## GOV. HARMON PLEASED AT ELECTION RESULTS

SAYS DEMOCRATIC VICTORIES IN MASSACHUSETTS AND KENTUCKY INDICATE DEMOCRATIC LANDSLIDE.

### MARYLAND REPUBLICAN

G. O. P. Also Makes Gains in New York and New Jersey—New Mexico Safely Democratic.

By Associated Press.  
Columbus, Nov. 8.—Having his opinion on results in Massachusetts, Kentucky, Ohio and other points where democratic candidates were elected yesterday, Governor Harmon today predicted a national democratic landslide next year.

Said Harmon, "The results of these elections have pleased me very much and I consider them a forecast of what is to come next year. It is the strongest endorsement of democracy that has been tendered by the voters in recent years not only the local elections, do I consider significant, but also the election in Kentucky, Massachusetts and other places. The elections in Ohio show unquestionably that the public is pleased with the present administration and the tax reforms that have been made and management of state offices under democratic sway.

Regarding the Cincinnati result, he said, "Personally nothing could have pleased me better. I have fought for twenty-five years to free Cincinnati from the sway of republicanism and I am certainly delighted to find that the voters have awakened and broken the chains that bound them. Next year I predict that this party will win the presidency."

The Election Results.  
The Dallas News this morning contained the following general summary of the results:

Elections held yesterday in many States and cities throughout the country resulted in the election of Democratic governors in Massachusetts, Kentucky and Mississippi, a Republican governor in Rhode Island, a Republican Assembly in New York, which will challenge the continuance of Gov. Dox's policy; a New Jersey legislature with majorities probably not in accord with Gov. Woodrow Wilson of that State.

In Massachusetts, Gov. Foss (Dem.) was elected by a reduced plurality of about 8,000 over Louis Frothingham (Rep.). The contest was unexpectedly close. The Republican candidate for Lieutenant Governor was elected by a majority and other Republican State candidates probably are elected. In Rhode Island, Gov. Pothier (Rep.) is re-elected over Louis A. Waterman (Dem.) by a greatly increased plurality. The State Senate is solid and the Assembly largely Republican.

New York State furnished one of the chief surprises, reversing the present Democratic majority of twenty-four in the State Assembly and electing a Republican majority of fifty or upward. The change removes the united support which both branches of the legislature heretofore has given Gov. Dix's policies.

In New York City, Tammany's control was shaken but not overcome. Tammany candidates in Manhattan and Bronx being elected, while those in Brooklyn and Queens County were defeated by fusion candidates.

New Jersey similarly furnished a surprise by the probable reversal of control of the legislature, the returns at midnight indicating Republican majorities in the Senate and Assembly. In Kentucky, James B. McCreary, a

## 200,000 More Bales Ginned Than at Same Time Last Year

By Associated Press.  
Washington, D. C., Nov. 8.—The Census Bureau's fourth cotton ginning report of the season issued at 10 a. m. today and showing the number of running bales, counting round and half bales, of cotton of the growth of 1911 ginned to November 1, with comparative statistics to the corresponding date for the past three years, is as follows:  
United States—9,968,172 bales, compared with 7,845,953 bales last year, when 25.5 per cent of the entire crop was ginned to November 1; 7,017,849 bales in 1909, when 69.7 per cent was ginned and 8,191,557 bales in 1908, when 62.6 per cent of the crop was ginned.  
The number of round bales included was 58,843, compared with 81,153

## CITY BORROWING MONEY; WILL SUE PROPERTY OWNERS

At present the city finances show an overdraft of about \$20,000 in the general and sewer funds, owing to the fact that there is approximately \$5,000 due the city from property holders, who entered into the street paving contract. In this connection, the city attorney has been ordered to file suit to collect this amount.

Another cause contributing to the present financial shortage is the taking up of the auto fire engine notes of \$4000 in February last, to save the 8 per cent interest.

It is estimated by the city authorities that a prompt collection of the amount due on street paving and sewer rent will cover all shortage, and put a surplus in the treasury.

At present it will be necessary for the city to borrow money to meet running expenses until tax collections in the near future cover all deficiencies.

## DEMOCRAT, WAS ELECTED GOVERNOR BY A MAJORITY ESTIMATED AT 20,000 TO 40,000.

A Democratic legislature also was elected, which insures the choice of Congressman Ollie James as United States Senator from Kentucky.

Mississippi elected a Democratic Governor and State officers by a decisive majority.

The Ohio municipal elections resulted in the election of Democratic Mayors in Cincinnati, Cleveland and Columbus. President Taft cast his vote at Cincinnati.

Marked Socialist strength has developed at various points, notably in several of the municipal contests in Ohio, where ten cities elected Socialist Mayors; also Schenectady, N. Y., where a Socialist Mayor and a Socialist member of the State Assembly were elected, and in Mississippi, where the Socialist candidate for Lieutenant Governor polled a considerable vote.

Four Congressmen were elected to fill vacancies, namely Joseph A. Taggart (Dem.) in the Second Kansas District, W. D. B. Ains (Rep.) in the Fourteenth Pennsylvania District, William J. Browning (Rep.) in the First New Jersey District and Daniel V. Stephens (Dem.) of the Third Nebraska District.

## REFORM CANDIDATE WINS PHILADELPHIA.

Philadelphia, Nov. 8.—The Independent Republican majority candidate, Adolph Hienkensberg has been elected on a reform ticket.

## NEW MEXICO DEMOCRATIC.

Albuquerque, Nov. 8.—Complete triumph of the Democratic ticket is indicated by today's returns. Reports of decreased Republican majorities come from counties usually strongly Republican.

## GORMAN LOSES IN MARYLAND.

Baltimore, Nov. 8.—Returns this morning indicate the election of Goldsboro, the Republican candidate for governor over Gorman, the Democrat, by about four thousand plurality.

This will be the second time since the Civil War that Maryland has elected a Republican governor. It seems

## SPECIAL RULING ON POLL TAX RECEIPTS

SPECIAL COLLECTOR KNOCKED OUT BY CONSTRUCTION OF TERRELL LAW.

### THE EFFECT IS STATEWIDE

Place of Paying is New Point at Issue. Citizens of Texas Chiefly Affected.

Austin, Texas, Nov. 8.—"You are therefore advised, in answer to your first question, that it is our opinion that no citizen has the right to pay his poll tax, either in person or through an agent, at any other place except the office of the tax collector at the county seat, except in cases where the tax collector or one of his regular deputies visits the various voting or magistrate precincts, as provided for in article 5164, or when he pays it to a regular authorized deputy tax collector in a city of 10,000 inhabitants or more, other than the county seat."

Thus held Assistant Attorney General C. E. Mead in an opinion to A. W. Terrell, father of the Terrell election law. It is in conflict with an opinion given by that department during the administration of R. V. Davidson and the former is withdrawn.

The new opinion, if followed by the tax collectors of the state, will absolutely knock out the special poll tax collectors who have been used in the cities to relieve congestion. If the tax collectors do not follow it, election officers may do so and challenge all receipts not issued by the regular collector or deputies. It is one of the most important opinions that the attorney general has rendered lately and comes during the poll tax period, the questions asked having been submitted some time ago but the opinion being held up lest it should interfere with some 25,000 citizens who secured poll tax receipts through special deputies before the last election.

Under this ruling a citizen in one of the larger cities will have to pay his poll tax at the office of the collector or to some regular deputy as outlined above. The special deputy has no authority, says the opinion.

Mr. Mead, in addition to outlining his views, writes:

"While it will cause some confusion to make a change in the former construction placed upon section 17 of the Terrell election law, yet as we view the matter after mature consideration, we feel that the former construction is so clearly unwarranted and the evil effects of the practices referred to by you and the opportunity which such a construction might give for the perpetration of extensive frauds, warrant the department at this time in withdrawing its former advice on this question and adding a construction more in keeping with the language and spirit of the law."

And further he writes: "It thus will be that all taxes, including poll taxes, are required to be paid at the tax collector's office at the county seat, unless otherwise provided by law. The only two exceptions pointed out by law are: First, where the tax collector or his deputies visit the various precincts for the purpose of receiving taxes, and the other in cities containing 10,000 inhabitants or more, other than the county seat, and in that case only one deputy is provided for and he must remain the entire month of January in such city, shall keep his office for such at some convenient place, and is not by the terms of the statute authorized to collect any other taxes except poll taxes."

Fort Worth, Texas, Nov. 8.—A package containing a real live baby was found in a woman on a passenger train with instructions to deliver it immediately upon her arrival to the police headquarters. Here was found at headquarters to contain a live baby.

## SMALL BLAZE ON BURNETT STREET

The fire department was called out this morning at nearly 11 o'clock, by an alarm turned in from 909 Burnett street, the residence of J. G. Kilgore. Before the arrival of the department, however, the fire was under control, and not much damage was done.

The pipe leading to a gas stove in the kitchen had become disconnected, and in some manner had caught fire, causing a lively blaze, and one which seemed likely for a time to prove dangerous. An alarm was therefore turned in, but before the department could arrive on the scene, some one thought to turn off the gas, and the fire was put out in this way. No damage other than a good deal of excitement resulted from the blaze.

R. H. Cook and wife of Electra were in the city yesterday.

## MAN SWALLOWED BY A HIGE SHARK IN PENSACOLA BAY

By Associated Press.  
Pensacola, Florida, Nov. 8.—Death between the jaws of a great man-eating shark was the fate yesterday in Pensacola harbor of Jules Antoine, an aged seaman. His death was witnessed by the crew of the British steamer, Aidersgate, in which Antoine was a waterman. Half a hundred bay men who were loading a vessel also saw it. Antoine evidently fell overboard accidentally. The first seen of him was when the shark swam leisurely out from between the ship and the lighter with his body clamped between his jaws, the head and shoulders protruding from one side of its mouth and the legs from the other. For a moment the shark sank beneath the surface then rose with only Antoine's head in sight the remainder of his body apparently having been swallowed. The shark remained on the surface the second time nearly a minute then disappearing for good. One of the watchers fainted at the spectacle.

## WOMAN AND ESCORT KILLED IN GRANBURY

By Associated Press.  
Granbury, Texas, Nov. 8.—Up to noon today there has been no arrest in the killing of J. E. Sparty, the actor, and Mrs. Carr Robinson, who were shot from behind. Mrs. Robinson and her husband were separated about two weeks ago. Robinson was not in town today and police said he left last night.

The couple were talking together on the west side of Houston street last night when the shots were fired from the rear. Mr. Beatty and Mrs. Robinson were killed instantly.

One of the bullets took effect in Beatty's side and the other struck Mrs. Robinson near the heart. She fell across the body of her escort.

## MANCHUS ENTRENCHED IN IMPREGNABLE POSITION

By Associated Press.  
Shanghai, Nov. 8.—Fighting began at Nan King at 9 o'clock this morning. The Manchus are strongly entrenched on Purple Hill commanding the city and unless they voluntarily surrender their position is believed impregnable.

Several thousand troops attacked the Imperialists at Nan King on Purple Hill, but were repulsed with more than one hundred killed. The revolutionists are now preparing to renew the assault.

## TEXAS COMPANY WILL BUILD LOADING RACKS IN THIS CITY

Negotiations for the last bit of right of way between Electra and Wichita Falls, and two miles beyond, for the Texas Company's proposed pipe line from Electra to Dallas, were closed yesterday, and that company now has possession of the right of way for at least twenty-eight miles southeast of Electra, or to point near where the Katy Railroad runs into Wichita Falls.

It is well known that a special rate for carrying oil has been granted by the Katy, and in order to take advantage of this rate, the Texas Company is now having constructed close to the Katy railroad tracks near this city, a loading station for oil which will be used for the present at least. Thus by constructing a pipe line to

## SHEPPARD CAMPAIGN OPENED IN PARIS

CONGRESSMAN WHO WANTS TO GO TO SENATE ADDRESSES ABOUT 2000 PEOPLE.

### RAMSEY FOR GOVERNOR

Prohibition, Initiative, Referendum and Recall Are Among Questions Discussed by Candidate.

Paris, Texas, Nov. 8.—In opening his campaign here yesterday for the United States Senate, Hon. Morris Sheppard, Congressman from the Texasarkana district, made several notable statements. One of these defined his position on prohibition, showing that he is friendly to that cause and wants some Federal legislation on the subject. Another statement was that he will cast his vote in the coming primaries for William F. Ramsey for Governor.

As to the tariff question, Mr. Sheppard said he regarded the National platform as the determining voice, but added that as long as a State declaration on the subject remained unmodified by a National platform he would follow the State platform.

He advocated invoking the criminal clauses in the enforcement of the laws against trusts and said that he favored holding a party primary to select a Presidential nominee.

As to the initiative, referendum and recall, he reviewed the question in a manner which was favorable. However, he said he was not convinced that there should be an unqualified application of the recall to Judges. He would not subject a Judge to recall for his decisions alone, where no element of corruption, incompetency, intemperance or other personal misconduct is involved.

"At the same time," he continued, "there should be some means more available than those of present impeachment agencies of reaching corruption, incompetency, intemperance or other personal misconduct on the bench."

He believed that impeachment proceedings could be made more certain and satisfactory by making their institution obligatory on presentation to the Legislature or to Congress of petitions signed by 25 per cent of the qualified voters in the jurisdiction over which the Judge presides, setting forth adequate allegations for removal. He believed that in this way all Judges could be made more responsible to the people.

One of the first declarations by Mr. Sheppard was his belief in absolute acquiescence in the will of the majority, which, he said, is "perhaps the most fundamental tenet of the Democratic party." He then made some observations intended to reveal what he termed the heavy price the American people have had to pay for the tremendous material advancement of the last five or six decades.

He said: "When men once realize the true significance of brotherhood they will establish in government the Democratic doctrine of equal rights. They will score all special privileges and endure so law that gives to one man an advantage over another in the race of life."

As to Prohibition.

Turning then to the prohibition question, he said: "I am a prohibitionist and my attitude and views on this question are well known. I shall never hesitate to express my undying opposition to the liquor traffic. I believe that the domination of the liquor interests in the government of Texas should cease, and I shall cast my vote in the coming primaries for William F. Ramsey for Governor."

"I do not believe, however, that a man's position on this or any other single question should constitute his sole qualification for public office. But there is a National phase of the question calling for serious treatment by the National Legislature. I refer to the shipment of intoxicating liquors into prohibition states and communities. This question is intimately related to another question of equal importance—that of the maintenance of the constitutional distinction between the Federal Government and the States."

Mr. Sheppard said that the Federal Government should be supreme in the exercise of its powers with which it is invested by the Constitution. He said: "The States should be equally secure in the possession of the rights they reserved when they established the Constitution. One of the fundamental purposes of the Democratic party is to preserve this dual system in

## PASTOR WHO JOINED WEALTH AND BEAUTY TO LEAVE MINISTRY

PROVIDENCE, R. I., Nov. 8.—Because of the criticism resulting from his marrying Colonel John Jacob Astor, and Miss Madeline T. Force at Newport, Sept. 9, Rev. Joseph Lambert has resigned as pastor of the Elmwood Temple (Congregational) church of this city and will leave the ministry to go into business. Although the church has not as yet accepted his resignation, Rev. Mr. Lambert says he will insist on its doing so. His retirement will be considered by the church at a meeting Nov. 16.

"There has been a lot of unkind thing said against me, especially by the ministers of this city," said Rev. Mr. Lambert today. "I did not feel that I could continue in the work, as I could not put the same spirit into it as before."

## THIS MAY DEVELOP SECOND GUNNESS CASE

Norfolk, Va., Nov. 8.—In the trial of Mrs. Minnie L. Murdock and Charles Merkle, whose case came up in court here today, developments may come to light to show the case a parallel of the celebrated case of Mrs. Belle Gunness, the Indiana woman found guilty several years ago of conducting a "murder farm." Like the Gunness woman Mrs. Murdock is suspected of hiring men to her farm on the outskirts of this city and then murdering them for their money.

The specific charge upon which Mrs. Murdock and her employe, Merkle, are to be tried is the alleged murder of Harry Harding, a sailor, whose body was found in a shallow grave on the Murdock farm early last summer. The discovery resulted from a statement made by an old negro who called at the sheriff's office and reported that he had been asked by Mrs. Murdock to dig a grave at the farm. Deputies hurried out, and digging in an onion bed where the earth showed signs of recent disturbance, found at a depth of a foot the corpse of Harding, with the head crushed with an ax.

Following her arrest Mrs. Merkle is said to have confessed to knowledge of the crime. According to her statement, Merkle, jealous of Harding, murdered him single-handed. She said she went to sleep while the men were quarreling. Presently she awoke put out her hand in the dark and on the pillow beside her felt the wet face of Harding smashed to a pulp. At Merkle's bidding she said she helped conceal the body under the bed, and the next night the two buried the remains in a shallow grave in the garden.

Search of the Murdock house is said to have brought to light scores of letters from men with whom the woman had corresponded through matrimonial agencies. Two men seen with the woman are said to have disappeared mysteriously. One, a civil war veteran, vanished so completely that the thorough search made for him by his Grand Army post failed to find a trace of him.

## QUARTERLY CONFERENCE 1ST M. E. CHURCH SOUTH

The last Quarterly Conference of the First M. E. Church, South, will be held at the church tonight. Rev. Jno. E. Roach, of Bowie, the presiding elder of the district, will preside. Annual reports from all departments of the church will be submitted.

This is an important meeting as the superintendents for Sunday schools, and the stewards and trustees for the new year are elected. Also the matter of securing the district parsonage to be located in Wichita and the creation of a new district will be up for discussion. The conference year is drawing rapidly to a close. Rev. O. T. Cooper, the pastor, leaves for Gainesville, the seat of the conference next Tuesday morning.

## TAFT AT LINCOLN STATUE UNVEILING

PRESIDENT TAFT, HENRY WATSON AND OTHERS SPEAK AT FRANKFORT.

### HODGENVILLE TOMORROW

President and Other Notables Will Go There Tomorrow to Dedicate Memorial.

Frankfort, Ky., Nov. 8.—A large and distinguished audience filled the rotunda of the State Capitol this afternoon and listened to the eloquent addresses of President Taft, Henry Watterson and other speakers of national fame delivered in eulogy of the deeds and virtues of Abraham Lincoln. The occasion was the unveiling of the statue of Lincoln, a gift of J. B. B. Speed of Louisville to the state in which the "Great Emancipator" first saw the light of day.

President Taft and his party arrived here from Cincinnati this morning and with the other distinguished guests of the occasion including several visiting governors, were entertained at luncheon at the home of Governor and Mrs. Wilson. Immediately after luncheon the President was escorted to the Capitol for the unveiling exercises.

In the rotunda of the Capitol, where the statue was placed on a great marble pedestal, the following program was carried out:

Invocation by the Rev. M. W. Savage, pastor of the Church of the Messiah, of Louisville.

Oration of the day by Henry Watterson.

Unveiling of the statue by Miss Alice Speed, granddaughter of the donor.

Dedication address by President Taft.

Address of acceptance in behalf of the State by Governor Wilson.

As soon as the exercises were concluded the presidential party left the city for Louisville, where the President, with Henry Watterson, Senator Bradley and other members of the party speak tonight at a banquet under the auspices of the Louisville Press Club. Tomorrow nearly all of the prominent participants in the exercises here today will accompany the President to Hodgenville for the dedication of the Lincoln Memorial Farm.

The Lincoln statue unveiled today is of bronze and was designed by A. A. Weinman, the well-known New York

## Report Shows Fewer Tardies and Corporal Punishments in Schools

The second month in the present session of the Wichita Falls city schools, came to an end on November 3rd last, and the city superintendent will report to the board of education at the regular monthly meeting to be held next Thursday night at 8 o'clock at the High School building, concerning the per cent of attendance, and number of corporal punishments administered during the last month beginning October 6th and ending on November 3rd.

Although these features of the report show marked improvement over the same period of time last year, the record made during the second month of school was not as good as the record during the first month of the present session, and various reasons have been assigned in explaining this fact. One of the chiefest of these reasons is said to be the presence in the city during last month of two circuses, both of which played havoc with the good record of attendance which is trying to be maintained this year.

A detailed statement by schools of the tardies made during the second month follows:

High School—Total enrollment 292, boys 144; girls 148. Number of tardies, boys 12; girls 16; total 28.

Austin School—Total enrollment boys 656, boys 328; girls 328. Number of tardies, boys 25; girls 5; total 30.

San Jacinto School—Total enrollment 257, boys 125; girls 132. Number of tardies, boys 26; girls 5; total 31.

Alamo School—Total enrollment 152, boys 72; girls 80. Number of tardies, boys 5; girls 3; total 8.

Travis School—Total enrollment 121, boys 60; girls 61. Number of tardies, boys 8; girls 6; total 14.

Washington School (colored)—Total enrollment 195, boys 99; girls 96. Number of tardies, boys 7; girls 18; total 25.

In these figures it will be observed that the number of tardies made in each case by the boys with the exception of but one school, is larger than the number made by the girls, and this in spite of the fact that the enrollment of girls outnumbered that of the boys, so that it might therefore be expected that the girls would have a right to the largest number of tardies, a right which the figures show they did not make use of.

The number of corporal punishments registered against the schools was remarkably light last month, only one school among the whites having found it necessary to administer any at all, this being the Alamo school with a total of four.

Washington School reported five corporal punishments, four of which were male and one female. When it is considered that several years ago, the number of corporal punishments administered yearly ran into the hundreds, and this at a time when the total enrollment of the public schools was a great deal less than it is at the present time, the record concerning this feature of the discipline of the schools for the last month is most remarkable.

Andrew Cowan, of Louisville, is chairman. Speeches will be made by President Taft, Chief Justice White, Gen. John C. Black of Washington, and others. The invocation will be made by Rabbi H. G. Gmelin, of Louisville, and the benediction will be pronounced by Bishop Thomas S. Byrne, of the Roman Catholic diocese of Nashville.

Plan Canal Across Florida. The Florida canal scheme is regarded as one of the most important of all inland waterway projects in this country. It would obviate the passage around the Florida keys of all ships between the Atlantic and the Gulf and would be valuable for naval and military purposes as well as for commercial use.

### Story of the Memorial Farm.

Hodgenville, Ky., Nov. 8.—The Memorial Hall to Abraham Lincoln, erected on the old Lincoln Farm, will be dedicated tomorrow in the presence of President Taft, Chief Justice Edward Douglass White, of the Supreme Court of the United States, the governors of several states, senators, congressmen and men prominent in literature and in public life. The Lincoln Farm is located near Hodgenville, and a large number of people are assembling to-night to witness the ceremonies.

The imposing building of granite, which is to figure in the exercises tomorrow, ensures the humble log cabin in which Abraham Lincoln was born 102 years ago. The Lincoln Farm Association will turn over the Farm, the Memorial Building which has been erected at a cost of \$112,000 and \$50,000 for maintenance, to the Federal Government and it will be formally received by the President.

Chiseled into the granite on one side of the building is the following inscription:

"Here, over the log cabin where Abraham Lincoln was born, destined to preserve the Union and Free the slave, a grateful people have dedicated this memorial to unity, peace and brotherhood among the States."

When the Memorial Farm and the building accepted by President Taft the entire military establishment of Kentucky, several regiments of the regular army of the United States and many encampments of the Grand Army of the Republic and of the Confederate Veterans will salute. More than a score of special trains will be run from Louisville to carry the thousands who will be present.

The Lincoln Farm Association, under the auspices of which the work of erecting the memorial has been done, is composed of some of the most prominent men of the country. The president is former Governor Joseph W. Folk of Missouri. The other officers are Clarence H. Mackay, treasurer; Charles E. Miner, assistant treasurer; Richard M. Jones, secretary; and Robert J. Collier, chairman of the executive committee.

The members of the board of trustees are President Taft, Cardinal Gibbons, Gen. Horace Porter, Joseph Choate, Oscar S. Strauser, Governor Augustine E. Wilson of Kentucky, Supreme Court Justice Charles E. Hughes, Lyman J. Gage, Miss Ida Tarbell, Col. Henry Watterson, August Belmont, Jenkin Lloyd Jones, William Jennings Bryan, Charles A. Towne, Thomas Hastings, Samuel Gompers, Norman Hanger, William Travers Jerome, Robert J. Collier, Albert Shaw and Charles E. Miner.

The late Mark Twain was a member of the board, as was the late Edward M. Shepard.

The Memorial Building stands on a little hill, at the foot of which is the spring which attracted Thomas Lincoln and Nancy Hanks, Lincoln's father and mother, and caused them to settle there. It was on the site of the present building that the newly wedded pair built a crude cabin of rough, unhewn logs in the center of the 110 acres of poor land. This cabin was just like the other cabins on the frontier at that time. It had only one room with a small lot, a big outside chimney and a huge fireplace, a rough door which swung on leather hinges, and when they moved into it, not a single window.

The farm and the old cabin were not set aside to form a patriotic shrine until the centenary of the birth of the Great Emancipator two years ago. On that day prominent men and women from all over the land, made a pilgrimage to the little place near Hodgenville. With patriotic addresses the Lincoln Farm Association took over the place and began the work of raising the funds with which to erect the proper memorial. Until the Association took it over the title of the farm had only changed twice previously. It had taken Robert J. Collier four years to clear Lincoln's birthplace of all entanglements and litigation.

About five years after Abraham Lincoln was born his father sold the farm to a neighbor named Creel, whose family kept it for nearly seventy years. Then it was bought by A. A. Dennett of New York, with the purpose of turning it into some kind of a national park.

While the farm was in possession of the Creel family, the old cabin in which Lincoln was born was carted to the Davenport farm, a mile and a half nearer Hodgenville. The Davenports used it as a spring house. But the owner gave it to Mr. Dennett and it was placed on its original site in 1895.

Mr. Dennett's religious proclivities led him to turn over the farm to the Rev. J. W. Bingham, a Methodist evangelist from Florida, whose purpose it was to make the farm a place for summer camp meetings. He was dissuaded from doing this but took the old cabin to pieces, and getting it up again, exhibited it all over the country to get the money to carry on his evangelistic work. It was finally put away in a storage warehouse in Long Island City, N. Y.

During this time no steps were taken to turn the farm into a park. For a while this project was forgotten but several years later a bill was introduced into the Legislature of Kentucky authorizing the purchase of the property by the State, but it failed of passage. Then the Dennett estate became involved in litigation and finally the property was put up for sale at public auction and it was bought by Robert J. Collier for \$36,500.

Mr. Collier then formed the Lincoln Farm Association and on Lincoln's Birthday two years ago he deeded the farm to it. The association sent at once to interview old settlers and take depositions concerning the real birthplace of Lincoln, because a number of uninformed persons had declared that the Martyr President had first seen the light in Eastern Kentucky, near Bersa College. The deposition established the fact that Lincoln was born on the spot now marked by the Memorial Building which is to be dedicated tomorrow.

Soon after this it was learned that the old log cabin was about to be purchased by a Long Island showman and Mr. Collier immediately bought it and turned it over to the association. The trustees at once decided to send the logs back to Kentucky and restore the cabin on its original site. The Pennsylvania Railroad gave a special train for the transportation and a large store in New York decorated the cars. Governor Beckham, of Kentucky, sent a detachment of the State troops to escort the old logs back "home."

Soon after the cabin had been set up again on the original site the association called for a competition of architect plans for the memorial building and approaches. The competition was won by John Russell Pope, of New York.

The dedication exercises tomorrow are in charge of a committee appointed by Governor Wilson, of which Col-

Mrs. L. B. Hardesty returned Monday night from Kansas City, where she attended the two weeks session of the eighth biennial convention of the grand lodge of the Ladies Auxiliary of the Brotherhood of Railway Trainmen. She will make a report of the meeting at the next regular meeting of the auxiliary here. The next meeting of the grand lodge will be held at Chattanooga, Tenn.

The Art Literature Club met yesterday afternoon at the home of Miss Emma Childers, but on account of the interest in the revival meeting and the accompanying prayer meetings the attendance was small and no attempt was made to carry out of the regular program. This was postponed until the meeting next Tuesday with Mrs. C. W. Bean on Eighth street, when there will be a double program.

Mrs. E. N. Coates was hostess to the Tuesday Bridge Club at her home on Eighth street yesterday afternoon. There were four tables of players and the play was interesting and spirited. The club prize, a pretty original fire screen went to Mrs. A. E. Myles and the guest prize, a Harrison painting was given to Mrs. M. A. Marcus. During the play hot clam bouillon was served at the table and at the conclusion a delicious baked turkey and oyster dressing luncheon was served. The guests were: Mrs. Everett Jones, Mrs. A. E. Myles, Mrs. N. Sherman, Mrs. J. O. Smith, Mrs. O. P. Marchman, Mrs. M. W. Walker, Mrs. C. F. Candidate Initiated by Elks. At a regular meeting of the Elks Lodge last evening the following candidates were initiated: W. C. Gibson, H. W. Gaston, W. P. Lacey, R. H. Cook, F. D. Woodruff, W. J. Sheldon, G. C. Cobb and G. C. Woodruff. The lodge was well attended by all the local members, who enjoyed the social features as well as the official work. After the routine business of

the lodge, the members and visitors enjoyed a delicious lunch.

A. L. Shuman, exalted ruler, of the Fort Worth Lodge, was present and made an eloquent address.

Tim Murphy. Tim Murphy and his excellent company played to a comfortably filled house last night in the comedy entitled "The New Code."

Mr. Murphy in the leading character of Judge Barmlee, was all that could be expected of a kind-hearted old gentleman who desired to see everybody happy, but found a difficult task combating the ultra views of Mrs. Aubrey Powell, who neglected her home to support the cause of prohibition and all the ultra religious and civic clubs. Miss Dorothy Sherrod played the leading part of the favorite daughter of the house and was in continuous rebellion against the extreme views of her mother, Judge Barmlee's wife.

The son of the family is a black sheep and causes no end of trouble and anxiety to his step-father, the good old Judge Barmlee and his mother. Altogether Mr. Murphy's "New Code" is a comedy pure and simple to read aim is to create laughter, not to unravel domestic tangles—and because it unintentionally and good humoredly does both, does not detract from its pleasure or entertainment. Those who attended last night's performance were well pleased.

Eastern Star Installed Officers.

The newly organized chapter of the Eastern Star met in the Masonic Hall over the First National Bank last night to install their officers elect.

A delegation of the Iowa Parliament was present to perform the installation work. Everything was conducted in the most approved, up-to-date ritual service, followed by an excellent lunch of sandwiches, hot coffee, fruit and cakes. During which the lodge and visitors enjoyed a delightful social time.

The following officers were installed:

Miss Carrie Curry—Worthy Matron. V. E. Stappell—Worthy Patron. Mrs. Alice Cockrell—Secretary. L. C. Hinkley—Treasurer. Mrs. Neeta Smith—Conductress. Mrs. May Stappell—Associate Conductress.

Mrs. Annie Davis—Chaplain. Frank Collier—Warden. Gordon Byran—Sentinel. Mrs. Annie Courtney—Organist.

The five points of the Star are represented by

Mrs. Dorsey Collier—Ada. Miss Clara McCarty—Ruth. Mrs. Amelia Merideth—Esther. Mrs. Alice Gardner—Martha. Mrs. Mertie Ashmore—Electra. The visitors from Iowa Park were Mrs. Leesa, Miss Beulah Cobb, Miss Judan, Mrs. Stark, Mrs. Tanne, Mrs. Cobb, Mrs. Barregeff, Mrs. Blankhead, Mrs. Nailor, Mr. and Mrs. Hodger and Mr. McCluskey.

The chapter starts off in a promising condition and will no doubt be a large auxiliary to the Masonic lodge.

Some Good Candies.

CHOCOLATE CREAM DROPS

These are made or molded into shape, with the fingers, from the uncooked "French Cream," similar to that which is cooked. After forming into little balls or cones place on oiled paper for several hours to harden. Then melt a half a cake of black chocolate and gently drop the balls of cream in and turn over when thoroughly covered, take them out carefully and let dry.

MAPLE SUGAR CREAMS.

Grate fine maple sugar and mix in quantity to suit the taste, with "French Cream." Make any shape desired. Walnut creams are sometimes made with maple sugar and are very fine.

STICK CANDY.

One pound of granulated sugar one cupful of water, a quarter of a cupful of vinegar, half a teaspoonful of cream of tartar, one small tablespoonful of glycerine; boil without stirring for about twenty minutes or half hour, or until crisp when dropped in water. Just before pouring in on greased platter to cook add a half teaspoonful of soda, which partly cooled pour over the top two teaspoonful of flavoring and pull it until very white. Draw it into sticks the size you wish and cut off with shears into sticks or kiss-shaped drops. It may be tinted if desired any color by using the fruit coloring.

### MORE PLAYS BOOKED BY MARLOW & STONE

Marlow and Stone received a telegram yesterday afternoon from the headquarters of the American Theatrical Exchange in New York, stating that contracts for the appearance here of five large companies, negotiations for which have been going on for some time, had been forwarded to them, and that, upon the guarantee in several cases of a sufficient sum of money, later for these shows would be given. A telegram was immediately dispatched to New York, saying that the contracts would be accepted, and the following shows have been added to the season's bookings at the Wichita theatre, all of which will appear here in the dates below:

- "The Traveling Salesman," a musical comedy, December 22.
- "The Clansman," by Thomas Dixon, December 25.
- "The White Sister," Jan. 3, 1912.
- "The Kent Company," January 1.
- "The Heart Breakers," a musical comedy, February 2.

All of these companies are said to be large ones, and the theatre goers of this city will have an opportunity to judge of their merits for themselves, as all have been booked.

Wichita Falls, Texas, November 8, 1911

Morris Shepperd has announced that he will support Judge Ramsey for governor. It is now in order for Judge Ramsey to say who he will support for senator.

The result of yesterday's election could have been better for the Democrats had New York, New Jersey and Maryland done their duty, but with the strong Democratic sentiment that prevailed in Ohio, Massachusetts, Kentucky and New Mexico, the party has more than held its own, and the chances for the election of a Democratic president, which were very bright before yesterday's election, are brighter today.

Fort Worth is to get a million dollar oil refinery. This good fortune to Ft. Worth is attributable largely to the development of the Electra oil field. That refinery should have been located at Wichita Falls, but it is not too late yet to secure one equally as large. A year from today, at the rapid rate the oil field is being developed, the chances are that it will require a half dozen or more million dollar refineries to handle the oil produced in Wichita county, and in that event Wichita Falls should be able to land at least one of them.

## Our Cotton Money.

Our cotton crop last year sold for approximately \$220,000,000 and many of our citizens are under the impression that this money is available for building railroads, factories, opening mines, etc. It is true we exchange our cotton for gold, but while producing the cotton, we consume all our cereals and ship in \$75,000,000 worth of feed stuff from other states. The Texas Grain Dealer's Association conducted, especially for this article, an exhaustive investigation into our cereal consumption. The production column is taken from the Federal Agricultural Department reports and the figures in the consumed column were furnished by the Grain Dealer's Association:

Table with 3 columns: Grain, Pro. Bu., Cons. Bu. Corn: 181,280,000 / 250,000,000 Wheat: 18,780,000 / 25,000,000 Oats: 21,325,000 / 25,000,000 Hay-Tons: 711,000 / 3,000,000

The average price of corn is sixty-five cents; wheat one dollar; oats forty-six cents and hay twelve dollars. When these extensions are made to the figures in the consumption column, we find our cotton crop has entirely disappeared. Of course all these products are not consumed on the farms as our cities are composed of exclusive consumers but, as a whole, we are an agricultural state and in its last analysis, the banker and the merchant is as much a farm laborer as the hired hand that follows the plow and to get our net gain, we must deduct total consumption from total production. The money to develop Texas cannot be found by searching our cotton fields. We must get it from other sources and our principal supply must come from outside the State.

## Experimental Farms.

One of the wisest laws enacted by the 32nd, or any other legislature, was the one which authorized the Commissioner's Court of any county to make an appropriation of not to exceed a thousand dollars per annum to be used in farm experiment and demonstration work. The Commissioner's Court can make no better investment than to appropriate the entire sum and place it in the hands of a competent demonstrator. A number of our commissioners have joined hands with the Federal Government, thereby securing expert supervision without cost.

## Taft's Vote Lost.

Cincinnati, O., Nov. 8.—Despite the announcement that George B. Cox had retired from the local political arena, and that President William Taft put his sign of approval upon the local Republican municipal ticket, Henry T. Hunt, Democratic nominee for mayor of Cincinnati, was elected today by a majority estimated between 5,000 and 6,000. Early returns also indicate that Hunt, while leading his ticket, has exercised strength enough to carry his entire ticket to victory with him. The Blaine club, Cincinnati's leading Republican organization, conceded a Democratic victory for the majority candidate early last night, but hoped to save the remainder of the ticket. The hopes of the Republicans were raised to a high pitch on Saturday last when President Taft announced his intention of voting the straight Republican ticket, and he issued a statement that conditions in Cincinnati had changed since his Akron speech six years ago, in which he assailed the "machine" rule of Cincinnati. Some months ago the Republican leader, George B. Cox, announced his retirement and the President's attitude was credited to this.

## Pleasant Valley.

It rained Saturday night and Sunday which will help the wheat considerably.

Mr. Rogers and family entertained a large number of the young folks Halloween night with a Halloween party. Among those who enjoyed the occasion were Misses Mabel Denton, Lillie Peterson, Edna Smith, Arlene and Bessie Bridwell, Joda Lacy, Susie and Mae Quinly, Emma Humphries, Pearl Conwill, Ruth and Rexa Hollingsworth, Mrs. Quinly and Mrs. Burks. Messrs. Kiel, Hollingsworth, Jake Humphries, Holmes, Sanford, Willie and Theodore Ferguson, Chas. Burks, Jacy Lacy, Peterson, Conwill and Chalmers Humphries. Everybody had a most enjoyable time.

Mr. Humphries moved to Jonesdale last week. The community is sorry indeed, to lose this highly esteemed family, and wish them much happiness and prosperity in their new home.

The cotton will soon be picked in this community if the weather permits.

No Sunday school was held last Sunday on account of the rain.

Mrs. Conwill spent Friday evening with Mrs. Quinly.

Born—To Mr. and Mrs. Denton, Friday a fine girl. Mother and babe doing well.

## Telephone Franchise.

Denison, Texas, Nov. 8.—Denison will vote on the proposed franchise for the Southwestern Telegraph & Telephone Company December 2. The date was fixed by the city commission last night. The terms have already been agreed to by the company and the voters will undoubtedly endorse the grant because it is unusually liberal. Probably no other city of Denison's size in the state has so many excellent features as the proposed franchise contains. It provides for placing the wires under ground at the rate of 5,000 feet a year and the removal of poles from the streets to alleys at the rate of one mile per year. The company is also compelled to provide places in conduits and on poles for a fire alarm system for the city and all fees are to be regulated by the city. The company is to pay \$500 a year for the franchise and to give a \$5,000 bond for the faithful performance of all provisions of the grant.

# Extraordinary Offering IN New Fall Suits

OUR buyer this season was carried away with the great number and beauty of the styles in Ladies' and Misses' Dresses and Evening Gowns, and bought more than he should have. He picked out some of the richest and best styles of the entire offering. Like the little boy whose eyes were bigger than his stomach, he bit off more than he could chew, and the only way we can sell them is to cut the price. This we are doing right now, even if it is in the beginning of the season—cut the price 20 per cent, and for this week offer them to you at these remarkably low prices. This includes our entire line of both street and evening gowns and to get the best selection you should come as early as possible.

SANTA CLAUS WILL GET MAIL

Fort Worth, Tex., Nov. 7.—This notice to postmasters is published in the Postoffice Daily Bulletin: "Postmasters are authorized to deliver all letters arriving at their respective postoffices between Dec. 15, 1911, and Jan. 1, 1912, inclusive, which are addressed plainly and unmistakably to 'Santa Claus' without any other terms of expressions identifying the person for whom such letters are intended, to responsible institutions or individuals in the town or city of address who may desire to use them exclusively for philanthropic purposes. In the event that these letters are requested by more than one such institution or individual the postmaster shall distribute them in such proportion as he may deem proper."

Notice is also given that arms may now be sent to Costa Rica by parcel post.

A new special registry stamp has been prepared by order of the Postmaster General, to be used in the payment of registry fees, foreign or domestic, though ordinary stamps may still be used for the prepayment of registry fees where the special stamps are not available. The description of the stamp follows: "The new registry stamp is a rectangle on end, the size of the design being approximately three-fourths by seven-eighths inch, and the color light blue. The design shows an eagle with extended wings, perched upon a rock within a circle in a panel of plain lines. Above the circle and following its curve the words 'United States Registry' appears in two lines, and in the two lower corners the denomination, '10,' appears within small circles, with the word 'cents' between."

LEADERS HOPEFUL FOR GREAT REVIVAL

God knows but none of His servants who are in close touch with all the details of the matter would presume to say just what may happen in the next few days. Peculiar conditions exist which make certain knowledge of many things connected with the present revival campaign impossible. In all the chaos of uncertainty there are two facts that stand out in bold relief as being eternal verities; God is anxious to pour out a great spiritual blessing on Wichita Falls and it can only be brought about through the concerted, faithful and self-sacrificing effort of all the Christians in the city.

The leaders are hopeful. There are hundreds of hearts burdened with the souls of the lost of the city and much earnest prayerful, effectual work is being done, but Evangelist Ham insists that there are some "Achanes in the camp," some professed Christians who must make an open confession of their wayward lives before God can greatly bless the city.

probable that the legislature will be controlled by the Democrats. The constitutional amendment for the disfranchisement of the negro appears decisively defeated.

Wilson Jarred

Trenton, N. J., Nov. 8.—Returns at midnight last night indicated that the Republicans will control both branches of the next legislature. The election is significant in the defeat of a number of men whose election was specifically advocated by Governor Woodrow Wilson on the tour he made of the state during the last few weeks. The senate will stand 11 Republicans to 10 Democrats.

The assembly will be made up of approximately 38 Republicans to 22 Democrats.

Kansas City, Nov. 8.—Chanute and Manhattan, Kansas, adopted the commission form of government yesterday.

ALIENS IN HOLY CITIES

The rumor that behind Italy's seizure of Tripoli is a plan to retake Jerusalem and the Holy Land from the "infidel" has its fascinations, however little credit it may receive. One is thrilled by the revival of the stories of the crusades and stirred by recollections of the pictures of Christian knights and Moslem warriors such as Saladin, which Walter Scott has painted for us in such brilliant colors. But attention is also drawn to present-day conditions. The whole report seems to be built on the theory that Jerusalem is to be retaken by the Christians. But, after all, will this be entirely satisfactory to all the Christians? Many regard Rome and the Vatican as the center of Christendom. Certainly the Russians do not so regard it, for the Little Father is to them—the head of the "true Catholic Church"—the Greek church. And there are the great Armenian and the Coptic and other Christian churches. True, the Roman Catholic numerically is the strongest, but it is no stronger in the Holy Land than the Greek church and the Armenian church is also of considerable strength there.

The conditions in the Holy Land are peculiar. The church of the Holy Sepulcher, for example, is divided into many small possessions, each jealously guarded. Fanaticism runs riotous bloodshed if even the edge of the broom of Latin monk or priest for instance, goes over the border line on a Coptic pavement, and one of the causes of the Crimean war, it is often said, though on somewhat hazy authority, was a leak in the roof of the church. Both the Greek and the Latin asserted his sole right to repair it. The terrible slaughter of Christians by Christians that have repeatedly occurred on the occasion of the holy fire and Easter have revealed the height to which this fanaticism runs. The same condition is found in the church and grotto of the nativity at Bethlehem, and at both places one realizes the necessity of the Moslem soldiers who stand even in front of the traditional sepulcher and in the cave where the Prince of Peace was born, to keep Christian from falling on Christian and tearing him limb from limb. It is, indeed, one of the grim things about Jerusalem and the Christian cities.

Suppose Italy should take the Holy Land! It would be in behalf of the Latin church—the Vatican. Would the other Christian churches be joyous over such occupation? It can be depended on that they would not and the threat of the supremacy of the Latin church of itself would probably bring on such an uproar in Jerusalem and Bethlehem as to blot out of memory the Adams and other atrocities of Asia Minor. Behind the rival churches stand governments to become involved, and this especially is the case with the Greek church. We are inclined to look on the Moslem as the fanatic (but it is indeed, doubtful if fanaticism at Mecca is to be compared with that at Jerusalem).

It is interesting to recall that there is only one holy city that has always been held by its own religionists. That is Mecca, and even in its case Mohammed had to flee to Medina for a time. Jerusalem has been held by the Mohammedans most of the time for many centuries. Buddh-Gaya, the

holy city of the Buddhists—the place where Prince Gautama underwent the great contemplation and became Buddha or "the enlightened"—is owned by the Hindoos. On the other hand Benares, the holy city of the Hindoos, is held by the Christians, and before they came it was held by the Mohammedans, whose moque minarets even yet tower above Hindoo temples along the sacred Ganges. Amritsar, the holy city of the Sikhs, has been held by the Mohammedans and is now under Christian government. The oasis have even been driven out of the land of Zoroaster by the Mohammedans. The birth places of Confucius and Mencius are, it is true, held even by their descendants, but they are hardly "holy cities," and the same might be said of the sacred shrines of the ancestors of Japan, at Yamada. All these however, and also the sacred city of Laotse, father of Taoism, are under the influence of Buddhism. It would, therefore, be most unusual for Christianity to be in control of its greatest shrine.

The large numbers of ducks of all varieties which were reported to be in this country following the recent cold weather, seem to have left for parts known, as several hunting parties which have returned to the city during the last few days, report that they are unable to locate any of the birds.

### ABOUT THE NEW DICTATOR OF CHINA

Yuan Shih a Man of Power

Yuan Shih Kai, the military dictator of China today, has come back into the life of the nation as suddenly as he went out of it early in 1909. Then, all in a day without warning, his life was in the hands of the Manchu government. Now, that he may save the life of the Manchu government, that costs him out, its leaders have summoned him back to power at his own terms and his own conditions.

Early in the afternoon of the first Saturday in January two years ago a harmless looking edict appeared in the court Gazette expressing solicitation because Grand Councillor Yuan Shih Kai was troubled with a painful leg.

"Let the grand councillor return to his home to rest until his leg shall be fully recovered, thus manifesting our clemency toward him," it concluded.

Yuan Shih Kai knew what it meant and he feared for his life. He did not know whether he could get out of Peking alive. The publication of the edict was the first intimation that he had of trouble. Immediately his sorrows rushed to the American legation to seek sanctuary for his father. It was a critical time.

The commandant of the American legation guard was called into the legation chancery. It was not many minutes later that the small double company of 150 marines was assembled in the magazine, built inside the great Tartar city wall. It was opened in the whole guard. Sharply awakened out of the peaceful rut of Peking soldier life, the men were astounded. Something was up. And the worst went round the barracks that the boxes were really loose again, in spite of the omnipresent barrack room wolf cry.

The commissary sergeant went out in a hurry call and laid in a supply of beef and provisions against a possible siege. Liberty was stopped and a sergeant was sent to gather in the men out in the town. The sentries posted at the legation street gate, the minister's compound gate and the gate were instructed to abandon orders to keep out Chinese huckster and tradesmen without a pass. They were to admit immediately any Chinese of whatever appearance that applied to come in. They didn't know why at the time, but it was for Yuan Shih Kai's benefit should he come disguised as a coolie.

Officers were up all that Saturday night and one whose Chinese was excellent and who knew the grand councillor was within easy call of the gate most of the night to meet him should he come. There was the atmosphere of imminent trouble throughout the guard, and a tension that did not let down throughout the night.

But Yuan Shih Kai did not come. One Sunday it became known, that he had been allowed to get away and had left his house in the capital, right under the walls of the imperial city and had gone by train to Tien Tsin. The American guard was restored to liberty, the ammunition collected, and not much more than official Legation street was aware that the grand councillor, the greatest man in the empire had feared that his life was in imminent peril as the result of a tiny edict.

Yuan with his family shortly afterward quietly went off to his farm in Homan, despite the protests to the government of the foreign minister in Peking. Although many in China expected every minute an uprising, Yuan and his friends against the dismissal, the incident was quickly and quietly forgotten, while Yuan in pastoral pursuits watched the plowing of his fields and looked after the running of a model modern school, his chief delight.

But just as Li Hung Chang was cast out and then recalled, kicked into oblivion and then summoned to the rescue by telegram again and again losing here his right to wear the yellow coat, and regaining there the imperial favor to array himself in his ermine scarf, so foreigners in China were convinced that it would not be long before the stupid Manchu government would be in straits and would call back Yuan.

The dismissal was the natural result of the death of the empress dowager, the friend of Yuan, and the rise to power of the present prince regent, Prince Chun. The regent could not forget the injury Yuan had done his brother, the late Emperor Kwang Su, when in 1895 Yuan had refused to go into the plan of the emperor and the reformer Kang Yu Wei to assassinate the empress dowager after inviting her to a military review at Tien Tsin, but had rather warned the dowager of her peril. The empress crushed out the plot, practically imprisoned the emperor in a palace of the Forbidden City and banished and killed the reformers. Memory of this still burned in the minds of the regent and members of his family when they got the supremacy in 1909, and when Yuan was at the height of his power.

Yuan Shih Kai worked up to the place of leading grand councillor of the five members of this body, in which he held a place from 1907 until 1909, by hard plugging and largely

through his success in military organization. He was not a scholar as was Chang-Chih Tung, his leading contemporary. He was not a brilliant student as was Li Hung Chang. The literati looked upon him as a man lacking in learning. His forcefulness and keen judgment of men are his chief abilities.

One of the first places in which he was heard of was as resident commissioner in Korea, when that country maintained its own government but acknowledged the suzerainty of China. His dominating personality told there. It was common talk in Seoul of the way in which he made the Korean emperor understand the supremacy of the Chinese government by refusing to get out of his sedan chair and walking the last few steps to his audience with the emperor. He would ride all the way. They said in Seoul he was an uneducated pig to be so discourteous, but Yuan saw to it that Korea should realize more deeply that China was boss.

After the Chinese-Japanese war Yuan was appointed to the vice presidency of a board with the control of an army corps. He had seen what western drilling and methods had done for Japan and he determined to make it do the same for his corps. It was this corps that was made the pattern and kernel of the new army in 1904.

Yuan was a strict disciplinarian, but was idolized by his men. It was the habit among the soldiers to get new recruits into a card game, letting them first win and then fleeing the life out of them. Yuan said it would have to stop. And stop it did, but some few heads came off in the process. The soldier was the lowest in the scale of Chinese society, volleys of criminals, bad characters, when Yuan took up his organization in Shanghai last spring educated youths of good families were forming themselves into companies of volunteers. Yuan was largely responsible for the fact that inducements were offered to make the army service clean and of high grade. One inducement was increased pay, so that the Chinese soldier now, in relation to the wages of other classes of laboring men, is the highest paid in the world, according to a military attaché in Peking.

The foreigner in China is the great admirer and defender of Yuan Shih Kai. Unlike most Chinese officials who have relied chiefly on concealment and deceit in their relations with the foreigner, Yuan, in his intercourse, is straightforward and Western in method. His word means action, not delay and pocket veto. He has employed foreign advisers and trusted them, used their advice. He saw clearly what the West could teach China and was more than willing to accept it. He was absolutely faithful to the foreigners he employed. Long after he had immediately resigned for a military adviser and after he had gone from the viceroyalty to the grand council he continued to employ a British major in Peking. His ability to override all obstacles, his determination and decisiveness, his extraordinary faculty for getting things done in spite of the maze of Chinese intricate obstruction, are the qualities that most strongly appeal to foreigners who know him.

#### RED.

It's the Red Blood Corpuscles that Proper Food Makes.

An Ohio woman says Grape-Nuts food gave her good red blood and restored the roses of youth to a complexion that had been muddy and sallow. She says:

"For 10 years I had stomach trouble which produced a breaking out on my face. The doctors gave it a long Latin name, but their medicines failed to cure it. Along with this I had frequent headaches, nervousness and usually pain in my stomach after meals.

"I got disgusted with the drugs, stopped them and coffee off short, and quit eating everything but fruit and Grape-Nuts, with Postum for my able beverage.

"The headaches, stomach trouble and nervous weakness disappeared almost like magic, which showed that when the cause was removed and good food and drink used nature was ready to help.

"My blood was purified and my complexion became like a young girl's while my weight was increased from 90 to 120 pounds in a few months—good, solid firm flesh, where it used to be soft and flabby.

"I recommended Grape-Nuts and Postum to one of my friends, who was afflicted as I had been. She followed my advice and in a short time was restored to complete health and in about 8 months her weight increased from 100 to 145 pounds.

"Our doctor, observing the effect of Grape-Nuts and Postum in our cases, declared the other day, that he would hereafter prescribe these food products for gastritis." Name given by Postum Co., Battle Creek, Mich.

### OIL LOTS FOR SALE

in the  
**ELECTRA OIL FIELD**  
\$10.00 EACH

The Powell Oil and Development Company owns in fee simple 211 acres of land situated about three miles south, 42 degrees east from the Electra oil field. This company is putting 87 acres of this land on the market for the purpose of developing holdings. The land is a part of the H. & M. R. Survey of land located in Wichita County, Texas, Survey No. 21, Abstract No. 14. All men of experience consider holdings as being in the heart of the oil bearing territory for the reason that the geological survey made by the government shows that the oil strata run northwest and southeast from the town of Electra. The first strata all encountered is about three and a half miles southeast from our holdings. This 87 acres of land is near enough to the railroad to afford shipping facilities. It is also within one mile of a two hundred acre tract bought by the Powell Oil Company for tankage purposes.

#### OUR PLAN.

There are 6188 oil lots each shown by plat in the county clerk of Wichita County. Each lot contains 600 square feet. The purchaser of each lot is entitled to one share of capital stock of the company, when same is finally organized. When one-half of the lots are sold we will at once begin operations on a deep well to be put down to a depth of 2500 feet, unless oil or gas in paying quantities is found at a less depth, and when well is completed it will be turned over to the stockholders to be managed by a Board of Directors. 100 lots in the center of the field will be reserved for the deep well. The price of these lots is \$10 each in hand.

Contracts for the purchase of these lots can be had from C. W. Souder, cashier of the City National Bank, who has authority to draw up all necessary papers conveying title, etc.

# PLAYS AND ACTORS

Douglas Fairbanks is going into vaudeville. Cecelia Loftis is to make another American vaudeville tour. Marie Dressler is in her third season with "The House of Mirth." Florence Reed is to support Julius Steiner in "The Master of the House." Among the reports of the season is one that "Evangeline" may be revived. Charles Waldron is Viola Allen's leading man with the Southern-Marlowe company. Sarah Bernhardt will follow the present fashion of French artists and pose for moving pictures. Francis Wilson has placed in rehearsal his new comedy, "The Spiritist," which will be produced on Nov. 20. Ida Conquest was married the other day to the son of Admiral Bertelli of the Italian navy, and will retire from the stage.

A special benefit performance is to be given in New York of "The Drones" a play by Douglas J. Wood and Guy R. Bolton. Charles A. Gay is one of the actors engaged to appear with May Irwin in her comedy, "Mrs. Tompkins," by Agnes L. Crampton. Word has come, according to report from Canada, to managers of moving picture films that no American films are to be shown. A French play called "Through the Wall" will be tried out in Los Angeles and, if found satisfactory, will be used by James K. Hackett. Marguerite Clark and Walter Jones are being featured, this season in Wm. A. Brady's production of Margaret Baye's comedy "Baby Mine." Among the most recent productions in New York was "Mrs. Avery," by Gretchen Dale and Howard Eastbrook, both of whom appeared in the cast.

Fred Niblo, Jr., aged nine, has joined his parents, Fred Niblo and Josephine Cohan Niblo, are co-starring. Eugene Walter has written a play dealing with the Black Hand in this country, and called "The Assassin," which David Belasco will produce after the holidays. Margaret Hillington will begin her season in "Kindling," in Providence, about the middle of this month. Helen Tracy will be a member of the supporting company. Frederick Thompson is going to produce a sequel to "Poly of the Circus" in a dramatization of "The Circuit Rider's Wife," by Cora Harris. The heroine will be Polly married to the clergyman who is a circuit rider.

## State Game Commissioner Intends to Enforce the Law

The following communication from State Game Commissioner Sterrett was published in the Houston Post yesterday:

Within the past few days some excitement has been created in Houston among sportsmen and the sporting goods establishment at the activity of the game, fish and oyster department in endeavoring to enforce the same laws of the State. In your issue of yesterday, your local column comment on the effect of such activity in the light of which, it is pleasing to the reader, but which, in truth, is he veiled sarcasm which is intended to bring contempt. This is not written in any criticism of such article or it is meant as a reply. That the sport to enforce the law has been artistically portrayed as failure forced his indignation on your columns as something demanded, that the public may be advised of this department's position and intention.

The game and fish laws of the State have never been vigorously enforced. The reason has been simply that there has been no deep interest taken by the public in their enforcement as now; that there has never been the means in the department to enforce them even if the public desire that way; that game, and fish laws have always been considered in Texas as in other new countries or counties where game laws are new on the statute books, as the property of any individual who could kill or catch them and finally that this God given right to catch and kill was a natural right.

Very naturally, therefore, when his department began to enforce the law as it is written an excitement would result. The law is a liberal law—far more liberal than the law in nine in ten States of the Union. The license tax is required only from those hunting beyond the limits of their counties and the counties adjoining them. The number of birds permitted to be killed, or the "bags" in the language of the hunters, is very large. The open seasons are long enough to satisfy any reasonable sporting man. The non-observance of the laws has resulted in a shocking destruction of the game. The prairie hickens, which covered our prairies well high gone. The deer have been driven into almost inaccessible places. The turkey is a thing of the past, so scarce is this magnificent bird. The quail was following fast along the road to disappearance when a healthy public opinion threw itself forward to defend its life. Around Houston and up to within the past few years there was not a finer field for small game. Such a field was rapidly entered not only by the poon and the rich man for the day's sport, but by the market hunter, who mowed down all things met, and then sent them away for sale. This market hunting, of all the forces of destruction of our game, was the worst. Those engaged in it were moved wholly by mercenary motives and mercenary motives spare not man or beast. The animals of the forest and the birds of the fields. In the market hunter there was never the tinge of the sportsman's soul. His aim was never a satisfaction of the desire for excitement—with him it was kill, kill, kill because there was a market for all he destroyed. The lawmakers of our State appreciate the fact that if the game was to be preserved the market hunter must be put out of business and the only way to do it was to refuse him transportation to the markets. In doing this they knew, perhaps, they would interfere with the real and law observing hunter here and there, but to protect the latter against the former heroic measures were necessary. They passed a law requiring all transportation lines to demand of every shipper of game and of every man who carried game on the trains if he carried an affidavit that he killed such game himself and that he had observed the law in the amount or number that he had killed. That law shouldered on the railroads and express companies and their agents the responsibilities of seeing that this affidavit was observed. Where was or what is the wrong in the law? The only objection I have heard to it is the inconvenience of it to home hunters or sportsmen. When the season opened the game, fish and oyster department determined to enforce it, as it has determined to enforce every game and fish law as far as the men and abilities of the men of the department can do it. There was no selection of Houston as a lawless neighborhood, but Houston is the center of the finest game field in this country and is the place where the law should be enforced and the game protected.

There is no complaint, that I know of, against the enforcement of the law except to the provision that hunters carrying their game in a train shall make affidavit that they killed it. That it is their "bag" and that they have observed the law. When the attention of the railroad officials was called to it by issuing orders to their conductors, requiring of them a compliance with the statute. In the orders, as I saw them, conductors were told to admit no man in the train with game unless he had made and carried with him the affidavit required by law. Such quick response from the lines of transportation argues magnificently for the upbuilding and conservation of our magnificent game resources or wealth. I may truly call it. Blank affidavit, sworn to before even a gun is fired are preposterous, and efforts at concealment, bluffing and all that, will be without avail. I am merely an executive officer with no power to repeal, modify or change the laws. I have sworn to enforce them and no honest or intelligent man would ask me to do otherwise. If any conductor or express agent fails to demand the affidavit mentioned, and is discovered I will prosecute him and his company till every dollar the department has is expended thereby, and very physical force available by such department is exhausted. Nothing I have said is in distemper. Nothing is uttered in feeling. My duty is plain to me, and that is to enforce the law, and I shall do it in and around Houston and every part of the State to the best of my abilities and powers.

W. G. STERRETT.

### MORE EVIDENCE

It is Coming in Rapidly in Wichita Falls. Evidence on the following subject will prove of interest to every Wichita Falls reader. So many people go through the same experience daily. This public statement should be profitable to every wavering doubter. Read it carefully. Mrs. C. E. Ruby, 1301 Scott avenue, Wichita Falls, Texas, says: "When I began using Doan's Kidney Pills, I was suffering severely from kidney complaint and I had been afflicted with the trouble for three years. Nothing had ever helped me and I was almost discouraged. The kidney secretions caused me a great deal of annoyance and my back ached intensely. Sometimes I was so lame and sore that I could not do my work that obliged me to stoop and I also had dizzy spells and headaches. Doan's Kidney Pills were recommended to me by a friend and deciding to try them, I got a supply from the Wichita Drug House. I have used two boxes so far and have improved wonderfully. I can now do all my work without causing an attack of pain and I feel better than I have for a long time." (State ment given June 1908).

### A Second Endorsement.

Mrs. Ruby was interviewed on December 8, 1910, and she said: "I still think a great deal of Doan's Kidney Pills and I am willing to confirm my former endorsement of them. Since I used this remedy, I have not had any serious trouble from my kidneys." For sale by all dealers. Price 50 cents. Foster-McBirn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

The Freear-Brin Company has sold to Dr. R. W. Miller and wife of Santa Barbara, Calif., who are engaged in the development of the oil resources of Archer county a bill of furniture amounting to about five hundred dollars which they have shipped to the Miller home at Santa Barbara. The bill included a mahogany buffet, a mahogany china cabinet, mahogany extension table, and mahogany chairs. In purchasing this furniture Mrs. Miller told Dr. Miller that the same furniture in San Francisco would have cost them at least two hundred dollars more than was paid here.

For the last several weeks the management of the Wichita Theatre has been making an effort to secure the attractions of "Ben Hur" and "The Chocolate Soldier" for this city, but a telegram was received today by J. W. Stone, booking agent, from the offices of the American Theatrical Exchange, in New York, saying that neither of these attractions would make a trip to the State of Texas during the present season, and it would therefore be impossible to secure either of them for the Wichita Theatre here. However, it was stated that "Ben Hur" would make a tour of the Southern States next season and it is quite probable that if it is at all practicable the management will book this play for next year.

Messrs. J. A. Richolt and H. C. Karrenbrock boarded the southbound Denver train for Fort at 2:30 p. m.

OBJECT TO GIDEON BIBLES Traveling Men's Organization Will not Be Allowed to Put Bibles in Some Boston Inns.

Boston, Mass., Nov. 8.—Three of Boston's swell hotels have refused to allow the Gideons, an organization of traveling men, to place Bibles in their rooms. While no reason was assigned for the refusal, it is believed to be because of the fact that the hotels in question cater to wealthy patrons and do not admit traveling men.

OUR CANDIES WILL PLEASE HER

Of all the attractions you can show or the presents you can buy, nothing is more appreciated than a box of nice candy now and then. OUR CANDIES TASTE GOOD AND ARE IN GOOD TASTE. This is about all the argument needed for the young fellow, but remember this. After she is yours such things are appreciated even more than before. She knows that you think more of her, of course, but still she likes to be told and she likes to be shown even better. Naturally she cannot tell you this, but try her just once with a box of our candy and see how much it means. Why not?

SOME DIFFERENCE

There is some difference between the flavor of a Ben Davis and a Jonathan or Spitzenburg. There is a difference between a blend of the fine mild growths of coffee and a No. 7 Rio. Some difference between skim milk and rich Cream--Same thing in Cranberries. Our Fancy Cultivated Jumbo Cranberries make as great a contrast when compared to the common wild berry. Just received the first barrel of the season. To those who know them the announcement is sufficient--to others, we say try them. 20c quart.
