has accomplished much and much more will be accomplished and as good Democrats of Lamb county, it becomes an obligation to each and everyone to pay his part of the quota which is small.

Democrats may pay their dimes to the Sudan News or may send them direct to Frank Scofield, director of finance, Stephen F. Austin Hotel, Austin Texas, and same will be appreciated.

## BASEBALL GAME TODAY AT OLD BALL FIELD.

Baseball teams have been organized by the Methodist Sunday School and the business men. They are playing their first game this afternoon on the old ball field south of the school.

Everyone is invited to attend the game. Other games will be played in the near future.

## JOHN WESLEY BARBEE BURIED SUNDAY

John Wesley Barbee, 46, died at his home, 2 1-2 miles west of Sudan Saturday after a short illness.

Services were held at the residence at 3:30 Sunday afternoon with Rev. Clark, Baptist pastor of Sudan conducting the services.

Interment was made in the Amherst cemetery.

Deceased had been complaining of not feeling well for several days, but was not thought to be in seriously ill. On Saturday he became violently ill and the family physician was summoned, but before the doctor could arrive he succumbed.

A wife and six children survive.

Rev. Cole is conducting the revival which started Monday night and is being held in the Odd Fellow's hall.

## MRS. COOK HONORED WITH PARTY FRIDAY

A party in the home of Mrs. C. M. Crawford honoring Mrs. Pierce Cook last Friday afternoon from three to five was attended by 23. Mrs. Cook received a large box filled with dainty gifts.

The house was beautifully decorated with sweet peas and roses. The entire color scheme was pink and white.

Games were played and enjoyed by those present. At five the hostess assisted by Mrs. Jack Reese served ice cream and cake.

Those present were: Mesdames A. K. Cocanougher, A. F. Wilson, Homer Hall, L. E. Testament, C. R. Terrel, J. L. Anderson, A. J. Reese, Ora Tompson, Earl Venable, A. C. Martin, W. H. Humphrey, Dorothy Spyarlin, Curtis Chisholm, Hubert Chisholm, R. L. Ramsey, Earl Miller, Lucille Clements, R. L. Neagles; Misses Edith Miller, Mildred Miller, Rachel Wilson, Mattie Mae Neagles, and the honoree, Mrs. Pierce Cook.

## Little and Poor Win Prizes

N. M. Little who resides north west of Sudan won the extra bonus given by Herb Teal of the Sudan Produce and Ice Company for bringing in the most cream Saturday.

C. J. Poor who lives south of town won the extra bonus given by the same company for bringing in the most cream. Trades Day (Monday.)

Mr. Little brought in 30.8 pounds of butter fat, while Mr. Poor brought in 28.6. The bonus was 50c each day.

## Lamb Co. Loses May RFC Aid

On account of many letters and petitions being sent in by citizens of Lamb county complaining about the manner in which RFC aid had been handled, the county's quota of \$4,000 for the month of May was lost.

Many letters and petitions were sent to the Governor and Chief Westbrook, complaining of the disposition of the funds. These were sent in by citizens who we understand were not informed as to the manner in which the aid should be handled. This only caused confusion and the result is that Lamb county was left out.

Those who have been in charge of the RFC aid distribution have done all that was possible for them to distribute the aid as near as possible, as was directed by the government and should be congratulated upon the manner in which it has been handled.

To get the best of anything it is always best to consult those in charge, and cooperate with them and not fire away and cause dissension and lose the whole deal.

Other counties in Texas received their proportion of the RFC money for May and have continued their relief work. Although Lamb county lost the \$4,000 allotment for May, she will pay her part of the RFC money through taxes.

This was certainly a heavy blow to the people in this county who really need work, as they lost \$4,000 worth of labor; and the taxpayers of this county lost \$4,000 worth of improvement.

## Church Members Give Preacher A Big Pounding

Early callers at the Methodist parsonage last Thursday night were unusually interested in croquet; it seemed that the entire town was going to play croquet at the parsonage; but a number of kinfolks, including Aunt Isabelle and Willie, Susie and little Jimmie, and Mary, a typical old maid, arrived about that time.

The kinfolks asked for aid to unload their baggage which was carried on a two-wheel trailer. Rev. Thomas and family soon discovered that it was a pounding, as the old folks and all the kids were filling their kitchen to capacity, with all kinds of groceries.

After the baggage had been safely deposited, the pastor asked if there were not others who wished to spend the summer with him. The only requisite being more baggage. Every member of the church, as well as friends of other churches, contributed liberally. Those present exclaimed that it was the largest pounding they had ever witnessed.

A short program was then rendered, consisting of a song "Side by Side" by Mrs. Mastin; two readings by Mary Will McNeely; Mr. Salem expressed the appreciation of the people of Sudan for the pastor, wife and family; Rev. Thomas responded. The happy group parted after a sing song.

FOR SALE—12x12 chicken house. Would trade for cow. Sudan News.

## CITY HEALTH OFFICER URGES THAT ALLEYS AND BACKYARDS BE CLEANED

Because of the heavy winds, the alleys in Sudan have not been cleaned. Since the weather is becoming hot and flies are apt to be numerous, it is especially urged by Dr. Ford, city health officer, that the people clean up the back yards and alleys.

Dr. Ford is trying to help the people keep Sudan clean, and it is especially urged that the people co-operate with the health officer in getting this work done. He does not want to impose on the people, but does wish to make it possible for better health in Sudan.

## BLUE BONNET NEWS

Those attending the training school in Amherst last Tuesday from here were Mrs. W. P. Davis, and Mrs. C. M. Crawford. Civic work at the cemetery on Memorial Day was done by Mesdames C. M. Crawford, W. T. Attaway, W. P. Davis, A. C. Martin, and Mrs. W. H. Humphrey.

Mr. and Mrs. Harrol Pitte of Portales, New Mexico, and Mrs. Mike Dimitry of Clovis were guests of Mr. and Mrs. C. M. Crawford Sunday.

## Large Crowd At Trades Day Here Monday

Over one thousand people attended the free picture show in Sudan Trades Day, and merchants reported the best Monday's business since the fall rush.

The people all seemed to enjoy the program furnished by the local business men, and seemed to be in a buying mood.

These Trade's Days are offered to the people of this territory to give them free entertainment and make it possible for the merchants to display their new merchandise.

Plans are being made for next first Monday, and you are promised a big day.

## CHURCH ROLL REVISED AT CHURCH CONFERENCE

A social was enjoyed by a large number of Methodist folks after their church conference Wednesday night. The Methodist church roll was revised in order that the correct number of members of this church might be obtained.

After the conference, the Sudan orchestra played four popular numbers which were enjoyed by those present. Punch and cake were served to those attending.

## STATE HEALTH OFFICER COMPLIMENTS SUDAN

"Sudan is one of the cleanest towns I have inspected since leaving Austin, is the statement made by the State Health Officer after inspecting twenty business firms in Sudan last week.

Sudan has always had the reputation of being an unusually clean city in both its homes and businesses.

Mrs. H. P. West had the misfortune to step from a car and sprain her right ankle Saturday. Under the care of her physician she is recovering nicely and soon will be able to get around again.

## HOG ORDINANCE SUSPENDED

This action was taken by the commission upon the presentation of a petition signed by only a very small number of citizens.

The chicken ordinance was also suspended.

## SIX NEW MEMBERS JOIN 4-H CLUB

"Patches" was the subject discussed at the meeting of the Friendship 4-H club Friday afternoon at one o'clock in the community church.

All of the members were present and six joined as new members. Those joining were: Misses Audie Faye Thompson, Gracie McMene, Ruby Ray Bill, Ina May Thompson, Norma Ruth Harvey, and Zelia Bowling. Two visitors were also present. Miss Audie Faye Thompson was elected parliamentarian.

The club is progressing, as it started with only ten members, but now it has sixteen.

## RFC MONEY RECEIVED

Sudan received \$225.00 RFC relief fund for the month of June this week and work has already been resumed on the paving of the third block of Main Street.

This money is used only for labor; therefore it is a great aid to the people in need of work. Sudan did not receive any money for May.

Mr. and Mrs. A. D. Linton who have been spending the past three weeks visiting friends and relatives at Glen Rose, returned to their home in Sudan the first of the week.

**AID TO GOOD GOVERNMENT**

Publicity is an aid to good government, says James P. McDonnell, vice president of the Minnesota Taxpayers association. Following are extracts taken from a recent address:

"People must rely on the printed page to enlighten them of the material transaction, financial and otherwise, of our representatives in public life today.

"No people can have any confidence in any set of public officials if these officials hesitate to give a clear and candid accounting of their stewardship.

"Every voter has a right to know what his officials are doing—and he has a right to know where the public money is going, since the money comes from the pockets of every citizen, no matter how humble.

"The knowledge that all public transactions will appear in print has a restraining influence on tax-levying bodies. There never has been a time when public reports were more thoroughly scrutinized by a tax-conscious people than they are today. This is indeed a wholesome condition. The net result is that the taxpayer is brought closer to his government, and the general effect will be better government."—N. E. A. Bulletin.

**GIRL TRAMPS**

The horde of young men and boys roaming about the country, hitch-hiking, stealing train rides is said to include a good many girls dressed as boys. What can these little flappers be thinking of, to join this wandering crew? What dreary circumstances led them to forsake the safety of home for this life of peril and perhaps disgrace?

Slack, vicious inattentive parents probably account for many of them. If the old folks will scrap and quarrel, they can't expect the young people to walk the straight and narrow path. But the independence of youth is an equal factor. It used to be considered that young people were able to go on their own at 21 years of age, but they claim that privilege five years earlier now.

have been jiggling about on one foot lately wondering when the revolution was going to begin might just as well calm down now. The revolution has already taken place, and there have been no casualties—except, possibly, for a die-hard Tory or two who suddenly realized what had happened and died of apoplexy.

To say that the revolution has already happened is not simply to use a figure of speech. Simply because what has taken place happened in an orderly, constitutional manner, without bloodshed or mob scenes, we wouldn't think that everything is going to go on just as it did in the old days.

The Roosevelt administration's industrial control bill steps off in a brand-new direction and it is a good long step, too. It crumpled up all of our old theories about the proper relationship between government and private industry and tosses them in the wastebasket. It goes so far along the new path that it takes reforms which used to look like the very limit in radicalism—such things as minimum wage laws short work week regulations and the like—and makes more incidentals out of them.

There is nothing in any of this to frighten us. Revolutionary? To be sure; but isn't our whole tradition based on revolution? A nation that can put through its revolution in as quiet and orderly a manner as we are putting through this one has little reason to get nervous.

**Why Are Some Things Done?**

Why did the city commission suspend the hog and chicken ordinance for 1933? Hogs are a nuisance in town and chickens should be kept in pens.

Why doesn't the city enforce the occupation tax law? The ordinance providing for collection of a fine for operating without a tax receipt should be enforced.

Is a petition signed by three citizens enough to say whether hogs should be kept in town, and whether chickens should be permitted to run loose? The city commission seems to have taken a petition bearing three names as ground for this action.

Why is it that men violate the traffic laws?

### World's Fair Prices Cut To Favor Depressed Pocketbook

Chicago's 1933 World's Fair has been priced to accommodate the lean pocketbooks of a populace which has passed through three years of economic depression.

Admission fees, railroad fares, hotel rooms, meals, and every expense of the visitor have been placed on such a low-cost basis that officials estimate a visit to the 1933 exposition will cost less than any previous fair.

**50 Cents Admission**  
Admission to the fair itself will cost 50 cents. This entitles the visitor to see 90 per cent of the exhibits and buildings. It includes all of the structures erected by A Century of Progress and many of those built by independent exhibitors.

Admission prices to concessions and special features also are low-priced. The fee for the Sky-ride the spectacular amusement feature which is expected to be the outstanding event of the fair for many visitors, will be 40 cents. Admission to the replica of the Jehol temple costs 25 cents.

Some of the outstanding attractions and the fees: Byrd's Polar ship, 25 cents; Belgian village, 25 cents; Flower show, 25 cents; dirigible ride, \$2; airplane ride, \$3; midget village, 25 cents; Streets of Paris, 25 cents; Enchanted Island and, free to children attractions a penny, five cents and a dime.

**Railroads Offer Rates**  
Railroads have made widespread concessions. Under one plan any railroad in the country will sell a visitor a ticket covering his round trip transportation, his Chicago hotel accommodations, his transportation to the hotel and to the fair, and a sightseeing tour of the city.

Under this arrangement the visitor can plan the expense of his tour to the penny with the exception of meals and incidentals and pay for it before he leaves home.

Under another plan announced by several railroads "family fares" are offered to parties of three to five. The rate provides a reduction of 50 to 60 per cent in the rail fare cost. When three persons travel together the round trip. When the group

#### A FEW FACTS

People of Sudan are not going to be satisfied with the odor and flies that come from hog pens in Sudan this summer. It is probable that the state health officer will be called in to prescribe.

Professional boxing will be legal in Texas after September 1, 1933.

There are biped hogs as well as quadruped hogs.

Sheriff Len Irvin gave the following answer to the question concerning beer law enforcement: "Just as long as our statute books say it's against the law, just so long will I make arrests in beer cases."

A state health officer visited The Sudan News office Saturday.

Two 3.2 per cent beer peddlers were arrested in Littlefield.

Hitler's idea is that it will aid unemployment in Germany to marry the women out of their jobs, and make housewifery a full-time task. He is offering a small loan to young folks about to be married. Mussolini's scheme for handling the situation is to put a premium on child-bearing. His notion is to keep wives so busy being mothers that they can't compete in the labor market; meanwhile there will be more youngsters to grow up to be soldiers making a better Italian army.

#### Wells To Describe Montana And Glacier National Park

Carveth Wells, explorer and Continental Oil Company radio entertainer who says he saw fish climb trees in Malay and shivered in a snowstorm on the African equator, is scheduled to tell some tall but true stories about Montana and Glacier National Park. Wednesday night June 13, over 20 N. B. C. stations.

Montana according to Wells, would still be a great mountain playground if Glacier Park had never existed. But that doesn't mean that Glacier isn't a real phenomenon he says. The Glacier Park lakes, for example, are the most beautiful in the world, and the streams that feed them appear milky.

The Conoco program may be heard by local listeners who tune in on station WFAA, Dallas Wednesday night at 8:30 o'clock.

36 states is required before repeal can take effect.

States favoring repeal to date are: Michigan, Wisconsin, Rhode Island, New Jersey, Wyoming, New York, Delaware and Nevada. The last two took action Saturday.

#### DELINQUENT TAX RELIEF EXPLAINED

Delinquent tax relief, approved by the State Legislature, which voted to exempt penalties and interest on delinquent taxes, was explained last week by tax authorities.

The following account was given:

"Penalty and interest on all ad valorem and poll taxes, due on or before February 1, 1933, are exempted by the law. The attorney general has ruled that this included 1932 taxes.

"The legislature voted instead a one per cent penalty for delinquent taxes paid prior to October 1, 1933. After that time a graduated penalty will be charged, reaching six per cent after April 1, 1934. After June 30, 1934, all the back penalties and interest lifted by the legislature will go into effect.

"After October 1, 1933 the penalty will be a flat 2 per cent; after January 1, 1934, it will be 4 per cent, until April 1.

"The legislature provided for every year, prior to 1932. Persons who paid one-half of their taxes last fall, and have until June 30, this year, to pay the remainder must pay their taxes on or before that to keep them from becoming delinquent. The law does not apply to these installment payments."

#### FERGUSON AGAIN LAUNCHES EFFORT TO HOLD OFFICE

The House of Representatives has on its hopper a resolution which, if passed, will permit former Gov. James E. Ferguson to hold office again in this State.

The resolution, presented by Representative W. E. Pope, Corpus Christi, seeks to amend the Constitution so that a judgment of impeachment shall extend only to removal from office and shall not disqualify the officer to hold an office to which the impeached officer is later elected.

The proposed constitutional amendment would be submitted to vote on August 26 of this year. The resolution appropriates \$5,000 for expense of holding the election.

Ferguson was impeached as Governor in 1917. Barred from holding office himself, Farmer Jim has twice elected his wife to the Governor's chair.

If drought and disaster add to the depression? We have only one person to blame, and that person is no other than ourselves. We have failed to do our Christian duty. God's promise is: "Seek First The Kingdom of Heaven and These Things (money and etc.) Will be Added Unto Us." That sounds 'old fogey' but it is God's Word. The only way to get rid of depression is to LIVE above it. This is a good time to "Try" the Lord and let him fulfill his promises. Start today and bring the children to Sunday School and Church.

NUMBER 48

## THINK ON THESE THINGS (By the Parson)

One thousand and fifty copies of The Sudan News were sent out last week. Wonderful opportunity to advertise your business and invite your friends to see you.

The only possible means of advancement and prosperity is "Peace." "A house that divides against itself cannot stand." Any nation, community, church, school, or individual who does not build on this foundation MUST come to nought.

It takes a BIG man to forget and forgive. David, betrayed the trust of a friend, committed adultery, murder and many other sins. God said he was a man after his own heart. NOT BECAUSE he was a first class sinner, BUT BECAUSE HE WAS BIG ENOUGH TO CONFESS HIS WRONG.

A Knowledge of what OUGHT TO BE DONE will do no good unless there is Action and Effort behind it.

How about organizing a Fair Association for Sudan and surrounding territory?

Some folks think a preacher doesn't have anything to do. Here are a few things the "parson" and his wife have done this week: Sponsored a picnic for leaguers; taught a music school; assisted the News; washed and ironed ("parson wasn't in on this"); Cleaned house every day; worked in the yard around church and parsonage; helped get tractor and equipment; and men to start farming eighty acres of cotton for church; helped finance cotton project; helped to institute a "banking system" for collection of benevolences monthly; helped to serve Business Men's club; assist "parties" on programs of various natures (socials and church); attended W. M. S. on Monday and Tuesday each week; get two sermons each week and a hundred other things of more or less importance. If we don't visit you as often as we should, please forgive us.

At the suggestion of the writer, a committee on "City Development" was appointed by the Business Men's club. It is the specific duty of this committee to try to induce business not represented in Sudan to come to our city.

An Oil Mill and Cotton Compress would add materially to our pay roll. A good secretary of the C. of C. who could devote all his time to community interests would get it for us. I'm for a paid secretary. It will pay big returns.

ALCOHOL (whether in whisky or beer) is an outlaw, a criminal, and a nuisance; cursed of God, outlawed by government, criminalized by courts, and condemned by every good citizen.

It is the mother of crimes, mobs and disorders; it is the prolific parent of poverty, disease, inefficiency, and embezzlement; it is an enemy to HOME, farm, factory, and store; it extinguishes the light of happiness, smolders the fire of love, casts out the star of hope; it destroys the smile of woman, hushes the prattle of children, silences the laughter of youth, and robs old age of peace; it is an enemy to every man and every land, to every principle of right and every agency of good to every school of uplift, and factory of thrift. How will you vote August 26th?

TRADE'S DAY is not a selfish proposition with the merchants of this city. It will be of mutual benefit of all if you take advantage of their special offers.

Miss Willie May Clements returned to Knox City with Miss Geneva Smith who had been visiting here.

Miss Clifford Shaffer is spending the week with her sister in New Mexico.

## WHY THE MAYOR IS NOT ENFORCING THE CHICKEN AND HOG ORDINANCE

Copy of minutes of the city commission of April 12th, '33. Called meeting with Mayor Ramby and Commissioners Peachy and Lam present. Meeting called for the purpose of asking the Fire boys to make a change in their Fire Chief and also to repeal the hog and chicken ordinance for the year 1933. Motion made and carried that both matters be adopted and attended to. There being no further business, the Commission adjourned.

H. G. Ramby, Mayor.  
John A. Dryden, Secretary.  
This is to certify that the above is a true and correct copy of the minutes of a called meeting of the City Commission held on the 12th day of April 1933.

## Business Men Meet For Luncheon Tues

A Good Road's Committee was appointed at the meeting of the Business Men's club Tuesday at noon for the purpose of getting the roads leading to Sudan improved. The committee will especially urge repairing of the country roads, in order to provide good roads for the farmers to come to Sudan on.

Nineteen business men and two visitors were present at the meeting. Miss Cathrine Porter sang "Let Me Call You Sweetheart" and "Among My Souvenirs." She was accompanied by Mrs. Thomas at the piano.

## Lamb Woefully Short On National Deficit

According to a letter from Frank Scofield, director of finance of the Texas Democratic National Committee, Lamb county's quota for the National deficit is \$297.80, or a dime a Democrat.

The new deal has accomplished much and much more will be accomplished and as good Democrats of Lamb county, it becomes an obligation to each and everyone to pay his part of the quota which is small. Democrats may pay their dimes to the Sudan News or may send them direct to Frank Scofield, director of finance, Stephen F. Austin Hotel, Austin Texas, and same will be appreciated.

## BASEBALL GAME TODAY AT OLD BALL FIELD.

## JOHN WESLEY BARBEE BURIED SUNDAY

John Wesley Barbee, 46, died at his home, 2 1-2 miles west of Sudan Saturday after a short illness.

Services were held at the residence at 3:30 Sunday afternoon with Rev. Clark Baptist pastor of Sudan conducting the services.

Interment was made in the Amhrest cemetery.

Deceased had been complaining of not feeling well for several days, but was not thought to be in seriously ill. On Saturday he became violently ill and the family physician was summoned, but before the doctor could arrive he succumbed.

A wife and six children survive.

## MRS. COOK HONORED WITH PARTY FRIDAY

A party in the home of Mrs. C. M. Crawford honoring Mrs. Pierce Cook last Friday afternoon from three to five was attended by 23. Mrs. Cook received a large box filled with dainty gifts.

The house was beautifully decorated with sweet peas and roses. The entire color scheme was pink and white.

Games were played and enjoyed by those present. At five the hostess assisted by Mrs. Jack Reese served ice cream and cake.

Those present were: Mesdames A. K. Cocanougher, A. F. Wilson, Homer Hall, L. E. Testament, C. R. Terrel, J. L. Anderson, A. J. Reese, Ora Tompson, Earl Venable, A. C. Martin, W. H. Humphrey, Dorothy Spyrarin, Curtis Chisholm, Hubert Chisholm, R. L. Ramsey, Earl Miller, Lucille Clements, R. L. C. J. Poor who lives south of town won the extra bonus given by the same company for bringing in the most cream. Trades Day (Monday.)

Mr. Little brought in 30.8 pounds of butter fat, while Mr. Poor brought in 26.6. The bonus was 50c each day.

## Lamb Co. Loses May RFC Aid

On account of many letters and petitions being sent in by citizens of Lamb county complaining about the manner in which RFC aid had been handled, the county's quota of \$4,000 for the month of May was lost.

Many letters and petitions were sent to the Governor and Chief Westbrook complaining of the disposition of the funds. These were sent in by citizens who we understand were not informed as to the manner in which the aid should be handled. This only caused confusion and the result is that Lamb county was left out.

Those who have been in charge of the RFC aid distribution have done all that was possible for them to distribute the aid as near as possible, as was directed by the government and should be congratulated upon the manner in which it has been handled.

To get the best of anything it is always best to consult those in charge, and cooperate with them and not fire away and cause dissention and lose the whole deal.

Other counties in Texas received their proportion of the RFC money for May and have continued their relief work. Although Lamb county lost the \$4,000 allotment for May, she will pay her part of the RFC money through taxes.

This was certainly a heavy blow to the people in this county who really need work, as they lost \$4,000 worth of labor; and the taxpayers of this county lost \$4,000 worth of improvement.

## Church Members Give Preacher A Big Pounding

Early callers at the Methodist parsonage last Thursday night were unusually interested in croquet; it seemed that the entire town was going to play croquet at the parsonage; but a number of kinfolks, including Aunt Isabelle and Willie, Susie and little Jimmie, and Mary, a typical old maid, arrived about that time.

The kinfolks asked for aid to unload their baggage which was carried on a two-wheel trailer. Rev. Thomas and family soon discovered that it was a pounding, as the old folks and all the kids were filling their kitchen to capacity, with all kinds of groceries.

After the baggage had been safely deposited, the pastor asked if there were not others who wished to spend the summer with him. The only requisite being more baggage. Every member of the church, as well as friends of other churches, contributed liberally. Those present exclaimed that it was the largest pounding they had ever witnessed.

A short program was then rendered, consisting of a song "Side by Side" by Mrs. Mastin; two readings by Mary Will McNeely; Mr. Salem expressed the appreciation of the people of Sudan for the pastor, wife and family; Rev. Thomas responded. The happy group parted after a sing song.

FOR SALE—12x12 chicken house. Would trade for cow. Sudan News.

## CITY HEALTH OFFICER URGES THAT ALLEYS AND BACKYARDS BE CLEANED

Because of the heavy winds, the alleys in Sudan have not been cleaned. Since the weather is becoming hot and flies are apt to be numerous, it is especially urged by Dr. Ford, city health officer, that the people clean up the back yards and alleys.

Dr. Ford is trying to help the people keep Sudan clean, and it is especially urged that the people co-operate with the health officer in getting this work done. He does not want to impose on the people, but does wish to make it possible for better health in Sudan.

## BLUE BONNET NEWS

Those attending the training school in Amherst last Tuesday from here were Mrs. W. P. Davis, and Mrs. C. M. Crawford. Civic work at the cemetery on Memorial Day was done by Mesdames C. M. Crawford, W. T. Attaway, W. P. Davis, A. C. Martin, and Mrs. W. H. Humphrey.

Mr. and Mrs. Harrol Pitte of Portales, New Mexico, and Mrs. Mike Dimitry of Clovis were guests of Mr. and Mrs. C. M. Crawford Sunday.

## Large Crowd Attends Trades Day Here Monday

Over one thousand people attended the free picture show in Sudan Trades Day, and merchants reported the best Monday's business since the fall rush.

The people all seemed to enjoy the program furnished by the local business men, and seemed to be in a buying mood. These Trade Days are offered to the people of this territory to give them free entertainment and make it possible for the merchants to display their new merchandise.

Plans are being made for next first Monday, and you are promised a big day.

## CHURCH ROLL REVISED AT CHURCH CONFERENCE

A social was enjoyed by a large number of Methodist folks after their church conference Wednesday night. The Methodist church roll was revised in order that the correct number of members of this church might be obtained.

After the conference, the Sudan orchestra played four popular numbers which were enjoyed by those present. Punch and cake were served to those attending.

## STATE HEALTH OFFICER COMPLIMENTS SUDAN

## HOG ORDINANCE SUSPENDED

The chicken ordinance was also suspended.

## SIX NEW MEMBERS JOIN 4-H CLUB

"Patches" was the subject discussed at the meeting of the Friendship 4-H club Friday afternoon at one o'clock in the community church.

All of the members were present and six joined as new members. Those joining were: Misses Audie Faye Thompson, Gracie McMene, Ruby Ray Billa, Ina May Thompson, Norma Ruth Harvey, and Zella Bowling. Two visitors were also present. Miss Audie Faye Thompson was elected parliamentarian.

The club is progressing, as it started with only ten members, but now it has sixteen.

The next meeting will be in the home of Miss Lovie Fulcher on June 16th at 12:30. Everyone is invited to bring someone with them.

Sudan added another business this week when Thos. P. Howard established a cattle and hog market. Mr. Howard has leased an acre of land from A. W. Ormand and will build pens for a feed lot.

In his location just east of the Santa Fe stock pens, he will be in the market daily for all kinds of cattle and hogs. Mr. Howard has moved his family to Sudan and will make this his home.

## RFC MONEY RECEIVED

Sudan received \$225.00 RFC relief fund for the month of June this week and work has already been resumed on the paving of the third block of Main Street.

This money is used only for labor; therefore it is a great aid to the people in need of work. Sudan did not receive any money for May.

Mr. and Mrs. A. D. Linton who have been spending the past three weeks visiting friends and relatives at Glen Rose, returned to their home in Sudan the first of the week.

**AID TO GOOD GOVERNMENT**

Publicity is an aid to good government, says James P. McDonnell, vice president of the Minnesota Taxpayers association. Following are extracts taken from a recent address:

"People must rely on the printed page to enlighten them of the material transaction, financial and otherwise, of our representatives in public life today.

"No people can have any confidence in any set of public officials if these officials hesitate to give a clear and candid accounting of their stewardship.

"Every voter has a right to know what his officials are doing—and he has a right to know where the public money is going, since the money comes from the pockets of every citizen, no matter how humble.

"The knowledge that all public transactions will appear in print has a restraining influence on tax-levying bodies. There never has been a time when public reports were more thoroughly scrutinized by a tax-conscious people than they are today. This is indeed a wholesome condition. The net result is that the taxpayer is brought closer to his government, and the general effect will be better government."—N. E. A. Bulletin.

**GIRL TRAMPS**

The horde of young men and boys roaming about the country, hitch-hiking, stealing train rides is said to include a good many girls dressed as boys. What can these little flappers be thinking of to join this wandering crew? What dreary circumstances led them to forsake the safety of home for this life of peril and perhaps disgrace?

Slack, vicious inattentive parents probably account for many of them. If the old folks will scrap and quarrel, they can't expect the young people to walk the straight and narrow path. But the independence of youth is an equal factor. It used to be considered that young people were able to go on their own at 21 years of age, but they claim that privilege five years earlier now.

have been jiggling about on one foot lately wondering when the revolution was going to begin might just as well calm down now. The revolution has already taken place, and there have been no casualties—except, possibly, for a die-hard Tory or two who suddenly realized what had happened and died of apoplexy.

To say that the revolution has already happened is not simply to use a figure of speech. Simply because what has taken place happened in an orderly, constitutional manner, without bloodshed or mob scenes, we needn't think that everything is going to go on just as it did in the old days.

The Roosevelt administration's industrial control bill steps off in a brand-new direction and it is a good long step, too. It crumpled up all of our old theories about the proper relationship between government and private industry and tosses them in the wastebasket. It goes so far along the new path that it takes reforms which used to look like the very limit in radicalism—such things as minimum wage laws, short work week regulations and the like—and makes more incidentals out of them.

There is nothing in any of this to frighten us. Revolutionary? To be sure; but isn't our whole tradition based on revolution? A nation that can put through its revolution in as quiet and orderly a manner as we are putting through this one has little reason to get nervous.

**Why Are Some Things Done?**

Why did the city commission suspend the hog and chicken ordinance for 1933? Hogs are a nuisance in town and chickens should be kept in pens.

Why doesn't the city enforce the occupation tax law? The ordinance providing for collection of a fine for operating without a tax receipt should be enforced.

Is a petition signed by three citizens enough to say whether hogs should be kept in town, and whether chickens should be permitted to run loose? The city commission seems to have taken a petition bearing three names as ground for this action.

Why is it that men violate the traffic laws?

#### M. E. CHURCH NOTES

Sunday School 10: A. M.  
Leagues 7:45 P. M.

Choir practice Wednesday night.

W. M. S. Monday and Tuesday afternoons.

Preaching services 11 A. M. and 8:40 P. M.

The Methodist Sunday School has organized a Baseball League. No games will be played on Sunday under the auspices of the Church. It is our intention to match at least one game each week. No admission will be charged. We hope by this means to help to drive away the "blues" and create a spirit of fellowship and friendship.

Watch for further announcements concerning these games.

Don't forget to search the attic and trunk for old gold, silver and etc. Take it to your church services next Sunday. It will be converted into cash to help pay the church indebtedness, missions and etc., or as the respective Church Boards may direct.

If drought and disaster add to the depression? We have only one person to blame, and that person is no other than ourselves. We have failed to do our Christian duty. God's promise is: "Seek First The Kingdom of Heaven and These Things (money and etc.) Will be Added Unto Us." That sounds 'old fogey' but it is God's Word. The only way to get rid of depression is to LIVE above it. This is a good time to "Try" the Lord and let Him fulfill his promises. Start today and bring the children to Sunday School and Church.

Subject Sunday morning, "Separated to Serve."

Christian living pays bigger returns than any other investment. You are cordially invited to worship with us. —Rev. Sam A. Thomas, pastor.
