

ROAMING THRU RANGER WITH RON... By Ronald Waters

READY-OR-NOT... Those school bells will soon be ringing. It'll be too soon for most students, but they'll go anyway.

OUR BACK SHOP clock is set with Mountain Standard Time. Seems it makes the boys in the back shop feel cooler!

LABOR DAY MONDAY. Please stay alive, won't you? (We hate to lose any subscribers.)

Most people will be doing most everything besides labor on the national holiday.

It was founded by Peter J. McGuire as... "an occasion devoted to the industrial spirit; the great vital force of every nation."

Don't forget everything will be closed that day.

DAVID SLAUGHTER is not very optimistic over the tough schedule that the Rangers play this season. They take on five of the top ten teams in the nation.

If the college boys down one of these opponents, they will be in the top 15 or 20 teams. If they beat two out of the top five—the Rangers will be in the top 10.

LOOKING LIKE something that's "cats drug in" is that the only way to describe the Bulldogs as they come off the practice field. Tired and "panting" sore and bruised, they are usually in good spirits and you won't hear any complaints.

WORKOUTS are tough, of course, but it looks like they're going to shape up a fine team of Bulldogs.

JERRY BASHAM, who is expected to play fullback, looks great on both offense and defense. Jerry will be the one for opposing teams to watch.

It's rumored that the Rogues may play semi-professional baseball next season.

That would be a good break, and I'm sure the team would capture many honors.

Here's our next Mystery Cut. You should know this young woman. If so—let us know.

Faculty List Is Announced

A complete faculty for Ranger's public schools was announced this week by G. B. Rush, superintendent.

A total of 58 teachers will be teaching in Ranger's schools this fall, including three new teachers.

A complete faculty list follows:

- Jetty Ballenger, Hodges Oak Park; Anita Barrett, Hodges Oak Park; Harold Barrett, High School; Rayneal Base, High School; Bessie Beatty, High School; Franky Bevers, High School; Eva Bobo, Young; Grace Carter, Hodges Oak; Izzetta Daniels, Hodges Oak; Edwina Deffebach, High School; Rose Deffebach, Hodges Oak and High School.

Mrs. J. D. Drennan, Hodges Oak; Beverly S. Dudley, Jr., High School.

THEY WERE ALL QUEENS—Judges who had the task of picking this year's Eastland County Farm Bureau queen faced these six lovely girls, and as you can see their decision wasn't an easy one. Winner of the contest was Kathy Williamson, left, of Morton Valley. Other contestants were, from left to right, Mary Lois White, Rising Star; Jan Rodgers, Ranger; Naomi Anderson, Gorman; Ann Little, Rising Star; and Linda Pippen, Cisco. The judging was held in the Eastland American Legion Hall. (Staff Photo.)

County Drops 12 Voting Precincts for Economy

Eastland County Commissioners Friday morning cut the number of precinct voting boxes in the county almost in half in a move aimed at saving both the county and

Thanks Extended People Helping Jimmy Arrendale

Over \$500 has been deposited in the Jimmy Arrendale Hospital Fund Drive, to date, according to reports.

Mrs. Frank Arrendale, grandmother to Jimmy Arrendale, expressed her appreciation to all the local and area people who have helped out in the drive.

Arrendale has received food, visits, cards, flowers and donations during his time in a cast. Recently his cast was changed, in Abilene, and he will wear it until Sept. 30 at which time his back will be fitted into a brace.

He is reported in good condition, walking about and driving his car. His back was injured here, several months ago when a car jack toppled and he was pinned underneath.

To help raise funds, boxes were placed in most of Ranger's stores and businesses, a Jimmy Arrendale Day was declared at several local churches, and a benefit ball game was held.

Jimmy is indefinite about plans to start back to school. The drive is still in progress, sponsored by the Ministerial Alliance of Ranger.

Centennial Pageant Set in Cisco Tonite

Eastland County's Centennial Pageant will show, for the second time, Saturday night at 8 at Lake Cisco Swimming Pool. The first view of the event was given Friday night.

About 10 people are in the cast, highlighting the century of progress. The opening scene will feature Indian numbers, to be followed by a square dance. A children's chorus will also be featured.

Other highlights of the pageant will include a water ballet, cowboy numbers, the Four Discords (made up of a group of Cisco men), and a Charleston dance routine.

Ted Waters is director of the show. M. W. Cotton is narrator. Sketches of the county's history will be interspersed with special numbers illustrating different types of entertainment popular in the last 100 years.

candidates anyway. Commissioners, acting on a request from the County Democratic Convention to abolish voting precincts which cast less than 50 votes, did so with four exceptions and went a step further by doing away with four of the larger precincts in the county.

In all, 12 voting boxes will be abolished when the Court's action becomes effective Jan. 1. Boxes to be eliminated are Eastland City Hall, Ranger Young School, Staff, Alameda, Long Branch, Romney, Cook, Sabanno, East Rising Star, Pleasant Hill, Dotham and East Cisco.

The remaining 13 boxes were also renumbered by the Court. Voting precincts which were not abolished in the economy move, and the new numbers for the boxes, are: Precinct 1, Eastland Court-house; Precinct 2, Ranger City Hall; Precinct 3, Olden; Precinct 4, Gorman; Precinct 5, Carbon; Precinct 6, Desdemons; Precinct 7, Kokomo; Precinct 8, Rising Star City Hall; Precinct 9, Okra; Precinct 10, Pioneer; Precinct 11, Nimrod; Precinct 12, Cisco City

Hall; and Precinct 13, Scranton. That will leave three voting boxes in Commissioners Precinct 1 four in Precinct 2, four in Precinct 3 and two in Precinct 4.

Four precincts which cast fewer than 50 votes in the first Democratic primary election were retained. Commissioner Hob Carter of Cisco maintained that distance from another polling place as well as the number of voters involved should be considered. Four of the precincts which cast fewer than 50 votes are in his precinct. They are Pioneer, which cast 38 votes in the July primary; Okra, 25 votes; and Nimrod, 25. The other precinct which was retained despite the fact fewer than 50 votes were cast, was Scranton. Forty-two votes were cast there.

Commissioners said the move would save the county an estimated \$1500 every two years when the general election is held. That much money, and possible more, is expected to be saved by candidates who have to pay the cost of the Democratic primaries.

Ranger College Rangers will play five out of the top 10 junior colleges in the nation, on the football field, this season.

Starting out in preliminary football sessions Thursday afternoon, the Rangers are studying tactics through Saturday (today). They are holding two "black board sessions" a day, with Head Coach David Slaughter and Jim Puryear, assistant, conducting the classes.

Work-outs at the college, expected to have about 60 players participating. A total of 51 boys had reported Thursday afternoon.

Listed on the Ranger's rugged football schedule are games with Paris, Texarkana, Tyler, New Mexico Military College and Murry State Agricultural College—all in the top ten, as picked by sports writers.

Four home games are set. The first will be played with Navarro Junior College of Corsicana on Sept. 27. The following week Henderson County Junior College will meet the Rangers Oct. 18, and Cisco Junior College plays here, Oct. 25.

Here are the pre-season junior college ratings: 1. Arlington State 2. Tyler 3. Texarkana 4. Kilgore 5. Joplin 6. Henderson 7. New Mexico Military 8. Victoria 9. San Angelo and Del Mar (tie) 10. Howard County.

In the North, Cameron is picked first by sports writers. Slaughter puts Texarkana in first and Arlington in third.

Rangers are picked to come in fourth in the Texas Junior College Conference. Blinn is rated first, with Navarro second and Cisco third. Henderson is picked to come in fifth.

Murry State Agricultural College, which the Rangers face on Oct. 4, is rated second in Oklahoma, amongst the junior colleges.

Workouts will be held at 5:30 a.m. to 7 a.m., from 9:30 to 10:30 a.m., and from 2 p.m.—next week at the college.

When school starts, the spring sessions will start at 3 p.m. each day.

Members Urged... To Visit Club

Stockholders and their friends have been invited to visit the new Lone Cedar Country Club clubhouse Sunday afternoon.

Dr. James Whittington, Land company president, said that the clubhouse is now 95 percent complete. The air conditioning unit, which cools the entire clubhouse, will be tested Sunday afternoon.

Only cabinet work remains to be done in the clubhouse now.

Stores Will Close Monday

By Ronald Waters Labor Day will mean the last day of "freedom" before school starts for most of the public school students. It will be a day spent in swimming, boating, fishing, picnicking and other outdoor activities.

Most of Ranger's stores and businesses will close down that day (Monday), and about the only sign of local activity will be the Bulldogs and Rangers working out on the practice fields.

It'll be the last work-out before school starts for the Bulldogs, and it'll be the first for the Rangers.

Teen Town will be closed that day. No American Legion meeting will be held.

Most Rangerites plan to spend the last holiday, before Thanksgiving, at Lake Leon or out-of-town visiting relatives.

Many, many people will be on the highways, and Texas patrolmen and other officers are hoping for a deathless holiday. With 39 people predicted to die on the highways, it seems probable that the day will not pass without some fatal accidents.

Don't become a statistic. Drive carefully. Stay alive to see Ranger grow.

If everything goes well and everyone is careful, Eastland County—at least—should see the Holidays pass without a fatality.

New Library Hours Named

New library hours, effective this Wednesday, were announced by Mrs. R. A. Jamison, librarian.

The Ranger Community Library will be open from 2 to 5 p.m. each Monday, Wednesday and Friday.

All overdue books are to be checked in as soon as possible, Mrs. Jamison said.

Rangers Will Face Five Of the Top Ten Teams

The first week will be concerned chiefly with picking out the squads and placing them into two units. Substitution will be by units; scrimmages will concentrate on offensive plays.

Most of the 60 boys will be trying out for a place on the squad. Returning lettermen, playing this fall, are Wylie Wynnan, Jerry "Red" Cantrell, Dick Maxwell, Marvin "Buttons" Crawford, Jim Clark and Gerald Cross.

Formations have been studied by the Rangers. When they take to the field, they'll be using four "T" formations including the fly, slot, wing, and split.

Slaughter says the Rangers are hurt by lack of time, having only 10 days to prepare for the first

participating. A total of 51 boys had reported Thursday afternoon.

727 Students Enroll At Ranger's Schools

There'll be over 727 students in Ranger's public schools when the school bells ring in the first day of classes next Tuesday morning.

A total of 207 students are registered in Ranger High School, with 110 pupils enrolled in the

junior high school, and in the elementaries, Hodges Oak Park enrolled a total of 250 students and Young Elementary, 160.

Sophomores will make up the largest class at the high school, with 62 members enrolled. The

next largest class will be the juniors, with 56 students, and the Freshman class totals 53. Seniors, the smallest class, have 36 students enrolled.

About 12 or 15 more students are expected to enroll at the high school, Charlie Garrett—principal—said. On the first day of school last year, the enrollment figure stood at 232.

A total of 67 students enrolled in the seventh grade and 53 in the eighth grade Friday.

Tuesday will see a full schedule, from 8:30 to 3:50 p.m. in the high school and from 8:30 a.m. to 3:30 p.m. in the elementaries, with one-hour classes set all day.

A general assembly is set sometime this week at the high school. School buses will run on a regular schedule Tuesday and all of this week.

Over 73 first graders will be entering Ranger's schools. Friday, a total of 52 enrolled at Hodges and 21 at Young. About 15 or 20 more students are expected to enroll Tuesday at Hodges Oak Park, said O. C. Warden, principal.

Young Elementary has about 40 students in the sixth grade and between 20 and 30 in each of the other grades.

Tuesday will see a good number of students register in all the grades.

Welfare Club Needs Clothing Clothing in usable condition and especially children's clothing is needed by the Child Welfare Club Tuesday morning.

It will be accepted at the clothing room on Main St., beginning at 9 a.m.

Clothing will be needed for children going back to school.

Merchants Urged To Cooperate In Fall Campaign Merchants need to cooperate wholeheartedly with the Fall Campaign, set to start here early in September—that's the word from "Rip" Galloway, manager of the Chamber of Commerce.

Galloway urged all the local merchants to be present for a meeting to be held next Thursday night at 7:30 in the chamber office. Plans for the campaign are discussed at that time.

He added that a good agricultural income is expected by farmers in the area, that business prospects are good, and the business there—if local merchants will after it.

Proposals formulated by the Trade Extension Committee in an earlier meeting will be submitted to the merchants at next Thursday's meeting.

Among the plans for the campaign are the filling of downtown windows with merchandise a day goods, and the arrival of Santa Claus on Nov. 29 in a street parade.

Prizes will also be offered to winners in the annual home-decorating contest held before Christmas.

Lions Hear Talk on Mexico Members of the Lions Club heard a talk on the customs of Mexico, presented by Ronald Waters, Thursday noon.

Waters played two records which he explained were typical bullfight and mariachi music.

"When in Mexico—do as the Mexicans do," he said in urging the Lions to not look like tourists. The price automatically doubles when you walk in the door, he added, urging them to bargain in Spanish when possible.

Some of the customs of the country were outlined and explained, including fiestas, siestas, bullfights and courtship.

Waters emphasized that a Mexican represents a nationality and not a race. What is commonly called a "Mexican" is actually a person of Indian and Spanish descent, he explained.

County Farmers Busy With New Terraces

Completed terraces on their farm. The following landowners are in the process of terracing: W. H. Cooper, north of Cisco; H. A. Tyrone, Carbon area; E. J. Gilbert, Ranger; and Ike Maxwell, Cisco.

Farm ponds have been completed recently by Herman Reich, C. G. Pence and Gordon Woods, all in the Cisco area; L. D. Wyatt, Allene Gilbert and W. E. Pittman, of the Carbon area; and L. W. Miller of Staff.

Several landowners have requests on ponds and are in the process of construction at this time. The purpose of farm ponds are to furnish needed livestock water for distribution of grazing on range lands.

Many landowners of this area will soon be busy planting winter cover crops as a must in order to hold their soil and water in place.

This Summer Is Second Wettest In 47 Years

Eastland County farmers are seeing big gains again after good rains in the past few days have made the crop outlook in this area glittering.

July and August have already been two months which have caused Eastland County farmers to fail to make good peanut crops. It just doesn't rain much in those two or some months, Bureau records prove.

For instance, during 1957, the wettest year on record since 1911 when records were started, only 7.5 on an inch fell in July and just .41 was recorded in August.

In July of this year a total of 3.12 inches fell and so far this month 3.31 inches has been recorded. Average rainfall in July is just 1.74 inches and the August average is just 1.77.

For the year, a total of 23.61 inches of rain has been recorded. At this same time last year 24.57 inches had fallen, but this year's moisture has been better spaced as the rain chart below will show:

Table with columns for Month, 1957, and 1958. Rows include January through August, showing rainfall amounts for both years.

Despite good sub-moisture, peanut farmers in the county were crying last week until the drenching rains came. Some areas reported as much as four inches in three days, but some got as little as .50. It was a general rainfall, however, and everyone benefited.

Almost as beneficial as the rain was the comparative cool days which followed. The mercury dropped from the 102 mark to the low 90's and upper 80's.

Most peanut farmers feel that they will make a good crop now, but many still cling to that familiar story: "We need a good rain!"

'Deathless Days' Set for Holidays

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, made a personal appeal to Texas motorists today urging them to join an all-out attempt to make Labor Day a historical event free of traffic deaths. In his statement, Garrison said that he was talking personally to each driver when he asks them to join the DPS, Gov. Price Daniel, and business and civic organizations throughout the state in a drive to make Labor Day a yet unobtainable deathless holiday. He said such a traffic record for a holiday in Texas would be recorded in the history books.

"I would like for every driver to realize that his chance of becoming a motorist on this holiday is greater than he would imagine. On an average throughout the 72-hour Labor Day period, we estimate that one fatality will occur in Texas every two-and-a-half hours; a traffic accident will occur every two-and-a-half minutes. This will be the rate of our accidents and fatalities if records of past holidays hold true."

Earlier the Texas Department that 29 persons would become motorcyclists during the three-day Labor Day holiday extending from 12:01 a.m. Aug. 30 through 11:59 p.m. Sept. 1. The state police organization has planned an extensive traffic law enforcement program for the holiday weekend, alerting all available patrolmen for an around-the-clock vigil. The Texas DPS has labeled its program "Operation Motorcade" and will run its usual count of traffic fatalities.

Operation Motorcade will be bolstered by a "Deathless Days" campaign conducted by the Texas Association of Broadcasters, "Crusade Child Safety" during September conducted by the Dairy Institute of Texas and special safety programs conducted by Kiwanis clubs throughout the state.

Large Crowd Attends Style Show Thursday

A crowd of almost 200 attended the "Back to School and Autumn Style Show" in the Ranger High School auditorium Thursday night at 8:00. The show was pre-

sented by Beta Sigma Phi Sorority.

The following merchants participated: Penney's, Bell's Young Moders, The Smart Shop, Sweetbriar, The Gibbs, and Montgomery Ward.

Entertainment consisted of acrobatics by Jeri Jolly and music by the Teddy Bears, Billy Patton, Freddie Grant, and Jerry Underwood accompanied by Teddie Neefley, Joe Barker and Gary Ward as they sang "Carol", "Gingerbread", and "No One Knows."

Doorprizes were given to several members of the audience.

The show was planned by the ways and means committee, consisting of Mrs. Barbara Crouch, chairman; Mrs. Irene Hardy, Mrs. Charlie Rose, Mrs. Dalton Covington and Iris Hummel.

Proceeds will go toward community and international projects of the sorority.

Mrs. Blanche Murray Is Hostess At Child Welfare Club Meeting

Mrs. Blanche Murray was hostess at a meeting of the Child Welfare Club Wednesday, August 27, at 3:00 p.m.

Mrs. James Ratliff, president, presided at the business meeting. All committees gave their reports. Plans were made to open the old clothes room.

The refreshment table was laid with a white cutwork cloth, and centered with an arrangement of green carnations in a crystal bowl and green candles in crystal holders.

Mrs. Murray was assisted in serving by Mrs. L. R. Pearson and

Miss Gladys Mitchell. Mrs. Ratliff presided at the tea service.

The following members were present: Mmes. Marshall Jolly, M. L. King, P. M. Kuykendall, C. E. May Sr., Starley McAnelly, F. L. McMillan, Charles Milliken, James P. Morris, Pearson, David Pickrell, Ratliff, P. T. Smith, and the hostess Mrs. Murray.

Guests included Mrs. Earl Brown, Mrs. E.E. Crawford, and Miss Gladys Mitchell of Fort Worth, sister of the hostess.

The next meeting will be Wednesday, September 24, in the home of Mrs. James P. Morris.

The L. N. Bryan Family

L. N. Bryan Family Reunion Held Here Sunday, August 24

The family of Mr. and Mrs. L. N. Bryan met Sunday, Aug. 24, at their home for a reunion. All their children and grandchildren were present. Sunday was the first time the whole family has been to-

gether since World War II.

Those in the immediate family were: Mr. and Mrs. E. R. Bryan, Barbara and Becky of Odessa; Mr. and Mrs. Eldred E. Bell of Palestine; Mr. and Mrs. Buford N. Bryan and Nathan Ray of Covington, Kentucky; Dr. Herman Bryan of Dallas; and Mr. and Mrs. Raymon Bryan, Ricky, and Karen of Ranger.

A total of thirty-one relatives attended. Pictures were taken of the group.

TELEPHONE TALK
 by W. H. McAnally, Manager

A lot of planning and getting ready for school is going on these days. A family I know of prepares a check list of all the items that will need to be taken care of before school starts.

One good item to be put on that check list is—"Call the telephone company and order a bedroom telephone." You know, and I know, that our young people of today spend more time on the telephone than young people did several years ago. Today's teenagers appreciate having privacy on telephone calls. I'll bet if you ask them, they'll split the cost with you in order to have it.

We have a lot of our older young people off in college. They could use a Bell System Credit Card. The credit card is simple to use—just place the call from any telephone and give the operator your credit card number. The charge will appear on your next telephone bill.

NEW CURE FOR THE BLUES

I've always heard that women have a sure cure for the blues. Go out and buy a new hat!

Well, I'm not knocking hats or anything like that, but next time you need perking up, try ordering yourself a new extension telephone—in color.

Phones now come in cherry red; moss green; pastel yellow; aqua blue; light gray; rose pink; ivory; white; and light beige. They're not expensive, either. The one-time charge for a color phone is just \$10. Installation and monthly rate are exactly the same as for a standard black extension.

With a glamorous looking, step-saving, extension phone in your kitchen or bedroom, or alongside your sewing table, you'll be just a whole lot perkier.

TIPS FOR TRAVELERS

Whether you're on vacation or business, traveling by auto is a pleasant and handy way to go.

And when you're making a trip, Long Distance telephone service can be a mighty useful traveling aid.

When you start out on a long trip for example, you can't always be sure how far you'll get by nightfall. By lunch time or early afternoon, though, it's pretty easy to decide on an overnight stopping point. And that's the time to get to a telephone and call ahead for reservations.

At the end of a long, hot drive, just knowing you have comfortable accommodations waiting is worth a lot to your peace of mind.

Call by number. It's twice as fast.

GAME SANCTUARY in the south tip of Texas.

Dove Season Opens Monday In the State

AUSTIN — Dove hunters open the season in the North Zone of Texas Monday, Sept. 1, with one of the best crops of doves in years, according to the director of law enforcement of the Game and Fish Commission. The South Zone will be open one month later, except in the Rio Grande Valley counties where white-winged and mourning doves may be shot on Sept. 14 and 15, from 2 p.m. until sunset. The director gave a few warnings for shooters: Be sure you have your new 1958-59 hunting license, on sale with wardens, sporting goods stores and county clerks. Shooting starts at 12 noon and ends at sunset. Be sure to check your time and don't shoot by moonlight. The limit is 10 doves per day. After the first day you may have 20 mourning doves in your possession. This doesn't mean you can

County-

(Continued from Page One) The addition of much organic matter to the soil is of great benefit. Organic matter or crop residues is nature's way of feeding and conditioning the soil. Good land cover will help hold maximum rainfall in place, increase available plant food and air space within the soil, both of which are essential if land is to produce profitably. Winter cover crops often supplement farm income through high quality grazing. Hairy Vetch is regarded as the best winter legume for this area. Vetch not only gives protection and grazing, but increases the yield of following crops by adding organic matter and nitrogen to the soil. The supervisors of your local Soil Conservation district and the Eastland County ASC Committee wish to encourage landowners to plant cover crops this fall. Guy Horton, SCS employee of the local work unit of Eastland, has been attending a three week training session at the SCS Training Center located at Stephenville in the agricultural building on the campus of Tarleton State College. The training center attempts to give a good understanding of all phases of soil and water conservation. Field specialists assist the training center personnel in giving instruction for the type of work in their speciality field. Every effort is made to make the men realize that they have a great challenge in their work with soil and water conservation.

Christian Science

The practical importance of the healing works of Christ Jesus to mankind today will be brought out at Christian Science services Sunday. Scriptural readings in the Lesson - Sermon entitled "Christ Jesus" will include the account in John (9:1-7) of Jesus' healing of the blind man. From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read this selection: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love, casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in the cycles of divine light" (135:26). The Golden Text is from John (12:46): "I am come a light into the world, that whosoever believeth on me should not abide in darkness."
