SHOOTIN' STRAIGHT

By DE WITT LAMB

They do say the Marines are fighting mad.

These blasted Gaps and Germans are prolonging the war.

Fifty-eight ships in May; and nearly 5,000 planes. Hotziggidy!

JAPANESE COCKTAIL: One jigger of water, one 25-cent War Stamp.

Let's all spend less. Let's make our old clothes do a little longer. Let's put 10 per cent of our incomes, all of us, into War Bonds. Our county's War Bond quota has been doubled.

Castro County has a War Bond quota of \$3,000 to meet this month. Some of the women are arranging their household budgets so as to allow 10 per cent of them for buying Savings Stamps.

The sun is not rising so auspiciously in the land of the Gaps,—not since Papa Mack and his Admiral Nimitz flushed a covey of the Gap fleet near Midway and winged several of Hirohito's best.

Unnecessary spending in war time is sabotage—whether conscious or not. Our dollars are needed for war production. Let's help the Mayor and his War Bond Committee meet Castro County's doubled quota of \$3,000 for June.

And while we're bragging here lately on the USO, we don't mean to forget the Red Cross and the other worthy institutions. The Red Cross has aided 750,000 war victims in the Middle East and distributed \$2 million worth of relief material there.

The local Red Cross Chapter has a record of achievement, the latest report showing \$426.73 collected from the last roll call, and materials supplied as follows:

Garments, 50; armed forces, hospitalized, 200; armed forces, sweaters, 70; foreign war relief sweaters, 65; layettes, 81; convalescent robes, 112; mufflers, 43; dresses, 291; pajamas, 43; children's quilts, 20; children's gowns, 66; socks, 14.

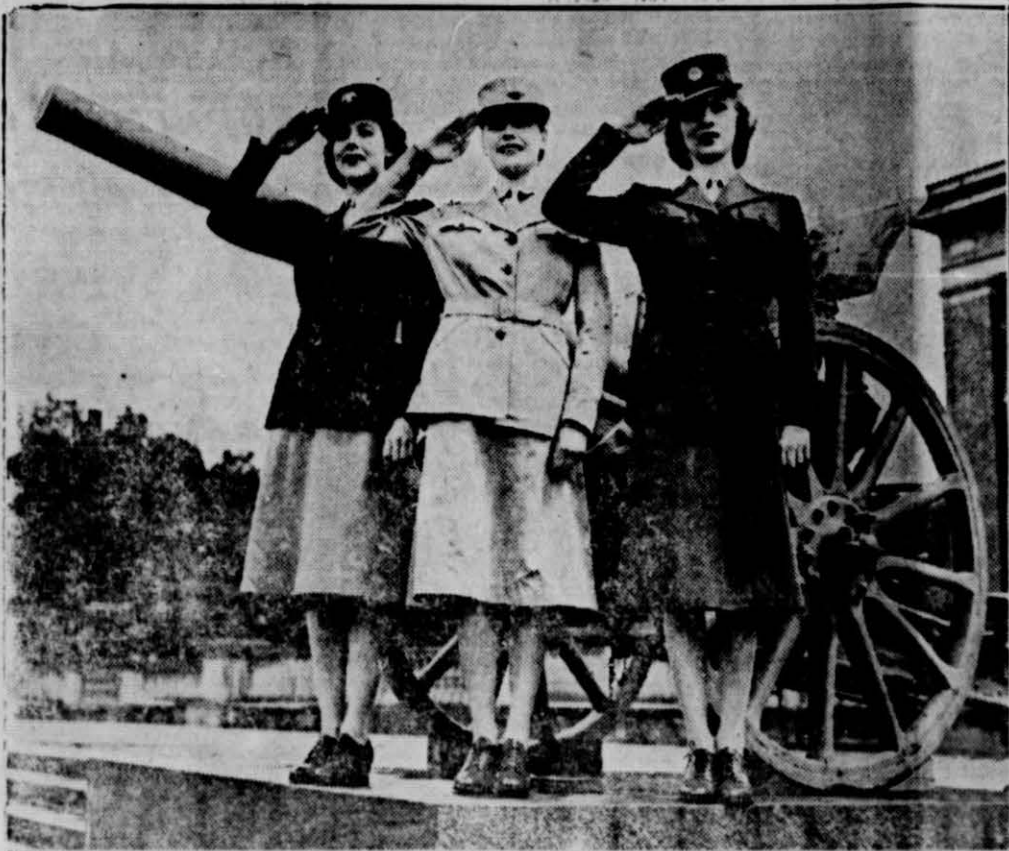

The above is taken from the annual report of the Dimmitt workers. Now, take a peek at the shipping list for June:

Refugee list—five pairs socks, seven women's sweaters, 41 pairs pajamas, 46 robes, 15 skirts, 10 rompers. And for the armed forces, seven hospital quilts, 12 army sweaters, and six navy sweaters.

The women of Castro County are to be given credit. The local chapter is a county-wide group. Castro County is doing quite well, thank you.

We want to pay a little tribute to T. A. Singer, president of the Dimmitt Lions Club, and well-known owner of the West Texas Telephone Company, and incidentally co-publisher of The News. Singer had the USO campaign shoved into his lap. He took the job reluctantly. He was busy, like everybody else. Somebody had to do it. Singer wished the Castro County quota was \$150 instead of \$460. And the drive came on May 11, more than a month before harvest and the country people all broke—He feared. But "the boss" is a persistent fellow, as we happen to have learned, so he filled up the gas tank and went out into every nook and cranny of Castro County. He was the happiest man you ever saw when he came back with a list of committees—rural men and women who gladly took up the job of canvassing for funds for the USO—money they knew would go to serve the boys in uniform, our boys who are fighting our battles, and those getting ready to fight, those boys now scattered all over the world. "Well, you know those people out there in the country know more about the USO than I do," said Singer. "I actually believe we'll raise our quota." So the communities went to work. The men turned the job over to

WHEAT BINS AVAILABLE HERE TO GROWERS FOR STORAGE

Scatter Poison For 'Hopper Bait

The local grasshopper plague is no less a threat this week than last. The 'hoppers are larger, if not more plentiful. In a few of the fields farmers say the 'hoppers are cutting the heads off the wheat stalks, and are worried. For the most part, however, growers believe the lateness of the grasshopper crop and the earlier-than-usual maturity of the wheat will combine to save the day for the producer, provided he doesn't suffer another loss—hail.

The grower with late wheat, and some of it will not ripen for another month, and the farmers with row crops both are running big risks.

In the meantime, county and government authorities are doing what they can with 'hopper poison. More than 40,000 pounds of the poison has been scattered as bait in the last two days. M. U. May, county agent, says plenty of poison is on hand, in view of the limited supply of labor for mixing, and he urges the fullest measure of cooperation in the poisoning work undertaken by the government.

J. L. South returned during the week from a visit with his mother, Mrs. N. E. South, in Brownwood. "Lots of rain, lots of soldiers, and lots of Johnson grass in that country," he said.

Mr. and Mrs. Bud Wesson left Tuesday night for their home in Yuma, Arizona, following a visit here with Mrs. Ben Borden, Mrs. Wesson's mother.

The government, through the AAA offices, has made available a quick supply of grain bins to offset, in some measure at least, the shortages in warehouse space for the 1942 wheat crop that is expected within another week to start rolling.

These bins are of wood, and come in two sizes. Farmers who wish to purchase the bins must make application at the AAA office, and must do so at once.

The larger size bin is 14x16 feet and 10 feet in height. It holds 1,843 bushels of wheat, and costs \$270. Farmers must build the concrete foundations at their own expense, and must put on the wooden shingle roof which the government furnishes with the purchase price.

The smaller bins are 12x14 feet and 10 feet in height. Each holds 1,592 bushels, and costs slightly less than the \$270 charged for the larger bins. In both instances, the farmer must pay for and build the foundations, and apply the shingled roofs, which are furnished.

The bins arrive partly assembled, that is, in sections, and are shipped only in full car lots.

The cost of this storage to the farmer is figured at 14.6 cents a bushel for the larger bins, and 14.1 cents for the smaller bins. Castro County farmers who are concerned with the serious problem of housing the War Victory crops they may have produced will act wisely if they contact the county farm agent or the AAA office, or both, immediately, as full and complete information is in the hands of both agencies.

TWO COMMUNITIES NOT YET HEARD FROM; QUOTA IS DOUBLED IN ONE NEIGHBORHOOD

The Castro County USO campaign for \$460, which began on May 11, with T. A. Singer as chairman, and which was extended to 13 Castro communities, reached its goal this week, with total collections of \$522.88, and two communities as yet unheard from.

The accompanying table gives an accurate picture of the work done.

Hart reported today, with collections of \$51.20. Nazareth sent another \$10 to double that community's quota, while Dimmitt also reported additional collections.

The only remaining work to be done for the USO this year in the county is at Arney, Big Square, Easter, Hart and Sunnyside, the other eight communities having given more than they were asked to give. Because they did this it was possible to notify district headquarters in Amarillo today the county had gone over the top.

Chairman Singer and the community chairmen he named all are elated over success of the drive.

Mrs. Fae Sweatt visited her mother in Colorado City last week while en route to Abilene, where she went to return her daughter, Frances, to Dimmitt, following the close of the regular term of Abilene Christian College.

CASTRO GETS FIRST PANHANDLE WHEAT

GOVERNOR ASKS CENSUS OF ALL RUBBER

Gov. Coke Stevenson has appealed to Texans to make an earnest effort to collect all the scrap rubber available, in hopes the collection will be big enough to provide material for tires which could make gasoline rationing unnecessary. A record is asked of Castro County collections so the Governor can report to Washington.

The above information was telegraphed to County Judge Posey Cunningham today from Austin.

In the very near future, the Boy Scouts of Dimmitt will make a comprehensive drive for every conceivable type of scrap rubber. The government has requested Boy Scouts of America to shift the emphasis from paper collection to collecting rubber.

However, the local troop WILL continue to collect paper. At the present, though, the boys are interested in the campaign for rubber and request all citizens to cooperate by bringing their rubber for salvage to the Griffith old grocery store building, now vacant, or by giving it to one of the 36 boys in the troop, or to some troop official.

Local Lions have placed Claude Mixon, operator of the M System Grocery and Market, at the head of their club for the next year. Mixon will succeed T. A. Singer, who is to retire from the chair, as is customary, at the regular installation ceremonies, date to be named.

At the same time that a new president was elected, the club also elected LeRoy Watters vice-president, Jack Gregory Lion Tamer, and Monroe May, Tail Twister. Clarence Bearden was retained as secretary, and Ozro Stephens and Ward Golden were added to the board of governors.

The club will install officers at its annual ladies night celebration, the date for which awaits action of Monroe May and the program committee of which he is chairman.

Under Boss Lion Singer the club has featured as one of its special projects the cultivation of new trade territory for Dimmitt, the making of new friends, and promotion of the good neighbor policy between the town and its dozen or more supporting rural communities in Castro County. As a result, the club's Farm Committee has been one of the busiest groups inside the town's only civic organization for the last several months.

Candidate

LESTER BOONE

Pledging himself to "an all-out war effort," Lester Boone, Fort Worth Representative, has formally announced his candidacy for the Texas Railroad Commission, and called attention to the fact that it was one of Texas' most vital factors in the war effort. He further pledged in his announcement to attend all commission meetings.

Boone, who is now serving in the Texas Legislature from Fort Worth, sponsored the Omnibus Tax Bill which made possible the payment of old age pensions, teachers retirement pay, aid to the blind, and aid to crippled and dependent children. As a member of the House Military Affairs Committee, he aided in the passage of the Texas Defense Guard Bill, which became a law, thereby giving Texas greater security in the present crisis.

"I pledge an administration of harmony and will cooperate with other members of the commission," Boone said in his announcement. "I pledge myself to an all-out war effort in this vital department of State Government and will attend all commission meetings."

Former Pastor Enjoys Reunion

Rev. G. R. Fort, former Methodist pastor at Dimmitt, now residing in Lubbock, had an old time family reunion for his family and friends at his home last Sunday.

There were approximately 150 persons present at the happy event.

Friends from Dimmitt attending the party included Dr. and Mrs. Mayes Miller, Mrs. M. M. Hastings, Joe Hastings and wife and family, Dorothy, Odus, Joe, Richard and Betty, and J. C. Williams and wife and son, Glenn.

As could be expected, the former minister furnished dinner for all, and had three fine sermons preached during the day by his old time preacher friends.

Onion Growers Beg for Market

Farmers of the nation who responded to the government's call to plant food for victory and put in crops of onions now are begging for a market for their bumper crop. Dimmitt grocery stores have been appealed to by the government agencies to put on displays, offer "onion specials," and otherwise advertise onions and help create a greater consumer demand.

Onion farmers are letting their onions rot in the fields because of the over-supply and being unable to sell the crop.

Glen Exter returned Monday to Abilene, where he has been attending Abilene Christian College, and where he resumed his studies Tuesday at the summer session. Glen is majoring in business administration. He came home between sessions to spend last week-end here with his mother, Mrs. A. C. Grant.

Mr. and Mrs. R. E. Cade of the Hart section came to town Monday on a shopping mission. Dimmitt being their trading point. Before leaving town they called at The News office and left an order for the paper to be sent to their farm home each week.

Bill Berry Litterell, Clyde Albert Haley, Claude Sweazea Merritt, Frank Al Sharp, Walter Lee Carnes, Dee Alton Umberson, Clarence Dale Caudle, Raymond Joseph Gerber, Frank Daniel Ball, Lawrence Conner Matthews, Martin Loran Simpson, Jr., Loran Henry Thomas.

Mrs. J. C. Walling returned to Dimmitt last Monday, after spending two weeks in New Orleans with her husband, Pvt. J. C. Walling, of the Army Medical corps. Mrs. Walling plans to continue the summer program offered by the Home Economics Division of the Dimmitt High School during the month of June, and will attend Colorado State College at Fort Collins during July—for the purpose of working on her Master's degree.

LOCAL FIRM PAYS \$1.25 BUSHEL FOR LOAD; HARVEST 10 DAYS EARLIER THIS YEAR

Castro County's annual wheat harvest began yesterday—10 days ahead of time, at least.

Andy Nelson farmer who lives southwest of Dimmitt, brought in the first load of the new crop to be seen in the county.

The grain was bought by the Castro County Grain Company, and brought \$1.25 a bushel, which is market price plus a substantial premium.

The wheat is of fine quality, according to Manager C. O. Byrnes, who handled the first purchase of 1942 Castro County wheat.

SCOUTS WIN CAMP HONORS

The 23 happy, sun-browned Boy Scouts who came back home to Dimmitt last Saturday left a whole week of out-door life behind them at Camp Post, but they returned with memories of a "big time." For 20 of these alert young Americans it was the first Boy Scout camp.

C. A. Farley, the Scoutmaster who "daddied" the trip—and the boys, too, said the Scouts annexed the following honors, in spite of being "new" in camp life:

Twice as many boys in attendance as any other town in the Council; first place in the daily troop camp inspection contest; first place in the daily table inspection of mess hall; first place in the track meet; first place in the troop singing contest.

In addition to these honors, won in competition with other troops, Joe R. Hastings, Senior Patrol Leader of the Dimmitt group, was initiated into the Order of the Arrow, a National Brotherhood of Boy Scout Honor Campers; and at the Camp Court of Honor, Leo Ashcraft, another Dimmitt Boy Scout, received his First Class Badge.

Thomas Earl Harrison, Joe Harrison, Bobby Duncan, and Meredith Jackson were awarded Indian Love Merit Badges.

Considering the ages and the limited experiences of the Dimmitt boys, an exceptional record was made for the week, Farley believes, especially since they had competition from such troops as Plainview, Tulla, Floydada, Ralls, Silverton, Petersburg, Hale Center, and Olton.

CALL FOR 12 CASTRO MEN

Castro County will send another dozen men into the armed forces next Monday. That number went forward last month.

Next week's contingent will bring the number of men from this county now in the service to approximately 150, about half of whom volunteered before they were inducted, thus being able to choose the particular branch of service which appealed most.

Those who will report here on Monday, June 15, are:

Bill Berry Litterell, Clyde Albert Haley, Claude Sweazea Merritt, Frank Al Sharp, Walter Lee Carnes, Dee Alton Umberson, Clarence Dale Caudle, Raymond Joseph Gerber, Frank Daniel Ball, Lawrence Conner Matthews, Martin Loran Simpson, Jr., Loran Henry Thomas.

THE CASTRO COUNTY NEWS

MEMBER TEXAS PRESS ASSOCIATION "Your Home Newspaper" PUBLISHED EACH THURSDAY

Entered as second class matter at the post office in Dimmitt, Castro County, Texas, under the Act of March 3, 1879.

Subscription Rates: In Castro and contiguous counties, one year, \$1.50.

In other Texas counties, year, \$2.

From the Hico News Review: "When University of Texas students registered for sugar rationing, they were asked to volunteer for work on farms this summer to supply needed labor. Only 12 of 3,500 registrants responded."

From the Quitaque Post: "At the Caprock, adjacent to Quitaque, is an old Indian camping ground, located on a stream of pure water of inexhaustible supply. At this location the Caprock rises precipitously for several hundred feet and is unsurmountable, also affording a fine wind-break for the chilling blasts of winter and ideal quarters for the Red Men who once inhabited these regions. Thus, the name, 'Quitaque'—the end of the trail."

Coming Events--

Keeping Up With Your Friends--

Miss Eva Jackson visited relatives in Lubbock last week-end.

Mr. and Mrs. Vernon (Peant) Stator were Amarillo visitors last week-end.

T. A. Singer completed a business trip Wednesday that took him to Memphis and Amarillo.

Lena FaSu and Patricia Ann Plyant of Lockney are here for a visit with their aunts, Miss Lilliam Thompson and Mrs. Fae Swatt.

Anita Nixon, Wanda Ruth Golehon, Betty Lacy, and Joyce Howard, attended the Methodist Intermediate Camp at Ceta Canyon this week.

Mr. and Mrs. J. C. Williams and son Glen, of the Bethel community, visited in Lubbock last Sunday. "It rained all day on us around Lubbock," said Glen.

K. E. Turner, his mother and sisters, Mrs. W. J. Shover, of Lubbock and Mrs. W. T. Golehon, made a trip to Abilene, New Mexico, last Saturday, where they visited their sister and daughter, Mrs. Oscar Jones.

Mrs. Pete Whitlow and Dale, Mrs. Carl Kemp and Carl Lee, visited last Sunday. Returning with them were Miss Joeline Whitlow and Wilma Lynn. The latter will visit in the Whitlow home here for several days.

Doyle Houtelens, who for several months has been cooking for Mrs. Ruth Rothwell at the Steak House, popular eating place, will leave Sunday. Doyle expects to check the harvest season on his father's farm near Sunnyside and thus do his bit in helping out with the shortage of farm labor.

John Duke returned Tuesday to his home in Houston, where he is employed with the Federal Land Bank. His temporary work here for about three months with the local farm bank. He expressed appreciation to the Lions and other business men here for many courtesies he said were shown him.

From where I sit...

By Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska. Nebraska is truly a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.) But the thing that interests me most about Nebraska isn't the corn. It's the very important social experiment the beer people started there several years ago. Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame wrongly for any misconduct a customer or the proprietor of a place licensed to sell beer. So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate conditions in the minimum of places whose conduct would offend the law-abiding majority.

BOONE has called attention to the importance of the Texas Railroad Commission in the United Nations war effort.

He calls attention to the fact that he has more than one year only two members of the Commission have attended meetings.

HE PLEDGES HIMSELF TO ATTEND ALL COMMISSION MEETINGS.

USED CARS AND HOW TO KNOW THEM

CUSTOMER: Both these cars appeal to me, but...

SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!

CUSTOMER: If I only knew how the engines had been treated... what oil the ex-owners used.

SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—a lubricant that doesn't drain down at every chance, but stays on the job.

SALESMAN: Well, that'd sell me the red one.

CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company.

(By Mrs. Sid Sheffy) Mr. and Mrs. T. J. T. U. at 8:30, worship services at 11 and 9. Mid-week services every Wednesday at 8. The W. M. S. next Monday afternoon at 4 in the church. Mrs. Elmer Yout in charge of the program.

The Young People's Camp at Ceta Canyon will open Monday, June 15. The boys will be in camp from Monday to Wednesday, and the girls will come Wednesday and stay till Friday. It is planned for a large truck to carry the young people and their luggage. A special offering was taken last Sunday to help defray the costs of the camp trips.

The Business Women's Circle will meet with Mrs. Pete Whitlow on Monday evening. Mrs. Elmer Yout will have charge of the program.

Our new pastor, V. E. Temple, began his work last Sunday, and is planning to move on the field in the next few days. He left Tuesday to return to Dawson for his family.

A well attended deacons' meeting was held last Monday night. W. T. Golehon presided, and George Stephens is the secretary. Among other matters of business discussed, it was decided to conduct a series of revival services sometime in August.

RED CROSS HERE NEEDS MORE WOMEN WORKERS

Records at the Red Cross rooms on the second floor of the court house show that since the first of June Mrs. Beulah Grant, Mrs. P. L. Cunningham, Mrs. Minta Gower, Mrs. Frank Eaves, Mrs. Will Wright, Mrs. Leldon Hudson, and Mrs. Edgar Ramey have kept the work rooms open during the afternoons.

The following women have checked completed garments back in the room, or have checked out garments to be made:

Mrs. Earl Worm, Big Square; Mrs. Frank Shepard, Mrs. Edgar Ramsey, Mrs. Faye Holland, Mrs. Beulah Grant, Mrs. Henry Stalcup, Mrs. George Keller, Mrs. Ullman Hunter, Junior; Mrs. Fred Peese, Nantah.

Women all are urged to help with the work the county has been called on to do.

Those wanting gear for canning purposes will find someone on duty Saturday at the court house, county home demonstration agent's office, to take care of their needs, according to the county rationing board.

Postmaster Tom Bice has left to re-enter the army. Mrs. Bice is holding fort at the office.

But the thing that interests me most about Nebraska isn't the corn. It's the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame wrongly for any misconduct a customer or the proprietor of a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate conditions in the minimum of places whose conduct would offend the law-abiding majority.

That program is now operating in many states—and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somewhat, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

Home Demonstration Notes

(By Mrs. Ava Grindstaff, Castro County Home Demonstration Agent.)

SUGAR FOR WAR TIME CANNING

Your home fruit canning this year must help save the nation's fruit crop. No fruits must go to waste this year. Food is a weapon of war. Every jar of home canned fruit leaves a can of commercially packed fruit for our armed forces and for our Allies. Every jar of fruit put up at home leaves a little more freight space to carry war materials.

Our sugar supply must be used carefully. Submarine warfare and the need for ships to carry war materials mean that imports of sugar will be far below normal.

Every boatload of sugar that is shipped in endangers the lives of American soldiers as much as you really need.

When you apply to your rationing board for a certificate for sugar for home canning be prepared to answer these questions:

1. How many quarts of fruit did you can last year?

2. How many quarts of last year's fruit do you still have on your pantry shelves?

3. Keep a record of the fruit you can with your rationed sugar. Your rationing board will ask for it when you apply for more sugar. Here are a few ways to "stretch" your sugar for canning:

1. Add a small amount of water to the fruit's own juices, instead of making the usual sugar syrup. Fruits naturally contain a great deal of water, and you can make best use of your sugar by sweetening this rather than by adding more water in the form of a syrup.

2. Heat the thickly sweetened fruit carefully in a strainer. This draws out the juices, thickens the fruit, and drives out the air, making it possible to pack generous amounts of fruit in each jar. There should be enough juice to cover the fruit completely.

3. Instead of the medium syrup suggested for most fruits, use a light syrup made by using one part sugar to one part of fruit. Honey may be used to replace up to one-half the sugar called for in canning, and corn syrup up to one-third.

4. Fruit juices are not provided for in sugar rationing allowances, but they may be bottled or put up in jars with little or no sugar. When sweet and sugar is needed together, no tart juices are mixed together. Fruit for juice is processed at simmering rather than at boiling temperatures to keep the natural fruit flavors.

You may have one pound of sugar for each person in your

amount of sugar. With less sugar it takes a little longer cooking to get the product as thick as you want it. If substituting honey or corn syrup for sugar in these products, replace up to one-half the weight of sugar called for in the recipe with honey or corn syrup. To make substitutions by cupfuls rather than by weight it is necessary to know that 1 lb. of sugar weighs 2 cups, and one-third cup is approximately one and one-third cups. If you are replacing half the measure of sugar called for with honey or corn syrup and half the sugar equals 1 lb. or 2 cups of fruit, (1 lb. refined white sugar measures about 2 cups.) and one and one-third cups honey or corn syrup. Cook somewhat longer than if sugar were used.

5. Use the minimum of sugar suggested in the recipes.

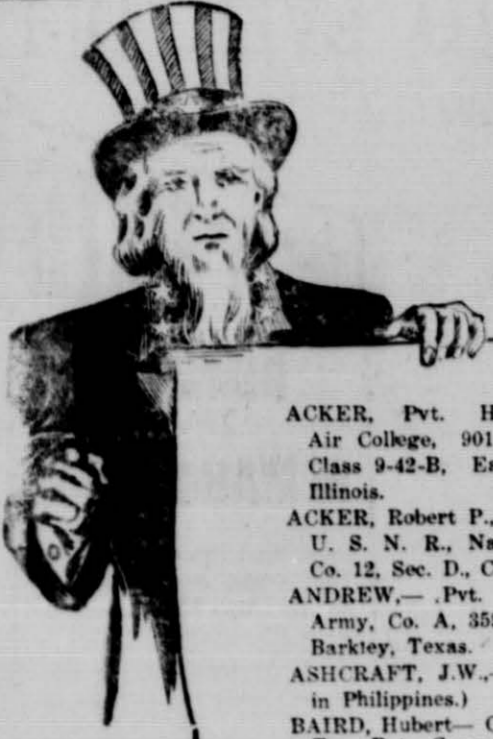

6. Replace part of the sugar with honey or corn syrup.

In applying these rules in making jelly, use three-fourths cup sugar to each cup fruit juice, or replace up to one-half the sugar called for with corn syrup. If you use either part honey or honey or corn syrup measures approximately one and one-third cups. If you are replacing half the measure of sugar called for with honey or corn syrup and half the sugar equals 1 lb. or 2 cups of fruit, (1 lb. refined white sugar measures about 2 cups.) and one and one-third cups honey or corn syrup. Cook somewhat longer than if sugar were used.

7. Use the minimum of sugar suggested in the recipes.

8. Replace part of the sugar with honey or corn syrup.

In applying these rules in making jelly, use three-fourths cup sugar to

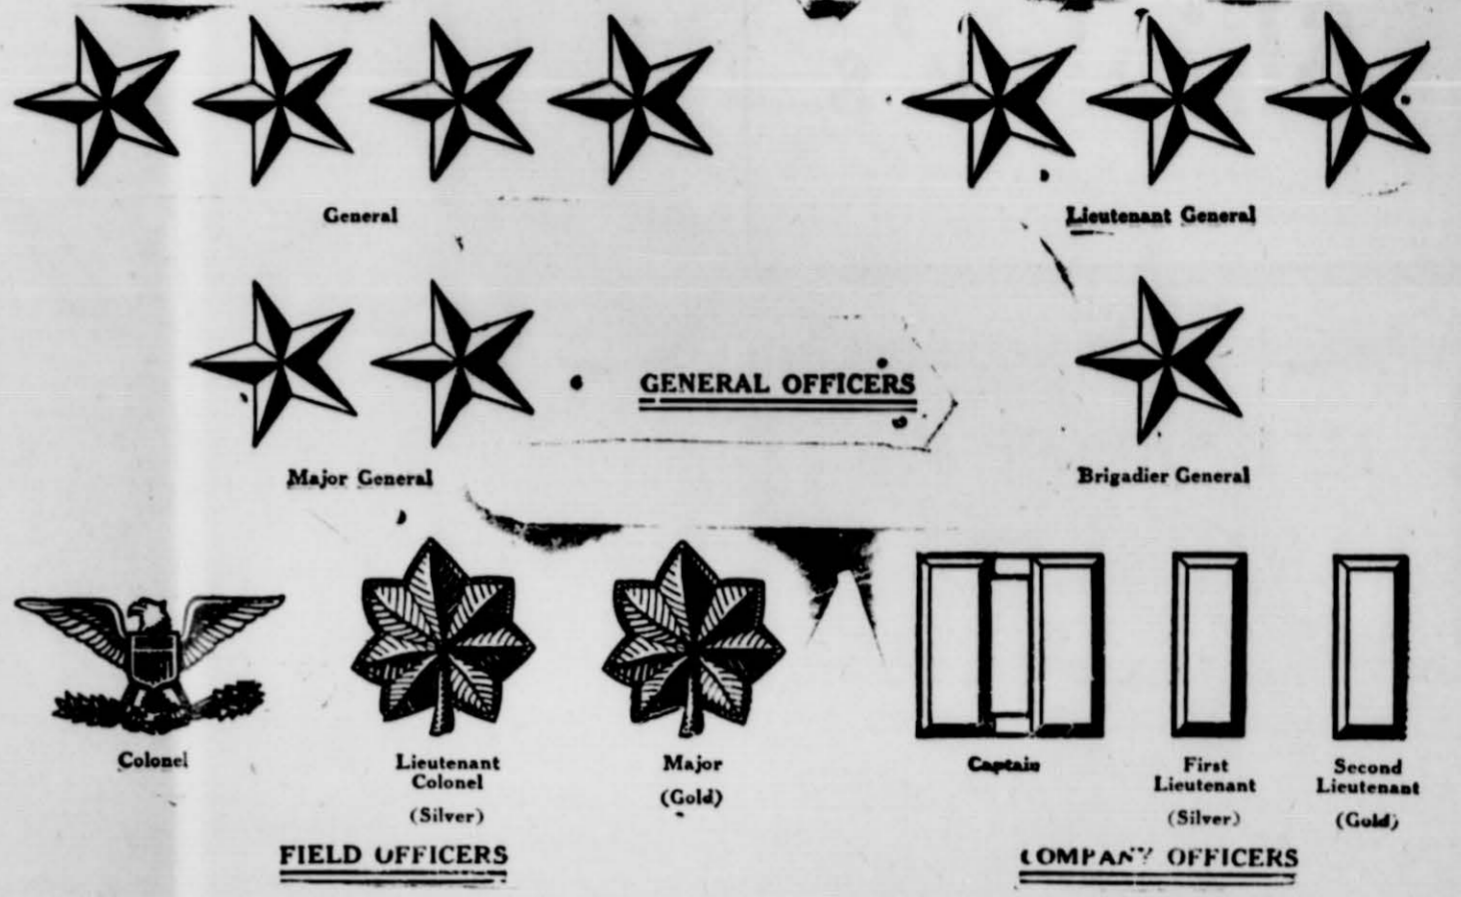

Castro County has a right to feel proud of its honor roll--More than 170 young men in the armed service. The News is proud of the county's full war record, its contribution of Manpower, its part in the Red Cross, its part in the Navy Relief Campaign, the work being done for the USO, and, most important of all, the county's investment in War Bonds. Castro county is backing its manpower. Now let's all of us write the boys in camp and tell them so. The News, like a letter from home, goes every week to the men whose names appear on this page. No cost to it. We want the names of all. Don't let us miss any

It Can't Happen Here

"BLOOD and sweat and tears" . . . and money . . . such huge sums of money as to beggar the imagination of a Croesus. That is the price of victory in this war. Blood is the greater price to pay. No one will dispute that. Those who remain in civilian life have only remote chances of sacrificing it. The boys in uniforms are the Americans who will bear the real scars of this conflict. They are the fighters, who with lead and Yankee courage, will keep Old Glory waving . . . will repulse the unprovoked attack of the Japs and the Nazis. Then, to these fighting men we owe a solemn pledge . . . a pledge to use every ounce of our might to supply a super abundance of the implements of war and food and clothing to guarantee that they will not be fighting half armed, ill clad, empty stomachs. That takes money, lots of money . . . effort, lots of effort. Let's all, all who remain behind the battle lines, resolve to buy Savings Stamps and War Bonds with abandon . . . to use every ounce of our energy to produce everything needed to whip the daylight out of those who attacked us. Granted, that it will require sacrifice, but sacrifice that pales into insignificance when we compare it to the hardships and sufferings of the boys in uniform. Isn't it a small price to pay for Victory? . . . when we contemplate what would happen if our enemies won.

What Consequences Defeat!

ONE HAS ONLY TO FOLLOW HIS NEWSPAPER, OR TUNE IN HIS RADIO, TO KNOW WHAT HAS HAPPENED TO THE POLES, THE CZECHS, THE BELGIANS, THE DUTCH, THE FRENCH, THE NORWEGIANS, THE SERBS, THE GREEKS, AND WHOEVER THE AXIS HAS STRUCK SUCCESSFULLY. TO KNOW THE FATE OF OUR NATION IF WE LOST THIS WAR. FREE RELIGIOUS WORSHIP, FREE SPEECH, FREE THOUGHT, FREE ACTION, ALL WOULD BE DENIED US, IF OUR ENEMIES WERE VICTORIOUS. OUR HOMES, CHURCHES, FACTORIES, FARMS, AND THE FRUITS OF OUR TOIL WOULD BE LOST. EVEN LIFE ITSELF WOULD BE IN THE HANDS OF THOSE WHO REGARD HUMAN LIFE AS THE CHEAPEST THING ON EARTH. OUR DREADFUL PLIGHT WOULD BE THAT OF THE PEOPLES ALREADY BROUGHT UNDER THE HEEL OF THE DICTATORS. ISN'T IT ABOUT TIME THAT WE PUT OUR COLLECTIVE SHOULDERS TO THE WHEEL, WORKED HARDER . . . USING EVERY DOLLAR AND EVERY DIME THAT WE CAN SPARE TO BUY SAVINGS STAMPS AND WAR BONDS TO ASSURE THE DEFEAT OF THE RUTHLESS DICTATORS AND TO REMOVE THE POSSIBILITY OF THE CONSEQUENCES OF DEFEAT? WE ALL KNOW THE ANSWER. LET'S GET BUSY!
