As I See Ranger

By Gene Townsend

The eyes of the boxing fans will be turned to Abilene this weekend as the Regional Golden Gloves tournament gets underway. Several names familiar to boxing fans are slated to fight in the three-day affair that started Friday night. Ted Posy, formerly of Cisco, and now at Hardin-Simmons is to be back this year. He won the light heavyweight open division in 1957 and 1958. Jerry Robinson, 1958 lightweight champion, will renew his rivalry with Richard Herrera of Sweetwater again this year. Robinson and Herrera have met in the ring many times in the last three years and it is always a toss-up as to which one will emerge winner. Don Slaton, formerly of Olden, and now of Cisco by way of Eastland will be one of the referees. Slaton was the 1958 heavyweight open class champion. Robert Baker, the 1959 High School bantamweight champion of Cisco, will be around to defend his title.

Eastland will soon be dialing their telephone numbers instead of hearing the familiar voice of "number please." They are scheduled to begin dial operations at 1:01 a. m. Sunday. We were talking to the editor over at Eastland about the cutover and asked him if he was going to be on hand for the big event. He said that for awhile he was trying to think of a way to get out of being up at that early hour, or late hour, whichever it would be, but Archer Mark, superintendent of this district invited him to dinner at the Lone Cedar Country Club, and that had made the sacrifice a little easier to make.

We were talking to Ted Nickick a few days ago about playing golf, and he told this story about an incident that happened to him in connection with golf. It seemed that he had taken off from work one afternoon to do something, and having some time before he was scheduled to do whatever it was he was supposed to do, he went out to play a few holes of golf. He was fortunate enough, or maybe it should be unfortunate enough to make a hole in one while playing. Anyway there was a big wrisp in the paper next day with picture and all about his hole in one. When he went to the office the next morning the boss was looking at the papers and asked, "What was that you were going to do yesterday?"

That story brings us around to telling one on ourself. A few weeks ago we slipped a little early to go to play some golf, and on the way to the course, we approached a railroad crossing where a train was crossing. Judge Grissom of Eastland was stopped at the track waiting for the train to cross. As we neared the crossing we hit the brakes on our car, expecting to come to a stop, but there wasn't any brakes. As you who have had the same thing happen to you know, the car seemed to actually speed up when we hit that useless brake pedal. Fortunately we were able to cut the wheels enough to miss the back of the judge's car. So it looks like it is sometime safer to be working than it is to be playing.

The nice slow rains that we have been having the past month or so has been putting some good moisture into the ground. There is reports of seeps and springs around the country that are seeping water now that haven't seeped in the past 40 years. It may seem to be a nuisance now, but next summer the farmers are going to appreciate the season that has been stored in the ground this winter.

We notice where Don Kincaid is a candidate for State Representative. He is at present teaching school in Cisco. There is one sure bet, if he gets in, Eastland county will have someone down at the capital who will back any bill to help the educational system.

Lions Hear Program On Nike Defense

The Ranger Lions Club heard an interesting program Thursday on Nike defense, by Lt. E. Echols and Pfc. Lavigne of "D" Battery, 4th Missile Battalion, located at Camp Wolters in Mineral Wells.

Lt. Echols showed a film "Nike for Defense of America" which showed the development of the Nike missiles, the firing and the actual target destruction by the missiles.

Following the film Lt. Echols gave a talk on the operation of the Nike defense system. He told of the warning system that is set up to warn of an attack on the United States by air. The Decline, set up across the Arctic Circle, is a line of Radar station, Barges and Picket Ships that form this warning network. This is called the detection phase of the operation.

The identity phase, which consists of the known flight plans of all aircraft companies, in order to identify aircraft by its speed, height, and course of flight. Identification is also made by a device installed in planes called IFF (Identify Friend or Foe). Intercept or planes are also used for identifying aircraft.

The final phase of the Nike defense system is the destruction phase. This phase consists of the actual firing of the missiles and guiding them to the enemy planes. The Lieutenant went on to tell of the three types Nike missiles, two of which are already on location at Nike Bases all over the country, and the third which is still being tested.

The first of the missiles, the Nike Ajax, is for defense against the relatively slow type aircraft of the World War II models, with a striking range of over 25 miles. The second is the Nike Hercules, for defense against super-sonic aircraft of speeds 1800 miles an hour and over and altitudes of 150,000 feet and over. The Nike Zeus, which is still in the development

stage is to be for use against ICBM's (Inter-Continental Ballistic Missiles).

Lt. Echols also answered questions about the Nike bases and their operation. He told of the four Nike bases already installed in the Dallas-Fort Worth defense area, and said that others were to be installed. The bases consist of the actual launching area of the above mentioned missiles. Each base consists of more than 100 enlisted men and officers.

J. A. Bates was program chairman for the meeting.

E. W. Griffin Is Candidate For Commission

E. W. (Bud) Griffin, 59, today formally announced his candidacy for the Precinct 1 (Eastland, Ranger and Olden) commissioners post.

Griffin, a resident of Olden for the past 29 years, has lived in Eastland County since 1931. He moved to Ranger in that year, and operated Hagaman Water Works' Ranger's first water supply. After the water works sold to the City of Ranger, he continued to work for the city for many years.

He was married in 1913 to the former Allie Brumlow of Ranger. In the last 20 years he has been active in oil field work and owned and operated a hotel in Kermit.

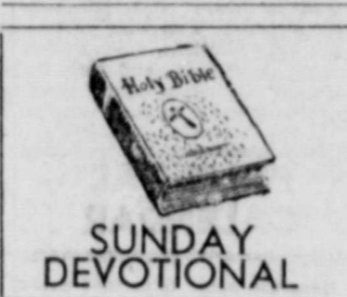

He is a member of the Masonic Lodge.

This is Griffin's first time to seek public office. In announcing his plans to run, he said he believes that he is capable of doing the job as it should be done.

"I'm qualified, capable and conscientious," he stated. "When I'm elected commissioner, everyone in Precinct 1 will have equal rights."

When The Lord Comes
by
Rev. J. C. Atkins
Pastor, Church of God, Strawn Road

In Luke 18:8, we find "Nevertheless when the Son of Man cometh, shall He find faith on the earth?"

This has been proven true. Ever since Christ returned to His Father, there have been good Christians on the earth. Now there are good faithful Christians who have faith in God; who have not denied the faith.

Hebrews 10:23: "Let us hold fast the profession of our faith without wavering." In the thirty-fifth verse of the same chapter, "Cast not away therefore your confidence which hath great recompense of reward!" Hebrews 11:6: "But without faith it is impossible to please Him." James 2:17: "Even so faith, if it hath not works, is dead, being alone."

What are some other things that the Lord would find if He should come to earth today? He would find some people too busy to go to church. If you are too busy to go to church you are too busy. He would find lukewarm Christians: Some who are good enough in their self-righteousness; moral people who are also good citizens, good neighbors, but who see no need to be born again. Let your moderation be known unto all men, the Lord is at hand.

Christians, everywhere: Let us stand up and be counted. We can stand upon His promises and let our light shine. We must not forsake the assembling of ourselves together. We must worship together as a sign before the highway reads "The family that prays together stays together."

If you are so discouraged, you think there is no need to go on, just renew your faith in God and remember that He is able. Steal away and pray and your faith will increase. Never be so carried away with the cares of life you forget to pray. When would you pray? Luke 18:1: "Men ought always to pray." Where should we pray? 1 Timothy 2:8: "I will therefore that men pray everywhere." Have you wondered if God answers prayers? A search of the Bible reveals that 667 prayers for

special things were offered and 454 were answered. Therefore have faith in God. James 5:16 "The effectual fervent prayer of a righteous man availeth much." But James had already said in 4:3: "Ye ask and receive not, because ye ask amiss."

Don't get discouraged. Be sure what you are asking for is according to God's will and keep on asking. Consider the widow and the judge from Luke 18:6-8. Think what the unjust judge said. And shall not God avenge His own elect which cry day and night unto Him, though He bear long with them? I tell you that He will avenge them speedily. Nevertheless when the Son of man cometh, shall He find faith on earth?

LBJ Clubs will Try Hard for Nomination May 7

From now until May 7, there are three months of annual political significance to Texas.

During these three months, thousands of Texans will put one goal above all else—the nomination of Sen. Lyndon B. Johnson to be president of the United States.

These people—members of the more than 260 Johnson for President Clubs in Texas—are volunteers. They are businessmen, who are putting off of business trips until later, carrying on much of their own work at night. They are housewives who are putting off of the spring cleaning this year because "it's not as important as this."

More and more, you'll be able to recognize these people by the hats they wear. Not the hats on their heads, but little bronze West-ern hats with the letters "LBJ" on them. Men wear them as lapel pins; women at the necklines of their dresses. Later on at meetings and rallies, they'll wear red, white and blue badges printed "All the Way With LBJ."

Nerve center of the operation is the Johnson for President Headquarters in the Littlefield Building in Austin. From it goes a steady stream of bulletins, news material, pins, badges and brochures. Into it come the reports of activities over the state and—increasingly—over the nation.

May 7 is the first important date to the Johnson workers because, under the new election laws, it's the date of precinct conventions.

There are a small number of candidates for statewide office this year, meaning probably, light or heavy interest in the primary voting that will take place May 7. Additionally, there's no big cat-and-dog fight brewing in connection with the precinct conventions, as there often has been in years past.

It's the sort of situation in which a lot of people might decide on Saturday night, May 7, that they might as well stay home on the couch and watch "Gunsmoke."

There's another consideration this year, too. Unless the poll tax holder goes to the primaries to vote, he can't get his poll tax stamped "Democratic." And without a poll tax stamped "Democratic" he can't even get into his Democratic precinct convention.

Johnson workers have no fears that if there are no-sized turnout for the precinct conventions, there'll be strong majorities for naming the senator favorite son nominee and chairman of the Texas delegate to Los Angeles.

What they're working against is the possibility that many might not feel any urgency in the matter because "there's nothing to fight over this year."

Jerry Underwood Receives ACC Football Letter

A former Ranger High School footballer will be awarded a 1959 Abilene Christian College B-Team football letter, according to Jimmy Hirth, Wildkitten coach.

Jerry Underwood, a 6-foot, 183-pound halfback, will be one of 19 gridders receiving the awards. He is a freshman in eligibility. The ACC B-Team compiled a 1-4 record for the year, defeating the West Texas State B-Team, while losing twice to the Arlington State B-Team and to Fort Hood and the Tulsa Freshman.

News From Area Towns

Safety Group is Formed By C of C Group

A new community safety committee composed of Floyd R. Jones, chairman, Haywood (Doc) Cubanes and Catherine Cunningham was named at the semi-monthly meeting of the board of directors of the Cisco Chamber of Commerce at noon Tuesday.

President Sam Kimble, in naming the committee said the group would work with city police and others in a general safety education program.

Stage Band Takes First at Trinity
The Rising Star High School Stage Band took first place honors in Class A division at the Trinity University meet, San Antonio, last week for the second straight year.

The Stage Band also won first place as the "Best Show Band." Gerald Green, first chair player, earned an honor for himself by making the all-star band selected from the competing organizations.

Dial Telephone Service to Begin Sunday
Eastland residents will find one of the world's finest, most modern communications systems at their fingertips Sunday morning.

The old manual telephone system will die a sudden death early Sunday morning and in its place will be a modern dial telephone system.

The change will be made while the city sleeps. The new system will be "cut" into operation at 1:01 a.m. Sunday morning. It will be a big day in Eastland's telephone history. It will ring out the old, ring in the new here at 1:01 a.m. Sunday when Southwestern Bell Telephone Company puts the new dial system into operation.

Mary Lynn Hunt Enters Scottish Rite Hospital

Mary Lynn Hunt, 16-year old daughter of Mr. Jack Hunt of General Delivery, Olden, was admitted on Wednesday, Jan. 27 to the Scottish Rite Hospital for Crippled Children in Dallas.

Thirty-five years ago, Scottish Rite Masons founded the hospital dedicated to an effort to provide a chance at a normal life for the handicapped child. Since 1925 more than 170,000 children have been admitted for treatment at the hospital, which is supported by public contributions and bequest.

Especially staffed, unusual physical facilities and devoted interest in the individual make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

Sixteen Lettermen Return— Eight Rangers Go To Senior Colleges

Eight of the sixteen sophomore lettermen on the 1959 Ranger College football squad have received scholarships to senior colleges. Ex-Rangers coach David Slaughter drew the largest group of Rangers, getting two backs and one lineman. James Stanford, Bill Phillips and Jackie Waggoner chose to go to Sul Ross. Phillips and Stanford each won dual honors at Ranger the past season. Both were picked on the All Texas Junior College team and the All Conference team of the Texas Junior College Conference. Stanford also made both honors in 1958 as a freshman.

Stanford, a guard and linebacker, attended high school in Breckenridge. He majored in industrial architecture while at Ranger College. Phillips is from New London, where he made all-state honors in high school. He majored in Physical Education at Ranger College. He played halfback and fullback at Ranger, and also earned a letter in basketball.

Waggoner alternated at quarterback and halfback on the Rangers squad. He attended Rotan High School. Waggoner is a law major. He was offered a football scholarship to a Louisiana college, but chose to go to Sul Ross on a baseball scholarship instead.

West Texas State was the choice of two ex-Rangers, Dean Faulkenberry and Jim Hamilton. Hamilton is another Ranger that was picked on the All Texas Junior College and All Conference teams.

Hamilton played end for the Rangers. He attended Seagraves High School and is a Physical Education major at Ranger College. He also earned a basketball letter at Ranger. Hamilton is still enrolled at Ranger College and will graduate in the spring and then will receive his scholarship to West Texas State.

Faulkenberry played both end and in the backfield. He attended High School at Loop, near Seagraves. Faulkenberry is a Business major. He also earned a letter in basketball at Ranger College.

R. E. Duggan, another Seagraves lad chose McMurray in Abilene. Duggan played fullback for the Rangers, and in the first seven games of the season racked up a respectable yards gained average, but unfortunately he was injured in the latter part of the season and didn't get to play the last five games.

James Hoskinson, a Fort Worth boy, and an outstanding lineman for the Rangers, is attending Corpus Christi University.

Wayne Gravelly of Tyler, is attending Steven F. Austin College at Sherman. Gravelly was picked on the All Conference team as a defensive tackle.

Coach Jim Puryear said he was pleased that he could place these boys in senior colleges, and that he was sure that they would do a good job for their new schools. In speaking of possibilities of the coming season, he said that it is tough to get a Junior college where one loses half or more of his lettermen each year, but he has 16 experienced lettermen returning from last year's squad. A letterman in each position from which to build a team.

Returning lettermen are Kenneth Hart quarterback, Erby Hugh Wolfe, reserve letterman quarterback, Prinitis Gidney, fullback and Butch Scott, reserve letterman fullback; Sunny Oates and James Knickerbocker, halfbacks.

Clyde Smith and Delbert Jones, centers; Phillip Reed and Horst Krause, tackler; Carroll Richardson, Pat Blackley and Glen Clark, guards; and Stanley Reed, end and Bill Levy and James R. Yancey, reserve lettermen ends.

Methodist Church To Have Guest Speakers Sunday

Guest speakers will conduct morning and evening services at the First Methodist Church this Sunday.

The morning worship service will have as the guest speaker Chaplain (Capt.) Harry Spencer of Dyess Air Force Base. Chaplain Spencer is a Chaplain of the Disciples of Christ Denomination and was recently returned from a tour of duty in France.

A group of college students from the Wesley Foundation in Stephenville will be at the church Sunday evening at 8 p.m. The evening meal will be served by ladies of the church to all the youth present. These students will meet with the Intermediate and Senior classes to give ideas on how to make the Sunday evening programs more interesting.

These same students will have charge of the Sunday evening worship service. After church there will be recreation for the youth in the basement of the church.

Everyone is invited to attend these services.

New Law Will Affect Allotment of Farms

The County Committee of the ASC office in Eastland announced this week that there is a new law governing the cotton and peanut allotment farms.

This new law is a complicated procedure and producers who do not plan to plant at all in 1960 should contact the county office at once so that plans can be made to maintain the allotment history for the farm.

This is an entirely new procedure and demands the attention of every producer.

The committee also announced that it will again offer cotton pre-measurement service in cotton production. Producers may make application for this service from Feb. 15 to March 15.

There is no pre-measurement service offered to peanut growers. However, as in the past, both cotton and peanut producers may come to the county office and get in making an estimate from aerial photographs of the acreage to be planted.

A new flight of aerial maps have been received at the office and information will be determined in 1960 on the new maps.

The County office is now accepting released acreage on cotton and peanuts. If farmers do not intend to plant the allotment, they will go to the county office and accept release of the acreage. The latest date for releasing peanuts and April 8 is the final date for releasing cotton.

If a producer wishes additional acreage from the released acreage, applications may be made in the county office. This additional acreage is for one year only and does not count toward history

average for the farm. Peanut producers must file an application for additional acreage by April 4, and cotton producers must file by April 8.

Strip cropping is the same for 1960 that it was in 1959.

Bulldogs Win District Game At Mavs Expense

The Ranger Bulldogs, behind the 26-point performance of Dean Richie, took a hard fought 42-41 decision over the Eastland Mavericks Friday night to post their first District 7AA win.

There was never over six point difference in the score. The first quarter ended tied at 8-8, then the Bulldogs went out in front 22 to 19 at the end of the first half. Eastland pulled out front in the third quarter 34-31, but with only minutes left in the game Ranger went ahead.

In addition to Richie's 20 points, Charles White scored 14, James Henry and Jerry Wilson each hit four, John Wilson and Phillip Lewis lead the Mavericks with 10 and 11 points.

In the B-term game Eastland came from behind with two minutes remaining in the game to down the Rangers 29 to 25. Tonyon Beck was high for Eastland with 18, and Jimmy Hogan was high for Ranger with eight.

In other action in the district Cisco and Winters remained tied for the district lead by winning their games. Winters edged Coleman 27-24, while Cisco posted an easy win over Bullinger.

Action Tuesday night will see Bullinger at Ranger, Eastland at Winters and Cisco at Coleman.

Olden Students Are College Favorites

Tommie June Sharpe and Jack Hilliard, both of Olden, have been elected favorites of the Ranger College Evening Division.

Tommy June, the daughter of Mr. and Mrs. Tom N. Sharpe of Olden, was a 1958 honor graduate of Olden High School. Though majoring in business administration in Ranger College, she has a nursing career in view and tentatively plans to attend Hardin-Simmons University after she has finished her work at Ranger College. She is employed at present as proof reader at the Ranger Times.

An attractive brunette with brown eyes, she is a friendly, quiet, unassuming, and deeply religious young lady. She is a conscientious, serious-minded student whose hobby is reading.

When asked her philosophy of life, she said that the guiding principles of her life are religious principles.

Jack Hilliard, also a 1958 graduate at Olden High, is the son of Mr. and Mrs. Travis Hilliard. He

came to Ranger College this year from Decatur Baptist College, where he played basketball.

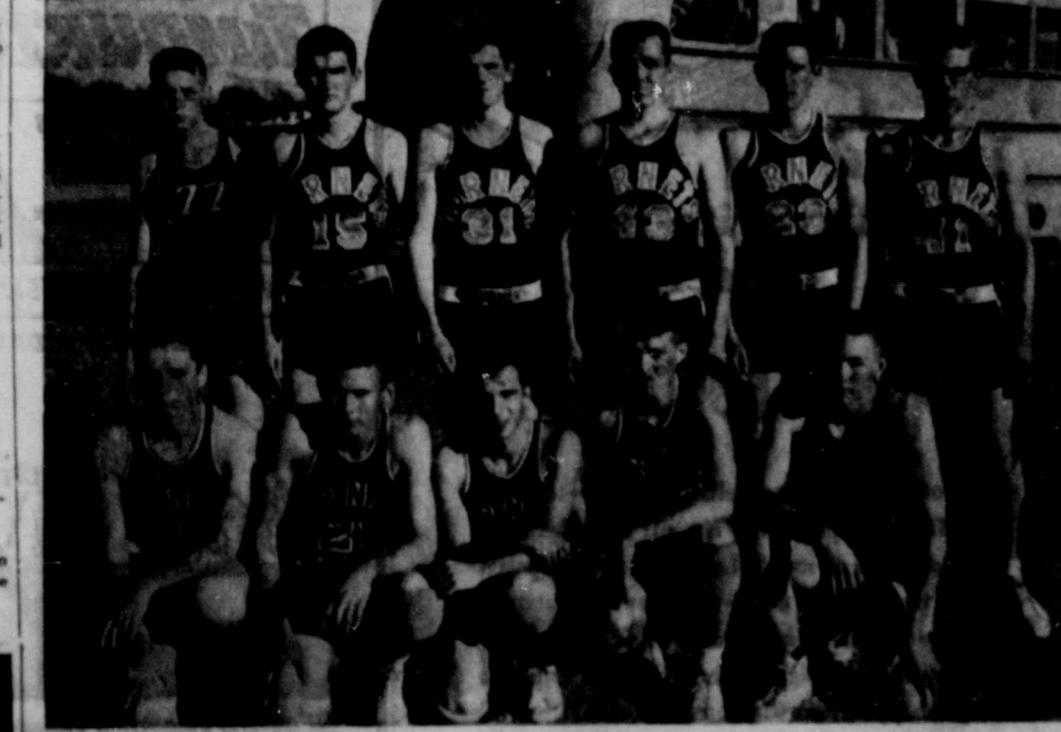

Jack has a long-standing basketball record in Olden High School, where he was a member of the Hornets Athletic Club. Among honors he received in high school were being elected president of his senior class and being chosen King of Olden High School.

A sophomore, he plans to major in mathematics. He is presently employed at Art's Tool and Supply Company in Ranger.

A very likeable young man, he is friendly and mixes well. He is of athletic build, standing six feet and one inch and weighing 175 pounds. He is interested in many activities.

His philosophy is that one should do the best he can with what he has.

A picture of Tommie June and Jack will appear in the favorite section of The Ranger of 1960.

Iron and Steel Scrap Processors Are Due to Ship 34 Million Tons

Iron and steel scrap processors and brokers will ship an estimated 32-34 million gross tons of scrap to domestic steel mills and foundries and to export markets in friendly foreign nations in 1960, it was forecast by Edwin C. Harringer, executive vice president of the Institute of Scrap Iron & Steel Inc.

The estimate is based on steel industry forecasts of near-capacity production of ingots during the coming year, as well as on estimates that demand from abroad will continue to assist scrap dealers in area remote from major steel consuming centers.

The Institute forecast that domestic demand would run in the neighborhood of 30 million tons in 1960 in contrast to approximately 24 million tons for 1959. The 24 million tons of estimated receipts by domestic consumers for 1959 are exclusive of approximately 4 million tons of

TELEPHONE TALK
by Archer H. Marx, Jr., Manager

TELEPHONE SERVICE FOR \$30 A MONTH

Is this possible? It certainly is for your teenage son or daughter, mother, roommate, or adults living in your home that is already equipped with telephone service. Ranger's new 1960 telephone directory will be going to press February 17th. Having your name listed in the new book will enable you folks living with a telephone family to be able to receive your calls, too. Pretty cheap, isn't it? About three cents a day is all.

You parents should certainly have those teenagers listed. It can be quite impressive to be able to tell friends they have their names listed in the new directory just like Mom and Dad. They won't be missing those "all important" calls either.

For you others... how many calls have you missed because you were not in the directory? Give us a call at the Telephone Company Business Office today and we will be sure you are not left out this year.

WHAT'S A TELEPHONE FOR?

It's amazing how some folks don't make all the use they can of those phones.

A friend and I were talking about this very thing recently. This fellow, by the way, is one of the busiest people I know. In addition to his job, he does a lot of "do-it-yourself" projects, such as adding a family room to his home, takes part in social and church events with his wife, hunts, bowls and still has time to spend with his two young sons.

"How do you manage to accomplish so many things?" I asked.

"I have help," he told me.

"How's that?"

"My two phones at home," he said. "Why, I just pick up one of them and the job's done."

Yes, my friend certainly believes in using his phones as much as he can—for business and pleasure. If you aren't getting the most out of your telephone, as he is, you might ask yourself, "Why not?" After all, that's what a telephone is for... to use.

FIND IT FAST IN THE YELLOW PAGES

"I wonder where to find... "I bet you've heard that statement many times by folks looking for a particular product or service. You've probably said it yourself.

There's really no need to wonder, though. Not when you can refer to the Yellow Pages. It's Ranger's most complete shopping guide.

Call by number. It's twice as fast.

Game Wardens Go to School At Texas A & M

Thirty-five student game wardens were enrolled at Texas A & M College this week for the beginning of a four month course. Those who pass the course will become full-fledged wardens at the end of the school term, the latter part of May.

The school is under direction of Supervisor John Wood of Brownwood. Faculty members of Texas A & M also will be used in classes on wildlife management, fisheries and other phases of conservation activities.

The student wardens also will get full instruction on Texas game laws. During the term they will hear talks by division directors of the Game and Fish Commission, as well as lectures from other departments of the state government.

This is the largest class of student wardens in the 12 year history of the school. There were no classed last year, and some of the student wardens now attending have been doing field work for some time.

They have a rigid routine of instruction, with weekend field trips. In addition to this school, there also are two "in service" classes the latter part of May to bring older wardens up-to-date on new phases of their work.

CARD OF THANKS

To the many friends in Ranger I extend my most sincere thanks and appreciation for their calls, cards and flowers during my recent illness.

I'd like to express my thanks to Mrs. Judson Hardy for assuming my responsibility as chairman of the 1920 Club games tournament.

January Ceremony Unites Miss Van Geem and Samuel Sproles

Miss Frances Ellen Van Geem, daughter of Mr. and Mrs. Henry E. Van Geem, 1601 W. Main, Eastland, became the bride of Samuel Galloway Sproles in the Eastland First Methodist Church Jan. 30 at 7 p.m.

Mr. Sproles is the son of S. H. Sproles, Jr. of Port Arthur and Mrs. Gladys Bryant of North Hollywood, Calif. The bridegroom was living in Port Arthur at the time of his marriage.

For the honeymoon trip to San Diego, Calif., where the bride and groom will make their home, the bride chose a red silk suit with black patent shoes and bag, white gloves and hat. The suit was accented by the orchid from her bouquet as a corsage.

Mr. Sproles attended Port Arthur High School and will receive his bachelor of science degree in mechanical engineering from the University of Texas in January.

Out of town guests attending the wedding were the following: Mr. and Mrs. Robert M. Lewis of Whiteface, Mr. and Mrs. C. C. Lewis and Mr. and Mrs. Bob Lewis, Susie and Bob, Jr., all of Fort Worth, Mr. and Mrs. Clyde Stansell, Lana, Laura, Linda and Lewis, and Bill Barclay of Duncan, Okla., Mr. and Mrs. M. R. Griffin of Lubbock, Mrs. W. C. Robinson of Waco, Mr. and Mrs. William Bourdeau of Ranger, Mrs. Marilyn Morgan Russell, Mrs. Norman Boggs and David Webster of Abilene, Francis Young of El Paso, James D. Stephen of New York, Kate O'Brien of Houston, Mr. and Mrs. W. A. McIntire, Ronald, Myra, Payla and Monte of Breckenridge.

The church was decorated with baskets of white gladioli flanked by two pairs of candelabra and palms.

The reception was held in the Fellowship Hall of the church. Assisting at the bride's table were Mrs. J. C. Poe, Mrs. William Bourdeau of Ranger, Mrs. Jerry Carter, Mrs. Wendell Siebert, Mrs. Russell Hill, Mrs. Taylor Smith, Mrs. J. C. Whately, Mrs. John Whately, Mrs. E. J. Turner, Marrian Myrick, Laura and Linda Stansell of Duncan, Okla., and Jan and Judy Lewis.

First Baptist Church

Ralph E. Perkins, Pastor

Sunday school attendance continues to increase at the First Baptist Church. The entire Sunday School force is grateful for the effort put forth by the officers and teachers. This Sunday, a high attendance of 300 is expected. The pastor, Rev. Ralph Perkins, will preach on the theme, 'God's Dedication, Man's Deseccration.' Rev. Perkins said, 'What God has made hallowed and sacred, man has defamed and tried to destroy. This timely message will challenge the Christian spirit and point to the successful way to victory.'

Training Union has maintained a steady attendance of from 108 to 120 during the winter. 'Training Union is the developing, growing center for the membership and for the little fellows who have not reached the age of accountability.' Training Union time is 6:30 p.m. The pastor's evening message will be 'The Saviour's Love for Mankind.' The scripture reference is 'Greater love hath no man than this...'

There are three separate departments for the nursery age children: bed babies, toddlers, and three-year-olds. Workers are available for these three groups. Every preventive and precautionary measure is used to maintain the highest efficiency in caring for children. The nursery is open for all church services.

Rev. Perkins said, 'Come worship with us. Bring your family and give them the opportunity of Christian training and fellowship.'

Christian Science

Universal brotherhood will be a theme dealt with at Christian Science services this Sunday. Peter's awakening to a higher sense of brotherhood highlights the Lesson - Sermon entitled 'Spirit.'

The account of Peter's meeting with the centurion called Cornelius will be read, including the following: 'Then Peter opened his mouth and said, O a truth I perceive that God is no respecter of persons; But in every nation he that feareth him, and worketh righteousness, is accepted with him: (Acts 10:34,35).

A correlative citation from 'Science and Health with Key to the Scriptures' by Mary Baker Eddy states in part: 'God gives the lesser idea of Himself for a link to the greater, and in return, the higher always protects the lower. The rich in spirit help the poor in one brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good' (18:13-19).

CONSTIPATED? Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.

These Are Our Sentiments-

... that whatever happened in '59, any repeats in '60 will be bigger, including the National Debt. Politicians will be much bigger, so will their promises. In the air, we are witnessing speeds up to 600 m.p.h. but we will be doing 1500 by the end of '60. Abstracts will be bigger, too, and may cost more, as 'creeping' inflation continues to soar to spectacular heights. Whither are we drifting? No one can guess, but we all know we are on our way—somewhere—destination unknown.
