Planning Committee Is Organized

Constructive Work Is Goal of Group

A group of citizens representing most parts of Eastland County got together Thursday night and agreed they would like to do something constructive for the county.

The meeting, held in the White Elephant restaurant in Eastland, was called by the Eastland Rotary Club. Ronald Burton, president of the club, told those who attended the meeting that his club had chosen as their club project for the year organizing a county planning group.

"Our club doesn't want to run this organization," Burton said. "We want to see that it gets started."

He said the group would not replace chambers of commerce or any club, but would work with those groups.

Burton explained that his club had invited presidents of various clubs in the county to attend the meeting, along with representatives of the press and radio.

The group selected a prime-mover of seven men. These men are to take the proposed plan back to their communities, explain it to their citizens and help select their local representative to the permanent county planning organization.

Members of the prime-mover committee are James McCracken of Cisco, who will serve as chairman, Cyrus Frost of Eastland, Les Crossley of Ranger, Bob Shults of Rising Star, Gene Baker of Gorman, L. A. Clark of Desdemona, and Mack Stubblefield of Carbon. The committee will meet Feb. 12.

Stressing the theme, "1960—The Year of Decision," Burton and Dr. James Whittington, a member of the Eastland Rotary Club project committee, attempted to show the need for a county planning group.

Burton showed charts revealing the county's population decrease since 1930. He said the county has dropped from 34,156 in 1930 to an estimated 20,200 now, a decrease of 13,956.

Most of the county's population loss has occurred since 1940 when the county's population was 30,345. In the 1950 census report, Eastland County's population was listed at 23,742.

He also showed that the county's school population has decreased from 7,764 in 1940 to 5,248 now.

Dr. Whittington gave a brief history of how each of the seven in Eastland County came to be,

tracing their growth patterns through the years.

Then he dared those attending the meeting to be different. Saying that every little town in the county is seeking industry, Dr. Whittington declared, "The only thing that will work for us is to be different."

Using a tape recording prepared by Dick Spalding, he proposed that the county be made into a "vacation wonderland of North Central Texas." He said the county is located between some four million people who are hungry for recreation, and said Eastland County, with its many lakes and historical points of interest, should capitalize on this hunger.

"Our need is people," Dr. Whittington stated. "If we can get the people they will solve their own problems. They will bring industry with them."

Burton stressed the fact that (Continued on page two)

Ralph Reynolds Attends Abilene Sales Meeting

Ralph Reynolds of Reynolds Ford, Inc., Ranger, attended a Ford Division truck sales workshop in Abilene this week.

He is one of 22 Ford dealership representatives from west Texas who took part in the comprehensive five-day training program conducted by Charles F. Kelly of Ford Division's Southwestern regional sales office in Dallas.

Purpose of the course was to ground each salesman thoroughly in the principles of fitting the proper truck to every transportation situation. Instruction includes study of weight and load distribution problems and uses of trucks in specialized industries.

Classroom sessions were also devoted to improving sales techniques and management. Emphasis was placed on practical application of sound business fundamentals.

On Jan. 29, the salesmen were awarded a certificate signifying their successful completion of the training course. Similar workshops are held throughout the year in principal cities in the seven-state area covered by the Southwestern region.

County Stock Show Dates Announced

The Annual Eastland County Livestock Show will be held at Eastland on March 25 and 26 according to Curtis L. Boase, assistant county agricultural agent.

The Eastland County Livestock Raisers Association, sponsors of the show, met on Jan. 14 at Eastland and set the date of the show as well as making other plans connected with the show. It was decided at the meeting

that the auction of all the fat animals would be on the Saturday night of the show. The auction will be held at the Eastland Auction Company. Also decided at the meeting was for some exhibits of the present buildings to be made more room for the hogs. George Steele, the president of the Association, presided at the meeting.

Many boys and girls of Eastland County are again looking forward to this annual event. Boase said. Ninety-five 4-H boys and girls have already turned in entries for 155 animals, according to Boase.

Entries have been received for the following from 4-H boys and girls of Eastland County: 12 brood sows and gilts, 12 beef cows, heifers and bulls, of the Angus and Hereford breeds, 26 fat hogs, 43 fat lambs, three fat steers, 25 Angora goats, 15 ewes and rams and 14 dairy cows, heifers and bulls.

MISSILE ON THE MOVE—One of the U. S. Army's giant Corporal artillery missiles, developed in Europe as part of our first line of defense, rolls down a German road during a move to a training area. The missile, a weapon of the 40th Artillery, shows the mobility and adaptability of the modern Army since the vehicle on which it is being hauled serves as an erector at the launching site. Field forces in Germany are constantly on the alert and undergo intensive year-round training.

TESCO Announces Six Fellowship Awards Available

Six research fellowships in atomic energy for graduate students in Texas colleges and universities will be awarded this summer by the Texas Atomic Energy Research Foundation and the General Atomic Division of General Dynamics Corporation, it was announced today by J. B. Thomas, president of Texas Electric Service Company.

Texas Electric Service Company is one of 11 investor-owned electric utility companies operating in Texas who comprise the membership of the Texas Atomic Energy Research Foundation.

The recipients of the six research fellowships will work under the direction of General Atomic scientists on the controlled nuclear fusion research program being jointly sponsored by General Atomic and the Texas Atomic Energy Research Foundation at the John Jay Hopkins Laboratory for Pure and Applied Science at San Diego, California.

The students will assist in theoretical and experimental research in controlled thermonuclear energy as part of the world's first and largest privately financed program in the use of nuclear fusion for the generation of power and energy. Nuclear fusion is the process responsible for the tremendous power of the hydrogen bomb and the energy in the sun and stars.

This research may eventually lead to the harnessing of the might of the hydrogen bomb for peaceful purposes, including the generation of electric power.

The recipients of the six fellowships will be announced April 1 by a selection committee composed of representatives from Texas educational institutions, General Atomic, and the Texas Atomic Energy Research Foundation. The students will be selected, if possible, from different colleges, but there is no limit on the number of applications which may be filed from any one college. Preference will be given to students with high scholastic standing and with aptitude in experimental, mathematical or theoretical physics.

In order to be considered for a scholarship, a student must intend to continue further graduate studies in a Texas college or university.

By Rev. Lively Brown Pastor of First Methodist Church THE PROBLEM OF EVIL

If God is as great as we believe, then we cannot fully understand Him and all His ways. The Bible urges us to leave a great deal to God and stop worrying about it. But we do know about God what is most important for us to know, what He is like and what His attitude is toward us. We know He is like Christ loves us and forgives us. The very greatness of God is a guarantee of this.

I know not what the future hath Of marvel or surprise, Assured alone that life and death God's mercy underlies.

I know not where His islands lift Their fringed palms in air; I only know I cannot drift Beyond His love and care.

Nevertheless we cannot help wondering about the existence of evil in the world. Why is there sickness, suffering? Why are some rich, some clever, some lucky, some good looking? Why are there idiots, the blind, the deaf, the dumb, the crippled? Why do the wicked get away with so much and the consequences of sin fall on the innocent? It is a long and endless list.

We know the answer in part but only in part.

1. We know that of all creatures, man is capable of suffering

Supper and Meter Receipts Go to March of Dimes Fund

Final plans for the March of Dimes Aunt Jemima Pancake Supper, to start at 6 p.m. tonight (Saturday), have been completed by the Ranger Lions Club.

Charles Milliken, chairman of the Pancake Supper activity, announced at the Thursday Lions Club meeting that everything is all set. The only thing needed is for everyone to attend.

Milliken extended, on behalf of the Lions Club, appreciation to the businesses that had contributed products for the supper. The Quaker Oats Company donated the Aunt Jemima pancake mix, Mrs. Turker's Foods donated the Oleo, and H. G. Adams Grocery and Market of Ranger donated the sausage.

There will be tickets available at the cafeteria if anyone has not had a chance to purchase tickets. This is not likely though, since Lloyd Bruce, D. C. Arterburn and Ted Nickisch have really been selling tickets.

The March of Dimes Campaign has been progressing very successfully, according to Mrs. J. A. Bates county chairman, and Dr. Ted Nickisch, city chairman. The Mother's March, in a preliminary report, has surpassed the 1959 total and several groups have not turned in their collections.

The entire receipts collected by the parking meters in Ranger Saturday, Jan. 30 will be donated to the March of Dimes campaign.

With several activities still to be held for the March of Dimes Campaign and the containers to be collected from the businesses by the boys' scouts, one of the best March of Dimes drives ever is anticipated for Ranger.

Game Tourney Planned By 1920 Club

The 1920 Club is planning a games tournament to be held at the Community Club House at 7 p.m. Friday, February 5.

The tournament which will include bridge, 42, and canasta is for the raising of funds for the 1920 Club scholarship, which is given to a Ranger High School graduate at Ranger College each year. The scholarship includes tuition, fees and books. The present recipient of the 1920 Club Scholarship is Miss Addie Varner, a 1959 graduate of Ranger High School.

Mrs. Charles Gann is chairman of the tournament committee, and is being assisted by Mrs. Judson Hardy. All members of the Club has tickets available for the tournament. Tickets are 50 cents each. Refreshments will be served and prizes will be given to the winners in each section of the tourney.

Ranger Quints Lose Triple-Header Fri.

The Winters Blizzard came from behind in the second half to rip the Bulldogs 56 to 43 here Friday night.

The Bulldogs, playing like a group of veterans the first half of the game, led at half-time 27 to 24. But shortly following the half, starters Dean Richey and Charlie De Los Santos fouled out, a n d Winters broke lose for 32 points in the last half.

James Henry was high for the Bulldogs with 12 points, followed by Charles White with 10, Jerry Wilson with eight, Dean Richey, seven, De Los Santos, four, and Don Chatham with two.

Jimmy Smith hit 14 points for Winters and James Williams 12.

Winters won the B game 51 to 39. The Bulldogs led at the half in this one also, but couldn't hold the lead. Don Chatham scored 17 points for the Bulldogs, and Jimmy Hogan hit 14. Jimmy Dunsam and Tommy Young were high for Winters with 14 and 12.

The Bulldogs will travel to Cisco Tuesday night to play the District leaders.

Henderson County Clips
Ranger College

Henderson County jumped out to a 15 point lead early in the first half and held it through the entire game to down the Rangers 95 to 65 Friday night.

Henderson County had four boys to hit the double figures. Milt Lehman with 21, Harry Jenkins with 19, Durrell Pierce with 17, and Boyce Phillips with 15.

James McElroy led the Rangers with 15 points, followed by Kenneth Hart with 12, Wilbur Smith and Danny Walsworth each with 10. Bob Day seven, Clyde Smith five, and Jack Pretridge, Jerry Don Anderson and Howard Stallings each hit two.

Ranger College will start conference play here at 2 p.m. tonight (Saturday) against Blinn Junior College.

Final Rites Sat. At 2 p.m. For Mr. Landtroop

Mr. Green Frank Landtroop, 79, died in the Ranger General Hospital Thursday, January 28, at 5:35 p.m. where he had been ill since Tuesday.

Mr. Landtroop had been making his home with his son, Lloyd, at 208 Brown Street. He has resided in Ranger for the past 49 years. He was born December 1, 1880 in Bonham. He married the former Bertha E. Lester August 31, 1902 in Meridian where they lived for 12 years, then moved to Johnson County and made their home there until moving to Ranger in 1920. Mrs. Landtroop preceded him in death December 28, 1955.

Mr. Landtroop worked for Lone Star Gas Company for 25 years, retiring in 1945. Prior to that he was a farmer in Burleson.

He was a deacon and charter member of the Second Baptist Church of Ranger.

Funeral services will be held at 2 p.m. Saturday, January 30 in the Second Baptist Church with the Rev. Ed L. Scarborough, officiating. Interment will be in the Evergreen Cemetery with Killingsworth Funeral Home in charge of arrangements.

Survivors include three sons, Homer of Karnes City, Lloyd of Ranger and Raymond of Dallas; one daughter, Mrs. Hershell Angus of Ranger, three brothers, Ed of Floyd, New Mexico, Amos of Fort Worth and Leonard of Albany; eight grandchildren and five great-grandchildren.

Pallbearers will be Forrest Ford of Bronck, M. W. Enard of Bronck, Cecil I-suka, J. D. Nichols, Carl Page, Gaston Dixon and O. N. Hamilton, all of Ranger.

Bond Sales Goal Topped

Eastland County went over the top in Savings Bonds sales in 1959, Guy Parker, county chairman, revealed today.

Parker announced that the county achieved 102.4 percent of its goal of \$545,000. Total sales in the county were \$558,096.

Only three counties in the 29 county Fort Worth Area had sales larger than Eastland County's. They were Taylor, Tarrant and Wichita counties. And Eastland County was one of just seven counties in the Area which made its goal.

Parker said the county had sales of \$51,000 during December to put the drive over the top. That placed Eastland County second only to Taylor County in District 13, both percentage-wise and in total sales. There are nine counties in the 13th District. Statewide, sales totaled \$152,327,812, or 83.8 percent of the state's total bond goal.

During December, Texas Savings Bonds sales were the greatest since March of last year, according to Parker. He attributed that to the recent increase in interest on Series E and H Savings Bonds and to the efforts of "the hundreds of bond volunteers serving on the state and local bond committees."

First Baptist Redecorates Nursery Dept.

The three rooms serving the nursery department of the First Baptist Church have recently been redecorated throughout, and new floor covering has been laid, according to Lewis Green, chairman of the building committee.

There are eight beds for the smaller children. Two paid workers are on hand at all church services, and volunteer workers will help when needed. The paid workers have health certificates from the city health department. Germicidal lamps are used to further insure the greatest protection for the babies.

Mothers volunteer to help the paid workers. The number of volunteer workers depends upon the number of children present. These volunteers are selected by Charles Murr, Sunday School Superintendent.

The program and care of the babies is supervised by the nursery committee. Rayneel Baze is chairman of this committee. Other members are Jim Blair, Mmes. L. C. Stephens, O. C. Warden, and Mrs. Baze. Mrs. Harry Deal and Mrs. W. H. Riddell are the paid workers.

Three separate rooms make up the nursery. One room is for the three-year-olds, and one is for the children under three. The other is for the small babies.

The heating system maintains the proper temperature for both summer and winter. The plumbing system is of the best, and new fixtures have been ordered. The system affords both hot and cold water and other sanitary measures for the safety and convenience of the children.

Open house will be arranged for as soon as the new plumbing fixtures are installed.

CONSTIPATED? Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.

SAFARI FOR SOULS
WITH BILLY GRAHAM IN AFRICA
by TOM McMAHAN, Release Editor, The State, Columbia, S. C.

The opening crusade of Billy Graham's African Tour came near being an official project of the national government than any other campaign the globe-trotting evangelist has ever held. Graham came to this 113 year old West African Republic which was founded by freed men from America, at the official invitation of President William V. S. Tubman who has just begun an auspicious and unprecedented fourth term.

Vice President William R. Tolbert, Jr., who is also pastor of a Baptist Church in his own community, was chairman of the crusade committee and many other governmental leaders had prominent rolls. Liberia is probably the most Christian nation in the world of officially speaking from the Protestant point of view. Its declaration of independence was addressed to "the nations of Christendom." Many high officials double as ministers. The President himself is a local preacher in the Methodist Church. However, Animism is still prevalent in the interior and it is estimated that up to 25 per cent

of the population is Mohammedan. Monrovia is a city of contrast. From the government rest house where the Graham team members are guests of the President, one can look out on a luxury hotel at the foot of the hill which is being rushed to completion. Liberia seems to be on the threshold of a great surge forward economically and there is almost no bitterness because of colonial oppression such as exists in nearby lands.

The spirit of nationalism which exists in Africa is manifested here by the restoration and preservation of African culture and the replacement of foreigners in key positions as fast as Liberians become qualified to run the jobs. At a luncheon given in honor of Graham in the Executive Mansion, President Tubman said the crusade had welded churchmen and missionaries together in an unprecedented unity.

The Order of African Redemption, Liberia's second highest honor, was conferred on Graham by President Tubman. The former farm boy was made a Grand Commander of the Order. Liberia's promise of freedom was the key consideration in the location of a missionary radio village from which the Gospel is beamed to many lands in many languages. Station ELWA of the Sudan Interior Mission, located on a beach front that resembles coastal Carolina or Georgia, rushed in to service a new 50,000 watt transmitter to extend the impact of the Graham meetings. Most other African nations have government controlled radio, an ELWA executive noted.

The public meetings of Graham attracted many of the upper class as well as an unexpected number of semi-literate people. The first night audience was estimated at about 8,500. Nearly 500 persons came forward to register decisions for Christ.

Everyone is welcome to attend the church services.

Christian Science
How prayer enables man to cope effectively with the problems of daily living will be brought out Sunday at Christian Science services.
Each section of the Lesson-Sermon on "Love" will deal with some aspect of prayer as taught by the master Christian, Christ Jesus. Selections to be read from the Bible include these verses from the Sermon on the Mount: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you; For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened" (Matthew 7:7,8).
Also emphasizing the power of prayer are citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, which include the following: "If we pray to God as a corporeal person, this will prevent us from relinquishing the human doubts and fears which attend such a belief, and so we cannot grasp the wonders wrought by infinite, incorporeal Love, to whom all things are possible" (13:20-24).
