

As I See Ranger

By GENE TOWNSEND

Ranger Junior College fans will see a new brand of football this fall as the Rangers begin their season under their new coaches—Ken Vakey and Bob Burch. Fans will fail to see the "man under" quarterback that takes the direct snap from center. Vakey is installing the "Y" formation, a variation of the Single Wing. It is a formation that has been used very little in this part of the country and should prove to be interesting to fans who haven't seen it run. It is going to be a little rough on the sports writers when they try to keep up with who is carrying the ball.

This school year is fast drawing to a close. Just 24 days until graduation. The seniors will be rather busy for the next few weeks. They have the Junior and Senior Banquet, Senior Trip, Graduation Exercises and many other (Continued on Page Seven)

RJC Golfers Tie San Antonio In Dual Matches

The Ranger Junior College golfers tied San Antonio Junior College in San Antonio in a dual match Monday. The score ended three to three tie.

The low for Ranger was Bob Thomson with a 74. The lowest score, however, was shot by a San Antonio boy with a score of 73. Larry Richter and Bob Thomson each won their individual matches. They also combined to win their team match. Billy Wiggs and Tommy Warford lost their matches by close margins.

The Rangers next engage in conference action Monday at a Tuesday, May 1-2, in San Antonio.

Local Club Women Invite Community Aid on Project

The federated clubs of Ranger are sponsoring the money-making project to buy an air conditioner for the Community Club House believe that this is an opportunity for community cooperation. In recognition of the need for this improvement of the club house, they hope the people of Ranger will give their full support to the Games night on Friday, April 28, at 7:30 at the Community Club House.

There will be games for all: bridge, dominoes, forty-two, canasta, and others. Prizes will be awarded and refreshments served. Tickets are being sold by the Garden Club, 1920 Club, New Era Club, and 1947 Club and will also be available at the door.

The purchase of a \$1.00 ticket will insure an evening of entertainment as well as support of a community project.

Farmers Union Organization Meeting Set

Area farmers have been urged to attend an organizational meeting of the Texas Farmers Union to be held Monday, May 1 at 8 p.m. in the Gorman Fire Hall. The proposed "Agricultural Act of 1961" as recently introduced in Congress will be discussed. All farmers interested in strengthening and maintaining a farm program should attend this meeting, a Farmers Union spokesman said. Thirty state farm organizations met in Dallas last Monday and endorsed the proposed Omnibus Farm Measure as proposed by the Administration. Under the provisions of this bill growers will be given a chance to participate in the formulation or modification of farm programs, commodity by commodity.

Richard Alexander, Texas Farmers Union secretary, will discuss with growers the provisions and importance of this legislation as well as the program of the Farmers Union in Texas and nationally. This will be the first meeting of Farmers Union in Eastland County.

The Comanche County Unit has been organized the past few weeks. The Farmers Union has long been a strong defender of the family type farm and parity of income for farmers, Alexander said. Their objectives are proving to be in agreement with increasing numbers of farmers.

Scout Camp-o-ral at Lake Daniels Friday & Saturday

Approximately 40 boy scouts from the two local scout troops will participate in a Camp-o-ral at Lake Daniels, near Breckenridge, this weekend.

Walter Henry's Garage Burns Wednesday Night

The Ranger Fire Department answered a fire alarm turned in at approximately 8:30 p.m. Wednesday, but arrived at the scene of the fire (a garage at 820 Sinclair St.) too late to prevent the garage from becoming a total loss.

The garage belonged to Walter Henry. There was no one at home at the Henry residence at the time of the fire and the alarm was turned in by a neighbor. The garage was completely engulfed by flames when the fire department arrived on the scene.

The garage had previously caught fire about three weeks ago from a trash can and the fire department arrived in time to save the garage. There was no indication of the cause of the fire Wednesday night.

Savings Bonds Sales In March Total \$54,244

"Sales of E and H Savings Bonds in Texas in March totaled \$12,574,291, which represents approximately 7 1/2 per cent increase over March of 1960," according to Guy Parker, chairman of Eastland County Savings Bonds Committee. "Sales in Eastland County totaled \$54,244 for the month of March, which represents 23.9 per cent of the 1961 goal for the county."

"On a statewide basis, sales have amounted to 25.7 per cent of the 1961 goal of \$165,100,000.00," continued Parker. "Every American citizen can have a real share-in-America by participating in the Saving Bonds program and investing a part of income in the safest investment in the world. More and more Americans are realizing that U.S. Saving Bonds contribute to national economic stability, personal security, and world peace," concluded Parker.

District MYF Officers Elected And Installed

The Ranger Methodist Youth Fellowship met in Cross Plains Monday night at the Sub-district annual meeting and elected and installed officers for the next year. Officers elected and installed were Bill Midkoff of Cisco, president; Eddie Dry of Eastland, vice president; Becky Brown of Ranger, secretary; Clark Conner of Eastland, treasurer; and Jimmy Drennan of Ranger, publicity chairman.

Approximately 140 members were present from the nine towns represented in the sub-district.

fair with scouts from the Northeast District of the Comanche Trail Council participating.

Scouts will leave for Lake Daniel at 5 p.m. Friday and will return here late Saturday afternoon. The field events to be held on Saturday will be entered on a patrol and crew basis with boy leaders in charge of these groups. Each patrol and crew must furnish its equipment to enter the events. The real benefit will be in (one) preparing for the events, and (two) the practice that it takes will improve their skill.

Grading will be on a basis of a possible maximum of 100 points for each event. The events will include tracking, pancake race, fire by flint and steel, judging, pioneering, signaling, compass, first aid, knot tie drill, water boiling, fire by friction and tent stake making. Each patrol or explorer group that gives a stunt at the camp fire on Friday night will receive points also.

Parents and friends are urged to attend the camp fire program to be held Friday night.

Barrett Speaks To Breckenridge Brotherhood

A group of Ranger men accompanied Roy Barrett to Breckenridge Tuesday night to the district Brotherhood meeting where he was one of the speakers.

Barrett spoke on stewardship. Accompanying Barrett were Rev. Ralph E. Perkins, A. W. Warford, Keith Barrett, Pete Miller, Joe Pete Miller, Grover McGowan, Weaver Alsham, L. L. Bruce, Tom Lang, Jim Houghton, J. B. Houghton and Delton Childers.

Spring Workouts Are Progressing Well At College

The boys participating in spring training at Ranger College have done a good job in workouts thus far, according to Coach Ken Vakey. He is very much pleased with their progress. The boys are getting used to the system that he uses, and now they will work on polishing up the offense.

In practice two injuries have occurred. Joe Morrow, a freshman guard from Rotan, pulled a groin muscle, and Russ Ward, a letterman, has a charley horse in the upper thigh. Both will probably return to practice in two or three days.

Coach Vakey again extends an invitation to townspeople to come out to the practice field to watch the boys in workouts.

Lone Star Pipeliners

A pair of "hot pass" welders put in a filler bead of metal to strengthen the initial weld between two sections of 18-inch natural gas transmission pipeline being laid by Lone Star Gas Company. The 52-mile pipeline is being laid between Springtown and

Gordon by Lone Star to carry additional natural gas from West Texas producers into the Dallas-Fort Worth market. Photo was taken southwest of Garner between Mineral Wells and Weatherford. Lone Star expects to complete late in May.

Volley Ball Games Aid to Cancer Drive

A volley ball games night will be held in the Recreation Building on Thursday, April 27 at 7 p.m. for the benefit of the Cancer crusade drive in Ranger.

The games (a total of eight) will be played by the physical education classes of Ranger High School and will be under the direction of Coach Harold Prescott. There will be two games in progress at all times.

Admission will be 25 cents for adults and 15 cents for students.

Ranger Woman's Sister Buried In Breckenridge

Mrs. A. M. Adair, 73, Breckenridge resident for the past three years, died of cancer at 12:40 p.m. Monday at the home of a daughter, Mrs. E. J. White of Houston.

She was a sister of Mrs. W. J. Van Bibber of Ranger. Mrs. Adair had been in Houston where she was receiving treatment at the M. D. Anderson Clinic. She had been a cancer patient for the past year.

Funeral services were held Wednesday at 2 p.m. in the Satter white Funeral Chapel in Breckenridge, with the Rev. Jerry Walker, pastor of the First Presbyterian Church, officiating. Burial was in the Breckenridge Cemetery.

Born Nov. 13, 1888 in Oklahoma, she was the former Nimble Gould before her marriage to A. M. Adair of Waxahatchie Oct. 22, 1907.

They lived in Breckenridge in the 1920's and in Fort Worth, returning to Breckenridge three years ago.

Survivors include her husband of Breckenridge, one son, Robert A. of Longview; two daughters, Mrs. White of Houston and Mrs. Murrell Brown of Breckenridge; five sisters, Mrs. W. M. Adair of Dallas, Mrs. L. S. Farr of Stamford, Mrs. W. H. Hughes and Miss Ruby Gould, both of Mineral Wells; her mother, Mrs. J. H. Gould of Mineral Wells; and seven grandchildren.

Pallbearers were Bill Maner, Winter Wood, Jim Rominger, Larry Smallwood, Floyd Pearson, all of Breckenridge, and W. T. Isbell of Abilene.

BULLETIN

Word that received here this morning that Bill Basham had passed away in the Veterans Administration Hospital in Dallas. Funeral services are pending from Killingsworth Funeral Home.

Gary Bradshaw To Play In State Tourney

Ranger High School will have one representative in the State Track and Field meet in Austin May 5 and 6 as Gary Bradshaw will be playing in the AA division of the State Golf Meet.

Gary earned the right to participate in the meet last week when he won the medalist honors in Lubbock with a two under par 70, and a two hole sudden death playoff with Eddie Smith of Coleman. This was the second time that Bradshaw and Smith had tied on 18 holes this season. They tied for medalist in the District Meet at Cisco.

Gary has been playing championship style golf for the past year. In 1960 he won the Eastland County Golf tournament, and was consolation winner of the Eastland Invitation Tournament. So far this year he has been medalist in the District and Regional AA tournaments and was consolation winner in the Eastland County Tournament.

Coach Harold Prescott will accompany Gary to Austin for the State meet.

Future Bright for College Graduates

Employment demand for this June's college graduates in engineering, in most sciences and in accounting equals or tops the record heights of 1960; nearly all available in these fields should have jobs by graduation or soon thereafter. Demand for teachers also is "tremendous," according to preliminary returns in the 26th annual coast-to-coast survey of college employment now under way by Northwestern National Life Insurance company.

Prospects for business and liberal arts grads look good but cannot be accurately appraised as yet, says the preliminary report. Employers are interviewing just as many of these candidates as a year ago, but actual job commitments are somewhat slower than this time last spring.

An important reason, the survey finds, is that many employers have been delaying decisions as the actual number of new personnel they will hire in '61 until they can judge the vigor and magnitude of the upswing which they expect will take definite shape in the next 30 to 60 days.

Defense industries at generally hiring more than a year ago. General business — wholesalers, retailers, banking, insurance, etc. — is hiring about as actively as this time last spring. Non-defense industries are building up big lists of interviewees, but many are slower with their commitments. The average of starting salaries is running slightly higher than 1960; early 1961 estimates by place-

ment officials indicate \$525-\$560 for various branches of engineering; \$75 to \$100 less for business and liberal arts.

The booming market for accountants rivals the longer established one for engineers, in intensity though not yet in salary levels. Bachelor degree accountants are starting at \$450 to as high as \$500, with far more jobs than there are accounting grads available to fill them.

The soaring demand, says the report, springs from several factors:

1. Growth in number and complexity of reports required from business firms by the Securities Exchange commission, Federal Power commission, Internal Revenue bureau, and various other federal agencies.

2. Growth in calls for more accounting personnel to staff the government agencies which require more reports from business.

3. Growth in scope and complexity of tens of thousands of large and medium-size American businesses.

4. Growth in use of electronic data-processing equipment, which shrinks the need for bookkeepers and increases the need for fully trained accountants to supervise operations.

5. Increasing number of small businesses which retain a professional accounts on a part time and consulting basis, not only to take care of their accounting, but also as the only specialist they habitually consult on their various business problems.

WATCH FOR THE **ALAMO**

Jerry Lewis On Ranger Screen

Jerry Lewis and Anna Maria Alberghetti as the famous artist Norman Rockwell sees them in Jerry's latest comedy in color "Cinderella". The story of a rich man's son who is ill-treated by a stepmother and her two sons. "Cinderella" is on the Ranger Drive In screen Sunday thru Tuesday. Coming May 4 "The Alamo".

A Joyce Kilmer poem reads, "I think that I shall never see a poem lovely as a tree." However, to the property owner whose home stands beneath the outstretched arm of a neighbor's oak, a tree may present far from beautiful image. In a violent windstorm it may split apart with great damage to his home below. Or lightning may partially sever a limb which could some day fall, injuring children playing under the tree. What recourse does a person have if the owner of the land which the tree stands refuse to trim off a protruding or dangerous limb, although requested to do so?

A landowner may, without liability, cut off at his boundary line the branches and limbs of trees growing on neighboring premises. Such overhanging branches are in effect a nuisance which the adjoining landowner may prevent by removing them. However, he is limited strictly to removal of overhanging branches and if he cuts beyond the boundary line, he is committing a trespass upon his neighbor's property and may be liable for damages.

If you desire to cut off the overhanging branches of a neighbor's tree, you are not required to give notice unless you have in some way encouraged the continuance of the dangerous condition.

What if neither party cuts off the overhanging limbs and one falls injuring a person or damaging property? Who is responsible? The fact that the adjoining landowner could have cut off that part of the tree protruding over his lot does not make him liable.

for failing to do so. He has no duty to cut off protruding limbs although he has a right to cut them if he so chooses.
The owner of the land upon which the trees, stands, however, does have a duty to remove branches and limbs when it becomes apparent to him, or he should reasonably know, that they are in a dangerous condition. So where a decayed tree standing near the boundary line falls during a heavy wind, injuring property or persons on adjoining land, the owner of the property on which the tree stands may be liable. A property owner, the court has said, "has no more right to keep on his premises an unsound tree near the house of his neighbor, on which it is liable to fall, than he would have to keep a dilapidated and unsafe building in the same position."

ABOUT YOUR HEALTH

Texans are rightfully fearful of snakes, but the fact of the matter is more Texans have been dying over the years from the effects of insect bites than have died from snake bites.

During the five-year period from 1956 to 1960, snake bites claimed 13 Texans lives during the same period insects resulted in the death of 30 persons.

Last year, 1960, there were 18 total snake and insect-bite deaths in Texas, the largest number since 1944, when there were 23 deaths.

An interesting coincidence can be found by examining rainfall averages for various years, and then relating them to the number of snake and insect bite deaths.

For instance, 1956 had no deaths from such bites—this was the

peak year of the recent drought. The following year, there was a jump to nine insect-bite deaths and one snake-bite death.

Every Texan recalls the spring rains and floods that year.

Rainfall has remained fairly average over the past four years providing an increase in undergrowth, shrubs and other insect and snake-harboring conditions.

Early warm spring also add to the numbers of snakes and insects active in the summer and fall.

In a recent national study involving a five-year period, it was found bees, wasps, hornets and yellow jackets killed 86 persons compared with 71 from snake bites and 39 from spiders.

Bees alone took 52 lives when victims were allergic to their poisons.

Best defense against insect and snake bites is to be watchful. Tramping through woods with thick undergrowth can be asking for trouble.

Around the home, look carefully in tall bushes and vines before trimming to make sure there are no insects nests.

When exposed to snake-ridden areas, carry a snake-bite kit. If bitten, be still to keep circulation at a minimum rate while applying snake-bite procedures or waiting for help. The victim should seek medical aid from a physician as soon as possible.

MRS. RAY BURTON NORRIS
(Photo by Canaris Studio)

Wedding Vows Read Saturday for Miss Young and Ray Burton Norris

of College Station attended the bride as matron of honor. Bridesmaids were Misses Willene Lee and Yvonne Green, both of Eastland, and Peggy Humphreys of Colorado City.

Jerry Arthur of Austin served as best man. Groomsmen were Robert Norris of Eastland, Saul Pullman of Eastland and Clyde Hudson Young Jr. of College Station. Ushers were David Moore of Austin and Henry Van Geem of Eastland. Acolyte was Mike Carothers.

Wedding vows were read for Miss Betty Jane Young and Ray Burton Norris 7:50 p.m. Saturday in the Holy Trinity Episcopal Church by Rev. William Ralph Woods.

The bride is the daughter of Mr. and Mrs. Clyde Hudson Young and the bridegroom is the son of Mr. and Mrs. Ray Alna Morris, both of Eastland.

Mrs. Clyde Hudson Young Jr. Wedding music for the ceremony was presented by Mrs. Elizabeth Vaughn.

Given in marriage by her father, the bride wore a formal length gown of white taffeta with stem silhouette and a molded bodice of Alencon lace, interwoven with lustrous seed pearls and featured a Sabrina neckline. Lace extended to the hemline of the belle skirt which formed a cation train. She carried a white orchid and cascade of carnations and stephanotis atop a Prayer Book, which her grandmother, Mrs. Frank Lupton, carried in her wedding in 1904.

A reception was held immediately following the ceremony in the Woman's Club with Misses Alice Frazer and Karen Taylor entertaining with piano music during the evening.

Mrs. Paul Andrews of College

Mrs. F. W. Lowe Honored on 80th Birthday Sunday

The children of Mrs. F. W. Lowe honored her on her 80th birthday Sunday, April 23, with a dinner in the home of her daughter, Mrs. Guy Brown.

Those present were Mr. and Mrs. A. L. Barnett and Linda, Mr. and Mrs. Creed Flanary, Mr. and Mrs. L. L. Lowe and Rhonda Sue, Miss Kathleen Wofford, Mrs. Lillie Howe, all of Stamford; Mr. and Mrs. George Penix and Philip Newsum of Lueders; Mr. and Mrs. Fred Schmickle and Freddy of San Angelo; Mr. and Mrs. F. W. Lowe Jr., Pamela, Frankie, Julia and Patricia of Del Rio; Mr. and Mrs. Maud Shinn of Stephenville;

Sam Chisholm of Minguis; Mr. and Mrs. C. A. Watson of Mineral Wells; Mr. and Mrs. Sterling Short Bob and Dan of Dallas; Mr. and Mrs. Jack Waddington, Brooks and Stewart of Pensacola, Florida; Mr. and Mrs. Gaston Dixon, James and Jean, Mrs. Lottie Davenport, Mr. and Mrs. Loyd Waddington of Ranger.

Station, aunt of the groom, Mrs. Jack Crockett of Stamford and Mrs. M. A. Morgan of Colorado City, aunts of the bride, served cake and paper.

Following a short wedding trip the couple will be at home at 1401 Lorraine, Austin.

Get in on Chevy's brand of savings at your Chevy dealers

TRUCK ROUNDUP

Western star Roy Rogers, spreads the good word for your local dealer! "Right now he's making it easier than ever to own America's easiest riding truck. That's Chevy—the truck that saves you plenty with its special brand of independent Front Suspension."

Chevy's hefty Jobmaster 3, standard in Series 60 middleweights, is known far and wide for its fuel-saving performance.

Just pick the model that fits your job and you can be sure you're putting your truck dollars where they'll do the most good. You'll get a super-efficient power to capacity ratio, a truck that's Sturdi-Bilt clear through, a king-size cab to keep your driver happy. And savings that just naturally go along with Chevrolet's I.F.S. ride.

You save on maintenance costs. I.F.S. lengthens truck life and protects cargoes by soaking up as much as 78% of all objectionable road shock and vibration. Your truck keeps working for extra-thousands of miles! How in the world can you go wrong! Especially now—during truck roundup time!

CHEVROLET LES TRUCKS

Chevy's famous Thriftmaster 6 does the saving in this Fleetside model. It's the most highly respected truck 6 ever put under a hood. It's best known for economy and dependability—for pulling more loads over the years than any other truck engine. The 135-horsepower 235-cu.-in. Thriftmaster's standard in all Chevy pickups.

AS IT LOOKS FROM HERE

Military preparations and military operations are costly under all circumstances. It is tempting to say that they are necessarily costly.

Waste and extravagance are built into most all Government

activities, and more especially into military expenditures.

Actually, there are obvious reasons for this being true. Probably one of the principal reasons is the fact that expenditure of military funds, and particularly purchase of equipment supplies and all material, is necessarily made by those in the military not particularly trained to watch costs. It is a natural and normal situation even in peacetime, much less under the pressure of war time.

Our civilian economy is not at all without fault. All sorts of pressure and influences are brought to bear to oversell and overcharge the military.

Many people write, urging that the expenditures of government be reduced. Certainly they should be. On the other hand, considering the fact that upwards of 60 per cent of all expenditures go into some feature of "national defense," of course, is the place where reductions must be made if appreci-

able savings are to be seen by the taxpayer.

It is a little strange, the number of programs of one sort and another claimed by their sponsors and supporters to be a part of our "national defense." It takes a Russian Sputnik or a situation in Cuba or Laos to spur these people on to extravagant insistence that every pet program and project is essential to "national defense."

The president has ordered the closing of 73 military bases, 52 here in the United States and the remainder overseas. The purpose

of some of these military installations has been long outmoded, and everyone knows it. They have not been closed sooner because of the great hue and cry which arises from the economic interest of those affected. This is just one example of many as to the reason why our military costs continue.

This is a part of our free enterprise system. We would not change it. Soviet Russia does not have to worry about this sort of thing. The government owns the economy and people have nothing to do with it.

The Kennedy administration intends to shut down many more outmoded military bases and plow back the savings of "hundreds of millions" of maintenance dollars into other defense needs.

In an address by deputy secretary of defense Roswell L. Gilpatric to the American Society of Newspaper Editors meeting in Washington, he said that closing "on a scale never done before" will be made. He was appealing for support of the newspapers in this action.

Mr. Gilpatric said the nation must have a greater capacity for handling "sublimated war" such

as Laos and Cuba, as well as stronger, hardened major war forces than ever before.

Developments are moving so rapidly in this nuclear age that planes, missiles and nuclear weapons of all kinds may be outmoded before they are ready to fire. At the same time, we can not afford to wait and be safe. This, of course, is another tremendous cost which seemingly can not be avoided.

Every member of congress and every citizen of a community where military installations are located make the case to retain the installation for economic reasons. Of course, we are all biased, but in our own area, Dyess Air Force Base and its missile installation is one of the most modern. Walters at Mineral Wells should be a principal base for helicopter training, since emphasis is on mobility. Helicopters are essential to the operation in Laos and will be in other areas of the world where no other vehicle can operate. Modern facilities are available at Walters to accommodate a much greater use than now being utilized.

Mrs. Squiers Teaches Mission Study at WMU

Mission Study was the program for the Woman's Missionary Union of the Second Baptist Church when they met at the church Monday afternoon.

The group opened the meeting with the song, "Sweet Hour of Prayer."

Mrs. G. P. Rose, prayer chairman of the Lucy Bell Stokes Circle, read the missionary names on the prayer list for the day and Mrs. J. D. Nichols led in prayer for them.

Mission study chairman of the Lucy Bell Stokes Circle, Mrs. Eddie Squiers, brought two chapters of the mission study book, "Intercessory Prayer."

Closing prayer was led by Mrs. Mae Rodgers.

Those present were Meses. O. J. Caraway, Frank Brooks, J. D. Nichols, Fannie Duncan, Everett Noth, Eddie Squiers, G. P. Rose, Joe Caulder, W. C. Tipton, H. H. Sutton, Mae Rodgers, J. B. Baker, and Albert Williams.

It's coming!

Uncle Sam tips his hat to the ladies...

for their big part in the Savings Bond Program

From the very start 20 years ago, the U.S. Savings Bond Program has been lucky in having the dedicated support of thousands of American women. Their wonderful cooperation has ranged from the War Bond tours of Hollywood's brightest stars to helping to operate the Savings Stamp Program for the Nation's small fry.

The special talents of American women

Studies have shown that American women tend to be conservative with dollars. Their long look at future security is apt to be pretty practical. So for them, Bonds and the Savings Bond Program are a natural.

Thousands of husbands and fathers owe their Payroll Savings nest egg to the influence of their wives. Many a boy and

girl wouldn't have a full Savings Stamp book, but for Mom. And many a Bond would not be sold, but for the army of women volunteers who put their strength behind the Savings Bond Program.

Why it's worth listening to the ladies

Every U.S. Savings Bond you buy is guaranteed to grow by Uncle Sam. Right now the interest paid you is 3½%, if Bonds are held to maturity. Bonds are a riskless investment. If they are stolen or destroyed you get new ones free. And you can have your money back anytime you need it with interest.

Buy and hold U.S. Savings Bonds—join the ladies in their work for a stronger Nation in Peace.

A Message from our First Lady:

During this Twentieth Anniversary Year of the U.S. Savings Bond Program we salute the volunteer spirit of the Women of America in bringing the Savings Bond message of thrift into our family lives. By buying bonds and encouraging others to do so, we help build a more secure future for ourselves and for our country. Most important, this self-discipline of regular savings helps build the spiritual strength so essential to our continued growth as individual citizens and as a Nation.

Around the Campus

An Editorial
By HORST KRAUSE
My definition of sportsmanship is very simple. Sportsmanship is courtesy to one's fellow athletes. This means courtesy to athletes on one's own team as well as to one's opponents.
Apart from the value of sports in making better men of boys by developing their bodies and teaching them how to keep from getting hurt easily, sports play an important part in helping them learn or acquire sportsmanship. A player in any game has to learn to control his temper, win, lose, or draw.
The tougher the game gets, the more a player has to control himself and be courteous to his opponents, regardless of the circumstances. An example of simple courtesy is shown in basketball for instance, when a player fouls out and has to leave the game, and opponents shake his hand and tell him that he has played a good game. All sports should be played cleanly. After a clean-fought game, a player has a good feeling inside, which is conducive to instilling ideals of good sportsmanship.
Some districts and conferences give sportsmanship awards and trophies, and these help build proper attitude. Because a trophy or award may stand for fair, play, courtesy, and honesty, a player may play harder and try to be more courteous than he would otherwise. That teams and schools are interested in winning such trophies and awards often encourages boys to work harder to develop the type of sportsmanship that a good coach tries to implant.
"The Roving Reporter"
What would you do with a live vine? That's what this is all about. The roving reporter received some pretty incredible answers when he asked students and teachers on the Ranger College Campus this question.
A viverrine is a form of civet cat, a long-bodied, short-legged, cat-like carnivorous animal, native to Africa but when the people were asked the question, they didn't know this. Here are the answers given:

activities coming up in the next five week period.

Speaking of activities—there is some good entertainment in the movie world to be offered in this area in the next few days. The Ranger Drive In has "The Alamo" scheduled for a full week showing starting on May 4. This is one of the most publicized pictures, especially in Texas, since the "Giant." Also a very popular picture, especially with the younger set is Walt Disney's production of "101 Dalmations" now showing at the Majestic.

We are always speaking of doing something for Ranger, but many have the feeling that as individuals there is not much that can be done. Not so with Social Science Laboratories of Ranger—they mail many thousands of letters out of town each year. This year they have been printing advertisement of Ranger on the back of all their out of town envelopes. It tells of all the many advantages that can be obtained in Ranger—both for business and recreation. This is a real good idea and if everyone who has out-of-town mail would do the same thing, who can tell how much good that it will do.

Learning the Lesson the Hard Way

... is not always a virtue, neither is it advisable. The person who buys a home or other real estate without first investigating the title is a perfect example of one who learns his lessons the hard way. True, he will learn better later, but too late for his own good. Any real estate that is worth buying is also worth the extra cost of an abstract, for upon the title rests the value and security of every real estate investment.
