The principal announces the following students mad the honor list with all "A's" and one "B". Students are Billy Joe Farris and Robert Wright, seniors; Rene Brooks, sophomore; Rosemary Lee, Sheryl Morrison; and Joe Bob Sanders, freshmen; Patricia Richburg, eighth grade; Rebecca Eutrell, seventh grade; and Paul Armstrong, Barbara Hansen and Pamela Shive, sixth grade.

Baptist WMS Meets

General W.M.S. of the First Baptist Church met Tuesday morning at 9 with approximately 35 attending the meeting.

A missionary program "Partners For Progress in Japan" was presented by Mesdames James Autry, Buster Tidwell and Charley Hays.

Eight Escape Serious Injury In Car Wreck

Eight persons escaped serious injury Saturday noon when the car they were riding riding in turned over about one and four-tenths miles southeast of Dimmitt.

Driver of the '59 white Ford was Aurora Olga Valadez of Hart. She swerved off onto the right shoulder of the road and then whipped to the left going into a slide and then turning over according to investigating officer, Patrolman Snider. The occupants of the car stated they felt something mechanical was wrong just before the accident for they felt an odd shaking sensation before Mrs. Valadez lost control.

The occupants were taken to Castro County Hospital by Dennis ambulance for medical checkup.

Dimmitt Student Discovers Early Indian Grave

James Rials, student in Dimmitt High School, discovered the grave of an Indian believed to have lived about 800 or 1,000 A.D. The discovery was made by Rials last Saturday while changing irrigation water, two miles south of Castro Memorial Gardens.

Jack Hughs, curator of paleontology at the West Texas University Museum and professor of geology at WT along with two student assistants, Meade Humphreys and Tom Elliff excavated the archaeological find.

According to Professor Hughs, the bones were believed to belong to an adult Indian of prehistoric times. The Indian was lying in a knee-chest position face down with his head toward the southwest. Other things found with the Indian included what once was a pouch containing two smooth pebbles, four pieces of paint rock, one little flint chip, one small arrowhead and mussel shell with a serrated edge.

According to Hughs, the style of the arrowhead belonged to a tribe which would date back to 800 A.D. before the time of Spanish explorers.

Also the Indian's dog skull was found in the excavation.

Nazareth FHA Conducts Initiation

Nazareth FHA Chapter met Monday, October 28 in the cafeteria for initiation of new members.

During the meeting, the presentation of FHA creed and the explanation of the emblem was given by Imogene Huseman. Following the initiation service, Joan Ackerman gave a talk on F.H.A. values. New members initiated were Shirley Acker, Juanita Basuldua, Margaline Birkenfeld, Stephanie Birkenfeld, Gail Dobmeier, Nancy Drerup, Raelene Schulte, Janeta Wethington and Joy Wilhelm.

A salad supper was enjoyed by members, parents and teachers.

JOE TOCQUIGNY

Swine Course To Be Given For Adult Farmers

A swine short course for adult farmers will be held Nov. 18-21 under the sponsorship of the Dimmitt High School Vocational Agriculture Department, according to Paul Hilburn, Superintendent and E. Otte, Teacher of Vocational Agriculture.

Mr. Tocquigny, swine specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Husbandry at Texas A & M University will do the instructing in the course. He is headquartered at Texas A & M University.

Mr. Tocquigny holds a B. S. Degree in Agricultural Education from Texas A & M College, and an M.S. Degree in Agriculture from Texas A & M. He has been a Hampshire breeder and commercial feeder for the past ten years maintaining a fifteen sow herd.

"Many swine short courses in various parts of the state have been taught by Mr. Tocquigny and all have met with outstanding success," according to Walter Labay, area supervisor of vocational agriculture Plainview, Texas. Arrangements for the adult education short course in swine husbandry and in other fields are made through Labay's office.

The short course at Dimmitt is scheduled to begin Nov. 18 at 7:30 p.m. in the vocational agriculture building. Other meetings in the series of 4 will be held Nov. 19, 20 and 21. During the dates the short course is in progress, Tocquigny will be available to assist students with individual problems and to provide on-the-farm instruction, according to Otte.

Farmers interested in attending the short course should call the teacher of vocational agriculture, Otte at 647-3186. An entry fee of \$2 will be charged Swine Production Short Course Certificates are to be presented to each student who attends all the training sessions.

Tocquigny states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as selecting and breeding, feeding & feeding requirements, management, disease and parasites housing and equipment, and marketing.

"Short courses in swine production, as well as in other areas, are now available to farmers throughout the state under the cooperative program between Texas Education Department and the Texas A & M University. (Continued on Page Six)

EIGHT OCCUPANTS escaped serious injury when this '59 Ford Sedan overturned Saturday about one mile southeast of Dimmitt. See story for details. —Staff Photo

Miss Patton - Robert Bergerson Wed In Double-Ring Ceremony

Miss Jimmie Sue Patton and Robert John Bergerson repeated wedding vows, Friday, October 27, at 3 p.m. The double ring ceremony, read by the Rev. N. S. Daniels, minister of the First Methodist Church of Seminole, was performed in the home of the bride, 1 1/2 miles west of Seminole.

Mr. and Mrs. R. C. Patton are the bride's parents. Mr. and Mrs. Russell Bergerson of Renton, Washington are parents of the groom.

Baskets of bronze mums decorated the place of the wedding ceremony. Miss Patton wore a teal blue wool suit with a matching print silk blouse and black accessories. She had the traditional something old, something new, something borrowed and something blue and carried a white Rainbow Bible topped with a floral arrangement.

Attending her sister as maid of honor was Miss Celia Patton of Dimmitt. She wore an autumn gold wool sheath dress. Thomas N. Almond of Clovis, New Mexico served as Best man.

Mrs. Curtis C. Allphin, Jr. of Tatum, New Mexico, sister of the bride poured punch at the reception. Mrs. Wayne Jackson of Dimmitt served the white tiered wedding cake. Miss Lynette Bergeron, sister of the groom, registered guests.

In addition to Mr. and Mrs. Russell Bergerson, Lynette and Shelley of Renton, Washington, other guests attending were from Clairmont, Dimmitt and Seminole, Texas and Tatum and Clovis, New Mexico.

The bride is a graduate of Seminole High School and attended West Texas University. She has been employed by the Castro County Tax Assessor and Collector's Office. The groom is a graduate of Renton High School, Renton, Washington and is stationed at Cannon Air Force Base, New Mexico.

After a wedding trip to Albuquerque, New Mexico and other points, the couple will be at home at 704 East 13th in Clovis, New Mexico.

WINNERS in the Punt, Pass and Kick Contest sponsored by Ford Motor Co. Saturday afternoon are shown here with Orville Malone, manager of the local Ford company. First place winners received jackets. Second place winners are wearing the helmets and third place winners received autographed footballs. The first place winners from Dimmitt will be entered in district competition. The contest was divided into four age groups, 8 thru 11. —Staff Photo

VISITS DAUGHTER

Mrs. De Neumayer is visiting her daughter, Nancy and her husband, Leon Crum this week.

Nazareth Throws Cotton Center For 14-12 Loss

Nazareth defense paved the way for the Swifts' third district win as they stopped Cotton Center's extra point attempts twice.

After a scoreless first quarter, Nazareth's Denis Gerber went over from seven yards out for the first score of the game. The touchdown play came after a 60 yard drive made by the Swifts. Tommy Wehington ran the extra points which helped to win the contest for the Swifts. Still in the second quarter, Marvin Hoelting threw a 30-yard aerial to hit Lester Schulte for the final Nazareth touchdown. This was the third game in a row Hoelting has passed to Schulte for a

touchdown play. Extra point attempt failed.

During third quarter play, Cotton Center intercepted a pass on Nazareth's 35 and marched to Nazareth's 10 where Quarterback Chipper Lowry scored. Nazareth defense stopped the extra point attempt.

Joe Ellard, another Cotton Center quarterback, scored from four yards out for the second CC touchdown. Extra point attempt failed by inches.

An onside kickoff was covered by Cotton Center during the final few seconds but Nazareth held and won 14-12.

Outstanding defensive player for the Swifts was Gerald Brockman, safety man. Nazareth made five penetrations and CC had two.

Nazareth made 11 first downs and Cotton Center recorded six. Nazareth totaled up 197 yards in rushing and Cotton Center made 107 yards.

Nazareth Swifts will meet one of the weaker teams in their district Friday night at Nazareth when they tangle with Smyer. The game will start at 7:30 p.m. A win, Friday night, will clinch the district title for Nazareth. The Swifts will be playing heads up ball as any team can be a threat according to Coach Aldridge.

The Swifts season record stands 5-2-1. Their district record is 3-0.

Facts Released On Veterans Land Program

To date there have been 32,000 been 32,000 veterans who purchased land through the Veterans' Land Program.

We have had 3,910 purchasers pay for their tracts in full. We have purchased 2,778,772 acre of land. The average price paid for this land has been \$78.18 per acre.

We have had 6,832 transfers; 4,697 have been to non-veterans, 2,135 have been to veterans. The State has invested approximately \$196,000,000 in land.

We have in reserves \$9,000,000 in reserve before we complete our purchases out of the first \$200,000,000. We receive each 6 months approximately \$6,500,000 from payments by veterans on their contracts. Out of the last \$100,000,000, authorized, which continues to rotate until December, 1965, we have approximately \$1,500,000 from veterans' payments to spend each 6 months.

Over the life of the Program, there has been realized a differential of 1.1 per cent between the interest we pay on money we borrow on bonds and the interest we charge the purchasers.

Since January 1, 1961, we have adopted a policy whereby we keep a differential of at least 1 per cent between what we borrow for and what we loan for. Prior to January, 1961, there was no set policy in this regard.

Up to January 1, 1955, there were approximately 14,000 veterans who purchased through the Veterans' Land Program. From 1955 to the present there have been over 38,000 who purchased through the Program purchasing a total of over 32,000 purchasers as pointed out above. Since January 1, 1955, over 130,000 veterans have been sent applications to purchase through the Veterans' Land Program.

We have more than 1,000,000 qualified veterans of World War II and the Korean War who served Prior to March, 1955.

We have approximately 6,500 active mineral leases covering that many veteran tracts. Out of this number there are 441 producing leases of the Veterans' Land Program.

Our Auditor predicts that the Program will make \$80,000,000 for the taxpayers of Texas. This comes from the differential of 1 per cent pointed out above. During the year January 1, 1962, to December 31, 1962, the Veterans' Land Program closed more than 4,600 veteran transactions which was more than has

ever been closed during the history of the Program in any one year.

There are 12,209 veterans who have taken out insurance under the newly adopted insurance program which pays their contracts in full in case of death. We have collected \$350,298.31 in premiums for the two six months periods. This costs the veteran purchaser only \$5.76 per thousand a year.

The death claims to date amount to \$271,481.49 leaving a net balance of \$66,551.34 that the insurance companies have left which must carry them until November 1, 1963.

The total income from fees collected through the Veterans' Land Board for the fiscal year from September, 1961, to September, 1962 was \$270,000.00. The total income from September, 1962, to September, 1963, is \$295,000.00 from fees collected by the Veterans' Land Board. These fees are charged to those who receive special service such as homesite deeds, paid in full deeds, appraisal fees for appraising land, and fees for pro-

cessing oil and has leases, easements, and severances. This revenue is used to defray the expense of operating the Veterans' Land Program.

We also have in force over \$25,000,000 worth of fire and extended coverage insurance on buildings and improvements on veterans' tracts.

On January 1, 1961, I inherited some 13,115 acres of land that cost the State \$646,328.52. This was land acquired during the land scandal days of the Veterans' Land Program at an inflated market value. We have now disposed of all the 13,115 acres for \$649,242.61 giving us a \$2,914.09 profit over and above the State's investment even though this land at the time of purchase was overappraised and the sale to the State was fraudulent. This cleans up all of the fraudulent land which I inherited as Land Commissioner in 1961 and which had been on the books for some six years without being disposed of.

Your local independent insurance agent is free to recommend insurance coverage which gives you the exact protection you need... sound protection at the most economical cost — without obligation to any one insurance company.

If you have a loss, or claim, he's nearby to help you... he is on your side to see that you get prompt and fair payment. He cuts through red tape and expedites details.

Here is the new Super Torque FORD for 1964. Bred in open competition, built for total performance, it is the strongest, smoothest, steadiest car in its field. With more steel in the suspensions, more strength in the frame, more heft in the body, it is hundreds of pounds more car than anything else at the price. Drive one—and see the difference this makes!

FACTS ON THE 1964 FORD: Choice of three distinctive rooflines • Unique suspension lets wheels move backward as well as up and down to flatten bumps • New comforts and conveniences... more room front and rear with a one-third smaller floor hump... shell-type bucket seats in XL models • Optional Swing-Away steering wheel • Illuminated ignition switch, glove box, ash trays, and trunk in most models • Crank vent windows • Sixteen models • Six engines, from 138 hp to 425 hp • Four transmissions, from America's only fully synchronized 3-speed manual to a 3-speed automatic.

Mr. and Mrs. Howard Bridges visited in Lubbock Wednesday afternoon with Mr. and Mrs. Sid Taylor.

The WMS met for Bible Study with the President, Mrs. Roy Phelan, in charge of the study.

Mr. and Mrs. Weldon Bradley left Friday morning with Mr. and Mrs. Elmer Dixon of Dimmitt for Palmyra, Missouri to visit with Mrs. Bradley's sister, Rev. and Mrs. Harry Harris and family for a few days.

Molly and Lee Bradley spent Friday night through Sunday with Mr. and Mrs. Vernon Scott and family in Farwell.

The Junior Assembly children enjoyed a Halloween Party at the church Thursday night and also went Trick or Treating.

Approximately .50 inch of rain was received in the community Thursday night.

Rev. and Mrs. M. D. Durham visited with Marvalynne Durham at Wayland College Friday.

Mr. and Mrs. Alford Crisp went to Plainview Friday night to meet his mother who had been visiting relatives in Nebraska. Mrs. Crisp who lives in Houston will visit with

them for awhile. She visited with the Crisp family in the Sunday morning services.

The Sunnyside Store changed management Friday November 1st. Mr. and Mrs. E. R. Sadler sold the grocery store they bought from Mr. Alonzo Ferguson in March of 1959 to Mr. and Mrs. Tex Conard. They rebuilt the modern store to replace the one destroyed by the tornado April 12, 1960 and have operated it themselves since that time. Mr. and Mrs. Sadler wish to thank all their customers during these years for their patronage and friendship.

Mr. and Mrs. J. H. Christian of Wingate visited Saturday and spent Saturday night with Mr. and Mrs. Robert Paschal, Janie and Keith. The Paschals and Mr. and Mrs. Christian went to Lovington, New Mexico Sunday to visit with a niece and granddaughter and her husband.

Mr. and Mrs. Milburn Haydon went to Weatherford Saturday to visit Sunday with his parents, Mr. and Mrs. Raymond Haydon.

Mrs. Cecil Curtis went to Slaton early Saturday morning to be with Mr. and Mrs. Bill Baker for the birth of their second child. A 7 lb 11 oz girl was born to them Saturday morning. She was named Melanie LeAnn. Mr. Curtis, Debbie, and Don of WTSU went down Saturday and spent Saturday night and Sunday with them.

Mrs. J. C. Holbrooks underwent major surgery in Castro County Hospital in Dimmitt Saturday morning. Mr. Earl Phelan gave blood for the surgery.

Mr. and Mrs. Irving King went to Vernon Saturday to visit with relatives Saturday and Sunday.

Lance and Lane Louder of Flagg visited Saturday and Sunday with their grandparents, Mr. and Mrs. Alton Louder. They attended the Sunday morning services with Mrs. Louder.

Mrs. M. D. Durham, Association of G. A. Director, Mrs. Roy Phelan and Janita Blackburn attended the Association GA Workshop at Springlake Saturday. Janita is the Association Prayer Chairman. Mrs. Phelan installed the officers at this meeting.

Harold Powell of Earth spent Thursday night with Bill Shirey.

Mrs. Robert Paschal visited in Dimmitt Friday with Mrs. Pearl Sadler.

Mr. and Mrs. Ezell Sadler visited in Sundown Sunday with Mr. and Mrs. Arthur Baggett. They are an aunt and uncle.

Mr. and Mrs. Raymond Lilley were Sunday dinner guests of Mr.

and Mrs. Raymond Lewis and family of Olton Sunday.

Mr. and Mrs. Cecil Curtis, Debbie and William Harold Baker of Slaton came by Petersburg Sunday afternoon on their way home and visited with relatives there.

Mr. and Mrs. Lloyd Morris of Tullia visited Sunday afternoon with Mr. and Mrs. Roy Phelan.

Mr. and Mrs. James Powell and children were Sunday dinner guests of Mr. and Mrs. Woodrow Powell of Earth.

Mrs. J. E. Shirey visited with her mother, Mrs. W. E. Herrin in Knight Nursing home in Littlefield Sunday afternoon.

An Adult III Class Dinner was enjoyed in the home of Mr. and Mrs. A. O. Oldham Sunday. Those present were Rev. and Mrs. M. D. Durham, Mr. and Mrs. Noah Spencer, Harold and Ann, Mr. and Mrs. Alford Crisp, Sandra, Marian, Terry and Mr. Crisp's mother from Houston, Mr. and Mrs. Earl Phelan, and Mr. and Mrs. Houston Carson, Gene, Carl Dean, and Resa and the Oldham family.

Mr. and Mrs. Alford Crisp and girls and his mother visited in Plainview Sunday afternoon with relatives.

94 attended Sunday School with

FLAGG NEWS

The Flagg Home Demonstration Club met Friday, Nov. 1, at the community building.

Roll call was answered with "What I Am Thankful For." There were eleven members present.

Mary Lu Smithson gave the council report. Billye G. Davis gave the report on the Burnham Farm Sale at which the club served lunch. Members of the club filled out annual reports on their accomplishments and improvements for the year.

Velma Birchfield gave the program for the afternoon. "Selection and Care of Fabrics."

Refreshments were served to the following ladies: Ruby Brandon, Darlene Wooten, Marie Winders, Blanche Ginn, Velma Birchfield, Mildred Bradford, Dee Yates, Fay

46 in Training Union Sunday.

A pink and blue shower will be given in honor of Mrs. Douglas Louder at the Sunnyside Community Building Tuesday November 12th at 2:00 p.m. Everyone is invited to attend.

Damron, Mary Lu Smithson, Billye G. Davis, and Dorothy Birchfield. Mr. and Mrs. D. H. Odom left Wednesday morning to be with their daughter and family, the Francis Parks of Galveston. The Parks are the proud parents of a little girl.

Recent guests in the Buck Brandon home were Mrs. Brandon's mother; Mrs. Combs, Caroline Huskey and Mrs. Jake Brewer and family all of Dalhart. They were Saturday shoppers in Amarillo.

Mr. and Mrs. Rex Wooten attended the Adult I Halloween party in Fellowship Hall at First Baptist Church last Monday night.

Several families surprised Mr. and Mrs. J. W. Birchfield last Tuesday night with a "42" party, cake, pie, cookies and coffee.

Enjoying the evening were: Mr. and Mrs. Rayphard Smithson, Mr. and Mrs. Robert Yates, Mr. and Mrs. Cecil Ginn, Mr. and Mrs. Jesse Wooten, Mr. and Mrs. Clyde R. Davis, Mr. and Mrs. Alvin Fr. Birchfield. The Birchfields were presented a money tree.

Mr. and Mrs. Robert Yates attended the W.T. Arizona football game in Canyon last Saturday night.

Visiting in the Jesse Wooten home last Thursday night: were Mr. and Mrs. Cecil Ginn, Mr. and Mrs. T. D. Claborn and Mr. and Mrs. J. W. Birchfield.

Mr. and Mrs. Rayphard Smithson and children were Friday night visitors in the Clyde R. Davis home.

Mr. and Mrs. Waymon Birchfield and children were week-end visitors in the home of Mrs. Birchfields mother, Mrs. Clara Morris and her sister and family, the Alva Fords of Dalhart.

Mr. and Mrs. Clyde R. Davis and children were Sunday guests in the home of Mr. Davis' parents, the C. P. Davis' of Littlefield.

Mr. and Mrs. Buck Brandon and family visited in the home of Mr. and Mrs. Carl Easterwood Monday afternoon.

Recent guests in the Lonnie Bell home were Mrs. Bell's sister and family; the Jimmy Carters of Midland. The two young sons of the Carters stayed with the Lonnie Bell while their parents attended Tech Homecoming.

Mr. and Mrs. C. T. Damron visited Sunday in Sudan with Mr. Damron's father, Mr. J. T. Damron and with his sisters and families.

Mrs. Williams and Madelyn of Amarillo visited Sunday in the home of her daughter and sister and family; the Joe Smiths.

The Snooper

Some fine soul thinks he has really done the tricks but crime is always put into the open. Were you the person who got into Joe Wright's car last Sunday? Who ever it was—we will catch you. This person turned on the heater, the windshield wipers, the radio, and the lights. The person did another thing that was wrong. When the criminal turned the mirror up, he left his fingerprints all over it. The F.B.I. is in the process of fingerprinting the students of D.H.S. to find out who the culprit was.

We have one very smart teacher here in our administration. At least the students in chemistry and physics think that he is. The only explanation that I received when I asked them why they said this was "We don't get by with anything". He always catches us. That's what I call keeping on your toes.

Take note! I distinctly recall hearing Miss Littlepage telling her American History class that she threw away her last bottle yesterday, and now that she was out, her hands felt terrible. After a very loud outburst from the students, she explained that she meant "a bottle of hand lotion".

Some senior boys are guilty of writing "do-it-yourself" passes out of class. Teachers, beware of the forgers.

I'm glad that students of D.H.S. are interested in the new improvements in our community. Lynn Campbell and Arlene Reid have reported that the new KDHN radio station is coming along fine. You see, they know because they checked on it on the way home from Hereford last Saturday night.

Halloween was a blast! The individuals classes got together for eats, scares, the midnight show, and slumber parties. There were many tired students Friday morning—but after all—Halloween comes but once a year!

One last thing that must be mentioned pertains to the Powder Puff game. Yes, the sophomores won, but from what I heard, they had their little red flags pinned into their pockets. Aren't you ashamed, sophomores? The poor, sweet, innocent unsuspecting juniors still took their loss in a forgiving manner.

Sophomore Party

Thursday, October 31st, 1963, Sandra Bruegel's home was the setting for the "Sophomore Spook's" "Class Party. After a scavenger hunt that started at the Jr. High School, everyone met at Sandra's house. Because it was raining the hay ride had to be called off, but the party was carried on with traditional Halloween games such as bobbing for apples, passing life-savers with toothpicks, and passing clothes pins. The highlight of the night was when Coach and Mrs. Culppeper demonstrated some of the games. It seems that Coach and a few others got a little wet while bobbing for apples.

The Sophomore Class extends it's deepest appreciation to Mr. and Mrs. Bruegel for the use of their home Thursday night.

Campus Chat

It was a dark, dreary, and rainy Halloween night last Thursday, but the most haunting sights could easily be found at Kathy Gollehon's house where the Seniors were having a class party. Witchcraft was also high on the menu at the Junior and Sophomore class parties. On this cold, windy night such dates as Kristie W. and Bob B., Alice A. and Eugene O., Arlene and Gary C., Sandra S. and Gerald S., could be found prowling the streets about 11:00 everyone saw the big Halloween show, "King Kong vs. Godzilla". Shortly after 1:00 everyone left the show and either headed home or maybe to the local graveyard. Is it really true Gary C., that there was a posse looking for you?

Friday night was an open date for the football boys and a night rest for most of the powder-puff football girls. You could easily find such dates as Rene B. and Jim A., Pam D. and Davy T., Judy M. and Gary M., Dennis C. and Linda H., Arlene R. and Lynn C., and Val M. and Larry S. (showing off his new car), making the local drag.

Saturday night was a big night for the sophomore and junior girls who were playing in the powder-puff football game and their beautiful, graceful, and very dainty cheerleaders. Enjoying the big game from the stands you could see Sandra S. and Gerald S., Rene B. and Jim A., Pam D. and Davy T., and Eugene O. and Alice A., After the game you wouldn't have to look to find Vickie B. and Gary C. and Becky B. Those who were in a dancing mood headed for the Teen Club dance.

Sunday night seemed to be made for Suzie D. and Ronald Y., Rene B. and Jim A., Janis M. and Jim A., Arlene R. and Gary C., Pam D. and Davy T., Becky B. and Lynn C., Jean N. and Dan P., Thelva M. and James R., and Kristi W. and Mike R. with its bright moon, and cool crisp autumn air.

This brings to a close another weekend in the lives of the students of D.H.S.

Party!!!

Halloween is fun-filled and jumping with surprises as those girls attending Donna Carmichael's party found out. It all started by their going to the suspense-filled, horrifying movie of "King Kong vs. Godzilla". (tee-hee) The show was followed by a mud fight in front of the show with five boys of the outstanding junior class and them a car wash at the Staton Brothers Gas Station. As the hour of 1:00 a. m. crept upon the terrified town of Dimmitt, the gang all preceded to Carmichael's where a "hop" was quickly assembled in the basement. As the hours ticked quickly by, it seems the fun that was being had by all was abruptly ended as the mommies and daddies of the "fearless 5" came looking for them. As soon as they scraped their parents off the walls, they left leaving the girls to a mess and a night into "never, never land."

Student Senate

The Student Senate met October 30, 1963, with Jim Axe presiding. Jacky Nichols was elected representative to the Texas Student Council Association in Houston, with Jim Axe.

Several Committees were elected to complete preliminaries of the South Plains Association meeting. The meeting was then adjourned.

JANE CLEAVINGER (15) carries the ball for the Junior Ugly Bugs in Saturday night's Powderpuff football contest. The Sophomore Green Mice were the winners in the 20-14 ball game. See story for details. —Staff Photo

Green Mice Eat Ugly Bugs In Thrilling Feast

The Sophomore's Green Mice were too much for the fabulous Junior Ugly Bugs as they began to eat, snort, and romp early in the first half of the powder-puff game to form a lead and hold it through the game to prove victorious with a 20-14 score.

The Sophomores opened the game with a great kick-off and played alert ball and ended up with the ball on the Ugly Bugs 48 yard line and started a drive that went all the way to paydirt. Donna Summers carried the ball over left end to break the ice and take the lead. Try for extra point failed.

Again the Sophomores kicked off and held the Juniors and took the ball over again. With a play covering 20 yards, Donna Summers passed to Eva Giles for the next TD. Again try for extra point failed.

The Sophomores went to the dressing rooms happily at half time with a 12-0 lead.

As the second half started the firedup Juniors came romping back to score quickly as Speedy Gonzales (Shari Willis) carried the ball around left end. Try for point failed.

The upset Sophomores came back to score as Donna Summers rolled more TD. Summers also carried the successful point try.

The Juniors then came back as Linda Schreck carried the ball over after a long drive on a reverse. Quarterback Jane Cleavinger carried for the two points.

The Juniors had the ball as the game ended and were trying desperately as time ran out. Final score 20-14.

Lineup for the Junior Ugly Bugs includes:
 Quarterback - Jane Cleavinger
 Halfback (right) - Shari Willis,
 Glenda Smiley
 (left) - Linda Schreck
 Flankback - Linda McCollum, Patty George

Center - Arlene Reid, Linda Davis
 Ends - Dana Odum, Linda Land
 Tackle - Valeria Millsap, Janis

Halloween

It was a dark, gloomy, and rainy Thursday night in the morbid town of Dimmitt. I, the cunning one, was positioned on the top of Harman's with my superpowered B-B gun. My objective was to shoot our the street lights of Dimmitt. I was ready to fire when I heard the noise of Fearless Freddy riding down the street in his white charger. Seems like he was chasing Dale Leinen, but everything is okay; he just had to give him an award for safe driving.

As I kept watching I saw the blur of a brown and white Chevrolet owned by Gary Calhoun. The occupants of the car were Gary Calhoun, Gary Winkle, Tom Nichols, and Dopey Dick Deyer. His car was seen around Dimmitt a lot and especially at the Sophomore Class party, where they tried jumping back and forth across muddy ditches.

As I kept watching I saw Steve and Eva, Larry and Val, David and Sue, Craig and Suzanne, Eugene and Alice, Bob and Kristi, and Michael and Ginger. These people all landed at the show to see the comedy "King Kong vs. Godzilla".

After the show all the good little kiddies went home except Gary C., Gary W., Dale L., Tom N., and Dick D., and a bunch of hoods that started a fight. They were Shari S., Janis D., Linda Schreck, Linda Davis, and Arlene R. After the rumble, the girls went to Janis D.'s house where they were picked up by the boys again and taken to Dona Carmichael's slumber party where they danced and drank cokes. About 2:30 the party broke up and the boys went home Tom Nichols had the task of taking his mother off the ceiling when he got home. If you don't see Tom in the next week it will be because he is grounded. This is the same if you don't see Gary Calhoun or Dale Leinen.

I heard that the Journalism class would like to commend the students of Dimmitt High School for not destroying property this Halloween, but as a hobgoblin I think it was caused by the diligent work of the police department and Fearless Freddy; especially since David Vaughn and Chuck McKinney had dates.

It is time for me to take my trusty gun and return to never, ever land and until next year—
 HAPPY HALLOWEEN.

National Honor Society Meets

The National Honor Society met Tuesday, October 29, for the purpose of allowing the members to take their pledge; the pledge was given by the sponsor, Mr. Cason Smith, to both the old and new members. Those taking the pledge were the following: Danelle Crowley, Nancy Hays, Lou Ann Hays, Michele Betoneau, George Froehner, Sue Hendrix, Pat Moran, Linda Schreck, and Linda McCollum. The members then elected their officers. They are as follows:

President - Nancy Hays
 Vice President - Lou Ann Hays
 Secretary - Linda Schreck
 Reporter - Linda McCollum

Everyone ordered jewelry, and with no further business the president, Nancy Hays, adjourned the meeting.

Thanks!
 We would like to thank you for participating in the football game. The money we received goes for our Junior Senior Banquet. We will expect to play you again next year. We hope you had as much fun as we did, and we congratulate you on a fine game.
 The Junior Team

PAULA EASTERWOOD known more frequently around Dimmitt High School as Paul Easterwood was crowned "Powderpuff Football Queen for 1964" in Bobcat stadium Saturday night. See story. —Staff Photo

The Crowning Of A Queen

Saturday, November 2, was an eventful and much anticipated night for six of Dimmitt High Schools most lovely (girls?), for it was the crowning of the Powder Puff Football Queen.

The beauties lucky enough to have been chosen as candidates were—Cindy (Craig) Fuller, Paula (Paul) Easterwood, Anthonita (Anthony) Mays, Donna (Don) Minchew, Jimmie (Jim) Pace, and Macketta (Mack) Wesson.

As is usually the case on such glorious occasions, the attractiveness and appearance of the candidates could not be matched, and certainly no one would even attempt to compare these "beautiful and curvy" creatures with others.

The boys-uh-I mean girls, were given the privilege of riding in a white convertible driven by Alice Acker and Linda Gibbs, in order that everyone might see them in all their charming glory. After their ride across the field, they were escorted by some of the football players onto the field where they were presented to the audience.

All of the candidates simply stunned the audience with their charm, poise, and grace; even if Paula Easterwood did lose her shoe.

Cindy Fuller looked devastating and just like a professional model as she hypnotized the crowd in her red and white striped dress, but not anymore so than Paula in her suit of purple tweed with black accessories. Anthonita's skirt of autumn gold and her white sweater was attractive, but with her grace and long flowing black hair, she would look just as lovely dressed as a boy. Donna looked just like a princess from a fairy tale as she descended from the car and floated across the field in her blue suit and white accessories. Donna, is it true blondes have more fun? Jimmie seemed to have the potentialities of a cherub and an uncomplicated loveliness in her precious attire of a pale blue skirt and white blouse. Macketta was astonishing to all as she appeared in a bright red sweater, and white skirt. That red sweater matched her hair beautifully and seemed to deepen her already rosy complexion.

With the presentation of the candidates came the moment all had been waiting for as the name of the chosen queen was announced. Silence reigned as Paula Easterwood was named the "Powder Puff Football Queen of 64" and was crowned with the bejeweled queen's crown by Shari Willis and given an array of flowers by Linda Schreck.

Paula, no doubt, deserved the high honor of being elected Queen, but our congratulations go to all of the candidates who showed enough sportsmanship to dress and act as they did.

Our Campus

Halloween seemed to bring parties as we see the seniors had a Masquerade Party at Kathy Gollehon's. Jim Axe, dressed as an expectant mother, won the best dressed boy, and Michele, dressed as a Prince in the time of Knighthood, won the best dressed girl.

The junior girls had a slumber party at Donna Carmichael's. Ask Gary Winkle, Gary Calhoun, Tommy Nichols, Dale Leinen, and Dickie Dyer why they all got grounded.

The sophomores went out to Sandra Bruegel's for a party and then back in to the Midnight Movie.

The freshmen, due to the fact that they had a football game, did not have a party.

Many enjoyed a week-end at Tech for their Homecoming. Those that attended were: Kay Bradley, Sharon Lilley, Glenda Minchew, Janis and Suzie Davis, and Kristi Webb. Greta Nelson went to Stratford this week-end for some reason, wonder why?

The Powder Puff Football game was a huge success. The Juniors wish to thank all those that attended and helped in any way. A special congratulations goes to the sophomore girls for their hard work and success of the ballgame.

REMEMINDERS!!
 The Annuals are still on sale! Please do yourself a favor and don't wait till the last minute to buy yours. The deadline is December 1, which isn't very far away.

The Bobcats meet the Morton Indians this Friday at the Morton stadium at 7:30. We hope to see everyone there to boost our boys!

Miss Gregory is gone!! We want to give her a special thanks for all that she did for the band while she was here. Good luck to her where ever she goes and we will miss her very much!

New Federation Of Malaysia Formed From Southeast Asian Nations

by Johnnie B. Linn III
 The Federation of Malaya, in Southeast Asia, is joining with the city of Singapore, and the two British colonies, Sarawak and North Borneo, to form a new Federation of Malaysia. The deadline was August 31, 1963, but the Philippines and Indonesia, who do not approve of the federation, introduced a bill to the United Nations to delay the formation of the federation until an investigation has been made on whether the people in Sarawak and North Borneo are in favor of it.

The Federation of Malaysia will be a union of four different countries and colonies, Malaya, located on the Malay peninsula south of Thailand, has been independent since 1957. This area is the world's greatest exporter of tin and natural rubber. Singapore, the teeming city on the southern end of the Malay peninsula, has a population of over a million, of all races and religions. It is an important port and trade center of this part of Asia. Over on the large island of Borneo are the two former British colonies of Sarawak, and North Borneo, which is also called Sabah. These areas are just emerging into the twentieth century. Tribes such as the Dyaks and Ibans have traveled from head-hunting to the twentieth century in one lifetime.

In addition to the areas already mentioned, one other small area, the Sultanate of Brunei, was asked to join the federation. It declined to join at this time. This little oil-rich kingdom is located between Sarawak and North Borneo.

The new federation has 11,000,000 people. The capital of the new federation is to be at Kuala Lumpur, former capital of Malaya.

F.T.A.

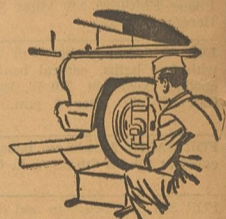

On October 31, 1963 the Executive committee met to decide on the date for regular meetings. The annual breakfast and dues were discussed. The fund for the foreign exchange student was also discussed. Ways of making money were discussed.

A finance committee was selected with Pamela Dollar, treasurer, selected as chairman.

Special handbooks for Freshman and the new regulation books for High School were also discussed. The meeting was then adjourned.

FRIDAY—
Steak, whipped potatoes, broccoli, peach halves, rolls, butter, milk.

Livestock Survey Cards Placed In Rural Boxes

Rural mail carriers from the Dimmitt, Texas Post office will leave some livestock survey cards along their routes beginning November 15.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Ernest Davis explained. Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mr. Davis said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are: Mrs. Olive G. Ford, Route 1; Mrs. Olive G. Ford, Route 5; Mrs. E. L. Carpenter, Route 2; R. L. Hance, Route 4.

Facts and figures secured in this survey are the basis for Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio, and television.

The Wright Slant On Washington

THERE IS a difference between a principle and a policy. The two words are not synonymous, though they sometimes are confused.

Webster defines the word principle as "a source of origin; the primary source from which anything proceeds; a general truth; uprightiness; a fundamental law on which other laws are founded." A policy, on the other hand, is identified as being "the art or manner of governing a nation; the line of conduct which the rulers of a nation adopt on particular questions; dexterity in management."

THE DISTINCTION is basic and profound. Policies necessarily change from time to time. Principles do not. The purpose of policies should be to carry out principles.

When Lincoln said, "My policy is to have no policy," he most certainly did not mean to imply a lack of principle. Quite the contrary, he simply was determined to maintain sufficient flexibility of policy to pursue whatever course seemed necessary to serve principles—in this case, saving the union.

Emerson, when saying that "a foolish consistency is the hobgoblin of little minds," spoke not of principle but of policy. A principle must be consistently followed; else it ceases to be a principle.

IN OUR changing world, rapidly moving events often have required improvisation, experimentation. Official policy lines will shift and change in emphasis if not direction. The danger is that in our growing sophistication and mobility of response to complex problems we could lose sight of the fact that, unlike policies, principles do not change. Unless there are at least a few dependable, unvarying fundamentals for which we can be counted upon to stand—yesterday, today and tomorrow—then we stand for nothing.

AT THE risk of oversimplification, I believe that our official response to the recent succession of military coups in Latin America through which regularly elected constitutional governments have been ousted by physical force is a case in point.

Within recent weeks, the orderly processes of democratic government have been violently thwarted in Guatemala, the Dominican Republic and now Honduras. The rule of law has been supplanted by the rule of might.

The basic question is not whether they were good governments: The point is that they were constitutional governments, that the people had right to change them—that in two cases were just preparing to exercise a judgment at the ballot box. Those who had no faith in the people usurped their right and made that judgment for them—by force.

If our fundamental precepts are right, then this is wrong. It is not just embarrassing, not just incongruous. It's wrong. If the free elective process has validity—if it is to become trusted and respected—then it has to be supported.

A PRINCIPLE cannot be supported merely when it is expedient, forgotten or ignored when convenience dictates such a response. We have charted our national course upon the profound belief that the majority should rule, that political liberties are sacred, that men should not be denied a voice in their common destiny. Within this framework, we believe in the rule of law, not the rule of force. This is a principle.

As one who supports the Alliance for Progress, who believes Latin America more important than any other part of the world to us, who would reduce our commitments anywhere else in order to save Democracy in this hemisphere, I view the development with grave misgiving.

If we truckle to the usurpers, strike uneasy compromises with so basic a principle and give succor to those who replace the ballot with the bayonet, then all our economic aid and all our preachments in the long run could go for naught.

Certainly we need to be patient with those who are trying to learn the ways of Democracy. But if we vacillate over so fundamental a principle, then nobody will know when to believe us. Worse still, we will not know when to believe ourselves.

HERETOFORE we have been speaking of our most basic political principle. Now let us think together upon a fundamental domestic economic principle.

We have said that we believe in free, competitive enterprise. Undoubtedly sins have been committed

Bischoff Returns From California

After a three month period of instruction in the "Clinical Uses of The Radioactive Istopes," at the University of California Medical School in San Francisco, California, Dr. Harold W. Bischoff has returned to Dimmitt. It is his intention to install the necessary equipment for the use of this newest diagnostic and therapeutic tool in medicine so that the people of this area will have this service available.

There are many requirements of the Atomic Energy Commission which must be met prior to a doctor receiving his license to practice with these medications. The first naturally is a period of instruction. Dr. Bischoff has spent three times the minimum amount of time necessary and has seen nearly six times the minimum number of patients required by the A. E. C.

"The equipment necessary to do the job right," as Dr. Bischoff says, will involve considerable expense so that there may be a slight delay in our getting set up. However we will announce when final preparations have been made."

Many of the procedures must be done in the mornings. Therefore, in order to accommodate these patients and his regular patients, Dr. Bischoff states that he will start seeing patients at 9:00 o'clock in the morning. The office will be closed from 12:00 noon until 1:00 o'clock and will close at 5:00 p.m.

Young Homemaker Club Organized

An organizational meeting for the Young Homemakers Club was held Tuesday at 8 p.m. in the Homemaker Department of the new High School.

Members from the Hereford Club and advisors were present to help organize the Club. Mrs. JoAnn Snider and Mrs. Estella Hotel are advisors for the new club.

Officers elected are Mrs. Dickie Holcomb, president; Mrs. Wanda Nelson, first vice-president; Mrs. Ellen Hrabal, 2nd vice-president; Mrs. Beth Odom, secretary; Mrs. Eloise Varner, treasurer; Mrs. Linda Minchew, reporter; and Mrs. Ruth Nelson, historian.

Also attending the meeting was Mrs. Wynne Snider. All ladies who are not in High School and are under 35 are invited to attend the next meeting which will be held Thursday, November 21 at 7:30 p.m. in the Homemaker Department.

ted in its name and everyone wants to define it to suit himself. But inherent in the system has been the right to compete for the favor of the buying public. Antitrust statutes have been written to protect this right, for we hold that in the long run it serves and protects the public best.

NOW THE Congress is faced with a proposal called by its sponsors the "Quality Stabilization Bill." It is a price-fixing law.

One of the announced purposes of this legislation is to help small, independent merchants who are being forced out of business by predatory competition. This certainly is a worthy purpose.

The trouble is that the bill would seek to accomplish this by allowing the manufacturer of a commodity to set the price at which the product could be sold at retail stores, and to sue retailers who refused to follow this arbitrarily established price.

Ironically, the bill contains nothing to protect the small merchant against the chain competitor who manufactures his own products under his own brand name and sells them at his own stores. Thus the chain store would be free to undersell the independent merchant, who in turn would find his own hands tied by the manufacturer's retail price-setting, rendering him unable to offer competitive prices.

And it can be established that in states which have adopted statutes similar to this proposal, consumers pay higher prices generally than in neighboring states where the rule of free competition prevails—and, perhaps not so surprisingly, there are fewer independents in business on the whole than in states like Texas which have no such statute.

PRINCIPLES sometimes are hard. It is tempting at times to abandon them. But without them, we would be like a ship without a rudder, like a navigator without a compass, like a house without a foundation or a builder without a set of plans.

Grain Sorghum Chat

by Wes Anthony
Here are a few figures taken from the Economic Research Service of U.S.D.A.

Taxes levied on farm real estate farm services in 1962: in north-eastern states, taxes levied on farm real estate is 16.9 per cent of net income; in corn belt the percent is 10.4 percent; in south-eastern states percentage is 3.9 percent; in southern Plains it is 7.5 percent; in Texas farm real estate tax is 54 cents per acre and in New Jersey the tax is \$11.19 per acre.

There are seven states that have a lower rate than Texas and forty that have a higher rate.

When we stop raising taxes we will stop progressing, however we should keep ourselves informed as to how essential each tax is to our progress.

As I was walking down the street a newsboy asked me to buy a paper. I told him I could not read, he said buy one anyhow and put it in your pocket and you won't look near so dumb.

Beardens Entertain With Dinner-Bridge Party

Mr. and Mrs. Clarence Bearden entertained guests Tuesday night with dinner and bridge. Guests attending were Messrs. Mesdames Edgar Ramey, P. L. Cunningham and Jake Moore of Hereford.

Police Arrests Suspects

City police arrested seven suspects during the past two weeks according to W. W. Jones, City Marshal. Suspects were charged with drinking and throwing cans on street. All plead guilty and were fined.

Swine Course

(Continued from Page One)

tion Agency and Texas A & M University," stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A & M University, who coordinates the program.

"This cooperative program," states Jaska, "is designed to make the services of specialist available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef production, insect control, farm management, farm electrification, farm (arc) welding, swine production, tractor maintenance, dairy science, pasture and oxy-acetylene welding.

ATTEND HOMECOMING

Mr. and Mrs. Gary Compton and Tracey of Dallas and Mr. and Mrs. Raymond Hance attended Texas Tech Homecoming at Lubbock Saturday. Mrs. Compton and Tracey remained in Dimmitt for a week visit with her parents.

LEAVES ON TOUR

Miss Donna Gregory, instructor in the Dimmitt schools and First Methodist Choir director, left by plane last Sunday to join an All-Girls' Orchestra for a seven-months tour of the United States and Canada.

ATTENDS HOMECOMING

Mr. and Mrs. Ulys Davis attended Homecoming and a special class reunion of Mr. Davis class at Abilene Christian College, October 25-27. Afterwards they visited Mr. and Mrs. Jaek Gipson and Mrs. Isola Long near Brownwood. Mr. Gipson is a classmate of Mr. Davis' and Mrs. Long is a 1931 graduate of Dimmitt High School and friend of Mrs. Davis.

AMARILLO VISITORS

Mrs. W. A. Hitchcock, Mrs. W. L. Brummett and Gaynor Hardin, all of Amarillo visited in the home of Mr. and Mrs. M. E. Cleavinger last week-end.

VISITS SON

Mrs. J. C. Sellars of Amarillo, visited in the home of her daughter and husband, Mr. and Mrs. John Stokes, Thursday.

Senator YARBOROUGH'S REPORT

(This week's newsletter is a transcript of a radio interview) Dear Fellow Texans:

NEWSLETTER FROM

Rep. Bill Clayton was one of 27 members of the House of Representatives who voted against submitting the Constitutional amendment to repeal the poll tax to the voters.

Payment of the poll tax as a prerequisite to voting prevents ignorant, corrupt and disinterested citizens from voting, but the low fee levied (\$1.75 less than the price of six packs of Cigarettes) does not prevent any citizen who really wants to exercise his rights and fulfill his obligations to his state and nation from taking a stand at the ballot box.

The poll tax receipt is a badge, both to the responsible citizen and the qualified elector. The kind of people we elect to public office is only as good as the voters themselves. To repeal the poll tax would not upgrade the caliber of the voter but would have the opposite effect--then it can be assumed that the caliber of people we elect to public office will be reduced.

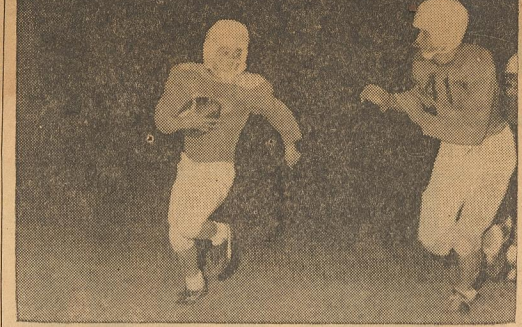

If the poll tax is repealed, Rep. Clayton predicts the following things to happen in the next ten years to our State Government. 1. Repeal of the Texas Right-to-work law. 2. Personal or Corporate State income tax, maybe both. 3. A stronger civil rights measure than is pushed by the Federal Government. 4. Liquor by the drink. 5. Par-mutual gambling. 6. Enact a State wage and hour Law. 7. Repeal of the 1963 registration Act.

Rep. Clayton predicts the following things to happen in the next ten years to our State Government. 1. Repeal of the Texas Right-to-work law. 2. Personal or Corporate State income tax, maybe both. 3. A stronger civil rights measure than is pushed by the Federal Government. 4. Liquor by the drink. 5. Par-mutual gambling. 6. Enact a State wage and hour Law. 7. Repeal of the 1963 registration Act.

If these things happen we will see a further decay of the moral standards in Texas. It will discourage industry from coming to Texas and it will leave avenues open to corrupt State Government. For 60 years the Texas voter has voted as a free individual with a sense of obligation to his government and with appreciation of the value and importance of his right to vote. That is Democracy in its best form; it is Democracy through which a wonderfully fine, clean and solvent State Government has been established. Both the Democratic process and our State Government can best be defended if you will join hands in voting AGAINST the repeal of the poll tax Saturday Nov. 9th.

Bill Clayton CANYON GUESTS Mr. and Mrs. Joe Ray Britt of Canyon were guests in the home of Mr. and Mrs. Don Parsons, Saturday night.

Bill Clayton CANYON GUESTS Mr. and Mrs. Joe Ray Britt of Canyon were guests in the home of Mr. and Mrs. Don Parsons, Saturday night.

JIMMY COLEMAN carries the ball for Dimmitt 7th grade as he is pursued by a Muleshoe tackle. Muleshoe won 8-0. See story.

Dimmitt Seventh Kicked 8-0 By Muleshoe Mules

A tight defensive battle between Muleshoe and Dimmitt seventh grade teams resulted in a 8-0 victory for Muleshoe Tuesday night at Bobcat stadium. Muleshoe's long score came in the second quarter on a 40-yard. Their extra point attempt was good. Outstanding defensive players for Dimmitt was Jacky Mathews and Larry Gamble. The seventh grade's season record is 1-5.

Hart Longhorns Win Second District Game

Hart Longhorns pushed across two first-half touchdowns, then beat back the determined Happy Cowboys at Longhorn stadium Friday night to take a 12-0 victory and stay undefeated in District 1-B play. Halfback Dennis McLain racked up the first tally on a 1-yard plunge in the opening period. The smash attempt to run the extra points failed. Hart scored its second touchdown in the second quarter on a 40-yard pass play from quarterback Gary Heller to halfback Billy Farris. Again the run for extra points was stopped short. Happy drove to the Longhorn 5-yard line and again to the 20-yard marker in the third quarter but was contained both times. The Longhorns now are 2-0 in district play while Happy is winless in three games.

FFA Conducts Special Program

Dimmitt FFA Chapter is cooperating with the D-Con Company in a special project. For each box top of D-Con rat and Mice Killer the Chapter collects, the boys will receive \$.50. The money will be used to finance FFA trips. Please give the box tops to any F.F.A. member says Tommy Gross president. The Chapter will appreciate peoples cooperation.

LAMESA TRIP Mrs. Homer Bartlett spent last week visiting friends and relatives in Lamesa.

JOHN HAYS, quarterback for the eighth grade Bobcats, charges in to tackle the Muleshoe ballcarrier. Muleshoe defeated Dimmitt 18-0. See story for details. —Staff Photo

Dimmitt Jr. High Slapped 18-0 By Muleshoe

Muleshoe Junior High eighth grade handed Dimmitt Junior High Bobcats their first defeat for the season last Tuesday night here. The young Muleshoe downed the Bobcats in an 18-0 ballgame. The first Muleshoe touchdown came in the first quarter on an end run. Muleshoe scored again in the second and made their final TD in the third. Season record for the 'Cats is 5-1-1. The Bobcats tied Friday in a hard fought battle.

Hart Scrimmages Anton Girls' Team

Hart girls scrimmaged Amherst in basketball last week defeating Amherst 53-32 on their home court. Connie Bailey was high point girl with 19. Dixie Kendrick scored 17 and Konnie Bowden made nine points. Hardwick was high point girl for Amherst with 11. Hart hit the basket 23 out of 37 times in free throws for 62 per cent. Bailey averaged 71 per cent in field goals. Kendrick made 51 per cent in field goals and Bowden scored 40 percent in field goals. This is the fourth scrimmage for the Hart girls' basketball team.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE IN DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879

Some 60,000 Texans soon will be getting invitations to dine with the President—for \$100 a plate—at Austin's Municipal Auditorium.

Presidential aides now are in Austin making arrangements with top Texas Democrats for a November 22 "Texas Welcome Dinner" for Pres. John F. Kennedy and Vice Pres. Lyndon B. Johnson.

Speakers list so far has been limited to the President, the Vice President, and Gov. John Connally. To assure a capacity crowd, local party officials are being called on to help. Quotas are being assigned to districts over the state. Funds raised are to be divided between the National and State Democratic organizations.

Most of Texas' 21 congressmen are expected to attend the dinner and all members of the Legislature will be invited. Early announcement indicates Sen. Ralph Yarborough will be with the Presidential party.

President Kennedy is due to arrive in Houston on November 21, where he will attend an appreciation dinner for Congressman Albert Thomas. Cities all over the State are bidding for the rest of his time.

DRAFT GOLDWATER CAMPAIGN
Meanwhile, Republicans are not standing still on the eve of an election year.

State GOP Chairman Peter O'Donnell of Dallas came to Austin to announce the heads of the Texas drive to draft U. S. Sen. Barry Goldwater of Arizona as a presidential candidate. . . . and to map plans for other races.

State Rep. Dick Morgan of Dallas and Mrs. J. C. Man Jr., a Wichita Falls housewife, were designated co-chairman of the campaign.

O'Donnell said 2,462 elective offices in Texas "will be up for grabs next year and Republicans intend to reap a fair share."

He said the Republican timetable calls for a Draft-Goldwater chairman in each congressional district produce one-fifth of our total export volume. Approximately \$300 million of our \$5 billion in agricultural and other livestock products.

Most Americans believe that it is wise policy for us to seek to expand our exports, and 1963 promises to be a record year across the board. But at the same time we should not, while pursuing aggressive trade policies, become an international dumping ground for the meat products of other nations.

Supporting the contention that we are becoming just that are these facts: During the period from 1956 to 1960 our average annual imports of all meat, converted to a carcass weight basis, amounted to 890 million pounds. In 1962, this figure was more than doubled to 1,850 million pounds. For all the rest of the world in the same period the increase was only from 5,138 million pounds to 5,496 million pounds — a gain of less than 7 percent.

On top of that, major beef exporting countries such as Australia and New Zealand, which would seem to want a lowering of world trade barriers for their exporters, have not hesitated to protect against imports in order that their own producers do not suffer.

In the controversy over this question one thing is clear: The American cattle industry has been hurt. I believe that the high level of imports has contributed significantly to the cattlemen's problems. And I believe the time has come when technical people in the industry and in government must make a thorough review of all factors to determine the impact of imports on our domestic cattle market, to determine what level of imports should be permitted in order that American producers are not damaged. The cattle industry has asked little of its government. We must not permit it to be damaged by unwise trade policies.

Personal note:
On a flight to Texas last weekend, Mrs. Rogers and I very much enjoyed talking with Miss Mary B. McCann, an American Airlines Stewardess based in Dallas. Her home formerly was in the Panhandle, in Lakeview, folks making the Dallas-to-Washington flight would enjoy a visit with her, as we did.

by December 1. County chairmen will be appointed by January 1 and precinct chairmen by January 15.

Many of the local draft movements will tie in with GOP county executive committees and with election campaigns for precinct, city, county and state, as well as national, elections for public office.

NOVEMBER 9 ELECTION—
Coke R. Stevenson, Jr., administrator of the State Liquor Control Board, announced that Saturday's special election will not be a "dry day."

Stevenson said, "All types of alcoholic beverages may be sold during legal hours of sale on that date in wet areas."

LEGISLATIVE REDISTRICTING—
Pre-trial hearings will be held Friday on a suit to declare current state legislative districting laws unconstitutional.

State Sens. Don Kennard of Fort Worth and Franklin Spears of San Antonio; Reps. Bob Eckhardt of Houston and Jake Johnson of San Antonio; and Harris County Democratic chairman Bill Kilgarlin filed the suit. They are objecting to the law which limits a county to no more than one senator and restricts a county with more than 700,000 persons to one additional state representative per 100,000 population.

Several state elected officials who represent small-population districts are intervening in the suit.

ton, all of Gregg County, were directed to pay the penalties to the State.

A total of 77 civil penalty suits seeking \$22,000,000 filed by the Attorney General following slant-drilling scandals, remains on the docket.

Jury found the four Gregg County oilmen operated a well which bottomed under a neighboring lease for 10 years.

BANKS TURNED DOWN—
Board postponed action on an application for charter of Industrial Bank and Trust at Lubbock.

OIL PRICE CUT PROBE—
Reps. George Cook of Odessa and Maurice Duke of Wichita Falls have announced hearings by the House Interim Study Committee on oil and gas matters.

They scheduled a committee meeting for Friday to get directions and guidelines for the crude price probe. Hearings to be held soon in Wichita Falls and Abilene will concern North and West Texas cuts.

Representatives of companies which investigated cuts will be invited to testify, Cook said. If they refuse, the committee will use its subpoena powers.

"I want the people of Texas to know that the members of the Texas legislature are not standing idly by while certain isolated companies are allowed to make a shambles of its most important industry," Cook said. Hearings will result in "recommendations for immediate action."

Duke said cuts, which have ranged from 10 to 48 cents per barrel, would cost the State half a million dollars in tax money and damage the State's economy to the unhappy tune of \$9,000,000 a year. "Cuts came," charged Duke, "while major importing companies are running up record profits and independent producers of Texas are being 'bankrupted!'"

FAIRM ROAD IMPROVEMENTS—
State Highway Commission approved one of the most extensive farm-to-market construction and improvement programs in many years.

It okayed an \$18,144,500 program to protect state investment in 3,056 miles of F. M. roads.

About 67 per cent of the money will go for reconstruction and reconditioning of existing roads and upgrading the safety factors. Work is proposed on more than 500 projects, covering in excess of a thousand miles of F. M. highways.

THE COURTS SPEAK—
Texas' new small loan control law successfully weathered its first court test. Supreme Court denied three loan firms permission to attack constitutionality of a section requiring at least \$1 per cent of a company stock be owned by Texans.

Loan Commissioner Frank Miskell had refused them State licenses because of that restriction.

High court also set for November 20 a "gentlemen's agreement" action to test eligibility of special 93rd District Judge J. H. Starley of Pecos to preside over the trial of a complex law suit which will litigate Rio Grande Water rights below Falcon Dam. Action is of vast importance to the economy of Starr, Hidalgo, Cameron and Wilbacy counties.

Attorneys for Billie Sol Estes told the Court of Criminal Appeals too much newspaper and TV publicity kept him from getting a fair trial on swindling charges at Tyler last November. They asked a reversal.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD?
After 35 common kidney or bladder irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondly, you may lose sleep and suffer from headaches, backaches and feel old, tired, depressed. In such irritation, OYSTEX usually brings fast, relaxing comfort by curbing irritating germs in urine, acid urine and by analgesic pain relief. Get OYSTEX at drugstore. Feel better fast.

SLANT HOLE PENALTIES—
An Austin jury fined four East Texas oil operators with \$304,800 in penalties in the first slant-hole oil suit tried before State Court jurors.

H. M. Harrington Jr., Charles Lutes, Reid Allgood, and J. W. Ba-

With the passing of the old Game and Fish Commission, as a result of the legislature merging the wildlife and parks, there are many of us who can shed a tear.

The old commission cannot pass without some thought of the service it has given to sportsmen for nearly 40 years.

There is no denying that when the game and fish commission came into the picture that game had been greatly depleted in Texas. Many men who killed a deer 40 years ago doubted that their grandchildren would have such an opportunity. There was practically no fishing.

Then through the tireless work of the commission and its hundreds of efficient employees, game began to make a comeback. Trained biologists were able to study the needs of wildlife. By passing this information on to the landowners, they were in a position to bring

of the eight-year sentence.

UPHOLDS FARMERS RIGHT—
State Supreme Court upheld the right of a San Patricio County farmer, Walter Leber, to stop the flow of water through a drainage ditch on his land with a caliche block.

Leber's neighbors secured a district court injunction ordering him to remove the block and forbidding him from doing anything to stop the "natural flow" of water through the ditch. But the Supreme Court held that the waters reached his ditch through man-made routes and said he was entitled to "self-help" to prevent damage to his land.

NEW LOOK IN NURSING—
About 4,000 students in Texas are working to add "R. N." (Registered Nurse) to their names. Many are following via revised routes free of some of the old-fashioned restrictions that used to cause a high rate of drop outs.

Miss Bernice V. Johnson, secretary-treasurer of the State Board of Nursing Examiners, says many are studying under the so-called "Plan Two" system, which allows a nurse hopeful to take 36 weeks of academic work in the college of her choice, before assuming the added duties of a hospital trainee.

about a restoration.

Wildlife had been shot out in most counties. In Central Texas, where today there is an overabundance of deer, it was almost impossible to find a legal buck back in those days.

Bulldozers had pushed civilization into the heart of the wildlife habitat. Very few counties in Texas had any wildlife remaining.

But today the story has changed. There's hardly a county in the state that doesn't have some game in shootable quantities.

A typical example is in the Lower Valley, where the white winged dove was uprooted from the colonial nesting areas. They left and went to Mexico.

Our game commission, with the aid of both state and federal funds, was able to buy management areas and now for the last dozen years we've been able to harvest white-wings.

The commission started a quail hatchery. Even though it has been greatly maligned, it was a huge success as a plant and turned out a great number of birds.

Lack of proper cover for the birds at first limited the good that could come from hatchery-produced quail. But again landowners cooperated and today, despite the bulldozer, there is considerably more habitat than even a dozen years ago.

This same story is true of the fish hatcheries. Perhaps there are too many hatcheries. Perhaps it was economically unsound to give away fish to private landowners to stock private ponds.

But the fact remains that we have more good fishing in Texas today than the Indians ever dreamed of in their wildest imaginations. We are catching over-size bass from stock tanks in far western

Texas where 50 years ago a bass was unknown.

Men and women who hunt and fish paid the bill for all this. None of the money came from the general funds of the state.

Work was hampered many times but never stopped, by lawmakers who found it impossible to have their own way with men trained in the field of wildlife conservation. Despite obstruction our wildlife continued to prosper.

During all this time the state park system was operating with a niggardly budget.

It is entirely possible that under the new program, with parks and wildlife combined, a great job can be done.

NEW ARRIVAL
Mr. and Mrs. Bryan Dutton of Earth are announcing the adoption of a son on October 28. Ricky Alan was born Oct. 2 at 6:01 a.m. He weighed 7 pounds and 3/4 ounces.

Maternal grandparents are Mr. and Mrs. Cleo Connell, Rt. 4, Dimmitt and paternal grandparents are Mr. and Mrs. Alfred Dutton of Earth.

Over 100 Cub Scouts Attend General Meeting

Cub Scouts of Pack No. 267 met in the Scout Hut at 7:30 p.m. Tuesday, October 29. Over 100 were present including Scouts and their parents.

The meeting was opened with the "Salute to the Flag" and all singing "America" led by Dr. Charles Vandiver.

The Roll of Dens was called with Den 4 having the most present. Den 7, past holder of the Honor Flag, presented the flag to Mrs. Bruce Taylor, Den 4, Den Mother.

Awards were presented to the following Scouts: Bobcat pins, Butch Taylor, Perry Gibson, Joseph Oakley, Terry Powell, Tommy Cameron, Ronnie Hall, Allen Brashears, Lonnie Strickland, and Gary Davis; Andy Mays received gold and silver arrow points under the bear badge; and Charles McLain completed his Cub Scout work and was promoted to Boy Scouts.

Mrs. Glenn White, Den 2, gave a skit on "Fire Prevention." The boys of Den 2 were dressed as ghosts.

The meeting was closed with a prayer led by Gene Ellis, Cub Scoutmaster.

Any boy wishing to become a Cub Scout should contact a Cub Scout and attend as his guest at a Den meeting. According to Mrs.

Dimmitt FFA Meets

Dimmitt FFA Chapter conducted a meeting Monday with Tommy Gross, president presiding.

The group discussed making pictures of the members projects. Jay Nelson was appointed to oversee this photography. Other business included a vote to purchase a 2' by 4' banner with the FFA Chapter's name inscribed on it. Tommy Gross appointed a committee composed of Lynn Campbell, Richard Connell and Ronald Young to nominate FFA sweetheart.

The boys decided to donate money to send to Boys Ranch. They also decided to purchase a subscription to the Castro County News. Final business included plans for a FFA scrapbook. Jay Nelson, reporter was put in charge of this project.

HOST PARTY

Miss Eudora Gipson, Mr. and Mrs. Willie Gipson, and Mrs. Cordye Birdwell were hosts at a party held recently for Mr. and Mrs. Kamenzind who have moved to Hereford.

They served cookies and punch to about 25 guests.

Womack, reporter, the Cub Scouts are having a membership drive which will be completed December 15. Any boy wishing to join the Cub Scouts must be eight years old by this date.

MISS SHARLOTTE HUSEMAN

Huseman - Aldridge To Pledge Vows On November 28

The approaching marriage of Miss Sharlotte Huseman to Jack Aldridge is announced by her parents, Mr. and Mrs. Philip Huseman of Nazareth.

Aldridge is the son of Mr. and Mrs. J. W. Aldridge of Jal, New Mexico.

The couple will pledge wedding vows in the Holy Family Catholic Church of Nazareth on November 28.

Cotton Grade Down Reports Classing Office

The average grade and staple for the cotton classed in the Lubbock Classing Office was down from the preceding week reports the U.S.D.A., Agricultural Marketing Service. The majority of the cotton is still white with the percentages of light spotted cotton increasing.

The predominate grade was MIDDLING with 38 percent, the other white grades totaled 29 percent. The light spotted grades accounted for 32 percent of the cotton classed. This was an increase of 11 percent over the preceding week. All other grades accounted for the other 1 per cent.

The average staple length for the past week was 30.4 thirty-seconds of an inch as compared to 30.8 a week ago. The percentages for the staple lengths were seven eighths inch 2 percent, 29-32 nds 11 percent, 16-16 inch 49 percent, 31-32 inch 29 percent, 1 inch and longer 9 percent.

The micronaire readings dropped slightly this week. Thirteen percent "miked" 3.4 and below, 28 percent 3.5 to 3.9, 43 percent 4.0 to 4.4, and 16 percent 4.5 and above.

Fast Low Cost Earth Moving

With an **Everman** Hydraulic **SCRAPER** Controlled

Using your own tractor and the 2 1/2 yard Everman Scraper you can do most earth moving jobs by yourself. Level land for efficient irrigation. Grade fields to improve drainage. Fill gullies and low spots. Build farm roads. Make terraces, grass waterways, reservoirs, ponds, dams, pit silos. The Everman responds instantly to single valve hydraulic control. Loads with low power requirements but with large scraper stability. Hauls at high speed. Front dump permits accurate control of fill. Strong rugged construction.

Increase Yields Per Acre
by Finishing Fields with an Everman AUTOMATIC LAND SMOOTHER

With an Everman Smoother and your own tractor you can prepare an ideal seed bed free of back furrows and dead furrows—eliminate low spots and high spots while preparing an ideal base for mechanized farming. Smooth, level fields provide more efficient irrigation, improve surface drainage, stop excessive erosion and help retain rainfall. Low initial cost. Economical operation. Sizes to fit regular farm tractors.

PROJECT of recirculation of irrigation tailwater is shown here. In this water management project, the Water District has collected data on the amount of water salvaged, pumping cost and irrigation methods. See story for details.

District Studies Recirculation Of Irrigation Water

The High Plains Undergruond Water Conservation District has worked with a number of irrigation farmers in Parmer County for the past six months collecting data concerning the recirculation of irrigation tailwater. In this water management project, the Water District has collected data on the amount of water salvaged, pumping cost and irrigation methods.

The most important benefit of a tailwater return system is the water salvaged. Records covering a six month period on four tailwater return systems show an average of 65 acre feet of irrigation tailwater recovered per system. There are nine wells contributing tailwater these installations which would be an average of 29 acre feet of irrigatin tailwater recovered per contributing well.

Economist have estimated that an acre foot of water when applied for irrigation will increase the yields above dryland yields approximately \$40. Therefore, the average of 65 acre feet of irrigation tailwater recovered would have a gross value of \$2,560 per system.

The average pumping cost for fuel, both butane and electricity, on a recovery system is \$1.90 per acre foot of water. Compare this to the \$3.20 fuel cost per acre foot of water for the contributing irrigation wells. The difference in cost per acre foot of water for pumping is \$2.30. This would mean a saving of \$84.50 in fuel cost alone on the 65 acre feet of water salvaged.

Once a farmer begins using a tailwater return system he commences to find many side benefits.

Probably one of the most advantageous of these is that by using the return system he can control the application of water in such a manner as to eliminate hot-spots or dry-spots without wasting water.

Cline - Jenkins Participate In Operation Big Lift

Army Specialists: Four Virgil R. Cline and Raymond B. Jenkins of Dimmitt, Texas, are participating in Operation BIG LIFT, the largest transoceanic Army-Air Force exercise ever made by air. The exercise began Oct. 22 and is scheduled to end in late December.

The men and other members of the 2d Armored Division were flown from bases near Fort Hood, Tex., to bases in Germany where they drew heavy equipment from prepositioned stocks. The men then joined other U. S. troops stationed in Germany for a NATO training exercise. Upon completion of the training, the division will turn in its equipment and return to the U. S.

The exercise is a demonstration of U. S. military ability to reinforce NATO forces through airlift of a U. S. based division to Germany and link-up of this division with combat equipment positioned there.

Specialist Cline, 25, son of Mr. and Mrs. Milas L. Cline, 500 Belcher st., entered the Army in February 1961 and is a mechanic in Battery A, 6th Battalion of the division's 92d Artillery at Fort Hood.

Cline attended Lockney High School. Specialist Jenkins, 20, son of Mr. and Mrs. Rex V. Jenkins, Route 1, entered the Army in June 1961 and is a senior medical aidman in Company D of the division's 48th Medical Battalion at Fort Hood. He is a 1961 graduate of Springlake High School. His wife, Joy, lives in Copperas Cove, Tex.

School Droupouts Generate Concern Among Educators

Educators are showing a deep concern in the present ever-growing problem of school dropouts. The following information was taken from a bulletin released by the U. S. department of Health, Education, and Welfare.

"High school students, there is real value in staying in school through graduation!"

"You will be in a better position to compete for worthwhile, good-paying jobs."

"You will be better suited for promotion, more likely to find another job if you should be laid off for any reason."

"You will be better able to train yourself for that really good job you may decide upon 5 or 25 years from now."

"Did you know that—The fastest growth of our labor force is that of technical and professional jobs requiring 16 or more years of education."

"Technician and semiprofessional jobs requiring 1, 2, or 3 years of postsecondary school education are the second fastest growing category in our labor force."

"Jobs filled by high school graduates rose 30 per cent for those with no secondard school education decreased 25 percent in the past decade."

"And look at you changed earning prospects! On the average, a high school graduate during his working lifetime, beginning at age 18, earns \$46,000 more than a high school dropout and earns \$76,000 more than a grade school dropout."

"An important decision—whether to drop out of school or to remain through graduation. The difference?"

"The problems facing young people in school are many. One is the important question of deciding how much education is enough."

"The choice is a hard one, especially for those who find no joy in classroom. Some see no value in what they are studying. They fail to understand the relationship between more schooling now and their own improved chance for lifelong job success."

"A million boys and girls, young men and women, each year, make the wrong decision and drop out of school. By doing so, they doom themselves."

"For these persons will have trouble finding work since they are able to compete only for the dwindling opportunities in unskilled labor. They are the last to be hired, receive the lowest pay, and the first to be laid off. Frequently, their job can be taken over by machine."

"Before the end of the decade, 7½ million more will be added to the already staggering number of American citizens who are academically and vocationally unprepared for this changing and challenging age."

"One out of every three young people in the fifth grade now drops out of school before high school graduation."

"This is a 20th century tragedy. Students, parents, teachers, and interested citizens groups should find out about the situation. Here is a beginning..."

"Studies made around the Nation show that slightly more than half of all school dropouts are male."

"The largest number of boys and girls who will not finish high school leave early after their sixteenth birthday, usually when they are in grade 10."

"Many of them are seriously retarded in reading and Arithmetic performance. They are probably failing in one or more scholastic subjects, and are not active in athletics or other extra-class activities. However a great proportion of them have IQ's which indicate they could continue through high school graduation."

"The majority of high school dropouts come from families where school attendance and achievement are not considered as having much value."

"In a 1960-61 study in Maryland, for example, it came to light that 70 percent of the mothers and 80 percent of the fathers of these children had never completed high school and that 25 percent of the mothers and 30 percent of the fathers had no progressed beyond the sixth grade."

"The dropout's parents usually have jobs requiring only physical energy, and suffer frequent periods of unemployment. The family has little time together, and there is no appreciation of the good which will come from education."

"The most frequent reason given by school dropouts for their leaving is simply lack of interest."

"This may mean that a student was discouraged over his progress, disliked a certain subject or teacher, or saw no value in what he was studying."

"It might mean that he felt excluded from the social life of the school."

"Sometimes teenagers drop out to help with the care of the family or to add to the family income. Boys, especially, feel they will have a better chance as wage earners by starting young."

"The decision to drop out is frequently made because the student hasn't a real goal in life and is not aware of the probably consequences of his action."

"If the dropout finds work, he may have a period in which he feels he is accomplishing something worth while. He has a paycheck and more money to spend than many who stay in school."

"But this is usually only temporary."

"U.S. Department of Labor statistics show that one out of every six persons in the 16-21 age group is unemployed."

"Without adequate education, a young man or woman has no access to modern jobs in the economy in which the students work for is constantly creating."

"Most dropouts will waste their lives because they cannot qualify for jobs in today's demanging world."

"Schools play a most important role in combating the dropout problem. Guidance programs, which have been greatly strengthened in most schools in recent years, can and do provide leadership through their specialized training and experience."

"However, solving the problem of school retention is not a job for schools alone. It takes the close cooperation of parents, schools, and the individuals and organizations of the community—employers, civic groups, service clubs, labor unions, social agencies."

"Here is what some areas have done, with great success:"

"Detroit has a job-upgrading program by which the schools and local employers cooperate in basic and vocational classes and on-the-job training."

"Chicago has a similar program, wages part time and stay in school the rest of the time to improve job skills."

"New York and several other large cities have comprehensive school-community programs aimed at improving the social outlook of underprivileged groups so that they will understand and appreciate the basic importance of education."

In Oregon, full-time employment on forestry projects in summer camps has dramatically revitalized the interest in school of scores of potential dropouts.

"San Francisco, Kansas City, Racine, Philadelphia, St. Louis—and numerous other urban and rural communities of the Nation—have come up with programs to combat dropouts. The main emphasis in most cases is on providing situations to interest young people in work which will, while restoring their self-respect, now, also reveal to them the value of school."

"The Federal Government provides leadership and assistance in setting up programs to encourage youth to continue in school. Interested community groups may write directly to the U. S. Department of Health, Education and Welfare (Office of Education, National Institute of Mental Health of the Public Health Service, and Welfare Administration) and the Department of Labor for information."

Dimmitt Eighth Smashes Lockney 18-8 Tuesday

Dimmitt eighth grade slapped Lockney Tuesday night in an 18-8 ballgame to win their sixth and final game of the season.

Lockney scored their lone touchdown in the first quarter. Dimmitt scored their first TD when Jack Bradford ran over the goal on a reverse play.

In the third quarter, Pete Garza scored on an option pass from quarterback John Hays. The final TD came in the fourth period when Danny Battles scored on a sweep around right end.

Jack Bradford did an outstanding job on defense according to Coach Pat Privett.

The eighth grade's season record is 6-1-1.

Senior Masqueraders Congregate

At 8:00 p.m. on Halloween night a group of masqueraders, comparable to none, assembled by the light of a cloud-covered full moon at the home of Kathy Gollehon. This group was the Senior class of 1964.

The first fun of the evening was in deciding "Who was Who" behind all the make-up and masks. The best dressed spooks were Jim Axe, who was given a set of cuff links and a tie clasp, and Michele Bertonneau, who received a Cameo necklace.

An assembly line of horrors was set up and each one entered at his own risk a chamber of corpses and dismembered bodies.

A reading of Edgar Allen Poe's, "The Raven", accompanied by weird music, was done by Jacky Nichols.

After the spooks ate, they ended the party with dancing and 'other sorts of merry making'.

When the party ended, many of the spooks attended the Halloween midnight movie.

Pep Rally

Thursday we had an unusual pep rally. It seems that the girls came in as football players and the boys were the cheerleaders. This was because we were going to have a Powderpuff Football game. The girls had been well lectured on coming into the pep rally because they all came in with a straight face.

The cheerleaders for the Junior class were: Johnny Linn Robert McClain, Mr. Tompkins, Mr. Wauson, Steve Meyers, Mike Wohlgenuth, Tommy Gross, Dale Leinen, Chuck McKinney, and Donny Stokes. They were very active and did some cute yells. Their costumes were blue skirts and white tae skirts and they also had some blue bows for their hair-do. But one of the boys seemed to be having a little trouble with his skirt. How about this, Steve Meyers? But even with all of their trouble with their costumes they did a very fine job.

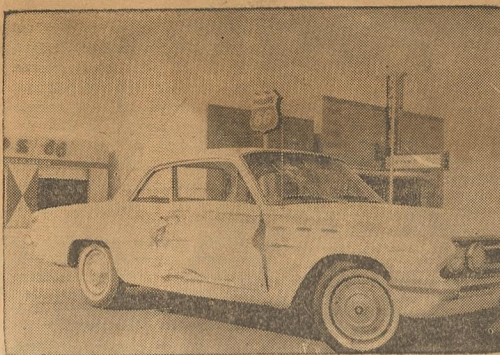

The cheerleaders for the Sophomore class were: Bruce Fuller, Dennis Lytle, Tommy Mays, Coach Culpepper, Coach Cleveland, and Jay Nelson. Their costumes were green skirts with white skirts. With their skirts blowing in the breeze Saturday night they seemed to do very well, and their team should be very proud of them.

The gym was filled with laughter and fun for everyone.

At 6:30 Saturday night the Juniors met and got ready for their big game. Then at 7:10 they went out for warm-up. While they were in the dressing room ankles had to be taped and major things like that attended to.

At halftime it seems the Juniors girls got an eating out on how they were playing so they doused themselves with cold water to cool things off.

I only wish everyone could have been to see the pep rally and the girls football game.

MARIE CASAS suffered minor injuries when this car was struck by a Chevrolet pickup driven by Willard Montgomery. See story for details. —Staff Photo

Rash Of Wrecks Attacks Dimmitt

A rash of wrecks during the past week broke out in Dimmitt according to investigating patrolman, Jones.

Patricia Ann George driving a 1958 Chevrolet was traveling north on Circle Drive when Johnny D. Adams in a '55 Buick was headed south on Circle Drive and cut too sharp curve while a turning left onto 12th Street. The Buick was hit in the side by Miss George's car.

The accident occurred Monday, October 25. Total damage to the cars was \$300.

A 1962 Chevrolet pickup driven by Willard Montgomery and a Buick driven by Conway Iglehart of Odessa collided Tuesday afternoon about 12:45 at the intersection of Jones and Highway 385. Marie Casas of Amherst, passenger in the Buick, was taken by Dennis ambulance to Castro County Hospital where she was checked for possible head injuries.

The Buick was traveling north in outside lane and Iglehart said he saw the pickup which was headed west on Jones and thought it would stop. Montgomery failed to see the approaching car and hit the right side of the Buick. Total damage to the cars was \$625.

Lucille Dollar driving a 1959 Pontiac and Millicent Bennett driving a 1961 Chevrolet were involved in a two-car collision Wednesday morning, October 30 at the intersection of Stinson and S.W. 10th St.

Mrs. Dollar was traveling west on Stinson and saw she going to hit the Chevrolet before entering the intersection and started applying brakes before the collision according to Officer Jones. She hit the Buick on the front fender. Damages were \$975 to both cars.

Patrolman Jones investigated a two-car accident on Highway 385 Friday morning about 9 a.m.

Involved in the accident was James Riley driving a 1962 Buick and O. D. Willard, Jr. driving a 1953 Dodge.

Riley was traveling south on Highway 385 when Willard came down the left side of Highway headed north. Willard drove approximately 100 feet according to Patrolman Jones on the left hand side before cutting corner to make left turn into Dickey's Cafe parking lot. The Willard vehicle was hit in left rear by Riley's approaching car.

Saturday morning about 10 a.m., Patrolman Jones investigated an accident at the intersection of East 2nd and Belscher St.

Carl Henderson was headed north on 2nd when his pickup was hit by a '59 Chevrolet approaching from the west. The Chevrolet was driven by Ernesta Castavela. Both drivers' views were obstructed by parked cars on nearby lot according to Jones. Total damage to vehicles was \$325.

Ghosts Visit Bethel Club

Ghosts, goblins, witches and other unusual creatures visited the Bethel Community building, Halloween night.

Community Club held their annual meeting October 31. Refreshments of coffee, hot Dr. Pepper, pie and popcorn balls were served by Hostesses Jean Gilreath, Merle Morgan and Shirley Underwood.

About 50 attended the party.

Candlelight Prayer Service Conducted By WMU Group

An impressive candlelight prayer service was conducted at the Monday WMU meeting of the Lee Street Baptist Church. Mrs. Joe Wall led the group in a period of prayer.

The group offered special prayers for each phase of the Baptist spiritual work in the world.

Delta Xi Chapter Plans Meeting

Delta Xi Chapter of Delta Kappa Gama, international organization for women in education, will meet Saturday in the Dimmitt High School library at 7:30 p.m.

Carole Dyer will be the chairman of the meeting and Dimmitt members will serve as hostesses.

The program will be a panel discussion of "Early Marriages-Trends and Patterns." Avis Smith will act as moderator.

Clay Armstrong Honored With Birthday Party

Clay Armstrong was honored with a party on his 10th birthday Saturday evening. His mother, Mrs. Charles Armstrong was hostess.

Activities included attending the circus and riding all the rides. They finished the evenings entertainment with Mexican food at the Snack Bar.

Attending were David Prather, Steve Birdwell, Brent and Scott Armstrong.

WMU Leaders To Attend Meeting

WMU leaders of the Lee Street Baptist Church will attend a leadership meeting today in Oklahoma Lane Baptist Church.

The leaders will be in session all day. The program is pointed toward preparing leaders for better service in activities of the WMU of the local church.

Mrs. Sam Scarborough is president of local WMU group.

VISITS MOTHER

Mrs. Sarah Northen of Amarillo spent last weekend with her mother Mrs. Etta Brashears who has been ill.

THE BIBLE TEACHES...

... that people are happy when "poor in spirit" (Matthew 5:3). They are poor when it comes to being like Jesus, and they know it. Happiness comes with permitting Jesus to make them into something of value—a thing they cannot do alone.

Praise and honor are counted as undeserved by such people. Their desire is to honor the only one who is truly honorable.

Garden Clubs To Have Fall General Meeting

An interesting program will be presented Friday in Tulia when the Northern Zone of District One, Texas Garden Clubs, get together for the annual fall meeting. The District Governor, Mrs. O. R. Littrell, of Odessa will report on the state meeting that was held this past week in McAllen.

Other items on the program will include a discussion on design in flower arranging, some do's and don't's for garden club treasurers, and a musical skit by members of the Tulia High School Choir. A highlight of the day will be a tour of the historic Elm Tree Inn.

Mrs. Bob DuLaney asks all local Garden Club members to call her "now" if planning to attend this fall meeting.

The Dimmitt Garden Club will meet Tuesday at 3 p.m. in the Community Room of the First State Bank.

Royal Service Program Given In Lee St. Baptist

Mrs. Bert Huggins led the W.M.U. of the Lee Street Baptist Church in their Royal Service program Tuesday.

The group attending enjoyed a program called "Partners For Progress in Japan." They also viewed a film "Baptist Life in Japan." Prayer and scripture reading was conducted by the group.

Ten members were present and the pastor, Rev. Allen Owens attended. Mrs. Jim Strohmeyer was in charge of the nursery for this WMU session.

Dimmitt Book Club Announces Annual Silver Tea

Dimmitt Book Club will meet for their annual Silver Tea in the Community Room of the First State Bank, Wednesday, November 13.

Mrs. Glenn Merritt will review for members and guests at 4 p.m. The book to be reviewed is "White Banners" by Lloyd C. Douglas.

Everyone is invited to the annual tea which is held to benefit the county library.

FFA Magazine Sale Continued

Dimmitt FFA Chapter announces they will continue their magazine sale through Monday, November 11.

Tommy Gross, president of the Chapter, says, "We urge everyone to renew their magazines or subscribe for new magazines. We have two plans you may purchase from."

Contact any FFA member for subscriptions or to renew magazines. The money made by the Chapter will be used for trips.
