Thieves Steal All Of Family's Clothes

While the family was visiting in Sudan Sunday, someone entered Bill Briscoe's farm home and stole all of his clothes, his family's clothes, and all of the bedding, including sheets, quilts and pillows.

The things were taken from the home in the afternoon. The family came to town shortly after noon, and returned home before sunset. Upon their arrival at home they found all of their beds stripped, and their clothing gone.

An estimate has not been made as to the value of the things stolen but it will run up to several hundred dollars.

M. E. CHURCH

We are still fighting the battles against sin, depression, and despondency in a wonderful way. It is because we have such a splendid co-operation from the people. Your presence and efforts are appreciated.

If you are not in the habit of attending Sunday School and church services, this is a good time to start.

Father's Day was observed with a special service which was well attended. Next Saturday night and Sunday, the Young People of our church will entertain the League Union, which is composed of all leaguers of Sudan, Amherst, Littlefield, Earth and Y. L. and Muleshoe charges. The public is cordially invited to "sit in".

A good program has been arranged, and all out-of-town leaguers will be entertained in the homes of this city. Show your appreciation for what the Young People are doing by your presence at their programs. A Special Service has been arranged for young people at the morning hour. Special music by the choir. The public at large is cordially invited.

Don't forget to bring your old gold, silver, and other relics of value to church next Sunday. These will be converted into cash for the promotion of the church program.—Reporter.

FARMERS WILL RECEIVE BENEFITS OF ACREAGE REDUCTION CAMPAIGN

Farmers of Sudan territory are to receive aid from the Government's Cotton Acreage Campaign which will be a great aid to the cotton farmers of the entire South. This campaign is under the direction of D. A. Adam, county agent, in this county, with a committee assisting him in appraising.

A number of meetings will be conducted and held throughout the county next week at which time county agent D. A. Adam will explain in detail the proposition to the farmers. He urges every farmer to attend and get his contract signed up. Only one week will be devoted to signing of contracts and this will start on Monday, June 26.

The following places of meetings and their time are given in order that you can make arrangements to attend one: Littlefield, Monday, June 26, 3 p. m.; Spade, Monday night, June 26 8:30; Olton, Tuesday June 27 8:30 p. m.; Sudan Tuesday, June 27, 3:00 p. m.; Wednesday afternoon at 3:00, Hart's Camp Amherst, Wednesday night, June 28, 8:30 at school building Friendship, Thursday afternoon at 3:00; Thursday night June 29, Earth and Spring Lake at Spring Lake school.

The farmer can either offer to take an outright cash payment for plowing up portions of his crop or can take a smaller rental and obtain in ad-

dition an option on about 2-400,000 bales in an amount equal to the estimated output of the land he retires from production.

These options will be offered him at 6c a pound or nearly 3c below the current market price. He may order these options exercised at any time up to next January, his profit being the difference between the 6c and the price cotton is selling for at the time he sells.

Wallace said operation of the whole plan was contingent on the degree of co-operation shown by growers during the week's campaign to obtain contracts.

Mr. Adam stated that Lamb county would receive approximately \$300,000, which will go directly into the pockets of the farmers through this campaign. \$6 to \$10 per acre will likely be the amount covering this type of land, he said. He figures that 50,000 acres will be plowed under in Lamb county.

County Agent D. A. Adam has appointed Rogers Willett, Vice-President of the First National Bank of Amherst as chairman of this committee; Pat Boone, lumberman of Olton, and he will choose a farmer at Littlefield very soon as the third man of the committee. These men will have active charge of the work in the county through the county agent.

Everyone is urged to attend and buy ice cream cones.

MOVES TEACHERAGE

The Sudan Teacherage which was sold recently by the school board has been moved to the W. H. Walker farm. Mr. Walker, who is a member of the school board, moved the house the latter part of last week.

A concrete foundation was constructed for the house. The improvement adds much to his farm and will make him a good home.

FARM HOME COMPLETED

H. L. Byrd of the Friendship community was in town Saturday and paid this office a very pleasant call. Mr. Byrd stated that his new farm residence of five rooms and a bath had been completed, and that the decorating was in progress.

Smith and Hammock, local carpenters, did the work and built the building in record time, requiring only thirteen days to complete the job.

Mr. Byrd stated that he was well pleased with the job and that he appreciated the boys' good workmanship.

S. S. Boys Still Undefeated

The Methodist Church Sunday School baseball team defeated the Friendship ball club last Tuesday afternoon at the old ball park, 14 to 10.

The game was interesting and it looks as if the Sunday School boys were doomed to defeat along the middle of the game, but they came out of the kinks in the last three innings to win.

The Sunday School team will play the poultry men of Sudan this afternoon at the ball park. It is free.

The Sunday School boys still hold their record of being undefeated.

CLUB WELL REPRESENTED AT CLUB ENCAMPMENT

The following women made and modeled dresses for the club: Mesdames H. C. Dennington, H. L. Byrd, H. E. Fowler, and Miss Hazel Fowler. Miss Fowler won third place with her dress. LAST CONOCO PROGRAM OF SEASON WEDNESDAY

The summer yacht races on Grand Lake, Colorado, where it is more than a mile above sea level, hold a decide appeal for Carveth Wells, Continental Oil Company radio entertainer who on Wednesday, June 28, will devote his last broadcast of the season to a second description of the Columbine state.

Among other Colorado scenes which the famous globetrotter considers phenomenal are the mountain sunsets, the stone formations in the Garden of the Gods near Colorado Springs, Yampa canyon, the Great Sand Dunes in the San Luis valley, and Carbon Mountain, the peak that is shaking itself to pieces.

"Tourist who would like to see a real old fashioned gold rush should go up into the mountains near Canon City," says Wells. "Hundreds of excited people are busy panning the precious yellow metal there right now."

The Conco program may be heard by local listeners who tune in on station WFAA Wednesday night at 8:30 o'clock.

200 ATTEND ENCAMPMENT

Two-hundred home demonstration club women attended the County Club Women's encampment held at the County Fair Ground at Amherst, June 8 and 9th. The annual clothing contest of sheer and print dresses was held the first day.

The women and children modeled their dresses and the judges, Miss Nannie Hill, home demonstration agent of Hockley county, and Mrs. Jay McGee of Amherst, scored the dresses on the appropriate line, design and color of the dress, its fit and suitability to the person wearing it. Seventy-four dresses were entered in this contest and the County Home Demonstration council made suitable awards to the winners in each class.

A business meeting and songs were enjoyed the second morning. In the afternoon Mr. K. M. Renner, head of the dairy manufacturing department of Texas Technological College gave a demonstration to the women on ice cream, sherbet, and water ices. After this each guest was permitted to enjoy the frozen deserts.

RECOVERY ON THE WAY

A business man who wondered just how much real substance there was behind the current rise in industrial stock prices set out recently on a tour of inspection among various factories. He found a number of big middle western plants working at or near capacity for the first time in several years; and at last he encountered a steel plant working three eight-hour shifts.

"I asked what they were making," he says "and I found out they were making barbed wire—making all of it they could. The farmers are beginning to buy it in quantity, for the first time in many months. For a long time they have been letting their fences go unrepaired. Now they are coming into the market again—and the barbed wire business is good."

This little anecdote seems to reflect a general situation which offers one of the most encouraging developments of the year.

THINK ON THESE THINGS

(By the Parson)

The Business Men's club with the assistance of the City Commission is sponsoring a big program for Sudan and surrounding territory. We ask the co-operation of all the com-

munity.

Our Sunday School Boys" still hold the championship in baseball. Last Thursday afternoon they gave the "Oilers and mechanics" a good "greasing up." They expect to "Dry pick" the poultry men this afternoon. Come out and enjoy the games. All free.

AN APOLOGY

Some good old sanctified brother got "all het up" because the Parson said he was going to have a law enacted prohibiting men from taking a bath more than once each week. All I can say in answer to that complaint is this: Parsons, are human beings just the same as other men. They hate to take a bath just as bad as any one.

THOSE GOOD OLD DAYS

Farmers who would vote for "Repeal" because they are told it would bring them "more money for their corn" ought to turn the pages back to "those good old corn liquor days."

A bushel of corn would make four gallons of liquor, and here's how the profits stacked up to all concerned in the deal:

The farmer got 25 cents for his corn; (some price) the United States Government got \$4.40 tax; the railroad got \$1.00 to haul it; the drayman got 15 cents, and sometimes a drink; the retailer got \$7.00; the consumer got a glorious drunk, a morning-after headache; his wife got a beating; his children got rags and hunger pains in their stomachs—and we fail to see where anybody got anything much to brag about.

Depressions are caused by war and NOT by prohibition. You are facing a supreme crisis. WHERE WILL YOU Stand? August 26th, voting day.

DON'T FORGET SUDAN'S NEXT TRADES DAY. Monday, July 3. Lots of entertainment is being planned. Lots of prizes will be given away. Let's make July 3rd a big day then close

up for the fourth and go fishing.

WHAT ABOUT OUR GOOD WILL TOUR? Get your NOISY advertising ready, we ought to go next week before the farmers get busy in the crops again. The people of this community raise lots of poultry. WHO WILL ORGANIZE A POULTRY CLUB? Poultry-men it will pay big returns!

If you take the toothache it means a trip out of town and money spent away from home. **WE NEED A GOOD DENTIST.**

In spite of the dry weather and these "dog days," Sudan can boast of four new business concerns. Watch SUDAN Grow.

Your home town paper is the greatest asset to both the farmer and business man. Pay-up your subscriptions and lets ALL help to put it over.

Your "Occupation Tax" is a protection against the street pedler who would come in after times "get good" and take away money you ought to get. The business man who stays through dry weather and fights the battle in order to give you service **DESERVES YOUR Support** when times get better. Pay you "occupation tax," it is an added protection.

Any man who runs a "credit account" ought to spend his CASH with the merchant who thus accommodates him. Out of town concerns wont accommodate you. If the merchants of Sudan don't carry the item you need, they can order it and get quick results, and the price is the same. Spend your cash with your home town merchant and it will enable him to carry your account longer.

It seems that some of our "Champeen" croquet players, have been in ill luck for these

last few days. In order to overcome this condition a "Rabbit's Foot" is being carried on the person. Look out! Westsiders, you are in for a good walloping.

If a Rabbit's Foot, doesn't bring good luck, a horse shoe worn about the neck is sure to prevail. East-Siders will be trying that next.

A baseball league, comprised of six or eight teams will be organized in the near future. The management has decided that "INLOR" balls shall be used. By this means it will cost less and make it possible to score more players. These games will be played after work hours or at night on a plot of main street. The women and girls of the town are eligible for membership in this league. Come out and join the league, and let's drive away the blues and get better acquainted. Look for later announcements through The Sudan News.

A good way to let people know you sell cheap is to advertise your prices. Try The Sudan News and be convinced.

When things seem to be on the drag is a good time to put forth more effort.

"Let us then be up and doing, With a heart for any fate. Still achieving, still pursuing, Learn to labor and to wait."

The Parson and family were given a surprise on last Friday evening, by the Editor and family. A "Dutch lunch" had been arranged by the "printer's devils" on the line of "You come up to my house for a duck dinner" You bring the ducks." The boys put it over on both families in a grand way. We motored to a canyon north of town for the spread. In spite of the fact that iced tea was served instead of 3.2, we enjoyed the occasion very much. Thanks boys.

**OPAL TURNER
AMHERST, 4-H CLUB
2ND YEAR**

I joined the Amherst 4-H club the first meeting in December 1932. This was the beginning of my second year as a club girl. We elected new officers for the coming year. The officers elected were as follows: President, Mildred Garton; Vice President, Opal Turner; Secretary, Virginia Belle Logan; Reporter, Jessie Marie Seagler. The officers selected demonstrators. They were as follows: Opal Turner, Bedroom; Virginia Belle Logan, Wardrobe; Jessie Marie Seagler, Poultry.

Our first project of the year was making doll dresses. This was very interesting for the girls, because they learned many useful things in making children and infant's clothing. Prizes were awarded to the best dresses. There were two classes of the dresses the sheer and print. Mildred Garton won first in the sheer and Virginia Belle Logan won first in the print. I won second on the sheer. I will keep the little prize in memory of the Amherst 4-H Club.

The next contest we held was meat canning. There were two teams entered in our club, so we had a try out. Mildred Garton and I won that. Our demonstration was on roast. At the county we had three competitors. There we won first and received a cash award of two dollars and fifty cents. We demonstrated on the preparation of cans. Next we went to the district. There we had three competitors and were lucky enough to come out third and received a cash award of six dollars. We demonstrated on the making and canning of chili. I enjoyed the banquet that was held at the Hilton Hotel in honor of the 4-H boys and girls that participated in the annual meat show at Lubbock.

On February 14th, we had a valentine party and invited a guest each. Many games were played and the refreshments were very unique, heart shaped teacakes and coco, in keeping with the valentine scheme.

Our next project was making pajamas and getting so much work done in order to get an invitation to the Mother-Daughter, April Fool banquet. At the banquet every thing was done backward. In helping with the April fool spirit. The mothers came dressed as little girls and the girls came dressed as old

women. Prizes were awarded to each. Mrs. Logan won the prize on being the best little girl, and I won the prize for being the best old woman. It was the cutest little mickey mouse and a bottle of perfume, of which I am very proud. After the party our pajamas were judged. Virginia Belle Logan had the best pair pajamas with a score of 97. At our second meeting April we made plans for our next contest. Which was to be a sack and cake contest. The cakes were made with Rumford's baking powder I won the prize on cake with a score of 89. Mildred Garton won first prize on the rack contest. We also handed in some racks which will be judged soon. At the first meeting May we made plans for making our mothers something for Mothers Day and within our Club History. We also made plans for our dress contest, which will come off sometime in June. I have enjoyed fixing my room very much and I have learned many useful things. I have learned how to make an attractive room for five dollars. I made a little for fifty cents and a clothes closet for \$3.50 and ashoe and hat rack out of the scraps that were left. These two things are very useful for clothes closets and save so much mess in the bottom of the closet.

I have repainted a bed sted which made it look almost new. I had enough paint left to paint another. I put a bottom in a chair for nothing, it is very attractive, for it was fixed with a calf hide. Now it is a comfortable chair and before we couldn't use it at all. I have done my best to help my club win the bedroom contest this year. I enjoyed making the things and I have learned many things in cooking and sewing this year in club.

For 4-H club work is useful work it shows farm girls how to become economical and make their homes more attractive for a small cost. **IN MEMORY OF
OUR DARLING**

John Ann Faris, born January 24, 1933 and departed from this world June 21, 1933.

Our Angel has gone from us never to smile at us again, on earth. But, thanks to our heavenly Father, we know where she is. There will never be a doubt in our mind about her place of abode now. She was like a beautiful flower, just blossoming long enough to wind little imploring, tender fingers around our heart, that even though she is gone they will always pull at our heart strings.

As I write these few words a vision of our darling comes before my eyes. I can see her before the Great White Throne of God, rejoicing with him and all the loved ones who have gone on before. She is telling us that we must not grieve for her, because she can not come back to us, but by the help of God, we can always live so we may enter the kingdom of God and be with her. Those are blessed thoughts and something wonderful to look forward to.

We know we must not pine for her, and only try to live so we will see her, be with her, and see that sweet smile again. May the Lord bless John and Mauree and help them to be brave and come smiling through this ordeal, in which we were made to feel the great hand of our Lord and Savior, Jesus Christ.—A LOVED ONE.

AMHERST DIGGING NEW CITY WELL

Thieves Steal All Of Family's Clothes

While the family was visiting in Sudan Sunday, someone entered Bill Briscoe's farm home and stole all of his clothes, his family's clothes, and all of the bedding, including sheets, quilts and pillows.

The things were taken from the home in the afternoon. The family came to town shortly after noon, and returned home before sunset. Upon their arrival at home they found all of their beds stripped, and their clothing gone.

An estimate has not been made as to the value of the things stolen but it will run up to several hundred dollars.

M. E. CHURCH

We are still fighting the battles against sin, depression, and despondency in a wonderful way. It is because we have such a splendid co-operation from the people. Your presence and efforts are appreciated.

If you are not in the habit of attending Sunday School and church services, this is a good time to start.

Father's Day was observed with a special service which was well attended. Next Saturday night and Sunday, the Young People of our church will entertain the League Union, which is composed of all leaguers of Sudan, Amherst, Littlefield, Earth and Y. L. and Muleshoe charges. The public is cordially invited to "sit in". A good program has been arranged, and all out-of-town leaguers will be entertained in the homes of this city. Show your appreciation for what the Young People are doing by your presence at their programs. A Special Sermon has been arranged for young people at the morning hour. Special music by the choir. The public at large is cordially invited.

Don't forget to bring your old gold, silver, and other relics of value to church next Sunday. These will be converted into cash for the promotion of the church program.—Reporter.

FARMERS WILL RECEIVE BENEFITS OF ACREAGE REDUCTION CAMPAIGN

Farmers of Sudan territory are to receive aid from the Government's Cotton Acreage Campaign which will be a great aid to the cotton farmers of the entire South. This campaign is under the direction of D. A. Adam, county agent, in this county, with a committee assisting him in appraising.

A number of meetings will be conducted and held throughout the county next week at which time county agent D. A. Adam will explain in detail the proposition to the farmers. He urges every farmer to attend and get his contract signed up. Only one week will be devoted to signing of contracts and this will start on Monday, June 26.

The following places of meetings and their time are given in order that you can make arrangements to attend one: Littlefield, Monday, June 26, 3 p. m.; Spade, Monday night, June 26 8:30; Olton, Tuesday June 27 8:30 p. m.; Sudan, Tuesday, June 27, 3:00 p. m.; Wednesday afternoon at 3:00, Hart's Camp Amherst, Wednesday night, June 28, 8:30 at school building Friendship, Thursday afternoon at 3:00; Thursday night June 29, Earth and Spring Lake at Spring Lake school.

The farmer can either offer to take an outright cash payment for plowing up portions of his crop or can take a smaller rental and obtain in ad-

dition an option on about 2-400,000 bales in an amount equal to the estimated output of the land he retires from production.

These options will be offered him at 6c a pound or nearly 3c below the current market price. He may order these options exercised at any time up to next January, his profit being the difference between the 6c and the price cotton is selling for at the time he sells.

Wallace said operation of the whole plan was contingent on the degree of co-operation shown by growers during the week's campaign to obtain contracts.

Mr. Adam stated that Lamb county would receive approximately \$300,000, which will go directly into the pockets of the farmers through this campaign. \$6 to \$10 per acre will likely be the amount covering this type of land, he said. He figures that 50,000 acres will be plowed under in Lamb county.

County Agent D. A. Adam has appointed Rogers Willett, Vice-President of the First National Bank of Amherst as chairman of this committee; Pat Boone, lumberman of Olton, and he will choose a farmer at Littlefield very soon as the third man of the committee. These men will have active charge of the work in the county through the county agent.

I. O. F. F. To Hold Open House June 29

The I. O. O. F. lodge will hold Open House to all Odd Fellows and Rebekahs and their families on June 29 in Sudan.

A committee has been appointed and is preparing a good program which will be presented. Plenty of music is also being arranged.

Smith and Hammock, local carpenters, did the work and built the building in record time, requiring only thirteen days to complete the job.

Mr. Byrd stated that he was well pleased with the job and that he appreciated the boys' good workmanship.

S. S. Boys Still Undefeated

The Methodist Church Sunday School baseball team defeated the Friendship ball club last Tuesday afternoon at the old ball park, 14 to 10.

The game was interesting and it looks as if the Sunday School boys were doomed to defeat along the middle of the game, but they came out of the kinks in the last three innings to win.

The Sunday School team will play the poultry men of Sudan this afternoon at the ball park. It is free.

The Sunday School boys still hold their record of being undefeated.

Closing Out His Grocery Stock

Due to the large increase in the volume of dry goods business in the T. L. Means Store, Mr. Means has found it necessary to close out his grocery stock, in order to make more room for the former department.

Mr. Means is turning his grocery stock at wholesale prices in order to speed up the sale of same; so he will have room for his new shipment of merchandise which will arrive in the near future.

He has an ad in this issue of The News.

OPENS NEW WRECKING SHOP IN SUDAN

Mr. Markham has made steady improvements in the company's business since coming here last fall.

When you look for something for nothing you are going to be fooled, and there are plenty of sharpers looking for people of your kind.

LAST CONOCO PROGRAM OF SEASON WEDNESDAY

The summer yacht races on Grand Lake, Colorado, where it is more than a mile above sea level, hold a decide appeal for Carveth Wells, Continental Oil Company radio entertainer who on Wednesday, June 23, will devote his last broadcast of the season to a second description of the Columbine state.

Among other Colorado scenes which the famous globetrotter considers phenomenal art the mountain sunsets, the stone formations in the Garden of the Gods near Colorado Springs Yampa canyon, the Great Sand Dunes in the San Luis valley, and Carbon Mountain, the peak that is shaking itself to pieces. "Tourist who would like to see a real old fashioned gold rush should go up into the mountains near Canon City," says Wells. "Hundreds of excited people are busy panning the precious yellow metal there right now."

The Conoco program may be heard by local listeners who tune in on station WFAA Wednesday night at 8:30 o'clock.

RECOVERY ON THE WAY

A business man who wondered just how much real substance there was behind the current rise in industrial stock prices set out recently on a tour of inspection among various factories. He found a number of big middle western plants working at or near capacity for the first time in several years; and at last he encountered a steel plant working three eight-hour shifts.

"I asked what they were making," he says "and I found out they were making barbed wire—making all of it they could. The farmers are beginning to buy it in quantity, for the first time in many months. For a long time they have been letting their fences go unrepaired. Now they are coming into the market again—and the barbed wire business is good."

This little anecdote seems to reflect a general situation which offers one of the most encouraging developments of the year.

THINK ON THESE THINGS

(By the Parson)

The Business Men's club with the assistance of the City Commission is sponsoring a big program for Sudan and surrounding territory. We ask the co-operation of all the com-

community. Our Sunday School Boys still hold the championship in baseball. Last Thursday afternoon they gave the "Oilers and mechanics" a good "greasing up." They expect to "Dry pick" the poultry men this afternoon. Come out and enjoy the games. All free.

AN APOLOGY

Some good old sanctified brother got "all het up" because the Parson said he was going to have a law enacted prohibiting men from taking a bath more than once each week. All I can say in answer to that complaint is this: Parsons, are human beings just the same as other men. They hate to take a bath just as bad as any one.

THOSE GOOD OLD DAYS

Farmers who would vote for "Repeal" because they are told it would bring them "more money for their corn" ought to turn the pages back to "those good old corn liquor days."

A bushel of corn would make four gallons of liquor, and here's how the profits stacked up to all concerned in the deal:

The farmer got 25 cents for his corn; (some price) the United States Government got \$4.40 tax; the railroad got \$1.00 to haul it; the drayman got 15 cents, and sometimes a drink; the retailer got \$7.00; the consumer got a glorious drunk, a morning-after headache; his wife got a beating; his children got rags and hunger pains in their stomachs—and we fail to see where anybody got anything much to brag about.

Depressions are caused by war and NOT by prohibition. You are facing a supreme crisis. WHERE WILL YOU STAND? August 26th, voting day.

DON'T FORGET SUDAN'S NEXT TRADES DAY. Monday, July 3. Lots of entertainment is being planned. Lots of prizes will be given away. Let's make July 3rd a big day then close

up for the fourth and go fishing.

WHAT ABOUT OUR GOOD WILL TOUR? Get your NOISY advertising ready, we ought to go next week before the farmers get busy in the crops again.

The people of this community raise lots of poultry. WHO WILL ORGANIZE A POULTRY CLUB? Poultry-men it will pay big returns!

If you take the toothache it means a trip out of town and money spent away from home. **WE NEED A GOOD DENTIST.**

In spite of the dry weather and these "dog days," Sudan can boast of four new business concerns. Watch SUDAN Grow.

Your home town paper is the greatest asset to both the farmer and business man. Pay-up your subscriptions and let's ALL help to put it over.

Your "Occupation Tax" is a protection against the street pedler who would come in after times "get good" and take away money you ought to get. The business man who stays through dry weather and fights the battle in order to give you service **DESERVES YOUR Support** when times get better. Pay you "occupation tax," it is an added protection.

Any man who runs a "credit account" ought to spend his CASH with the merchant who thus accommodates him. Out of town concerns wont accommodate you. If the merchants of Sudan don't carry the item you need, they can order it and get quick results, and the price is the same. Spend your cash with your home town merchant and it will enable him to carry your account longer.

It seems that some of our "Champeen" croquet players, have been in ill luck for these

last few days. In order to overcome this condition a "Rabbit's Foot" is being carried on the person. Look out! Westsiders, you are in for a good wall-opping.

If a Rabbit's Foot, doesn't bring good luck, a horse shoe worn about the neck is sure to prevail. East-Siders will be trying that next.

A baseball league, comprised of six or eight teams will be organized in the near future. The management has decided that "INLOR" balls shall be used. By this means it will cost less and make it possible to secure more players. These games will be played after work hours or at night on a plot of main street. The women and girls of the town are eligible for membership in this league. Come out and join the league, and let's drive away the dirt; and get better acquainted. Look for later announcements through The Sudan News.

A good way to let people know you sell cheap is to advertise your prices. Try The Sudan News and be convinced.

When things seem to be on the drag is a good time to put forth more effort.

"Let us then be up and doing. With a heart for any fate. Still achieving, still pursuing. Learn to labor and to wait."

The Parson and family were given a surprise on last Friday evening, by the Editor and family. A "Dutch lunch" had been arranged by the "printer's devils" on the line of "You come up to my house for a duck dinner" You bring the ducks." The boys put it over on both families in a grand way. We motored to a canyon north of town for the spread. In spite of the fact that iced tea was served instead of 3.2, we enjoyed the occasion very much. Thanks boys.

We Are Old-Fashion

We are old-fashioned enough to believe that good feelings and good health go hand in hand and that they are both best promoted by good foods:

"THE STAFF OF LIFE"

Wholesome, staple Groceries form the basis of healthful living, obviate the doctor's visit, are incompatible with drug store remedies and make a long delay of the undertaker's final visit.

"Eat, Drink and Be Happy for tomorrow you may die," is an old time slogan long ago disproven, for when you partake of wholesome, appetizing foods you are surely lengthening your days of delight and postponing for innumerable years the one advent which no one desires to entertain.

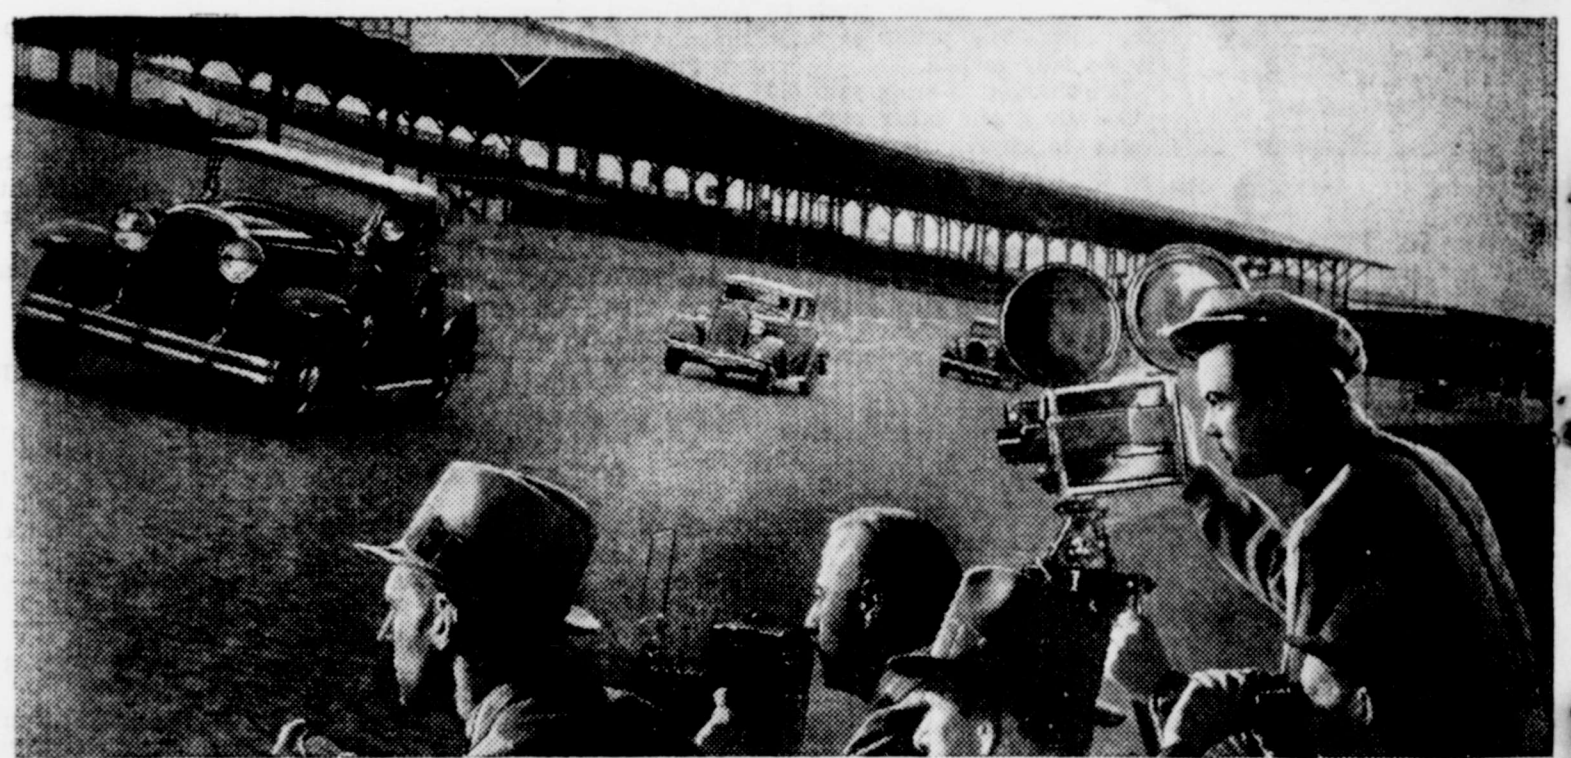

The druggist may tell you he is "in business for your health," but we are in business for not only your health, but your happiness also.

New Gulf-lube motor oil lasts 28½% more miles per quart!

TO MAKE THIS TEST, WE BORROWED 6 CARS—both new and old. Leading 25c oils were tested against Gulf-lube in each car. Gulf-lube stood up 28½% longer before a quart of oil had to be added!

Beats competing oils to a standstill in Speedway "burn up" test

FOR 4 days, 12 hours a day, 6 borrowed cars tested 4 of America's leading 25c oils . . .

And, with every step of the test supervised by the Contest Board of the Ameri-

can Automobile Association, here was the result—a result that amazed even the hard-boiled officials . . .

Gulf-lube beat every oil in every car! It averaged 28½% more miles per quart than the average of its competitors.

Switch to the "high mileage" motor oil. You'll say "give me a quart of oil" less often! And you'll get a better oil—the finest motor oil 25c ever bought! Get Gulf-lube at any Gulf station

**OPAL TURNER
AMHERST, 4-H CLUB
2ND. YEAR**

I joined the Amherst 4-H club the first meeting in December 1932. This was the beginning of my second year as a club girl. We elected new officers for the coming year. The officers elected were as follows: President, Mildred Garton; Vice President, Opal Turner; Secretary, Virginia Belle Logan; Reporter, Jessie Marie Seagler. The officers selected demonstrators. They were as follows: Opal Turner, Bedroom; Virginia Belle Logan, Wardrobe; Jessie Marie Seagler, Poultry.

Our first project of the year was making doll dresses. This was very interesting for the girls, because they learned many useful things in making children and infant's clothing. Prizes were awarded to the best dresses. There were two classes of the dresses the sheer and print. Mildred Garton won first in the sheer and Virginia Belle Logan won first in the print. I won second on the sheer. I will keep the little prize in memory of the Amherst 4-H Club.

The next contest we held was meat canning. There were two teams entered in our club, so we had a try out. Mildred Garton and I won that. Our demonstration was on roast. At the county we had three competitors. There we won first and received a cash award of two dollars and fifty cents. We demonstrated on the preparation of cans. Next we went to the district. There we had thirteen competitors and were lucky enough to come out third, and received a cash award of six dollars. We demonstrated on the making and canning of chili. I enjoyed the banquet that was held at the Hilton Hotel in honor of the 4-H boys and girls that participated in the annual meat show at Lubbock.

On February 14th, we had a valentine party and invited a guest each. Many games were played and the refreshments were very unique, heart shaped teacakes and coco, in keeping with the valentine scheme.

Our next project was making pajamas and getting so much work done in order to get an invitation to the Mother-Daughter, April Fool banquet. At the banquet every thing was done backward. In helping with the April fool spirit. The mothers came dressed as little girls and the girls came dressed as old

women. Prizes were awarded to each. Mrs. Logan won the prize on being the best little girl, and I won the prize for being the best old woman. It was the cutest little mickey mouse and a bottle of perfume, of which I am very proud. After the party our pajamas were judged. Virginia Belle Logan had the best pair pajamas with a score of 97. At our second meeting April we made plans for our next contest. Which was to be a sack and cake contest. The cakes were made with Rumford's baking powder I won the prize on cake with a score of 89. Mildred Garton won first prize on the rack contest. We also handed in some racks which will be judged soon. At the first meeting May we made plans for making our mothers something for Mothers Day and within our Club History. We also made plans for our dress contest, which will come off sometime in June. I have enjoyed fixing my room very much and I have learned many useful things. I have learned how to make an attractive room for five dollars. I made a little for fifty cents and a clothes closet for \$3.50 and ashoe and hat rack out of the scraps that were left. These two things are very useful for clothes closets and save so much mess in the bottom of the closet.

I have repainted a bed sted which made it look almost new. I had enough paint left to paint another. I put a bottom in a chair for nothing, it is very attractive, for it was fixed with a calf hide. Now it is a comfortable chair and before we couldn't use it at all. I have done my best to help my club win the bedroom contest this year. I enjoyed making the things and I have learned many things in cooking and sewing this year in club.

For 4-H club work is useful work it shows farm girls how to become economical and make their homes more attractive for a small cost. If every girl and boy in Texas between the ages of twelve and eighteen belonged to 4-H clubs now; in 4 years time there wouldn't be any ramble down yards or dawdy bedrooms and there would

IN MEMORY OF OUR DARLING

John Ann Faris, born January 24, 1933 and departed from this world June 21, 1933.

Our Angel has gone from us never to smile at us again, on earth. But, thanks to our heavenly Father, we know where she is. There will never be a doubt in our mind about her place of abode now. She was like a beautiful flower, just blossoming long enough to wind little imploring, tender fingers around our heart, that even though she is gone they will always pull at our heart strings.

As I write these few words a vision of our darling comes before my eyes. I can see her before the Great White Throne of God, rejoicing with him and all the loved ones who have gone on before. She is telling us that we must not grieve for her, because she can not come back to us, but by the help of God, we can always live so we may enter the kingdom of God and be with her. Those are blessed thoughts and something wonderful to look forward to.

We know we must not pine for her, and only try to live so we will see her, be with her, and see that sweet smile again. May the Lord bless John and Mauree and help them to be brave and come smiling through this ordeal, in which we were made to feel the great hand of our Lord and Savior, Jesus Christ.—A LOVED ONE.
