

As I See Ranger

By GENE TOWNSEND

Explorer Scouts of Post 16 have invited their sponsors (the Ranger Lions Club) to a barbecue supper Tuesday afternoon.

It might be interesting to the Rotary Club members to observe this game and see just how many of the Lions are as young as they let on.

We had the Ranger High School seniors going on their Senior Trip last Friday, but they won't leave for their trip until Wednesday of this week.

There was quite a bit of golf activity participated in this past weekend by Ranger golfers. Bill Wiggs of Ranger Junior College was co-medalist of the Brownwood Invitational tournament.

Sonny Spies and James Towns attended the Quash Tournament over the weekend. Spies was defeated by a golfer that he ended against in the tournament last year.

The Senior Class gave an exceptionally good program at their class day last Friday. There were some sad expressions on some of the seniors faces as they relinquished their seats in the auditorium to the Junior Class.

Three in one day—that's what Mr. and Mrs. R. V. Robinson will be faced with Monday, May 29, as their three children will all be graduating the same day and two at the same hour.

R. V. Galloway, manager of the Ranger Chamber of Commerce is in the hospital in Amarillo where he is undergoing treatment on his leg. He is in room 348. He is expected to be discharged from the hospital Saturday or Sunday.

Summer Leagues Being Formed at Fiesta Lanes

The summer bowling leagues at the Fiesta Bowling lanes at Eastland will begin bowling this week. Several teams from Ranger are expected to enter the summer league schedule.

The schedule of leagues are: Monday Night 6:30 p.m. Couples Handicap 8:30 p.m. Men's Handicap Tuesday 9:00 a.m. Ladies (Housewives) Handicap 7:30 p.m. Hollywood Vaseline League Wednesday 6:30 p.m. Ladies Handicap 8:30 p.m. Men's Doubles Handicap Thursday 2:00 p.m. Business Men's Doubles League 6:30 p.m. Junior Doubles Handicap 8:30 p.m. Men's Scratch League Saturday night there was a Moonlight Couples bowling contest. Mr. and Mrs. Holman Bagwell of Ranger won the contest with a six game total of 846. They held a 46 pin lead over the next couple.

Teenagers Play Cisco Tonight

The Ranger Teenage Blue Sox defeated Stephenville 5 to 4 Friday night at the Ranger Teenage Park. Tuesday night the Blue Sox will travel to Cisco for a practice game with the Cisco Teenage Team. Friday night the Hawks have a game tentatively scheduled with Strawn at the Ranger Park.

Ranger Scouts Ready For Summer Camp Week

Five hundred Boy Scouts, Explorers and their leaders will camp at Camp Billy Gibbons during the regular summer camp in June. Campers will be from throughout the eight counties served by Comanche Trail Council.

Approximately 45 boys from Ranger Scout Troops 10 and 15 will attend camp the week of June 19-25.

Program highlights include swimming, boating, canoeing, Indian Lore, crafts, hiking, advancement, cooking, nature, marksmanship, fishing and council fire activities.

Postmaster Asks Careful Use of 'Air' Envelopes

"Air mail envelopes should never be used unless the sender desires air mail service. While the use of air mail envelopes for first class surface mail is fortunately not widespread, usage is frequent enough to merit special attention," so says Acting Postmaster Ella White.

The position of the Postal Service can better be understood when it is pointed out that air mail envelopes are purposely created with their distinctive markings to identify air mail immediately and to make certain that it receives priority handling on the way from deposit to destination.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation HR. IT'S THE LAW in Texas

TRESPASSING CHILDREN

What are your duties as a landowner toward children who come on your property without permission? In what circumstances do you have to pay when they get hurt?

A landowner has a special duty to trespassing children to see that they do not get hurt on highly dangerous things about his place. You can well expect them to wander on your place; it is up to you, within reason, to see that they don't get hurt.

Must you pay for their injuries? Not, for example, if the child should have recognized the dangers, or if he could look out for himself, but doesn't.

The law expects only what is reasonable to protect the child without excessive costs.

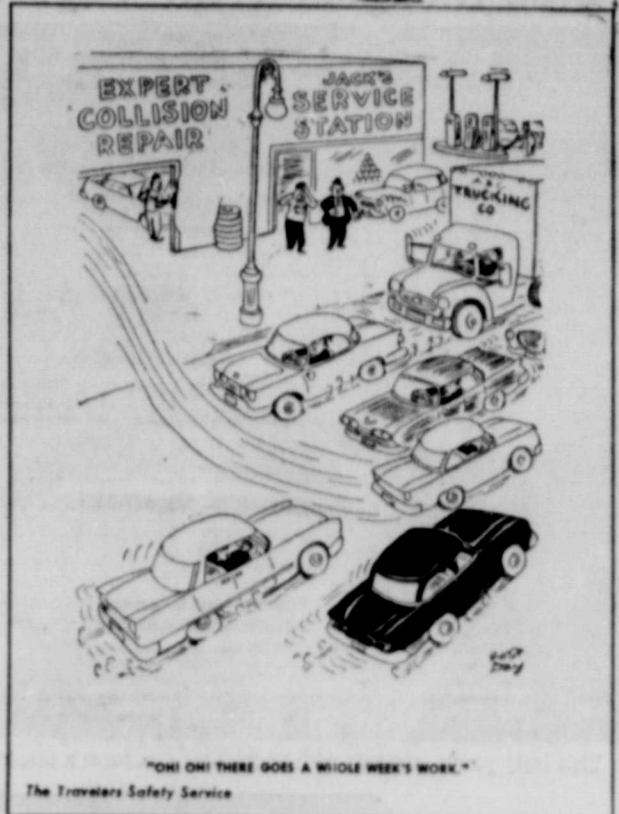

In one case a 12 year old girl played hide and seek on a lot the owner was building on. Chasing a playmate, she failed in a jump over a stack of windows and fell and hurt herself. The landowner was not liable, the court held. This trespasser was old enough to have seen and kept out of danger.

As a landowner you need not childproof your place; you have only to use care and guard against

Deadly Reckoning by Robt. Day

"OH! OH! THERE GOES A WHOLE WEEK'S WORK."

Carelessness and inattention are the chief causes of motor vehicle accidents.

dangers the trespassing children aren't likely to know about. Where a child realizes the risk and incurs injuries "in a spirit of bravado", the courts have often held that the owner was not liable.

In another case though, neighborhood children played in a home owner's swimming pool during the summer. In the winter he partly drained it, but decayed leaves and dirt made the pool slippery. Although he fenced the pool off, the owner did not repair a gate that opened on to it. Playing children could see the pool from the street. One day a two year old boy strayed through the opening, slipped into the water, and hurt himself.

This time the court held the owner liable: He should have drained the whole pool put in the gate, or both. Otherwise the risk was too great: The slippery, partly filled pool was like a "trap", easy to reach, and concealing unusual dangers—dangers that a child was not likely to realize—dangers which the owner could have repaired with ease at a small cost.

Pool owners owe a duty of care to neighbor boys and girls when the dangers are great, and could be avoided by proper care.

ABOUT YOUR HEALTH

The greatest public health campaign since Teddy Roosevelt's day is underway across the nation and Texas. This time the enemy is polio instead of "Yellow Jack."

If the same relentless attack is pursued in the eradication of polio, it too may become almost a memory as yellow fever became in a few short years following Dr. Walter Reed's discovery that Mosquitoes were the carriers of dread "Yellow Jack."

Vaccination is the key to complete victory over the crippling effects of paralytic poliomyelitis. The Salk vaccine has proven overwhelmingly effective as a preventive against the disease.

With the advent of the Salk vaccine, the incidence of paralytic polio has steadily declined in Texas from 816 cases in 1955 to a recent low last year of 114.

So far during 1961, paralytic polio cases are running slightly below last year's figures. At the end of the first 18 weeks six cases of polio compared to nine cases during the same period last year and 92 cases in 1955.

However, the fact of the matter is that there is still a huge reservoir of unprotected persons who could fall victim to the disease if a severe outbreak should occur.

Especially vulnerable are pre-school age children. Records show, most polio cases strike children under five years of age.

Also, unprotected young adults—especially parents of young children—are oftentimes stricken. The intensive anti-polio campaign is directed towards "babies and bread-winners."

This slogan is the title of a pamphlet outlining procedures to follow in local campaigns. Step-by-step items for successful vaccination programs are outlined.

Program procedures are per-

Mr. and Mrs. Homemaker

Your home is your most priceless possession. Don't risk heartaches and top-heavy costs in keeping it up-to-date. Whenever it needs care, maintenance or modernization, check with us before you sign any contract from a high pressure, quick-talking stranger.

Ask yourself these questions when you have been contacted by an itinerant salesman offering you a "bargain price" on a new roof, siding, paint job or other home improvement:

1. Do I know anything about this salesman or his company?
2. Can the salesman or his company give me local, recent references?
3. Will the company be in existence and financially able to fulfill its guarantees (if any) in one, three or five years from now?
4. Have I obtained a price on this job covering the exact same specifications from any local dealer?
5. Does the out-of-town company have liability insurance to protect me or my property in case of accident?
6. Do I know for certain the brand and grade or quality of material I will get?
7. If something goes wrong with the job, will the out-of-town company make it good? And, if so, when?
8. If a local building permit is needed, does the out-of-town firm have one, signed by local authorities for my protection?

If the answers to any of these questions are not satisfactory, be careful. Watch out for tricky contracts and misrepresentations.

Before you purchase material or enter into a contract with an unknown firm consult one or more of your local lumber dealers. We are reliable, trustworthy and an authority on the proper materials and what they should cost for your every building requirement. We know what materials will give you the best job per dollar invested.

We are members of your community. If anything on any job might need further attention, you are as close to us as your telephone and you can be assured of satisfaction and helpful, friendly service.

 "SERVES YOU FIRST"

A good policy to follow!

Walking to my office the other day I passed by the stores and offices of the people in this community with whom I do business. I could not help but think how fortunate it is to have, so conveniently available, most of the services and help needed in our daily existence and provided by those whom we know and trust as friends and neighbors.

It made me feel good to realize that in my job as an insurance man I too contributed to the convenience and welfare of the members of this community.

I realize that in doing business with people who are close to you and whom you know, there is that personal touch and interest which cannot be obtained from distantly located strangers. For that reason and the fact that it will increase the prosperity of our community and ourselves, I believe in the policy of buying from your neighbors.
