College To Sponsor Percussion School

A percussion school will be sponsored by the Music Department of Ranger College, August 8-12, 1960. The school is open to all students from the seventh to the twelfth grades.

The instructor will be Phil Hewitt, band director of Eastland High School. Hewitt holds the B. M. E. degree from Texas Christian University, is a graduate of the U. S. S. School of Music, and is a member of the National Association of Rudimental Drummers.

Assistant instructor will be J. O. Heath, band director at Whitesboro High School. He also has a B. M. E. degree from T. C. U. and is also a member of the National Association of Rudimental Drummers.

The school is being held for the purpose of teaching drummers new cadences and giving them a chance to become acquainted with the playing technique of the tympani, xylophone, tambourine, castanets, bass drum, snare drum, dance drums, and all other members of the percussion family.

Student classes will be given a good rudimental background and then be shown the practical application of the rudiments. In addition, students will hear solos and ensembles plus some work on dance drums.

A Modern Labor of Hercules... Army Missile 'Kills' Missile

KH. LER

TARGET

AN IMPROVED U. S. Army Nike Hercules air defense guided missile, in an engineering feasibility demonstration, destroys a Corporal ballistic missile fired at White Sands Missile Range, N. M. While the Corporal has much less range and speed than the inter-continental ballistic missile, the test yielded valuable information pertinent to the development of an anti-missile defense, the Army said.

Closing at a speed of thousands of miles per hour, the Hercules intercepts and destroys the Corporal in the first known kill of a guided missile by another. A previous kill was made by the Army's Hawk against the Honest John, a ballistic missile. In the sequence above, the Hercules appears on top as a flash of light as it approaches the Corporal for the kill. At left is the Hercules at take-off and at right is the Corporal which served as the target.

SUNDAY DEVOTIONAL

"Do You Believe the Bible?" By Rev. Ralph Perkins, Pastor of First Baptist Church. The Holy Bible is the Divinely inspired word of God, and is true and without error. To deny, reject, or disbelieve this is to repudiate the "Prophecy of God," the "teachings of Jesus," and the eternal presence of the Holy Ghost.

The scriptures tell us, "that where your treasure is there your heart will be also." Again, "That which you worship, or bow down to is your god." Again, "Thy word will I hide in my heart that I may not sin against God."

The Bible teaches that Jesus died in Calvary's cross to pay for, to atone for, and to cleanse the "repentant sinners" soul. "For God so loved the world that he gave his only begotten son. For by grace ye are saved, (ye have already been saved) through faith; and that not of yourselves: it is the gift of God."

The Bible teaches a literal, burning hell where the unbelieving, the unrepentant, those who have neglected, put off, or in no wise were interested in the "Christ-like and Godly" things here on earth would spend an eternity. Jesus said, "He that believeth on him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God."

Giants, Dodgers Win Little League Games

In the final Little League Action prior to the All-Star tournament next Thursday, the Dodgers stopped the Braves 12 to 2 and the Giants dropped the Yankees 12 to 1 in action Thursday night.

In the first game the Dodgers got off to a first inning lead and pitcher Jerry Watson held the Braves to five hits and two runs, behind almost perfect fielding by his teammates. Ricky Squires sparked the infield play by drawing the fans applause with some brilliant defense work.

Martin Salazar worked on the mound for the Braves, but wasn't up to his usual game and couldn't hold the Dodgers, who rapped out eight hits.

Hitting for the Dodgers were Gilbert Nail and LeRoy Pearson, who each got two hits, and Rudy Mendoza, Ricky Squires, Jimmy Gryder and Jack Watson, getting one hit each.

The Braves' hitting was led by Donny Crawford with two, and Robert Tally, Larry Marine and Billy Palk, who each got one hit.

Dovell Hartford started for the Yankees and was relieved by Terry Sutton in the third.

Hitting for the Giants were Wayne Boone, with two hits, and Freddie Blackwell, McGee, Larry Blackwell, Kenny Seymour, who each got one hit.

Terry Sutton collected the only hit for the Yankees. The final four games of the regular season have been postponed until after the All-Star tournament is completed.

Peanut Crop Has Good Start

T. C. Wylie, manager of the Ranger Peanut Company and president of the Southwestern Peanut Shellers Association announced today that although it is still too early for a definite prediction, the prospects for a good peanut crop in Eastland County look very favorable.

Longtime Gordon Merchant Dies Thursday

John Harlin, 89, a resident of Gordon since 1890, died Thursday at 8 a. m. in a Strawn hospital where he was rushed Wednesday afternoon after being stricken with a heart attack.

Funeral services were conducted at the graveside at New Gordon Cemetery Friday at 4 p. m. with the Rev. J. W. Gill of Troy, former pastor of First Methodist Church at Gordon, officiating. Buzbee Funeral Home directed arrangements.

The body lay in state at the First Methodist Church in Gordon from 2:00 p. m. to 3:00 p. m. Friday.

Mr. Harlin was born in Carroll County, Mississippi December 12, 1870. After moving to Gordon with his family in 1890 he worked in the merchandising business and in 1922 went into the general merchandising business on his own.

Surviving are two sons, T. M. Harlin Sr. and John Boyd Harlin, and two grandsons, T. M. Harlin Jr. and John Bryant Harlin, all of Gordon and a sister, Mrs. H. P. Henegar of Fort Worth.

Posters Warn License Needed For Fishermen

A new warning to fishermen to buy licenses now is being posted in public places near the water for the benefit of "fishermen" according to the director of investment of the Game and Fish Commission.

The large placards remind that a fishing license is required to fish in salt or fresh water, unless: 1. You are under 17 or over 65 years of age.

2. You fish on property which you own or upon which you reside. 3. You fish with a trolling, throwline or ordinary pole and line having no reel or other winding device attached if you are fishing in the county in which you reside.

4. You have a commercial fisherman's license. BUT if you have a commercial license, then you must: (a) observe commercial size limits; (b) have a license for your boat, trawl, oyster dredge or nets of any kind (if you use them).

If you are in doubt about your need of a fishing license, then see your game warden. The current fishing license is in effect until Aug. 31, when new licenses must be procured.

Ideal planting conditions earlier gave most county farmers a good stand of peanuts, and early season has provided for good growth up to this time.

Recent scattered showers over the county has contributed to the moisture, although some areas have been missed with the rainfall. The young crop hasn't suffered for moisture as yet, but good rainfall will be needed in the next two months to insure a good crop.

It was also indicated in the report from Wylie that most of the county allotment was planted this year. Only about 2300 acres of the approximately 29,000 acre county allotment was not planted. This was due to many small allotments not being turned back to the county committee for re-assignment.

Another two weeks will be needed before a definite forecast can be made for the county peanut crop outcome.

Farm Bureau Postpones Its Mexico Tour

WACO—The Texas Farm Bureau Good Will Tour to Mexico has been postponed until August 4-14, according to an announcement by J. H. West, president of the state farm organization. The tour was originally scheduled for July 14-24.

With this postponement, we will be able to take advantage of certain tour extras that are now being arranged in Mexico," West said. "Also, many people who expressed interest in going along on the tour have indicated that they prefer an August date for the trip."

The tour itinerary, which includes visits to places of agricultural interest as well as sight-seeing and stop-overs in fabulous resorts, has not been changed, West added.

The tour is not limited to Farm Bureau members since transportation to and from Mexico City is via regular airline flights instead of a chartered plane. Persons desiring to go along can secure information on how to become a tour member by writing the Texas Farm Bureau, Box 488, Waco.

Mexican Minister of Agriculture Julian Rodriguez Adame extended an official invitation to Texas Farm Bureau members to visit Mexico this summer. An added feature of the tour is a stop-over in Toluca, capital of the State of Mexico, where Governor Gustavo Barria plans special hospitality treats for the touring Texans.

Here, briefly, is the itinerary: Aug. 4—Arrival in Mexico City by air. Aug. 5—Group will be escorted on comprehensive tour of the capital and the famed National School of Agriculture at Chapinigo.

Aug. 6—At leisure all day for shopping, taking pictures, etc. Aug. 7—More sight-seeing in vicinity of Mexico City, including visits to the famous and beautiful floating gardens of Xochimilco. The group will take in a bullfight that afternoon.

Aug. 8—The Texans will begin a three-day trip westward into the cool and scenic mountains and valleys of Mexico to Toluca, city of fabulous market places, then on to the luxurious resort of San Jose Purusa. Aug. 9—Drive to Morelia, containing some of the best colonial architecture in Mexico. The group reaches Lake Patzcuaro in the evening, remaining overnight in this typically 16th century town.

Aug. 10—The tourists will enjoy a boatride to the picturesque little island of Janitzo where they will see the Tarascan Indian fishermen with their butterfly nets. Aug. 11—On this day the touring Texans head south over the mountains to Cuernavaca where they will visit the famous Palace of Cortez and Delia Borda Gardens. Then on to Taxco, fabulous old mining town that clings to a mountainside. Aug. 12—After staying overnight in Taxco, the Texans continue to Acapulco, the Riviera of the Americans. Aug. 13—At leisure in Acapulco. The Texans will enjoy a complete day in this vacationer's paradise, swimming, deep sea fishing, etc. Aug. 14—The group will leave Acapulco by air for Mexico City where they will meet connecting flights for Texas.

**WORKING WITH WOOD**  
Lumber grading rules generally  
degrade a piece of lumber if it has  
stain. This is done to protect the  
consumer, since the higher grades  
of lumber are often used with  
transparent finishes. Stained lum-  
ber, coated with a transparent  
finish, reveals the stain & color  
through the finish. This is often  
objectionable.

If lumber is to be painted, the  
use of stained lumber is no prob-  
lem. Such lumber is equivalent in  
strength to clear lumber and can  
be employed for similar uses.  
There are numerous kinds of  
stains possible in and on wood of  
both hardwood and softwood spe-  
cies. However, all stains result either  
from chemical action or by the  
attack of fungi. The fungi do not  
cause decay. However, their pre-  
sence indicates that a condition  
suitable for decay fungi also ex-  
ists. Consequently, stain may pro-  
vide a visual warning.  
Chemical stain is usually re-  
stricted to the surface layers of  
sapwood. It is brought about by  
the oxidation of organic com-  
pounds in the wood during hot  
humid weather. These superficial  
stains often can be removed by  
planing the lumber. Prevention  
may be accomplished by dipping  
the freshly cut lumber in an anti-  
stain solution.  
Sap stain, or blue stain, as it  
is most generally known, is prob-  
ably the most widely known lum-  
ber stain caused by fungi. Lumber  
manufacturers utilize specialized  
drying equipment and certain stain  
control solutions to produce stain-  
free lumber. Kiln drying also pro-  
tects the lumber against both stain  
and decay fungi, and dries it to  
a suitable condition for use.

# New 3 3/4% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones  
you own now are better than ever

- Q: How does the new 3 3/4% interest rate benefit me?**  
**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.  
With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 2 3/4% for the first year and a half, then a guaranteed 4% each year to maturity.
- Q: When did the new rate become effective?**  
**A:** June 1, 1959.
- Q: Does the new rate change the Bonds I bought before June 1, 1959?**  
**A:** Yes. You don't need to do a thing—just hold on to your Bonds.
- Q: When my E Bonds mature, will they keep on earning interest?**  
**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.
- Q: With the new interest rate, should I cash in my old Bonds and buy new ones?**  
**A:** No. The automatic 1 1/2% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.
- Q: How are series H Bonds different from series E Bonds?**  
**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bonds. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

- Q: In what denominations can I buy series E and series H Bonds?**  
**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).  
H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.
- Q: How safe are U.S. Savings Bonds?**  
**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.
- Q: What if my Bonds should be lost, stolen or destroyed?**  
**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.
- Q: Where can I buy Bonds?**  
**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.
- Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?**  
**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

Everyone is welcome to attend the church services.

**Christian Science**

The way to unflinching peace and satisfaction will be pointed out at Christian Science churches Sunday in a Lesson - Sermon entitled "Life," the first of a series this summer devoted to synonyms for God.

Opening the Scriptural selections to be read are these verses from Psalms (36:7-9): "How excellent is thy loving kindness, O God! therefore the children of men put their trust under the shadow of thy wings. They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (516:9-12): "God fashions all things, after His own likeness. Life is reflected in existence. Truth in truthfulness. God in goodness, which impart their own peace and permanence."

"Do you ever think, and think that what you think is absolutely and positively true, correct, and infallible?" Do you ever become emotionally upset and wish for something that would stabilize your life, your soul, and your mind?

Then you should hear the pastor's message Sunday morning at 11.

"PSYCHOLOGY, PSYCHIATRY, OR CHRISTIANITY?"

Does your religion make a substitute:

Some person or thing for Christ?  
Some book, or catechism for the Bible?  
Your philosophy for the Sermon on the Mount?  
Your way of life for "The Way of Life?"
