Captian Al J. Williams Accepts Important Post With Gulf Refining Company

Noted aviator, winner of many world's speed records and holder of the Distinguished Flying Cross. Captain Al J. Williams has accepted the position of Manager of Aviation Sales with the Gulf Refining Company. He takes over this responsibility to devote his wide flying experience to industrial progress. He will assume his post immediately.

His career has been featured by many outstanding acknowledgements of his prowess as an ace flyer. In addition to winning the Distinguished Flying Cross, Captain Williams was one of the twelve men selected in the United States "in recognition of services rendered to aeronautics" by the American Society of Mechanical Engineers. For eight consecutive years he held the American speed record for airplanes.

Today Captain Williams' busy life supplies him a diversity of interests and makes him doubly valuable as Manager of Aviation Sales for the Gulf Refining Company. He is one of the officers of the Delaware Chemical Engineering Company, a steady contributor to the Saturday Evening Post, Collier's Liberty, and aeronautical journals on aviation subjects, a lecturer of note, a lawyer in the state of New York, and a Captain in the U. A well prepared program was rendered. About 60 out-of-town delegates were present for the occasion. Many of them were entertained in the homes.

The program Saturday evening was sponsored by all the Leagues of the Union with special selections of music, readings and games. Sunday morning a Young People's Service was rendered. Rev. E. C. Raney of Muleshoe delivered the sermon on: "Come Out From Among Them." Special music was rendered by Choir. The Sunday afternoon service was the "Business Session."

The next meeting of "Boosters Union" will be with the Muleshoe Leaguers in August.

FRIENDSHIP ENTERTAINMENT WAS BIG SUCCESS LAST FRIDAY.

The free entertainment given at the Friendship church Friday night by the H. D. Club was a great success. Many attended the affair and the splendid program was enjoyed by all who attended it.

The ice cream was good and the prices were so low that every one could afford to eat all the cream he desired. The proceeds will go to send the club delegate to College Station.

The H. D. Club will put on a 3 act comedy soon. The date has not yet been announced, but it will be announced soon.

The Friendship Club expresses their thanks to all of those who came from any other club and the out of town guests.

Joe Covington and family returned to Dalhart after spending a few days at home here in Sudan.

COTTON FARMERS ARE TAKING ADVANTAGE OF GOVERNMENT RELIEF

Over 500 cotton farmers attended the meeting at the school house Tuesday afternoon to hear D. A. Adam, county agent, explain the cotton acreage reduction bill, which makes it possible for the farmers to retire part of their land from production and receive reimbursement for it from the government.

Three typewriters and stenographers were busy at the V. C. Nelson land office Wednesday filling out contracts for the farmers.

Farmers are being offered two plans by the government: one is an all-money consideration for the production he retires by plowing up the cotton; the other is part money and the other part a six-cent option on the amount retired.

Only one week is being allowed for he signing of these contracts; therefore it is absolutely necessary that the farmers act, and act quickly, if they desire to get this relief being made possible through the present administration.

POSTMASTER L. E. SLATE EXPLAINS 2-CENT POSTAGE

"Two-cent postage applies only for letters intended for local delivery," according to Postmaster L. E. Slate, who received official notice from Washington Monday.

Through misleading statements carried in many newspapers recently, people have gotten the conception that this law would return us to the old two-cent postage law, but it does not.

This is similar to the one-cent drop letter law. A letter dropped in the postoffice at Sudan with a Sudan return, addressed to some person in Sudan can be mailed for two cents. If the letter has some out-of-town return on it, it can not be mailed for two-cents. The law requires that the postage be bought from the office where the letter is mailed.

People living on the Star Route may become confused with this new law, and think they can mail letters addressed to someone in Sudan for two cents; but they cannot unless the route man's next post office is Sudan. Letters are post marked at Circle Back, Baileyboro, and Goodland, and if the route man gets your letter addressed to Sudan before he gets to either of these post offices, you will have to pay three cents.

WIN PRIZES

Those who have won prizes for selling the largest amount of cream to the Sudan Hatchery the past few weeks were: Mrs. Joe Stark, D. C. Lumpkin, and G. J. Garth the last two weeks. The winners were given 25 chickens each by the Sudan Hatchery.

M. E. CHURCH.

The "Committee on Entertainment" wishes to express their appreciation to the church and community in general for their loyal support in helping to entertain the young people of Sudan and surrounding territory known as the "Boosters Union." It was their especial privilege and joy to have a one hundred percent co-operation from all concerned. There was not anything asked for that was not granted. We thank each and everyone.

The Pastor cordially invites all officers of the city and county to attend the morning services at the Methodist Church next Sunday.

The Subject: "The Law and Its Effect On Character." Fathers, mothers, children, inlaws and out-laws are urged to be present.

We do not deal in "personalities" in our preaching, but try to drive out the influences that would harm or destroy your character and damn the soul. ATHLETE'S FOOT COMMON DISEASE

A common disease, popularly known as Athlete's Foot, is due to a little mold-like growth or fungus. When this appears on any part of the body it is called ringworm. This fungus thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

To have Athlete's Foot, you must get the infection from some one else directly or, more commonly, indirectly. The most common places to get the infection are around shower rooms, baths or bath houses, locker rooms, gymnasias and other places used by the public where persons go barefoot. It is probable that at least one-half of all adults suffer from it at some time.

An individual affected with ringworm of the feet or Athlete's Foot, should be most scrupulous about having his own towel and soap; and his socks, slippers and shoes should be worn by no one else. The use of light canvas slippers in dressing rooms would probably result in a decrease in this disease.

It has frequently been noted that those going to the seashore and exposing themselves to the sun and salt water often recover in a short time. This observation has led to the use of ultra-violet light and, under medical supervision, this remedy is often of great aid. Infected stockings, shoes and

slipper should not be worn. The Texas State Department of health urges everyone having this disease to visit their doctor and continue treatment until pronounced cured.

A Fishing Trip In Big Bend Country

Sudan Fire Boys Spend Ten Days Fishing In Brewster County, Tex.

The Rio Grande river, the border between Texas and Old Mexico, where we went is a wide, clear and swift stream, so cold that we could not enjoy bathing in it. We camped a few miles below the famous old Stillwell Crossing. Across the river in Old Mexico is the Villa Canyon named after Poncho Villa, the famous Mexican bandit. This canyon was one of Villa's last strong holds. There are several noted places in this part of the country; the lost nigger gold mine is somewhere near here. Down the river on the American side is the Rattlesnake Canyon. I believe that this is the prettiest place of them all. This canyon is walled by rock several hundred feet high on each side. There are the Indian paintings on the rocks and although it has been many years since the Indians lived here the paintings are very distinct. This canyon is located on the Boy Babb Ranch. But—

One of the greatest thrills of a fishing trip, or at least this one, is the preparation. Three weeks were spent in preparation for this trip. During this time, pots, pans, fishing tackle, and other equipment were gathered and put in readiness for the trip; a called meeting was held to lay the plans. It was decided that Dr. W. H. Ford and E. Pennington, cook, should accompany the group.

At 4:00 a. m. on the morning of April 16th, 1933, Easter Sunday, we bid Sudan goodby. The large truck was loaded to capacity, 18 men, equipment, and food. The first night was spent near Gran Falls, where we put out bait in an irrigation canal for we had to take our bait with us. All the men were feeling good and in high spirits. Some went to bed while others went to a Mexican dance and wedding in Gran Falls.

Then truck trouble altered the plans of the party and we were forced to spend the second night at Black Gap Ranch. This Ranch house is located between two dark mountains and is a fine place to camp.

Mrs. Shackelford and her son live there; the son being foreman of the ranch since the elder Shackelford died about a year ago. We were sorry to hear of the death of Mr. Shackelford for most of us had met him two years ago and had found him to be a very fine man. This ranch is 16 miles from the river where we were going to fish. The favorite pastime of the evening was poker, but little money was in the crowd. Just as the game was reaching its height in interest, one of the famous players was beaten so bad that he went to bed very sick at his stomach. Soon afterwards a sand storm broke up the game and all went to bed feeling fine. (Every fisherman knows that poker goes on, on every fishing trip.) The next morning after breakfast the provisions were checked and it was found that over half the groceries had been left at home. This caused much excitement as it was 75 miles to the nearest store. However, Mr. Shackelford, the foreman of the ranch, was going to town the next day; so he agreed to get the groceries at Marathon, which was the nearest town.

Eight hours were required to make the last 16 miles of the trip as the roads were mere trails and very rocky. The last eight miles were not even trails, but down the bed of the Maravia canyon. At times we had to get out of the truck and hold it from turning over while the driver drove slowly over the hills. The truck was driven to within a hundred yards of the Rio Grande, where we made camp. Just at this instance Mr. Nichols, the groceryman from whom we bought our supply of groceries in Sudan, and one of the fishermen, who was left at home, Marvin Greathouse drove up with the remainder of our groceries. Some of the boys think it was a frame-up between Nichols and Greathouse for Greathouse's sweetheart and Nichol's wife did not want them to go with us fishing. We left the packing of the groceries in the truck to Nichols and he drove five hundred miles to bring them to us. But even if it were a frame up, we sure were glad to see them drive up with the cats.

While some of the boys were making camp others were setting out lines and getting the fishing to going in fine order. We did not have any luck the first afternoon and had to eat store food. At supper one of the boys who had had a little snake medicine was dissap-

pointed as he had ordered the cook to prepare him a Rattle Snake Stew, for he was too tough to eat store food. He declared himself the toughest man west of the Pecos River, since the days of Judge Roy Bean, the law west of the Pecos. Every one being very tired, we all spent a fine night sleeping, even in this strange desolate spot.

The next morning some of the boys went hunting, some exploring, others fishing, swimming. The day passed very swiftly and after supper a very short session of poker, everyone went to bed for another night of peaceful slumber. We were informed by the Chief Big Bill that from then on we would have to fish day and night.

It looked like rain on the second morning and we made our first successful catch. Pucket, Estes and Briscoe run the lines and got one fish weighing 20 pounds and some small ones. Doty, Briscoe, Ladd, Davis and Brown went hunting while McGlamory, Hunt, Thrush and Sharrock made more lines. Dr. Ford was busy putting up his tent. Rutledge and his helpers, two natives of the Rio Grande country, ate supper with us the second night. The boys were interested in hearing about the country but the strangers would not talk much. The people in this part of the country are all fine people, but are hard to get acquainted with and don't like to be asked too many questions.

After breakfast on the third morning, the new of the place having partly worn off, we began to wonder how we were going to get out of this desolate place. After setting out 100 lines we made some pictures of the various scenes; our camp physician was busy for a time dressing sprained joints and various other wounds. After the noon day meal we lay around the camp and told stories (mostly lies), played pranks, swam and did other sports until about 4:00 at which time we began to put out the bait for the night.

The night was cold but the fish were biting good. Ladd and Pucket spent the night down the river, about four miles fishing. When we went down to see about them the next morning we found them on the Mexican side of the river with 12 fish staked out weighing from 10 to 40 pounds each, while Brown, Doty, and Hunt had caught 5 which weighed from 15 to 20 pounds each, up the river a ways from camp. This made plenty of fish for eating and some to crow over.

Herman Troutman of Dumas, and E. G. Fitzgerald of Canyon, visited in the home of Rev. Sam A. Thomas last Sunday afternoon. Mr. Troutman reported that in his section of the country they have had no rain for twelve months. Cattle are in bad condition as there is no feed.

Othell Walker returned home Saturday from Plainview, where he has been employed.

W. D. Lasater of Amherst, spent Sunday in Sudan.

Mrs. C. L. McKinley and daughter were called to the bedside of Mrs. Lockhart, her mother, who is living at Progress Community, west of Muleshoe, Texas. Mrs. Lockhart has been in very bad health for the past several years. Her condition is reported critical, but with the right kind of care the family expects her recovery.

Miss Pear Carter left Sunday for Muleshoe where she will spend a few days with her cousin, Miss Mary Holt.

THINK ON THESE THINGS
(By the Parson)

No Fraternal Order is more helpful to business men and the community in general than a Business Men's Club. At the luncheon last Tuesday we had twenty-six ladies and gentlemen present. Sudan business men are seeing the need of working together and the results are visible to even an outsider. But there is one thing lacking. We need the cooperation of the farmers. Farmers, we cordially invite you to attend the luncheons. We need your support, advice and wise counsel in putting things over. The meals are delightful and the fellowship is wonderful. Come out each Tuesday, the cost is only 35 cents.

The Business Men of Sudan should make application for R. F. C. money for paving purposes. It is available. "Uncle Sam" is ready to issue it out if we can muster up enough courage to hold out our hands to receive it.

There are a few business men in town who claim they are only barely making expenses. Usually, it is the man who never gives his support to the Business Men's Club or advertises.

The men who are making money now, are those who keep pressing the fight. Investigate for yourself.

Some Business concerns that would help Sudan: Cotton Compress, Cotton Oil Company or Oil Mill, Canning factory, Cheese Factory, Creamery and Cold Storage plant.

A good Dentist could make a comfortable living in Sudan. Come over and investigate.

Next Monday is Sudan's Trades Day. A long list of high class entertainment will be offered the public. Many prizes will be given away. The merchants are offering Special Attractive Prices. Big ball game in afternoon. FREE.

Next Monday is Dollar Day. Every merchant in town has arranged the Dollar Special Collections. Read their ads in this paper.

The immediate territory of Sudan needs a rain. Will some one please find out who is whipping his wife and prohibiting the shower.

If I were as thirsty as some seem to be for 3.2 beer, I'd fill up on GIP Water. It would have a more wholesome effect, and cost less.

Liquor is the mother of crimes, mobs, adultery, gambling houses, saloons, poverty, heartaches, bodily injury and wrecked homes. I am not going to vote this calamity upon my children. What are you going to do about it July 26th?

Have you joined Sudan's "Indoor Baseball League." It will cost you nothing. We need six or eight teams in this league. At least two games each week will be played. The games will be Free to Everybody. "All work and no play will make Jack a dull boy," is an old adage, but a true one. Join the social activities of your town and community and drive away the "blues" and also you might forget the last "fuss" with wife.

It takes the stimulus of high class social activities to keep the moral up.

Have you been attending church? The pastor of your churches is trying to make of your boys and girls better men and women. They should have your co-operation and help.

I notice that some of our merchants have been converted to the fact that "Advertising Their Prices is the right method of advertising. The general public will never know that you sell cheaper than your out-of-town competitors unless you quote your prices.

Mail Order Houses have built up a tremendous trade by advertising their prices. Many home town merchants are trying to sell for less, but the public didn't know about. Advertise Your Prices.

The sidewalks in the business section of the city need to be widened in order to accommodate the large crowds. Why not extend them to the curb? It will add to the beauty of the city and help to accommodate the large crowds.

Edwards Anderson and Miss Eunice Elliott of the Enochs community were quietly married at the Methodist parsonage, Friday June 23. Rev Sam A. Thomas officiated.

Miss Pearl Carter left Sunday Aliene Husbnet returned home Friday from Levelland where they spent the past two months in the home of her sister, Miss Opal Carter.

Mr. and Mrs. J. B. Teal and two children, Erma Louise and Betty Lou were attending to business in Lubbock Tuesday.

Mrs. F. C. Broyles returned to her home in Sudan after spending a month with relatives at Big Spring.

Those who visited the swimming pool in Muleshoe from here were: Mr. and Mrs. Charlie Whitwell and family, Misses Louise and Ann King, Mrs. Jimmie Alldredge, and Bill Teal.

Wayne Howell returned to his home in Sudan after visiting with relatives and friends in Oklahoma.

Mr. and Mrs. William Rumback returned from Chicago last Wednesday. Mr. Rumback has been attending school for the past two months. Mrs. Rumback who has been spending the summer in Sudan, joined her husband in Chicago, and they attended the World's Fair, before returning to their home in Littlefield.

Democrat Determined To Wipe Out Deficit

More than \$15,000 of Texas \$75,000 Quoto of National Committee Deficit Sent in; Contributions are Coming in

Lamb County's Quoto \$297.80

A letter from Frank Scofield, finance director of the Texas National Democratic Committee, with headquarters in Austin, states that Democrats are responding to the call of the committee to raise \$75,000 Texas quoto of the National deficit. More than \$15,000 has been sent in to national headquarters.

Lamb County's quoto is \$297.80 of which only a small amount has been sent in. To quickly raise the amount the newspapers of Lamb county will aid by informing the people the need of raising Lamb's quoto, and will take contributions, as a convenience to those who will help.

These contributions will be mailed to headquarters and proper credit will be given each individual.

If not convenient to call at the News Office the following coupon clipped, signed and mailed with your remittance to this office will receive proper credit. Coupon and your remittance will be mailed from this office direct to headquarters. \$1.00 is a small sum to pay for the new deal, but smaller amounts will be greatly appreciated.

CIRCLE BACK BEATS NEGROES.

The Circle Back baseball team defeated the Lubbock All-Star Colored team six to two, Sunday afternoon on the Circle Back diamond. The game was well played and both teams had good pitchers.

Alton Lumpkin pitched for the Circle Back boys and held the negroes to four hits until the ninth inning when the colored boys started hitting, but were caught out in the outfield.

The largest crowd that has attended a ball game in this section in several years was present.

The Sudan Home Demonstration club met with Mrs. H. B. Teal Friday, June 23, at 3 o'clock. The program was "Achievement Day." FAMED FLYER IS APPOINTED MANAGER OF AVIATION SALES

Captain Al J. Williams Accepts Important Post With Gulf Refining Company

Noted aviator, winner of many world's speed records and holder of the Distinguished Flyer Cross, Captain Al J. Williams has accepted the position of Manager of Aviation Sales with the Gulf Refining Company. He takes over this responsibility to devote his wide flying experience to industrial progress. He will assume his post immediately.

His career has been featured by many outstanding acknowledgements of his prowess as an ace flyer. In addition to winning the Distinguished Flying Cross, Captain Williams was one of the twelve men selected in the United States "in recognition of services rendered to aeronautics" by the American Society of Mechanical Engineers. For eight consecutive years he held the American speed record for airplanes.

Today Captain Williams' busy life supplies him a diversity of interests and makes him doubly valuable as Manager of Aviation Sales for the Gulf Refining Company. He is one of the officers of the Delaware Chemical Engineering Company, a steady contributor to the Saturday Evening Post, Collier's Liberty, and aeronautical journals on aviation subjects, a lecturer of note, a lawyer in the state of New York, and a Captain in the U. S. Marine Corps, Reserves. It is also interesting to note that he graduated from Fordham University, received a Bachelor of Laws degree from Georgetown University Evening Law School, and pitched for the New York Giants for two years under John J. McGaw.

LEAGUE UNION MEETS HERE.

The Young People of "Boosters Union," which is composed of all Leaguers of Sudan, Amherst, Littlefield, Earth and Y. L. and Muleshoe charges, were entertained last Saturday afternoon and Sunday at the M. E. Church by the Young People and Woman's Missionary Societies. Mrs. Nichols and Mrs. Alderson with several other ladies of the church served delightful refreshments Saturday afternoon and Sunday.

A well prepared program was rendered. About 60 out-of-town delegates were present for the occasion. Many of them were entertained in the homes.

The program Saturday evening was sponsored by all the Leagues of the Union with special selections of music, readings and games. Sunday morning a Young People's Service was rendered. Rev. E. C. Raney of Muleshoe delivered the sermon on: "Come Out From Among Them." Special music was rendered by Choir. The Sunday afternoon service was the "Business Session." The next meeting of "Boosters Union" will be with the Muleshoe Leaguers in August.

FRIENDSHIP ENTERTAINMENT WAS BIG SUCCESS LAST FRIDAY.

The free entertainment given at the Friendship church Friday night by the H. D. Club was a great success. Many attended the affair and the splendid program was enjoyed by all who attended it.

The ice cream was good and the prices were so low that every one could afford to eat all the cream he desired. The proceeds will go to send the club delegate to College Station.

The H. D. Club will put on a 3 act comedy soon. The date has not yet been announced, but it will be announced soon.

The Friendship Club expresses their thanks to all of those who came from any other club and the out of town guests.

Joe Covington and family returned to Dalhart after spending a few days at home here in Sudan.

A large crowd attended the play at Longview Saturday night which was entitled "What So Ever You Sow." The proceeds went toward paying the Methodist pastor, Rev. Hill.

Mr. and Mrs. Frank Robinson visited at Baileyboro Sunday.

The Friendship club of this community is doing some interesting work. Officers who have been installed are: President, Mrs. N. C. Moore; Secretary, Mrs. E. F. Robinson; Treasurer, Mrs. Winford Young; Reporter, Mrs. Pat Barnett.

This community received a big rain last week.

FOURTH OF JULY PARTY

A Fourth of July party was given at the E. Lam home Tuesday night with Rayburn and Ruby Inez Lam as host and hostess. Many games were played by those present, after which refreshments consisting of cake and ice cream were served to the following:

Misses Frances Lou McKinley, Juanita Hazel, Walter Marie Carruth, Virginia Vereen, Joyce Stone, and George Weimhold; Messrs. James Carter, James Adams, Jack Stone, Sam Thomas, Jr. Albert Thomas, H. A. Markham, Cris Furneaux, Jr. and the host and hostess.

Mrs. Sam Saunders and two children are visiting relatives in Post this week.

COTTON FARMERS ARE TAKING ADVANTAGE OF GOVERNMENT RELIEF

Over 500 cotton farmers attended the meeting at the school house Tuesday afternoon to hear D. A. Adam, county agent, explain the cotton acreage reduction bill, which makes it possible for the farmers to retire part of their land from production and receive reimbursement for it from the government.

Three typewriters and stenographers were busy at the V. C. Nelson land office Wednesday filling out contracts for the farmers.

Farmers are being offered two plans by the government: one is an all-money consideration for the production he retires by plowing up the cotton; the other is part money and the other part a six-cent option on the amount retired.

Only one week is being allowed for the signing of these contracts; therefore it is absolutely necessary that the farmers act, and act quickly, if they desire to get this relief being made possible through the present administration.

POSTMASTER L. E. SLATE EXPLAINS 2-CENT POSTAGE

"Two-cent postage applies only for letters intended for local delivery," according to Postmaster L. E. Slate, who received official notice from Washington Monday.

Through misleading statements carried in many newspapers recently, people have gotten the conception that this law would return us to the old two-cent postage law, but it does not.

This is similar to the one-cent drop letter law. A letter dropped in the postoffice at Sudan with a Sudan return, addressed to some person in Sudan can be mailed for two cents. If the letter has some out-of-town return on it, it can not be mailed for two-cents. The law requires that the postage be bought from the office where the letter is mailed.

People living on the Star Route may become confused with this new law, and think they can mail letters addressed to someone in Sudan for two cents; but they cannot unless the route man's next post office is Sudan. Letters are post marked at Circle Back, Baileyboro, and Goodland, and if the route man gets your letter addressed to Sudan before he gets to either of these post offices, you will have to pay three cents.

WIN PRIZES

Those who have won prizes for selling the largest amount of cream to the Sudan Hatchery the past few weeks were: Mrs. Joe Stark, D. C. Lumpkin, and G. J. Garth the last two weeks. The winners were given 25 chickens each by the Sudan Hatchery.

M. E. CHURCH.

The "Committee on Entertainment" wishes to express their appreciation to the church and community in general for their loyal support in helping to entertain the young people of Sudan and surrounding territory known as the "Boosters Union." It was their especial privilege and joy to have a one hundred percent co-operation from all concerned. There was not anything asked for that was not granted. We thank each and everyone.

The Pastor cordially invites all officers of the city and county to attend the morning services at the Methodist Church next Sunday.

The Subject: "The Law and Its Effect On Character." Fathers, mothers, children, in-laws and out-laws are urged to be present.

Sunday School, 10:00 A. M. Preaching Services, 11:00 A. M. and 8:40 P. M.

All Leagues meet 7:45 P. M. Special music by choir for all occasions. Choir practice Wednesday evening at 8:30.

We do not deal in "personalities" in our preaching, but try to drive out the influences that would harm or destroy your character and damn the soul. I would not be a friend to you if I permitted a snake to bite you when I had the opportunity of killing it. Come out and help us kill the SERPENT of sin.—Sam A. Thomas, Pastor.

Free Entertainment In Sudan Trades Day

Farmers are assured of plenty of free entertainment and lots of special prices on needed commodities, if they come to Sudan Trades Day, July 3. A program has been arranged whereby the visitor will be taken from one interesting thing to another.

The feature of the afternoon is a baseball game between Sudan and Circle Back. This is going to be a good game as both teams are strong. The Circle Back team defeated the strong All-Star Colored team of Lubbock Sunday, and Sudan defeated Muleshoe last week. Other interesting features are four casing rolling contests and fat man's high jump.

You are urged to come to Sudan Trades Day, July 3.

ATHLETE'S FOOT COMMON DISEASE

A common disease, popularly known as Athlete's Foot, is due to a little mold-like growth or fungus. When this appears on any part of the body it is called ringworm. This fungus thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

To have Athlete's Foot, you must get the infection from some one else directly or, more commonly, indirectly. The most common places to get the infection are around shower rooms, baths or bath houses, locker rooms, gymnasias and other places used by the public, where persons go barefoot. It is probable that at least one-half of all adults suffer from it at some time.

An individual affected with ringworm of the feet or Athlete's Foot, should be most scrupulous about having his own towel and soap; and his socks, slippers and shoes should be worn by no one else. The use of light canvas slippers in dressing rooms would probably result in a decrease in this disease.

It has frequently been noted that those going to the seashore and exposing themselves to the sun and salt water often recover in a short time. This observation has led to the use of ultra-violet light and, under medical supervision, this remedy is often of great aid. Infected stockings, shoes and

slipper should not be worn. The Texas State Department of health urges everyone having this disease to visit their doctor and continue treatment until pronounced cured.

A Fishing Trip In Big Bend Country

Sudan Fire Boys Spend Ten Days Fishing In Brewster County, Tex.

The Rio Grande river, the border between Texas and Old Mexico, where we were in a wide, clear and swift stream, so cold that we could not enjoy bathing in it. We camped a few miles below the famous old Stillwell Crossing. Across the river in Old Mexico is the Villa Canyon named after Poncho Villa, the famous Mexican bandit. This canyon was one of Villa's last strong holds. There are several noted places in this part of the country; the lost nugger gold mine is somewhere near here. Down the river on the American side is the Rattlesnake Canyon. I believe that this is the prettiest place of them all. This canyon is walled by rock several hundred feet high on each side. There are the Indian paintings on the rocks and although it has been many years since the Indians lived here the paintings are very distinct. This canyon is located on the Boy Babb Ranch. But—

One of the greatest thrills of a fishing trip, or at least this one, is the preparation. Three weeks were spent in preparation for this trip. During this time, pots, pans, fishing tackle, and other equipment were gathered and put in readiness for the trip; a called meeting was held to lay the plans. It was decided that Dr. W. H. Ford and E. Pennington, cook, should accompany the group.

At 4:00 a. m. on the morning of April 16th, 1933, Easter Sunday, we bid Sudan goodby. The large truck was loaded to capacity, 18 men, equipment, and food. The first night was spent near Gran Falls, where we put out bait in an irrigation canal for we had to take our bait with us. All the men were feeling good and in high spirits. Some went to bed while others went to a Mexican dance and wedding in Gran Falls.

Then truck trouble altered the plans of the party and we were forced to spend the second night at Black Gap Ranch. This ranch house is located between two dark mountains and is a fine place to camp. Mrs. Shackelford and her son live there; the son being foreman of the ranch since the elder Shackelford died about a year ago. We were sorry to hear of the death of Mr. Shackelford for most of us had met him two years ago and had found him to be a very fine man. This ranch is 16 miles from the river where we were going to fish. The favorite pastime of the evening was poker, but little money was in the crowd. Just as the game was reaching its height in interest, one of the famous players was beaten so bad that he went to bed very sick at his stomach. Soon afterwards a sand storm broke up the game and all went to bed feeling fine. (Every fisherman knows that poker goes on, on every fishing trip.)

The next morning after breakfast the provisions were checked and it was found that over half the groceries had been left at home. This caused much excitement as it was 75 miles to the nearest store. However, Mr. Shackelford, the foreman of the ranch, was going to town the next day; so he agreed to get the groceries at Marathon, which was the nearest town.

Eight hours were required to make the last 16 miles of the trip as the roads were mere trails and very rocky. The last eight miles were not even trails, but down the bed of the Maravia canyon. At times we had to get out of the truck and hold it from turning over while the driver drove slowly over the hills. The truck was driven to within a hundred yards of the Rio Grande, where we made camp. Just at this instance Mr. Nichols, the groceryman from whom we bought our supply of groceries in Sudan, and one of the fishermen, who was left at home, Marvin Greathouse drove up with the remainder of our groceries. Some of the boys think it was a frame-up between Nichols and Greathouse for Greathouse's sweetheart and Nichols' wife did not want them to go with us fishing. We left the packing of the groceries in the truck to Nichols and he drove five hundred miles to bring them to us. But even if it were a frame up, we sure were glad to see them drive up with the cats.

While some of the boys were making camp others were setting out lines and getting the fishing to going in fine order. We did not have any luck the first afternoon and had to eat store food. At supper one of the boys who had had a little snake medicine was dissap-

pointed as he had ordered the cook to prepare him a Rattle Snake Stew, for he was too tough to eat store food. He declared himself the toughest man west of the Pecos River, since the days of Judge Roy Bean, the law west of the Pecos. Every one being very tired, we all spent a fine night sleeping, even in this strange desolate spot.

The next morning some of the boys went hunting, some exploring, others fishing, swimming. The day passed very swiftly and after supper a very short session of poker, everyone went to bed for another night of peaceful slumber. We were informed by the Chief Big Bill that from then on we would have to fish day and night.

It looked like rain on the second morning and we made our first successful catch. Pucket, Estes and Briscoe run the lines and got one fish weighing 20 pounds and some small ones. Doty, Briscoe, Ladd, Davis and Brown went hunting while McGlamory, Hunt, Thrush and Sharrock made more lines. Dr. Ford was busy putting up his tent. Rutledge and his helpers, two natives of the Rio Grande country, ate supper with us the second night. The boys were interested in hearing about the country but the strangers would not talk much. The people in this part of the country are all fine people, but are hard to get acquainted with and don't like to be asked too many questions.

After breakfast on the third morning, the new of the place having partly worn off, we began to wonder how we were going to get out of this desolate place. After setting out 100 lines we made some pictures of the various scenes; our camp physician was busy for a time dressing sprained joints and various other wounds. After the noon day meal we lay around the camp and told stories (mostly lies), played pranks, swam and did other sports until about 4:00 at which time we began to put out the bait for the night.

The night was cold but the fish were biting good. Ladd and Pucket spent the night down the river, about four miles fishing. When we went down to see about them the next morning we found them on the Mexican side of the river with 12 fish staked out weighing from 10 to 40 pounds each, while Brown, Doty, and Hunt had caught 5 which weighed from 15 to 20 pounds each, up the river a ways from camp. This made plenty of fish for eating and some to crow over.

Herman Troutman of Dumas, and E. G. Fitzgerald of Canyon, visited in the home of Rev. Sam A. Thomas last Sunday afternoon. Mr. Troutman reported that in his section of the country they have had no rain for twelve months. Cattle are in bad condition as there is no feed.

Othell Walker returned home Saturday from Plainview where he has been employed. W. D. Lasater of Amherst, spent Sunday in Sudan.

Mrs. C. L. McKinley and daughter were called to the bedside of Mrs. Lockhart, her mother, who is living at Progress Community, west of Muleshoe, Texas. Mrs. Lockhart has been in very bad health for the past several years. Her condition is reported critical, but with the right kind of care the family expects her recovery.

Miss Pear Carter left Sunday for Muleshoe where she will spend a few days with her cousin, Miss Mary Holt.

THINK ON THESE THINGS
(By the Parson)

No Fraternal Order is more helpful to business men and the community in general than a Business Men's Club. At the luncheon last Tuesday we had twenty-six ladies and gentlemen present. Sudan business men are seeing the need of working together and the results are visible to even an outsider. But there is one thing lacking. We need the cooperation of the farmers. Farmers, we cordially invite you to attend the luncheons. We need your support, advice and wise counsel in putting things over. The meals are delightful and the fellowship is wonderful. Come out each Tuesday, the cost is only 35 cents.

The Business Men of Sudan should make application for R. F. C. money for paving purposes. It is available. "Uncle Sam" is ready to issue it out if we can muster up enough courage to hold out our hands to receive it.

There are a few business men in town who claim they are only barely making expenses. Usually, it is the man who never gives his support to the Business Men's Club or advertises.

The men who are making money now, are those who keep pressing the fight. Investigate for yourself.

Some Business concerns that would help Sudan: Cotton Compress, Cotton Oil Company or Oil Mill, Canning factory, Cheese Factory, Creamery and Cold Storage plant.

A good Dentist could make a comfortable living in Sudan. Come over and investigate.

Next Monday is Sudan's Trades Day. A long list of high class entertainment will be offered the public. Many prizes will be given away. The merchants are offering Special Attractive Prices. Big ball game in afternoon. FREE.

Next Monday is Dollar Day. Every merchant in town has arranged the Dollar Special Collections. Read their ads in this paper.

The immediate territory of Sudan needs a rain. Will some one please find out who is whipping his wife and prohibiting the shower.

If I were as thirsty as some seem to be for 3.2 beer, I'd fill up on Gip Water. It would have a more wholesome effect, and cost less.

Liquor is the mother of crimes, mobs, adultery, gambling houses, saloons, poverty, heartaches, bodily injury and wrecked homes. I am not going to vote this calamity upon my children. What are you going to do about it July 26th?

Have you joined Sudan's "Indoor Baseball League." It will cost you nothing. We need six or eight teams in this league. At least two games each week will be played. The games will be Free to Everybody. "All work and no play will make Jack a dull boy," is an old adage, but a true one. Join the social activities of your town and community and drive away the "blues" and also you might forget the last "fuss" with wife.

It takes the stimulus of high class social activities to keep the moral up.

Have you been attending church? The pastor of your churches is trying to make of your boys and girls better men and women. They should have your co-operation and help.

I notice that some of our merchants have been converted to the fact that "Advertising Their Prices is the right method of advertising. The general public will never know that you sell cheaper than your out-of-town competitors unless you quote your prices.

Mail Order Houses have built up a tremendous trade by advertising their prices. Many home town merchants are trying to sell for less, but the public didn't know about. Advertise Your Prices.

The sidewalks in the business section of the city need to be widened in order to accommodate the large crowds. Why not extend them to the curb? It will add to the beauty of the city and help to accommodate the large crowds.

Edwards Anderson and Miss Eunice Elliott of the Enochs community were quietly married at the Methodist parsonage, Friday June 23. Rev Sam A. Thomas officiated.

Miss Pearl Carter left Sunday Aliene Husbnet returned home Friday from Levelland where they spent the past two months in the home of her sister, Miss Opal Carter.

Mr. and Mrs. H. B. Teal and two children, Erma Louise and Betty Lou were attending to business in Lubbock Tuesday.

Mrs. F. C. Broyles returned to her home in Sudan after spending a month with relatives at Big Spring.

Those who visited the swimming pool in Muleshoe from here were: Mr. and Mrs. Charlie Whitwell and family, Misses Louise and Ann King, Mrs. Jimmie Alldredge, and Bill Teal.

Wayne Howell returned to his home in Sudan after visiting with relatives and friends in Oklahoma.

Mr. and Mrs. William Rumback returned from Chicago last Wednesday. Mr. Rumback has been attending school for the past two months. Mrs. Rumback who has been spending the summer in Sudan, joined her husband in Chicago, and they attended the World's Fair, before returning to their home in Littlefield.
