

Torres Killed In County Car Wreck

Roberto Gomez Torres, a Mexican national who was working out of Muleshoe was killed and four other persons were injured when a car Torres was driving went out of control and overturned on U. S. Hwy. 60 in Castro County.

The mishap occurred two miles west of Summerfield community about 12:15 p.m. Sunday. Highway patrol said a tire of Torres' auto blew out.

Torres, 33, was taken to Deaf Smith County Hospital, where he died at 2:45 p.m.

The body was taken to Gilliland Funeral Home, Hereford, and later was transferred to Singleton Funeral Home, Muleshoe.

Graveside Rites Conducted Monday For Peri Hoyler

Peri Eillen Hoyler, daughter of Mr. and Mrs. Eugene Hoyler of Tullia, died at 8:30 p.m. in Plainview Hospital Saturday night as the first known victim of infectious encephalitis in Swisher County this year.

Graveside rites for Peri Hoyler were Monday at 9 a.m. in Castro Memorial Gardens in Dimmitt with the Rev. M. A. Smith, Jr., pastor of First Baptist Church, officiating before burial under the direction of Dennis Funeral Home.

Survivors, besides the parents, include the grandparents, Mr. and Mrs. Joe Frank of Canyon and P. L. Hoyler of Dimmitt.

Forty-Six Hear Democrat Ralph Brock Of Lubbock

About 46 were present to hear Ralph Brock, well-known attorney of Lubbock, speak at the Castro County League of Democratic Women Saturday afternoon in the high school cafeteria.

Mrs. Sid Sheffy, president of the League, introduced the Democrat speaker.

Brock gave a brief historical review of past Democratic presidents and their terms of office. He pointed out various accomplishments achieved by the presidents during their terms.

He also touched upon the present day political scene. He gave a brief discussion concerning Lyndon Johnson and Hubert Humphrey.

Hostesses for the occasion were Mrs. George Bradford, Mrs. Kay Roberts and Miss Allie Mae Willis.

Moulton Loses Father Monday

Hollis G. Moulton, Sr., 72, of Oroville, Washington, passed away at 6:30 a.m., August 31.

He was the father of Fred Moulton of Dimmitt. Funeral services have been tentatively set for Friday, September 4 at Oroville.

Survivors include his wife of the home, seven sons, two daughters, several grandchildren and one great grandchild.

The Moultons will attend the services.

REV. M. A. SMITH, JR.
M. A. Smith, Jr.
Resigns Pastorate

Rev. M. A. Smith, Jr., pastor of First Baptist Church of Dimmitt for the past six and a half years has submitted his resignation.

He has accepted the pastorate of First Baptist Church in Colorado City, Texas. Resignation is effective Tuesday, Sept. 8. He will preach his last sermon here Sunday, Sept. 6.

First Baptist Church has enjoyed healthy growth under the guidance of Rev. Smith. The Lee Street Baptist Church was organized under his leadership.

Rev. Smith has participated in many civic programs. He has worked in all capacities of the Baptist denominational work while serving here.

Rev. and Mrs. Smith have two children, David, in the Army in Germany and Diane, a graduate of Dimmitt High School and now church secretary at First Baptist Church in Port Neches. She is a graduate of Hardin-Simmons University, Abilene.

No decision has been announced concerning a new pastor for the local church.

RILCO 90 is the variety of cotton which produced the first bale in Castro County this year. Standing on the left is Ray Joe Riley, grower and on the right is Wayne Flemings, manager of Morrison Gin at Sunnyside. The Morrison Gin prepared the first bale for the county. See story for details. —Staff Photo

Riley Brings In First Cotton Bale

Rilco 90, a seed variety developed in Castro County, yielded the first bale of cotton for the county Tuesday, September 1 at 3:30 p.m.

Local grower was Ray Joe Riley. The first bale was harvested from the Ray Riley farm at Sunnyside. Morrison Gin at Sunnyside ginned the bale. Wayne Flemings is manager.

The bale weighs 550 lbs. The cotton yielded 25.4 per cent turnout. The Rilco 90 was planted April 20, watered four times every other row during the growing season. Cotton was harvested September 1.

Rilco 90 yielded the first bale in 1962 for Castro County.

Bertonneaus Send Letter To Dimmitt

(EDITOR'S NOTE: The following letter is from the parents of Michele Bertonneau, A.F.S. exchange student in Dimmitt 1963-64. The Bertonneaus wish to thank the people of Dimmitt for their kindness to Michele.)

Our daughter, Michele Bertonneau, A.F.S. exchange student, just got back home from one year spent in Dimmitt, in the family of Mr. and Mrs. Moran.

She came back in France both delighted by the life she had over there, but sad to have been obliged to leave her American family, her friends, her teachers, and the whole population of Dimmitt.

Formerly Texas reminded us only of cowboys, oil, cotton. But today, with the books, pictures, postcards and souvenirs both concrete and material that Michele brought back Texas has become for us the best known part of the U.S.A.; and each time it will be talked about United States, for us it will be the little place of Dimmitt which will be overlooking on the whole map of the U.S. and will become the capital of them.

Over there in Dimmitt, our daughter has found as much understanding, kindness and even affection, that we should have liked to thank each of you in particular, but the list of names would be much too long. Therefore, we address of all our heart a general "thank you" for all the people of Dimmitt for the warm welcome you gave to a little French girl so far from her country, but who never did get homesick.

Annual Dimmitt Golf Tournament Planned September 26--October 4

Dimmitt's annual City Golf Tournament will be held at The John Pitman Municipal Course in Hereford, September 26 thru October 4, announces Dimmitt Jaycees, sponsors of the affair.

This is the third year the tournament has been held and according to interest shown, should show on all time high in entries. Halsell Thomas, last year's winner, will be back to defend his title. Robert Lindsey, 1962 champion and last year's runner-up, is also expected to be among the returning entrants.

Pete Wright is chairman of the tournament and is being assisted by Cliff Cook and Dr. James Wohlgenuth.

The following rules regarding the tournament will be observed:

1. All play will be match play.
2. All matches will be played at Hereford.
3. Entry fee will be \$10.00.
4. Entries will close Midnight-September 20.
5. Tournament flights and pairings will be made September 21 and posted at City Drug Store, Dimmitt Steak House and Published in the Castro County News.
6. Play will be conducted as follows:
 - a. First round matches must be completed by Midnight Sept. 27.
 - b. Second round matches and first round consolation must be completed by Midnight October 3.
 - c. Final and consolation final of each flight will be held on Oct. 4.
7. Players will be responsible for scheduling matches within the time limits designated above.
8. Matches not played during the designs of periods will be forfeited by player (for players) who cannot meet the deadlines set (barring inclement weather).
9. Tournament committee will act as arbiters in cases of all questions or debates.
10. Entry can be made by contacting any member of tournament committee or any Jaycee. Entry must accompany entry or be in the hands of the tournament committee prior to close of entry deadline.

Trophies will be awarded 1st, 2nd and consolation in each flight, in addition to merchandise prizes to 1st and 2nd in each flight.

The Oasis Shrine Club cancelled the regular monthly meeting, Monday, September 7 due to Labor Day weekend and many will be out of town.

Oasis Shrine Club Cancels Sept. Meeting

The Club will meet for the regular meeting, Monday October 5.

Castro County 4-H Fair To Open Saturday At 10 A.M.

Castro County Grain Sorghum Producers Association met Tuesday evening in the county agent's office to discuss collection of grain sorghum for next year.

At the beginning of the fiscal year 1963, the G.S.P.A. was strained near the breaking point financially. The Board of Directors in Castro County solicited \$10 memberships from local growers in order to help ease the financial strain.

So the farmers are now being asked to contribute only one pound of grain per 1,000 lbs. instead of the original two pounds of grain per 1,000 lbs.

An annual membership in the U.S.P.A. consists of \$10 membership plus one pound of grain per 1,000 lbs.

As in the past, the G.S.P.A. is requesting the co-operation of all elevators in collecting this one pound.

Dimmitt Jaycees Begin Search For County's Outstanding Young Farmer

Dimmitt Jaycees have started their search for the 1964 Outstanding Young Farmer in Castro County, Larry Allen, president of the Jaycees announced today.

This will be the fourth year in succession that the Jaycees have carried out this program as a part of a nationwide search for the Outstanding Young Farmers in the United States carried out by the National Jaycee Organization.

It is anticipated that the Young Farmers Association of Dimmitt will again join the Jaycees in this project as they have done the past

two years. Previous winners of this coveted award have been Ray Joe Riley, Dale Maxwell and George Sides. These three past winners will be among the five members of the panel that will screen all nominations and select the local winner. Other members of the Panel have not yet been named.

Local winner will be recognized by the Dimmitt Jaycees later in the year and will also be entered in State Competition that will end with the State Awards Banquet honoring Texas Outstanding Young Farmers. The local winner will attend this banquet as a guest of the Dimmitt Jaycees.

The outstanding young farmer award is limited to young farmers between the ages of 21 and 35. Selection is based on progress in chosen career, development and conservation of natural resources, and contributions to community, state and nation.

Nomination forms will be available to any group, organization or individual the desires to make a nomination from Castro County. Forms can be obtained from Pete Wright, chairman of the local OYF program.

It should be mentioned that the National L-P Gas Dealers Association and the State L-P Gas Dealers Association are co-sponsoring this program with the State and National Jaycee Organization. No local co-sponsor has yet been obtained for the local Outstanding Young Farmers program.

High School reports 331 students registered for classes. Last year enrollment was 295.

Junior High School has 260 students reporting for classes. There are 122 in the eighth grade and 138 in the seventh. Last year enrollment was 242 in Junior High.

North Grade School enrollment is 505. South Grade School reported an enrollment of 582 by Tuesday afternoon. A total of 1,057 students have been registered in the two grade schools. Last year's enrollment for the two schools was 1,020.

All local schools show increase in enrollment. The schools are still looking for more students to enroll.

Walter Rogers To Be Home On Labor Day

Congressman Walter Rogers of Panama will be at home in the Panhandle over the Labor Day weekend.

His visit will be capped by a dinner Tuesday, September 8, in Borger where Congressman Rogers will be honored by the Hutchinson County Democratic Party for his work in advancing the Canadian River project. He will make a major address following the dinner.

The Congressman will leave Washington by air Thursday night for Albuquerque, N.M., where at noon Friday he will address the New Mexico Retail Merchants Association at the Shihne Western Skies Motor Hotel.

Congressman Rogers said he would speak to the New Mexico retailers on "the vital issue of maintaining proper representation in State legislatures." Congressman Rogers is among the leaders in the House of Representatives urging the adoption of a Constitutional amendment to permit representation in at least one house of bicameral legislatures to be based on factors other than population.

George Bush, Republican candidate for United States Senate, will speak in Dimmitt, Wednesday, September 9 at 4 p.m. His address will be given on the Courthouse Square.

Bush, a Houston business man and conservative Republican, is opposing Democrat Ralph Yarborough who is now holding the Senate seat.

Bush To Make Campaign Speech Here September 9

Golden Spread Nursing Home

Construction is underway on the proposed Golden Spread Nursing Home to be located on the corner of 6th and Halsell announced the Castro County Chamber of Commerce today.

The 30-bed brick veneer nursing home will be named Golden Spread Nursing Home. Jacky and Ethel Bradley will operate and manage the home.

The completely all-modern air-conditioned building is being constructed by Melvin Smith and Associates of Lubbock.

The building should be completed around November 15 according to the engineers.

Anyone desiring information about the home may call Jack or Ethel Bradley, Ph. 647-3087 or write Box 614, Dimmitt, Texas.

HOMER GARRISON of Plainview was the key speaker at the dedication service of the new Hart High School Sunday afternoon. The high school was open for tours following the dedication. See story. —Staff Photo

Homer Garrison Spoke Key Address At Dedication Of Hart High School

Homer Garrison of Plainview was the key speaker at the dedication service of the new Hart High School, Sunday afternoon.

Garrison said, "This is one of the most modern school designs in West Texas." He pointed out to the large crowd attending the ceremony such features as the windowless building and controlled ventilation.

He declared, "Very few schools are as well-structured as this new building."

Garrison told the audience that two things makes a fine community. They were good schools and good churches.

"Hart without exception is one of the ripe agriculture communities in West Texas," commented Garrison.

He continued, "YOU have a good place to live and raise a family. What more could you ask? Except to work together and love one another."

Garrison declared, "With these new school facilities, you'll be able to draw some of the best teachers with outstanding records."

"Together let us dedicate the new facilities of Hart High School to our young people who will be the adults, responsible people of tomorrow," concluded the speaker.

Substitute Position Open In Dimmitt Public Schools

Dimmitt Public Schools are in dire need of substitute teachers announces Paul Hilburn, superintendent of schools.

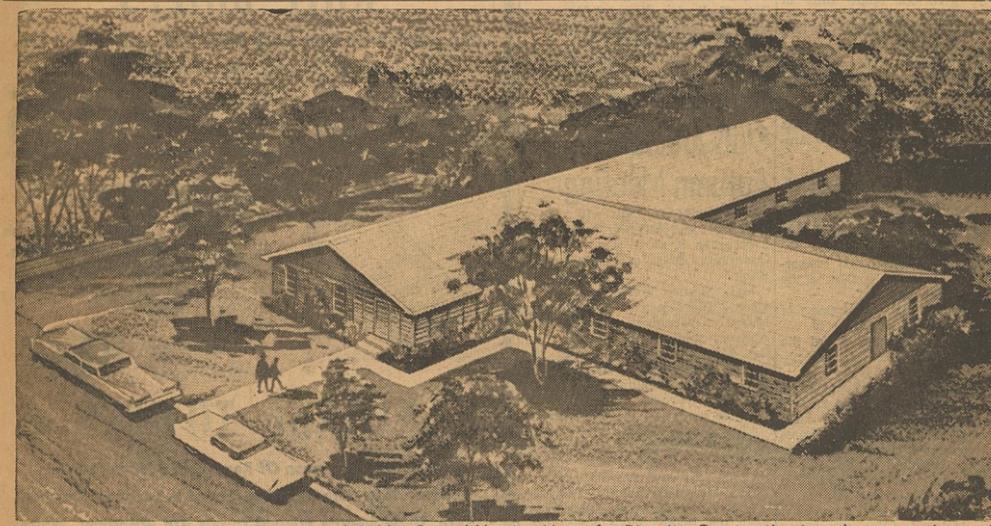

Anyone interested in doing substitute teaching is asked to contact Superintendent Hilburn. Bring college transcript and teaching certificate when applying for substitute position. If applicants do not have teaching certificate, they may teach on an emergency certificate according to Hilburn.

Substitute teaching pays \$12 per day.

The rest area will open about 6:30 a.m. Monday and will be in operation until about 12 midnight.

This stop is to help weary motorists from driving too long without a short rest. All Jaycees will be helping with this project. Jimmy Presley is in charge of the stop.

Cold cokes, coffee and cookies will be provided for motorists. The Jaycee-Ettes are furnishing cookies.

ABOVE PHOTOGRAPH shows the proposed Golden Spread Nursing Home for Dimmitt. Construction is underway on the nursing home which will be located on the corner of 6th and Halsell. The building should be completed around November 15. See story.

1965 Wheat Program Is Entirely Voluntary Announces County Chairman

The 1965 wheat program will be entirely voluntary, according to Jim Elder, Chairman, Agricultural Stabilization and Conservation Castro Committee. It is designed to provide cooperating farmers an income advantage, but any producer may disregard acreage allotments and all other features of the program.

As in 1964, there will be no marketing quotas or marketing quota penalties for 1965-crop wheat. Further, those growers who over-

First Methodist Starts Adult Bible Course

The First Methodist Church of Dimmitt will begin a new Adult Bible Course this month. The course will continue for three years and will be a survey of the entire Bible.

The "Adult Bible Course" will be conducted in the Bible Class of the Methodist Church beginning the second Sunday in September. Teachers will be Russel Nelson, M. E. Cleavinger, Weldon Skinner and Mrs. Glenn Ratcliff.

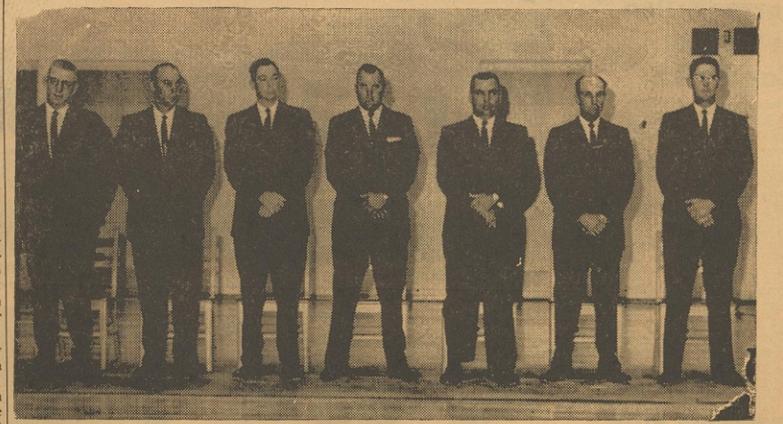

Persons who are interested in making a serious study of the whole Bible are invited to attend the class.

plant their acreage allotment in 1965 will not lose wheat acreage history for future years. This is a change that applies for the first time to the 1965 crop as provided in the 1964 legislation.

The Chairman explained that a producer may become a program participant by signing up and meeting the applicable program provisions. The program in 1965 offers growers a number of options which were not available in 1964. The options provide growers with opportunities to improve their wheat income.

For instance, a grower may qualify for a price-support loan (\$1.25 a bushel, national average) and for marketing certificates on his farm's allocation for domestic and export wheat (at 75 and 30 cents a bushel, respectively) by meeting program provisions regarding allotments and devoting to approved conserving uses an acreage equal to 11.11 percent of the wheat allotment—in addition to the farm conserving base. (No diversion payment will be made for the 11.11 per cent diversion.)

Or the grower in high-risk areas may insure against crop failure by producing up to 50 per cent in excess of his wheat allotment while meeting conservation—use provisions of the program, and still qualify for a loan and the certificates if he declares his intention

BOARD MEMBERS of Hart School introduced at the dedication service Sunday afternoon are (left to right) Lorenzo Lee, Ralph Futrell, Charley Martin, Deryl Clevenger, Doyle Davis, Milton Sharp (last year member), Wamon Foster and not pictured, R. G. Henderson. See story. —Staff Photo

to do this when he files a program application and then stores the excess wheat under bond.

If the grower wants to earn diversion payments, he will also reduce his wheat acreage by at least 10 percent below his allotment and then devote these acres to an approved conserving use. Maximum diversion can be 20 percent of the allotment or enough additional ac-

reage within the wheat allotment to make a total of 15 acres. Producers who have allotments of 15 acres or less will gain income from this new provision.

Producers who sign up in both the wheat and feed grain programs may substitute wheat for feed grains or vice versa. In this case, the diversion payments would be made at the rate applicable to the

crop for which acreage is actually diverted.

Chairman Elder reminds wheat growers that participation in the 1965 wheat program is not automatic—signing up to take part is the first step to qualifying for the program's benefits. The sign up in Castro ASCS County Office extends from August 24 through October 2.

'Cats Open Season Friday

Dimmitt Bobcats scrimmaged White Deer Saturday afternoon here. According to Coach J. D. Covington, the 'Cats learned a lot from the scrimmage.

He commented, "We're real pleased with the showing some of the inexperienced boys made." The offense still needs more polish according to Covington.

He said, "The defense is still weak in a couple of places." "Overall we looked better in our scrimmage this year than we usually do at this time."

The Muleshoe Mules will be the 'Cats first opponents this year. The Mules have got more speed this year according to scouting reports.

The Mules have two real good tackles and their quarterback likes to pass.

The Mules have a 200 lb. fullback, Dan Smith, who can run the 100 in 10.8 seconds.

The Bobcats will be much lighter than the Mules. "We'll be outweighed approximately 12 lbs. per man," says Coach. The average weight in the line for the Mules is 175 lbs. The Bobcat line averages about 163 lbs.

Muleshoe is not as big as they have been in the past but they are much faster.

Game time is 8 p.m. in the Bobcat stadium, Friday night.

Nazareth Swifts Begin First Year As 11-Man Football Squad

Nazareth Swifts participated in quite a few first experiences last year during the athletic season. Again, the team starts out with a first as this is Nazareth's first year for 11-man football.

The Swifts played three 11-man games last year. They played Hereford "B", Tullia "B" and Roosevelt. They defeated Roosevelt.

According to Coach James Gibson, the Swifts are in real good shape. The Swifts got off to a slow start due to not having a coach during the first week of practice.

Twenty-eight Swifts came out for football. They are:

SENIORS: Greg Pohlmeier, 160 lbs., back

JUNIORS: Anthony Birkenfeld, 165, tackle; Donald Braddock, 180, center; Ricky Gerber, 150, back; Marvin Hoelting, 150, quarterback; Larren Jones, 140 tackle; Clyde Schulte, 145, guard

SOPHOMORES: Claude Annen, 180, tackle; Gerald Brockman, 130, quarterback; Tommy Pohlmeier, 140, end; Larry Ringwald, 150, end; Harold Venhaus, 160, end; Dennis Warren, 110, guard

FRESHMEN: Jerry Aberant, 160, guard; Greg Anderle, 110, tackle; Dale Brockman, 140, back; Richard Brockman, 120, back; Tommy Conrad, 130, guard; Mark Gerber, 125, back; Jimmy Schmuicker, 100, back; Clyde Venhaus, 145, end; Dean Wilhelm, 135, center.

The Nazareth Swifts will meet Anton for the first game September 11 at Anton. They will be facing a team coached by their former coach, Jack Aldridge.

Nazareth Swift schedule follows: Sept. 11 Anton there 8:00; Sept. 18 Open; Sept. 26 Dimmitt "B" there 8:00; Oct. 2 Open; Oct. 9 Hart here 7:30; Oct. 16 Hereford "B" there 7:30; Oct. 23 Lazbuddie there 7:30; Oct. 30 Bovina there 7:30; Nov. 6 Vega here 7:30; Nov. 13 Texline there 7:30; Nov. 20 Happy Here 7:30

Dimmitt Book Club Announces Autumn Meeting

Dimmitt Book Club will have their first fall meeting Wednesday September 9 at 4 p.m. in the Community Room of the First State Bank.

Mrs. Stanley Schaeffer will review "The Uncle", a novel by Margaret Abrams of Amarillo. Mrs. Abrams was a cub reporter for the Amarillo-Globe Times at the age of 14. Since then, she has been feature writer, columnist and copy chief for a radio station. She is also the author of two other books.

"The Uncle" is the story about a 7-year-old named Gus who is a normal boy in every way except that he has a 7-year-old nephew. When his sister, Sally, and her husband, Wayne bring their seven year old home for a long stay, Gus' trouble really begins. Through Gus' eyes, the reader is given a picture of the uncle's world.

All members are urged to attend a business meeting at 3:30 p.m. Guests and friends are invited to attend the review at 4 o'clock.

Gene Ellis Purchases Registered Angus Cows

Gene Ellis, Dimmitt, recently purchased 10 registered Angus cows from J. C. Thrash, Olustee, Oklahoma.

In conclusion the speaker said, "My challenge to you is: Do you like the face in the mirror? If you believe, you should do! If even you are one person, all through history, the individual (the one) accomplished the great things."

Young Homemakers Club To Meet Tuesday At 7:30

Young Homemakers of Texas will meet Tuesday, September 8 in the basement of the courthouse at 7:30 p.m.

All members are urged to attend and visitors are welcome. The program for the evening will be presented by Mrs. Nora Mae Newsom. Program will feature furniture re-decorating and restoration.

Mr. and Mrs. George Bradford visited Mrs. Bess Jones and other friends from Paris, in Amarillo Sunday.

Engagement and approaching marriage of their daughter, Judith Anne, to Gerald Acker of Nazareth, son of Mr. and Mrs. Andrew Acker of Canyon.

The wedding vows will be exchanged at 4 p.m., September 29 in St. Williams Catholic Church, Tullia. Miss Irlbeck is a 1963 graduate of Tullia High School and has attended Amarillo College.

Acker is a 1959 graduate of Nazareth High School.

JUDITH ANNE IRLBECK

Irlbeck - Acker To Exchange Vows

Mr. and Mrs. Paul Irlbeck of Route V, Tullia announce the en-

MRS. JOHN CONNER nee Julie Wren Rothwell

Julie Wren Rothwell -- John Conner Wed August 28 In Carthage, Mo.

Miss Julie Wren Rothwell, daughter of Mr. and Mrs. Billy Joe Rothwell, 614 Grant, Carthage, Missouri, became the bride of John Martin Conner, son of Mr. and Mrs. William R. Conner, 205 North Blanch, Carthage, Missouri, Friday night, August 28, in the First Presbyterian Church of Carthage.

The double ring ceremony was read by Rev. Bob Lydie, minister of the First Christian Church of Carthage.

The wedding vows were exchanged before a basket of white daisies flanked on either side by a single candle.

Preceding the ceremony Miss Betty Ann Wyatt played traditional wedding music. Mrs. Donald Davis sang "Because" and "The Lord's Prayer" as the couple knelt at the altar.

The bride, given in marriage by her father, wore a floor length gown of peau-de-soie. It featured a fitted bodice with a scooped neckline and elbow length sleeves trimmed with alencon lace. The skirt was bell shaped and the panel train was attached to the shoulders by a small, flat bow.

The elbow length veil of illusion fell from a pillbox trimmed in alencon lace and pearls. The bride's gown was designed and made by her grandmother, Mrs. Vernon Simmons of Everton, Missouri. She carried a spray of white daisies and yellow roses entwined in white satin ribbon.

Miss Marcia Payne attended the bride as maid of honor. Her floor length gown of burnt orange 'whipped cream' crepe featured a fitted, sleeveless bodice with a scooped neckline and unpressed pleated skirt. Her headpiece was a large flat bow of the same material. She carried an arrangement of rust colored daisies.

The bridesmaids, Misses Terri and Tommie Rothwell, sisters of the bride, and Miss Juanita Watts wore beige dresses identical in design to the maid of honor. Joey and Pam Miller, Springfield Missouri, cousins of the bride served as candle lighters. Miss Stephanie Morris, cousin of the bridegroom was flower girl.

Glenn Alexander was best man. Groomsmen were Tom Johnson, Jack Frieze and Tom Putnam. Ushers were Pete Morrow and Kenneth Moore.

Presiding at the guest book was Mrs. Wesley Gillbreath.

For her daughter's wedding Mrs. Rothwell chose a one piece sheath of beige linen embroidered in green and yellow. She wore brown accessories. The bridegroom's mother wore a navy blue jersey dress

with matching accessories. Both mothers wore corsages of yellow roses.

Immediately following the ceremony, the couple was honored with a reception in the banquet room of the church. The bride's table was covered with a beige lace cloth over burnt orange taffeta.

Centering the table was an arrangement of small bronze mums and white daisies softly lighted by tapers in an eight branched candelabrum. A miniature bride and groom topped the wedding cake, which was served with nuts and mints. Punch was served from a crystal punch bowl.

The gift table was covered with a beige lace cloth decorated with burnt orange ribbon.

Assisting at the reception were Mrs. John Manary, Columbia, Mo., Miss Mary Blinn, Marshfield, Mo., Mrs. Bobby Warren, Clever, Mo., Mrs. A. W. Bates, Plainview, Texas and Mrs. Harry Rothwell, Mt. Vernon, Mo.

For traveling the bride chose a brown, cotton knit suit with alligator and suede accessories. Her corsage of yellow roses was from the bridal bouquet.

Following a short trip, the couple will be at home in Kansas City where the bridegroom is attending Central Technical Institute. The bride attended Drury College last year where she was a member of Zeta Tau Alpha sorority and is employed by Southwestern Bell Telephone Company, Kansas City.

The bride is the granddaughter of Mrs. Leona Rothwell and great-granddaughter of Mr. John A. Simmons of Dimmitt.

MISS BILLIE RUTH KITCHENS

Kitchens-Burkhardt Plan September Vow Exchange

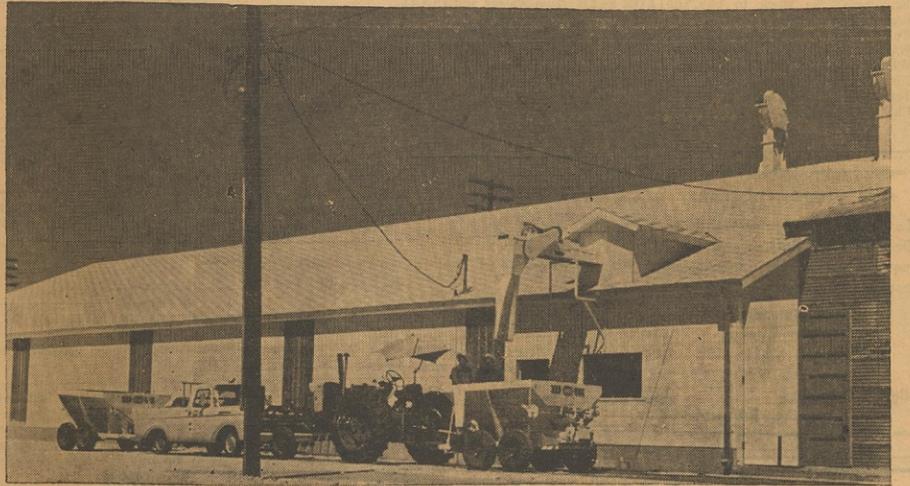

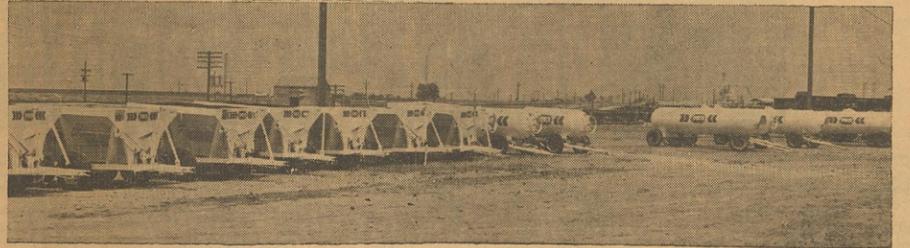

Mr. and Mrs. Bill Kitchens announce the engagement and approaching marriage of their daughter, Billie Ruth, to Richard H. Burkhardt, son of Mr. and Mrs. Ed Strong of Granite City, Illinois.

The prospective groom is stationed at Castle Air Force Base in Merced, California.

The couple plan an early September wedding.

FIRST ASSEMBLY OF GOD Church in Dimmitt will celebrate their first anniversary in the building pictured above, Sunday, September 6. Also this will be Homecoming service for the church. See story for details. —Staff Photo

Assembly Of God Church Announces First Anniversary

Assembly of God Church located on corner of 2nd and Belsher announces plans for homecoming and First Anniversary of the new church building, Sunday, September 6. Program plans include Sunday School at 9:45 a.m. and 11 o'clock

worship service with special speaker being Joe Bradley of Odessa, former pastor her.

At 2 p.m. Sunday afternoon, the Church will feature a community singing. The public is cordially invited to attend according to Rev. Bill Elswick, pastor.

The evening services will be at 7 p.m. with Joe Bradley as the main speaker.

The Assembly of God have been worshipping in their new building for one year according to Rev. Elswick.

MRS. JAMES STANLEY NELSON nee Connie Lee Goodwin

First Methodist Church Is Scene Of Connie Goodwin -- Stanley Nelson Vows

Connie Lee Goodwin and James Stanley Nelson were wed Saturday, August 29 at 8 p.m. in the First Methodist Church of Dimmitt.

Parents of the bride are Mr. and Mrs. Johnny L. Goodwin of El Paso. Groom's parents are Mr. and Mrs. H. C. Nelson of Dimmitt.

The Rev. Hugh Blaylock read the double ring ceremony before an altar decorated with white satin heart and flanked by baskets of white gladiola and mums. Candelabras entwined with greenery and holding white tapers stood on each side of the heart.

Marie Winters of Dimmitt played traditional wedding selections on the organ. Glenda Heist of El Paso was soloist.

Given in marriage by her father, the bride wore a full length gown of peau-de-soie fashioned with a bell-shaped skirt sweeping into a chapel train that was enhanced with lace appliques. The gown featured a round scooped neckline and lace which formed a soft collar. The veil of illusion fell from a pillbox covered with lace and pearls. A pearl teardrop rested on the bride's forehead. She carried

atop a white Bible cascade of white roses surrounding orchids.

Patty Wilson of El Paso served as maid of honor. Bridesmaids were Carolyn Godfrey of Dimmitt, Carolyn Cox of El Paso and Ricky Goodwin of Dimmitt, cousin of the bride.

Attendants wore floor-length dresses of willow green acetate featuring empire waist, scooped neckline with flared backs in an A-line shape. They wore green willow pill-box hats featuring chin length veils. Bouquets were white feathered mums in a crescent shape.

Flower girls were Jackie Wilson of El Paso and Gala Goodwin of El Paso, cousin of the bride. They wore willow green dresses identical to attendants. They wore feathered mums in their hair.

Ring bearer was Joe Kenmore of Dimmitt, cousin of bride.

Serving as best man was Sam Kirk of Dimmitt. Groomsmen were Joe Nelson of Dimmitt, brother of the groom; Norman Nelson of Clovis, N.M., brother of groom; and Darless Goolsby. Ushers include Danny Nelson of Miami, cousin of groom; Dwayne Goodwin of El Paso, brother of bride; Gene Bradley of Dimmitt; and Jerry Blackwell of Dimmitt.

Janice Nelson of Dimmitt, sister of groom registered guests at the wedding.

A reception was held in the Fellowship Hall of the First Methodist Church following the ceremony. The serving table was covered with a white tablecloth overlaid with white net skirt featuring willow green bows. Three willow green candles surrounded by bridal bouquet, maid of honor bouquet and bridesmaids bouquets centered the table.

Mrs. Maurice Powell of Dimmitt made a white three-tiered wedding cake featuring a touch of willow green. Louise Nelson of Dimmitt and Sandra Nelson of Clovis, N. M. served at the reception. Mrs. John Merritt of Dimmitt registered the guests.

For going away, the bride chose a pink linen suit with pale pink and black accessories. Her corsage consisted of an orchid from the bridal bouquet.

The couple will be home September 7 following a honeymoon trip to Colorado Springs, Colorado. They will reside at 5125 Trowbridge Apt. 5, El Paso.

The bride is a graduate of Bel Air High School in El Paso. She attended Texas Western College in El Paso.

The groom is a graduate of Dimmitt High School and will be a senior at Texas Western this fall.

The bride's mother wore a light blue crepe dress with white accessories. Her corsage consisted of white feathered mums.

The groom's mother chose a beige silk dress with beige accessories. She wore a corsage of bronze mums.

Out of town guests were Mr. and Mrs. Jack Magness, El Paso, Mr. and Mrs. Harold Miller and Gwen of El Paso, Mr. and Mrs. Jim Goodwin and family of El Paso, and Jimmy Gilger of El Paso.

GUESTS IN VAUGHN HOME
Guests in the home of Mr. and Mrs. Charles Vaughn Sunday were her parents, Mr. and Mrs. E. S. Hewett of Plainview, Miss Charlene Vaughn, student nurse at Parkland Hospital in Dallas, Mr. and Mrs. H. A. Tillson and Mrs. Beverly Crosby of Plainview, and Gary Hewett and H. A. Tillson who are students at Texas Tech, Lubbock.

PICNIC ENJOYED
Lynn and Suzanne Merritt were hosts at a barbecue hamburger picnic at the home of their parents Mr. and Mrs. John Merritt, Friday evening. There were twenty-four junior-high school students present. Mrs. Pearl Sheffy, the hosts' grandmother helped direct the treasure hunt and other games.

Castro County Grain Sorghum Producers Association Met Tuesday

A bustle of activity surrounds the county's 4-Hers as they prepare food, clothing and farm products for the Castro County 4-H Fair, Saturday, September 5.

The one-day event was scheduled to take the place this year of the County Fair which has been cancelled.

Exhibits will be on display in the Assembly Room located in the basement of the courthouse.

Exhibitors are limited to 4-H Club and FHA members. Mrs. Edd McLeRoy is serving as superintendent of the 4-H Fair. Assisting in various departments will be Mrs. S. R. Hutto, superintendent of baking division; Mrs. Donald Adams, superintendent of clothing division; Mrs. Bill Simpson, superintendent of canned fruits and vegetables division; and Bill Simpson, chairman of Individual Farm Products.

Entries will be accepted until 6 p.m. Friday, Sept. 4 except in the case of baked food which will be accepted until 10 a.m., Saturday. Entries must remain on exhibit until 6 p.m., Saturday.

Cash awards will be given first, second and third places to both Junior and Senior girls in each division.

Champion Gardner will be selected at the fair. To be eligible one must have at least five entries in different vegetable classes. A \$7.50 prize will be awarded.

Champion Farmer will be selected also. To be eligible, one must have at least five different entries in farm products. A \$7.50 prize will be awarded.

Harvest time is synonymous with autumn in the minds of many people—particularly the migrant laborer.

Over 130,000 Texans will be harvesting the nation's crops from now until the cold bite of winter sends them to their homes in southernmost Texas.

They began their migration early last spring to labor in fields or orchards—wherever they could find work. Whole families pack a few things and travel in pickups, trucks or buses following their "crew leader" across the country.

This is the migrant way of life—with its many inherent problems. For example, the typical migrant farm laborer is functionally illiterate—that is, he never attained more than a third-grade education. This problem is perpetuated by younger generation as the children seldom attend school for more than a six month period.

His home, where he lives less than six months a year, is normally a small structure with little or no plumbing. On the road, following the crops, he and his family live wherever they can.

The migrant way of life makes record keeping almost impossible, but those who have worked closely with these people make the following estimates.

The migrant's income averages about \$900 a year. His diet, more often than not, consists of beans and tortillas. Milk is an infrequent treat.

The average migrant never sees a doctor during his entire lifetime. His life expectancy is about 30 years.

Obviously, health problems are a major concern of the migrant worker and the communities where he goes. Tuberculosis and other diseases may be prevalent and go undetected. Immunization schedules—if any—are erratic, and infant mortality soars.

The Texas State Department of Health has underway a state wide project aimed at bettering health service for the migrants. Separate projects are being conducted by Laredo-Webb County, Southwest Texas Region, and Lubbock City County and Plainview Hale County health departments.

One comment quoted by Mr. Jones was that of the well-known associate editor of the Amarillo Globe News, Mr. Paul Timmons who summed up the purpose of the Retraining Group in three succinct sentences: "We've got a thing going here—a human salvage yard. But we don't just take men apart. We put most of them back together." Putting men back together is indeed conservation in the finest sense.

Fort Larned, Kansas, the historic old post of the Santa Fe Trail, has been designated a National Historic Site in bills passed by the House and Senate. Located in west-central Kansas, Fort Larned is within range of a single day's outing for Texas Panhandle residents who enjoy visiting famous landmarks of early Western history.

The 4th Annual Area I Young Farmer and Young Homemaker Convention will be held September 12th at the Hereford High School Auditorium at Hereford.

Wilbur Adams, Lockney, the Area I Young Farmer President, will be presiding over the convention which begins at 1:30 p.m. Saturday September 12.

One of the Highlights of the afternoon program will be a tour of the Holly sugar plant now under construction in Hereford. Also, New Area I Officers will be elected.

These new officers will be installed at a dinner beginning at 7:30 p.m. in Hereford High School's Cafeteria, and sponsored in part by the Deaf Smith County Electric Cooperative.

In addition to installation of new officers, the speaker of the evening will be Reverend Leon Hill of Amarillo. Awards will be presented to outstanding Area I Young Farmers and Young Homemakers.

Leo Forrest, manager of the Deaf Smith County Electric Cooperative says "The Local Electric Cooperative is always pleased to have the opportunity to take part in such an outstanding program as our young Farmer Association".

Performances are scheduled for 2:30 p.m. on the afternoons of Sunday 6th, and Monday, September 7th.

All proceeds from the rodeo will go towards future expansion of the Ranch.

Cal Farley's Boys Ranch is located 40 miles northwest of Amarillo on Highway 385.

BABY SHOWER PLANNED
Pink and blue shower honoring Mrs. Larry Sadler will be held Friday, September 11 at 2:30 p.m. in the home of Mrs. Weldon Bradley of Sunnyside.

Walter Rogers' WASHINGTON NEWSLETTER

OF MILITARY POSTS, NEW AND OLD

When we think of conservation, we usually think of the term as being applied to natural resources. But it is a term that can as well be applied to human lives and talents. I was very pleased to read early an excellent article by Mr. Jenkin Lloyd Jones, syndicated columnist and editor of the Tulsa Tribune, concerning the vital work in the 3320th Retraining Group at Amarillo Air Force Base. The job of the Retraining Group is to "re-train" to use Mr. Jones' term, young airmen who have run afoul of Air Force regulations and who would otherwise be certain to receive "bad conduct" discharges.

The 3320th Retraining Group offers these young airmen a second chance. After a training period averaging six months, two-thirds of the graduates of the Retraining Group are returned to normal duty. Not only is this extremely important to the individual airmen and their families, but it is also valuable to the taxpayer. For after two years of duty, an airman's training has cost between \$7,000 and \$11,000. If a trained airman is discharged, another must be trained to take his place.

Mr. Jones' article, which appeared in a large number of U.S. newspapers, did a great service for the Air Force and was excellent publicity for Amarillo Air Force Base and Amarillo. So impressed with the article was the ranking majority member of the House Armed Services Committee, Congressman L. Mendel Ribers of South Carolina, that he placed it in the Congressional Record.

One comment quoted by Mr. Jones was that of the well-known associate editor of the Amarillo Globe News, Mr. Paul Timmons who summed up the purpose of the Retraining Group in three succinct sentences: "We've got a thing going here—a human salvage yard. But we don't just take men apart. We put most of them back together." Putting men back together is indeed conservation in the finest sense.

First Methodist Wesleyan Guild Met Tuesday

Sixteen members and guests of the Wesleyan Service Guild of the First Methodist Church met in the home of Mrs. Burl Bradford on Tuesday evening. Mrs. Morris Gowdy, president, conducted a brief business meeting.

The Devotional was presented by Mrs. Bill Birdwell, and Mrs. Glenn Ratcliff presented the Study.

Following the program, the group enjoyed refreshment served by Mrs. Bradford and Mrs. R. D. Rogers, co-hostesses.

Members of the Executive Board discussed the budget for the new year, at the conclusion of the meeting.

OUTDOORS IN TEXAS

Take a small Gulf Coast fishing village rich in historical lore, boasting miles and miles of attractive public beaches, the magic lure of the open sea, and an abundance of year-round sunshine, combine these with an area population fired with unbounded enthusiasm—and what do you have?

You have BRAZOSPORT, Texas, U. S. A.—an industrial vacation playground on the Texas coast.

Brazosport is no single town. It is an area composed of Freeport, Lake Jackson, Clute, Lake Barbara and Richwood, plus residential areas of Jones Creek, Oyster Creek, Surfside Gulf Park and historic Quintana, which are drawn together by a giant industrial complex and many luring attractions provided by nature.

It also is a dream! In fact it is many individual dreams fostered by enthusiasm and the push of several gifted individuals and interwoven into one giant dream designed to improve, build and create a large, more attractive area. But here in the Brazosport area a dream is coming true!

Brazosport did not develop into what it is today without hard work and the vision of individuals combines with the enthusiasm and belief of an area people. They knew what they had to offer both industry and pleasure-seeking visitors.

Stephen F. Austin landed his first Texas colonists at Quintana in 1822. Since that date people have converged on the area to settle and enjoy vacation visits.

Commerce became a vital artery in the life-blood of Brazosport in 1824 when Mexico recognized Quintana as the Port of Entry. Since then boats have plied the mighty Brazos River, the Intracoastal Canal and the open sea, joining inland Texas to the ports of the world. Over the years industry located there to take advantage of the natural transportation facility.

Today, the new, modern facilities of Brazos Harbor accommodate the largest ships afloat.

Brazoria County is rich in Texas history. Texas' first capitol was built in West Columbia in 1836. In the same year, Gen. Santa Anna signed the Treaties of Peace with the Republic of Texas at Velasco, four years after the famous "Battle of Velasco."

Today Brazosport is a bustling, dynamic area comprising industry, shipping and the varied attractions of the Gulf. It provides excellent river, bay and deep sea fishing, swimming, bathing, skiing and beach camps.

Industrial giants include the Texas Division of the Dow Chemical Company whose two plants employ some 5,500 persons; Phillips Petroleum Company's Sweeny refinery; E. J. Lavino & Company; and Nalco Chemical Company. In 1960 these giants were joined by the U. S. Office of the Saline Water's first demonstration plant to produce fresh water from sea water.

Deep sea fishing off Brazosport is indeed as "fabulous" as described by the Chamber of Commerce.

THIS PONTIAC was driven by Rev. Hugh Blaylock at the time of the two car collision Friday morning at 5th and Jones. Drivers of both cars were not injured. See story for details. —Staff Photo

Cars Collide At Jones And 5th

Two-car collision occurred at the intersection of Jones and 5th Friday, August 26 at 9 a.m. Jimmy Ray, driver of a '61 Lancer, was headed south on 5th st. and failed to yield right-of-way to Rev. Hugh Blaylock, driver of '64 Pontiac headed east on Jones. Blaylock's car struck the right

THIS LANCER was involved in a collision Friday morning at 5th and Bedford. Driver was Jimmy Ray. The Lancer was struck on the right rear fender when Ray failed to grant right of way. Other vehicle involved was driven by Rev. Hugh Blaylock. See story for details. —Staff Photo

rear fender of the Lancer knocking it 93 feet. Ray was thrown out of the car following the impact but was not injured. Damages to both cars were approximately \$1200 according to W. W. Jones, investigating officer.

Spanish Added To Junior High School Curriculum

Spanish has been added to the curriculum of Dimmitt sixth grade and Junior High School announces Paul Hilburn, superintendent of schools. Dean Irlback, graduate of West Texas State University, will be teaching Spanish full time. He is a Spanish major.

Spanish will be offered to 7th and 8th grade students as an elective according to Hilburn. The sixth graders will be offered Spanish as an enrichment program. High School program contains two sections of Spanish.

According to Hilburn, the foreign language program should be emphasized in the public schools. Almost every country in the world speaks more than one language with exception of United States.

Car-Pickup Collide At Pool's Drive-In

A car-pickup collision resulted in slight damages Tuesday evening about 8:15 at Ray Pool's Drive-In.

Lee Jones, driving a '64 Chevrolet pickup, started to back out of the Drive-In and failed to see a '57 Buick parked behind him due to lead on pickup. Driver of the car was Doris Catoe. No one was injured.

Total damages were approximately \$55 according to W. W. Jones, investigating officer.

Melvin Barton Promoted To First Class Sgt.

Melvin V. Barton, son of Montie L. Barton, Antlers, Okla. was promoted to sergeant first class, Aug. 18, in Italy where he is serving with Headquarters, Southern European Task Force.

Sergeant Barton, a personnel management supervisor, entered the Army in 1948 and arrived overseas on this tour of duty in March 1964.

A graduate of Antlers (Okla.) High School, the sergeant attended the University of Oklahoma, Norman. His mother, Mrs. Velma M. Lambright, lives in Dimmitt, Texas.

Schacher Graduates With Honors From Aircraft Mechanics

Airman Third Class Richard G. Schacher, son of Mr. and Mrs. Alfred K. Schacher of Nazareth, Texas, has graduated with honors from the technical training course for U. S. Air Force jet aircraft mechanics at Amarillo AFB, Tex.

Airman Schacher, who was trained to repair current Air Force jet fighters, is being assigned to a Tactical Air Command (TAC) unit at Shaw AFB, S. C. His unit supports the TAC mission of providing firepower and other air support to U. S. Army forces. The airman entered the service in January.

Fielder Graduates With Bachelor Of Science

Jerry Fielder of Hart received his Bachelor of Science degree in August, 22 at Texas Technological College.

Fielder graduated from the School of Agriculture with an agricultural education major.

Extension Service Area Irrigation Specialist Retires

D. W. (Dave) Sherrill, area irrigation specialist for the Texas Agricultural Extension Service since 1957, retired on August 31. His headquarters have been in Lubbock.

Before his present assignment, Sherrill served as Lubbock county agricultural agent from 1947 to 1957 as county agent of Hockley County from 1935 to 1947 and as county agent in Coryell County from 1933 until his transfer to Hockley County. He was on military leave from March 1942 to October 1945 and held the rank of captain when discharged by the U. S. Army.

In making the announcement, Extension Director John E. Hutchison said, "Dave has made many outstanding contributions to agriculture and rural life in each of the positions he has held. He is widely known in agricultural circles and his judgment and ability to think through agricultural problems is highly respected. We shall miss him as a member of our organization and wish him much success in his new career—farm and ranch real estate."

D. W. (Dave) SHERRILL

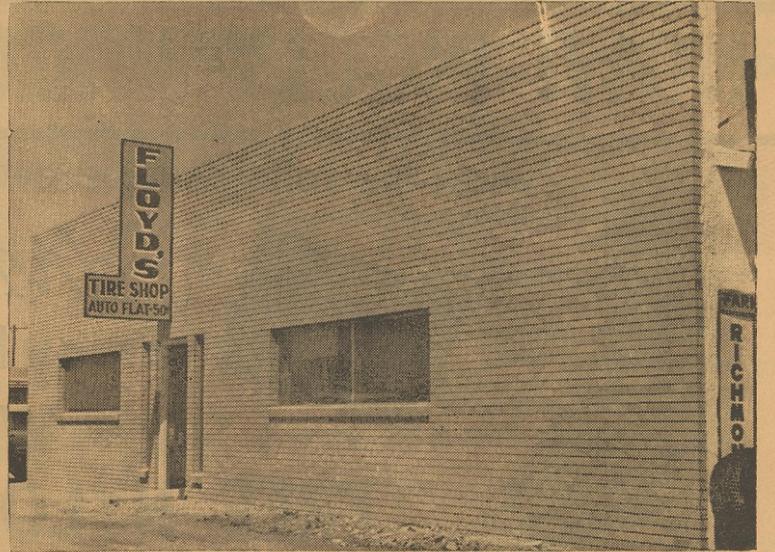

Sherrill's work as a county agent earned him statewide recognition. He grew up with irrigation on the south Plains and from its beginning he pioneered educational programs aimed at better water use and its conservation. His work in this field and in introducing through farm demonstrations new and better varieties, crop hybrids and cultural practices earned for him the National County Agricultural Agent Association's Distinguished Service award.

As irrigation became more intensive, Sherrill again pioneered programs which have been widely accepted throughout High Plains, and in other parts of the state and nation. Texas Cottonseed Crushers Association honored him with their silver Bell for his promotion of the use of cotton burs for soil improvement. The application to the soil of this by-product of the Plains ginning industry is now widely used not only to add organic matter to soil but to increase its water holding capacity. Research has also established the value of cotton burs as a source of plant food and has made recommendations on the amount which should be applied. The Silver Bell presentation was made while Sherrill was county agent of Lubbock County.

Since becoming area irrigation specialist, Sherrill has pushed an aggressive program on the conservation of irrigation water which has included use of water from playa lakes for irrigation and re-use of tail water. He worked with the county Agents of the area in establishing demonstrations on cut-off dates for the crops grown under irrigation and on replanning field layouts to get more effective use of water.

Each year Sherrill has compiled a statistical summary by counties showing the number of irrigation wells, number of acres irrigated, total and by major crops, and in recent years well production and information on water levels.

He has worked closely with the soil conservation and water districts which cover the area and with commercial and business concerns which serve the great agricultural industry of the High Plains. The Extension veteran is a native of Keorens, Navarro County,

FLOYD'S TIRE SHOP on Broadway has been remodeled with the above attractive brick front. In the remodeling job, 24 ft. were added to the width of the business and the building was extended 80 ft. in length. The bookkeeping department has a new office located in the front of the business. Killingsworth Construction of Dimmitt was contractor. —Staff Photo

"Accidental Death Alert" Issued

The Texas Safety Association today issued an "Accidental Death Alert" for the Labor Day holiday week end and urged Texas drivers to display "caution" and "courtesy" in their driving.

Caution and courtesy will take you a long way in the hazardous traffic this week end," Quincy V. Tuma, of Houston, TSA President, said.

He said drivers must put all their driving skills to work for them, be prepared for the unexpected actions of other drivers, and adopt a proper driver-attitude to stay out of trouble in traffic.

"Drivers must not only apply their driving skills and be on the alert for hazards, they must also maintain a proper attitude at all times behind the wheel," he explained.

"Your driver attitude about your own driving and that of other drivers has a profound effect on the possibilities of your being involved in an accident. So treat other drivers the way you want to be treated—with courtesy!"

The TSA "Accidental Death Alert" goes into effect at 12:01 a. Saturday, September 5, and ends at 11:59 p.m. Monday, September 7. The period coincides with "Operation Motorcade," the tabulation of Labor Day traffic deaths by the Texas Department of Public Safety. The TSA alert also includes other accidental deaths.

"Non-transport accidents also take their toll during holidays," Tuma noted. "And, the Labor Day holiday is especially hazardous in the areas of recreational safety."

He said special precautions should be taken to prevent swimming and boating accidents.

"If you are going to a lake, river or some other body of water, make sure you know the hazards of that particular place before you go in swimming or take your boat out. Be sure you have approved life-preservers for every passenger."

A graduate of Kerens High School and Texas A & M University with a B. S. degree in animal husbandry and a minor in agronomy. During his youth, he was a 4-H member for 5 years. At A & M, He served as assistant business manager of Battalion, the university newspaper.

Mrs. Sherrill is the former Lou Morris of Gatesville and the Sherrill's have three daughters. They will continue to make their home in Lubbock where they have been active in church and civic affairs for many years.

Harlon Kenmore Serves Aboard Valley Forge

Harlon R. Kenmore, seaman apprentice, USN, son of Mr. and Mrs. Gene Kenmore of 705 West Grant, Dimmitt, Texas, is a crew member of the amphibious assault ship USS Valley Forge which recently was awarded the Battle Efficiency "E" for Pacific Fleet ships of her class.

She gained the award by out-scoring other ships of her class in combat readiness tests conducted throughout the year.

Helicopters aboard Valley Forge use a technique known as "vertical envelopment" which is the flying of combat ready Marines over and behind enemy lines.

ger in your boat and that everyone knows and observes safety rules." The Association President also reminded those persons staying at home during the holiday to take the usual precautions to prevent fires, falls, poisonings and other environmental accidents.

"No matter how you celebrate the week end or where you are on the road, at home or at play—put safety first.

Initial post-convention plans and strategy mapped by President Johnson for the November general election campaign will bear a "made in Texas" label. "Made in Austin, Texas" would be more specific, for much of it will originate here.

The President, his nomination as the Democratic party's standard bearer secured, hurried home to his ranch to rest up and do some thinking.

His visit attracted greater interest than any since his first as president, during the Christmas-New Year season.

With Vice Presidential Nominee Hubert Humphrey as his guest at the ranch, private talks inevitably turned to the battles ahead.

Gillespie County Democrats welcomed the President back to his home county with a Hill Country-style birthday celebration and barbecue two days after his 56th birthday.

OPERATION MOTORCIDE—Col. Homer Garrison Jr., Head of the State Department of Public Safety, announced that "Operation Motorcide", the grim tabulation of Labor Day week-end traffic deaths as they occur, will go into effect Saturday (Sept. 5) at 12:01 a.m.

Garrison said his department estimates 36 persons will be killed on streets and highways during the 72 hours from the beginning of "Operation Motorcide" to 11:59 p. m. Monday.

But he said the prediction won't come true if ALL drivers make certain both themselves and their vehicles are in excellent condition, and if they use "caution, courtesy and good sense" at all times while at the wheel.

EDUCATION REPORT BEATS DEADLINE—Gov. John Connally's Committee on Education Beyond the High School has completed its report and recommendations for excellence in Texas colleges and universities.

The 64-page report recommending doubling of higher education expenditures within the dead and placing of all institutions under a strong coordinating board, has been delivered to the governor.

REDESTRUCTING HEARINGS TO WIND UP—Congressional redistricting hearings conducted by a Texas Legislative Council committee will wind up here next month.

Meetings already have been held in Fort Worth, Dallas, Houston, San Antonio, Lubbock and Tyler. Committee chairman, Sen. George Moffett of Chillicothe, said the group has "many suggestions" for redistricting.

Its big job now is to mold them together and come up with a reasonable plan or set of plans for legislative consideration, thus carving the state into 23 congressional districts as nearly as possible equal in population.

CONSTRUCTION PEAK HIT—Texas construction reached a 35-month peak during July. It was the greatest building month

of the year and second highest month in nearly 18 years of records compiled by The University of Texas Bureau of Business Research.

A whopping \$140,600,000 of building was authorized in July. It represented a 21 per cent increase over June.

Bureau also reports that retail sales in the state during July rose two per cent over June. Normally there is a small decline between the two months.

Meanwhile, the U. S. Department of Commerce reported that the average income of Texans rose last year from \$1,973 to \$2,068.

BUS FARE HEARING SET—Hearings on a request from 31 bus lines to raise their intrastate passenger fares by 10 per cent were set for September 19 by the State Railroad Commission. Motor bus express and C.O.D. charter coach services also seek an increase.

The lines, including major carriers, maintain they have had sharp cost increases in their operations since 1961, when fares were raised five per cent.

YOUTH COUNCIL ASKS INCREASE—The Texas Youth Council—administrator of Gatesville and Gainesville schools for delinquent youths and of juvenile parole programs told examiners from Governor Connally's and the Legislative Budget Boards' offices it needs to raise its biennial budget by \$6,200,000 to \$18,300,000 for fiscal 1966-67.

Council's director, Dr. James A. Turman, warned that the youth-reform systems would be set back to the difficult days of 1957 unless the State Legislature approves a sound, long-range program of care and construction.

In addition to \$3,400,000 for construction at Gatesville, Gainesville and Crockett schools for juvenile offenders, the Council proposed establishment of a \$1,388,367 home for dependent, neglected and orphan children, (but did not suggest a location). This because the State orphans homes at Waco and Corsicana are crowded to capacity and expansion at those sites was not deemed practical.

OIL FIGHT—Independent oilmen from the East Texas Field took on major companies at a Railroad Commission hearing at which a proposal was made by Atlantic Refining Co. to give additional allowable to wells in that giant oil field. The wells now have allowables on a per-well basis only, and Atlantic wants to add production based on acreage.

Small operators, conceding that it would increase their allowables too, fear that if the Atlantic were adopted, it would open the door to a court review of the field rules, which would easily result in wiping out the allowables of wells drilled on tiny town of tracts.

But the hearing also brought out a major inequity, and court action could come on that. A well capable of making only 19 barrels is exempt from shutdown days under a state law, so it can produce 30 days a month. But a well making 20 barrels a day is limited to about eight days' production a month.

So the poorer wells get to produce more oil than the better wells.

DRAFT DODGE CARRIES PENALTY—Noting that an estimated 6,000 to 8,000 18-year-old men have not conformed with the draft registration law, Col. Morris S. Schwartz, State Director of Selective Service, issued a reminder that 18-year-olds who wait more than five days after their 18th birthday to register with their local board are subject to penalty.

Maximum penalty for failure to comply with the draft law, Schwartz said, is five years in pri-

BUCK FILLINGHAM (left) is holding a trophy he won August 23 at the drag races in Amarillo. He is shown with T. D. Claborn, manager of Flash-O-Gas. Fillingham broke the Amarillo Speed Record. He clocked 116.88 mph and the record was 105. He drove a '55 Chevrolet sponsored by Champlin Oil Co., Flash-O-Gas and the good work of Charles Stanley of Dimmitt Paris and Supply. Other trophies shown were won by Fillingham in previous races. —Staff Photo

son, a \$10,000 fine or both.

WATER NEWS—

Latest word on construction of the \$64,000,000 Amistad Dam on the Rio Grande and the Devil's River is that bids will be opened by U. S. and Mexican authorities work-November 6.

Both countries have been busy re-routing roads and railroad lines in the vicinity of the proposed dam to make way for construction.

Texas Water Commission will hold a hearing on the Colorado River Municipal Water Authority's application to build a dam at Robert Lee on the Colorado River on October 19 at 10 a. m.

Commission gave the Guadalupe Blanco River Authority permission to build a low-water dam near the south of the Guadalupe River in Calhoun County. The dam will have a rubber top, so it can be deflated when river flows are high—if that day ever comes again.

Continuing its "clean-up" of unused water rights in Texas, the Water Commission this week cancelled out reduced water rights in Kimble, Mills and Coleman Counties which dated back as far as 1904.

NEWSPAPERS MUST WAIT—Atty Gen. Waggoner Carr has ruled that the State Treasurer can put cost of publishing names of persons having money coming to them through insurance policies or annuities "on the cuff" and pay the newspapers later, as money accrues to a special state trust fund.

Advertising costs under the insurance escrow provision cannot be paid from the treasurer's own general appropriation, the opinion continued.

DROP OUTS CRITICAL—Measuring the cost to the nation's economy of some 900,000 school drop-outs each year by the dollar, Col. S. Perry Brown, chairman of the Texas Employment Commission said it adds up to millions of dollars each year.

Then he warned, "If effective action is not taken, I submit that we will pay ten-fold in re-training, as well as unemployment insurance welfare costs, and other forms of dependency. Yet the greatest loss both economically and socially will be in wasted human resources."

SHORT SNORTS—State Highway Department will open bids for construction of a new district office building at Brownwood on September 17—November 25 through January 3 is the date for the open season on ducks and coot set by the Parks and Wildlife Commission—Agriculture Commissioner John C. White granted cotton farmers in Hidalgo, Starr, Cameron and Willacy Counties (Pink Bollworm Control Zone No. 1 a 12-day extension of the plow-up deadline—until midnight, September 12 Highway Department reports that motor vehicle registrations in Texas rose about 61 per cent over the past 10 years, with passenger cars and commercial trucks setting pace, while marked decreases were shown in farm-truck and city-bus registration.—Atorney general's opinion advised Grayson County Attorney Dean Martin that the county judge's opinion must be secured before seismograph blasts can be performed on land situated in Grayson County under Lake Texoma—State Health Department advised parents to be sure their young football-playing M-

MR. AND MRS. SAM BUTLER are pictured here with a pail full of luscious red ripe Montana cherries. The Butlers are standing in the 15 acre cherry orchard owned by their son, Joe, in Big Fork, Montana. The cherries from the orchard were packed in a shed at Big Fork and then transported by trucks to canneries. The cherry farm is worked during the summer months.

sons wear proper, well-fitted protective equipment—Texas Liquor Control Board reports it collected \$3,800,000 in taxes and fees during July 2,100,000 from the beer tax alone—County Commissioners in counties up to 21,500 population have authority to decide whether or not their county judges will collect a \$75 a month auto expense allowance, the attorney general held—W. J. Cutbirth is now director of administrative services for Texas Parks and Wildlife Department—State park attendance increased 500,000 during the last fiscal year—to 6,000,000—A new \$7, 331 federal grant for planning to combat mental retardation has been received for Texas, adding to an earlier \$20,000 grant—Sale of livestock and livestock products brought Texas farmers and ranchers \$154,100,000 during June, U. S. Department of Agriculture reports.

BETHEL NEWS

Fast Low Cost Earth Moving
With an **Eversman** Hydraulic Controlled **SCRAPER**
Using your own tractor and the 2 1/2 yard Eversman Scraper you can do most earth moving jobs by yourself. Level land for efficient irrigation. Grade fields to improve drainage. Fill gullies and low spots. Build farm roads. Muck terraces, grass waterways, reservoirs, ponds, dams, pit silos. The Eversman responds instantly to single valve hydraulic control. Loads with low power requirements but with large scraper stability. Hauls at high speed. Front dump permits accurate control of fill. Strong rugged construction.
Increase Yields Per Acre by Finishing Fields with an **Eversman** AUTOMATIC LAND SMOOTHER
With an Eversman Smoother and your own tractor you can prepare an ideal seed bed free of back furrows and dead furrows—eliminates low spots and high spots while preparing an ideal base for mechanized farming. Smooth, level fields provide more efficient irrigation. Improve surface drainage, stop excessive erosion and help retain rainfall. Low initial cost. Economical operation. Sizes to fit regular farm tractors.

MR. AND MRS. DAVIS MADISON THOMPSON III

Pam Dollar -- Davis Thompson III Wed August 24 In First Baptist Church

In wedding vows solemnized at 7:30 p.m. Monday, August 24 at the First Baptist Church here, Miss Pam Dollar became the bride of Davis Madison Thompson III of Friona.

Given in marriage by her father, the bride chose a white silk street length dress with straight skirt and blouson top. At a jeweled neck-

line, the bride wore a pearl choker. She wore a beaded white pillbox carried a white orchid surrounded by stephanotis as her bridal bouquet.

Attending the bride as maid of honor was Driscilla Dehtan of Dimmitt. She wore a pale pink silk dress and carried a nosegay of pink and white roses. Bob Hodges

Tree Selection, Planting, Calls For Careful Planning

Outdoor space must be organized and developed to suit the needs of modern living. Trees are not only an integral part of such space organization but are the most important structural elements in solving landscape planting problems. Selection of which trees to use and where to place it is, therefore, a great responsibility.

Trees have distinctive growth habits which always make them accent points. Their proper placement is the most permanent operation performed in any landscape devel-

opment.

In addition to specific individual and distinctive characteristics, each tree has a definite size, form, texture, color and an ever-changing aesthetic effect from season to season and from youth to maturity in each of these features.

Landscape trees exert a sphere of influence in a certain volume of space beyond the tree limits and the location in which it is placed. They should be located so their sphere of influence does not overlap.

Volume and space requirements of trees limit their use on small

properties for modern living since individual residential properties and subdivided areas are smaller and houses are lower. Scale and space must be carefully considered so selected trees will continue to perform their landscape function satisfactorily, especially when reaching maturity.

Landscape functions that trees may perform are many and varied. These include shade, climate control, noise abatement, framing, background, enclosure and many others. Form and growth habits must be carefully considered when selecting a tree to perform a cer-

tain function in the landscaped area.

Small trees have replaced shrubs for many landscape purposes and the aesthetic effects of texture, color, form, flowering and fruiting habits have assumed greater proportions than in the past.

Proper spacing of trees on small properties is important in developing specimens, clumps, hedges, fenestration and other landscape effects. The right tree must be selected for the proper purpose, but how and where it is located is also extremely important.

To properly choose a tree to

perform certain landscape function and to locate it properly in any given landscape development, the following suggestions should be carefully considered.

Choose a tree that will be in scale with the site to be developed when it reaches maturity.

Practice restraint in the number of trees used since each tree produces an accent in the landscape picture.

Locate all trees so one tree does not encroach on another's sphere of influence.

Select trees adapted to climatic conditions prevailing in the area.

Check the "nuisance factor" of each tree carefully. Avoid using those that produce excessive litter especially if it is to be placed in close proximity to walks, drives, terraces or patio.

When trees with rapid growth are needed, avoid those with excessively brittle branches, especially when they are to be used in exposed locations.

Do not select lawn trees that have heavy surface roots or that are excessive feeders since they will adversely affect the growth of grass and may have paved areas.

Double Crop Cotton And Sorghum For Maximum Residue Benefits

Grain sorghum and cotton go hand in hand to produce better yields, according to John Box, associate Extension agronomist.

Where cotton fields have had the advantage of fertilization and rotation with high residue crops, such as sorghum, and where the residue has been effectively used, crops are doing remarkably well during the dry weather, says Box.

In a rotation program sorghum residue helps maintain the annual 4,000 pounds per acre minimum organic matter level needed for satisfactory crop production.

To maximize sorghum residue, stubble should be shredded right behind the combine and root system destroyed immediately. This, says the agronomist, cuts regrowth and moisture loss. The residue should be either partly or completely covered, depending upon the farmer's desire, to start decomposition. It also provides the soil organisms with a supply of food and energy.

Although the temptation may be strong to use crop residues for other purposes such as grazing or baling, Box says they will prove to be of greater value in the final analysis when used in a sound soil improvement program.

Nazareth Plans Labor Day Picnic

Nazareth will celebrate annual Labor Day picnic, Monday, September 7.

Activities begin with a roast beef dinner from 12 to 2 p.m. Price of luncheon is \$1.25.

Concession stands, bingo, fancy work booths, go cart races, pony rides and country stores will open at 1 p.m.

A plate lunch or sandwiches will be served in the evening followed by a dance with music furnished by Charlie Phillips.

The public is invited.

APPRECIATION...

We wish to take this means of expressing our sincere thanks to the merchants of Dimmitt, Hart and Nazareth, and other business establishments in the rural areas of the county, for their wonderful support of the first Annual Castro County Roundup Week. Our deep appreciation is also extended to every individual who contributed in any way to the success of the week's celebration.

It was through your efforts that the initial Annual Castro County Roundup Week was an outstanding success. Based on the experience gained during this year's celebration we are confident of the continuation of successful celebrations in the future.

Signed,

High Plains Research Foundation Board of Trustees Plan Meeting

The Board of Trustees of the High Plains Research Foundation will hold its semi-annual meeting at 10:00 a.m. preceding the Eighth Annual Field Day the afternoon of September 10. The meeting will be held in the conference room of the Foundation's Killgore Memorial Building at Halfway. Mr. Harold Hinn of Plainview and Dallas is Chairman of the Board of Trustees and will preside at the meeting.

The Board will review the progress made in the agricultural research program of the Foundation for 1964. They will also determine the research program to be followed for 1965 and the budget for 1965 to accomplish the program. Plans will be finalized for operation during 1965 of the new 504 acre demonstration research farm. The new farm is located between the Mayfield Community and Cotton Center, 9 miles directly west of Hale Center. This farm is being purchased from Mr. and Mrs. Frank Triplett. It was homesteaded in 1896 by Mr. Triplett's father, triplets made first contribution to the purchase of the farm. Various committees of the Board will make reports.

Wives of the board members will be entertained during the board meeting by the Plainview board members' wives and the wives of the Foundation staff.

Members of the Board of Trustees will play a major role in the Field Day program the after-

noon of the 10th. They will be hosts at the 5 major events of the day. Fourteen members of the Board will be hosts at various hours of the afternoon in the registration tent. This group is under the direction of Jimmy Willson, Jr. of Floydada. Here they will take care of the registration and distribute printed programs of the day. They will also guide the visitors to the agricultural displays in the tent, consisting of a Soil Conservation Service display featuring the Running Water Draw project, display of noxious weed control program, and the Home Demonstration display. Also on display will be the combine cab and the \$10.00 rare gold coin to be given away at the end of the day's program.

A small tent adjacent to the registration tent will house an audio-visual color slide show depicting the history of the Foundation and personnel. Literature on the Foundation and plans for further expansion can be viewed in this tent.

Another group of some 15 board members will take turns escorting visitors through the Killgore Memorial Building under the direction of board member, Gene McLaughlin of Ralls. Visitors will be shown the offices, the air conditioning and heating unit given by the Pioneer Natural Gas Company, and the building and laboratory, a gift of the Killgore Foundation. An audio-visual color slide show will be presented in the conference room on the interplanting systems developed at the Foundation, and other cultural practices.

The Killgore laboratory will be explained to the guests who will then go to the large greenhouse, a gift of the Jim Hill Estate of Hereford. Here various research programs underway will be explained. Included will be some of the controlled plant breeding programs on soybeans and sesame, trace element tests, and grasses and legumes from all over the world other features in greenhouse will be a model recharge well, bicide experiment on castor beans, and soybean fertilization tests.

Claude Fargason, of Halfway, will head a group of Board Members who will show the fifteen lawn grasses on display east of the greenhouse. Also available for guests, will be a tour of the 36 trees and shrubs around the lawn. The signs were prepared and the trees identified by the Halfway 4-H Club.

Donald Johnson, of the Plains Cotton Growers, Inc., staff and a member of the Board of Trustees, will head a group of board members who will explain the operation of the 20-day laboratory gin. They will also show the guests a large number of cotton products on display in the seed processing laboratory. An audio-visual show of color slides and comments will be available in the north end of the Seed Laboratory. These slides will depict the processes of developing new crops such as soybeans, sesame and sunflowers.

PROGRAM—
1:30 to 5:00 p.m.
Registration - Audio - Visual Program, Small Tent

Tours - Killgore Memorial Office Building and Laboratory - Audio-Visual - Farm Systems
Tours - Jim Hill Greenhouse
Lawn Grass and Equipment Display
Cotton Products - 20 -saw Gin -Seed Processing Laboratory

Dimmitt FFA Chapter Meets

The Dimmitt Chapter of FFA held a regular meeting, Thursday, August 27, in the VoAg building. There were 35 members present. Several items of business were discussed for the coming school year. Among them were that dues were \$3.00 and were due October 1. The chapter also voted that their banquet would be a barbecue this year. Only members and guests will attend.

The Chapter also decided to sell magazines again this year. The project will get underway about mid-September. A goal of \$1500.00 has been set. If this goal is attained, FFA members will be eligible to attend the Texas State Fair in Dallas in October. Proceeds of the magazine sale will be used to buy a camera for the PFA. The type of camera and the price to be paid will be discussed at a later time.

The Chapter is planning a summer trip for next year. The trip will begin May 31, and all members will be eligible to go.

After all business was conducted, everyone enjoyed watermelons on the lawn in front of the Vo Ag building. The Chapter received the watermelons from Mr. H.C. Nelson.

Boys Ranch Rodeo Set For September 6-7

A real ranch-style bar-be-que will be added to the rodeo fare at Cal Farley's Boys Ranch, next month, when the more than 300 boys now being cared for put on their 20th annual Boys Ranch Rodeo.

For the first time in many years, the boys of the Ranch will select a steer from the beef herd, dress it for cooking, and bar-be-que it over an open-pit fire. One of the busiest concessions at the rodeo is expected to be the bar-be-que sandwich booth where the boys will be selling "king-size" sandwiches with all the trimmings.

"We are inviting our friends, not only to watch the kids put on their rodeo, this year, but also to enjoy a bar-be-que picnic in the picnic grounds of the Ranch," Cal Farley, Ranch founder, said.

Practice sessions have been held for the past six weeks, with elimination rides on Brahma bulls, bucking brones, steers, and calves, being made by the boys. Nearly 100 boys will ride the professional rodeo stock that is being donated for the rodeo, and all of the boys and members of the Ranch's adult staff will participate in the production of the event.

The rodeo dates are Sunday, September 6th, and Monday, September 7th, with afternoon performances both days beginning at 2:30 P. M. Reservations for box seats are being taken at the Boys Ranch Office in Amarillo. The box seats are \$2.50 general admission for adults, \$1.50, and 75 cents for children and servicemen in uniforms.

Ample parking space is provided for rodeo visitors, and they will view the action from the large modern rodeo arena, and enjoy a picnic under the shaded picnic grounds of the Ranch.

Bobcat Reserve Football Tickets Still Available

According to latest report, there are still about 30 reserve seat tickets available for Bobcat fans. The fans have bought 192 tickets to date.

If still needing a reserve ticket, go by the superintendent of schools office in the high school on Western Drive.

Farm Equipment Exhibit
Flag Burning - Raising-Ceremony 4:30 to 5:00 p.m.

Edward Marvin, son of Mr. and Mrs. Ralph Steffens was baptized in Holy Family Church August 27th by Rev. Father Riechel. Sponsors were Mr. and Mrs. James Wilhelm.

Mr. and Mrs. Charles Braddock and Mrs. Robert Huseman took their daughters, Charlyn and Linda to the Benedictine Convent in Fort Smith, Ark. where they entered the aspirancy to the Order.

Mr. and Mrs. Francis Wilhelm took Douglas to register at St. Lucien's Seminary in Amarillo for his second year there. Mr. and Mrs. Leo Dobmeier also took their son Gene there to register for his

Miss Parks To Join Extension Staff, September 11

Lynn Parks of St. Joseph, Louisiana, has been named consumer education specialist in clothing and textiles for the Texas Agricultural Extension Service, effective September 11.

In making the announcement, Director John E. Hutchison said the need for consumer information is increasing all the time. Miss Parks will give leadership to clothing and textile information programs for Extension agents and will help develop publications and train agents and leaders.

Miss Parks is a May, 1964, graduate of Texas Woman's University. She was a 4-H Club member for six years and was active in Future Homemakers of America programs in high school. She was a state and national winner in the Make-It-Yourself-With-Wool Contest, and receive two national scholarships. Her parents are Mr. and Mrs. William E. Parks.

At TWU, she was named to the Dean's list, and was president of the Student Council of Social Activities. She won the coveted Leman Award for artistic contributions by a member of the senior class—the highest award that the university makes to a student. Her selection for the award was based on creative work in clothing and textiles and for her outstanding work with the Dallas Textile Club show. She was listed in Who's Who in American Colleges and Universities.

Miss Parks was selected as Texas Aggie Sweetheart for 1962-1963. She is a member of the American Association of Textile Chemists and Colorists of the American Home Economics Association.

Resistant Plants Control Root Rot In Fruits, Ornamentals

Many fruits and nuts, vegetables and ornamental plants are susceptible to cotton root rot, one of the most destructive plant diseases occurring in Texas. And little can be done to control this dread disease.

Selection of disease resistant plants is the best known method of combating root rot, says C. Wendell Horne, plant pathologist with the Texas Agricultural Extension Service.

Since the disease is very prevalent in heavy, alkaline soils, drying-out and acidifying the soil will aid in its control, explains Horne. Adding ammonium sulfate or sulfur to the soil will make it more acid and may help delay or prevent root rot infection.

Plants affected with the disease will wilt and then die in a relatively short period of time, the pathologist points out. They can be pulled up very easily and brownish fungus growth can usually be observed on the roots.

Horne advises planting an indicator crop such as cotton before locating new orchards, vineyards, berry patches or nurseries. The crop should be observed for root rot for at least one season.

A number of plants, trees and shrubs are either immune or resistant to the disease, says Horne. A listing of those is found in Extension leaflet L-390, "Cotton Root Rot," which is available at local county Extension offices.

Art Albracht left Saturday from Canyon with some West Texas University students for Milwaukee to attend the National Convention of the Catholic Kawman Clubs.

Visitors in the Anthony Acker and Bud Kern becomes the past few days were Father Adam Wethington and Mrs. Mary Helen Taylor of Farmington, N.M.

Mrs. Laverne Klemm and children of Tullia visited Mrs. Ed Ramaekers and children while their husbands were at the Knights of Columbus Initiation Sunday.

Those enjoying a Pot Luck supper and party Sunday nite in the Florence Albracht home were Mr. and Mrs. W. J. Albracht of Hereford, Mr. and Mrs. George Brockman, Mr. and Mrs. Math Albracht and Mr. and Mrs. Vincent Ramaekers of Umbarger. Mrs. Anna Albracht, Mr. and Mrs. Vincent Pohlmeier, Mr. and Mrs. Francis Wilhelm, Mr. and Mrs. Ed Ramaekers, Mr. and Mrs. Ralph Albracht, Mr. and Mrs. Greg Hoelting, Mr. and Mrs. Frank Hoelting and Mr. and Mrs. Paul Venhaus.

AMMO NOTES

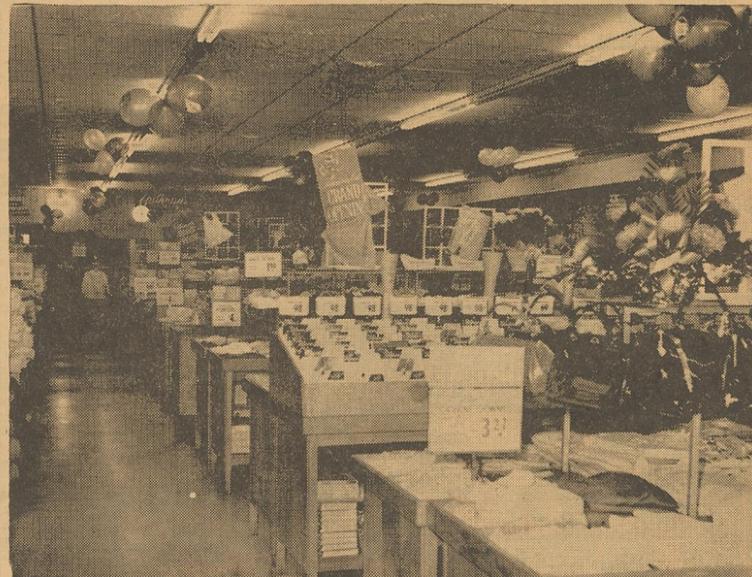

by Wm. F. (Bill) Bennett, Agronomist, Western Ammonia Corporation

NITROGEN USE

Texas ranks high on a nationwide basis in the use of nitrogen and anhydrous ammonia. Texas leads the nation in total nitrogen used. The next nine states in the order of quantity of nitrogen used are California, Iowa, Illinois, Nebraska, Indiana, Georgia, Missouri, Kansas and North Carolina. Nearly all of these states are high producers of grain - either corn, grain sorghum or wheat. These ten states accounted for about 54 per cent of the total nitrogen used in the nation.

Texas also leads the nation in tonnage of anhydrous ammonia. The states following Texas include Nebraska, California, Iowa, Illinois, Missouri, Indiana, Mississippi, Washington and Louisiana. These ten states used slightly over 75 per cent of the anhydrous ammonia used nationwide. Most of the states are in the North Central and South Central regions of the United States. Texas farmers used almost 20 per cent of the total tonnage of ammonia.

Three of the top ten states in total nitrogen use were not in the top ten on use of ammonia. These were Georgia, North Carolina and

INSIDE VIEW of new C. R. Anthony store is shown here. The new store attracted a large crowd during the grand opening last Thursday. The new store contains 6,000 square feet. Manager is Curtis Parker.—Staff Photo

Kansas, Georgia and North Carolina use more dry nitrogen fertilizer because of large pasture acreages. Kansas farmers use a dry nitrogen to topdress wheat when winter moisture is adequate. Of the total nitrogen used in the nation, 25 per cent comes from anhydrous ammonia. The nitrogen in mixed fertilizer furnishes about 32 per cent of the actual nitrogen used. Another 13 per cent was applied as ammonium nitrate and 12 per cent as nitrogen solutions. The balance of the nitrogen comes from various sources such as ammonium sulphate, urea and sodium nitrate.
