Vets Asked To Give Clear Identification

Far too many of the 200 million pieces of mail that flow through the Veterans Administration each year cannot be properly identified, Edward P. Onstot, manager of the VA regional office in Dallas disclosed today.

Two many veterans and their dependents merely sign their names to correspondence, and names are not enough. Almost all of the 30 million names in VA's master index file are duplicated. As might be expected, there are more than 300,000 Smiths and almost 200,000 Johnsons, but most other names are duplicated scores of times.

40-YEARS OF SERVICE—John N. Bryan, rural letter carrier of Route One, Ranger for the past 40 years, looks around at the Post Office he has called headquarters during his long career in the postal service. He retired Friday, September 30.

After 40 Years

John N. Bryan Retires From Postal Service

John N. Bryan, Rural Letter Carrier of Route One, Ranger, retired Sept. 30, after more than 40 years service with the United States Postal Service.

He was presented an honorary certificate of recognition from the Postmaster General, Arthur E. Summerfield, for his devotion to duty in the course of an honorable career in the United States Postal Service.

A dinner honoring Bryan was given by Mrs. Ella White, acting Postmaster and fellow employees Thursday evening. Max Ohr presented Bryan with a \$50 savings bond from the employees of the Ranger Post Office.

Bryan began his duties with the Ranger Post Office in June 1920. His rural carrier route began as a rural carrier on Route One where for the first several years he drove a team of horses and buggy to deliver the mail.

He has made many friends while performing his duties, regardless of weather or other adverse conditions. His willingness to do more than his duty to deliver mail to his patrons when the occasion called for, has endeared him to his patrons.

He was born in Pottsville, Texas and came to Ranger during the days of the oil boom.

Mr. and Mrs. Bryan live on Blundell Street, more familiarly known as Spring Road, by the long-time residents of Ranger.

Bond Sales In County Are Above Average

Savings Bond sales in Texas increased 15 percent in August over the same period of 1959. This report was made today by Guy Parker, chairman of Eastland County Savings Bonds Committee.

"August Savings Bond sales in our county were \$28,746. Sales for the first eight months amounted to \$38,054 which was 74.2 percent of our county's 1960 goal," Parker reported.

Texas bond sales for the first eight months of the year totaled \$105,607,518 which represents 63.8 percent of the state goal.

"The role of the Savings Bonds Program in light of world conditions cannot be overemphasized. Buying of Savings Bonds is a tangible way that each American can demonstrate his patriotic support of our great Nation," Parker said in announcing the sales for his county.

PEANUT BOWL TROPHY—Mike George and Dick Spalding, Eastland Jaycees, are shown presenting the Peanut Bowl Trophy to Frank Rice and Button Humphrey, captains of the Ranger College football team and Coaches Jim Puryear and Clyde Ewatt. The trophy was presented to the Rangers for their win over Cisco Junior College, 13-0. Three consecutive wins will retitle the trophy and it will then become a permanent possession of the winning college.

Lions Nip Bulldogs 12-0 With Late Scores

In a fine show of defensive football, the Ranger Bulldogs held the undefeated Dublin Lions to a 12-0 score Friday night in Bulldog Stadium.

The Bulldogs showed a lot of power in the line but James Bassett of Dublin was too much for them. Bassett carried the ball 35 times for 89 yards gained and passed for 73 additional yards.

Ronnie DuAevich, Edward Menden, Chuck Garrett, Jim Robinson, Richard Guet, James Henry, in fact, the complete Bulldog team knew up a defensive wall that Dublin was unable to penetrate except in the final minute of the second quarter and the last 20 seconds in the fourth period.

Joe Barker received the kickoff for the Bulldogs and returned the ball for 18 yards. After only four yards gained Dean Richey

Post Office Announces Letter Writing Week

The annual Letter Writing Week will be celebrated in Ranger during the week of October 2 to 8, it was announced today by Postmaster Ella White.

Postmaster White noted that there has been a revival of personal letter writing during the last few years. "A letter remains the most economical, longest lasting, and sincerest means of extending greetings, communicating social news, and exchanging ideas," she said.

During Letter Writing Week, Postmaster White suggested that individuals write at least 10 letters; one to a friend or relative from whom you have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to you. She also urged correspondence to people in other countries as a means of promoting greater understanding among the people of different nations.

The slogan of this year's event, as indicated on more than 200,000 banners, is "Letters are Links to Friendship." The display materials will appear on post office bulletin boards, and rural carrier vehicles, as well as in various schools and libraries.

Now there is a new voice for the thousands of voiceless people in the United States—an electronic larynx that is being introduced in this area by Southwest Bell Telephone Company.

The electronic device was invented by scientists at Bell Telephone Laboratories to provide a substitute for the sound of the vocal cords for a person whose human larynx has been removed or paralyzed.

This new electronic larynx looks much like a modern electric shaver. The user holds it against the outside of his throat while operating it. The electronic larynx transmits sound waves into the throat cavity replacing those normally produced by air passing over the vocal cords. Speech is produced by forming words with teeth, tongue and lips, just as in normal talking.

"The electronic larynx is small and compact, weighing only seven ounces," Archer Marx, manager for Southwest Bell here, said. "This small, unobtrusive one also is an advantage to the user."

Southwestern Bell will make the electronic larynx available to laryngotomized persons at a price of \$45. Marx said this price is the cost of manufacturing the device by Western Electric Company, manufacturing unit of the Bell System.

"We are not trying to make a profit with the electronic larynx," Marx said. "The Bell System has pioneered in this field of making artificial larynges available at non-profit costs since 1926, as we are doing with the electronic larynx."

Some 20,000 persons in this country are without the power of speech as a result of paralysis or

Dublin took over on their own 41 yard line and carried for 5 on the first play. James Bassett carried on the next three downs and picked up enough yardage for a first down. Dublin was forced to punt in the next series of downs by the stout defense of the Bulldog eleven.

After receiving the punt the Bulldogs made only short yardage and Dean Richey hooted his team out of trouble. Dublin too over on their own 43 yard line and on the first play from scrimmage Jack Johnson, quarterback for the Lions, fumbled and Alfonso Vasquez recovered for the Bulldogs, ending the first quarter of play.

The second quarter was also a defensive game for both teams until the clock showed one minute to go in the first half.

The Dublin Lions took the ball on the Bulldog 48 yard line and James Bassett passed to James Williamson for 20 yards, placing the ball on the Ranger 28 yard stripe. Bassett again went back to pass and hit Left End Bob Evans in the end zone for the first 6 points. Extra points try was no good.

The Ranger Junior High Pups were defeated by the Cisco Midgets in both the seventh and eighth grades Thursday night at Cisco. The seventh grade lost 8 to 0 and the eighth grade lost 18 to 12.

The seventh grade couldn't get their offense operating, but held the Cisco team until deep in the third quarter when Cisco scored from eight yards out, and passed for the extra points.

Big Turnout Expected For Democrat Rally

One thousand Democrats are expected to attend the "barbecue" Tuesday night at 6:30 p.m. in the Eastland City Park in Eastland at which Congressman Jim Wright of Weatherford will be the featured speaker.

Visiting dignitaries for the barbecue will be Hon. Randall Jackson, member of the State Democratic Executive Committee, of Baird, Mrs. Randall Jackson, chairman of the Women's Activities of the 17th Congressional District, of Baird, Hon. Wiley Gossett, representing his brother Ed Gossett, state chairman of the Democratic Executive Committee, of Abilene.

Hon. Virgil Musick, co-chairman of Democratic campaign in the 17th Congressional District, of Abilene; Hon. Richard Moore, co-

chairman of Eastland County campaign, of Cisco; Hon. Scott Bailey, State Representative of Cisco; and Hon. French Robertson, Democratic Executive committee-man of Abilene.

Grady Hogue, president of the Cisco Junior College, will be master of ceremonies. Representative elect Bailey will present the welcome and Mrs. Roscoe Hopper, Ranger, co-chairman of Eastland County campaign, will give a report on the campaign progress.

Entertainment will be furnished by the Eastland High School Band, the Teddy Bears of Ranger High School and the Cisco Junior College choir.

Tickets at \$1.00 per plate are now on sale throughout the county.

surgical removal of the human larynx and must depend on either esophageal speech or an artificial larynx to talk.

"Many of these people can learn esophageal speech," Marx said. "The electronic larynx is not intended as a substitute for esophageal speech."

"For this reason, we strongly urge all laryngotomized persons to consult their own doctors before deciding to purchase the electronic larynx," he added.

The electronic larynx is produced in two models—one has a high pitch to simulate the female voice and the other has a lower pitch for men.

Introducing the 1960 Bulldogs

Dean Richey

The Ranger High School Band under direction of Bill Auveshine, gave an excellent performance for the enjoyment of football fans during the halftime intermission.

Shoopy formations and precision drills told a colorful story all about "Atom and Eve."

Ranger again received the kickoff as the second half got under way. A stout defensive game was played the cat're third period by both teams. Neither team could get a scoring drive going.

In the fourth quarter, it was a repeat of the third period except for the last 20 seconds of the game.

The Dublin Lions took the ball on their own 46 yard line after a pass from Richard Robie was intercepted by Dublin's Bob Evans. Bassett passed to Louis Siegel for 35 yards to the Bulldog 11 yard stripe. Edward Menden, wingback for the Bulldogs, made a flying tackle to take Siegel down and save a score for Dublin. On the next play, Siegel picked up 7 yards, down to the Bulldog four.

With only 20 seconds showing on the clock, Bassett again went back to pass and tossed one to Ronald Hudson for the second Dublin TD. The try for points after was smothered by Bulldog defenders. The game ended after the kickoff with Dublin leading 12 to 0.

Pups Downed By Cisco Thursday Night

The Ranger Junior High Pups were defeated by the Cisco Midgets in both the seventh and eighth grades Thursday night at Cisco. The seventh grade lost 8 to 0 and the eighth grade lost 18 to 12.

The seventh grade couldn't get their offense operating, but held the Cisco team until deep in the third quarter when Cisco scored from eight yards out, and passed for the extra points.

In the eighth grade game the Cisco team struck for a quick score with the first play from scrimmage good for 65 yards and a TD. The extra points were ran over.

In the second quarter Cisco racked up two more tallies on a 70 yard run and a 35 yard run. A pass for extra points was good on the second TD and Cisco led 22 to 0 at the end of the first half.

In the second half the Pups matched the Midgets touchdown for touchdown, but were so far in the hole that they couldn't recover.

Quarterback Ray Newsham scored in the third quarter following a good drive with End Melton Kennedy and Halfback Floyd Ainsworth keeping the drive in progress. Kennedy caught a pass good for 15 yards, while Ainsworth picked up two first downs on good runs. Newsham picked up 24 yards on one run before going over from the one. The try for extra points was no good.

Cisco came right back with a score and extra point in the third quarter and another in the fourth quarter. He went over from the one yard line after a 40 yard run set up the score.

The Pups will meet the Midgets at Bulldog Stadium Thursday, Oct. 13 in their next game.

The electronic larynx is designed to fit the hand and has a thumb switch control which enables the user to vary the pitch of his voice over a half-octave range in order to produce more natural inflections of speech and to emphasize words and phrases. The speech volume is equivalent to a normal talker speaking at a conversational level.

"Most people can learn to talk with the electronic larynx after a relatively short period of practice, generally about an hour or so," Marx said. "Further practice enables the user to learn the operation of the pitch control to produce a more natural sounding speech."
This device uses Bell transistors and is powered by self-contained mercury batteries. Battery life ranges up to several months, depending on the amount of use.
The electronic larynx is essentially trouble-free, the manager said. Each new unit carries a one-year guarantee against manufacturing defects. After the guarantee period has expired, Western Electric will repair the unit at a small, non-profit cost.
Batteries for the electronic larynx may be purchased at any radio supply store.
Marx said telephone company representatives will be trained to demonstrate the electronic larynx to interested persons.

"We urge people who are interested in the electronic larynx to first consult their doctors about using it," he added. "Then they should call their local telephone business office for more information or arranging a demonstration by our representative."

He said the electronic larynx will be made available to customers on a first-come, first-served basis and that there might be short delays in deliveries on early orders since the device will be in short supply until about mid-October.

The new electronic larynx will supersede earlier model artificial larynges provided by the Bell System but parts for the older models will continue to be available.

Bell labs scientists worked with a number of medical authorities, including the National Hospital for Speech Disorders, to develop the electronic larynx.

AMERICA FIRE TIRE INSURANCE POLICY

If your house burns down—

If your house should burn, it is still going to cost you a lot more than you probably think it will to rebuild it or buy a new house.

Don't keep thinking about what your house cost you in the first place, maybe years ago. Building costs and home values have risen greatly in recent years. Think: how much would it cost me to duplicate it tomorrow?

If you are like the average home owner, you are still probably way under-insured and should talk to us mighty soon (maybe this minute) about increasing the amount of your fire insurance coverage.

First Baptist Church

Rep. E. Perkins, Pastor

Training Union will meet at 6:30 p.m. and the evening worship will be at 7:30 each Sunday night until April 1 at the First Baptist Church.

The attendance for Training Union has been up the past several Sunday nights. Sunday School begins at 9:45 a.m. and during the next five Sundays there will be special attendance days. This Lord's day is "Attendance Count Down". Richard Henderson has challenged the entire Sunday School to count down and get the attendance "up".

Eastside Baptist Church

Rev. Bobby Spross, pastor

The Eastside Baptist Church announced that the Sunday morning service will be given over to the installation of the officers and teachers for the new church year. The pastor said, "It is desirable for every officer, teacher, training union worker and committee member to be present for this important service." The text for the morning message will be "We are laborers together with Christ."

Sunday School begins at 9:45 a.m. The morning worship service is at 11 a.m. Training Union is at 7 p.m. followed by the evening preaching service at 8 p.m. The mid-week service, on Wednesday, is at 7:30 p.m. This Wednesday is regular church conference.

Visitors are always welcome to all the services of the church. For those who do not have a regular church home the pastor said, "there is a place of service for all who desire to serve God." The church nursery is always open for all the church services.

Christian Science

That true power belongs to God, not to matter, is a central theme of the Lesson-Sermon entitled "Unreality" which will be read at Christian Science services Sunday. Scriptural selections will include the following: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea" (Psalms 46:1,2,3). From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (192:11-13,17-19): "Erring power is a material belief, a blind mis-called force, the offspring of will and not of wisdom, of the mortal mind and not of the immortal... "Moral and spiritual might belong to Spirit, who holds the 'wind in His fists,' and this teaching accords with Science and harmony."
