VOLUME 3

WICHITA FALLS, TEXAS, FRIDAY SEPTEMBER 17, 1909

NUMBER 109

COTTON PREMIUMS MAY BE RENEWED

CONSIDERABLE SENTIMENT IN FAVOR OF PLAN ADOPTED LAST YEAR.

IT IS BEING CONSIDERED

Is Under Discussion By Chamber of Commerce and Will be Decided Shortly.

Agitation among the business men for a renewal of the cotton premium custom in this city has led the Chamber of Commerce to take up the matter and the question will be decided shortly. Last year this plan worked very successfully, and it is believed that good results would follow were it to be inaugurated once more.

The plan was to offer the sum of \$100 cash each week and have the drawing every Wednesday afternoon. Each farmer bringing a bale of cotton to town received a numbered ticket and on Wednesday afternoon the holders of three lucky numbers, determined by drawing from a hat, received cash premiums, the first being fifty dollars and the others in small amounts, a total of one hundred dollars each week. This plan kept the farmers interested and as the rule was that the lucky holders must be present when their numbers were drawn, all were in town every Wednesday. The story of the man who lost \$50 by going around the corner to feed his team is too familiar now to need repetition here.

The renewal of the plan is favored by many and the Chamber of Commerce will, in all probability, take the matter in hand. The question is being considered this afternoon.

PROMINENT BISHOP DEAD.

Right Reverend Geo. McCloskey Succumbs in Kentucky.

Louisville, Ky., Sept. 17.—The Right Reverend William George McCloskey, Bishop of the Catholic Diocese of Kentucky, and the oldest Catholic Bishop in the United States, both in age and point of continuous service, died today of ailments of old age. He has been head of the Kentucky Diocese for forty-one years. He was at one time President of the American College in Rome.

BELGIUM FOR COOK.

Scientists of That Country Do Not Believe in Peary.

Dresden, Sept. 17.—Raoul Oliver, a prominent Arctic authority, today passed the opinion that Belgian scientists generally had full confidence in Dr. Cook. He says Cook won the esteem of the Antarctic committee by his quiet unassuming demeanor and integrity. In determination between Cook and Peary, he places the greater reliance on the former.

BANKERS' CONVENTION ENDS.

Feature of Today is Address By Forgan of Chicago.

Chicago, Sept. 17.—This is the last day of the convention of the American Bankers' Association. One of the features is an address by James B. Forgan, president of the First National Bank of Chicago. Reports from various sections and from the standing law and federal legislative committee were given attention.

TREAT RESIGNS.

United States Treasurer Quits Job, Effective in October.

Washington, Sept. 17.—United States Treasurer Charles H. Treat resigned today, effective in October. No successor has been chosen.

'CAPITAL FUN' SAYS ROOSEVELT IN AFRICA

Nairobi, Africa, Sept. 17.—News comes that Theodore Roosevelt has killed a great bull elephant with big tusks. It is being stuffed. Kermit Roosevelt killed five lions and three buffaloes. Mr. Roosevelt declares he has had 'capital fun' and that all members of the party are well.

TRAGEDY AT DURANT.

Young Married Man Kills Father-in-Law on Street.

Texas News Service Special. Durant, Okla., Sept. 17.—J. F. Lamb was shot dead by his son-in-law, Jules Hampton at Caddo last night, following a quarrel in the theatre. Hampton his wife and the latter's father left the theatre together, but on reaching the street Hampton hurried his wife away leaving the father. Lamb remonstrated and Hampton turned and shot Lamb in the breast. Hampton made a successful dash for liberty, though the police fired several shots at him.

INTEREST IS HIGH.

Pennant Race May Be Settled in Philadelphia Series.

Philadelphia, Sept. 17.—There is intense interest in today's game between the locals and the Detroit team. The winning of the Philadelphia yesterday brought them nearer to the pennant. Philadelphia won, 2 to 1. Police protection was necessary for Ty Cobb who skipped a Philadelphia player during the series at Detroit.

Los Angeles in 1910.

Chicago, Sept. 17.—Los Angeles was selected as the next meeting of the Bankers' Association. San Antonio withdrew, putting in her bid for the 1911 convention.

BURKBURNETT TO HELP FOR THE FAIR EXHIBIT

The business-men of Burkburnett will join Wichita Falls in getting up a suitable agricultural exhibit for this county: at the Dallas and Oklahoma City fairs and when Secretary Gohlike visited that city yesterday afternoon he was given every promise of cooperation. Cash prizes will be offered by the business men for the best specimens brought in and the selections for the exhibit will be made then. Iowa Park and Electra are also expected to help, but have not yet promised to do so.

Secretary Gohlike states that things are lively at Burkburnett now and that the wagon loads of corn received every day are numbered by the dozen. Nine new frame store buildings are also under construction and the little city will soon be fully up to Wichita county standards.

WILSON RETURNS.

Optimistic Utterance By Secretary of Agriculture.

Washington, Sept. 17.—'The average laborer is today living better than Queen Elizabeth did in her time,' said Secretary Wilson of the Agricultural Department, on his return from a vacation on his farm.

ALFALFA BILL'S BOOM TRIES TO GET STARTED

Texas News Service Special. Sulphur, Okla., Sept. 17.—Although politics will not be discussed at the re-union of the delegates to the constitutional convention and members of the first Oklahoma legislature, that opens here today, friends of Bill Murray of Tishomingo, are making a strong effort to launch his boom for governor. His address this afternoon on 'What is the meaning of Constitution?' and a torchlight parade tonight by Murray's squirrel-riders, are regarded as significant in effecting his candidacy, to succeed Haskell.

Four Hundred Immigrants.

Most Are Germans, Bound for West Texas Farms. Texas News Service Special. Galveston, Sept. 17.—Four hundred prospective citizens of Texas and the Southwest, chiefly German immigrants, arrived from Bremen this morning aboard the German Lloyd Steamship Cassel. The majority are bound for West Texas.

FIRE AT SHERMAN.

Exploding Drugs Endanger Much of Business Section.

Sherman, Tex., Sept. 17.—Fire of unknown origin at 1 o'clock this morning destroyed the Eader-Allen Drug Company building, with a loss of six thousand dollars. Other business blocks were imperiled by the fury of the fire and exploding chemicals.

STATE SECRETARY OF Y. M. C. A. HERE

THE PRELIMINARY ORGANIZATION STEPS WILL BE TAKEN AT MEETING TODAY.

SESSION THIS EVENING

Those Interested Will Gather at the Chamber of Commerce Rooms to Discuss Matters.

L. A. Coulter of Dallas, general secretary of the Young Men's Christian Association of this state, arrived in Wichita Falls this afternoon to take steps preparatory to the organization of a branch in this city. A meeting of those interested will be held this afternoon at the Chamber of Commerce rooms, where preliminary steps will probably be taken toward permanent organization.

A number of business men have been invited to attend this meeting as well as representatives of the various churches and several young men who are interested in the proposed branch here. Owing to the fact that the Association has a well equipped building and gymnasium to begin with, it's start is excellent and it is not believed that any difficulties will be encountered in the organization of a strong chapter in this city. Mr. Coulter is pleased with the outlook. This afternoon's meeting will doubtless witness the taking of some decisive action.

STORY WAS UNTRUE.

Man Said Negroes Robbed Him—Is Himself Arrested.

Decatur, Sept. 17.—Curt Evans, who reported he was robbed by two negroes Tuesday night near Alvord, was arrested this morning on charges by Ben Hanson, one of the negroes, that Evans insulted his wife. Evans is in jail, and admits his story was a ruse to induce the officers to search for Hanson and Charles Mettles and their wives. Suffering from gun wounds, Hanson surrendered here last night. The negroes corroborate the story.

WILL PROSECUTE DAY.

Woman He is Said to Have Abducted Leaves for Home.

Waxahatchie, Tex., Sept. 17.—Mrs. Elizabeth Griggs of Pulaaki, Tenn., left here this morning for her home to prosecute Tom Day on charges of abducting her to Texas by threats of killing her. When they arrived at Waxahatchie a week ago she appealed to the police and Day was arrested at Kossen yesterday while picking cotton. In the custody of the Tennessee authorities, he will arrive at Pulaaki at the same time the woman does.

NEGROES SURROUNDED.

Hemmed in on All Sides By Determined Mob of Whites.

Houston, Sept. 17.—Eight posers are today surrounding the broad-thicket near Sandy Point Brazoria County, believing they will starve out Charles Delaney, Otto Cooper, Jesse Guymen and Steve Hayes, the negro fugitives from the Angleton jail. Three whites have been killed since the search was begun last Monday. The negroes are expected to attempt to break through the cordon, desperate for food.

CONDITION HOPEFUL.

Physicians Believe Gov. Johnson Will Safely Recover.

Rochester, Minn., Sept. 17.—Governor Johnson's condition today is reported more hopeful and while danger from pneumonia and other complications incident to such an operation, through which he passed are said not to be over, there promises a speedy recovery. He passed a satisfactory night.

FIRE ON DALE RANCH.

Four Hundred Acres Swept By Flames Early This Week.

The Dale ranch in Clay county not far from the county line, was the scene of a prairie fire which swept over four hundred acres the earlier part of this week. The fire is supposed to have been started by a Fort Worth and Denver engine and for a time is said to have been quite threatening.

WISCONSIN CITIES ENTERTAIN TAFT

PRESIDENT AT MILWAUKEE AND LACROSSE DURING THE MORNING.

HIS CHICAGO ADDRESS

Advocacy of Legal Procedure Reforms Was a Feature—Strong for Labor.

Chicago, Sept. 17.—After a decidedly strenuous day in this city, baseball, speeches, receptions and banquets being the features, President Taft left last night over the Chicago and Northwestern for Milwaukee, which city will receive him tomorrow.

Labor legislation proved an important part in his address and he recounted his efforts in behalf of the trades unions. An attack on socialism followed and then a long criticism of delays in the administration of justice. He favored the appointment of a commission to take up the work of gradual reform in this direction.

Milwaukee, Sept. 17.—President Taft and his party arrived at 6 o'clock this morning from Chicago over the Chicago and Northwestern. The morning was spent in this city, departure being taken at noon for LaCrosse. The President was enthusiastically greeted wherever he appeared. Extra police precautions were taken. Thousands of school children joined in the reception. The President spoke to the state fair visitors.

LaCrosse, Wis., Sept. 17.—The dedication of the new Y. M. C. A. building will be the feature of Taft's visit at this place this afternoon. The city is in gala attire. Winona and Minneapolis are the next stops following this city.

I. O. O. F.

Odd Fellows in Seattle for Annual Convention.

Seattle, Wash., Sept. 17.—Odd Fellows from all parts of the United States, Canada, and Mexico are gathering in Seattle for the annual convention of the sovereign grand lodge, which will open Monday. The sovereign grand lodge is composed of about 250 representatives of grand lodges of the order in different states, territories and foreign countries. Auxiliary organizations will meet during the week. These include the Rebekah Assembly and Patriarchs. Militant.

It is estimated that by tomorrow night 50,000 members of the fraternity will be in the city. On the big day, which is Wednesday next, thousands of visitors are expected to be here to see the parade, which will be reviewed by the governor and other state officers, the mayor and the grand sire and representatives of the sovereign lodge.

Cash prizes and cups aggregating in value \$5,000 will be distributed among the cantons, subordinate lodges, encampments and Rebekah degree teams appearing in competition at the drills and degree contests that will be a feature of the week.

A fund of \$25,000 has been raised by the Odd Fellows of the state of Washington for the entertainment of the visitors. One of the special features of the elaborate decorations will be an electrical night display in the downtown section. Ten immense electrical signs, shaped to represent the 'The Links' one of the official signs of the order, have been suspended at the principal street intersections.

So far the contests for officers of the sovereign grand lodge are attracting little attention, but interest in this feature of the gathering is expected to increase with the arrival of the main body of delegates. Atlanta will put in a strong bid for the honor of entertaining the 1910 convention of the order.

INJURED BY FALL.

John W. Walker Victim of Accident On Ladder.

The falling of a ladder in a store on 10th street where he was at work caused severe injuries to John W. Walker last evening and he is unable to be out this morning. As he fell a box of merchandise which he was handling at the time struck him across the chest adding to the severity of the accident. His injuries are not considered serious.

WILL ASK APPRAISEMENT.

Harriman Estate Believed to Be Valued at \$100,000,000.

New York, Sept. 17.—Mrs. Edward H. Harriman, who by the terms of her husband's will probably becomes the richest woman in the world, is expected to ask for an official appraisal of the financier's estate within two weeks. Until this is made, nothing definite will be known as to the amount of wealth accumulated by Harriman, but in Wall Street, it is the common opinion that it will be close to one hundred million dollars.

TEXAS WANTS CONVENTION.

1911 Meeting of Brotherhood of Carmen is Being Sought.

Atlanta, Sept. 17.—Delegations from Milwaukee and the state of Texas promise to be the leaders in the contest for the 1911 convention of the Brotherhood of Railway Carmen of America, now in session here. The meetings are behind closed doors.

STRIKE CALLED OFF.

Second Walkout at McKee's Rock Comes to an End.

Pittsburg, Sept. 17.—The second strike of the workmen at the Pressed Steel Car Works was declared off this morning.

JUDIUS TRUELSON IS SENTENCED AT VERNON

Texas News Service Special. Vernon, Sept. 17.—Judius Truelson, alias Jonathan G. Thaw, once entertained by Vernon residents as a cousin of Harry K. Thaw, was this morning sentenced to two years and six months imprisonment in the penitentiary for swindling a local bank. His career of fraudulent prosperity was meteoric, but brief. The bank lost two thousand dollars before an inquiry from Wichita Falls started the investigation that betrayed Truelson.

The above dispatch from Vernon will doubtless bring unpleasant memories to some Wichitans who suffered as a result of Truelson's peccinations in this city. He bought a large quantity of jewelry here, paying for it by check. The check was on a Vernon bank and came back in due time with some very instructive endorsements on its back. This led to some investigations here and Truelson was arrested. He never denied his guilt, which probably accounts for the lightness of his sentence.

While in this city he did not cut so much of a figure and kept rather quiet in his operations. His career at Vernon seems to have been pursued along more showy lines.

SENATOR J. W. BAILEY IS TO BE INVITED HERE

Senator J. W. Bailey will shortly be the recipient of an invitation to visit this city, if the Bailey partisans in Wichita Falls carry out plans now being formulated. Wichita County, while it could hardly be considered a Bailey stronghold, has always given him a majority and the Senator would have a warm welcome here. Every effort will be made to bring him here for an address and it is believed that he will accept.

FOUR ARE CONVERTED.

Baptism of Holy Ghost and Fire at Methodist Revival.

Rev. Parrish preached a soul-stirring at the Methodist Episcopal revival in the tabernacle last night, where he was heard by a large congregation. His text was 'I indeed baptise you with water, but He shall baptise you with the Holy Ghost and fire.' The song service was inspiring and uplifting and the power of God was manifest among those present. There were four conversions and a deep interest manifested among the unsaved.

WARD IS SINKING.

No Hope for Recovery of Texas Divine is Entertained.

Tokio, Sept. 17.—Bishop Seth Ward, of the Methodist Episcopal Church South, is gradually sinking. There is no hope for his recovery. He comes from Houston 51 years old and called for the Orient in July.

COUNCIL TO ENACT JIM CROW CAR LAW

AN ORDINANCE SETTING ASIDE STREET CAR SEATS FOR NEGROES PLANNED.

LINE IS VERY POPULAR

Over Two Thousand Rides Taken Yesterday and the Patronage is Good.

The enactment of an ordinance setting aside the two rear seats on the street cars for the exclusive use of negroes is being enacted by the city authorities and will probably receive attention at an early meeting. While nothing has happened to indicate any pressing need for such an ordinance, it is deemed expedient to pass it at the start and have any unpleasantness that may arise over with. The matter will probably come up at the next meeting of the council.

The street cars have been very popular since the line was put in operation and hundreds have gone out to the lake or to the end of the city line, just for the fun of riding.

Three thousand nickels were rung up in the registers on the Wichita street cars on Wednesday and Thursday and all day yesterday and today the cars have been comfortably filled, there being no dearth of patronage. The ringing up of three thousand nickels does not mean that there has been three thousand passengers, as some paid ten cents for a ride to the lake and were rung up twice.

As a usual thing the starting of a street car line is followed by every body riding just to be riding and this continues until the novelty wears off. Wichita Falls people, however, are not so unsophisticated as that, and the novelty is less alluring to them.

As soon as the inexperienced motor-men and conductors can be broken in by the older hands, more cars will be put on and the service will be improved, it is announced.

WIDOW OF TEXAN.

Mrs. John Hoxie's Husband Built Railroads in Texas.

Chicago, Sept. 17.—Advices received here today from Buffalo by relatives of Mrs. John R. Hoxie, who was seriously injured in an auto accident there yesterday afternoon, say she is in a precarious condition from the shock over the death of her daughter, Mrs. H. F. Good of Chicago, victim of an auto crash. Mrs. Hoxie is a widow of the man who took prominent part in railroad building in Texas in pioneer days.

BALE SYSTEM REVIVED.

Screw Men at Galveston Resume Old Style of Contract.

Galveston, Sept. 17.—For the first time since 1900, the cotton screw men of Galveston resumed the bale system of contracts. It is effective today, providing wages of twelve and a half cents a bale for hand stowed cotton. The new form of contract was signed by every stevedore at the port. The screwmen now earn six dollars per day, and a foreman seven dollars a day of eight hours.

TO SPEAK AT ARLINGTON.

Senator Bailey Will Stop There en Route to Dallas.

Gainesville, Sept. 17.—Senator Bailey announced this morning that he would make a brief speech at Arlington Saturday morning en route to Dallas from Fort Worth answering there to a limited extent the recent speeches. He will go to Fort Worth at 9 o'clock and to Dallas at 11, with his delegation for a speech tomorrow night.

CAN NOW ACCOMMODATE ALL INSANE PATIENTS

Texas News Service Special. San Antonio, Sept. 17.—Chas. B. White, state purchasing agent here today announced that the state is prepared to accommodate all lunatic patients in the asylums instead of temporarily detaining them in county jails as heretofore.

Special Train Over the Southern Pacific Makes 71 Miles in 75 Minutes With a Sleet and a Norther for an Accompaniment.

GOT A COOL RECEPTION AT SABINAL

He Offered Fifty Dollars for a Four Mile Ride—Livery Stable Helper Told Him to go the Hot Place, but He Plodded Across the Prairie and Made the Four Miles in Two Hours.

A little after midnight Sabinal called San Antonio Western Union Telegraph office. It was sleeting and a norther. The wind howled, and the ice fell from the eaves of the buildings and limbs of trees. A bad night to be out. But the call was urgent, persistent. 'For God's sake,' flicked the instrument and Dr. Frank Fanning and rush him out on a special. Fannie is dying, but he can save her!

It was a matter of but a few moments to start a messenger to Dr. Fanning's residence on Government Hill with the dispatch. I took longer time to get the special train over the Southern Pacific, however. Orders were fired out by the dispatcher to clear the way for a special, and at 1:24 a locomotive and one car pulled out, one passenger aboard. The water tank and the coal chute flew by and the car rocked and jerked as the engine picked up her speed—30 miles, 25, 35, 45, 50—49 miles an hour—whistle going, stack humming with the little exhaust. A long screech, brake shoes grinding and staggering of the car as the speed grew less. At 2:30 the train stopped Sabinal, 71 miles in 75 minutes.

It was a bad morning—cold sleet, wind. The lone passenger found his way to the livery stable and beat on the office door. 'Go to —; get away from here!' came the answer to a request for a team. The livery man was routed out of his home.

'Fifty dollars down for a team to take me to Boone's—four miles.' But he could not get a team. And so off across the prairie along an unfamiliar road the man who came on the special plunged. Sleet cut his face and beat his body; frozen branches of mesquite blew against him, and icicles thrashed him as they drifted down the gale.

Away across the prairie twinkled a light—a light in the house where death was striving to take away a fair soul as ever dwelt on earth. It seemed hours, days almost, before the storm-beaten man reached the Boone home; it was 5 o'clock—two hours going four miles!

The following tells the result of the trip: THE STATE OF TEXAS, County of Bexar. Know all men by these presents: That four years ago this month, February, 1898, my daughter Fannie had typhoid fever and she was very sick. To add to the horrors of her disease, she had a large abscess developed in her right side (ovarian).

Our local doctors said that she would have to be cut open to allow the abscess to discharge. They gave her up and so did the whole family. Like a drowning person I was willing to catch at a straw, and as I heard of the wonderful cures that Dr. Fanning had made by his power of healing, which I now believe to be God-given, I telegraphed to him at once to come and see if he could save my daughter's life.

Dr. Fanning took a special train and came at greatest possible speed. It was a race between the grim monster, death, and one who could banish him from our home. Dr. Fanning arrived in time to save my child. He arrived at Sabinal and got out to my ranch at 5 o'clock in the morning. My daughter was nearly dead. Her fever was 105 degrees, and we had given up hope.

We prayed that Dr. Fanning might arrive in time, and he did. Life still lingered in her body, but it was only a spark. Dr. Fanning at once began to impart to her some of his vital magnetism, and in twenty minutes she was in a healthy glowing perspiration. The fever fell at once to 101 degrees. Her improvement was wonderful. She was surely snatched from the yawning mouth of the grave and restored to her family.

She improved so rapidly that Dr. Fanning pronounced her out of danger in twenty-four hours. He then left for San Antonio. She was up and around the house in six days. For over four years she has remained sound and well.

I will say in conclusion that she owes her life to Dr. Fanning's quick response to our summons, and his wonderful healing power. Without his aid my daughter would have died, and we believe that her present good health is due to Dr. Fanning's treatment.

With all the gratitude that a mother can express, I say 'We owe it all to him.' MRS. N. J. BOONE. THE STATE OF TEXAS, County of Bexar. Sworn to and subscribed before me this 26th day of February, A. D. 1898. E. B. JOHNSON, Notary Public, Bexar County, Texas.

The Great Healer, who performed the above wonderful cure is coming to Wichita Falls on September 20th, and will remain two weeks. If you are a chronic sufferer, call and consult Dr. Fanning, as it costs you nothing for consultation.

LAY FOUNDATION NOW. W. J. Bullock Makes Some Suggestions That Are Pertinent. Editor Times: The next legislature is almost sure to establish another normal school in West Texas. Wichita Falls, with her splendid natural advantages ought to get this school, and should begin now to lay plans with that end in view. The best business men in our city say a state normal school would be worth more to us than a trunk line railroad. The first preparation for this school would be to get rid of the saloon. There is not an intelligent business man in Wichita Falls who believes in his heart that saloons will help us to get such an institution. They are bound to be a disadvantage. Practically all West Texas is dry territory and they will not want state schools to which they are to send their children located in saloon towns, and no locating board will even ask them to do such a thing.

Roofs Will Leak--In Time

Then, of course, it means a new roof, or patch up the old one. In either case it will take shingles. If it's your roof, then of course you want only the best shingles. There is no question about Washington Red Cedar Shingles being the best shingles; and we don't think there's any question about this being the best place to buy them. But that's up to you to prove to your own satisfaction. If you'll come in, we will take pleasure in showing you our stock and quoting you lowest prices.

A Constant Stream of New Things—Charming, Every One of Them

We Started this Fall with an Even More Extensive Showing than Ever Before

As you glance over hundreds of styles you will quickly see that there is a decided tendency toward closer fitting garments and coat dress effects, also that the dominant feature in everything is the Moyen-Age Effect, the Newest, oddest, most attractive style introduced in years.

Colors were never prettier—and there are enough fashionable shades for everyone to find a becoming one. There seems to be almost a passion for all tones of violet, from the deepest purple to the softest and palest shades of lavender; Raisin is good. Catawba, Taupe and slightly deeper tones of Blue, Brown and gray. These models are made expressly for us and are characteristic Bishop garments. This means more than usual care in tailoring and a positive genius in selecting fabrics, trimmings, buttons, etc. This is so important this fall as strong contrasts are extremely fashionable. You couldn't find more attractive garments than these Bishop models—you couldn't find greater values; better clothes can't be had

fair.

GOLD-BRICKED.

In these bustling, bustling times, every live, wide-awake town in Texas is on the lookout to land more people, more capital, more industries, etc. In order to do this it is deemed necessary to have well organized commercial bodies at their head, real live-wire men at handsome salaries. In a majority of instances these professional live-wire fellows are worth all and more than they draw as salaries, but occasionally a town gets gold-bricked, as teh following excerpt from a press dispatch from Marlin will testify:

"Marlin, Tex., Sept. 15.—Some months ago the Marlin Commercial Club advertised in the newspapers for a commercial secretary, who could 'deliver the goods.' In response there came a most effervescent, sparkling and effluent proposition from a town near Dallas. He gave the club to distinctly understand that he could not only make the delivery, but that he could also plant, harvest and manufacture the goods. He was employed at sight.

We pressed our hands in self-congratulation that fortune had shed her blandest, broadest smiles upon us, and sent to Marlin a modern and thoroughly developed Moses who surely would lead the town and its people from the twilight of semi-obscure into the luminous glory of fame. The tide in the affairs of our town had been yanked at the flood, and the road was straight and blazed all the way to fortune. But alas and alack! one balmy Sunday morning some weeks ago, after our Moses had only sojourned with us little more than a month, it was whispered about the streets of Marlin that 'the livest of live wires' as he denominated himself, had decamped; that he had taken a nocturnal and pussy-footed departure from the town whose people had cherished fond hopes that it would be made famous by the genius of this 'livest of live wires.'"

To show that he carried with him an abiding interest in the town where the life-giving waters flow, he was often heard from by the Marlin Commercial club, and these little reminders that the current was still on come through the banks of the city in the form of drafts by banks at Memphis, St. Louis, Leavenworth, Pueblo, Los Angeles, Albuquerque and other cities. Ten of the drafts in the aggregate were drawn, each for \$15.

At the time of his disappearance from Marlin the live wire there also disappeared from the Commercial club quite a number of postage stamps. Several of our good citizens acknowledged to having advanced small loans, made the previous evening. For two weeks or more the live wire seemed to have become grounded, or the current in some manner cut off. However, our apprehension that he had disdained us, as the Philistine did David, has been fully removed, and we are now satisfied that the seeming disregard that he has shown our city for the past two weeks was entirely due to very stubborn causes, over which he positively had no control, as the following will abundantly explain.

"Bisbee, Ariz., Sept. 8.—James H. Nicholson, arrested at Tucson on the charge of passing forged checks, acknowledges his guilt. He returned to Albuquerque in charge of Sheriff Romero of that place, following his detention in jail at Tucson on telegraphic advices from Albuquerque officers.

"Nicholson worked on the Bisbee Dalley Review in December, 1906, se-

curing indorsees of friends to checks, for about \$100 and then skipped town. He is known to have operated in many towns southwest of Bisbee. He has a wife and child at Tucson."

KEEP THE BLAZE BURNING.

Writing to the Boston Journal, Geo. Fred Williams says.

"For years we have had certain democrats howling for tariff reform. When they at last have a chance, what do we find them doing? The whole democratic crowd in congress are ready to reform everybody else, but when their own states are reached they jump in and take their part of the loot. They are perfectly willing to trim off duties which affected the other fellow, but for themselves they'll hold tight to what they have, or, perhaps, go it one better. I'm all through with politics until I can see some light ahead. Just now there isn't even a gleam from the progressive democrat."

It is not surprising that men who have worked faithfully for the public interest should, at times, be discouraged. But, while Mr. Williams is waiting for the 'light ahead,' he should continue his good efforts to 'keep the blaze burning on the hill top.' Men like George Fred Williams should not undertake to estimate the results of their labors by the political victories won. In every age they have had the opportunity of deriving satisfaction from the fact that they have protected the people from some imposition and have forced some reforms from majority parties.—Bryan's Commenter.

Seymour was one of the twenty-eight towns in the race for the West Texas Normal, and lost out, the locating committee not even visiting that town. Because of that fact, the Banner grew wrathful, and said among other things that politics governed the action of the board. But the Banner has discovered its error and relented, as witness the following:

"The locating committee of the West Texas Normal in their report recommend that two more Normals be provided for by the next legislature. Upon finding out what a big country West Texas is they have about decided that it will take lots of normals to supply the demand. Under these circumstances and in consideration of the fact that the present normal has been definitely located and Seymour is getting over her sore feelings, we believe we will take back what we said about the committee, if they will guarantee to locate one of those normals here. If they wouldn't even come to see us this time, though, it looks like our shot for another one might be sorter slim."

The combined deposits of the five banks located at Amarillo, as shown by published statements are \$2,088,561.13. When it is taken into consideration that this is at least one-third in excess of what the deposits in those five banks amounted to one year ago, it is sufficient evidence that, commercially speaking, Amarillo likes a whole lot of being a 'dead one.'"

Work has started on the glove factory building at Wichita Falls. Our sister town is working along right lines. Factories, farmers, railroads, and schools are what build towns. Better keep your weather eye in the first named.—Seymour Banner.

Gov. Tom' Caa now say 'I told you so.' A former Texas commercial secretary has been arrested for embezzlement in Arizona.

If Wichita's schools are crowded to the limit, as is stated, the only thing to do is to raise the limit.

GENTLEMEN

Stop---Consider

Money Earned is Money Saved

You can do both—by coming now and selecting one of those swell Suits and Coats and Pants that we are selling at such low figures. The prices are low—very low—considering the values we are giving.

It Pays to Dress Well

particularly when you can get such clothes at so little a price.

No matter your form, shape or figure—we can fit you stylishly and becomingly

Our clothes are designed and made by the celebrated MASTER TAILORS

Schloss Bros. & Co.
of
Baltimore & New York

It Isn't How Little You Pay

That makes the dollars count; it's how much value you get; and how your clothes will wear and keep their shape. It's the man who must make every dollar count who gets so much satisfaction from our goods; their thoroughly good quality means economy to him. Now is a good time to buy.

LET US SHOW YOU

COLLIER & HENDRICKS

WICHITA FALLS, TEXAS

The Best Time To Buy Coats and Suits is

RIGHT NOW

While the stock is large and you can secure choice and quick delivery from a great number of desirable garments. Right now we have your size and can deliver the garment at once. The probability is that you'll not have to wait a minute for alterations. Our stock is composed of such well known brands as The Palmer garment, La Vogue and

Goldston's Suits and Coats. These garments are made on such perfect lines that few alterations are required. When they are we can make them easily and quickly. The high quality of garments of these makes is an assurance of satisfactory wear. As to the styles—Well, if ycu'll come here we can convince you that they are exactly what you want. Price, too, is an object, but be sure for the price you pay, you secure the very best value and that outside appearance is not all you pay for. When you select one of these garments the question of quality is

settled before you buy. We have Ladies' Tailored Suits ranging in price from \$10.00 to \$45.00. We will be pleased to show you these garments, whether you want to buy or not

For Your Health's Sake Use More Cocoa

There are people who can and do work hard from six in the morning to noon on no other breakfast than a cup of strong cocoa.

Now you know that cocoa must be a strong food to make that possible.

The only difference between chocolate and cocoa is that a part of the rich heavy oil is taken out in making the cocoa so that children can drink it and thrive on it.

Iced cocoa is a delicious drink if you boil it a trifle and then do not put in the cream until you are ready to drink it when a dash of whipped cream makes it delicious.

In making the hot drink add a sprinkling of powdered cinnamon to give it a little extra zest.

Panthers as Household Pets.

"A British official in an out of the way Persian district invited me to stay at his house for a night," narrates a globe trotter. "I was comfortably settled upon a sofa just before dinner when my rest was suddenly disturbed by a loud bang at the sitting room door, which, flying open, admitted two enormous animals, which I at first took for dogs.

"Both of them made at once for my sofa, and, while the larger one curled comfortably round my feet and composed itself to sleep, the smaller one seated itself on the floor and commenced licking my face and hands, an operation which had I dared I should strongly have resented.

"But those white, gleaming teeth and flashing green eyes filled me with something akin to terror. To my relief, my host entered at this juncture. "Making friends with the panthers, I see," he remarked pleasantly. "They are nice, companionable beasts."

"That may have been true at the time. The fact remains, however, that three months afterward one of them devoured a native child."—London Telegraph.

Mending a Broken Heart.

An Atchison young thing had a heart that ached, her honey boy having taken his affections elsewhere, and her father recently shut himself up with her to reason with her. "That honey boy averaged spending 50 cents a week on you," he said. "Here's a dollar a week to take his place. Every time he called he cleaned out the refrigerator. Your mother will see to it that your brothers do this in future. He kept you up late nights. Your baby sister is cross, and hereafter you will let the baby do this for you. He took possession of the most comfortable rocker on the porch. When you look at that rocker in future it will not be empty, bringing the pang to your heart that your silly novels tell about. It will be occupied by the man who paid for it, and that's me. Your mother and I stayed by you through colic and teething and are going to get you through this if we have to take turns spanking you. Now take your eyes off the moon and look at the dust around you."—Atchison Globe.

The Mean Thing.

"Why are you mad at her?" "I met her on the car today, and she said, 'Oh, let me pay your fare' and I said, 'Oh, you mustn't,' and she didn't." —Houston Post.

WE SAVE YOU MONEY

Before purchasing your ice cream elsewhere, please consider the following figures. Amounts of one gallon or over delivered to any part of the city. Satisfaction guaranteed or no pay. Ice cream, vanilla, per pint, 20 cents; quarts, 35 cents; half gallons, 60 cents; gallons, \$1.00; will also furnish other flavor or sherbert at above figures for amounts of one gallon or over, on twelve hours advance notice. Your attention is also invited to the fact that we have a complete line of books, stationery and news of all kinds. Having recently enlarged our stock in every respect, we feel sure we can take care of your wants. If not in stock we will gladly order. Books to rent at very reasonable cost.

ANDREW CARNEGIE—"The wise young man or wage earner today invests his money in real estate."

We are Going to Give Twenty-six People an Opportunity to Own Their Own Homes by Paying a Small Cash Payment Down and Payments Monthly Without Interest

The Wichita Development Company owns twenty six modern bungalows on Burnett, Bluff and Austin Sts., between Third and Sixth Sts., which we have induced them to allow us to sell on easy terms, *Without Interest or Taxes*, and on which they will carry the insurance until forty-eight monthly payments have been made.

These houses are well built; have concrete foundations; all chimneys built from the ground, and are all pleasing in appearance. They are close in, the property beginning six blocks from the First National Bank. The ground is the highest of any portion of Wichita Falls which lies in the valley, as shown by the statement of City Engineer, Hinkley, which appears in this advertisement. Cement sidewalks are laid over nearly all the property, and every house has a sewer running down alley in rear. The Gas Company has laid its mains down the streets. Each house is connected with city water. Free mail delivery and a school house within two blocks of the farthest house are among the advantages. The soil is deep and fertile and trees and lawns can be grown better than in most parts of the city. When these houses have been sold, as they will be, under these extraordinary terms, and the property is occupied by owners, who will be interested in its development, property values will double.

These houses are practically new, and rent from \$15 to \$20 per month, and at that, are the cheapest rentals in the city. On a house renting for \$15 you double the rent for 48 months and own the house without payment of interest, taxes or insurance, by paying a cash payment down of but \$100.00. On a house renting for \$20 per month you pay a larger cash payment but add only \$10 per month to your rental.

A buys the first house listed, he pays, in cash, \$100.00 48 month's rent saved at \$15 per month..... \$720.00
He pays 48 payments of \$27 each 1,296.00 Net cost of house..... \$676.00
Total cost..... \$1,396.00

It is reasonable to suppose that with the growth of Wichita Falls the value of the property will have increased to \$2000.00, in which event the purchaser will have made a net profit of \$1324.00 on his investment.

The Wichita Development Co.,
Wichita Falls, Texas.

Wichita Falls, Texas, Sept. 2, 1908.

Gentlemen:

This is to certify that the property owned by your company, Blocks Numbers 121, 122, 123, 144, 145, 220, and 241 has an altitude of from 958 to 960 feet. The altitude of that portion of the city lying between Seventh St. and the Wichita Valley Ry., from North to South and between Lamar St. and Michigan Ave., from East to West, ranges from 951 to 957 feet; in other words, the property owned by your company is from one to eight feet higher than any portion of the city, excepting such as is on the hill. For example, the altitude of Burnett and Third St. on your property is 960 feet. On the corner of 12th and Scott, which is in a good residence section of town, the altitude is 957 ft; consequently, should the city ever be inundated, the water would be 9 ft. in depth at the corner of 12th and 12th before it would begin to cover your property at Burnett and Third.

(Signed) L. C. Hinkley, City Engineer.

AMUSEMENTS

Rich F. Carroll and Gus Weinburg, two comedians in "The Alaskan."

"The Alaskan" a musical comedy of superior merit, will be the attraction at the Wichita Theatre next Tuesday, Sept. 21.

This is the same production which ran for five consecutive months in Chicago, the past summer, and comes to Wichita Falls with Chicago's strong stamp of approval written plainly all over it. It is a bright, cheery entertainment, full of crisp, clear snappy dialogue, fresh humor of the twentieth century vintage, and with many new songs interpolated and a thoroughly competent company, it is sure to be a welcome visitor and a popular offering.

The story in brief, concerns Richard Atwater, a young miner who has been grub-staked by a wealthy easterner. Atwater's claim is on the verge of playing out when a letter arrives that his benefactor has died, leaving one-half of the mine to his daughter, Arlee, and that she, with a party of friends will come to Alaska. The party arrives about as quickly as the letter. Atwater falls in love with his partner, but the failure with the claim makes it impossible to declare his love. A discovery of a rich vein of gold, and the sale of the mine, brings wealth and happiness and wedding bells join in the finale.

The production is full of novel, exclusive surprises. Richard Carroll, Gus Weinburg, Dotmar Poppen, Lawrence

Coover, Jack Rose, Jessie Stoner, Marion Hall, Etta Lockhart, Marcell Scott, and a large chorus, go to complete the strongest laugh producing combination to visit us this season.

The seat sale opens tomorrow, Saturday morning at 8:30 at the office of Bean and Huey, 617 Eighth street.

This is something entirely new in the musical comedy line and will surely prove an innovation to our local amusement seekers. The new and novel "Snowballing" number, in which the entire audience is allowed to pelt the Esquimo girls with fluffy missiles which are exact replicas of snowballs, is very exciting.

KATY'S ANNUAL REPORT

Interesting figures and Statistics Gleaned From Statement.

The Times is in receipt of the report to the stockholders of the Missouri, Kansas and Texas Ry., for the year ending June 30. Among the items of interest incorporated in it are:

The gross operating revenues were \$25,300,915, as compared with \$23,283,669.85 the previous year. The net operating revenue was \$7,633,508.56 as compared with \$6,851,562.12 the previous year. The gross income was \$6,847,634.53 as compared with \$6,544,741.99 the previous year.

The sum of \$433,411.97 was spent for additions and betterments in Texas; \$546,444.35 was spent for the same purposes the previous year.

The average mileage in operation is 3072 miles and during the past year there have been no extensions built or new roads taken over. The Katy carried a total of 7,387,069 tons of freight during the year, against 6,442,630 the year previous. The "tons one mile" carried during the year was 1,618,929.

The passengers carried numbered 5,575,281, as compared with 5,104,291 the year previous. The average distance each was carried was sixty-two and one-half miles and the "passenger one mile" carried were 349,200,712. The average revenue per passenger was \$1.249. The passenger trains run during the year numbered 76,379 and the freight trains 92,131.

LIBERATI IS TO ATTEND.

Himself, Band and Great Vocal Artists Secured.

VAUDEVILLE FEATURES.

Music Hall Program at Texas State Fair, Which Opens October 16, Includes Many Rare Acts.

Seventy talented musicians, twenty great vocal artists and a grand array of instrumental soloists in a series of musical festivals, under the personal direction of the Imperial Cornet Virtuoso and Band Master Alessandro Liberati, is the splendid offering that the management has secured for Music Hall at the twenty-fourth annual exposition of the State Fair of Texas, which opens at Dallas, Saturday, October 16, and continues sixteen days.

Liberati's band is one of the most efficient musical organizations in the country. Although the leader has shown no inclination to sacrifice the artistic side of his work, it must not be understood that his programs are without the elements of popularity, for he has shown due regard for both sides of the question. In technique he has a way of handling his band which makes it far superior to the average musical organization. He gives ample attention to the requirements of his engagements, and assures the Fair management that he is preparing one of the finest programs of his career for the State Fair.

Every morning, afternoon and evening Liberati's band, soloists and chorus will give free concerts in the Music Hall. His corps of opera singers are men and women with large, full-toned, melodious voices. The chorus is strong and well balanced and will be heard clearly in the splendid hall erected by the management for the purpose. Liberati's band is best in its military and patriotic selections, and selections of this kind are especially popular with State Fair audiences. This famous bandmaster has had a most interesting career and has been a bandmaster on this side of the Atlantic for thirty-six years. He has enough medals to make him a suit of armor if he strung them all together.

In addition to the superb band and operatic attractions the State Fair management has secured some of the finest vaudeville artists on the American stage for its Music Hall programs. Of the numerous artists that have been secured special mention should be made of McGarvey, the world-famous impersonator of the gentler sex; Galetti's monkeys in a farce comedy entitled "Green's Night Off," and Mrs. D. H. Kincheoloe, a Kentucky woman, famous as a whistler, reader, vocalist and pianist. And then there will be acrobatic stunts of a sensational nature; a clown act that promises to be exceedingly popular and many other features.

Bert McGarvey, the female impersonator, who appeared several years ago in Dallas, comes back as an attraction for the State Fair in what is termed the greatest test of "finesse" in his art ever seen. A wonderfully beautiful makeup, exceptionally graceful dancing and with the world's most sensational contralto voice, undoubtedly places him in the front rank and in a class by himself. He is the most vivacious and charming creature imaginable when gowned for his act and is one bubble of life, magnetism and beauty.

Galetti's monkeys are the most famous trained animals in the world. Their absolutely human acts seem to substantiate the Darwinian theory. The monkey band, playing various popular airs in a manner perfect, has astonished audiences throughout the United States. And then the barber shop feature, where the monkey-barber shaves, cuts hair, etc., is one of the most laughable acts imaginable. They appear in a monkey farce comedy entitled "Green's Night Off," an act that keeps merriment a-rolling during the entire time.

As an entertainer, musician, whistler and warbler, Mrs. D. H. Kincheoloe has no superior in this country. Her whistling would put a mocking bird to shame, and the old southern dialect in which she recites "The Party," ripples over with that sense of naivety enjoyed by every Southerner. She is a very fine musician and is an entertainer of an enviable reputation. The management considers Mrs. Kincheoloe one of the star attractions of the coming exposition.

Another feature of the Fair will be the Flower Show at which will be exhibited splendid plants, flowers and shrubs grown in Texas. Practically every flower will be represented and in addition there will be rare bulbs, orchids, etc., from Mexico.

It has been conservatively estimated that the value of the exhibits in the Exposition building at the twenty-fourth annual meeting of the State Fair of Texas, which opens at Dallas, Saturday, October 16, and continues sixteen days, will easily total the vast sum of \$2,000,000. Expensive gowns and frocks from Paris, New York and London, rich gold ornaments, diamonds, rubies, emeralds and other jewels, delicate machinery, Persian carpets, shawls of Cashmere that can be drawn through a ring, Brussels carpets, mahogany furniture, ivory inlaid tables of India, in fact all that delights the heart of women and makes the home beautiful will be found in this great structure. And exhibitors are spending thousands of dollars to make their booths attractive and inviting. There will be model bedrooms, parlors, kitchens, etc., of great interest to the housewife. In fact, this section of the State Fair will be like one of those bazaars of Bagdad, with the merchants garbed in Twentieth Century clothes instead of the flowing garments of the tradesmen of the East.

Just a short time now until the gates of the State Fair of Texas will swing inward on the twenty-fourth annual meeting at Dallas, which begins October 16 and continues sixteen days.

Exploration Ethics.
From the New York Tribune.

That ethics might play a part in polar explorations probably was not dreamed of, or whatever it may be called. It now seems possible, however, that in one of the earlier days of the art, science the future the would-be discoverer of poles and the like will be compelled to take a course in polar ethics before he can secure his license. According to the statement of one of the physicians, who accompanied a former expedition poleward, if the newspaper accounts may be relied upon, Dr. Cook even if he did discover the North Pole, ought to be disciplined for the route which another discoverer had laid out.

GASOLINE STOVE EXPLODED.

Girl Dead and Mother Badly Burned at Sulphur, La.

Sulphur, La.—Francis Keat, aged 20, a pretty Greek girl, is dying tonight and her mother, Mrs. Cetemine Keat, is seriously burned about the neck and arms as a result of a GASOLINE STOVE EXPLOSION. The girl's clothes caught, and her mother, in trying to save her, was also badly burned.

MOVEMENT STARTED.

To Save Jordan From Death Chair. Boston, Mass., Sept. 17.—In the East Cambridge court room tomorrow the attorneys for Chester S. Jordan, who was found guilty last May of murder in the first degree, will argue on a motion for a new trial. Jordan, who is a brother-in-law of Jesse Livermore, the Wall street "plunger," was found guilty of the murder of his wife, who was an actress. The crime was committed in Somerville a year ago and was one of the most gruesome with which the police of this city ever had to deal.

After killing his wife, according to his own confession, Jordan cut her body to pieces, hoping to hide the crime. When arrested he was on his way to New York, taking with him a trunk containing the torso of the dead woman. The head and other portions of the body had been burned in the furnace of their home in Somerville. According to the evidence the murder was the result of drink and jealousy.

In the trial last May eminent counsel of New York and Boston were employed to defend Jordan. The defense was based on a plea that the woman came to her death by falling down stairs during the progress of a quarrel with her husband, and that the latter in his fright sought to conceal all evidence of the tragedy by hiding her body and telling the neighbors afterwards that she had deserted him and gone to Europe.

Jordan's attorneys will base their contention for a new trial chiefly on the ground that Willis A. A. White, one of the jury which convicted Jordan and who is now in an insane asylum was insane at the time of the trial.

Card of Thanks.

To the Eagles Lodge and Other Friends:

We desire to extend our sincere and heartfelt thanks to the members of the Eagle Lodge and other friends who so kindly assisted us and spoke cheering words during our recent great bereavement in the loss by death of our only son and brother, Willie Brown. We hardly know how to thank them, and are fully aware that the obligations under which they by their kind acts and deeds, have placed us, can never be repaid.

Sincerely,
MR. and MRS. HARRY BROWN,
and DAUGHTER.

BIG TENT THEATRE.

The large tent at the corner of 11th and Ohio ave., in which the famous Korak Wonder Company made their first appearance last night, was packed to its capacity and each one in the large audience enjoyed the splendid performance. The play, a five act romantic drama was all that could be demanded and far in advance of the usual offerings at a tent theatre. Miss Kirkwood, a very clever actress was ably supported by a very strong cast. Each part was well played, and demanded admiration. The tent is very comfortable, the seats are arranged to give each one a good view of the stage, every effort is made by the management to make the patrons feel at home while under the big tent. Tonight the strong dramatic drama, "Felecia" in "A Woman's Power" will be presented by a very strong cast. 109-11

At Grave of First White Man. Johnson City, Tenn., Sept. 17.—On the banks of the Watauga river, seven miles north of this city, representatives of the state of Tennessee and of various historical societies will gather tomorrow to erect a monument to mark the grave of Jesse Duncan, who was killed by the Indians in 1765, and was the first white man buried in Tennessee.

The early white settlers had a stockade fort on the Watauga river and the south fork of Holston. According to tradition the whites made an expedition into the Indian territory and when they were returning, the Indians fired on them, killing Duncan. The dead pioneer was buried where he fell, and on the spot the memorial is to be erected.

Booming Bullock for Congress.

The Iowa Park Register has the following very complimentary notice of one of Wichita County's able men: 'While some counties are bringing forward candidates for congress, our county of Wichita has a man worthy of the place and needs but little commendation from us. 'Several years past he came in our midst, taking the 'ground round' of the ladder, working first on the farm then entered in to the mercantile line for a few years. The good people saw proper to call upon him to represent them in the legislature and he did not disappoint any elector in the legislative district in the upright course he pursued, always being conservative on all subjects coming up for legislation. After his legislative career he offered himself as a candidate for tax assessor and for three terms he has filled the position to the full satisfaction of the people of the county. He is no less a personage than W. J. Bullock, and has such a pleasant way of meeting every one that he is familiarly known as 'Will' and if he should be so fortunate as to obtain the position, our people will find him a close student of the political questions of the day and ever watchful of their interests in all matters of 'salary raisings' and extravagant appropriations far beyond the demands of the necessities of even extravagance which have characterized our last few congresses and that too, without any thought that the common people must eventually all pay for such extravagance. Changes should sometimes be made, as old congressmen become so familiar with this extravagant legislation that they become fossilized and they are incapable of feeling what the people want and need. A man fresh from among the people and one who knows their wants can be found in the person of Will J. Bullock, and if the people should see proper to elect him they would never regret the promotion.'

THE MARKETS BY TELEGRAPH.
