#### A good policy to follow!

Walking to my office the other day I passed by the stores and offices of the people in this community with whom I do business. I could not help but think how fortunate it is to have, so conveniently available, most of the services and help needed in our daily existence and provided by those whom we know and trust as friends and neighbors.

It made me feel good to realize that in my job as an in-surance man I too contributed to the convenience and welfare of the members of this community.

I realize that in doing business with people who are close to you and whom you know, there is that personal touch and interest which cannot be obtained from distantly located strangers. For that reason and the fact that it will increase the prosperity of our community and ourselves, I believe in the policy of buying from your neighbors.

## Mr. and Mrs. Homemaker

Don't risk heartaches and top-heavy costs in keeping it up-to-date. Whenever it needs care, maintenance or modernization, check with us before you sign any contract from a high pressure, quick-talking stranger. Ask yourself these questions when you have been contacted by an itinerant salesman offering you a

"bargain price" on a new roof, siding, paint job or other home improvement: 1. Do I know anything about this salesman or his company?

2. Can the salesman or his company give me local, recent references?

3. Will the company be in existence and financially abie to fulfill its guarantees (if any) in one, three or five years from now?

4. Have I obtained a price on this job covering the exact same specifications from any local dealer?

5. Does the out-of-town company have liability insurance to protect me or my property in case of acci-

6. Do I know for certain the brand and grade or quality of material I will get?

7. If something goes wrong with the job, will the out-of-town company make it good? And, if so, when?

8. If a local building permit is needed, does the out-of-town firm have one, signed by local authorities for my protection?

If the answers to any of these questions are not satisfactory, be careful. Watch out for tricky contracts Before you purchase material or enter into a contract with an unknown firm consult one or more of

your local lumber dealers. We are reliable, trustworthy and an authority on the proper materials and what they should cost for your every building requirement. We know what materials will give you the best

We are members of your community. If anything on any job might need further attention, you are as close to us as your telephone and you can be assured of satisfaction and helpful, friendly service.
